

Starting With One Million Luck Points

Chapter 851 - New member added

Chapter 851: New member added

The seemingly weak palm contained a power that made people feel despair. Haffleydi instantly felt like he was being stared at by a ferocious beast, and the power behind him was endless. He couldn't even turn his head to take a look! The only thing he could do was to block this palm with his heavy injuries. The shock in his heart was overwhelming. All this while, no one had been faster than their clansmen. Previously, there was Zhou Hao, and now there was Ji yaoyue. No wonder a newcomer like her was so arrogant. "You're looking for death!" The other mercenaries saw that the palm was about to land on Haverladi. They attacked quickly, trying to force Ji yaoyue to withdraw her palm. They were much weaker than Ji yaoyue. Besides, he had only run away to deliver the medicine back quickly. Now that he had nothing to worry about, even if he was seriously injured, he would not easily let the person in front of him off. It was because of the harpers that Zhou Hao had to fight one battle after another, and now he was lying in bed unconscious. To Ji yaoyue, all the mercenaries in the base were their enemies, and she had never shown mercy to her enemies. "Stop!" The mercenaries at the back couldn't help but close their eyes. Not only did Ji yaoyue not stop, she even sped up, giving off the feeling that she had gone mad. "She's really a crazy woman," "Bang!" As soon as he finished speaking, he heard the sound of a heavy object falling on the ground. He widened his eyes and looked at Alfredi, who had fallen more than ten meters before he stopped. The sound was so loud that they felt pain all over their bodies. "Puchi!" Haffledi spat out a mouthful of blood. His aura was much weaker, and his face was abnormally pale. He could only exhale, but not breathe. This was only possible because of his severe injuries! What the mercenaries didn't know was that Ji yaoyue's palm contained an endless power of fire. The moment they came into contact with each other, the flames burned his internal organs and meridians without restraint. As long as he could control the essence of fire, he wouldn't need to have flames appear all the time. It seemed that these mercenaries had only been hit by a weak palm from a woman, but only the people involved knew how powerful that palm was. "Brother di, how are you?" "Don't scare me. This woman is too cruel!" A mercenary quickly ran over and helped him up, wanting to see how serious his injury was. Only then did he realize that his meridians had suffered different injuries, and even his internal organs had suffered different light injuries. Just how powerful must one be to be able to do this? They could clearly see that Ji yaoyue was much weaker than Haffledi. "Everyone, attack together! Don't give these women any chance to breathe!" The mercenaries' eyes turned red. They had suffered losses at the hands of Ji yaoyue time and time again, which made them feel very embarrassed. Most importantly, she had injured her to this extent right under their eyes. Before coming here, he had only wanted to humiliate Ji yaoyue, this woman who didn't know her place. He didn't expect that not only did he fail to humiliate the other party, but he was also seriously injured. "Tsk! Tsk! Tsk! The

Harvard family is really Grand, to actually gang up on a beauty!" A slovenly looking young man led a group of mercenaries and walked over from not far away. At first glance, one could tell that he was not a decent person. He had the same blonde hair and green eyes as these people. His skin was fairer and he was tall. However, the expression in his eyes and the way he walked destroyed his image. At a glance, it was obvious that the second generation of the big families had been sent here to temper themselves. Those who could enter here had a certain specialty, but he didn't look very good. His strength was above Ji yaoyue's! The people here couldn't easily look down on each other. They might be existences you couldn't afford to offend. "What does it have to do with you? do you think I don't know what your Helen family is planning?" "You want to take advantage of him? aren't you afraid that our young master will embarrass you?" It was obvious that haffledi knew the background of the other party, and he could tell that the two families had always been at odds with each other. Ji yaoyue secretly heaved a sigh of relief! As long as it wasn't his teammates, the enemy of his enemy was his friend. He would only take things one step at a time after dealing with these people. "The Beauty's business is my business. Don't you know that I have an affinity with every beautiful woman?" The sloppy young man even had a roguish smile on his face. Indeed, he had been stunned by Ji yaoyue's beauty at first sight. He also knew why the Harvard family would go against Ji yaoyue. Only that brainless piece of trash would do such a thing. If he wanted to hug a beauty, he had to have a certain method! No matter what the other party's goal was, Ji yaoyue just stood aside and watched calmly. This dog-eat-dog fight was a great thing for him. He wasn't confident in winning against two groups of people. "Since when did Helen Kai learn to be tender to women?" "Are you tired of playing with your cousin?" Obviously, haffleydi knew other people's secrets. He actually said it out loud in front of so many people, and he didn't even care what the other party thought? Previously, if someone had said something like this, Helen Kai would have felt extremely proud. It was only because his cousin was a famous beauty who was proud to be by his side. For some reason, he did not want to mention that woman in front of Ji yaoyue. It was as if he was afraid that the beauty in front of him would be angry. "Your mouth is really smelly. Are you not convinced that I have a woman?" "The harfelds are getting more and more unruly." Halencan said as he slapped haffledi across the face. Since he had such a foul mouth, he might as well let him go back and wash it up. In front of so many people, he actually exposed the scandal of a big family like theirs. It turned out that the rumor that the young master of the Harvard family had no brain was true. Even the dogs around him were the same. If it was before, halfreddy wouldn't have taken this man seriously. Times had changed! He had just been seriously injured, and his speed was less than half of his previous speed. It was simply a fool's dream to Dodge it easily. The only thing he could do was to take the slap! His eyes were filled with poison, and he wanted nothing more than to tear these people into pieces. The person he hated the most right now was Ji yaoyue. If it wasn't for this B * tch in front of him, he wouldn't have ended up like this. He stood in place, waiting for others to judge him. He could only watch helplessly as the other party's palm landed on his face!

Chapter 852

Chapter 852:-turn around

He closed his eyes in despair and waited for a long time, but the slap did not land on his face. He opened his eyes in confusion and saw a familiar face appear in front of him and grip the hand tightly. "Crack!" He heard the sound of bones breaking. He widened his eyes, not knowing why the young master of the Harvard family would suddenly appear in this place. They had always looked down on harfegan, thinking that he was not qualified to be their big brother! He wasn't loved by his family, and no matter what happened, he always gave way to Harvard. After a long time, he was also looked down upon by the people from the side family. No matter how strong they were, they had to listen to everything that was arranged by Harvard. "How ... How could it be you?" He was shocked. He didn't expect that the one who saved him would be the person he had always looked down on. "You can get lost now. You've disgraced the harfelds." Harfegan didn't give him any face at all. He didn't even feel any comfort when he saw him on the verge of death. He heard this! He was even more annoyed. He had been scolded in front of so many people. No matter what, he was one of the most promising people in the Harvard family. No matter how angry he was, he didn't dare to show it. The hatred in his eyes couldn't be concealed, and he could only lower his head and retreat to the side because Helen Kai was still watching. "How could you possibly appear here?" "Young master Harvey's patience is too good. He doesn't even care that his woman is being taken away by others!" It was obvious that Helen Kai knew everything that had happened between them. Although he was usually frivolous, he didn't make a sound even when his hand was broken. This level of endurance was something that ordinary people could not compare to! One of his hands was still in harfegan's hand, as if nothing had happened. "I'll kill you if you say it again!" The hatred in hafgen's heart almost burst out. Every time he thought of this matter, he couldn't help but have the urge to kill. It had actually been mentioned several times in one day. He had let go of this matter because of Harvard's mention, and he felt like vomiting to death. The blood he had vomited was still in his throat. At this very moment! He was like an angry beast that could bite anyone. He even wanted to take other people's lives! "You~I'm not the only one who knows about this." Herke suddenly felt a little guilty when he saw the angry hafgen. No matter how powerful he was, he was not as powerful as the madman in front of him. Not only was his speed fast, but his strength was also comparable. He had a slight thought of retreating. However, since he was able to come here, it must be because of what happened before. Before he came here, he had heard about The Grudge between the Harvard family and Zhou Hao. He also heard about how Harvey had been beaten half to death by Ji yaoyue. It would be embarrassing if he did not take revenge for this. He could stay and watch a good show! "I'll leave immediately. This matter doesn't have much to do with me!" Helen Kai was a decisive person, and he would immediately carry out the things he had thought of. He had only wanted to come and mock them, but the other party did not give him any face at all, so he had made a

big move. Although there were some conflicts between the families, they had been working together happily. "It seems that this place is really lively. I wonder if the half-dead people from before are any better?" Suddenly, another cold voice was heard. Ji yaoyue couldn't help frowning. She didn't expect all of their enemies to be here. He didn't know if it was because he knew that Zhou Hao and the others were injured, so he came to hit them when they were down. She couldn't help but worry about this matter. "Charlie Kuro, why are you everywhere?" Harfegan looked at the arrival of Charlie Kuro with an ugly expression. He had come here to rope in Zhou Hao. After thinking about it again and again, he felt that the young man was still a promising man. He had to find out why Zhou Hao was so fast. Even he could not compare! The more he thought about it, the more he felt that something was amiss. He had to rope in such a genius by his side, otherwise ... His eyes grew colder and colder. He felt that no one else could interfere in this matter. "Hehe, you're really funny. I'm here to do the same thing as you!" "Besides, who said I can't come here?" Charlie Kuro wouldn't lose to anyone when it came to talking. He knew that these people from the Harvard family had come here for a certain purpose. The two of them were about the same in terms of strength, the only one who was a lot faster than him was harfegan, so he couldn't figure out his whereabouts. If they used all their trump cards, it would be difficult to determine the outcome of the battle. Ji yaoyue only felt a little more at ease when she saw the two of them getting into a fight again. At the very least, he didn't have to deal with two formidable enemies at the same time for the time being. Even the ordinary mercenaries would have a hard time dealing with them. "Of course I'm here to visit my new little brother. You don't know about this, do you?" "Zhou Hao has already joined the camp of my Harve family!" Harfegan told him everything that had happened. He wanted everyone to know in advance that Zhou Hao had already joined him! The corners of his mouth even carried a smug look. "I heard that my little brother directly scared you away. You're really a little timid!" Harfegan's eyes were filled with disdain. It was as if the other party had embarrassed his ancestors by doing such a thing. In fact, he had been scared away by Zhou Hao! It was just that the mercenaries did not dare to say it out loud. "Hehe, how did the Haffer family produce such a shameless person like you?" "Do you need to say who was scared away?" "Your little brother is still lying on the bed, half-dead." Charlie Kuro looked at harfegan with sharp eyes. No matter what his purpose was, he would not let harfegan succeed. He was here to cause destruction! Moreover, he deduced that Zhou Hao had already suffered serious injuries. There were very few people who could take a punch from him, let alone a person who was several levels lower than him. He could also see that Zhou Hao and the other two had unlimited potential. Even if Zhou Hao had offended him before, he could forget about the past and try to pull him into his camp. "That's my little brother!" "Yao Yue, is Ling Tian any better?" He greeted Ji yaoyue as if they were close.

Chapter 853

Chapter 853: An idea

Hafegan said this to Ji yaoyue in a very lively manner, which made Ji yaoyue frown. How could she not see through it with her intelligence? Ji yaoyue had seen through some of the things going on between hafforgan and hafforwend. No man would be able to tolerate his brother snatching away his beloved woman, but this hafforgan had! This was something that Ji yaoyue was wary of! A man who could even tolerate such a thing was either a soft persimmon or nothing. Or ... He was a guy who knew how to hide! Obviously, harfegan belonged to the latter! Charlie Kuro snorted coldly and looked at harfegan with disdain. "Hafgen, do you think they will care about you? It's not like I don't know about the grudges between the two of you. Even if you suck up to them, Zhou Hao and the others won't care about you. " Charlie Kuro was already certain that Ji yaoyue, this little hot pepper, would definitely ignore hafegan. However, it was the exact opposite! Instead, Ji yaoyue smiled and said indifferently, "Young master Harvey, thank you for your concern. They are not seriously injured, so you don't have to worry about them. We still have something to do today. How about we talk another day?" Zhou Hao and Ling Tian were both unconscious, and she didn't know what to do. Should she just reject harfegan? Although this was her personality, in this mercenary training base, there were different forces. If they were alone, they would definitely be bullied. Even though they had a grudge against harfegan, it wasn't to the point where they would fight to the death. He was only doing this for his brother. He was different from Charlie Kuro. Charlie Kuro was the scum! Upon hearing this, Charlie Kuro's eyes widened. This little chili can actually speak in such a gentle manner? Why didn't he explode on the spot and give harfegan a hard slap? This was too unlike her! On the other hand, hafegan looked at Ji yaoyue in surprise, but at the same time, he was very happy! "Although there is a grudge between us, I can tell that this woman doesn't hate me. There's a chance!" "These three people have extraordinary strength. If they can join my force, I'll have a chance to enter the first echelon!" Hafgen couldn't contain his excitement, so he took out a backpack and handed it over. "There's some medicine here. You don't have to refuse. Whether you're willing to join my team or not, I'm willing to give you this medicine." After saying that, hafegan handed the item to Ji yaoyue and left. Ji yaoyue was indeed surprised. However, she was also certain that this hafegan was a righteous person even though he had such a brother. At least, he was more like a human than his younger brother and Charlie Kuro! Charlie Kuro was furious. He thought that harfegan had the same purpose as him, to deal with Zhou Hao and the others. But this guy came to pretend to be a good man! Damn it, just looking at him made her want to vomit! "What's wrong, Charlie Kuro? Are you also here to give medicine? If you are, then give it to me. If not, then please leave. Don't make me ask you to leave. " Ji yaoyue glared at Charlie the ninth, whose face darkened at her words. He snorted resentfully and left with a flick of his sleeves. Seeing that they had all left, Ji yaoyue hurriedly returned to the house and fed the medicine to Zhou Hao and Ling Tian. Not to mention, just after taking it, Zhou Hao and Ling Tian's condition improved a lot. Their breathing became stable, and coupled with the fact that they used their Yuan Qi to heal themselves, it

would probably not take long for them to recover. “This harfegan is really willing to pay a huge price. All these potions add up to three to four thousand points. I can tell that he really wants us to join his team.” Ji yaoyue had already seen how expensive this medicine was when she had exchanged for it earlier. Not long after, Zhou Hao and Ling Tian recovered quite a bit. The two of them slowly woke up, which made Ji yaoyue extremely happy. In the previous few battles, Zhou Hao and Ling Tian had suffered many injuries, but with the medicine from hafgen, they were much better. After Ji yaoyue explained this to Ling Tian and Zhou Hao, the two of them looked at each other and could see the shock in each other’s eyes. “If that’s the case, then this harfegan can be considered a gentleman. Come to think of it, we don’t have any deep grudges with him. It’s all because of his younger brother, harfewold!” Zhou Hao recalled and could not help but say. Ji yaoyue nodded. “The harfegan organization belongs to the second echelon. In the mercenary training camp, apart from missions, everything else requires points. That’s why many groups have appeared to take over some of the good businesses.” “The first one is the second-hand market. It takes up a large portion of the market. Some people who don’t have any points will sell them. In the entire mercenary training camp, only gray wolf, the first team, can open it. Other organizations don’t dare to open it.” Ji yaoyue had done a lot of research and had a good understanding of the training camp. From what she had told him, Zhou Hao found out that there were a total of three ladder teams in the mercenary training camp. There were only three teams similar to the first ladder team. Their boss had long become a real mercenary, but their power had continued to exist. After all, when probationary mercenaries officially became mercenaries, they also needed to join various small mercenary groups. So by doing this, they would leave their own strength in the training camp, which was undoubtedly a new training station for new people to provide them with new blood at any time. The three main groups of the first echelon were the gray wolves, the women’s interstellar Army, and the detonation team. Gray wolves was the richest and the strongest. Their boss was already a Dao realm three star mercenary and had his own mercenary group. As the name suggested, the women’s interstellar Army was an Alliance of women. After all, it was very difficult for women to survive in this mercenary group, especially for beautiful women! As for the demolition team, the fact that this organization was able to work together with the two of them meant that they had their own strengths. The second group was made up of seven or eight organizations, including the hafgen’s group, which was called the Haffer team. The number of people in the third-echelon team was even greater. They often had less than 50 people. They were basically attached to the second-echelon team and were just having a hard time. If you want to live a good life in the training camp, you have to be organized. Otherwise, trouble will come one after another! “What should we do? should we join hafgen’s team?” Ji yaoyue suddenly said. Zhou Hao thought for a while and suddenly had a bold idea! Since they could form an organization, why couldn’t he do the same? Furthermore, Zhou Hao did not believe that he was weaker than them in the training camp! On the contrary, Zhou Hao could sweep away all the three to five star martial Saints!

Chapter 854

Chapter 854: The Silver King sect

Zhou Hao immediately voiced out his thoughts, and his words shocked both Ji yaoyue and Ling Tian! “You ... You’re going to form your own team? This ... Will this work?” Of course, Ji yaoyue was worried that Zhou Hao would be injured because of this. After all, with so many people eyeing them covetously, it would be almost impossible for them to form a team smoothly! “There’s nothing wrong with that. Besides, the three of us are at the top even in this training camp. The fact that harfegan is willing to extend an olive branch to US shows that many of his forces want us to join them!” Zhou Hao’s analysis was right. A person who could defeat the Harvard family with speed and was not weak in combat was considered a talent. Therefore, they all wanted Zhou Hao to join them. However, they naturally wouldn’t take the initiative to come over. As an organization, they had to put on a high pedestal. They wouldn’t bother to invite someone like hafgen. “Then ... Then what do I need to do?” Ji yaoyue took a deep breath and couldn’t help asking. “Recruit, recruit those new people who have just joined the training base and have not joined any organization yet. We will form an organization to ensure everyone’s equality. What do you think?” Zhou Hao’s reason for doing so was simple. He could see the future of the mercenary training base. If he could set up one, there would be a steady stream of new people joining in the future. He urgently needed an organization! “Alright, since that’s the case, let’s get started. I have some experience in this area. I was the one who created the war god Battalion. Oh right, what’s our new organization called?” Ling Tian asked. “Let’s call it ... Silver King!” Zhou Hao thought for a moment and smiled. “Silver King ... Good name. Good, I’ll make the arrangements!” Ling Tian smiled, understanding Zhou Hao’s intentions. On the other hand, Ji yaoyue blinked her beautiful eyes. She was usually too lazy to think about such things. So it was Ling Tian who did it, and all she could do was fight and kill. Ling Tian quickly went to make the arrangements, and a response was quickly formed! Firstly, it was because Zhou Hao and the other two had risen to fame. Secondly, it was because of Ling Tian’s declaration that everyone was equal. Although others might not believe it, they still believed it! Moreover, some people couldn’t enter any team, so they could only join this camp. In just a few days, twenty to thirty people had joined, and they could also register as a new group! As a new group, Zhou Hao naturally had a base of operations. The small, broken house in front of him was simply too small. In the mercenary training base, one could apply for a base, but they also had to pay some extra points. Although it was not a small amount, it was still 10000 points! Zhou Hao only had a little over 100000 points on him, and that was what he had earned with his life on the line. After applying for the base, Zhou Hao and the rest were assigned to a medium-sized fortress. It was spacious enough, but of course, it was incomparable to the second-echelon team’s. “These 10000 points were really worth it.” Seeing such a huge place, Ling Tian and the others were all quite shocked. Their group had also registered, and the Silver King’s Third Echelon organization was instantly made known to all the large organizations. They

were stunned for a moment. As a newcomer, there was actually someone who dared to establish a new organization. This was something that even some of the old trainee mercenaries did not dare to think about! By doing so, Zhou Hao and the others had doubtlessly broken the rules, and at the same time, provoked them! Zhou Hao and the others didn't pay any attention to this. In just a week, the newly established Silver King sect was on the right track. But right now, there were still a few things that needed to be solved! The first problem was the points! The severity of this problem was self-evident! The second was the division of ranks. Zhou Hao, Ji yaoyue, and Ling Tian each had their own duties. Zhou Hao was the strongest and was the sect master of the Silver King sect, while the other two were the Vice sect Masters. However, everything was basically managed by Ling Tian, and Zhou Hao and Ji yaoyue knew nothing about it. "Our Silver King sect has also been established, and everything is on the right track. However, we have too few experts. Apart from you, the rest are all below the third stage of the martial Saint realm. As for the second group, there are at least three sixth stage martial Saints in charge." Ling Tian then explained their situation to Zhou Hao, and he naturally understood this point. "We can't think too much now. The most important thing is to solve the problem of points. Let's do it this way. Let all the people of the Silver King sect take on the task of killing exotic beasts. I'll double the points given by the ranking." "However, you must capture the beast alive. Don't kill it. Leave it to me." Zhou Hao smiled. The problem of points was too easy for him! He had the heavenly Dao software, so as long as he killed exotic beasts, he would be able to obtain luck points. As long as he had luck points, he could open the blind box as he pleased. At that time, he could exchange for some body tempering liquid and sell it. It would definitely be much better than simply accepting missions! "Eh? What do you want to do?" Ling Tian and Ji yaoyue were both stunned, not understanding what was going on. "I have my own plans." Zhou Hao smiled and did not say anything. Although they were comrades who had gone through life and death together, this was also his secret. Soon, the mission was issued. Although the people of the Silver King School did not understand what Zhou Hao was trying to do, they were naturally motivated by the double points. In just a few days, a large number of exotic beasts were brought over. Zhou Hao killed these exotic beasts directly and went to fairy Yue Ling's live stream room to send gifts and open the Platinum blind box at the same time! He casually took out a hundred portions of body tempering liquid and started to sell them. "Zhou Hao, can you really sell this thing?" Ling Tian, Ji yaoyue, and the others were puzzled. "You'll know after using this body tempering liquid." Zhou Hao laughed. Others might not know how precious this body tempering liquid was, but he did. As a body cultivator, it was very useful to him, not to mention others! Ling Tian was a little surprised. After using it with Ji yaoyue, they were both shocked. This body tempering liquid seemed simple, but after absorbing it, they could clearly feel that many impurities were removed from their bodies! This was extremely precious to any martial artist! "Good, good stuff, we'll go sell it now!" Ling Tian immediately said. The gray wolves had a second-hand trading platform. Zhou Hao and the others spent more than a thousand points to buy the right to use a stall for a year. Of course, in addition to the 1000 points, there was a management fee of 1000 points every month. Although it was very expensive, Zhou Hao and the others accepted it. If they did not trade on gray Wolf's second-hand platform, they would not be guaranteed. Gray wolf would not allow others to sell it on their own. Other than not being allowed to

kill, there were no other laws in the mercenary training base. Therefore, the higher-ups never cared about this kind of monopoly.

Chapter 855

Chapter 855: Try it on the spot

Zhou Hao and the others had finished their preparations. They directly took the one hundred portions of body tempering liquid and set up the shop. A line of words was written on the door. "The miraculous body tempering liquid, don't miss it!" There were also a few lines of small text below. "Do you want your body to be strong? Do you want to uproot mountains and rivers? Do you want your defense to be shocking? Then ... Here's my chance!" "The Silver King sect's super body tempering liquid can bring you unexpected results!" The appearance of such a plaque immediately caused a huge uproar in the entire mercenary training base! "Body tempering liquid? There's even someone selling this?" "Ordinary body tempering liquid is useless to martial Saints. Even if it is, it's extremely rare. Did the Silver King sect's head get squashed by a door?" "That's right ..." Many people gathered in front of the Silver King gate's stall, pointing and discussing. "Zhou Hao, can someone really buy it?" Ling Tian and the others knew that this item was not bad, but they could not help but worry. "They didn't buy it because they didn't know the effect. Just wait and see." Zhou Hao smiled and directly walked in front of the crowd. He held a bottle of body tempering liquid in his hand and said in a clear voice. "Everyone, today is the first day of our Silver King sect's opening. The body tempering liquid will be sold at a very low price. The selling price is 10000 points." After Zhou Hao finished his sentence, everyone was stunned! At this moment, many organizations were attracted to this place, including Charlie Kuro and harfegan! "Hmph, 10000 points? Zhou Hao, are you F * cking crazy? you're actually selling such a broken item for 10000 points?" Charlie Kuro directly said, as if he wanted to smash the place. However, they didn't dare to. This was gray Wolf's second-hand trading platform. As long as they had a stall and paid the protection fee, no one would dare to make a move here. "Ten thousand points? And this is only our opening day. In two days, it'll be 20000 points per share." Zhou Hao smiled. When he said that, they looked at him as if he was an idiot. "Hahaha, twenty thousand? 20,000 points could allow one to stay in the killing fields for three days and three nights, and you want me to buy this thing? Wouldn't that be stupid?" "This Silver King sect, are they a bunch of idiots? I don't want this even if you give me twenty!" "Hmph, he's probably trying to trick a fool. I wonder which idiot will fall for it." The surrounding people said disdainfully. These words made the Silver King sect's people and Ling Tian's group's faces turn ugly. However, Zhou Hao did not think so. "How about this, we'll take out three portions

and invite three people as our opening ceremony. We'll try our body tempering liquid on the spot. Who wants to try it?" Zhou Hao knew that if they did not know the effects, no one would ever buy it. If he wanted them to know the benefits of this body tempering liquid, then he would have to inspect the goods on the spot! Upon hearing this, the surrounding people were stunned for a moment. Many of them were very interested. After all, this was Bai Yan 's, and they couldn't help but be tempted. Harfegan also saw this, and he hesitated before he spoke. "Zhou Hao, I'd like to give it a try," Harfegan didn't believe that Zhou Hao and the others would come out and embarrass themselves, but he also didn't believe that this thing would work, so he wanted to give it a try! "Sure, big brother ha Fu. I haven't thanked you for the medicine you gave me last time. After I try this body tempering liquid, I'll give you another one." Zhou Hao laughed. Harfegan didn't think much of it and walked up the stage. "Are there any more?" Zhou Hao said with a smile. "I, I'll also try to see what kind of F * cking thing this is." Charlie Kuro snorted and said directly. Zhou Hao didn't care and let him walk up the stage. "There's still one last person. " Zhou Hao said indifferently. "I ... I'll try." "Let me do it!" "I also want to try." The people who were watching the show wanted to give it a try, but at this moment, a cold snort came through. "Hmph, I, Frigg, want to try!" After he said this, the expressions of the people around him changed and they made way for him. "It's ... It's gray Wolf's fifth commander. This person's cultivation is at the sixth grade of the martial Saint realm ..." "Why is he interested in it?" "He's a body cultivator, of course he's interested in body tempering liquid!" The surrounding people exclaimed. At this time, Zhou Hao looked at the crowd and saw a burly man walking out. This man was topless and his gray skin was covered with a layer of extremely hard scales. He was definitely a Water Tribe expert. When Zhou Hao heard the words of the people around him, he was a little shocked. This gray wolves organization was really powerful. The five commanders were all sixth-grade martial Saints. Then, wouldn't the chief commander be a half-step to the Dao realm? "Please," Zhou Hao said with a smile. Frege, harfegan, and Charlie Kuro were all ready. Zhou Hao directly handed them a portion of body tempering liquid. "The three of you may begin." Zhou Hao was very confident in his own things. The three of them sat down and threw the body tempering liquid into the air, then closed their eyes and began to absorb it. The people around them were staring at the three of them. Some of them even released their mentality to observe the changes in their blood and Qi. The moment the body tempering liquid entered their mouths, Frege, harfegan, and Charlie Kuro all felt an extremely hot energy suddenly explode. They couldn't control it at all. It instantly reached their limbs and meridians. The powerful force was like a flame, baking their meridians! The three of them were shocked, and even a little worried and scared. However, the next second, they were shocked! Many impurities in his meridians were instantly evaporated by this force. Although it was not much, the effect was visible to the naked eye! "How is that possible? I'm already the Second Life form in the universe. It won't be long before I break through to the first life form. Moreover, my bloodline is born with a stronger physique than others. I've been cultivating my body for so many years, and ordinary body-tempering materials are useless. Such a small amount can actually burn the impurities in my meridians. It's too strong!" Frege was shocked and couldn't believe it. Harfegan was the same. "Good stuff, good stuff!" " 20000 points is too little. The heavenly pool blood essence in the points Mall costs 50000 points, but its effect is three times worse!" At first, Charlie Kuro had a look of disdain,

but at this moment, he was also stunned. “F * ck, this thing is so F * cking powerful. This Zhou Hao actually has the ability to create this thing!” Charlie Kuro was extremely shocked. Although he was not very happy with Zhou Hao, this thing still surprised him. The three of them slowly opened their eyes. They looked a little dazed, which confused the people below. Zhou Hao, on the other hand, laughed. He knew that they must have been shocked by the effect of the body tempering liquid, so he couldn’t help but ask. “The three of you, what do you think of this?”

Chapter 856

Chapter 856: The popular mercenary training base

Zhou Hao’s question brought the three of them back to their senses. It was still ferage who spoke first. “Zhou Hao, how many portions of this item do you have? 100 points? I’ll take care of everything today!” Freddy’s thoughts were very simple. He was about to break through to the number one life form in the universe, and these one hundred portions of body tempering liquid would definitely help him break through! Otherwise, he would have needed at least three years to break through! Frego was the first to speak, and the first thing he said was this, which shocked everyone! “Is fifth commander Frego crazy? He even did it ...?” “F * ck, are you F * cking stupid? fregg is a body cultivator. If it wasn’t for the extraordinary effect, would he have spent a million to buy it?” “Yeah! This thing ... This thing must have unimaginable effects!” “Oh my God ...” The surrounding people were all dumbfounded and couldn’t believe it. Zhou Hao smiled and nodded when he saw fregg. “Of course you can. Fifth commander, if you want it, I’ll give you a discount. You give me 900000 points, and I’ll give you 100.” Zhou Hao said with a smile. Without a second word, Frego was about to pay. “Wait a minute, I want one too. Zhou Hao, I can’t buy a hundred portions, but you have to buy at least ten of mine!” At this moment, Charlie Kuro also spoke. Such a good thing, was he F * cking stupid not to buy it? Moreover, if it was 10000 points today, it would be 20000 points tomorrow! “Zhou Hao, I would like to buy ten servings too.” Harfegan said. “Uh ... I’m sorry, I only have 100 portions. Fifth commander Frego has already bought all of them, I really don’t have any more.” “If you want to buy it, you can discuss it with fifth commander Frego and see if he will give you some.” Zhou Hao said apologetically. Hearing those words, Ling Tian was extremely anxious. He knew that Zhou Hao did not have a hundred portions, but a thousand! Someone wanted to buy it, but Zhou Hao refused to sell it? Frigg glanced at harfegan and Charlie Kuro and snorted. “The two of you should know what’s first come, first served ‘means. I was the one who opened my mouth first, so do you want to snatch it from me?” At the end of the day, Frege was a rank-6 powerhouse. The two of them did not dare to fight with him. “Then ... When will you have more?” Harfegan asked Zhou Hao directly. This was a question that everyone wanted to know. “We can only produce 100 portions of this body tempering liquid every seven days.

Therefore, the next 100 portions will take a week.” Zhou Hao smiled and said indifferently. Zhou Hao’s words made them heave a sigh of relief. As long as there was, that was good. “I’ll reserve ten servings!” At this moment, harfegan spoke without any hesitation. “I’ll have twenty!” Charlie Kuro also said. When the others saw this, they were all excited. “I’ll have ten!” “I’ll also have ten sets!” “I’ll have five!” “Damn, you have the nerve to say five? I’ll have ten!” The situation instantly went out of control. Ling Tian and Ji yaoyue were extremely happy. They never thought that Zhou Hao’s body tempering liquid would sell so well. Even the people from the Silver King sect were surprised. Zhou Hao let out a dry cough and looked at everyone. “Everyone, I really want to reserve it for you, but there are so many people here. I only have a hundred. I can’t afford to offend anyone. We’ll come here at noon in seven days. You can come again at that time, okay?” Zhou Hao blinked his eyes and said. There was nothing wrong with that, and Frigg nodded. “Well said. If you want to buy, come and line up.” Zhou Hao cupped his hands, “fifth commander, thank you for coming today. This is your body tempering liquid. Please keep it.” Zhou Hao handed the item over, and Freddy was stunned for a moment. “I haven’t paid you yet. Aren’t you afraid that I’ll run away?” “Fifth commander, you must be joking. This factory is owned by you. Do you really care about 900000 points?” Zhou Hao laughed and did not seem to mind. “Hahaha, interesting. Originally, I was just here to watch the fun. After all, you’re a newbie. Not only did you establish the Silver King sect, you even came to my gray wolves to rent a place. But I never expected that you, Zhou Hao, would give everyone a surprise. Kid, you’re not bad. Here are one million points. Keep it well. I don’t need you to give me a discount.” Freddy laughed and directly transferred the 100 points to Zhou Hao. He then took the body tempering liquid and left. After they had left, Zhou Hao and the others also left and returned to the Silver King sect. “Take out 200000 points and distribute them to everyone. The three of us can use the remaining points.” Zhou Hao blinked his eyes and said to Ling Tian. Without any hesitation, Ling Tian distributed the points. This made the people of the Silver King sect extremely excited. 200000 points, if distributed to everyone, would be almost 10000 points! This was comparable to completing an extremely difficult task. Moreover, this kind of thing happened once a week. Just thinking about it made them excited. They were even more convinced that joining the Silver King sect was the right thing to do! After waiting for them to leave in excitement and cultivate, Ling Tian could not help but ask Zhou Hao. “Zhou Hao, you have more than a thousand copies. Why didn’t you sell them all in that situation just now?” Ling Tian did not understand, so he asked. “You really don’t know how to do business. This is called hunger marketing, do you understand? If I take out so many at once, they will definitely be suspicious. Moreover, the more these things are, the cheaper they are. Only with a small amount can we sell them at a good price.” “Besides, I’m going to sell it for 20000 points next week. If I sell it to them for 10000 points today, won’t I lose money?” Zhou Hao chuckled. He was very smart. “You’re quite smart. That’s right, only hunger marketing can raise the price!” Ling Tian nodded his head in agreement. At the same time, Zhou Hao and the others did not know that the entire mercenary training base was in shock because of today’s incident! At this moment, in the grey wolf Regiment, the fifth commander, Frege, was sitting at a round table of eight people. He placed the body tempering liquid on the table. “Brothers, I’ve tried this body tempering liquid, and it’s extremely extraordinary. I’m a body cultivator, and I’ve been focusing on

refining my body for a hundred years. I didn't expect that it would have such a great effect on me!" Frege said to the others. They were a little surprised. "You're talking about the real fifth brother? Is it really that useful?" The leader of the pack was the boss of the grey wolf Regiment, Qing Licang. He looked at the object in disbelief. "Boss, it's true. I've already tried it. Brothers, you should all try it too. If it's possible, if Zhou Hao wants to sell it here, we can monopolize it for him." An idea struck Frege. If they could monopolize all of Zhou Hao's items and sell them, wouldn't they earn a lot of points? "You mean, we can buy it and then sell it? To earn this difference?" The others couldn't help but say.

Chapter 857

Chapter 857: The shocked fregg and manliera

"Yes!" Frege nodded. "He's selling for 20000 points. We'll only buy it for 20000 points at most. What do you think about selling it for 30000 points?" Frege was in charge of the second-hand trading platform, so he had a brain for doing business. Hearing this, the others nodded in agreement, but the boss Qing Li Cang shook his head. "Hehe, fifth brother, you're really smart. But let's just forget about this. We're open to guests, so don't do those kinds of things. You have to give them a way out. How about this, you talk to Zhou Hao. No matter how much he produces every week, we'll take twenty. What do you think?" Hearing this, Frigg smiled and felt a little embarrassed. "Okay then ... Actually, I think it's a little inappropriate too. I'll talk to Zhou Hao later, I'm sure he won't reject me." Frege said immediately. "No matter if he refuses or not, this person can not be easily offended. Our grey wolves mercenary group has a wide range of talents. If possible, wait until he has passed his probationary period and has chosen to join the mercenary group, then he might be able to join us." What Qing Li Cang wanted to do was to recruit Zhou Hao. Of course, it wasn't now, but after the trainee period, when he officially entered the mercenary group! His vision was far further than that of Frege 's! He only saw the immediate benefits, but Qing Li Cang saw Zhou Hao's future! He believed that Zhou Hao would definitely soar to the heavens! "I understand what you're trying to say," "Yes." Frigg nodded. Apart from gray wolf, the other organizations also knew about it, but they were still skeptical. However, they also made up their minds that the next time Zhou Hao sold body tempering liquid, they would go and take a look. Now that everything was on the right track, Zhou Hao and the other two's wallets were full again. Naturally, they put their hearts and minds into cultivation. "Not bad, the second level of the killing fields is very beneficial for mental energy training." On the second floor, Zhou Hao felt his spiritual energy increase and was moved. "Of course, the mercenary groups in the nailuo star system are famous in the lower universe. The killing fields in this training base are even more so. The most powerful one is the third level. You'll know when you go." The frog couldn't help but say at this time. Zhou Hao smiled

and continued to temper his mentality. However, someone outside was getting anxious. "What's going on, why are there so many people training in the killing fields "second level today, and also, this kid has already been inside for an hour, why hasn't he come out yet?" From the outside, they could see the training time of the 50 training rooms on the second level of the killing fields. The others had been training for more than 10 minutes, but Zhou Hao's room showed that an hour had already passed, so they were naturally shocked. At this moment, a beautiful scene appeared, and a few women with extraordinary figures and looks walked over. There were a total of four of them, and all of them were as beautiful as fairies. Especially the one in the lead, she was so beautiful that nothing could compare. She had a long tail, furry ears, and a devilish body. No matter what race saw her, they would like her. "Eh? Third sister, the training room you always go to is already occupied, and this guy has already been in there for an hour. Could he be a spirit reader too?" The other beautiful women couldn't help but say. The woman in the lead frowned with doubt. "I'm from the elf clan, and I'm naturally close to the laws. My spiritual power is exceptional, and that's how I became a telekinesis master. Could it be the Grey Wolves and the explosion squad?" The woman asked her sister in surprise. "Go ask and see who it is." After the woman finished speaking, they went to ask and soon got an answer. "Third sister, it's a new guy called Zhou Hao." "Zhou Hao? The one who founded the Silver King sect and sold body tempering liquid?" The woman was shocked. At this moment, Frege walked over. "Manliria, I knew you were here." Frege was very fond of Manliria, but this woman was too cold and aloof. He had tried to woo her several times, but to no avail. "Frege, you're here just in time. I heard you know this Zhou Hao?" Yesterday, the news of Frege spending one million to buy a 100 points body tempering liquid had spread like wildfire. "Hmm ... What's wrong?" Frege was stunned. "Who is this person? he's been in there for an hour and hasn't come out." Manliere couldn't help but say. "Ah ...? An hour? Are you talking about Zhou Hao?" Frege was stunned. "Yes, what's the problem?" Manliere said directly. "I've asked about Charlie the ninth. He said that this kid is a body cultivator. He has extraordinary speed and a strong body. He blocked his full-powered attack with his physical strength. You must know that Charlie is a fifth-grade martial Saint!" Frege couldn't help but say, which stunned Manliria. "It can't be. He's actually a body cultivator. How can his mental power be so strong?" Manlirui couldn't believe it. This was the first time she had seen someone who could cultivate both physical and mental power! "I don't know ..." Frege was also amazed. At that moment, the door to the training room opened and Zhou Hao slowly walked out. As soon as he came out, he was stunned. There were more than a dozen people standing at his door. Other than Frege, there were a few beautiful women that he had never seen before. "Fifth commander, you're here to cultivate your spiritual power too?" Zhou Hao greeted him with a smile. "Zhou Hao, you ... You tell me, are you a body cultivator?" Frege was worried that Charlie Kuro would misunderstand, so he wanted to confirm it. "Yeah, what's wrong?" Zhou Hao was stunned. "Then ... Then why is your spiritual power so strong? Could it be that you're also a spirit reader?" Frege exclaimed. "Uh ... I guess I'm a spirit reader, my spirit power is pretty strong" Zhou Hao laughed dryly and couldn't help but say. However, at this moment, a strong spiritual energy suddenly came toward him. Zhou Hao was immediately on alert. He felt that the spiritual energy had gathered into countless sharp edges and was stabbing toward his body. Zhou Hao snorted coldly

and a powerful spiritual energy emerged from his body. He then looked at the person who had cast the spell and a strange look appeared in his eyes. He immediately cast endless purgatory! Suddenly, a powerful spiritual force burst out and shot towards manlirui. Manlirui's expression changed drastically. She could not believe that such a powerful spiritual force was actually stronger than her. She quickly chanted in a low voice, and an invisible spiritual force gathered to form a barrier, covering her. However ... Zhou Hao's mental energy had still injured her, and a trace of blood flowed from the corner of her mouth!

Chapter 858

Chapter 858:-provocation

Manlirui was injured, and the faces of the women around her immediately changed. At that moment, Zhou Hao had already retracted his psychic energy and was frowning at manlirui. This woman was beautiful, but he didn't know her. On the other hand, she didn't say anything and directly attacked his mind. How could Zhou Hao tolerate this? "Manliri, are you okay?" Frego saw this and immediately walked over to ask. "I'm fine," Manlirui wiped the blood from the corner of her mouth and looked at Zhou Hao. "Such strong spiritual power. Zhou Hao, I never thought that your spiritual power would be so strong as a body cultivator!" Manlirui wanted to test Zhou Hao's spiritual power. She had never thought that Zhou Hao would have such strong strength. After all, as a member of the fairy clan, he was naturally close to the laws, which was why he had such achievements. This person was a physical cultivator, so how could he be able to balance both the inside and the outside? However, she didn't know that Zhou Hao had a spiritual gem. If she knew, she would probably go crazy with envy! "I was in a hurry just now and didn't control my strength properly. I'm sorry, I don't know who I am?" Zhou Hao looked apologetic as he came back to his senses. That spiritual attack seemed powerful, but it was not meant to kill him. It was just a test. "Space women Army, manlirui." Manliria said in a cold voice. Female Army in space ... Zhou Hao was very shocked. In just two to three days, he had almost met the people from the mercenary group and the other large organizations. "Hello," he said. Zhou Hao smiled and stretched out his hand. This scene stunned the surrounding people. Others might not know, but they all knew that manlirui hated physical contact with men the most. But this Zhou Hao had actually reached out his hand. Wasn't this the same as giving a warm face to a cold butt? "Zhou Hao is such a hot-headed kid. Even I have never held manlirui's hand before, and he wants to?" Frege said in disdain. The surrounding people also thought so. But the next second, manlirui blinked her big beautiful eyes and slowly reached out her hand to shake Zhou Hao 's. "Zhou Hao, you've been in the limelight for

the past two days. Be careful, there are many people who are unhappy with you.” Manliria’s words served as a reminder, and she retracted her hand. “Eh ... Why are you dissatisfied with me ... Could it be because I’m selling body tempering liquid?” Zhou Hao did not quite understand. “You’ve established the Silver King sect, and many new people have come to you. You’re even very generous to your subordinates, giving them tens of thousands of points in just a few days. Not only the new people, but many old people also want to join your organization.” “This is not a good thing. If the other organizations see this, they will be unhappy. After all, there are only so many people in the trainee mercenary group. They will not sit by and do nothing if they all go to your place.” Zhou Hao finally understood what manlirui meant. In the past few days, many new people had come to join them. Their Silver River sect already had more than a hundred people, and the number was still increasing. Naturally, it would cause dissatisfaction. “I know, thank you.” Zhou Hao said with a smile. “It’s fine. Oh right, there aren’t many spirit readers in the mercenary group, and I don’t have many people to spar with. You’re pretty strong, how about we spar when we have time?” Said man Lirui. She was a cultivation fanatic, and seeing how strong Zhou Hao’s spiritual power was, she naturally wanted to spar with him and learn from each other. Frego was furious when he heard this. He had not heard manlirui say such things to him in a long time. This Zhou Hao had only been here for a few days and he had already received such an honor. Zhou Hao didn’t refuse. He wanted to know what other spirit readers had so he could learn from them. “Of course, I’m more than happy to.” Manlirui was very satisfied with Zhou Hao’s answer. She then entered the second level and began to cultivate. Meanwhile, Frego looked at Zhou Hao with vigilance and dissatisfaction. “Zhou Hao, you’ve got a beauty by your side, you can’t be thinking about manlirui, right?” Frego snorted. When Zhou Hao heard this, he was speechless. He thought about it for a while and understood what was going on. “Fifth commander, you can rest assured. I’m already married and have no interest in other women. Furthermore ... I don’t like foreign races.” Zhou Hao was telling the truth. In comparison, he still felt that human women were more beautiful. “I’m relieved to hear you say that. Oh, right, Zhou Hao, since you’re here, I’ll tell you something. From now on, no matter how much body tempering liquid you produce every week, our Grey Wolf Gang will take twenty portions. Is that okay?” Frego said as he thought of the important matter. Zhou Hao naturally had no reason to refuse. “No problem, but ... Don’t tell anyone else ...” Zhou Hao laughed. It would be a waste not to do business here. “Good boy, I have high hopes for you. If there’s anything, just tell me. In this mercenary training camp, there aren’t many people who don’t dare to give me face.” Frego was very satisfied. He patted Zhou Hao’s shoulder and left. However, at this moment, three forces were standing at the entrance of the Silver King sect. Other than Charlie Kuro, there were two other forces. One was known as the star cluster, while the other was known as the Titan Alliance. The three organizations gathered at the entrance of the Silver King gate, sneering at Ji yaoyue and the others. “Ji yaoyue, your Silver King sect’s new disciples are no match for us. We’ve come here today for two things. First, we want you to give us thirty portions of body tempering liquid every week for free.” “Otherwise, we’ll tear down your Silver King sect today and disband your organization.” Charlie Kuro immediately opened his mouth and sneered. After he went back, he told a few organizations that he had a good relationship with about the body tempering liquid and came to this conclusion after a

discussion. There were no laws in the entire mercenary training camp. As long as they didn't kill anyone, they were fine. So even if they came to Rob them, no one would say anything! "You wish! Charlie Kuro, you really are a shameless person!" Ji yaoyue snorted coldly in anger. "Hmph, if you want to blame someone, blame your Silver King sect for not having enough strength. Remember, in this world where the strong prey on the weak, fists are the absolute law. The three of us are all fifth-grade martial Saints. How can you, mere third-grade martial Saints, fight us?" Charlie Kuro's eyes were filled with mockery and disdain. "Then let's try!" Ji yaoyue had a fiery temper as well and was enraged on the spot. The vital Qi in her body was scorching hot as the fire element exploded. "What a hot-tempered woman. I haven't met such a fierce woman in a long time!" At this moment, an extremely wretched-looking Man From The Star cluster walked out. He looked at Ji yaoyue with a burning gaze. He took a step forward and wanted to attack. However, at this moment, a cold snort was heard. "The law of the jungle? Well said, but you don't have the ability to act so atrociously in my Silver King sect." As soon as he finished speaking, Zhou Hao's figure flashed past and appeared before the three of them.

Chapter 859

Chapter 859:-gamble

Zhou Hao's figure landed in front of everyone, causing the three forces to smile coldly. "We don't have the ability? Zhou Hao, aren't you afraid that the wind will cut your tongue?" Charlie Kuro said sarcastically. They were all fifth-grade martial Saints. Zhou Hao alone was not enough to stop the three of them. Moreover, there were other disciples. If they really fought, the Silver King School would be eliminated in an instant. Everyone in the Silver King sect knew this as well. Be it Ling Tian or Ji yaoyue, they were all looking at Zhou Hao anxiously. "Don't you think it's a little embarrassing for you three forces to join hands and bully us, a newly formed third-tier force? We won't be afraid when the time comes, but if this gets out, where will you put your face?" Zhou Hao laughed coldly and said indifferently. As soon as he said this, the three forces' faces changed. "Also, you're such a big force, are you short of money? If you're short of money, it's not a problem. We're open for business, so we can give you some discounts. But if you ask for money so blatantly, it's too unsightly." Zhou Hao's expression was still calm and disdainful. When the surrounding people heard this, their expressions changed slightly. The Silver King sect's people laughed after hearing this and began to speak. "I know, right? an old force? how dare they bully us newbies? it's fine if it's just one force, but if there are three of them, do they even have any shame?" "Of course not. Otherwise, who would do such a thing? why didn't the other second-echelon forces come?" "I wouldn't do that. After all, everyone wants their face. If this gets out, people would laugh their heads off." The Silver King School started to talk all

at once without any mercy. This made Charlie Kuro and the others so angry that they were about to smoke! There was nothing wrong with what he said. If he did that, it would indeed be very embarrassing! "Cut the crap. Who says we don't need to spend money? we'll pay for it, but you have to prepare this for us!" Charlie Kuro immediately changed the topic and said with some uncertainty. "Sigh ... Charlie Kuro, I don't know what to say. We can only produce this much. Everyone came to pre-order with me. What if I can't come out? so, to be fair, I can only sell it on the same day. Can you bear with it?" Zhou Hao coughed and couldn't help but say. It wasn't that Zhou Hao didn't want to buy them, but he wanted to control the quantity. Only when he controlled the quantity could he sell them at a good price. "You ... You mean you don't plan to do as I say?" When Charlie Kuro heard this, he immediately became angry. "It's not that I don't want to, but I can't do it," Zhou Hao spread his hands and said. Charlie Kuro snorted coldly and looked at Zhou Hao. "It's fine if you can't do this. I still have one more thing. Your Silver King School has taken away quite a number of newcomers since its establishment. How about this? hand over 30 newcomers to us, and I'll let you go today." Zhou Hao narrowed his eyes. He never thought that what manlirui said would really happen. The establishment of the Silver King School had taken away most of the newcomers, so they would naturally not sit by and do nothing. Just as Zhou Hao was about to say something, the star cluster stood up. "Our star cluster doesn't have such a big appetite. We only want one person, and that is this woman. Zhou Hao, if you hand her over, we will leave immediately and never cause you any trouble again." That person's appearance was extremely wretched. They were known as the star cluster, but they were indeed a group of perverted people who pretended to be sanctimonious! Zhou Hao's face darkened at those words. If he handed Ji yaoyue over, the consequences would be unimaginable. "What if I don't agree?" Zhou Hao took a step forward. His aura did not diminish, but instead, it was cold and sinister! Ji yaoyue was his most important partner. If he couldn't even protect his partner, how could Zhou Hao still have the face to establish the Silver King sect, and how could he still have the face to keep a foothold in the mercenary training camp? "You don't agree? Then I'll beat you up until you agree!" The perverted man snorted coldly, and a trace of ruthlessness flashed in his eyes. Zhou Hao narrowed his eyes and sneered. "Okay, since it's like this, let's make a bet. Let's fight one-on-one. If you lose, don't make trouble for me for three months. If I lose, I'll give you one hundred portions of body tempering liquid, and disband the Silver King School." Zhou Hao didn't mention Ji yaoyue. He didn't want to use her as a bet, regardless of whether he won or lost. "It seems that you still don't understand my meaning. What body tempering liquid, what Silver King sect, I don't care. I only want her. If you win, I'll leave and never find trouble with you. But if you lose, you'll have to obediently hand over this woman!" The perverted Man From The Star cluster sneered and said. Zhou Hao's expression darkened even more. It seemed like this B * stard was really after Ji yaoyue! Zhou Hao wished he could dismember this kind of person with five horses! However, Zhou Hao would never agree to this no matter what! However, Ji yaoyue spoke up at this moment. "It's okay. We'll bet with him. Zhou Hao, I believe you!" Ji yaoyue walked over and looked at Zhou Hao as she spoke indifferently. Her expression did not change at all, as if she did not think that Zhou Hao would lose at all! "Yao Yue ... This ..." "It's okay, I believe you!" Zhou Hao was about to say something, but Ji yaoyue smiled and looked at him seriously. Zhou Hao took a deep

breath and nodded. "I won't lose. Not only will I not lose, I will make the entire star cluster pay for what happened today!" Zhou Hao's voice wasn't loud, so only Ji Yao, Yue Lingtian, and the others could hear him. However, they could all hear the cold intent in his words. "Yes." Ji yaoyue nodded. "Alright, I'll take the bet." Zhou Hao turned around and looked at the perverted Man From The Star cluster. "Then let's go to the dueling platform. Although I can't kill you, it's easy to make you lie in bed for three to five months. I'll wait for you there." The perverted Man From The Star group laughed and looked at Ji yaoyue. "And you, baby, you're mine tonight. I'm looking forward to it!" After that, they brought their men to the dueling platform. Zhou Hao snorted coldly and followed behind. The mercenary training camp's dueling platform was a place for sparring. This place was not something that the virtual space could compare to! This was a real contest. Although they couldn't kill anyone, it was allowed to beat them half to death. The dueling ground was guarded by mercenaries. This was also one of the few places where mercenary groups would interfere to prevent people from killing. "The rules are very simple. You can't harm anyone's life. If one side admits defeat or is unconscious, the competition will end." The deacon in charge of the matters here said indifferently.

Chapter 860

Chapter 860:-power of stars

Zhou Hao nodded and had no objection to this rule. "Kid, remember my name. I'm moroora from the star cluster." After saying this, the perverted Man From The Star group walked up the stage. He was a third-grade martial Saint and was extremely powerful. It was too easy for him to defeat a third-grade martial Saint. "Moroora, this kid is a little strange. Don't underestimate him. Although I didn't use my full strength that day, I still couldn't finish him off in one move." At this moment, Charlie Kuro spoke. He was naturally worried that moroora would underestimate his enemy and lose. "Don't worry, I can easily take care of it, so don't worry. " Moroora did not think much of it. A mere third-grade martial Saint was nothing. "Zhou Hao, be careful!" Ling Tian and the others were still very worried, and they couldn't help but ask. Zhou Hao smiled and did not think much of it. He was just a level five cultivator. It was not difficult for him to defeat him! "Don't worry, everything is under control. " Zhou Hao walked onto the stage and looked at moroora with cold eyes! Not only did he want to defeat him, but he also wanted to teach him a lesson! "Brat, are you ready to die?" Moroiola laughed in disdain. "You sure talk a lot of nonsense," Zhou Hao curled his lips in disdain. "I hope your strength is more powerful than your mouth!" Moroiola snorted coldly. "Both sides are ready. Let's begin!" The deacon in charge of this place immediately shouted "begin!". In

the next second, moroora's body moved. His entire body exuded a strong cultivation power. He leaped up and charged towards Zhou Hao. Zhou Hao squinted his eyes. Although this moriola was very annoying, he had to admit that he was quite strong. At least, he was stronger than Charlie Kuro! However, it was not a problem for Zhou Hao. Zhou Hao snorted as he saw moroora approaching. He activated his ancestral body, and a golden light flashed across his body. He clenched his fist and punched out! This punch didn't necessarily have to land on moroora's body. Instead, the powerful force of this punch and the storm it set off directly affected him! "What a strong body!" Moroiola's expression changed slightly, but he still had a disdainful look on his face. "I'm not afraid of meeting people with such a strong body!" After moroora finished speaking, he stopped in the air and put his hands together. In the void, endless star power was condensed. This power was very strange. Zhou Hao could feel a vast and mighty intent! "The astral energy in the universe is a top-notch energy. I didn't expect that although moriola wasn't a good person, he was quite talented!" At this moment, Ling Tian frowned and spoke. After such a long time in the universe, they were no longer nobodies. They knew a little about some special Yuan Qi. The most common ones were the power of the five elements-metal, wood, water, fire, and earth. Just like Ji yaoyue's power of fire, they were all similar to the power of the origin source. Once this power was cultivated to the extreme, it would be terrifying! Next were some special Yuan Qi, such as the power of lightning, the power of stars, and even the power of devouring. This kind of elemental Yuan Qi was very rare. Not only did it require a cultivation technique, but it also required sufficient talent! This was the case with the power of the stars that moriola displayed. This power contained the power of the stars, and the quality of the yuan Qi itself was not something that other Yuan Qi could compare to. The moment he used it, a heavy feeling spread out, causing everyone's expression to change slightly! "So strong!" Zhou Hao squinted his eyes and put on the thousand feather armor. The silver armor exuded a cold aura, and the heavy feeling on Zhou Hao's body instantly disappeared. The thousand feather armor's grade was very high. At least, after seeing so many treasures, Zhou Hao had never seen a higher grade than the thousand feather armor! However, it was still damaged. If it were to recover one day, its power would definitely shock Zhou Hao! "If that's all you've got, then it's my turn!" Zhou Hao snorted coldly. He moved his body and instantly set off an endless storm. His figure became blurry and he instantly appeared in front of moroora! Zhou Hao specialized in close combat. His ancestral body was powerful, and his body contained the cells of a void beast. He was not someone ordinary people could compare to! Furthermore, Zhou Hao's killer moves could only be used in close combat. "Hmph, you're looking for death, sea of stars!" "Let's go!" Moroiola's eyes were cold as he spoke. The endless power of the stars turned into dots of light. In an instant, a powerful fluctuation appeared, like a light wave, and shot toward Zhou Hao. Zhou Hao squinted his eyes and let out a loud roar. He immediately made a gesture with his hand and directly used the seven blades of hell! Instantly, endless blade rays appeared in the air. Although Zhou Hao did not have a saber in his hand, he was so compatible with the seven blades of the underworld that he could even use it with his feet. The saber radiance clashed with the power of the stars, and a loud explosion was heard in the air. Of course, this level of the seven blades of the underworld could not resist the power of stars at all. Countless blade lights were instantly penetrated by the power of stars.

However, what Zhou Hao wanted to do was not to block the attack, but to create time for himself! Just an instant was enough! “Teleportation!” “Hmph!” Zhou Hao snorted coldly. Thousand feather armor teleported right away, and his body turned into a shadow. When he reappeared, he was already behind moroora! Zhou Hao raised his fist. He didn’t use any spell techniques, but his physical strength was still extraordinary. He punched toward moroora. “You’re fast, but as long as you’re in my stellar array, I can sense your position no matter where you go!” Moroiola’s face was full of disdain, and a large formation appeared under his feet. The center of the array was right under his feet. It was a huge illusionary star, like a star. There were countless small planets around him, and they were all interconnected as they revolved around him. “In my star formation, no matter where you are, you can’t escape my perception.” As soon as moriola finished speaking, the spell in his hand changed again. The powerful power of the stars exuded an endless aura, turning into a huge energy ball, which was aimed at Zhou Hao. “Break!” Zhou Hao snorted coldly. Seeing that he couldn’t escape, he wanted to break it with a punch! “You’re really looking for death!” Moroiola’s mouth was full of sarcasm, and he didn’t care at all. How could his own power of stars be destroyed by flesh and blood? However, in the next second, he was shocked. Zhou Hao’s aura instantly skyrocketed, and he leaped to the sixth-grade martial Saint level! At this time, an extremely heavy feeling appeared in the surroundings, causing his star power to slow down, and his body to slow down.

Chapter 861 - Ranking board

Chapter 861: Ranking board

Victory and defeat were often decided in this second or two! Zhou Hao seized the opportunity and threw a powerful punch! In an instant, the sphere of star power shattered! “How ... How is this possible?!” Moroiola’s eyes widened. He couldn’t believe what he was seeing and was terrified! However, in the middle of the storm, a figure was speeding over. “Have a taste of my move, the fist of great destruction!” Zhou Hao roared and clenched his fist. The 50 meridians in his body began to circulate. His powerful fist exuded endless urgency and poured down like the might of heaven! This punch was like the might of the heavens, causing the void to tremble. The powerful force seemed to be able to split the heavens and earth! This was the great destruction fist, which had gathered the power of Zhou Hao’s ancestral body, the God-destroying power, the nine revolutions Saint body technique, and the infinite compression of 50 meridians. Not to mention that he was only a fifth-grade martial Saint, even if he was an eighth-grade martial Saint! They didn’t dare to easily resist! “Oh no, I can’t take this punch. This person ... This person is too strong!” Moroiola was terrified. He shouted and gathered the formation and the power of the stars on his body, trying to resist this endless power. However, at that moment, a strange seven-colored energy flashed

across Zhou Hao's eyes. A powerful spiritual energy was released from his body! "Endless purgatory!" Zhou Hao immediately cast endless purgatory. Once moroiola was hit by this spell, he would definitely lose! And that was the truth. The moment the white light in Zhou Hao's eyes rose, moroora felt a headache coming on. A strong spiritual energy instantly invaded his mind! He was dazed and saw endless darkness. "Spiritual ... Spiritual attack, F * ck! I'm finished!" He cried out in alarm, knowing that he was finished. The next second, he felt a powerful force blasting on his body, breaking the bones in his chest and turning his internal organs upside down. Blood spurted out of his mouth as he was sent flying backward. When he landed on the ground, his eyes were already closed and his mind had also sunk into darkness! One punch and he was seriously injured! Moroora was lying in a pool of blood. Although he was still breathing, his injuries were very serious. As he said, he would not be able to get out of the ground for a few months! Everyone in the crowd was stunned. Seeing Zhou Hao standing in the air with his hands behind his back, they felt shocked for the first time! Even when they fought with professor harfegan and Charlot Kuro, they didn't realize how terrifying Zhou Hao was. But now, they really realized it! The man in front of her was too terrifying, so terrifying that it made her feel despair! "He's ... He's too strong. He's ... He's a newbie. Even the bosses of the second-tier teams can't say that they can defeat moroora so easily!" "This Zhou Hao is indeed the leader of the newcomers and the leader of the new organization. Many seniors can't even compare to him!" "This time, the star cluster has really kicked an iron plate!" The surrounding people gasped and exclaimed. "Hmph, that's not necessarily the case. Although Zhou Hao is strong, I'm afraid he's finished. It's not a big deal that he offended the star cluster, but he severely injured moroora. This matter ... Someone will not let it go!" "You mean ... You mean ... Moroora's big brother ..." He said. "That's right. That guy doesn't recognize anyone. If he knew that his younger brother was beaten up like this, he definitely wouldn't let it go!" At the same time, there were also similar voices. But no matter what, Zhou Hao had won this round. And it was a big win. Ignoring them, Zhou Hao left with the Silver King sect, whose eyes were filled with excitement! This battle had made Zhou Hao's name resound throughout the entire mercenary training base! A newbie had actually defeated the Vice-commander of the star cluster of the second echelon. Furthermore, he had been defeated so miserably. Such a battle record was not something that ordinary people had ever achieved! However, as soon as Zhou Hao returned to the Silver King sect, he immediately gathered everyone and said, "Brothers of the Silver King sect, what does it mean for us to be blocked at our own door today? it means that we are still too weak. I don't think you want to see what happened today happen a second time, right?" As soon as Zhou Hao finished speaking, everyone from the Silver King sect nodded their heads. This was a humiliation. "If you want others to respect you, you must have enough strength. If we were the Grey Wolves, who would dare to provoke us?" "So, train hard. We're all together for good or bad. The face of the Silver King School depends on us all." After Zhou Hao finished speaking, the people of the Silver King sect were all hot-blooded. "That's right. Don't worry, boss. We'll definitely train well!" "Yes, our Silver King sect doesn't want to suffer the humiliation we suffered today a second time!" Seeing their blood boiling, Zhou Hao smiled and dismissed them. "This time, they won't come looking for trouble with us, right?" At this moment, Ling Tian took in a deep breath and said. "I don't think so." Zhou Hao thought for a moment. News of his battle

today would definitely spread throughout the entire mercenary training base. Those who wanted to cause trouble for the Silver King sect or those who didn't would have to think twice. "Tomorrow, let's all enter the killing fields to train. We've been stuck at the third stage martial Saint for a long time. Let's strive to advance to the fourth stage within a month. Whether it's body tempering liquid or origin stones, I have a lot of them here." Zhou Hao laughed. With the heavenly Dao software, it was like a massive cheating device. He didn't need to purchase a lot of resources. As long as he had enough luck points, he would be able to obtain them! "By the way, Zhou Hao, since you're so strong, can you challenge the rankings now?" At this moment, Ling Tian suddenly said. "Ranking? What do you mean by that?" Zhou Hao still did not understand. "It's the ranking of the mercenary training base. This ranking shows a total of 200 people. You must know that our training base has more than 3000 people. I don't need to say more about the weight of the top 200, right?" "As long as you enter the top 200, you'll have enough rewards and points. Even the first place will get 100000 points every month. There's no need to worry about points at all. All you have to do is cultivate hard!" Zhou Hao was shocked when he heard that. "Is this for real? I can't believe there's such a good thing. What's the cultivation level of the last person in the 200th place?" Zhou Hao was moved and could not help but ask. "Sixth grade Saint level." Ling Tian took in a deep breath and said. After he said those words, Zhou Hao was immediately shocked. A sixth stage martial Saint was only ranked in the top 200. Didn't that mean that people like Charlie the ninth and the others were not qualified to enter the top 200?

Chapter 862

Chapter 862:-moroauray

"The ranking is very important. Many experts occupied the ranking and didn't ask anything. They didn't even join the organization. To put it bluntly, only weak people like us would join the organization. Those experts in the top 50 couldn't even be bothered to join." "Now that we have the points and the strength, no one will be stupid enough to provoke them. So, if you can get into the top 100 on the ranking stick, our Silver King sect will be able to enter the second tier instantly!" Ling Tian was very clear about this, but Zhou Hao was helpless. The weakest 200 were sixth-grade martial Saints. His current strength was not enough. Unless he broke through to the fourth grade of the martial Saint realm, with the existence of the God Slayer and the nine revolutions sacred body technique, his combat power could reach the seventh grade martial Saint realm. At that time, he might be able to enter the top two hundred. "We're still a distance away from this. Right now, it's more important to break through." Zhou Hao took a deep breath and said helplessly. At the same time, in the base of the star cluster, moroora was lying on a huge chair, his face pale. This punch had broken many of his bones. Although this was nothing to a martial artist, he still needed to rest for a month before he

could recover completely. The people in the star cluster below had cold expressions on their faces as they looked at the man sitting at the head of the group. He was wearing golden armor with a huge red ball drawn on it. "Boss, the vice-captain has been beaten up like this. We can't let the Silver King sect off!" "That's right, boss. They're too arrogant. Let's trample them flat!" "Although that Zhou Hao is powerful, if you want to kill them, boss, you can do it yourself!" "That's right, boss, let's go up and level them!" The people from the star cluster below said indignantly, as if it was Zhou Hao who had bullied them. "Shut up!" The man sitting at the head of the table snorted coldly. His eyes were filled with coldness and anger. "You guys don't mind losing face, do you? You've been defeated, yet you still want me to help you get back your face." The man snorted coldly. His words caused the expressions of the people below to change, including moroiola. He couldn't help but speak. "Big brother, you ... You're just going to watch your little brother get beaten up like this and not care?" Hearing this, the leader of the group sighed and said gloomily. "If it was any other time, I would have already killed my way over and crippled him. However, I can't do that now. First of all, you made a bet with him and lost the bet. If our star group still mobilized a large force, we would definitely be laughed at." "Although our star group isn't the strongest, we are still one of the best in the second echelon. I can't do such an embarrassing thing." The man shook his head and couldn't help but say. "But big brother, then should we just let him continue to be so arrogant?" Moroiola was not convinced and said immediately. "I know you're not convinced, but it's no use. It's not the time yet. At least three months have to pass." The bet was three months long, and moroiola was in a difficult position. It was all his brother's fault. He was too arrogant. "You've learned your lesson. Your cultivation has been stuck at rank-5 for a long time. You should use this opportunity to break through." "Also, I want to challenge long Baichuan these two days and enter the top 150. I don't have time to deal with this Zhou Hao." Upon hearing this, moroiola was extremely excited. "Big brother, you've broken through rank-8?" The 200th place was a rank-6. To enter the 150th place, one had to be at least a rank-8! In fact, the top 50 were all half a step into the Dao realm! This cultivation was actually enough for them to be an official mercenary trainee, but many of them did not immediately choose to join a mercenary group. After all, not only was it safe inside, but it was also very helpful in raising their cultivation. This was why many people chose to break through to Dao realm before joining. But there were also many people who were not like this. They felt that it was not good to be too comfortable, so they joined the mercenary group early, using life and death to stimulate themselves to break through! "That's right. I'll make a breakthrough in the next two days. At that time, I'll get the one hundred and fiftieth place. At the same time, I'll rule the world and disband the Silver King sect." "As for that Ji yaoyue, she's just a woman. If you like her, she can warm your bed for you." Morolais knew his brother's character, so he spoke indifferently, not caring at all. "Big brother ... That's ... That's great. I'll hurry up and heal my injuries. By then, you must bring Ji yaoyue to me!" When moroiola heard this, he was extremely excited. The moment he thought of women, he was filled with energy. "You, if you put your interest in women on cultivation, with your comprehension of the power of stars, you definitely wouldn't be a rank-5, and I wouldn't have to stand up for you." Morolais shook his head and said helplessly. "I know, brother. I'll go and cultivate now!" Moroiola waved his hand and asked the people below to carry him out. Morolais sighed, and his expression became even more

speechless. Early the next morning, Zhou Hao and the others gathered the people of the Silver King sect and went directly to the killing field. From today onwards, they would have to work hard in their cultivation. This was also a rule set by Zhou Hao. The Silver King sect's people were all mighty. Zhou Hao, Ji yaoyue, and Ling Tian were walking in the front, and the people passing by were all very surprised when they saw them. "This must be the Silver King sect. They're quite powerful. I heard that even moroora was defeated!" "That's right. It's surprising that Moro' Lai didn't come to find trouble." "Hmph, Moro olais values his reputation the most. Although he dotes on his little brother a lot, he still has to find an opportunity. The star cluster won't cause trouble for the Silver King sect in the short term." They were all whispering and couldn't help but say. The people of the Silver King sect heaved a sigh of relief. Zhou Hao naturally heard it as well, and Ling Tian who was at the side hurriedly said, "This moroora's brother is the leader of the star group. His name is moroora. His cultivation is at Level Seven, and he's extremely extraordinary. He's ranked 163rd on the ranking. Fortunately, he didn't come looking for us. Otherwise, the consequences would be hard to say." After Zhou Hao heard this, he also nodded. He was still unable to defeat a rank-7 at the moment. If they really fought, it would be a difficult battle. "Well, let's wait and see. There won't be any trouble for the time being, but we have to be careful." Zhou Hao said indifferently. At this moment, the Silver King sect had already reached the entrance of the killing field. Not far away, a mighty team was also walking over. From the looks of it, there was no doubt that it was an official star group! The leader was a big man wearing golden armor with a Red Planet drawn on it. And this person was morooly. At this moment, they walked directly to the front of the Silver King sect. As soon as the two sides met, the smell of gunpowder instantly rose!

Chapter 863

Chapter 863: Fighting with oneself

Zhou Hao looked at the cluster of stars in front of him, then turned his gaze to the man in the lead. His cultivation base was very strong, and his appearance was similar to moroora. There was no need to ask, this person was definitely Moro Olai! "So you're Zhou Hao. You're quite capable to have defeated my brother. But don't be too arrogant. I won't be free for a while. When I break through to level eight, it'll be the time for your Silver King School to disband." "You, Zhou Hao, I'll make you kneel in front of my brother. And that woman, she's Ji yaoyue, right? I'll make you lie under my brother's crotch." Moro' Olai's voice was cold, and his words were overbearing. "Aren't you afraid that the wind will hurt your tongue?" Zhou Hao squinted his eyes, and a hint of killing intent flashed in them! Although he was still unable to deal with a level Seven strength

directly, if he used his trump card and condensed the spatial power of the void beast, it was not impossible for him to fight! “Hahaha, I, Moro’ Lai, never brag. You can wait.” Morolais laughed out loud. A mere level three cultivation, even if he had defeated his younger brother, he still did not take it seriously. “Moro Olai, you’re really good at bragging. So what if you’re bullying a newcomer? if you’re so capable, then push your star cluster to the first team. If you’re so capable, why don’t you enter the top 100?” At this moment, a clear and cold voice came through. Soon after, a beautiful scenery came over. The female interstellar Army! They were all wearing light blue armor and looked very beautiful. The woman in the lead even had a look of disdain. Who else could it be besides manlirui? “Manliria, you want to stand up for this kid?” Morolais’s expression changed. The female interstellar Army was not something he could shake. They were one of the three Giants. Even if he had broken through to rank-8, he could not be compared to them! Moreover, the woman in front of him had a cultivation of peak rank-8. Her spiritual power was extremely strong. If they really fought, he would lose without a doubt! “I just can’t stand your arrogance.” Manliere snorted coldly, showing no fear. The people from the star group didn’t dare to say anything when they saw this. The women in space army was not something they could compete with. Moro’ Olai’s expression was extremely ugly. He snorted coldly and did not say anything else. He turned around and left. Zhou Hao looked at manlirui and said gratefully, “Thank you for helping me out.” “It’s nothing,” manliere said nonchalantly. “But you really can’t rest for a day. I’m surprised that you defeated moroora.” Zhou Hao smiled and waved his hand. “Don’t think too highly of me, I’m also very helpless.” Zhou Hao shook his head and said. “Let me introduce you. This is Ji yaoyue and Ling Tian from the Silver King sect. This is the third sister of the women in space army, manlirui.” Zhou Hao quickly introduced. Manlirui’s gaze stopped on Ling Tian for a moment before turning to Ji yaoyue. Between beautiful women, it was natural for them to size each other up. Manlirui was also considered a beauty. Although she was from a foreign race, her style and passion were not something that the humans of Earth Star could compare to. Ji yaoyue, on the other hand, had an alluring appearance and a voluptuous figure. Her beauty as a human from Earth Star was fully displayed, which made manlirui exclaim in admiration. “Ji yaoyue, you’re a beauty indeed.” Manliere smiled politely. “You’re pretty too, and ... Very strong ...” Ji yaoyue chuckled. “Alright, I’ll stop here. I’m going in to cultivate. Zhou Hao, don’t forget, let’s have a sparring session of spiritual power when we’re free.” After manlirui said this, she led her men into the killing field. After they left, Ji yaoyue couldn’t help but ask, “Zhou Hao, you’re not womanizing around here, are you? If Xu Ling knew about this, she would definitely strangle you.” Zhou Hao was speechless. Do I look like that kind of person? alright, hurry up and go cultivate.” Zhou Hao rolled his eyes at Ji yaoyue and walked in with his men. “My goal today is the third level!” Zhou Hao handed in his points, feeling extremely pained. 2000 points per hour, and the first level only had 300 points! The third level was almost ten times more! “Hmph Hmph, you’re feeling heartache over these points. If you knew what use this third level has, you definitely wouldn’t feel so heartache!” At this time, the frog couldn’t help but say. “That’s right, I really don’t know what the third level is.” Zhou Hao said in a good mood. “This third level is a great use. He can choose an opponent for you, but you can also create your own.” “The system will distribute them according to the character you create, the cultivation techniques you input, and so on. You will be able to fight

against them in a targeted manner.” The frog said indifferently. “That powerful? doesn’t that mean that I want to train my body, find a strong physical body, cultivate my spirit energy, and find a strong spirit reader?” Zhou Hao said directly. When the frog heard this, it smiled and said mysteriously. “That being said, you overlooked one point, and many others have overlooked one point.” “What do you mean? I don’t understand. What did I miss?” Zhou Hao could not understand. “Look at what I said carefully. I said that he will work together to distribute them so that you can fight against them. You can input your own attributes and create a person who looks exactly like you. See how he fights and see what the difference is between you and the person assigned by the system!” Zhou Hao was stunned when he heard that! “There’s such an operation?” “Of course, this is the essence of the third level!” The frog said indifferently. Zhou Hao was extremely shocked. He had never thought that there would be such a thing. He became excited on the spot. “That’s great, I’ll try it then!” Zhou Hao entered his own attributes on the spot and created a person who looked exactly like him and had the same cultivation level. Of course, he didn’t put in the nine-revolution Saint body cultivation technique and deity vanquishing technique because he wouldn’t use them. Soon, the virtual space was formed, and Zhou Hao entered it. He saw a person who looked exactly like him. “It’s really the same. Cultivation, speed, strength, physical body, spiritual power, cultivation technique ... Everything is the same. I’d like to see how strong he is!” Zhou Hao had never fought with him before, so he was very curious. “He’s definitely stronger than you. The system will analyze and organize the data you provide and upgrade the character you create to the extreme. It’s not something you can compare with. What you have to do is to study as hard as you can. Learn how to use force, how to fight, and even how to control the power of space!” The frog said. Zhou Hao nodded and clicked ‘start’. In the next second, a golden light appeared in front of him. He had raised his ancestral body to the extreme!

Chapter 864

Chapter 864:-power of blood essence

Zhou Hao’s face was filled with shock! Although the ancestral body was a physical body technique, and there was no cultivation technique comprehension in it, it was completely based on whose physical body’s level was higher! However, at this moment, Zhou Hao could still feel that the power of his opponent’s ancestral body was stronger than his! “Why is that? It doesn’t make sense!” Zhou Hao instantly put some distance between them. He did not want to be killed in an instant! “Hmph, do you really think that the higher your rank, the more powerful your ancestral body will be? You’re really too naive!” “The ancestor body is the ancestor of all bodies. It naturally needs to be

comprehended. You've stopped at simply relying on external forces to improve and neglected the ancestor body itself!" The frog's disdainful voice was heard at this time. "What's that?" Zhou Hao couldn't help but ask. "Go on your own!" The frog rolled its eyes. Zhou Hao felt helpless. At this moment, he had already attacked from a distance. His powerful physical strength stirred up endless qi and blood, shocking Zhou Hao. He didn't hesitate to use his ancestral body. Although it wasn't as strong as his golden light, it was still extraordinary! In the next second, Zhou Hao's virtual Zhou Hao, who looked exactly like him, waved his hand. A powerful qi and blood energy shook the void, causing the air pressure around Zhou Hao to become unstable. In the next second, the virtual Zhou Hao arrived. The ancestral body's powerful qi and blood power condensed into a fist. It expanded in the air and smashed toward Zhou Hao. "F * ck! What the f * ck is this? does the ancestral body have a spell?" Zhou Hao's scalp went numb. He was extremely shocked at this moment! He didn't hesitate and immediately used the great fist of destruction! This was because he knew that if he didn't use the fist of destruction, he would definitely be defeated in one blow! Zhou Hao had long known the power of the destructive fist. With this punch, he instantly shattered the blood Qi fist. However, his all-out attack had no effect on the virtual Zhou Hao. He raised his hand, and his powerful qi and blood condensed into countless fist winds, which he sent toward Zhou Hao. The wind from the punch was so dense that it made Zhou Hao's scalp tingle! "F * ck, what the f * ck is going on? why can't I do it?" Zhou Hao was depressed. He had been learning the ancestral body for so long, but he didn't even know this spell. What was he doing? The frog ignored Zhou Hao and didn't speak. Zhou Hao didn't hesitate at all. He put on the thousand feather armor and used his movement technique. At the same time, he threw out a great destruction fist. After breaking the spell, Zhou Hao was already drenched in sweat and his face was still filled with fear. Although this virtual Zhou Hao didn't use any complicated means. However, the great Dao was pure. The simpler something was, the more unexpected the effects it could have! Furthermore, strength could overcome ten techniques. Any powerful technique would be useless in the face of absolute strength! Zhou Hao understood this. He stared at the virtual Zhou Hao nervously. At this moment, the virtual Zhou Hao took a step forward. The golden light around his body began to boil, and the powerful force made people tremble! Wherever the golden light went, it was as if it could evaporate the void. The scorching power caused Zhou Hao's expression to change greatly! "My God, what the hell is this ... What kind of power is this!" Zhou Hao couldn't believe it. This was the first time he had seen the ancestral body exude such power, and it shocked him! Whether it was the heat or the power of his blood, compared to Zhou Hao, it was like heaven and earth! "He's at the same cultivation level as me? Why don't I f * cking believe you?" Zhou Hao was dumbfounded and confused! "Don't doubt it. He's of the same cultivation as you. It's just that he's used his qi and blood to the extreme, while you're just scratching the surface!" The frog couldn't help but say at this time. Zhou Hao was also dumbfounded by its look. At this time, the virtual Zhou Hao waved his hand, and the heat waves came over, making Zhou Hao, who was wearing the thousand feather armor, a little overwhelmed! The immense heat caused his Yuan Qi to drain away rapidly. Furthermore, the power that suppressed his life force made Zhou Hao's qi and blood condense and slow down his movement! The virtual Zhou Hao stomped his feet and burst out with astonishing speed. The power of the ancestral body in his hands was

incomparably powerful, like a heavenly soldier descending to the mortal world. No one could look at him directly. "This won't do. If this is the case, I'll lose without a doubt!" Zhou Hao couldn't care less. He hurriedly performed the God-killing and the nine revolutions sacred body art. His cultivation instantly reached the sixth grade. He also performed the great fist of destruction in an attempt to block it. However, the power of his own punch was like the melting of rain. It dissolved in an instant. The fist of the virtual Zhou Hao instantly penetrated Zhou Hao's body and destroyed the body he had condensed in the virtual world! The Golden flames rose and Zhou Hao's last remaining consciousness could only feel an endless power destroying him. The next second, he was back in the virtual pod! He took off his helmet and was drenched in sweat. This battle had not taken long, but it had caused a huge uproar in Zhou Hao! "Too strong, too strong. My ... My level six cultivation, combined with the ancestral body and the great destruction fist, can't resist it!" Zhou Hao was in disbelief. If not for the fact that the Golden glow felt exactly the same as the ancestral body, Zhou Hao would have thought that he had cultivated it wrongly! "Hmph, the ancestor body is the ancestor of all bodies. It's not worthy of the title if it only has amazing defensive power. All essences come from the inner body, and your essence comes from your blood essence!" "The true power of the ancestral body is that it can upgrade your physical body infinitely. To put it bluntly, it can upgrade your blood essence!" "It's not just about upgrading, but also about how to use it. The biggest test is how to stimulate the power of the blood essence!" The frog began to teach him. It didn't say anything just now not because it didn't want to, but because it wanted Zhou Hao to experience it for himself. "It's just like the cells in a human brain. Some people are already very good if they can develop 3% of their brain cells. Some people can develop 10% of their brain cells and are very smart. However, some people can develop 150% of their brain cells or even more. The word 'genius' can't even be used to describe them!" "The same goes for the bloodline in the body. At this time, there is no such thing as a noble bloodline. The only thing is how much power has been developed in the blood essence. You ... Have only developed one-tenth of it, and the virtual body you just created is only about forty percent!" "A true ancestral body is enough to develop your blood essence to 100%. At that time, your life form will be able to break through the shackles of the universe and truly rule the world. Without even making a move, your life form level is already enough to crush everything. How can you not be strong?" The frog's voice made Zhou Hao excited. If that was the case, he would have a chance to reach this level! However, he still couldn't help but ask, "Then How do I stimulate the development of the blood essence?"

- Chapter 865

Chapter 865

Chapter 865: Unruly Princess Lilia

Zhou Hao was shocked, but at the same time, he was extremely anxious. "The ancestor body is the ancestor of all bodies, so it's naturally very difficult to cultivate it. In the end, it's also the comprehension of nomological laws. The ancestor body is supplemented by vital qi and blood essence as its Foundation. To completely master it, you need to constantly compress and refine blood essence." "I believe that you have heard of the tempered steel thing. This is what it means. If you want to fully control the blood essence, you have to compress its concentration and quality. Only when these two points are improved can your blood essence develop to the requirements of the ancestral body." "To put it bluntly, removing the impurities in the blood essence is similar to body tempering!" After the frog said this, Zhou Hao suddenly felt helpless. If it was a physical body, he could still understand, but if it was blood essence, he really had not done it before! "I knew it. You don't know what to do. Body refining and blood refining seem to be different by one word, but the difference is too great. First, it's your Origin Energy, but it's too difficult to improve it. You can only do it slowly. As for short-term benefits, I have a way." The frog said mysteriously. "What do we do?" Zhou Hao said immediately. "I'll use external forces to refine my blood essence!" After the frog finished its sentence, Zhou Hao was stunned for a moment, but he immediately understood! "I understand ..." Zhou Hao hurried out of the training room and went to the mercenary training ground. After looking around, he fixed his eyes on one place! "The heavenly Fire pond!" When Zhou Hao saw the three words, he smiled. "This is the place!" The frog naturally saw it and chuckled. "Using fire to refine it is not bad. However, this pain is not something that ordinary people can bear!" "What's the big deal about pain?" Zhou Hao shook his head and turned around to walk toward the heavenly Fire pond. The heavenly Fire pond was an extremely important place in the mercenary training base. It was the favorite training ground for fire attribute martial artists. Immersing oneself in the fire element could speed up one's absorption. For a martial artist, finding a cultivation ground with the same element was extremely important! It was much more advanced than absorbing the heaven Earth Yuan Qi! At this moment, Zhou Hao walked over in a hurry. Just as he entered the heavenly Fire pond, he heard a commotion coming from inside. "I obtained this fire essence, what right do you have to snatch it away!" The voice belonged to none other than Ji yaoyue. At that moment, she was furious as she glared at the woman in front of her who had the same hot body. However, this woman had a head of fiery red hair, and her entire body exuded a bronze color. The lines on her body were very beautiful, and she had a fiery red tail, which made her look even more enchanting. At this moment, he was playing with a piece of crystal in his hand, and there was a strange little flame burning inside. "On what basis? Although this fire essence was obtained by you, the treasures of the world belong to the capable. You don't have the ability to obtain it, so it's naturally mine!" The woman with the fiery red tail was unforgiving and even more unreasonable. "You ... You're really shameless. How can you say such words? I clearly got it, but you snatched it when I was unprepared. You're really sinister. Quickly give me the fire essence, or I won't be polite to you!" Ji yaoyue was truly enraged as well. "Impolite to me? You're really not afraid of biting your tongue. Do you believe that I won't make you unable to take a single step into this Heavenly Fire pond in the future?" "Hmph!" The woman snorted

coldly. Her voice was icy and threatening. "This is the training base. Anyone can enter the heavenly Fire pond. What right do you have to stop me from entering?" Ji yaoyue said directly, full of disdain. "What qualifications do you have? Then I'll let you see what qualifications I have. Come, ruthlessly teach this little slut a lesson. In the future, as long as she dares to enter this Heavenly Fire pond once, beat her up once, until she doesn't dare to come in!" After the lady finished speaking, four fourth-grade martial Saints walked out from behind her and surrounded Ji yaoyue. The woman crossed her arms and looked at Ji yaoyue with a cold smile. When Zhou Hao saw this, he snorted coldly and took a step forward. His body turned into an afterimage, landing directly in front of the woman. The woman's expression changed, but before she could do anything, Zhou Hao's eyes flashed with a strange power. He launched a spiritual attack, causing the woman to lose her focus. At this moment, Zhou Hao had already taken the fire essence that she was fiddling with. In a flash, he appeared in front of Ji yaoyue and the four of them. The sudden turn of events ended in an instant. By the time the woman came back to her senses, her hands were empty. Not far away from her, Zhou Hao stood there, his expression cold. "Where did this dog come from, to actually dare to snatch my fire essence!" The woman was instantly infuriated. The four men looked at Zhou Hao with surprise and fear. Ji yaoyue heaved a sigh of relief when she saw Zhou Hao. Before she could say anything, Zhou Hao handed her the fire essence. "Leave this to me, don't worry." After Zhou Hao finished speaking, he turned around and looked at the group with his arms crossed. "Zhou Hao? Zhou Hao from the Silver King School, right? How arrogant. Does he think that he's invincible just because he defeated the star cluster, moroora? How dare you snatch my things? do you believe that I will make your Silver King sect disappear?" The woman was furious. Zhou Hao had taken her things away in an instant, and she had lost all her face! "You're really an unruly girl. The few of you can't defeat me, so if you want to find trouble with my Silver King sect, find someone who can fight. " Zhou Hao snorted coldly. He would never take the initiative to provoke others, but when others bullied him, he would not tolerate it. In his dictionary, there was no such thing as swallowing one's pride and suffering. Even if he couldn't win, he would find a way to make up for it. "Hmph, how arrogant. What are you guys waiting for? hurry up and beat the two of them down!" The woman was furious and immediately shouted. "Miss Lilia, this Zhou Hao is very troublesome. Even the four of us might not be able to win against him!" What a joke. Zhou Hao could beat moroora to such a state. Although the four of them were rank-4, they did not dare to make a move easily! "Trash, my big brother asked you to protect me, and this is how you protect me. I don't care, get the fire essence back for me and teach them a lesson. Otherwise, I'll ask my big brother to break your legs." Lilia was unforgiving and had an unruly look on her face. It was obvious that she was used to being arrogant and was lawless! Zhou Hao was helpless. As a man, he would not stoop to the level of a woman. After snatching the fire essence back, he turned around and left with Ji yaoyue, ignoring the others. However, when Lilia saw it, she bellowed in rage. "If you're not going to do it, fine, I'll do it. Zhou Hao, you bastard, stop right there!" As she said that, she waved her hand and a blast of flame power came over!

Chapter 866

Chapter 866:-belreynolds

The power of the flames was extraordinary. It contained a highly toxic will, and as it pounced toward him, Zhou Hao could feel the destructive power gathered within it. However, this was nothing to Zhou Hao. With a wave of his hand, he shot out a beam of vital Qi that was mixed with the power of his ancestral body. It emitted a golden light and destroyed the flames. He had thought that Lilia would stop after he had destroyed her spell with a single move. However, not only did she not stop, she became even more aggressive. She rushed over and took out a lightsaber made of fire, slashing it at Zhou Hao. This item was very powerful, and it seemed to be able to burn the air. "Good treasure!" Zhou Hao squinted his eyes and immediately activated his ancestral body. At the same time, the thousand feather armor covered his body. Zhou Hao did not know how destructive this light sword was, so he did not dare to touch it. He flapped his wings and ten feathers flew out, forming a shield to block the attack. The thousand feather armor was of a very high grade, and even a light sword of this grade couldn't penetrate it. Sure enough, after the light sword formed by the flames set off a long string of sparks, it stopped in the air. The thousand feather armor was not damaged at all! "What a powerful treasure! My fire Kylin sword couldn't break his defense!" Lilia was also surprised. A person who could take out such a treasure was definitely not someone from a small faction! At this moment, Zhou Hao let out a cold snort and pushed out with his palm. A powerful physical strength stirred up a storm in the air, pushing Lilia back a hundred meters. However, Zhou Hao did not hurt her. At the end of the day, Zhou Hao was not afraid of her. He just did not want to stoop to his level. Lilia's heart trembled. She had yet to recover from the shock of seeing Zhou Hao's treasure. Although she was arrogant, she was not a brainless person with big breasts. Thinking back to Zhou Hao's past achievements, she suddenly felt that this mysterious man was definitely not an ordinary person! At the very least, an ordinary person would not be able to take out such a powerful treasure! Zhou Hao stopped Lilia, narrowed his eyes, and said immediately. "Lilia, I don't want to be your enemy. Please conduct yourself with dignity. This fire essence originally belonged to my friend. It's only reasonable for me to take it back. If you continue to be so unforgiving, don't blame me for not being a gentleman." Zhou Hao snorted coldly. She had provoked him time and time again. It was only because she was a woman that Zhou Hao did not want to lower himself to her level. However, he couldn't let her do as she pleased! Lilia was furious. When had she ever been humiliated like this? tears welled up in her eyes. Not only had her things been taken away, but she had also almost been taught a lesson. This made her extremely angry and she felt extremely wronged. "Zhou Hao, you're bullying me. I ... I'm going to tell my brother!" As Lilia spoke, she actually started to wipe her tears. This made Zhou Hao feel helpless and he could not help but say. "Young miss, you really have a fragile heart. I didn't do anything to you, so why are you crying?" Zhou Hao sighed. "You're bullying me ... No one has ever dared to bully me like this in my entire life. Just you wait,

I'm definitely going to tell my brother!" Lilia was so angry that she left in a Huff. The four of them quickly followed. Zhou Hao sighed and turned to look at Ji yaoyue. "Who is this person?" Zhou Hao was very curious and could not help but ask. "Her name is Lilia. Her cultivation isn't very high, only a fourth-grade martial Saint. She's only been in the training camp for less than half a year, so she's not difficult to deal with. She's her brother ... Belreynolds!" After Ji yaoyue finished her sentence, Zhou Hao was stunned for a moment. Then, he suddenly thought of something and his eyes widened. "You ... You mean ... The 51st ... Belreynold!" Zhou Hao cried out in surprise. He now understood why Lilia was so pampered. She had a brother who was ranked fifty-one, so she was definitely going to be arrogant! "That's right. His brother ... Is half a step into Dao realm. He's also an expert who's just a step away from breaking through to Dao realm. He's ranked 51st a month ago. Now ... He might be in the top 50 if he has the strength." Ji yaoyue chuckled bitterly and said gloomily. "Her brother is so powerful. He shouldn't ... Make things difficult for us, right?" Zhou Hao was also a little uncertain. If this was a fight between bellreynold and him, Zhou Hao would not be able to defeat him! Half a step to Dao realm and an expert infinitely close to Dao realm! "Who knows ..." Ji yaoyue couldn't tell. "Forget it. There's always a way out. Things will work out when they come to it. Let's go in and train." Zhou Hao shook his head. There was nothing he could do. The other party was so strong. If they really wanted to fight, Zhou Hao could only accept it. After all, the difference in strength was too great. It was like a fight between an adult and a child. Even if he racked his brain, he would not know how to defeat him. "You also come here to cultivate?" Ji yaoyue asked in surprise, taken aback. "Hmm, I may need the flames of the heaven fire pond to refine my blood essence." Zhou Hao couldn't help but ask. "The flames in this heaven fire pond are divided into many levels. There is a fire tower in there, from low to high. I'm proficient in the fire attribute, so I was able to reach the third level. Even on the third level, I can only hold on for a few minutes. The fire attribute there is too powerful." Ji yaoyue couldn't help but ask. Zhou Hao was surprised. Ji yaoyue's mastery of the fire element was the best he had seen among all the Warriors he had met, yet she could only reach the third level. "That's really impressive. It's fine, I'll start from the first level. " Zhou Hao smiled, then looked at the fire essence in her hand and asked curiously. "What is this fire essence?" This thing was very strange. When Zhou Hao held it in his hand, he did not feel any heat. Instead, it had a stone-like texture, and it was cold. "This is fire essence. It can be condensed in the flame Tower, but the conditions are very harsh. One must be proficient in fire-attribute cultivation techniques, compress the flames in the flame Tower, and then compress them again to form this thing. If you use this thing to absorb it, you will get twice the result with half the effort." Ji yaoyue said immediately. "Eh? Then why can't you just absorb the fire attribute Yuan Qi directly?" Zhou Hao was a little confused. Although this thing was good, it would take a lot of time to compress it. With this time, wouldn't it be better to absorb more fire elemental Yuan Qi? "It's not that simple. The yuan Qi of fire nature is not so easy to absorb. Any fire can not be separated from gambling. Moreover, the fire poison is very difficult to get rid of. Once it has penetrated into the bone marrow, it can't be removed even after several years. So, most people have ways to refine the fire nature, and this fire essence is one of the most effective ways!" Upon hearing this, Zhou Hao finally understood. So this was what happened after all this time. At the same time, he started to worry. If he used fire to

refine his blood essence, would he also be poisoned by the fire poison? Even though Zhou Hao was worried, he still had to give it a try. Hence, he walked into the flame Tower with Ji yaoyue, found a cultivation room, and entered.

Chapter 867

Chapter 867:-coming to the door

As soon as he entered the training room, Zhou Hao felt a wave of heat. He was very shocked. He immediately saw that there was something like a pool in the room, and flames were burning inside. The flames were violent, but Zhou Hao could still feel it. It was impossible for this kind of flame to hurt Zhou Hao. Zhou Hao walked into the center of the fire pool and sat down cross-legged. The flames around him suddenly became fierce, but Zhou Hao's ancestral body was not afraid of the flames at all. He allowed it to roast him without suffering any damage. "Draw fire into your body and refine your blood essence." Zhou Hao took a deep breath and closed his eyes. With a deep breath, a flame entered his body. He hurriedly used his Yuan Qi to wrap around the flame and controlled it to land in one of his meridians. Then, he slowly released the heat of the flame and let the blood essence pass through the flame. Rip! It was like pouring water into fire. Zhou Hao felt as if his blood essence was about to evaporate. However, his blood essence not only contained the power of his ancestral body but also the cells of the void beast. There was no problem. Zhou Hao slowly refined his blood essence. He was surprised to find that the flame was effective. The impurities in his blood essence were reduced! Although the speed was slow and the efficiency was low, Zhou Hao was still very excited! "It's effective!" Zhou Hao grinned. As long as it was effective, he would have a chance! "It seems like the flames on this level are of little help to me." Zhou Hao stood up and went to the second floor without saying anything. He found a room and went in. The flames of the second level were twice as strong as the flames of the first level! Zhou Hao chuckled in satisfaction and immediately began the tempering process. As expected, the efficiency was much higher, which made Zhou Hao excited. However, Zhou Hao could sense that there was an extremely obscure fire poison in the flames. The moment it appeared, Zhou Hao sensed it and immediately used his Yuan Qi to block it. "Is this the fire poison?" Zhou Hao frowned when he saw a tiny black sticky thing. It was no wonder that Ji yaoyue valued this item so much-it was indeed highly toxic! If this thing was attached to the body, in the long run, he would definitely be devoured by the fire poison and die! "It seems that I'm still unable to set foot in the third level. I can control the fire poison in the second level, but I'm afraid it'll be tough for me to get to the third level!" Zhou Hao furrowed his brows. If that was the case, his speed would be much slower. "How can I find a way to block the fire poison?" Zhou Hao took a deep breath, feeling depressed. He didn't know what to do right now, so he could only slowly refine it. A full day had passed, and Zhou Hao had spent close to 2000 points to

refine only a few milliliters of blood essence. Looking at the density of the blood essence, Zhou Hao was still a little moved. "If my blood essence is this pure, my ancestral body will definitely have a qualitative leap!" Zhou Hao was extremely excited, but what followed was a sense of helplessness. "If I refine at this speed, I'll need at least ten years to refine all the blood essence in my body. This speed is not good!" Zhou Hao was very distressed. He still needed to think of a good solution for this matter! Ji yaoyue was already waiting for him outside when he walked out of the flame Tower. However, her expression was a little ugly at the moment. When she saw Zhou Hao coming out, she hurriedly said, "Zhou Hao ... Belreynold ... Is here ..." Zhou Hao was dumbfounded when he heard that. "Damn, this guy really came!" Zhou Hao was depressed. This guy couldn't be so low class, could he? he actually came to find him. "Um ... He's waiting for us at the door with his men. What should we do?" Ji yaoyue was getting anxious as well. After all, that was a half-step Dao realm expert! The two of them combined could not even touch a finger of the other party! "We'll deal with whatever comes our way. Let's go and take a look. " Zhou Hao could only brace himself and walk out of the flame Tower with Ji yaoyue. As soon as he walked out, he saw more than ten people standing outside. The leader was a thin man. He was also bronze in color, had fiery red hair, and a long red tail. He stood there with an air of authority without being angry. The surrounding vital Qi moved slightly, bringing with it a murderous intent. Lilia stood at the side with her head held high. She lifted her chin so high that it seemed as if she was about to reach the sky. There were also many people standing around to watch the show. It was obvious that they knew about this. "This Silver King School is really arrogant. They even dared to offend belreynold. This guy is really ruthless. He's ranked 51st. Not many people dare to not give him face." "That's right. Zhou Hao even F * cking bullied Lilia. Now that her big brother is here, I'd like to see how Zhou Hao will deal with this." "Clean up? It's likely that he was crippled. It's not the first time something like this has happened. " They were whispering to each other, and their voices were very low, but Zhou Hao could still hear every word. Zhou Hao's appearance attracted the attention of everyone present, including bellreynold. With that one look, Zhou Hao felt an invisible pressure pressing down on him. The powerful aura was extraordinary, and there was a strange power that was above the yuan Qi. "So strong!" Zhou Hao activated his ancestral body to resist his aura. "As expected, he's an expert who's infinitely close to the Tao state. He's even already comprehended Tao techniques!" Zhou Hao squinted his eyes and took a deep breath. He then walked forward and looked at berreynold. The latter was slightly surprised and smiled. "Zhou Hao, you're quite brave. You're not trembling in fear when you see me." "I'm not afraid," belreynold said. His words were domineering, and he had the right to do so. "Sorry to see that. I'm actually very scared." Zhou Hao smiled and said. "Is that so? When you were bullying my sister, were you ever afraid?" Belino narrowed his eyes and his tone turned cold. "Belreynolds, I, Zhou Hao, have never been a person who would stir up trouble, nor am I a coward. Since you've come looking for me, let's be frank. What do you want?" Zhou Hao didn't waste any time. Since he was here, he naturally wasn't here to chat with him. "You're quite courageous. No wonder you're the most difficult newcomer. However, you're still too arrogant. How dare you bully me? I won't make things difficult for you. Break your arms and apologize to my sister, and I'll let you off." After saying this, everyone was stunned. They knew that belreynold wouldn't give up, but they didn't expect him to be so strong!

Asking someone to cut off his own arms and still apologize, this attitude really shocked them! Zhou Hao also heard it. He squinted his eyes and looked up at Belreynolds. His voice was not loud, but it was full of strength. "What if I say no?"

Chapter 868

Chapter 868: The void beast, appear!

When Zhou Hao finished his sentence, everyone was stunned. They could not believe that Zhou Hao would say such things to Belreynolds! This was simply courting death! Sure enough, Belreynold's face instantly darkened. He never thought that Zhou Hao would dare to speak to him in such a manner. It had been a long time since he had met someone like that in the mercenary training camp! "You're indeed a troublemaker. Zhou Hao, you should know what the consequences are for offending me!" Belreynold's voice was extremely cold. At this moment, he really wanted to attack! However, he was still controlling himself. It wasn't that he didn't want to, but he was still concerned about his face! After all, he was ranked 51st on the leaderboard, but he actually attacked a player who wasn't even on the leaderboard. It was really bullying! He didn't want to be criticized like that, so he asked Zhou Hao to cut off his arms. Only then would he be able to avoid being criticized. However, he had never expected that Zhou Hao would be such a tough nut to crack! "I know, but I'm not afraid. You're strong, but I still can't defeat you. You can't beat me at the same level of cultivation." Zhou Hao said arrogantly. This was his confidence and pride! "What did you just say?" Belreynold was instantly enraged! "You said that I can't beat you in the same cultivation level? Zhou Hao, where did you get the guts to do that?" "You can try. In the virtual space, do you dare to bet?" Although Zhou Hao said that, he was actually overjoyed in his heart. This Belreynolds was very proud. The best way to deal with this kind of person was to hit his self-confidence and self-esteem! As long as he could do that, he would definitely be embarrassed. By then, he would have fallen into Zhou Hao's trap! "Big brother, why are you talking so much to him? Just beat him up!" Lilia couldn't take it anymore and said hurriedly. "You want me to bully a guy who can't even get into the rankings? If word got out, would I, Belreynold, still have any face left? Even Moro' Olais has to be wary of his reputation. Do I not have to be wary?" Belreynold immediately said. When the surrounding people heard this, they agreed that it was indeed the case. Although it would be easy to get rid of Zhou Hao, after all, Belreynold was ranked 51st. If this news were to spread, wouldn't he become a laughing stock? "Zhou Hao, I'm too lazy to play games with you in the virtual space. However, don't even think about letting today's matter go. Take one of my attacks. Whether you live or die will depend on your own luck!" Without further ado, he took a step toward Zhou Hao, and the boundless power of

his cultivation slammed into him like a mountain! Not only that, but at that moment, a terrifying Dao realm fluctuation swept over! At that moment, Zhou Hao felt as if he was facing the might of the heavens. It made his scalp tingle, and he could not believe it! "So strong! Is this the power of someone infinitely close to the Dao realm?!" Zhou Hao took a deep breath. Before Belreynold even made a move, Zhou Hao already felt the threat of death! At this time, Belreynold stretched out his hand. This palm didn't look big, but it was like the might of the heavens. In Zhou Hao's eyes, it was enough to cover the sky! Zhou Hao was unable to block or dodge the giant hand. He wanted to teleport, but he found that it was useless! "Under my cultivation, you can't move at all. This is the suppression of levels!" "Although I'm not in the Dao realm, I've comprehended a bit of Dao realm laws. With the laws, you won't be able to test anything. So, no matter how sharp-tongued you are, when you face absolute strength, you will only die!" Belreynold said indifferently. He didn't hesitate to strike with his palm! Zhou Hao shouted when he saw the incoming palm strikes! At the same time, he didn't hesitate to use his ancestral body, the nine revolutions Saint body technique, and God Slayer at the same time. His cultivation instantly reached the sixth grade Saint level! However, this was still not enough. There was still no suspense when a rank-six faced a half-step Dao realm! However, this was Zhou Hao's greatest cultivation base! Without any hesitation, Zhou Hao immediately covered his body with the thousand feather armor. The feathers behind him instantly turned into a shield in front of him! This was not enough! Zhou Hao drew out the seven blades of the underworld, which immediately turned into a sky full of blade light and gathered. But ... This was far from enough! It was far from enough! The powerful pressure made Zhou Hao's expression turn extremely ugly, because he did not block the palm at all! The feathers were instantly scattered. The saber gleams that filled the sky were also shattered into pieces! Zhou Hao knew that even if he didn't die from the palm, he would be dead soon! "It seems like I can only use the void behemoth!" Zhou Hao took a deep breath. In his current state, there was no way he could defend against Belreynold. The two of them were not on the same level! And his only method was ... A void beast! At this moment, the void beast was right beside the divine mulberry tree, fighting against it for every second! Zhou Hao's consciousness descended there, and the void beast opened its eyes. A primeval force instantly burst out from its body! Not only that, but a powerful spatial current was also instantly unleashed. The void beast suddenly raised a claw and lifted it fiercely, instantly tearing a powerful spatial crack. At the same time, a Rift appeared in front of Zhou Hao. The claw of the void beast seemed to have crossed an endless distance to reach this place. It reached out from the rift, its massive claws. It also contained a shocking spatial power! BOOM! The two palms collided. At this moment, Belreynold's expression suddenly changed because he felt the power of the huge beast claw! Not only that, he could clearly feel that his palm had shattered countless spaces. It was as if there were thousands of worlds between him and the Beast claw! This was the void beast's innate talent, the power of space! Zhou Hao knew very well that neither he nor the void beast could resist Belreynolds! However, the void behemoth could instantly cast hundreds of spatial domains, allowing them to land on its claws and drain away Belreynold's power! And this effect was clearly effective. After destroying thousands of spaces, 70 – 80% of Belreynold's power was actually destroyed. In the end, the power that fell on Zhou Hao's beast claw was less than a third! This result made him extremely shocked! After the

boom, the beast claw left, but it was not in a good state. Even though it had offset so much power, the beast was still injured. Even Zhou Hao was standing there, trying his best not to vomit blood. Everyone who saw this scene was stunned.

Chapter 869

Chapter 869: Jumping into the Yellow River won't clear your name

They were all shocked by what they had just seen. They had never thought that Zhou Hao would be able to withstand the attack of belreynold! "What was that ... Was that a hand? What a big and strong hand! What kind of creature is this?" "Zhou Hao summoned it. Could it be that Zhou Hao isn't a human, but a ... Beast?" "Oh my God, this can't be. Could it be that the Zhou Hao we saw was only a human clone?" "Isn't this too heaven-defying?" They were all stunned and couldn't believe it. This was normal. After all, many experts would have a few clones. However, they did not expect Zhou Hao to be so powerful! "Although it was just a casual glance, I could feel that the palm was definitely extraordinary. Its life form level must not be low. This Zhou Hao is no ordinary guy!" Some people concluded that Zhou Hao was not ordinary! Ji yaoyue was stunned as well. She had no idea where Zhou Hao had gotten that palm from, but for some reason, it looked so familiar! Seeing Zhou Hao standing there unscathed, belreynold's face turned livid! Although he had not used his full strength just now, this power was enough to destroy any sixth-grade martial Saint! Although he couldn't kill her, it was still too easy to be bedridden for a few months! However, Zhou Hao was not injured at all. This did not make sense at all! "What else do you have to say, belreynold?" Zhou Hao took a deep breath. This was already the time for him to show off! Beyno was puzzled. He looked at Zhou Hao and snorted. "When your cultivation level is the same as mine, I will kill you!" After saying that, belreynold left immediately! Lilia had been watching from the side. When she saw this result, she was also a little surprised and in disbelief. Of course, he was even more furious! He didn't know why his brother didn't attack him directly. What face? what was he afraid of being laughed at? However, seeing that her brother had left, Lilia could only cast a resentful glance at Zhou Hao before turning to leave. After they had left, Zhou Hao whispered to Ji yaoyue. "Let's go, I can't take it anymore ..." Zhou Hao looked uninjured, but he was actually suppressing his injuries on purpose. With that, Ji yaoyue and Zhou Hao hurried towards the Silver King gate. As soon as he entered the Silver King gate, Zhou Hao couldn't help but spit out a mouthful of blood and immediately fell unconscious. "Zhou Hao! Zhou Hao!" Ji yaoyue was shocked. She quickly brought Zhou Hao into the room and bought some medicine to treat him. After a full day, Zhou Hao finally woke up, still feeling a little scared! Although the battle with belreynolds seemed calm and peaceful, and his life wasn't in danger, it was actually very dangerous! What if beyreno really wanted to kill him? Even his true body, the void beast, would not be able to resist it and would die

without a doubt! "I can't take such risks in the future ..." Zhou Hao sighed, but it was the best way to deal with it. Other than this, there was no other way to solve this problem. It was a good thing that Belreynold was a gentleman. Otherwise, he would not have been able to face him! Creak! Creak! At this moment, the door was pushed open and Ji Yaoyue and Ling Tian walked in. Seeing that Zhou Hao had woken up, they ran over hurriedly. "How is it, Zhou Hao? Are you feeling better?" Ji Yaoyue said worriedly. "Much better ... Don't worry, my life is very tough." Zhou Hao smiled and joked. "Zhou Hao, this Belreynolds is indeed powerful. He didn't make things difficult for you, and I can see that he's a man of status. However, at the same time, he will remember what happened today. I'm afraid that if there's an opportunity in the future, he won't hold back." At this moment, Ling Tian could not help but say. Ling Tian would analyze the situation thoroughly every time. "We can't do anything about it. We offended him. Forget it." Zhou Hao shook his head and said helplessly. "Oh, that's right, while you were unconscious, a woman called Manliri came to see you." Ji Yaoyue suddenly said as she thought of something. Her expression was a little unnatural. Of course, Zhou Hao did not notice that. "She's here?" Zhou Hao was a little surprised. This woman seemed to be quite concerned about him. "Yes, indeed, and I'm very worried." At this moment, Ling Tian also smiled. "Um ... What are you laughing at? There's nothing going on between us!" Zhou Hao wanted to cry but had no tears. This Ling Tian was usually very serious, but why was he so frivolous at such a critical moment? "Hmph, Hmph." Ling Tian snorted and left. "You'd better be normal with her," Ji Yaoyue threatened. "Otherwise, I'll tell Xu Ling!" "Oh, that's right. Xu Ling has already broken through to the third grade of heaven rank. Hmph, she's about to enter the Saint rank!" Ji Yaoyue left after saying that, leaving Zhou Hao in a daze. "What do you mean? Hey, wait a minute, what does Xu Ling want to become a martial Saint? Don't tell me you really think that there's something going on between me and Manlirui!" Zhou Hao would not be able to clear his name even if he jumped into the Yellow River! Lying on the bed, Zhou Hao had a rare moment of peace and was recuperating from his injuries. At the same time, he closed his eyes and connected with the void beast. At this moment, the void beast had already arrived in front of the divine mulberry tree, and its mind power was also branding. However, the process of this branding was extremely difficult! As for the earth divine beast, it was already on the verge of a deep sleep. It seemed that it was not far from death. "The divine mulberry tree can still put up a desperate resistance, but it won't be able to resist for long!" Zhou Hao took a deep breath and was extremely excited. When the divine mulberry tree grew, its grade would only be higher than the void beast! Zhou Hao was very satisfied. He looked at it and felt at ease. He estimated that it would not be long before the divine mulberry tree became his. Once he obtained the divine mulberry tree, Zhou Hao knew that his life level would increase as well. He would at least enter level two! Of course, it was only his own physical body. Void beasts and divine mulberry trees had their own life levels. As long as they slowly grew, Zhou Hao would not be able to compare to them. Zhou Hao smiled and immediately withdrew his spiritual power. His injuries were almost healed, and Zhou Hao walked out of the door. Ji Yaoyue and Ling Tian both went to cultivate. Zhou Hao was bored by himself and could only walk out of the Silver King sect. What he was in a hurry to do now was to find a way to expel the fire poison. It was something that could even block the fire poison. However, this thing could only be encountered by chance and not sought after. Zhou Hao could only try his

luck. With that in mind, Zhou Hao decided to go to the training base's Mall to take a look first. If there was one, it would be a great thing for Zhou Hao!

Chapter 870 - The sacred fire Pearl

Chapter 870: The sacred fire Pearl

Zhou Hao went to the mall and started looking for something that could remove the poison. He came to the first floor of the mall and went straight to a vending machine. He clicked on the purchase option and scanned around, but did not find anything suitable. Zhou Hao glanced at the options on the panel, then clicked on the human service option. The next second, a robot's face appeared on the machine. The robot nodded slightly at Zhou Hao, then asked politely, "Hello, Sir. May I help you with anything?" "I want to buy a potion that can remove toxins. Do you have it here?" "Please wait a moment. I'll check it for you immediately." "Searching ..." "I've found six options to remove the toxins. Please choose the most suitable option." After the customer service representative finished speaking, six options appeared on the machine's panel. After Zhou Hao opened it, he immediately began to look through them one by one. He found a potion that could dispel fire poison, which was more suitable. However, when he opened the detailed description, he realized that the duration of the demoness's effect was a little too long. The effect of removing the poison was very slow, which made him dissatisfied. Therefore, Zhou Hao exited the interface and asked the customer service again, "Do you have any other potions that can dispel fire poison?" The customer service employee's face appeared in front of Zhou Hao again. He asked in confusion, "Customer, I've found out that you don't cultivate the fire attribute. Why do you want to buy the medicine to remove the fire poison?" "We have a lot of potions with attributes suitable for your cultivation. You can take a look at the others." Zhou Hao was speechless. He didn't expect this customer service robot to say such vague words to fool him. It seemed that he couldn't get any useful information from this customer service. Hence, Zhou Hao turned around and left, preparing to go to the second-hand market to try his luck. Zhou Hao walked into the mall and found that the second-hand market was quite lively today. The entrance of a shop they entered was crowded with people. It was so packed that even water couldn't get through. Zhou Hao could vaguely hear the owner of the shop shouting, "Don't push, don't push, everyone has a share!" It seemed that it was some kind of popular cheap product that attracted everyone to swarm over. Walking further, Zhou Hao discovered that a shop was selling an extremely advanced weapon at a high price. It was called the telekinetic flying sword. This weapon did look good. It could be controlled with telekinesis, and its attack power was also extremely high. Of course, the price of these good things was very high, but even so,

the things sold in the second-hand market were much cheaper than ordinary ones. Therefore, it naturally attracted a lot of people who fought to buy an item that suited them more. At the entrance of the shop, there were many people lining up to see the sword. Each and every one of them tried their best to move forward, hoping to see it more clearly. Although Zhou Hao felt that it was a good idea, he was not very interested in it. He continued to walk forward. Some shops sold high-level armor with strong defense, some sold storm Gatling, and some sold pills and potions that could replenish strength. There was a variety of items and everything one could think of. Zhou Hao sighed. There were so many good things, but none of them were what he wanted. What could he do? Gray Wolf's trading market had quite a lot of things, but they were all of different varieties. Although Zhou Hao had a shop here, he had never carefully shopped around. But after a quick look, he could tell that the quality was pretty good. Zhou Hao looked around as he walked. Just as he was hesitating whether to leave or not, a voice suddenly called out to him. "Zhou Hao!" Zhou Hao froze for a moment. He turned around and was stunned. It was manlirui! "You're done?" Manlirui was not accompanied by anyone else. She walked up to Zhou Hao and looked him up and down, then asked in surprise. "Um ... Thanks to you, I'm done." Zhou Hao smiled and said. "You're really something. You even dared to provoke belreynold. Even my second sister couldn't defeat him. Only my big sister can defeat him." Manliri sighed and couldn't help but say. "Your big sister ... Must be very powerful." Zhou Hao blinked his eyes and smiled. "Of course, the third place on the ranking is my big sister. My big sister is a once-in-a-century spiritual power Genius!" Manlirui's face was filled with pride when she spoke of her big sister! Zhou Hao was also shocked. Ranked third, didn't that mean that he was a super expert? He was at least in the Dao realm? He also sighed, not knowing when he would be able to enter the Tao state. "By the way, what are you here to buy?" Manliere asked. "Something to expel the fire poison." Manliere laughed at this. "So it's because of that beauty. I didn't know that you're such a warm man." Manliera said jokingly. When Zhou Hao heard this, he knew that she had misunderstood. He wanted to explain, but he didn't know how to, so he just kept quiet. "Let's go shopping together. " Manlirui smiled and took the initiative to invite Zhou Hao. Zhou Hao did not refuse and began shopping with manlirui. The things manlirui wanted to buy were naturally related to spiritual power. However, this kind of thing was not easy to buy. Telekinesis Masters were extremely special existences. Their items could only be used by them. Even if someone else obtained them, they wouldn't be able to use them. "This spirit weapon isn't bad, but ... It's a little damaged, sigh ..." Manlirui had her eyes on an extraordinary treasure. It was a telekinetic Flying Dagger of extraordinary quality. If it wasn't damaged, it would definitely be a good thing. Zhou Hao sighed, "it's possible to repair it, but I don't know if I can find a master swordsmith." In the universe, there was also a group of people who specialized in forging weapons. They could create miracles. If he met a powerful swordsmithing master, he might really be able to repair this thing. "That's too unlikely. Even if I can find it, I'm afraid I can't afford it. " Manliri shook her head helplessly. Zhou Hao laughed. That was the truth. Just as the two of them were about to leave, Zhou Hao's eyes suddenly narrowed as he saw a red bead placed in the corner! There was a strange Holy Fire element on the bead, as if it had its own purifying function! Zhou Hao was shocked. He picked it up in a hurry and was instantly excited!

“This is ...” He was extremely excited, because this item had the ability to block the fire poison! It was called ... The sacred fire Pearl!

Chapter 871

Chapter 871:-spiritual force

Zhou Hao’s expression changed when he saw the bead. It was a divine weapon!

The sacred fire Pearl, as its name suggested, was an item that contained the sacred fire. It was extraordinary!

However, Zhou Hao had never expected that this thing would appear here!

Zhou Hao was very excited. Without a word, he took the sacred fire Pearl in his hand!

As soon as he held it in his hand, Zhou Hao could feel an extraordinary fire element flowing within it!

“This item is an item with natural fire element essence. This item can create a barrier and is extraordinary within the barrier. It’s not bad.”

The frog couldn’t help but say at this time.

Zhou Hao was very excited and asked directly, “How many points for this?”

As soon as he finished speaking, a man in a black cloak who was squatting on the ground suddenly raised his head. His face was like a skeleton, with a hint of ruthlessness.

“I won’t be returning the points for this item. I’ll need treasures to exchange for it.”

His voice was very hoarse. After he said this, Zhou Hao was stunned for a moment. He looked at him and asked, “what’s wrong?”

“What treasure?”

“Hehe, you can’t afford it. You should leave.” The man looked at Zhou Hao sarcastically and said indifferently.

"I can't take it?" Zhou Hao furrowed his brows. Although he was poor, he didn't even tell them what it was. He was looking down on him.

"Of course, this thing is like a treasure to powerhouses with fire attribute skills. Even belreynold couldn't bear it, so how could you?" The strange man's words made Zhou Hao's heart turn heavy.

Everyone knew the sacred fire Pearl's value, not to mention those who cultivated fire-attribute techniques.

However, they had not bought any after such a long time. It was obvious that they could not afford it!

Even belreynold could not bear it. Zhou Hao was even more curious about what this thing was!

"Tell me. I'd like to see what I can't afford." Zhou Hao asked directly.

Although he suspected that he really couldn't afford it, he was still unwilling to give up.

"Then listen carefully. I want a seed of the divine mulberry tree!"

After he finished speaking, Zhou Hao was stunned on the spot!

"What did you say? the seed of the divine mulberry tree?"

Zhou Hao blinked his eyes. If it was something else, they might not have it. But this thing, he would have it soon!

"That's right, it's the seed of the divine mulberry tree!" The black-robed man said without any hesitation.

"The sacred fire Pearl is powerful, but it's still far from enough to exchange for the seed of the deep mulberry Pearl." After Zhou Hao knew that he would be able to give him the seed of the divine mulberry tree, he naturally had to bargain!

"Hmph, you've said so much, but you still don't have it?" The black-robed man could not be bothered with Zhou Hao. He had heard such words far too many times!

Zhou Hao smiled and was not in a hurry.

"If you want the seed of the divine mulberry tree, then come to the Silver King School."

Zhou Hao left after saying this, too lazy to pay attention to this weirdo.

“Zhou Hao, do you know what the seed of the godly mulberry tree is?” manlirui asked curiously.

Zhou Hao smiled and shook his head.

Although he knew that the divine mulberry tree was extraordinary, he still had no idea what the seed was used for!

“I really don’t know about that.”

“This divine mulberry tree technique is the most ancient tree. The wood Qi essence it contains is the most sacred. Some experts with wood-type cultivation techniques like to absorb it. The man who just sold the sacred flame Pearl is no ordinary person. He’s ranked 21st. He’s also the only half-step Dao realm expert to enter the top 30!”

Zhou Hao was shocked. He had never thought that this guy would be so powerful. He was even in the top 21. In that case ...

Zhou Hao chuckled. He could not be blamed for that!

After shopping for a while with manlirui, there was nothing to buy.

“Zhou Hao, your spiritual power is very strong. I would like to invite you to the spiritual training room. What do you think?”

Manlirui was a telekinesis master, and whenever she saw a telekinesis master that was stronger than her, she would want to spar and learn from them.

Zhou Hao naturally agreed. He was not very good at controlling his spiritual power to begin with, so he could use this opportunity to learn from her!

The two of them went straight to the spirit trainer, where they could simulate spirit power with 100% accuracy.

It was different from training his physical body. He could only simulate it, but here, he could completely transmit his spiritual power through the helmet!

Manliere said as the two appeared in the virtual space.

“Zhou Hao, let’s spar a bit. Let’s use spirit reader techniques!”

Manlirui knew that Zhou Hao was also a body cultivator, so she suggested.

Zhou Hao nodded. As soon as they started, he saw manlirui wave her hand, and countless ice crystals appeared behind her. These ice crystals were one of his

treasures, a telekinetic treasure that could condense a spiritual attack similar to ice crystals.

To put it bluntly, it was materializing a spiritual attack!

Zhou Hao blinked his eyes. He didn't have such a method. The only one he knew how to use was the endless purgatory!

Manlirui controlled so many ice crystals and threw them directly at Zhou Hao. The ice crystals danced in the air, looking very beautiful.

Zhou Hao took a deep breath. He could only use his immense spiritual power to form a barrier to block the attack.

Manlirui frowned and immediately waved her hand to increase her spiritual force. Then, she used it, and a whip condensed from spiritual force appeared in her hand.

She was as light as a swallow as she swung her hand at Zhou Hao.

Zhou Hao was shocked. This man Lirui really had a lot of tricks up her sleeve, unlike him, who could only block it with his massive spiritual power.

Although Zhou Hao was struggling to block the attack, he was still able to block manlirui's spiritual attack.

This time, manliri was not happy.

"Zhou Hao, can you be more serious? you didn't even use the most basic telekinesis technique. Are you looking down on me?"

Zhou Hao was a little depressed when he heard manlirui's words. It was not that he did not want to use it, but he did not know how to use it!

Zhou Hao was very depressed, but when he saw manlirui's method, he also began to copy. He had the spiritual gem as a spiritual power supply, so naturally, manlirui's spiritual power could not compare to his!

At that moment, Zhou Hao directly compressed his powerful spiritual force, and then, in his hand, a flying knife condensed from spiritual force appeared!

Zhou Hao squinted his eyes and immediately began to control it. Suddenly, the flying Dagger formed by his spiritual force was extremely fast. In a flash, it arrived in front of manlirui and stabbed forward!

Manlirui was immediately surprised. The speed of the flying knife was so fast that she couldn't stop it at all, and it instantly pierced through her.

He thought that the flying knife would end the battle, but he didn't expect that the flying knife would lose the support of his mental power the moment it entered his body and disappear.

Chapter 872

Chapter 872:-exchange

Manlirui looked at the disappearing knife in a daze, and then she saw Zhou Hao's surprised face.

"What's wrong with this guy? doesn't he know that spiritual force must be within his control? but he ... Doesn't seem to know?"

"Also, his spiritual attacks are very crude, only his spiritual energy is very large. Could it be that he's not a true spirit reader?"

Manlirui was indeed a spiritual telekinesis master. In just two short exchanges, she could see that Zhou Hao was different!

"Zhou Hao, let me ask you. Do you have a good grasp of your spiritual force, but you don't know how to use it?"

His words made Zhou Hao sweat profusely, and he could not help but nod.

"I really don't know how to use it ..." Zhou Hao was telling the truth.

"No way, you have such a large amount of spiritual force and you don't even know how to use it. What a waste of a heavenly treasure!"

When manlirui heard this, she instantly went crazy. However, she still shook her head and patiently explained.

"It's actually not that hard to use your spiritual force, but this thing really tests the quality and quantity of your spiritual force. If your quality and quantity are both high, then technique isn't that important. "

"However, that's for normal spirit readers. Even if the technique isn't important, it still requires a certain level of technique!"

“But ... You don’t have any technique at all. This ... This is really a little strange.”

Zhou Hao blinked at manlirui’s words. At that moment, he finally understood that even the weakest telekinesis master had some skills.

As for him, he didn’t know how to do it at all. This really didn’t make sense.

“Um ... I really don’t understand. Why don’t you teach me?” Zhou Hao blinked his eyes and said.

“Sigh ... I wanted to learn something from you, but I didn’t expect that there was nothing at all. Zhou Hao, can you tell me why your spiritual power is so strong? you’re not from the telekinesis clan.”

Manliere asked curiously.

“Um ... Maybe he’s gifted. I’m not sure.” Zhou Hao could only give a vague answer.

If he said that he had a spiritual gem in his body, he would be in trouble.

Not to mention manlirui, even Dao realm and God Realm experts would probably hunt him down if they heard that he had a spiritual gem!

“If you don’t want to tell me, then don’t tell me. Who doesn’t have a little secret? why do you have to hide it from yourself ...”

Manliera snorted coldly.

However, she was not stupid. It was not worth it to teach Zhou Hao for no reason, so she blinked her eyes.

“Zhou Hao, although your spiritual power is powerful, you don’t have any techniques. As for me, as a master of spiritual force, I can naturally teach you. However, my physical body is not good enough and I don’t have any close combat techniques, so ... You know.”

Manlirui blinked her beautiful eyes slyly, and Zhou Hao suddenly understood.

“No problem, I have body tempering liquid. I can provide it to you for free, and I can also teach you close combat skills.”

Zhou Hao naturally wouldn’t be stingy. He had as much body tempering liquid as he wanted, but manlirui’s body was too weak. As long as he had some body tempering liquid, it would be enough for him to absorb for a long time.

Therefore, it was not a big deal.

“Then it’s a deal! I have a book on the basics of telekinesis here, take a look ”

As manlirui spoke, she sent a message to Zhou Hao.

“You can take a look first. If there’s anything you don’t know or don’t understand, you can ask me anytime.”

Seeing manlirui make a move, Zhou Hao did not hold back.

“Here are twenty portions of body tempering liquid. You should first improve your physical body, then I’ll teach you some fighting techniques.”

As Zhou Hao spoke, he took out twenty portions of body tempering liquid and handed them over.

“Straightforward!”

Manliri laughed.

After leaving this place, Zhou Hao returned to the Silver King sect.

As soon as he arrived at the Silver King sect, he was stunned. At this moment, the front of the Silver King sect was full of its people.

They did not die, nor did they suffer any serious injuries. It was as if they had fallen into a deep sleep.

This scene confused Zhou Hao. He could not understand what was happening!

Even Ji yaoyue and Ling Tian fell to the ground. The entire Silver King sect was KO-ed in an instant!

“F * ck, what’s happening?”

Zhou Hao was confused and had no idea what was going on.

“You’re back?”

At that moment, a cold voice rang in Zhou Hao’s ears, causing his expression to change instantly. He was dumbfounded!

That strange man!

She did not expect it to be him!

“Did you make these?”

Zhou Hao was stunned and couldn't help but say.

The strange man nodded,"they were too noisy, so I had no choice but to make a move. I cast an illusion on them. Zhou Hao, if you are lying to me, I will definitely make you trapped in my fog array for a month."

Zhou Hao was speechless."Wake them up and I'll tell you where the divine Mulberry seed is."

"I hope you're not lying to me!"

After the strange man finished speaking, he waved his hand. Suddenly, wisps of smoke came out of everyone's body and gathered in his hand.

Then, these people woke up.

"What's wrong with me?"

"Why did I fall asleep?"

"No... No... Someone wants to destroy our Silver King sect!"

"It's him!"

After they woke up, they were stunned for a moment. Then, they came back to their senses and looked at the strange man vigilantly.

At this moment, Ji yaoyue and Ling Tian also came to Zhou Hao's side.

"Zhou Hao, this person is too powerful. We didn't even have a chance to resist before we were knocked out!"

At this moment, Ling Tian could not help but say.

Zhou Hao sighed and looked at the two of them.

"Disperse, this person is here to find me."

Zhou Hao was speechless. This weird man was really weird.

"Alright, please come in."

Zhou Hao said as he led the way into the residence. The people of the Silver King School did not dare to stop this strange man.

After entering the room, Zhou Hao let the strange man sit down.

“Zhou Hao, don’t dawdle. Hurry up and tell me.”

The strange man went straight to the point, not giving Zhou Hao a chance to speak.

“I can really get the seed of the divine mulberry tree. However, we should still talk about the conditions.” Zhou Hao said directly.

“You really have one?”

The strange man was not sure if Zhou Hao was telling the truth.

“Of course!”

Zhou Hao did not waste any time. He closed his eyes and connected to the giant void beast. In the next second, the aura of the divine mulberry tree spread out. Zhou Hao had used spatial teleportation to send the aura over.

In that instant, the strange man’s expression changed. He could not believe it as he stared at Zhou Hao with wide eyes!

“This ... This is really the divine mulberry tree!”

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 873

Chapter 873: The divine mulberry tree in hand

The strange man was very shocked. He had never thought that it was really the divine mulberry tree!

He didn’t even dare to imagine that such a precious item actually existed!

The man’s name was mu jiumu, and he was a natural-born wood attribute expert. They had been wood attribute experts for generations, and it was an extraordinary bloodline that they had inherited.

However, when it came to him, his bloodline suddenly decreased, which was why he still hadn’t broken through to Dao realm!

He needed a treasure of the wood attribute to absorb and improve the quality of his wood attribute!

Therefore, he fixed his eyes on the seed of the divine mulberry tree!

Although he had asked for the sacred fire Pearl in exchange for the divine mulberry tree's seed, he knew that it was too rare. Even if someone had it, they might not be willing to exchange it with him!

"Zhou Hao, if you can get me the seed of the divine mulberry tree, I'll agree to any request you have!"

Mu jiumu said on the spot. The seed of the divine mulberry tree was too much for him!

As an expert of the wood attribute, having a seed of the divine mulberry tree was like obtaining a treasure!

"Are you serious?"

Zhou Hao said directly with a hint of excitement in his expression.

He was an expert. Although he was only half a step into Dao realm, once he broke through, he would have a huge leap in quality!

Moreover, in this mercenary training base, if there was such a strong person protecting them, they would be safe and sound!

"It's true!" Mu jiumu said with an excited expression.

"Alright, I don't have any good requests. I only have one goal, and that is to join my Silver King sect!"

When Zhou Hao said this, mu jiumu was stunned. He looked at Zhou Hao in surprise.

"It's that simple?"

Mu jiumu had not expected Zhou Hao to ask such a simple question.

"That's right. If you agree, then there's no problem. If you don't, then there's no need to talk about it."

Zhou Hao said directly.

"That's easy, but I'm used to being unrestrained, so you can't restrict me." Mu jiumu thought for a while and suddenly said. He was worried that Zhou Hao would give him orders every two or three days.

"That won't happen. You're very free, but the matters of the Silver King sect are your matters. At the very least, you have to ensure the safety of the Silver King sect."

Zhou Hao said coolly. Mu jiumu did not refuse.

“That’s easy. With me around, no one will be foolish enough to offend the Silver King sect. However, when can you give me the divine mulberry tree seed?”

Mu jiumu agreed and then said.

“Very soon!”

Zhou Hao smiled and said.

Mu jiumu nodded in satisfaction and left.

After he left, Zhou Hao smiled and immediately contacted the void beast.

At this moment, more than half of his spiritual power had been imprinted. Zhou Hao knew that it would not be long before the divine mulberry tree was his. When that time came, mu jiumu would naturally become a member of the Silver King sect!

“It seems that I have to work harder!”

As Zhou Hao spoke, he entered the secret chamber and prepared to gather his own strength and the void beast to take down the divine mulberry tree together!

Closing his eyes, Zhou Hao focused his entire body, connecting his spiritual energy to the void beast. Not only that, but he also transferred all his power over.

The void beast’s expression changed. A powerful wave of mental energy gushed over. Even the mental energy gem gathered over, making his mental energy incomparably dense at this moment!

The void beast roared angrily, and a tyrannical wave of energy exploded. A substantial mind power instantly condensed on its body!

At this moment, the divine mulberry tree had the intention to resist. However, it did not possess any offensive power. It only had the power of life and wanted to use its power of life to suppress the void beast!

However, it had still underestimated the void beast. Although the void beast’s life level was lower than its own, the void beast was one of the rare 12 beasts. It was not something he could suppress!

The void beast endured the powerful fluctuations, and a terrifying crystal instantly condensed between its brows!

The moment the crystal appeared, an invisible force instantly condensed. A huge void beast appeared behind the void beast!

That was the physical manifestation of his mind power. At that moment, the giant void beast raised its huge palm and slapped it hard. Instantly, the divine mulberry tree trembled.

This palm had directly hit her mental energy, trying to destroy his spirit!

As long as his spirit was destroyed, he would be Zhou Hao's from this moment on!

However, the divine mulberry tree was indeed one of the ancient tree species. Even now, it was not so easy to destroy it!

A golden light rose from its body, and an extremely ancient aura descended with a bang. That was the life spell technique contained in its ancient bloodline!

The power of extreme gravity!

It was rumored that the adult divine mulberry tree was as big as the universe. Its powerful life force could shatter a planet just by standing there!

If he were to use his life-bound spell technique, he could crush everything in an instant!

This was the so-called 'one man can overcome ten men'!

At this moment, the divine mulberry tree was willing to risk the damage to its origin to fight with all its might!

"Roar!"

However, just as he had a life-bound spell technique, so did the void beast. It opened its huge mouth and a devouring force was condensed!

Don't you have a high life level?

Don't you have great strength?

That's good!

I'll absorb this power of yours!

The void behemoth's devouring domain could devour everything. Even an adult void behemoth could devour light and sound, much less power!

Although the divine mulberry tree was powerful, he was facing Zhou Hao and the void beast. Furthermore, he had the support of the spiritual gem. He could not resist at all!

Soon, the force gradually weakened, and at the same time, the huge palm was already on his body!

The tremendous force caused the divine mulberry tree to let out a silent cry of death. It was a pain that penetrated deep into the soul. Others might not be able to hear it, but Zhou Hao could.

Then, the void beast burrowed itself and extracted a wisp of soul power from his body!

This was the spiritual energy of the divine mulberry tree. The moment it was extracted, it was annihilated!

At that moment, the void beast's soul power landed on the divine mulberry tree. In the next second, a soul that belonged to Zhou Hao landed on the divine mulberry tree!

Immediately, the possession officially began!

As for Zhou Hao, he did not interfere. After plucking a seed from the divine mulberry tree, he immediately left!

In the secret chamber, Zhou Hao smiled. He had obtained the divine mulberry tree and its seed. Everything was going smoothly!

"In that case, the sacred fire Pearl should be mine!"

Zhou Hao was very excited. Once he had the sacred fire Pearl, the speed at which he refined his blood essence would increase. By then, his ancestral body would become even more powerful!

Chapter 874

Chapter 874:-shocking everyone

When Zhou Hao brought the seed of the divine mulberry tree to mu jiumu, the latter was already shocked. He looked at the item in shock, unable to believe it!

“It’s ... It’s the real godly mulberry tree seed!”

Mu jiumu was extremely excited. With this seed, he could break through to the Dao realm. At that time, he wouldn’t be ranked 21st. He would at least be in the top 15!

The higher the ranking, the harder it was to increase it. Every rank was very valuable!

If it wasn’t for mu jiumu’s ancient wood attribute bloodline, he wouldn’t have been able to enter the top 21!

But even so, he was still unable to enter the top twenty!

After all, the top 20 were all Dao realm experts!

Every single Dao realm expert was extraordinary!

With the seed of the divine mulberry tree in his hands, mu jiumu immediately went into seclusion. Zhou Hao, with the sacred fire Pearl, also went into seclusion in the heavenly Fire pond with Ji yaoyue!

“This sacred fire Pearl is really good. It can block the fire poison. With this, our cultivation will definitely improve by leaps and bounds!”

Zhou Hao activated the sacred fire Pearl’s barrier. In a flash, a red light enveloped Zhou Hao and Ji yaoyue. At the same time, pure flame energy entered the room.

“It’s indeed extraordinary. The sacred fire Pearl has purified the flames, and you can absorb them boldly. This is too shocking!”

Ji yaoyue was extremely excited. She had never thought that such a thing would happen!

“It’s strange. Mu jiumu is a wood-attribute master, but he actually got the sacred fire Pearl. They counter each other. Sometimes, no one can say for sure.”

Zhou Hao smiled and closed his eyes, beginning to refine the blood essence in his body.

They went straight to the third level. The flames here were extremely violent, but after the fire poison was gone, the absorption rate was also fast.

Zhou Hao condensed a powerful flame and his blood essence flowed through his body bit by bit. The impurities slowly disappeared, and it was more than five times faster than the second level!

“My speed is not bad. It seems that with the strength of my physical body, I can go to the fourth level!”

Zhou Hao was very excited. With this sacred fire Pearl, he didn't have to worry about the fire poison at all, which naturally led to a faster speed.

Slowly, Zhou Hao could feel that his blood essence was improving. Although the speed was very slow, it still brought him endless benefits!

“My ancestral body will at least double in strength!”

In just seven days, Zhou Hao was shocked to find that his blood essence was nearly twice as rich as before!

Not only that, after absorbing fire elements for such a long time, the yuan Qi in Zhou Hao's body had become more and more abundant. It was only a matter of time before he reached the fourth grade martial Saint realm!

Zhou Hao was a little excited. He did not expect to be able to break through like this!

The training camp had been relatively peaceful for the past week. However, on the eighth day, a long howl resounded throughout the entire training camp. Then, everyone felt an extremely strong vitality spreading through the training camp!

The vitality was so abundant that even the wildflowers on the roadside were growing!

Zhou Hao's eyes widened when he saw that.

“Mu jiumu has entered the Tao state?”

As soon as Zhou Hao finished speaking, he felt a wave of Dao intent in the air. Then, he saw a figure standing in the air. Behind him, a huge image was formed.

It was a strange thing that looked like a plant but also a little like an animal.

The entire mercenary training camp was shocked by the appearance of The Phantom!

“Mu jiumu has broken through. He has broken through the shackles of his bloodline. He is really extraordinary. It seems that he should be in the top 15!”

In a secret room, a naked man spoke indifferently. He had horns, extremely sharp teeth, and his body was engraved with extremely ancient symbols.

This person was the grey wolf pack's commander, Qing Li Cang!

His original form was a nine beast Wolf, an extremely powerful ancient creature. Although his bloodline had not been activated as much as Yuan zu 's, he had still activated 40% of his bloodline.

The nine-headed Wolf had a total of nine heads, and each head had its own innate divine ability. At this moment, Qing Li Cang had only grown three heads!

However, it was these three heads that allowed him to still occupy the first place on the leaderboard!

His strength was also extremely terrifying. He was at the third stage Dao realm!

Other than Qing Licang, many others felt it too. They were all shocked. After all, mu jiumu was the only one who could rank 21st without entering the Dao realm!

Everyone could guess what happened next. After mu jiumu came out of seclusion, he immediately started to challenge the 15th ranked expert.

This person was the third commander of the gray wolves, the wolf Emperor.

However, even though he was at the second stage, his bloodline was average. Facing mu jiumu, he naturally fell into the array.

As a result, mu jiumu was ranked 15th!

This matter had made them guess or had a premonition. But what happened next shocked everyone!

Mu jiumu announced that he would join the Silver King sect as the first elder!

He was the fourth person with the highest seniority in the Silver King sect, just below sect Master Zhou Hao, the two vice sect Masters Ji yaoyue, and Ling Tian!

No one could understand what was going on!

Mu jiumu could easily destroy the Silver King sect alone, but he had joined the Silver King sect and even ...

And he was the fourth generation!

Wasn't this a joke?

The entire Silver King sect was shocked by this matter. There was an expert who was ranked in the top 15. At least, they were no longer at the third-level team, but the second-level team. They were even among the top of the second-level team!

After this incident, be it Charlie Kuro, the star cluster, the Titan Alliance, or belreynold, all of them were scared!

They had all bullied the people of the Silver King sect.

Mu jiumu didn't waste any words. He directly told these people who had offended the Silver King sect to come to the Silver King sect with gifts of apology, and then this matter would be over. Otherwise, he, mu jiumu, would definitely come to them one by one to demand an explanation!

When this matter came out, the people from these forces were really angry but didn't dare to say anything. Even belreynold was scared!

A ferocious person ranked 15th!

Even ten belreynold would not be able to defeat him. Hence, he quickly sent his sister, Lilia, to apologize with gifts.

Other than him, there was also the star cluster, Charlie Kuro, and even the people from the Titan Alliance.

Zhou Hao sighed, but he didn't mind. With mu jiumu's deterrence, the Silver King sect's days of peace were coming.

At this moment, in the Silver King sect, mu jiumu was sitting below, sipping tea and blinking.

"The water here is quite good. It's bitter, but it tastes good in my mouth." Mu jiumu was still wearing a black robe and looked as thin as a stick. However, his eyes were sharp!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 875

Chapter 875: The powerful mu jiumu

Zhou Hao smiled and said lightly.

"This is a specialty of my hometown. It's called tea. Although it doesn't taste as good, it's very tasty. This is the highest etiquette in my hometown when entertaining guests."

After Zhou Hao said this, mu jiumu smiled.

“There’s no need to be so formal. Since I’ve already promised you to join the Silver King sect, I’ll naturally join. Furthermore, I don’t want to be involved in any matters. If you have any trouble, just come to me. However, I believe that there won’t be many people who would be so blind as to dare to offend the Silver King sect. ”

Mu jiumu’s words were extremely domineering, but it was the truth. Now, not many people would dare to offend the Silver King sect.

“You ... Your methods are really ... Quite effective.”

Zhou Hao was also helpless, thinking that this mu jiumu was quite reliable.

“Hahaha, the people who can come to the probationary mercenary group are all bloodthirsty people. The best way to deal with them is to be stronger than them. Otherwise, it will be completely useless.”

Mu jiumu didn’t care at all. To him, this was just a small matter.

“You’ve broken through. You’re now ranked 15th. It seems like you’ve broken through the bloodline shackles.”

Zhou Hao had also asked around about mu jiumu and knew a little about him. However, no one knew about his actual body. What they knew was that this person’s bloodline was extraordinary, but it was extremely heterogeneous, making it difficult to break through. However, this divine mulberry tree seed had sublimated his bloodline and broken the shackles. Naturally, it allowed him to break through!

“Hahaha, Speaking of which, I still have to thank you, Zhou Hao. If it wasn’t for you, I might have broken through in a few years. But you’re really amazing, you even got the seed of the divine mulberry tree. Amazing, amazing!”

Mu jiumu couldn’t help but laugh.

Zhou Hao asked with a smile.

“You’ve been in closed-door cultivation recently?”

“No need. I just broke through and can’t cultivate all the time. I’ll just relax for a while.”

Mu jiumu chuckled. After all, breaking through to the Dao realm had made her very happy!

“Really? Then I might have something I need your help with. ”

Zhou Hao said directly.

“You need my help? Go ahead. ” Mu jiumu was stunned for a moment, but he didn’t care.

“I want you to train me!”

Zhou Hao stood up and said solemnly. This was a Dao realm expert and fighting with him would naturally benefit him!

Besides, it would be a waste to not make use of such a powerful fellow and just use him as a facade to deter others.

Therefore, Zhou Hao had set his sights on mu jiumu.

“Oh? Aren’t you afraid that I’ll trample on you if you ask me to train you?” Mu jiumu raised his eyebrows. This guy was really bold to make such an excessive request!

“Of course I’m not afraid, I’ve been tempered into steel!”

Zhou Hao said directly.

“Okay, then don’t cry. My special training is very painful!”

Mu jiumu said directly. Then, the two of them went to a barren mountain in the mercenary training base, and the special training began.

“My strength is a whole level higher than yours. You don’t have to worry about me. Just attack me.”

Mu jiumu said indifferently. He was naturally confident in interrogating Dao realm experts.

Zhou Hao knew this as well, so without saying anything, he immediately activated the ancestral body. In an instant, an extremely powerful qi and blood energy burst out.

Not only that, the golden light on Zhou Hao’s body became even more resplendent. His blood essence power was like a furnace, and the surrounding temperature suddenly rose.

This was also the reason why Zhou Hao used the flames of the heavenly Fire pond to temper his blood essence. At this moment, there were many fire elements in his body. When he used the sacred body, it would naturally have a China phenomenon.

“Body cultivators, hehe, we wood attribute experts are specialized in restraining body cultivators!”

Mu jiumu laughed and waved his hand. Suddenly, the earth trembled, and a huge vine appeared. As a wood attribute expert, he could stimulate any plant in the surroundings and make them his own.

“Brother mu, I’m going!”

Zhou Hao let out a loud roar, and his body flew out like a fierce leopard.

“Brute force is useless,”

Mu jiumu shook his head. With a wave of his hand, countless vines rose from the ground from all directions, like many palms, and grabbed at Zhou Hao!

Zhou Hao’s expression changed and he quickly dodged. There were so many vines, and their angles and speed were all very tricky. Even though Zhou Hao dodged, he was still hit by a few vines.

Zhou Hao had activated his ancestral body to the extreme, and mu jiumu had not used his full strength, so he was not injured.

“Your speed is not bad, your movement technique is not bad, and your body is very strong. No wonder so many people have lost to you. However, this is not your full strength. Zhou Hao, show me your true ability, or you will be defeated.”

After mu jiumu said this, his eyes suddenly turned bright green. He put his hands together and started chanting!

“Wood Dragon, appear!”

As soon as he finished speaking, a silent roar was heard. The vines twisted together and quickly condensed into a twisted thing. Then, it squirmed and turned into a long Dragon!

The Dragon was extremely huge, and it danced in front of mu jiumu, baring its fangs and brandishing its claws as it came for Zhou Hao!

“God exterminate!”

“Nine revolution Saint body technique!”

“Fist of great destruction!”

Zhou Hao roared and raised his cultivation base to the maximum!

At this moment, his aura had already reached the seventh grade martial Saint level. In addition, his body was extremely strong. Even if he was an eighth or ninth grade martial Saint, he could still fight!

“So strong!”

Mu jiumu was shocked. He looked at Zhou Hao and jumped up in anger. He punched his wood Dragon.

Instantly, the wood Dragon was cut in half at the waist as if it had suffered a heavy blow.

“That’s impressive, Zhou Hao. Have a taste of my attack!”

Mu jiumu smiled slightly, then clasped his hands together again and chided.

“Ten thousand trees descend, cage technique!”

As soon as he finished speaking, the ground trembled. Countless branches rose up and gathered together one after another. They were incomparably huge and bombarded Zhou Hao from all directions. It was really like a cage, imprisoning Zhou Hao in the center!

Zhou Hao roared in anger. His entire body was golden. He punched a thick tree, causing it to shake and crack.

“It’s so hard!”

Zhou Hao was also shocked!

“This is only half of my strength. After absorbing the godly mulberry tree, my wood attribute is infinitely close to the original wood attribute. My defense and attack power have doubled. A wooden stick of this quality is nothing!”

“Zhou Hao, try and see if you can break this spell!” He said.

As soon as he finished speaking, mu jiumu’s palm paused, and he immediately shouted.

“Sacred wood shield!”

As soon as he finished speaking, an extremely bright green light was emitted. In the next second, an endless wooden wall blocked Zhou Hao’s way!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 876

Chapter 876: High, middle, and low, star system level

The wooden wall's power shocked even Zhou Hao. The tyrannical fluctuations it emitted were filled with endless life force!

"This is my strongest defensive power. You can try it."

Mu jiumu's voice was heard. He slowly walked out of the wooden wall and looked at Zhou Hao.

"He's so strong, how can I break him?"

Zhou Hao was speechless.

"You're a physical cultivator who cultivated your physical body, and I'm a wood-attribute expert. To be honest, it's really a good idea for me to be your sparring partner. Wood-attribute experts have very strong control power. At the same time, their defense power is also very strong. It's like you're a spear and I'm a shield."

Mu jiumu smiled and gave Zhou Hao some encouragement.

"Although you can't break through it now, I have to say that your potential is above mine. The room for your physical body to grow is far beyond what other martialists can compare to. Before the apocalypse, any body cultivator powerhouse could shatter the starry sky with a punch, and their physical body could even reach the level of immortality. If you continue on this path, you will one day rule the world."

Mu jiumu smiled. He could naturally see that Zhou Hao's potential was indeed limitless. He was only a third-grade martial Saint, but he already had such combat power. He felt that if he was a third-grade martial Saint, he would definitely not be Zhou Hao's opponent. Even if he was a sixth-grade martial Saint, it would be difficult for him to be Zhou Hao's enemy!

Zhou Hao looked at the wooden wall and took a deep breath. He also wanted to try it out and see how hard it was.

He took a deep breath and used the fist of great destruction to the extreme, punching out!

Suddenly, the force of the rebound burst out, causing Zhou Hao's face to turn ugly and his body to fly backward.

“So strong!”

Zhou Hao retracted his spell technique and shook his numb arm in shock.

Mu jiumu laughed out loud, “don’t be discouraged. Your cultivation is still lacking. When you reach the Dao realm, I’m afraid that even my defensive power won’t be able to stop you.”

Naturally, mu jiumu was extremely shocked by Zhou Hao. Whether it was Zhou Hao’s talent or strength, he had won mu jiumu’s respect.

Originally, he thought that Zhou hai was just a person with an undeserved reputation, but after seeing him today, this person would definitely have a place in the trainee mercenary training base.

After the training ended, Zhou Hao went back to refine his blood essence.

The days passed by, and soon, it was time for the mercenary training camp to issue missions. There were usually free missions, but many people were too lazy to do them, so there would be a mission every month.

As for Zhou Hao, many people in the mercenary group were paying attention to him. For example, officer long had been paying close attention to Zhou Hao ever since he entered.

“This Zhou Hao has made rapid progress. In just a few months, he created the Silver King sect and became the second group. Of course, this is also largely related to mu jiumu.”

“But I don’t understand why Mu jiumu joined the Silver King sect.”

Although he was suspicious, this was a personal matter, so he naturally couldn’t interfere.

“What kind of mission should I give Zhou Hao?”

Officer long thought for a moment and suddenly laughed.

“This kid is a body cultivator. Since that’s the case, I’ll let him fight those guys.”

As he spoke, he tapped on the screen and Zhou Hao received a mission.

“Head to the exiled planet and kill the bloodthirsty demons?”

Zhou Hao was stunned for a moment. This mission was a little strange.

If other people's mission wasn't to escort or find something, why did it become killing?

However, Zhou Hao did not mind. He blinked his eyes as he retrieved the information on the bloodthirsty demon.

"He has the cultivation of an eighth-grade martial Saint. His bloodthirsty cultivation technique is extremely powerful. He devoured other people's qi and blood to increase his own cultivation. He has committed a heinous crime and once killed three mercenaries. He fled to the exiled planet and has been hidden since. However, we can be sure that he has always been on the exiled planet."

Zhou Hao briefly read through his information and felt helpless.

"These scoundrels have become a means of training mercenaries. Otherwise, with the strength of an eighth grade martial Saint, the mercenary group could kill him with a spit."

Zhou Hao narrowed his eyes and set off for the exiled planet.

However, this time, apart from Ji yaoyue and Ling Tian, mu jiumu was also with Zhou Hao.

The three of them were also on missions on the exiled planet.

"Zhou Hao, your spaceship is not bad. I can't even afford it."

Mu jiumu sat on the Flying Ship and said in shock.

"Hehe ..."

Zhou Hao did not respond to such words, so he did not pay much attention to them.

"What kind of place is the exiled star?" Zhou Hao asked at this time. Mu jiumu was a veteran trainee mercenary, so he naturally knew a lot of things.

"This exiled planet is not ordinary. This place is equivalent to a small country. Although this is a planet of the nailuo Galaxy, the people here do not obey the restrictions of the nailuo Galaxy at all."

When Zhou Hao heard this, he was stunned.

"They actually disobeyed the orders of the nailuo star system, how is that possible, the nailuo star system has sector Lords, don't tell me this exiled star has sector Lords too?"

Zhou Hao asked, puzzled.

“Of course there are no sector Lords here, but their strongest is a half-step sector Lord.” Mu jiumu said directly.

“Ah? That still shouldn’t be a match for the nether star, from what I know, the nether star doesn’t just have one sector Lord, there are at least three!”

Zhou Hao had also heard of it before. Other than Star Master nailuo, who was a peak sector Lord who was infinitely close to the God Realm, the leader of the mercenary group was at least a sector Lord. As for the last sector Lord, although Zhou Hao didn’t know who he was, he could guess that he must be the official leader of the nailuo Galaxy.

With the three of them here, the exiled star was no match for them.

“You’re thinking too simply. Powerhouses don’t act as they please. Moreover, for the sake of resources and to expand their own forces, there are constant Wars in the lower-tier galaxies. It can be said that the lower-tier galaxies are the most chaotic. Behind them, they all have the support of medium-tier galaxies. For example, the hell Galaxy belongs to the great sun Galaxy.”

“Middle-tier galaxies usually don’t fight. After all, that kind of battle affects the universe system. But it doesn’t matter if it’s a lower-tier Galaxy, so middle-tier galaxies encourage lower-tier galaxies to fight and expand their territory.”

“It’s no exaggeration to say that a low-tier Galaxy is a sword in the hands of a medium-tier Galaxy, a sword to expand their territory. Behind the exiled star is the Beiluo Galaxy, the nemesis of the nailuo Galaxy. Plus, the exiled star is very far away, in the center of the nailuo Galaxy and Beiluo Galaxy. Once a war breaks out, the Beiluo Galaxy will definitely not sit by and do nothing. The nailuo Galaxy is a Galaxy that advocates peace. Naturally, it doesn’t want to see war. So, naturally, it just let go of the exiled star.”

Mu jiumu’s words stunned Zhou Hao. He had never known about this!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 877

Chapter 877:-green fire City

Mu jiumu saw Zhou Hao’s expression and smiled.

“This isn’t a secret. A battle between galaxies is like a battle between forces in a training base.”

Although Zhou Hao was shocked by this, he also understood that this was the love of man. Any force would be like this. They did not dare to be content with the status quo, so they wanted to expand.

Zhou Hao hated fighting. After all, even if he won, he would still lose a lot!

“Alright, this kind of thing can’t be changed. We don’t have to be too conflicted.”

Mu jiumu smiled. He should not think too much about this kind of thing, or it would only add to his troubles.

“There are three forces on the exiled planet,” ye mo said. “The first is the Lord of green fire City. He’s a Dao realm expert and is quite extraordinary. I heard he’s also a telekinesis master. He’s more upright and only wants to protect his own city. He doesn’t care about the outside world, so we don’t have to worry.”

“The second power is the Telulu family. They’re a Lackey family that’s in charge of intelligence for the Beiluo Galaxy. They also reject people from the nailuo Galaxy. Their leader is also a Dao realm expert, so we must be careful!”

“The third force is the master of the exiled planet. He’s very strong. For some reason, he’s already submitted to the Beiluo system. However, he’s very mysterious and rarely shows his face. We don’t have to worry about him.”

“However, these three forces are also at loggerheads with each other, especially the trulu family. They are bent on conquering green fire City because there is a secret treasure under the city. No one knows what it is.”

“Let’s go,” mu jiumu said calmly. Soon, the Flying Ship arrived at the exiled planet. Although it was called the exiled planet, it was different from what Zhou Hao and the others had imagined. It was well-built and peaceful.

“This is also the reason why the Nairo Galaxy doesn’t want to occupy the exiled star by force. After all, the construction here is very good, and the people are very happy. There is no need to occupy it by force.”

After mu jiumu said this, Zhou Hao was also very touched. The nailuo star was indeed a peace-loving Galaxy. There was no problem with this.

“Let’s go to Bluefire city. It’s relatively safe there.” Jiang Chen said.

Mu jiumu asked Zhou Hao to drive the spaceship into green fire City and find a place to settle down.

“We all have our own missions, so let’s split up. I also want to meet my old friends.”

After getting off the spaceship, mu jiumu left. Zhou Hao and the others did not stop him, and the three of them found a place to rest.

Ji yaoyue’s mission was relatively simple, which was to gather information. As for Ling Tian, he was here to look for something. Only Zhou Hao was here to kill.

“Where is this bloodthirsty demon?”

Zhou Hao let out a sigh. Seeing that Ling Tian and Ji yaoyue had left to complete their respective missions, Zhou Hao also walked out.

This green fire City was really prosperous. There were many good things here. After all, this was the midpoint between Beiluo Galaxy and nailuo Galaxy. According to Zhou Hao’s understanding, this could be said to be a hub. The central location was naturally prosperous.

“Damn, there are indeed a lot of treasures here!”

Zhou Hao strolled around and saw many shops that were selling things. The prices of the things inside were also outrageously expensive.

After strolling around for a while, Zhou Hao was no longer in the mood to do so. He immediately began to secretly investigate the bloodthirsty berserk demon.

However, Zhou Hao did not manage to get any information about the violent bloodthirsty demon.

This surprised Zhou Hao. Could it be that this person was not even here?

He didn’t understand what was going on, but at the end of the day, there shouldn’t be any problems with this mission.

“Could it be that he’s not in Bluefire city? Green fire City is a peaceful place, so why is he here?”

Zhou Hao narrowed his eyes and took a deep breath. After thinking about it, he felt that it was very possible. After all, this violent bloodthirsty demon was a ruthless person.

However, Zhou Hao did not know what to do if he wanted to sneak into other forces or find the bloodthirsty demon.

At that moment, he suddenly saw a Recruitment Notice!

“Green fire City is recruiting guards. Anyone above third grade martial Saint is eligible to join.”

The message stunned Zhou Hao. He thought for a moment and walked over.

There was a registration counter there, and Zhou Hao signed up without any hesitation.

“You’re qualified to be a fourth grade martial Saint, but being a guard of green fire City isn’t a safe job. We’re facing a sinister and cunning force like the trulu clan, so ... I suggest you don’t participate.”

The person in charge was a seventh grade martial Saint. Seeing Zhou Hao in such a state, he could not help but console him.

“It’s alright, I’m confident in myself. Please let me join.” Zhou Hao said immediately.

“Captain Marma, just let him join. Otherwise, who’s going to be cannon fodder?”

At this moment, a disdainful voice was heard. Then, a man in armor walked over.

This man’s cultivation was extraordinary. He had reached level six. At this moment, he was looking at Zhou Hao with disdain!

Zhou Hao looked at the man and frowned.

“What are you looking at? you’ll die if you go out. Get out of here. The reason why Captain Marma said this is because he’s giving you face. If I had to say it, it’s because you’re too weak and we despise you. Do you understand?”

That person didn’t show any mercy and said directly.

“Hmph!” Zhou Hao snorted coldly. “If that’s the case, you’re very strong?”

“I can’t say if I’m strong or not, but I can knock you to the ground with one hand.”

That person was still disdainful as he spoke.

“One hand? Alright, if you can beat me with one hand, I’ll kneel down and call you Grandpa. But if you can beat me with one hand, what will you do?”

Zhou Hao said immediately, and the man’s face changed.

“What the f * ck did you just say?”

“What, you don’t dare to?”

Zhou Hao said indifferently.

“I dare not? What a joke, good!”

As soon as the man finished speaking, he took a step forward and his powerful cultivation exploded!

He slapped Zhou Hao with one hand.

Mo Lima originally wanted to stop him, but he didn't do so. In truth, he didn't want Zhou Hao to join the guards. It wasn't that he didn't like Zhou Hao, but rather that he felt that with Zhou Hao's cultivation, he would definitely be in danger.

However, the next second, he was stunned.

Zhou Hao also took a step forward. However, with that single step, a violent storm instantly erupted and spread out!

“Slow speed and weak strength. Is this what you have to be arrogant about?”

As Zhou Hao spoke, he also threw a punch!

The power of this punch even shocked morima.

In the midst of the explosion, a powerful blast swept out. In the next second, the arrogant man in armor was instantly sent flying backward, blood spurting out of his mouth!

At this moment, the entire place fell silent.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 878

Chapter 878:-doubt

The punch was so powerful that it shocked everyone!

Zhou Hao stood with his hands behind his back. The aura on his body gradually disappeared, and he returned to his previous weak appearance.

But at this moment, no one thought that Zhou Hao was weak!

A sixth-grade martial Saint had actually been defeated by him without any suspense!

Even Morima was shocked by this punch. He knew that if he were the one to receive this punch, he would not be able to take it easily!

“Do I have the qualifications?”

Zhou Hao said coolly. As soon as he said that, everyone shut their mouths!

If this strength was not qualified, then who else was qualified?

“I’ll create a team of guards for you. You’ll belong to the third team and will be under my command. Are you willing?”

Mo Lima looked at Zhou Hao, his heart filled with shock. With such a powerful cultivation, if he was here, it would be enough to raise the strength of his battle team by a lot.

“No problem. We can go anywhere as long as we can fight the Terulu family.”

Zhou Hao did not care where he was going. His mission was to find the bloodthirsty demon.

“Alright, this is your badge.”

Molima took out a badge and handed it to Zhou Hao. This was the badge of the Bluefire city guards.

Zhou Hao took it and put it on his body.

“Zhou Hao, gather at the city gate tomorrow morning.”

Molima said with a smile. Other than a trace of kindness, there was more respect in his tone.

Between the strong, there was mutual respect. Zhou Hao hurriedly cupped his hands in respect.

“He will definitely arrive tomorrow.”

Zhou Hao left with a smile.

Zhou Hao did not pay any attention to the person who had provoked him earlier.

After Zhou Hao left, the man was lifted up. He looked like he was seriously injured, but it was not a serious injury. He would recover after some rest.

At this moment, this person was gray and his face was very ugly. How arrogant he was just now was how embarrassing and embarrassing he was now!

“Hmph, Shalia, how many times have I told you not to be too arrogant? you just won’t listen. Now, you’ve kicked an iron plate.”

Morima couldn’t help but lecture him.

“Captain, I ... I didn’t expect this kid to be so powerful!”

Sharly said gloomily. If he knew, he would not have provoked Zhou Hao.

“You didn’t expect that? I hope that this time, I will teach you a lesson. ” Moramaru said indifferently.

“Captain, are you really going to let him join our team?” Shalia could not help but ask worriedly.

“What’s wrong? Do you have any questions?” Magic-MA said with a frown.

“I think there’s something wrong with this person. First of all, there’s something wrong with his strength. He’s clearly a fourth-grade martial Saint, but he’s able to burst out with such powerful strength. He must be someone with extraordinary talent. However, I just don’t understand. Why does such a person have to join the guards?”

Shalia’s words stunned morima.

That was indeed the case. This person was so talented and his combat strength was so strong. One look and one could tell that he was not an ordinary person. But why did he have to join the guards?

“You don’t need to worry about this matter. I know what I’m doing.” Magic Marma said, shaking his head.

“Captain, you have to be careful. I keep feeling that there’s something wrong with this person!” Shalia said hurriedly.

“Alright, Shalia, don’t think that I don’t know what you’re thinking. He joined us because you’re worried that you’ll be outdone by him. You even have a grudge against him, so you’re worried that he’ll target you, right?”

Demonic Marat saw through Shalia’s thoughts at a glance. To be honest, that was what he meant!

After all, this person was very powerful. If it really threatened him, he would not be willing to do it!

Furthermore, he was no match for Zhou Hao. If Zhou Hao were to take revenge on him, he would be finished.

“Captain, I’ve been with you for so many years. You can’t just leave him be.” Shalia said immediately after being seen through.

“I know that. Don’t worry. Besides, I can tell that he’s not that kind of person.”

Molima looked at Zhou Hao’s back as he left. He did not believe that Zhou Hao was a bad person, but he was also curious as to why this person wanted to join them.

“What’s his purpose? Also, he just said that it’s fine as long as he can kill the people of the Lulu ... Could it be that there’s an irreconcilable grudge between him and the Te Lulu family?”

He had heard what she had said earlier, but he had not paid much attention to it. However, now that he thought about it, there was indeed a hidden meaning to it.

Zhou Hao had left the city, so he was worthy of the badge of the guards. In this green fire City, the guards were responsible for the safety of the city, so the people here loved and loved the guards.

Along the way, many people were secretly smiling at Zhou Hao. There were even a few children who pulled Zhou Hao along, their faces full of envy and longing.

Zhou Hao was touched by this feeling.

“If only there were no wars in this world ...”

Zhou Hao recalled Earth Star.

At this moment, even Earth Star was not as powerful as green fire City. In this vast universe, it was almost impossible to survive.

“I have to grow as fast as possible and at least reach the sector Lord level. Only then can I protect Earth Star!”

Zhou Hao took a deep breath.

The next morning, Zhou Hao arrived at the city gate.

When he arrived at the city gate, he saw three men and three women standing there. Even Shalia was there.

However, his aura was slightly weak.

Molima was at the head of the group, and the six of them were waiting for Zhou Hao.

Zhou Hao was stunned for a moment. He thought he had arrived early enough, but he didn't expect them to be even earlier.

"I'm sorry I'm late,"

Zhou Hao said awkwardly as he arrived.

"Hmph, how dare you make us wait for you!"

Shalia was instantly displeased. He had lost a great deal of face after being defeated by Zhou Hao with a single punch yesterday. Hence, he had found an opportunity to criticize Zhou Hao.

"Are you itching for a beating?"

Zhou Hao glanced at him. There was no need to give face to this kind of person. If you gave him face, he would dare to ride on your neck and shit. It was a typical case of bullying the weak and fearing the strong.

"You ..."

"If you keep talking nonsense, I'll let you lie in bed for a month!" Zhou Hao snorted coldly.

After saying that, Zhou Hao cupped his fists and said, "I'm sorry, Captain, and all my teammates. I didn't know when we would meet, and I thought I was early enough."

Zhou Hao's words made the others blink their eyes. They could see that Zhou Hao was very powerful and arrogant, but they still enjoyed his attitude.

"Hehe, no need to apologize. You're not late. Actually, we've just arrived. We're still more than ten minutes away from the time when we're supposed to meet up,"

Said morima with a smile.

"Our mission today is very simple. There are a few powerful strange beasts of the Telulu clan in the green fire city's forest. We'll either drive them away or kill them."

"In short, under the premise of protecting yourself, do what you can!"

Chapter 879

Chapter 879: The legend of the bloodthirsty berserk demon

Hearing this, Zhou Hao frowned. He had come here to kill the bloodthirsty madman, but after all this time, it was just to drive away the exotic beasts. This was the opposite of his purpose in coming here.

The group set off quickly. Zhou Hao didn't say much along the way. On the other hand, the three women talked non-stop along the way. It was as if they weren't here on a mission, but on a vacation.

Zhou Hao didn't pay much attention to them. Soon, they arrived at the city protection forest.

The green fire City was backed by the endless Mountains, so it would be difficult to attack. The moat was the only way.

Therefore, most of the elites of green fire City were deployed here, and the guards were also divided into different ranks. The guards like them were the most basic guards, and they were generally responsible for inspecting the security of the surrounding areas. As for the official battles with other forces, they were the true elites, people who were not afraid of death!

Zhou Hao and the others arrived at the city protection forest Bell. In the distance, there was a continuous military camp, like a frontier fortress.

This immediately reminded Zhou Hao of the scenes when he fought with the exotic beasts in the rift.

"These are the elites of our guard team. Even the worst of them can only enter as a sixth grade martial Saint, and they also need to be assessed."

"I'm sorry," said moramo with a smile.

"Captain, weren't you one of the elite guards back then?"

"That's right, Captain. We haven't heard enough about what happened back then. Can you tell us more?"

"Captain, tell me about it."

The few of them started to jeer, especially the three women, who were acting coquettishly.

“How many times have you guys heard this?”

Moramaru shook his head and said helplessly.

“Zhou Hao has never heard of it before. Zhou Hao, do you want to hear it?”

One of the women suddenly said. This woman’s name was an Lina, and her cultivation was also at the fourth stage of the Holy level. She was a healer, not a warrior.

However, these warlocks were not to be underestimated. Only with them could the soldiers on the front line be fearless.

Zhou Hao had some understanding of healers, but they were in the minority. Moreover, they were born with the vitality attribute, not the wood attribute.

Instead, it was an extremely special combination of the wood and water attributes.

This kind of person was born as a healer, but they were not Warriors after all. Even if they had this kind of attribute, many people would give up this honor. After all, their lives were the safest in their own hands!

It was better to believe in one’s own fist than to believe in anyone!

Since they had already said so, Zhou Hao could only play along.

“Captain, I’m really curious about the elite troops. Can you tell me more?”

After Zhou Hao finished speaking, mo Lima laughed and said indifferently.

“Since you guys still want to hear, then I’ll talk about the elite troops.”

After saying that, they continued to walk forward.

“The elite troops of our Bluefire city have been here for quite a few years. Their way of fighting is different from ours. They are all in teams of a few people. In each team, there is at least one progress fighter, one ranged Warlock, one Spirit reader, and one healer Warlock. With these people’s support, this small team can have enough combat power!”

At this point, Zhou Hao’s expression changed.

“If this kind of team were to face a team with unique movement techniques or a team with a strong physical body, wouldn’t they be finished?”

Zhou Hao was worried that their warriors and warlocks would not be able to stop the attack of these people.

“Hehe, everyone can think of this problem. However, you have neglected one problem. Having more people doesn’t necessarily mean that you are truly powerful. One person’s strength can’t change everything. In a large-scale battle, it still depends on the team!”

When he said this, morima seemed to be reminiscing.

“Back in the day, I joined a squad like this. I was a spellcaster. I suppressed them with firepower and tried my best to control their movement techniques so that our Warriors could perform better. We allowed our spirit readers to invade their spirit energy.”

“But ... I know that our small team has met a person who I can’t wait to kill for the rest of my life!”

Zhou Hao didn’t think much of it, but what he said next made his expression change!

“That person cultivates an extremely vicious cultivation technique that sucks people’s blood essence. Our close-combat Warriors were all sucked dry of their blood essence in a single exchange. At the same time, this person’s movement technique is also very strange. He can control the blood pool and create doppelgangers. At the same time, he can switch between doppelgangers and his main body. This person alone annihilated our entire team. I still can’t forget it!”

Zhou Hao narrowed his eyes and asked.

“Captain, the person you’re talking about, is he called a violent bloodthirsty demon?”

As soon as he said that, mo Lima immediately looked at Zhou Hao with wide eyes.

“How ... How did you know?”

He didn’t expect that someone would still know this name. After all, it had been more than ten years!

And the bloodthirsty berserk demon seemed to have disappeared without a trace, never appearing again.

“Of course I know, because I have an irreconcilable enmity with him. Captain, do you know where he is?”

Zhou Hao blinked his eyes and began to argue. His purpose was to ask about that guy’s whereabouts.

“I don’t know where that guy is either. Ten years ago, he was an eighth-grade martial Saint. Although I was lucky enough to survive that battle, I was injured to the core and I’m afraid I won’t be able to break through in this lifetime. That’s why I became the captain of the guard team.”

“However, I’ve also heard that the violent bloodthirsty demon was severely injured by an expert, and his whereabouts are still unknown.”

Zhou Hao fell into deep thought after hearing mo Lima’s words.

His mission was to kill the violent bloodthirsty demon. This person must not have died.

If he had died, there wouldn’t be such a character!

Unknown whereabouts?

He must have hidden himself somewhere on this exiled planet!

The most important point was that he was an eighth grade martial Saint ten years ago, and now he was at least in the Dao realm. Zhou Hao was a little confused about the task of killing this person.

“Could it be that you want me to go and die?”

Zhou Hao could not understand, but he did not say anything.

Soon, they arrived at a relatively hidden mountain range. Before they reached the front, Zhou Hao could already feel an extremely powerful qi and blood energy.

Zhou Hao furrowed his brows. This qi and blood power was extremely heavy, but for some reason, Zhou Hao could still feel a sense of weakness.

“It’s right in front. I can already feel that tyrannical qi and blood. It must be the strange beast of the Telulu clan!”

At this moment, morima said directly.

“Captain, what should we do?”

At this moment, Shalia said with a pale face. The aura made him feel very uneasy. If he could, he would definitely run away!

Chapter 880 - Speculations

Chapter 880: Speculations

Shalia had always been a timid person. The moment he felt the overbearing aura, he was completely dumbfounded.

This aura was far too powerful. It made him feel like he was facing an Army of thousands!

Even morima felt the same way. They felt that this aura was too strong, so strong that it was shocking!

However, only Zhou Hao could sense that there was an extremely weak feeling in that aura!

Zhou Hao took a deep breath but didn't say anything. Mo Lima narrowed his eyes.

"We're leaving just like that. We didn't complete our mission. At least, we should figure out what's inside."

No one rejected morima's offer.

"The few of you, follow behind. Zhou Hao, Shalia, you two melee heroes, walk in front."

Morima quickly adjusted the formation of the team, which was the most advantageous for combat.

The supplies and telekinesis Masters were at the back, while the melee fighters were at the front. As a spellcaster, he controlled the overall situation.

Zhou Hao had no objections and took the lead. Shalia followed behind him nervously.

Sharia, who was usually arrogant, only wanted to escape at that moment. After all, the vitality in front of him was too strong!

Zhou Hao approached carefully and slowly. Soon, they arrived at the valley. The few of them held their breath and lowered their breathing to the minimum, then looked down.

At this moment, everyone was stunned.

In this vast Valley, there were actually more than ten huge exotic beasts imprisoned here!

All of them had a strange tube inserted into their bodies. Then, blood was sucked out of their bodies and fell into a huge blood pool.

A man was sitting cross-legged in the blood pool. His body was covered in strange red runes.

The runes wriggled as if they were using an ancient spell, slowly absorbing his blood.

His aura was also becoming more and more terrifying. He had already reached the Dao realm!

The powerful aura they had just felt came from him!

Zhou Hao squinted his eyes as his heart trembled. He looked at mo Lima and could already guess what was going on.

At this moment, when morima saw the man in the blood pool, his expression changed. His face was filled with fear, hatred, and indescribable emotions.

“This person must be a bloodthirsty demon!”

Zhou Hao was stunned. He could tell from mo Lima’s expression.

“Bloodthirsty ... Bloodthirsty berserk demon!”

As expected, morima said in fear.

Zhou Hao narrowed his eyes. It was exactly as he had thought!

However, this person was in the Dao realm. How could he beat him? did he have to call him mu jjumu?

Zhou Hao didn’t understand. If this person was so powerful, why would the mercenary training base allow him to come here?

This didn’t make sense!

Zhou Hao bided his time. He did not want any problems to arise.

“Captain, since we’ve already found this person, we can’t let him go. Why don’t we get some elite troops?”

Zhou Hao thought about it carefully. His mission was to kill him. No matter who it was, as long as it was related to him, it should be fine. Even if it was not him, it should not be a problem.

Sure enough, after hearing this suggestion, magic-MA nodded.

"That's right. We can't deal with him at all. We can only kill him through our elite troops. Moreover, even if it's an ordinary elite troop, it's useless!"

"Let's go!" Momo said after taking a deep breath.

"Since we already know where his lair is, he won't be able to leave for a while. Let's go first. I'll go and report it now, and our mission will be considered complete."

After saying this, mo Lima urged everyone to leave. Zhou Hao also nodded and followed them back to green fire City.

However, after they returned, Zhou Hao sneaked back. He had to participate in the battle. Otherwise, it would not be counted as him killing.

"Frog, don't you think this is a little strange?"

Zhou Hao said after some thought.

"It's strange indeed. This bloodthirsty demon ... Is a little strange. He's in the Dao realm, but for some reason, I can feel that he's very weak."

"And one more thing, why did you kill them? Such a powerful person should be killed by mu jiumu, at least for safety's sake. "

The frog's words also made Zhou Hao suspicious. This was indeed a problem.

Not to mention whether this person was powerful or not, just to be on the safe side, they should at least find someone similar.

He was a fourth grade martial Saint, and this guy was a Dao realm expert. Wasn't he just sending him to his death?

"I don't care anymore. The elite troops will definitely come. As long as I interfere, he will definitely die."

Zhou Hao laughed. He did not care about anything else. He had to finish the mission first.

At the same time, officer long from the mercenary group was depressed after hearing the news.

"This kid is really stubborn. He doesn't want the chance I gave him? This violent bloodthirsty demon's origin is seriously injured. It looks like it's in the Dao realm, but its actual combat strength is only around that of an eighth stage martial Saint. With his ability, he should be able to kill it. Even if he can't kill it, he should be able to escape. "

“The key point is that I didn’t ask him to complete this mission just to kill him. I wanted him to obtain the method to control his qi and blood. Although it’s not advisable for him to absorb the blood essence of other species to improve his cultivation, this guy has been famous for a long time. His qi and blood control method is not ordinary. If Zhou Hao could get it, he would benefit greatly. But this kid is so cautious!”

Officer long felt helpless. The mission had already been given. It would be a waste if Zhou Hao was the only one who killed him.

“Ah ...”

Officer long was helpless and immediately gave Zhou Hao new instructions.

Zhou Hao was waiting there when he received a message. He blinked his eyes when he saw it.

“Kill mission. Kill him independently. Otherwise, it doesn’t count.”

After Zhou Hao finished reading this sentence, he was so angry that he could die.

“F * ck, who the F * ck issued this mission? do they want to F * cking kill me?”

Zhou Hao was furious, but when he thought about it, he felt that there was a big problem.

“Why do you want me to kill him alone? What’s the secret behind this?”

Zhou Hao looked at the bloodthirsty demon in the blood pool carefully. He watched as the demon controlled the blood and Qi, slowly gathering them into his body and cultivating his cultivation.

Zhou Hao looked at it, and the more he looked, the more he felt that something was wrong. Suddenly, he thought of something!

“Could it be ... Could it be like this?”

He opened his eyes wide and looked down. He was shocked and excited!

Chapter 881 - -battle

Chapter 881:-battle

Zhou Hao's eyes were fixed on the bloodthirsty demon. His eyes were gradually filled with shock, fear, and disbelief!

"It must be like this, it must be!"

Zhou Hao gradually came to a realization!

"This mission isn't just for me to kill him. It's for me to obtain the method to control the blood and Qi of this bloodthirsty demon!"

"Although this guy isn't a body refiner, he's a blood refiner. The way he trains his qi and blood is definitely stronger than mine. As for him, he's in the Dao realm, so that weakness must be real. Mo Lima said that he's been injured to the core. Right now, he's using the qi and blood of so many strange beasts to cover up his weakness!"

Zhou Hao squinted his eyes. He had already understood what was going on, so he did not hesitate.

"I don't care anymore. I'll try it first. If it doesn't work, I'll just run away!"

After Zhou Hao finished his sentence, he immediately flew toward the valley.

In an instant, his aura became generous, and his cultivation reached Level Seven of the martial Saint realm. His powerful cultivation made the strange beasts uneasy, and even made the bloodthirsty demon in the blood pool open its eyes.

He was in a very sorry state, and there was something strange about him. He was wearing a mask, and his upper body was bare. The magical symbols wriggling on his body seemed to have a life of their own, and were currently absorbing the blood essence of the blood pool.

"This person ... Is very strange!"

Zhou Hao squinted his eyes. He was a little worried, but no matter what, since it was useful to him, Zhou Hao would not give up.

He immediately activated his ancestral body, and his body glowed brightly. This scene shocked the bloodthirsty demon.

"Hehehe, what a pure qi and blood energy. I'll definitely recover 80% if I absorb your qi and blood. Hahaha, little kid, you've come at the right time!"

Only a pair of eyes could be seen from the blood-red mask of the violent bloodthirsty demon. Those eyes were blood-red in color, and they looked very terrifying.

“Hmph, hand over your method of controlling your vitality and I can spare your life!”

Zhou Hao was too lazy to waste his breath and immediately roared.

“Another one looking for the blood inheritance. Hehe, he’s right in front of me. If you have the ability, take him.”

The violent bloodthirsty demon said directly. After he finished speaking, Zhou Hao was a little shocked. After all this, the method to control his qi and blood was his magical treasure, that ferocious-looking mask!

Zhou Hao’s eyes narrowed. Without further ado, he leaped into the air and unleashed the great destruction fist. His powerful physical strength, coupled with his ancestral body, was like a punch that split the heavens!

At this moment, the violent bloodthirsty demon was also shocked. He looked at Zhou Hao in disbelief with some horror!

“This person ... How can he be so strong!”

He could naturally tell how powerful Zhou Hao’s fist was. Even he would not dare to block it!

“Blood demon Grand magic!”

The violent bloodthirsty demon said immediately. Then, a blood-red figure condensed behind him.

This figure was very strange. When it appeared, a noble spirit exploded. Zhou Hao’s expression changed and he frowned. Without saying anything, he threw a punch.

A loud boom exploded, and an invisible shock wave burst out.

The blood-colored figure collapsed, and Zhou Hao was sent flying.

“What a strong person. No wonder he dared to find trouble with me!”

The violent bloodthirsty demon was a little shocked. He couldn’t believe that his full-power attack had been blocked!

“Hmph, die!”

Zhou Hao squinted his eyes and immediately teleported. Then, he covered his body with the thousand feather armor and a powerful gravity domain burst out.

It caused the gravity in the valley to increase by ten times!

The mutated beasts were already very weak after having their blood essence absorbed. Now that they were being suppressed by this strong gravity, they fell to the ground and could not move at all!

The bloodthirsty berserk demon was also a little overwhelmed. The gravity had directly affected the flow of his blood.

At this moment, Zhou Hao did not waste any time. He immediately leaped forward, and his tyrannical spiritual energy was released from his body!

Zhou Hao took a look at the telekinesis basics that manlirui had given him. Although it wasn't much, it was a lot more powerful than before!

At this moment, the violent bloodthirsty demon was shocked!

"Gravity domain, strong physical body, and strong spiritual power. What a monstrous kid. He's almost as strong as a small team!"

The violent bloodthirsty demon was a little shocked. It had never expected that this person would be so powerful. His physical body, domain, and even his spiritual power were all so strong!

A person with such talent was definitely not a small figure!

He must be an expert from a big family!

"Although you are very strong, it is still not enough to deal with me!"

At this point, the violent bloodthirsty devil snorted coldly and closed his eyes.

In the next second, when he opened his eyes, his cultivation had already reached the Dao realm!

"I'm injured, and I can't use too much of my Dao realm cultivation base. However, it should be enough to take care of him. As long as I can take care of him and absorb his qi and blood, I'll be able to recover. In fact ... I might even be able to possess his body!"

The violent bloodthirsty demon's thoughts about Zhou Hao also began to rise!

At this moment, his aura became ethereal. With Dao realm cultivation, he could comprehend a bit of the laws of heaven and earth!

This power was a gift from heaven and earth, and it was not something that cultivation and cultivation could make up for!

"You have a domain, but it's useless against me. This world belongs to me now!"

After saying that, he waved his hand and the gravity domain on him disappeared immediately!

Not only that, but that tyrannical mental energy didn't have much of an effect on him!

This was the power of Dao realm cultivators. They could control the power of natural laws, and ordinary magical techniques would be far too difficult to injure Dao realm cultivators!

Zhou Hao narrowed his eyes and was shocked. This guy was really strong. Even though he was injured, he could still use his Dao realm cultivation!

But ...

Zhou Hao was not afraid!

"Ancestral body ... Activate!"

Zhou Hao let out a furious roar as his body glowed with golden light!

Now that the purity of his qi and blood had increased, Zhou Hao could feel that his ancestral body had become even more powerful. Not only that, his ancestral body was about to break through!

Zhou Hao's qi and blood energy was like a furnace, extremely hot!

It was not just his blood essence power, but even his physical strength had doubled!

The number of meridians in his body had also increased from 50 to 53!

This also meant that Zhou Hao's great destruction fist was even more powerful than before!

"Have a taste of my fist!"

Zhou Hao gathered all of his cultivation and blood Qi into his fist. At that moment, he was shining brightly as he stood in the air like a god of War!

The huge fist was filled with the power of qi and blood. It stirred up the wind and clouds, filling the entire Valley. The strange beasts all trembled, and many even spat out blood.

The violent bloodthirsty demon's expression was solemn. At this moment, the fist was already approaching!

Chapter 882 - Blood Legacy

Chapter 882:-Blood Legacy

Zhou Hao's power was not something that the violent bloodthirsty demon could block. That kind of power made his heart jump in fear!

"Damn, how can he be so strong!"

He was a little shocked. Although he was in Dao realm, the amount of Dao realm cultivation he could use was limited and he couldn't defend against Zhou Hao's punch.

However, it was too late!

In the next second, Zhou Hao was already in front of him. He was almost invincible. At this moment, he threw a punch.

The violent bloodthirsty devil roared. At this moment, he didn't hide anything. He activated all of his cultivation and even his bloodline. The ferocious red mask let out a silent roar!

The runes on his body began to wriggle in a terrifying manner.

Zhou Hao didn't care about anything else and immediately attacked.

With one punch, the violent bloodthirsty demon's body spurted out blood. Zhou Hao took advantage of this opportunity to deliver the second and third punches!

Not long after, the violent bloodthirsty demon couldn't hold on any longer. It was forced to retreat repeatedly!

Zhou Hao was very excited. At this moment, this violent bloodthirsty demon was already his prisoner!

Without another word, he released his powerful spiritual power and the power of the origin mark!

The power of the origin mark was the most suitable to seal a martial artist. As long as he wasn't on guard, he could do it!

Zhou Hao put his hands together and used the seal character. Mysterious origin patterns appeared behind him and landed on the bloodthirsty demon. In the next

second, the bloodthirsty demon's aura was sealed, and he couldn't detect any cultivation at all!

"You ... What did you do to me!"

The violent bloodthirsty demon was extremely shocked. At this moment, he wanted to use his cultivation, but he found that he couldn't use it at all!

"I sealed you."

Zhou Hao smiled and slowly walked over. However, at this moment, he frowned because he felt a few powerful auras coming in his direction.

"As expected, morima called the elite troops. No, we can't hand him over to the elite troops!"

Zhou Hao took a deep breath, and without another word, he pulled him along and used a movement technique to escape.

They had walked for less than three minutes when a few figures appeared in the sky and landed.

"What?"

The person in the lead had his hands behind his back. His Dao realm cultivation was truly extraordinary.

"A fighting scene. Could it be that the violent bloodthirsty demon was killed?"

He was really confused and so were the other two Dao realm people.

"Judging from its aura, the bloodthirsty berserk demon seemed to have been beaten to the point where it couldn't fight back. It should be dead. But who did it?"

The few of them were very puzzled and did not understand.

"It seems that the violent bloodthirsty demon has a lot of enemies. If he's dead, then so be it. We don't have to do anything."

The three of them looked at each other and left without paying much attention.

At this time, Zhou Hao had already entered green fire City with the bloodthirsty demon.

Of course, he couldn't enter the city with the appearance of a bloodthirsty demon. Zhou Hao had to disguise him to sneak into green fire City.

After bringing him back to his residence, Zhou Hao immediately threw him on the ground.

“Bloodthirsty demon, do you want to die?”

Zhou Hao said indifferently.

“You can let me go?” The violent bloodthirsty demon looked at Zhou Hao and narrowed his eyes.

“That will depend on your performance. If you perform well, it’s not impossible for me to let you go. However, if your attitude is bad, I can kill you easily.”

Zhou Hao was not joking. At this moment, the violent bloodthirsty demon was like a piece of fat meat on the chopping board. If he wanted to eat it, he could do it without any effort.

The violent bloodthirsty demon naturally understood this principle. He was like a fish on a chopping block. At this time, there was no other way but to accept his fate.

“Tell me, how can you let me go?” The violent bloodthirsty demon said directly.

“I want to know how you control your qi and blood. Is it because of that mask? And what does the blood inheritance mean?”

Zhou Hao said coolly. After he finished speaking, the bloodthirsty demon sighed. He knew that this must be the reason.

“This item is where the blood inheritance is. This mask is the blood Lord’s treasure. It’s extraordinary and can condense Supreme blood essence.”

“This treasure is also extraordinary. I can only see a part of it and can’t fully display it.”

Zhou Hao was very curious when he heard that. Without saying anything, he took the mask in his hand and wiped away the spiritual mark with his powerful spiritual energy.

The violent bloodthirsty demon was shocked. He was a Dao realm expert and his mind power was naturally extraordinary. But this person was just a Saint and yet he was able to wipe out his mind power. This method wasn’t normal.

Zhou Hao didn’t care too much about this, but carefully told the frog.

“I don’t believe this kid’s words. What do you know about the blood Lord?”

Zhou Hao was worried that the treasure was an evil item. If he was infected, something bad would happen.

“The blood Lord ... She’s a truly important figure. She was a sovereign who reached the origin realm back then. She’s called the blood Lord. She’s so powerful that she can wipe out a medium-grade Galaxy with a single blow. Even many people in high-grade galaxies have to give her face!”

“What he’s most proud of is his blood refining technique. When he activates it to its extreme, he can condense the will of the heavenly Dao, and can even condense the blood of allheaven. Its power is beyond your imagination!”

“This mask is one of Supreme blood’s sacred artifacts. It’s really extraordinary. Actually, I don’t know what this mask is, but I can feel that it belongs to Supreme blood!”

The frog spoke at this moment. What it said about the blood Lord’s strength could be said to be mythical.

Zhou Hao took a deep breath and slowly put on the mask. At the same time, he imprinted his own spiritual energy on it.

In the next second, the moment the mask landed on Zhou Hao’s face, he felt a sea of blood appear!

Zhou Hao had never felt this way before.

What shocked him even more was that with this object, the blood in his body seemed to become more condensed and quiet!

Zhou Hao’s hands felt as if he could control every drop of blood in his body!

“Godly! This is truly a godly item!”

Zhou Hao squinted his eyes in excitement.

At that moment, a strong will appeared in the mask. Zhou Hao wanted to Dodge, but he was pulled into a strange space!

“I, the ruler of the blood country, rule over 3000 universes. I’m the Supreme ruler, ranked among the undying and had ascended to the top of 10000. Later ... I was betrayed by my people. I’m not willing to accept this!”

“My inheritances are all in this mask. Those at the Saint realm can see one part of it, those at the Dao realm can see one part of it, those at the world Overlord realm can see three parts of it, those at the God Realm can see three parts, and those at the origin realm can see Supreme secret techniques and obtain my full mastery!”

“My wish is that whoever obtains my legacy in the future will be able to restore Wu’s former glory and rebuild the blood Kingdom. My Army is sealed in The Endless River Basin. Once you reach the origin realm, you can go and awaken it with my mask.”

“Remember, you must rebuild the blood country!”

Chapter 883 - -breakthrough

Chapter 883:-breakthrough

When Zhou Hao heard this, his eyes gradually became clear and he recovered.

“What did you hear?” the frog asked hurriedly.

Zhou Hao took a deep breath and said, “I think I heard what the blood Lord said. He said that to inherit his legacy, we need to help him build a country of blood. He has a strong team in The Endless River Basin.”

“What? the blood demon Army? Oh my God, the missing blood devil army is in the endless basin!”

The frog was shocked!

“You know?”

Zhou Hao asked in surprise.

“Of course, the blood country’s strength is because of this blood demon Army that has never failed. They get stronger as they fight, absorbing the blood of their opponents to strengthen themselves. As long as your blood doesn’t dry up, they won’t die. Zhou Hao, if you have this Army, the Milky Way will definitely become a stronger Galaxy than the hell Galaxy!”

The frog said excitedly.

“It won’t be that easy. He said that you have to reach origin realm first ...”

Zhou Hao sighed.

“Hahaha, of course. If your cultivation is insufficient, you won’t be able to control the blood demon Army at all. However, you don’t need to worry. With your talent, you’ll break through to the origin realm one day as long as there are no problems!”

He didn’t know if the frog was encouraging him or something else, but Zhou Hao was a little confused after he said that.

The origin realm ...

In Zhou Hao’s opinion, as long as one was a sector Lord, they would be able to protect the Milky Way galaxy. As for the origin realm, he had never even considered it.

After keeping the mask, Zhou Hao did not use it.

The greatest use of this item now was to control blood essence. When he cultivated, he just had to wear it and it would work.

Of course, after wearing it, one could also display extremely powerful combat strength, and the level of blood essence would be improved.

After settling this matter, Zhou Hao looked at the bloodthirsty berserk demon and said indifferently,”

“I won’t kill you, but I won’t let you go either. The mercenary group in the hell star system wants you, so I will send you there.”

Zhou Hao’s words stunned the bloodthirsty demon.

“You ... You’re not from the exiled star system. You’re from the hell star system!”

He didn’t dare to believe it, and his expression was extremely ugly.

“That’s right!”

After Zhou Hao finished his sentence, he did not bother to waste any more time and threw him into his backpack.

Since his mission was completed, Zhou Hao had no reason to stay. He left after a day.

As for Ji yaoyue and the others, they naturally had a way to return.

When officer long received the news, he smiled and personally locked the violent bloodthirsty demon in a cage. The violent bloodthirsty demon would never come out for the rest of its life.

“How is it, Zhou Hao? are you satisfied with the mission?”

Chief long looked at Zhou Hao and said indifferently.

“Officer long, are you the one who gave me this mission?” Zhou Hao was a little shocked. He had never expected that this mission would be given to him by officer long!

“Of course, what else do you think? It’s very difficult to obtain information about the violent bloodthirsty demon, and I only gave this mission the moment I found out about it. The violent bloodthirsty demon’s method of controlling blood essence is not ordinary, and you’re a body refining cultivator, so there must be some connection. Therefore, it’s best to hand it over to you. ”

Zhou Hao was very touched by chief Long’s words. This person’s intention was simple. He just wanted to help him.

To think that he was still looking left and right, thinking about it!

Of course, Zhou Hao finally figured it out, but he never thought that the Dragon would be in charge.

“Thank you, chief long. I, Zhou Hao, will remember this favor.”

Zhou Hao immediately cupped his hands and said.

“Haha, you’re welcome. Our mercenary group trains everyone. If you’re strong, we’ll be strong too.”

Officer long was not too concerned. He thought highly of Zhou Hao. Not only did he have a good character, but most importantly, he had a good talent.

In comparison, he naturally had to take care of her more.

“Alright, go back to your training. With your strength, you should be able to break into the rankings. Try to get into the top 50 as soon as possible.”

Chief long said immediately.

“Top 50? Are there any benefits to it?” Zhou Hao was stunned for a moment before he said.

“Of course, the rewards for the top 50 are no small matter. Whether it’s Secret techniques or points, they’re not something you can imagine. If you’re curious, you should enter the top 50 soon.”

Zhou Hao nodded.”I’ll work hard!”

After returning from officer Long's place, Zhou Hao returned to the training camp. Neither Ling Tian nor Ji yaoyue returned.

Zhou Hao did not have much to do, so he naturally spent all his time on cultivation.

After a few days, Ling Tian and Ji yaoyue returned, and mu jiumu also went into seclusion to cultivate.

In this vast world, only when one's own strength was strong could one live with more dignity. Everyone understood this principle, and Zhou Hao was even more so, except for the most basic daily meals.

The rest of his time was basically spent on improving his strength.

Every day, he would come to the heavenly Fire pond in the mercenary base to train. No matter what happened, nothing could stop him from advancing.

As usual, Zhou Hao came to the heavenly Fire field.

He felt that the qi and blood in his body were more turbulent than before, and there was a momentum that wanted to rush out of his body.

A thin layer of blood was slowly forming on the surface of his body. As someone who had broken through before, he knew that he was about to break through to the second layer of the ancestral body.

He had to end this training immediately. He had to quickly find a quiet place where no one would disturb him and quietly pass the time for the breakthrough.

This was because Zhou Hao knew that every time he broke through, it was extremely painful. The consequences of being disturbed by others were unimaginable.

The pace of the breakthrough was too fast, and Zhou Hao didn't have the time to greet Lingtian and the others. Luckily, he knew that the back of the mercenary training base was a desolate mountain with no signs of life.

Not to mention people, even those birds and beasts were not willing to come here.

Some people only saw Zhou Hao's back as he ran away and thought that he was possessed. There was still a faint smell of blood in the wind.

Hiss~~

The pain had almost reached his limit. More and more blood beads appeared on his body. In the process of running, the blood flowed out like small streams.

“Tsk, what a ghost ...”

Even if Zhou Hao wanted to complain, he did not dare to stop. His speed increased by a few notches, afraid that he would not be able to reach the place he had set his eyes on if he was even a little slower.

In an instant, he felt as if his entire body was on fire. The blood that was flowing like a stream suddenly stopped.

This was not a good sign!

Using his fastest speed, he rushed towards the highest point of an empty mountain range, where he could guarantee his safety.

With a wide field of vision, even if there was any potential danger, they would be able to discover it at the first moment.

It felt like half a century had passed before they finally reached the peak of the mountain.

Chapter 884 - -anger

Chapter 884:-anger

He quickly made all the preparations and set up a powerful barrier. He was afraid that it would not be worth it if something powerful broke in when he was on the verge of death.

Looking at the faintly discernible barrier in front of him, Zhou Hao finally felt relieved.

He took a look at his own body and was shocked. He didn't know when the surging blood in his body had slowly turned into a dried River.

Zhou Hao knew that his breakthrough had only just begun. The blood that had flowed out of his body was only an appetizer.

Three inches below his lower abdomen, there was an unstoppable flame burning in his body. It slowly moved from his lower abdomen to his heart, and it seemed to be spreading to his limbs.

Wherever this flame went, the blood would evaporate into nothingness.

Zhou Hao did not panic in this situation. The first breakthrough was not as serious as this one, and it was almost the same.

F * ck!

Zhou Hao quickly sat cross-legged on the ground, using his powerful cultivation to guide the flame to slowly move forward. Otherwise, in a few minutes, it would definitely run amok in his body.

He couldn't use his cultivation base to suppress it either. Once the flames disappeared, it would mean that he had failed his breakthrough.

In just a few minutes, the cold sweat on Zhou Hao's face fell to the ground, forming small puddles.

His face was pale, and he could only grit his teeth to endure the pain.

If one's will wasn't strong enough, they would definitely choose to commit suicide instead of bearing the pain.

After an unknown period of time, Zhou Hao, who was covered in sweat, finally felt the burning pain subside a little. What followed was the pain of his muscles being torn apart.

Every inch of skin from the inside to the outside was like soil that had lost its moisture. The blood had been steamed dry, and even if the flesh and blood were sent flying, no blood could be seen coming out.

If one looked closely, they would notice that there were small flames slowly rising from inside.

Zhou Hao did not give up. The pain was within his expectations.

He used his powerful cultivation base to continuously soothe the pain in each of his burning wounds, but it was just a drop in the bucket. It didn't have much effect.

Zhou Hao's entire body was trembling. He couldn't even sit cross-legged anymore. The only thing he could do was to lie on the ground and bite the tip of his tongue to keep himself awake.

The pain had not subsided yet, and the burning pain of his bones followed. Zhou Hao almost lost his consciousness under the intense pain.

Everything before his eyes turned dark, as if not a single ray of light could penetrate through.

“No, this is not my final destination.”

Zhou Hao raised his hands shakily. Now, his hands looked as if they had been forcefully burned by flames, and not a single trace of his Original Skin could be seen.

He forcefully took a deep breath. Only his heart was intact.

As he watched the flames slowly advance towards his heart, he knew that if he didn't take any action, he would only die.

His body trembled a few times, and he couldn't even sit down cross-legged when he wanted to. There wasn't a bit of flesh on his legs and hands, and even his bones seemed to have turned to ashes.

“It F * cking hurts.”

Zhou Hao gathered his strong willpower in his chest, and the power of his cultivation that was well preserved slowly flowed through the bones that had been burned to ashes by the fire.

He had thought that he had been numbed by the pain. The pain of restoring knowledge was beyond the limits of a human.

In an instant, Zhou Hao was plunged into darkness.

Wave after wave of pain rushed to his brain, and this feeling made him go crazy.

He even wanted to end his own life with a raise of his hand!

It felt like a century had passed, and Zhou Hao finally woke up after much effort.

He took a look at his body's current condition. It was not much better than when he had fainted.

The heavens had never let anyone off easily. To obtain great power, one had to pay the corresponding price.

Zhou Hao gritted his teeth, using his consciousness to control the milky white cultivation power in his heart, slowly repairing the desolation that had been burned by the fire.

As long as the places were repaired, blood and flesh would slowly appear. Even the burned bones would slowly repair, and he could faintly feel that he was stronger than before.

Seeing such an effect, Zhou Hao endured the extreme pain and slowly repaired the meridians all over his body. He even fainted several times from the pain.

In his mind, he kept telling himself that he couldn't be defeated by such a small difficulty.

He would wake up from the pain again and again, repeating the same action ...

Zhou Hao felt as if centuries had passed, but in reality, it had only been one night.

Before he knew it, Zhou Hao had completed the last repair and passed out.

When a ray of sunlight shone on the ground, Zhou Hao opened his exhausted eyes and looked at his surroundings. Everything that had happened the day before came to his mind.

Hurry up and sit up to see if you've failed?

He stood up with a light jump and felt as if he had an endless amount of power in his body. He punched a big rock not far away.

In an instant, the incomparably hard rock was directly shattered into pieces.

Even he himself was shocked!

He looked at his body's condition. His blood was boiling, his muscles were tougher, and his bones were tougher. He also saw the benefits of breaking through.

Without much delay, he strode towards the mercenary base.

.....

Zhou Hao had just descended the mountain in the Skyhill rainforest when he heard people in front of him discussing something in low voices.

"Have you guys heard that Ling Tian from the Silver King sect, who knows the immensity of heaven and earth, went to challenge the fourth commander of the famous star group?"

"What did you just say?"

"That's right, Ling Tian is going to challenge the fourth commander of the star group, Aubert. "

"Hiss~how bold are they? are they really going to die?"

These people were immersed in their shock and were all discussing this matter in a low voice.

They didn't sense that someone was walking toward them.

After walking closer, Zhou Hao could clearly hear that Ling Tian had challenged Aubert alone when he was breaking through.

He hoped that he could still stop it in time.

Anyone who could enter a mercenary group was a ruthless person, and even if they didn't kill the other party, they would at least make them half dead.

When they thought of this, they walked a little faster than before. There were still traces of blood on their bodies from yesterday's breakthrough. The others only felt a gust of wind blowing beside them.

"What kind of hero are you to attack a heavily injured person? if you have the ability, fight me alone."

Just as Zhou Hao approached the stage for the exclusive challenge of the mercenary base, he heard Ji yaoyue's arrogant voice.

Only he himself knew that there was a slight tremble in his overbearing tone.

Bang!

The entire ground shook from the sound.

"Ling Tian ..."

Ji yaoyue yelled in despair.

Chapter 885 - -increase the bet

Chapter 885:-increase the bet

Zhou Hao directly pushed away the people in front of him, and just in time to see Ling Tian lying motionlessly on the edge of the stage, spitting out blood.

The fire in his eyes burned like the sun.

It was impossible to beat the other party to such a half-crippled state in a normal challenge.

“Little bastard, do you think anyone can challenge me?”

“Then I’ll let you enjoy the feeling of your bones being crushed.”

A brawny middle-aged man with a vicious look in his eyes was looking at the unconscious Ling Tian on the ground with a smug expression.

“I heard that this man is from the Silver King sect. I wonder if their commander is afraid of seeing his brother beaten up like this and is hiding.”

“What Silver King sect? I’m a member of the star group. Who would listen to a coward like them who only knows how to bully the weak and fear the strong?”

The onlookers standing on the side kept slandering the team that Zhou Hao and his team had established.

“This matter ends here. We admit defeat!”

Before anyone could react, Zhou Hao stepped onto the stage and gently carried Ling Tian up. Ling Tian could feel that there was no part of his body that was in good condition.

Zhou Hao’s simple words echoed in Ji yaoyue’s mind like a thousand pounds of weight.

His eyes turned scarlet red, and he wanted to rush up and tear the burly man in front of him into pieces.

To make a proud lover say the words ‘I admit defeat’.

In her memory, no matter how desperate and difficult Zhou Hao was, he would not easily say these two words.

However ...

In order for Ling Tian to continue living, Zhou Hao had no choice but to let go of his previous pride.

“Haha ... Didn’t you hear that? this is their boss. He’s actually standing here and admitting defeat.”

“I’m not hallucinating, am I? even a high and mighty person would admit defeat. I think you’re all a bunch of cowards, trash ...”

Zhou Hao knew the severity of Ling Tian’s injuries, and if he were to continue arguing with these people, he would definitely be the one losing his life.

Without another word, he turned around and left.

“Did I let you go? If you want to leave, then kneel down and admit defeat. In the future, anyone who sees my star group will take a detour. ”

The arrogant Aubert blocked Zhou Hao’s way.

Zhou Hao’s expression turned ugly. His eyes were burning with a raging fire, as if he wanted to burn everything in the world into nothingness.

“Get lost ...”

He didn’t have much time to deal with these people, so he directly told them to get lost.

“D * MN you, do you know who I am?”

“You even dare to tell this old man to get lost ...”

Bang~~

Before Aubert could finish his arrogant words, he was kicked in the stomach and sent flying to the edge of the platform.

Lying on the ground, Aubert was still in a daze. He did not even know who hit him.

Zhou Hao turned around and walked out of the ring without even giving her a second look.

“I’m not here. It seems that these people are getting more and more unruly!”

Just as he was about to leave the high platform, an ice-cold voice came from another direction.

“You want to leave after hitting my people? there’s no such good thing in the world.”

Zhou Hao knew that if he hit his subordinate’s dog, the owner would jump out impatiently.

“So what?”

It was as if this matter was insignificant, and he had just taught a disobedient dog a lesson on behalf of the other party.

Zhou Hao looked at Ling Tian, who was on the verge of death, and his heart burned with anger. It was impossible for him to take revenge openly.

In the process of the challenge, as long as one's life was not harmed, there was no foul, and one would not be punished by the higher-ups.

"Kneel down and admit your mistake. I'll pretend that this never happened. Otherwise ..."

"Hehe, Moro' Lai, since you're so dissatisfied with us, let's have an open competition."

Zhou Hao did some calculations in his heart, wondering if he could use his full strength to quickly get rid of this arrogant guy in front of him.

An eye for an eye had always been his personality.

"Alright, since you're in such a hurry to die, I'll fulfill your wish. Since you want to challenge me, then you must have a bet."

"Alright, if you want to bet, then we'll make it bigger. The losing party not only has to admit their mistake, but also have to disband the current force they have."

Zhou Hao's lips curled into a cold smile.

He had just broken through to the second level of the ancestor body, so he needed someone stronger than him to get used to this new power.

Even if he was only a fourth-grade sacred physique now, he could reach the strength of a seventh-grade sacred physique with the help of God Slayer and the nine revolutions sacred body technique. He would be able to fight against him.

When the others heard Zhou Hao's overconfident declaration of war, they all had gloating expressions on their faces.

"This Zhou Hao is really bold. Is he looking for death?"

"I've long heard that there's a grudge between them, but I didn't expect to meet them so soon!"

"Moro Olai also broke through to the eighth stage martial Saint a few days ago. He's very strong. If Zhou Hao goes against him now, it's like hitting a rock with an egg!"

Since these people had said so, the people from the star group naturally could not help but mock.

"Hahaha, you want to bet with our boss? Zhou Hao, you're really looking for death!"

When the people from the Silver King sect heard this, they were also extremely angry. However, there was nothing they could do. Ling Tian was competing with others for a place on the rankings, so it was inevitable that he would be injured.

If Ling Tian was strong enough to defeat the people from the star cluster, the current situation would be completely different.

“Zhou Hao, you really dare to study gambling with me?”

Morolais squinted his eyes and looked at Zhou Hao. Such an arrogant attitude made him really want to attack.

“Of course. Are you afraid?”

Zhou Hao snorted coldly. Be it Moro’ Lai or Moro’ la, these two brothers had made Zhou Hao extremely disgusted. Therefore, he could not wait to completely destroy them!

“I’m afraid? I’ll use my one hundred and thirty thousand points to bet with you. If you lose, your Silver King sect’s people will belong to us, including that woman. ”

Morolais did not forget this, and he did not forget that his brother wanted Ji yaoyue.

Zhou Hao snorted coldly, and his killing intent grew even stronger!

“Let’s bet then. What are you afraid of? we’ll bet!”

At this moment, Ji yaoyue stepped out. Just like last time, she stood beside Zhou Hao without any hesitation.

“Zhou Hao, what do you say? If you don’t dare, then in the future, if you see any members of my star group, you must obediently give way and I won’t make things difficult for you. ”

Moro Olai knew Zhou Hao’s pride and would definitely not agree. He was simply insulting him!

Zhou Hao squinted his eyes and looked at Moro Olai. He suddenly laughed.

“Since you want to die, then come. If I lose, I’ll agree to all your conditions. However, I’ll add another bet. It’s not exciting enough!”

“If I lose, I’m willing to be your slave and serve you for three years. If you lose, you’ll become my slave and serve me for three years. Do you dare?”

His words immediately made everyone gasp!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 886 - -challenge

Chapter 886:-challenge

After Zhou Hao finished his words, everyone was stunned. Their eyes widened in disbelief!

This kind of bet was too bold!

Three years as a slave!

Furthermore, the initiator was Zhou Hao. He was too bold!

Although Zhou Hao had established the Silver King sect, which looked quite powerful, there was still a big gap between them and Moro' Olai!

A veteran trainee mercenary, a fellow who had just joined less than three months ago, actually dared to be so arrogant!

The surrounding people were all shocked, even Moro Auray was shocked!

This brat was actually so arrogant. He dared to bet on this with him and even asked him if he dared to?

Morolais was instantly enraged, and he snorted coldly, "Alright, Zhou Hao, I accept your challenge!"

As an eighth grade martial Saint, how could he be afraid?

Furthermore, he was the leader of the star cluster. How could he ignore the provocation of a newcomer?

Not only did he have to accept the challenge, but he also had to trample Zhou Hao beneath his feet!

As for whether he was a slave or not, he didn't care at all. So what if a defeated opponent became his slave?

It could be said that he had never thought much of Zhou Hao!

Zhou Hao nodded.

“Alright, see you at the arena tomorrow afternoon!”

As Zhou Hao spoke, he left with the injured Ling Tian and the Silver King sect disciples.

However, this matter had also spread throughout the entire mercenary training camp in an instant!

“Have you heard? the boss of the newly established Silver King sect is going to challenge Moro Olai.”

“I heard about this. Isn’t this kid courting death? the bet is not only to settle his own forces, but also to be a slave for three years?”

“Oh my God, he’s playing so big. Is there something wrong with this kid’s brain?”

No one was optimistic about Zhou Hao’s chances in this duel. A newcomer and an eighth-grade martial Saint, it was obvious who was stronger.

After returning to the Silver King sect, Zhou Hao treated Ling Tian’s injuries. The latter opened his eyes and looked at Zhou Hao as he spoke in a serious tone.

“Zhou Hao, I know you’re not an impulsive person. Since you can bet with Moro Olai, you must be confident in defeating him, right?”

While Ling Tian said that, and with his understanding of Zhou Hao, he knew that Zhou Hao would not be so rash as to issue a challenge.

But!

He was still worried!

After all, he was an eighth-grade martial Saint!

Zhou Hao was only a rank-4!

Although Zhou Hao’s combat power was off the charts and he could challenge those of a higher level, morolais still had the ability to become the boss of the second-tier team!

Ji yaoyue was also looking at Zhou Hao with uncertainty and anxiety. She was very uneasy.

“Hehe, what are you all worried about? since I can issue a challenge, I can naturally deal with him. Don’t worry.”

Zhou Hao laughed. He didn't know how strong he was, but he knew that he had broken through the shackles of his blood essence and his ancestral body had broken through to the second heaven. He was no longer the same as before!

If he went all out, he could even fight a half-step Dao realm expert, much less a grade eight!

"Zhou Hao, can I ask you, what is your current combat strength?"

Ling Tian was still a little worried and asked directly.

"As for me ... I should at least have the ability to fight against a ninth grade martial Saint."

Zhou Hao didn't want to brag too much, so he kept a low profile.

"Abnormal!"

However, Ling Tian still couldn't help but ask.

"Alright, take care of your injuries. After tomorrow, the star cluster will no longer exist."

Zhou Hao said indifferently.

At the same time, in the star cluster, Moro Auray sat at the head, and the disciples of the star cluster below all laughed.

Especially moroora, he was extremely excited!

Because after tomorrow, Ji yaoyue would be his!

"Big brother, you have to teach that brat Zhou Hao a good lesson tomorrow. By then, Ji yaoyue will be mine, and I'll take that brat Zhou Hao as well. I'll make him get me some water to wash my feet!"

Moroiola still bore a grudge against Zhou Hao, so he said fiercely.

"Don't worry. The Silver King sect will cease to exist tomorrow. You guys should think about how to get them into our star cluster."

Morolais said and left, returning to his training room.

He had no worries about tomorrow's game at all.

This battle was destined to be the center of attention!

At noon the next day, Zhou Hao dressed up and pushed the door open. The people of the Silver King School were all at the door, including Ling Tian and Ji yaoyue.

They all looked at Zhou Hao with determination in their eyes!

“Boss, we’re going to teach Moro-Olai a lesson today!”

“That’s right. Teach him a good lesson and disband his star cluster!”

“That’s right. They’ve always bullied us. This time, boss, you have to avenge us!”

They couldn’t help but exclaim in excitement.

“Zhou Hao, you’re pretty impressive. Even I was shocked when I heard about the bet.”

At this time, mu jiumu came back. He had just returned from outside when he heard the news.

“You’re back?”

Zhou Hao said with a smile.

“I haven’t finished my mission yet. I came back after hearing the news. I’m here to give you a boost.”

Mu jiumu smiled. Of course, with his strength, he didn’t care about such a small fight.

However, after spending so much time with Zhou Hao, he naturally had feelings for him. At the same time, he was also worried that this kid, Moro Olai, would do something disgusting if he failed.

“Hehe, thank you. But don’t worry, Moluo. I still have a way to deal with him.”

Zhou Hao said indifferently.

“This ... I’m not worried. What I’m worried about is ... The people from the demolition team.”

Mu jiumu suddenly said. After Zhou Hao heard this, he was stunned.

“What do you mean? Is the demolition team related to the star cluster?” Zhou Hao was a little surprised.

“The fourth leader of the demolition team is from the same planet as Moro’ Lai. They have a good relationship. I’m worried that if it really comes to that, he will make a move. This person is a sinister person.”

Mu jiumu frowned and said directly.

“Between you and him, who is stronger?” Zhou Hao asked directly.

“Of course it's mine, but ... I'm still alone. There are so many people in the demolition team.”

Mu jiumu smiled.

“But you don't have to worry too much. Since you guys have issued the challenge, it's perfectly justifiable. Even if he wants to make a move, he will need a reason. Although the mercenary group won't interfere with the training camp's matters in name, if there's really a problem, they will definitely make a move.”

“The most important thing is that a few regiments are paying attention to you. That chief long is very concerned about you. If there's really a problem, he won't just sit by and do nothing.”

Mu jiumu naturally knew more than Zhou Hao. His strength was enough to join the mercenary group.

“Okay, I know. It's almost time. Let's go.”

Zhou Hao laughed and took the lead, leading the Silver King sect in a grandiose manner, directly to the arena!

Chapter 887 - -body tempering

Chapter 887:-body tempering

In the arena.

At this moment, there was a sea of people. Everyone was looking forward to today's battle.

It wasn't just the weaker ones. Even those who hadn't shown their faces for a long time were standing on the high platform in the distance and looking over.

“Hmph, this Zhou Hao is really arrogant. I'll see how he gets trampled under Moro Olai's feet today!”

Lilia gritted her teeth, wishing she could immediately see Zhou Hao being beaten to the ground.

Belreynolds narrowed his eyes and said, "This Zhou Hao doesn't look like an impulsive person. So, I think that if he agreed to Moro Olai's request, he might not lose."

Although he had a grudge against Zhou Hao, he did not believe that Zhou Hao was an impulsive person!

Although he was arrogant, he had the capital to back up his arrogance!

"Brother, you're still speaking up for Zhou Hao. This guy doesn't even care about you!"

Lilia said angrily!

"That's the truth, but this Zhou Hao can't be underestimated."

After saying this, Belino took a deep breath and said, "Let's wait and see. There's an 80% chance that Zhou Hao will win this time!"

"Hmph, then I'll take a look!"

Lilia was very unconvinced and pouted as she spoke.

Many people were watching the battle outside, including manlirui. A white-haired woman in white armor stood next to her, exuding an extremely cold aura.

This person was the second-in-command of the women's interstellar Army, Qiao Lina, who was ranked 17th on the ranking.

This woman was so strong that even mu jiumu had to admire her.

"That's Zhou Hao, the guy who trains his body and mind power at the same time?"

Qiao Lina said indifferently.

"Yes, second sister, who do you think will win?" Manliere asked curiously.

"It's hard to say, but I can tell that this Zhou Hao is very strong. I can feel that there's a giant primordial beast in his body. It's giving me ... Some pressure."

What Jolina said was not false at all. As the number one telekinesis master in the entire mercenary training camp, and a woman with an ice domain, her senses were far beyond ordinary people.

She didn't understand. He was clearly only at the fourth stage, so why did she feel a kind of pressure?

This pressure did not come from the man in front of him, but it was definitely related to him!

Other than them, harfegan, Charlie Kuro, and the others had all come. It would be difficult for them not to know about this battle.

However, the emotions carried by the two of them were different.

Charlie Kuro naturally hoped that Zhou Hao would lose the match, but hafgen was in a dilemma. If Zhou Hao lost, he would probably be relieved.

However, if Zhou Hao won, he would feel very regretful.

Once upon a time, he had the chance to recruit Zhou Hao under his wing!

But now, in just a month or two, Zhou Hao was already on the same level as him.

Even if he wanted to defeat Moro Olai, he would have to use all his strength.

Everyone was extremely excited and nervous as they looked at the stage. At this moment, Zhou Hao and Moro Olai had already arrived at the center of the stage.

In an instant, the protective shield was lowered, and the cold voice of the system sounded.

"The duel begins. There are no rules, but no killing is allowed."

After saying that, he disappeared. Zhou Hao looked at Moro Olai, and the latter looked back at Zhou Hao.

"Zhou Hao, you really dared to come. I thought you were a coward."

Morolais laughed and said.

"Hehe, Moro olais, let's not waste any more time. Do it. Today, your star cluster will be destroyed."

Zhou Hao was too lazy to waste time and immediately said.

"How arrogant. In that case, I won't be polite with you."

At this point, morolaine suddenly roared, and an extremely heavy aura spread out from his body!

The power of the stars!

It was a high-end type of vital Qi!

The power of the stars was extremely dense and could be used to condense the Qi of the stars for one's own use. It was extremely extraordinary.

This vital Qi was like the stars, vast and endless.

As soon as it was used, it turned into a storm that blew towards Zhou Hao.

The eighth-grade martial saint's cultivation base descended like the might of the heavens.

"Is this the strength of a level eight? it's beyond my expectation."

Zhou Hao squinted his eyes. Moro Olai was also a proud Son of Heaven. Although he was only at level eight, what he could unleash was even beyond level nine!

This was a quality that every expert in the mercenary training camp had to possess!

"Zhou Hao, I won't use my full strength. Otherwise, I'll be punished if I kill you. However, it's true that it's not allowed to kill, but it's not against the rules to cripple you!"

Moro' Olai's aura was like a rainbow, and at this moment, his voice was like thunder.

As soon as he finished speaking, he took a step forward and a powerful aura swept out. In the next second, he was already in front of Zhou Hao and his powerful fist landed on his head!

"A body cultivator, not bad."

Zhou Hao smiled. He directly used the God-killing and nine-revolution Saint body technique to raise his cultivation to the seventh grade and threw a punch.

He didn't use the ancestral body immediately. He wanted to see how much combat power he could have without the ancestral body's enhancement!

"Arrogant, you dare to exchange fists with me!"

Morolais snorted coldly, and after saying this, a powerful force seeped out of his body.

BOOM!

The two fists met, and the explosion was like a missile, extremely powerful.

In the middle of the two of them, a storm was brewing. Zhou Hao's figure was also pushed back a hundred steps.

On the other hand, Moro' Oray only took three steps back!

"What a strong body. The power of the stars is indeed prepared for physical cultivation. The yuan Qi in the body is already thick and heavy. With the help of the power of the stars, it has unknowingly increased my own Mass. It's like a mountain pressing down on me. It's extremely powerful."

After Zhou Hao's punch, he had analyzed the situation. He shook his hand, and a numbing force came over.

However, he could still accept it.

"You're quite powerful to be able to take this punch of mine. What's next?"

Moro' Olai stomped on the ground, and his body shot forward.

"Star fist!"

He roared and threw a punch. Behind him, a bright star rose.

This star had endless power and heaviness. As soon as it appeared, Zhou Hao felt that his surroundings had become much heavier!

"Good!"

Zhou Hao snorted coldly, then took a deep breath and activated all sixty of his meridians.

After breaking through to the second stage of the ancestral body, his meridians had expanded to 60 meridians. The destructive fist he was using now was even more extraordinary!

Zhou Hao's punch was as powerful as the sky. The powerful force poured down like the might of heaven.

With a boom, the two of them clashed for the second time.

This time, the destructive power was more than twice as strong as before. It caused the ground ten meters below the two to crack, and the entire arena collapsed, revealing the void.

Watching this scene, everyone sucked in a cold breath!

Chapter 888 - It's time to end this farce

Chapter 888: It's time to end this farce

"What a powerful destructive force!"

"Is this a body cultivator? It moves like Mount Tai and is incomparably strong!"

"This Zhou Hao is really powerful. He can increase his cultivation and his physical body can actually compete with Moro Olai!"

They were all stunned, not daring to believe it.

However, only a few people knew that this was not Zhou Hao's full strength.

At least, mu jiumu knew that Zhou Hao had not used that golden physical art yet. If he did, Moro Olai would definitely be defeated.

"They're equally matched. Can Zhou Hao really win?"

Ling Tian and the others clenched their fists tightly as they spoke nervously.

"Don't worry, Zhou Hao hasn't used his killer move yet. "

Mu jiumu smiled and continued, ""You can think about how to accept the people from the star cluster now."

Upon hearing this, Ling Tian and Ji yaoyue looked at each other and were instantly excited.

"Really?"

"Hehe, just wait and see. As long as Zhou Hao wants to win, he will definitely win." Mu jiumu said as he sat there lazily.

After the storm disappeared, Zhou Hao retreated a hundred steps again, but Moro Olai also retreated fifty steps!

He was shocked that Zhou Hao's physical body was as strong as his. Not only could Zhou Hao resist his power, but he was also on par with him!

“This brat is indeed arrogant. He has the right to be arrogant. In that case ...”

Morolais took a deep breath and no longer held back. He knew that if he didn't use his full strength, he wouldn't be able to take him down.

“Zhou Hao, you're very strong. You're worthy of me using my full strength. However, you have to be prepared. Don't die!”

After saying this, morolais closed his eyes and then opened them.

Stars flashed in his eyes, and at the same time, an extremely heavy aura emanated from his body. The mark of a star also appeared in the depths of his brow.

“This is ... A meteorite!”

“Oh my God, Moro' Lai has hidden so well. This is a special life form!”

“Meteorites have bodies like stars. The stars accompany the body. Once this body appears, it can suppress all heroes!”

They were all shocked and couldn't believe it. Meanwhile, Zhou Hao also heard what they said.

However, he didn't care about these words at all. The ancestor body was the ancestor of all bodies. A meteorolite body was just a branch of the ancestor body!

At this moment, morolais was extremely powerful. As soon as the meteor body appeared, his aura instantly exploded, and a powerful airflow spread out.

He looked at Zhou Hao and took a step forward, causing the entire arena to tremble.

In the next second, he was already in front of Zhou Hao. He was extremely fast as he attacked him.

Zhou Hao had been on guard all this time, and as soon as he made his move, Zhou hai was already prepared to meet him head on.

This planet Wai was indeed extraordinary. It was very thick and heavy. Every time they clashed, Zhou Hao could feel as if a planet was pressing down on his body, forcing him to retreat.

“Alright, boss, that's it!”

“We'll be trampled under the feet of this brat!”

“Hahaha, big brother, that's great! Kill him!”

On the stage, the members of the star cluster were extremely excited, especially moroora. He was even more excited because once he won, he would get yaoyue Ji!

On the other hand, everyone from the Silver King sect was getting nervous. Seeing Zhou Hao being beaten up so badly that he could not even fight back, they all broke out in cold sweat.

“Zhou Hao, aren’t you arrogant? Why aren’t you arrogant anymore?”

Morolais sneered and said directly.

Each of his punches was like a huge star crashing over, full of strength.

Zhou Hao snorted coldly. He covered his body with the thousand feather armor and teleported. At the same time, he used his spirit energy to control the wings.

Zhou Hao’s speed increased, and with the help of the thousand feather armor, he slowed down a little.

However, he was still no match.

“Is this your power?”

After casually slapping away seven or eight wings, morolais sneered and stood there like a god of War. He didn’t care at all.

No matter what methods Zhou Hao used, he was still unable to hurt him.

“Is this your strength? You’re really too weak!”

Morolais sneered and then roared.

“The light of the stars!”

After he finished speaking, he waved his hand and a star appeared above his head. The star emitted a strong light and shot towards Zhou Hao like a laser.

Zhou Hao narrowed his eyes and threw a punch. He was instantly sent flying a hundred meters away by the laser.

“I’m not done yet!”

“Ocean ... Of stars!”

After Moro Olai roared, he quickly punched out with both hands. The yuan Qi condensed in his fists shot out like stars, smashing toward Zhou Hao!

Zhou Hao dodged with all his might, but he was still hit.

Fortunately, with the thousand feather armor protecting him, Zhou Hao did not suffer too much damage. However, he was still hit and spat out blood.

“Zhou Hao, it’s over!”

However, just as Zhou Hao was dealing with these stars, Moro Olai had already arrived in front of Zhou Hao. At this moment, an extremely powerful weapon that looked like a meteor hammer appeared in his hand, and he smashed it toward Zhou Hao.

“This is bad!”

Zhou Hao’s eyes widened as he saw the meteor hammer getting bigger and bigger. In the end, it turned into a roar and smashed the entire arena into smoke.

Moro’ Olai stood in the air and smiled.

Although Zhou Hao wasn’t dead from this attack, he was basically half-crippled.

He smiled and shook his head.

“It’s over. From today onwards, the Silver King sect is dissolved. ”

He turned around and looked at the crowd. The star cluster burst into a loud cheer, but the Silver King sect did not make a sound.

“Good job, big brother!”

“Boss is mighty!”

The star cluster was already celebrating, and everyone thought that Zhou Hao had lost.

However, at this moment, a faint laugh came from within the smoke.

“Moroore, I haven’t fallen yet. Aren’t you guys a little too anxious to celebrate?”

After he said that, everyone was stunned and looked at the center of the smoke.

At this moment, the smoke gradually dissipated, revealing a thin figure. He stood there, completely unharmed.

“How ... How is this possible!”

Moro Olai was shocked. He had used all his strength just now, so why was he still not done with Zhou Hao?

He had even taken out his own treasure!

Zhou Hao patted the dust off his body and smiled.

“It’s time to put an end to this farce. If this is all you’ve got, then it’s over.”

No one understood what Zhou Hao was saying. They did not understand what he meant.

However, in the next second, a golden light shot up into the sky. Endless vitality power burst out with Zhou Hao as the center.

The power of qi and blood was like a furnace, rolling and boiling. The entire arena seemed to be unable to withstand it.

The ground cracked and the void trembled. All of this was caused by the golden light on Zhou Hao’s body!

Seeing this scene, Moro olais’s heart trembled for some reason!

Chapter 889 - Just admit defeat

Chapter 889: Just admit defeat

A powerful golden light enveloped the entire arena, shocking everyone!

This aura and the power of blood and Qi were simply heaven-defying!

Everyone felt as if he was a star. When he landed in the arena, the heat seemed to be able to melt people!

At the same time, everyone could almost hear Zhou Hao’s heart beating, like the sound of a drum or a Bell!

Under the intense golden light, no one knew how much power it contained. Moro Olai looked at Zhou Hao with an ugly expression.

Among all of them, he was the closest. The powerful life force shocked him and made him panic. He had unknowingly clenched his fists and broke out in a cold sweat!

The third heaven of the ancestral body could already display the true power of the ancestral body!

It was as heavy as 5000 kilograms and as hard as steel!

There was nothing too gaudy, nor were there any gaudy skills. Just these two alone were enough to make the ancestor body the ancestor of all bodies!

At this moment, Zhou Hao could already feel his own strength surging up continuously.

“Is this the third heaven of the ancestor body? it’s indeed extraordinary. As expected of the ancestor of all bodies!”

Zhou Hao clenched his fist. The powerful force made him feel like he could crush everything.

He looked at Moro’ Lai and smiled.

“Come, this is just the beginning.”

After Zhou Hao finished speaking, he did not do anything else but take a step forward!

With just one step, the entire arena shook, and that powerful aura directly enveloped Moro Olai.

At this moment, Moro Olai felt an unprecedented pressure. This pressure made his expression change greatly!

He used all his cultivation to resist, but he could still feel the power suppressing his body. It was very difficult for him to mobilize his vital Qi!

“What kind of power is this? how can it be so strong?”

He was terrified and couldn’t believe it. At this moment, Zhou Hao walked over slowly, as if he was taking a stroll in his courtyard, his expression calm.

However, the pressure was overwhelming and frightened him!

“Moroolie, if you admit defeat, you can still avoid the pain of your flesh. You can’t withstand my power now!”

Zhou Hao said indifferently. His words seemed arrogant, but at this moment, no one thought that he was arrogant.

Moro' Olai's expression was extremely ugly. He was not willing to accept this!

As an old man, he was defeated by someone who had just joined the mercenary training camp. He couldn't accept this!

If he lost the competition, how could he still have the face to stand in the training camp?

"Zhou Hao, stop trying to act mysterious. I'd like to see what you're capable of!"

At this point, morolais took action without any hesitation. At this moment, his star body was unleashed to the extreme, and countless star power spread out!

Not only that, but there was also a heavy force that poured down.

Unfortunately, in Zhou Hao's eyes, these were all too insignificant.

"It's not enough. Moro Auray, use your strongest power. Otherwise, you won't be able to withstand my power."

Zhou Hao didn't waste any time. He reached out his hand and waved it in the air.

Instantly, a huge storm was squeezed out and whistled!

"Star power Upanishad!"

Morolais roared and put his hands together. A powerful force gathered in his hands, turning into Rolling Star power and spreading.

He slowly raised his hands, and a miniature version of a star appeared in his hands. His veins were bulging, as if using this move was very laborious.

This was indeed the case. This was his strongest move. Originally, it could only be used by someone in the Dao realm. However, he couldn't care so much now. He had to risk the power of the backlash and use all his strength.

He condensed the star, looked at Zhou Hao, and threw it out. The powerful force cut through the void, leaving a crack. The powerful aura behind him caused endless flames to rise.

This was because the power was too great, and it burned the air.

However, in the face of such a powerful force, Zhou Hao stretched out his hand!

"You want to stop my star power Upanishad with only one hand? you're too arrogant!"

Moro Olai's eyes were wide open. Seeing Zhou Hao like this, he was so angry that he could die!

However, Zhou Hao still only used one hand!

Everyone had seen it. Although they knew that Zhou Hao had become stronger, it was still a bit of a stretch for him to block Moro Olai's full-powered attack with just one hand!

However, Zhou Hao did not say a word in response to everyone's doubts. He remained still as he watched the huge star approach!

BOOM!

A huge explosion suddenly exploded in the ground. A force that was more than three times stronger than before spread out.

Last time, Zhou Hao was safe and sound.

But this time, no one knew if Zhou Hao could create a miracle!

"It's over?"

"He should have lost. Although Zhou Hao's aura was very strong just now, Moro Olai's move requires at least a ninth-grade martial Saint to take it!"

"He's too arrogant. He wanted to block it with one hand. He's simply courting death!"

Many people began to whisper among themselves. They still did not think Zhou Hao would win.

Although Zhou Hao had created many miracles, they still did not believe that he could block this move!

Morolais panted heavily. He knew how powerful this move was. Zhou Hao's aura made him feel pressured, but he believed that Zhou Hao would not be able to withstand this move.

"Hmph!"

He snorted coldly and turned to leave with coldness in his eyes.

However, at this time, the scene that shocked him happened again. The same smoke dissipated and the same cold laughter sounded, making his back cold and his scalp numb.

"Moroolie, is this your full-power attack? I don't have any strength. "

Zhou Hao's lazy voice was heard. He still extended his hand and did not move. The smoke dissipated and everyone could see Zhou Hao standing in the center of the explosion. The ground behind him was cracked and in ruins, but he was not damaged at all. Even his clothes were not damaged at all!

Morolais's pupils dilated, unable to believe what he was seeing.

"Since you don't have any more tricks up your sleeve, it's my turn."

Zhou Hao laughed, and then his body disappeared in a golden light.

When he reappeared, he was already in front of him.

Moro' Olai roared and punched.

However, Zhou Hao still used one hand to block the attack with the spell behind his back.

"This is your strength? You're really weak. "

Zhou Hao laughed coldly. With a wave of his palm, a powerful force burst out. Without seeing his movement, Moro Olai was sent flying.

In the next second, Zhou Hao's figure appeared beside him and he also threw a punch at him.

Moro Olai spurted out blood and fell to the ground. The force had already dissipated all of his Yuan Qi. He was lying on the ground, unable to move.

Zhou Hao stood in front of him and looked down at him with a faint smile.

"Just admit defeat."

Chapter 890 - reward

Chapter 890:-reward

Zhou Hao still held back, or else he would have died.

Morolais knew that he had lost, but he was not willing to accept it. He didn't even have the strength to get up, so how could he fight Zhou Hao?

Helplessly, he could only clench his teeth in regret and shout the slogan of defeat.

"After you've recovered, come to my Silver King sect to report. Bring everyone in your star group with you. Don't worry, I don't care about making you a slave. However, in terms of conditions, your star group must be ranked under my Silver King sect. This is the opportunity I'm giving you. I hope you cherish it. I'll give you three days to consider."

After Zhou Hao said that, he turned around and left.

Everyone was dumbfounded as they looked at this scene. They had long been at a loss for words.

Only the people of the Silver King sect stood up.

"Wu Lake, the boss is mighty!"

"He won, that was beautiful!"

"From today on, the star cluster will cease to exist. Hahaha!"

They were overjoyed. They had not been optimistic about Zhou Hao's chances from the start, but now, their boss had won, and it was so easy. This made them very happy.

However, Zhou Hao ignored all of this.

"This kid is really strong! Is this the strength of a rank-4?"

Manlirui muttered to herself in a daze.

Qiao Lina took a deep breath and nodded her head."So this is his strength. What a strong body. It's shocking. Third sister, it seems like your friend is not an ordinary person."

"Um ... He's really strong. If I didn't use a secret skill, I wouldn't be able to defeat him with mental power alone."

Manliere couldn't help but say.

"Secret skills aren't your own strength, so you have to train well. Otherwise, you won't be able to keep your 43rd place."

Qiao Lina smiled, and the two of them left.

At the same time, Lilia and belreynold were also shocked.

“Brother, he ... He really won!”

Lilia was in slight disbelief. At the same time, she spoke in a surprised tone.

“That’s right. Looks like this Zhou Hao wasn’t exaggerating. It won’t be long before I can’t beat him.”

Belreynold was a little depressed, but it was the truth.

Even though he was ranked 51st and half a step into the Dao realm, he still couldn’t say that he would win easily against Zhou Hao.

One had to know that he was only a fourth grade martial Saint!

If he could reach rank-8, he would probably be defeated as well!

“It’s really depressing. It’s really depressing to be on bad terms with such a monster!”

“However, let’s wait and see!”

After saying that, belreynold left with an indignant Lilia.

Be it Charlie Kuro or harfegan, they all shut their mouths after seeing Zhou Hao’s strength.

He believed that they would not dare to provoke Zhou Hao again in the future.

After today’s battle, Zhou Hao’s ranking had directly replaced Moro aurai ‘s, taking the 201st place.

Although Moro Olai was an eighth-grade martial Saint, there were many eighth-grade martial Saints in this training camp. He was able to get into the 201st place because of his special physique.

Zhou Hao grinned as he saw his name appear on the leaderboard. He did not expect that he would be in the 201st place so soon!

“Zhou Hao, you’re too strong. You’re at the same level as me, but I feel like even ten of me can’t beat you.”

Ling Tian was extremely excited. Not only did Zhou Hao help him take revenge, he had also disbanded his star cluster. This made them extremely excited.

“By the way, Zhou Hao, you’re not going to keep your promise and let Moro’ Olai be your slave for three years?”

Ji yaoyue couldn’t help but ask as she thought of something.

“No need.”

Zhou Hao took a sip of tea and said.

“Why?” Ji yaoyue didn’t quite understand. This Moro Olai was so arrogant. How could he not be taught a lesson?

“Because he’s an expert, and experts still need to be respected. I’m afraid that he’ll never agree to be a slave even if he dies. It’s better for us to take a step back and disband the star group. We’ll let them join our Silver King sect. First, it can strengthen our power, and second, it can be considered as a punishment for him. Why not?”

Zhou Hao’s idea was simple, and it was the most effective way.

“Aren’t you worried that the people of the star cluster will not obey your discipline?”

Ji yaoyue was still worried.

Although Zhou Hao had defeated Moro Olai, the overall strength of the Silver King sect was still inferior to that of the star cluster. They were worried that there would be friction after the two sects merged.

“No, I believe morooly should understand what I mean.”

Zhou Hao smiled and said.

Mu jiumu, who had been sipping his tea, also smiled.

“The star group joining the Silver King sect won’t cause any waves. Their boss was defeated by you, so of course, they won’t dare to be arrogant. However, after this battle, your reputation has spread outside. I’m afraid that the Silver King sect’s people will easily become arrogant and look down on the star group.”

Mu jiumu’s words hit the nail on the head, which was also what Zhou Hao was worried about.

“This matter is easy to handle, leave it to me.”

Ling Tian immediately spoke up. They had never been people who would bully the weak and fear the strong. Thus, when it came to matters that harmed the collective interests of the group, he would naturally be able to restrain his subordinates.

Zhou Hao laughed. With Ling Tian and Ji yaoyue around, the Silver King sect was fine.

Not only was the body tempering liquid being sold normally, but the Silver King sect was also expanding unceasingly.

Furthermore, after this battle, Zhou Hao's Silver King sect had vaguely taken the leading position in the second group.

Regarding this, Zhou Hao naturally laughed it off. His personal strength was the most important.

His cultivation base was not high enough. Even if he had thousands of troops and horses, it would not be enough to save his life.

Zhou Hao had obtained the 201st place, so naturally, he would be rewarded handsomely.

At this moment, he entered the virtual world of the mercenary group and went to the collection office.

"Welcome to the 201st student, Zhou Hao. As this is your first time entering the ranking, please read the rules carefully."

A piece of information appeared in Zhou Hao's mind. After he read it, he was a little surprised.

"There are a total of 300 people in the ranking. The rewards are pretty good!"

"After two hundred and fifty, you can collect ten thousand points every month. Those ranked two hundred to two hundred and fifty can collect twenty thousand points. Even, you can get a day of free cultivation in the killing field every month!"

Zhou Hao was a little surprised. Although 20000 points were not much, it was better than nothing!

He looked up and was even more surprised.

After 150 points, that would be 40000 points!

After the 100th place, it was 80000!

Even after the 50th place, it was 200000!

As for the top 50, the weakest was still 500000 points. Even the first place had 2 million points!

There were so many points in this one month that he could not use them all at all!

Zhou Hao did not dare to imagine it. At the same time, he was even more certain of the importance of the rankings!

“Looks like I’ll have to challenge more. At the very least, I’ll have to enter the top 200!”

Zhou Hao smiled. After receiving his reward, he returned to the Silver King sect. At the same time, he set his eyes on the one hundred and Ninety-ninth ranked expert.

He was the leader of the mountain river group, the second-echelon team!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 891 - deal

Chapter 891:-deal

Zhou Hao narrowed his eyes. This guy had a cultivation of level nine, which was very powerful!

“Rank-9 means 199. That’s really ... Sigh ...”

Zhou Hao suddenly felt a huge pressure.

Only a rank-9 could reach this stage.

Even the top 150 were mostly peak rank-9.

In fact, the 90s were all half-step Saint level!

Although these people were all half-step to Saint level, they were fighting in the arena. Their strength was one thing, but they also had treasures, cultivation techniques, secret techniques, and so on!

It could be said that everyone’s starting line was the same, but there were many things to focus on.

“Jiekyev, a ninth-grade martial Saint, is a Zushan man from the greedy Wolf star. His earth-attributed cultivation techniques are extraordinary. Although he doesn’t have a

special body constitution, earth-attributed martial artists have amazing defensive power. It seems that this man is also a tough nut to crack!”

Zhou Hao took a deep breath, hesitating whether to challenge him or not!

After all, the difference of one rank was a difference of 20000 points!

“I must challenge him!”

As Zhou Hao spoke, he sent a challenge post through the back end.

At this moment, the mountain river group’s jekev was directly challenged.

He squinted his eyes and opened it. His expression changed.

“Zhou Hao!”

“This guy is challenging me?”

He was shocked for a moment and couldn’t believe it. This guy had just defeated Moro’ Lai, and it seemed like he wanted to make a move on him!

“Although Moro Olai’s cultivation is slightly lower than mine, I heard that Zhou Hao was not injured when he hit him. This person’s speed is amazing and his body is strong. I’m afraid I’m not his match!”

Although he didn’t want to say it, it was the truth!

Zhou Hao’s strength had spread far and wide. He had also watched the video of the battle that day and was equally shocked.

“Golden light ... I really don’t know what kind of body constitution it has that gives off golden light. Could it be the hundred refining golden body? It doesn’t look like it, the hundred refined body doesn’t have such powerful destruction!”

He didn’t quite understand and was very depressed.

However, at this moment, a voice was heard.

“Jekyev, it seems like you’re afraid,”

After hearing the voice, jekyov’s face turned ugly. He squinted his eyes and looked at the door.

When he looked at it, his expression changed.

“So it’s you.”

Seeing the strong man in front of him, jekev squinted his eyes.

“I didn’t know what brings you here, belreynold,”

That’s right, it wasn’t anyone else, it was belreynolds!

At this moment, he was smiling as he walked in.

“Of course I’m helping you. Don’t tell me you want to lose your ranking?”

Belreynolds said lightly. Although his voice wasn’t loud, it Czech Republic jekev frown.

“What, you think I’ll lose?” Jekyev wasn’t happy.

He was a ninth-grade martial Saint, how could he lose?

Although he didn’t have the confidence, he couldn’t lose face.

“It’s not what I think, but you think you can win? Although I really want you to win, you must have seen Zhou Hao’s combat power. So, I advise you not to be overconfident. ”

Although belreynold’s words weren’t pleasant to hear, they were true!

Although he was looked down upon, he still said,”

“Since you’ve said that you’re here to help me, I want to know how you’re going to help me?”

Jekev said directly.

Without a word, belreynold took out a ball-shaped object and threw it over.

“This contains the full power of a half-step Dao realm expert. Even I would find it hard to take. If you use this at a critical moment, you will definitely be invincible.”

“I only have one request. I don’t ask you to kill him, but at least ... Destroy him!”

After hearing berreynold’s words Czech Republic jekev narrowed his eyes and sneered.

“Do you think I’m an idiot, belreynold? Isn’t the purpose of you doing this to get me to help you clear the obstacles? Don’t think I don’t know that you have a grudge against Zhou Hao. ”

“Besides, what good would it do me? What kind of power did Zhou Hao have behind him? I don’t even know what kind of person he is. Do you think I would be so ruthless?”

After hearing jekev’s words, belreno laughed.

“Hehe, you actually dare to say such Grand words. I don’t know about others, but do you think I don’t know about you? As the younger brother of the captain of the fierce flame mercenary group in the nether star system, I’m afraid there aren’t many people you don’t dare to offend, right?”

After saying that, jekev laughed.

That’s right, her own brother was an existence that was infinitely close to the sector Lord level. In this hell star system, he was ranked in the top 10 in terms of combat strength!

He had thousands of mercenaries under him and there were even a few at the peak of the Dao realm. In the entire mercenary group on planet nailuo, he was ranked in the top three. Even the leader of the mercenary group had to give him face. Naturally, he was not afraid of Zhou Hao!

However, he had his reasons for saying this.

“I don’t want to do that either. You know, I’m not a bloodthirsty person.”

After saying this, beyreno cursed in his heart. He’s not a bloodthirsty person?

Many people had died in his hands over the years, and he still said such Grand words to stall him.

Of course, he didn’t dare to say anything. This guy’s background was too strong. Otherwise, with his half-step Dao realm cultivation, why would he be so polite to him?

“After this is over, I’ll take a piece of the fallen essence.”

Even jekev was shocked.

Stellar essence was a good item and was most suitable for forging weapons. Even if it was sold, it would be worth billions of universe dollars.

Yet, he was willing to give it to her just for Zhou Hao?

“Alright, since you’ve put it that way, I’m relieved. As long as this thing can cripple Zhou Hao, I won’t hold back.”

Jiekyov was very excited. Even though his brother's status wasn't low, he only had three pieces of fallen essence. It was still a bit difficult for him to make a good treasure.

However, one more pill was enough!

"Don't worry,"

Beyreno smiled and waved his hand.

Of course, Zhou Hao was unaware of all this. At this moment, he was at the Silver King gate. Outside the gate, people from the star cluster stood.

Moroollie was helped into the Silver King gate by moroola.

His injuries were almost fully recovered, but he was still very weak. Three days had passed, and he had to give Zhou Hao an explanation!

He had thought about it for the past two days. He would not be Zhou Hao's slave, but if he were to join Zhou Hao, he felt that it was possible!

Not to mention that if he lost, he would have to pay the price.

The Silver King sect alone was not something their star group could contend against!

At least, their star cluster did not have an expert like mu jiumu!

Chapter 892 - Virtual network connection

Chapter 892: Virtual network connection

That was exactly what morooly thought, which was why he came here!

Moreover, although losing to Zhou Hao seemed embarrassing, after thinking about it carefully, he felt that his loss was not unjust. Among the eighth-grade martial Saints, he was considered to be at the top of the fighting power.

He might even be able to fight a rank-9.

And since he had lost, those people didn't need to laugh at him. If they went up, they would naturally lose.

As he thought of this, he had come to terms with it. Naturally, he did not take this victory and defeat so seriously.

“I agree to your request. Today, the star group will be dissolved and will be under the command of the Silver King sect.”

Moroollie said directly. Although moroola was unwilling, what could he do since his big brother had already said so?

Furthermore, he no longer had any improper thoughts. After all, he was facing the powerful Zhou Hao. If his big brother couldn't beat him, he would be in vain.

Moreover, there was also mu jiumu, who was one of the top 20 contestants on the ranking list. He alone was enough to destroy all of their star group!

Zhou Hao laughed when he heard that.

“Welcome, star group, to the Silver King sect. You are now part of the second team of the Silver King sect. You will still be the leader, and I will not interfere. However, all the rules must follow the rules of the Silver King sect. Similarly, as the leader, you should know what I want you to do.”

Zhou Hao said directly, and Moro' Olai nodded.

“I know. I'll manage the members of team two well. Don't worry about that.”

Morolais said immediately.

“MMM, let Lingtian handle the rest. You're still injured, so you should recuperate first.”

Zhou Hao said with a smile.

After sending Moro Oray and the others away, Ling Tian started to get busy. After about two to three days, the star cluster disappeared.

They were replaced by the Silver King sect's second team!

This incident still caused a great sensation, and many of the second-rank teams could not sit still.

With Zhou Hao's actions, he had already become the leader of the second group.

Of course, with just Moro Olai and Zhou Hao, two forces were not enough.

It was more about mu jiumu's name!

The top 20 were like a pyramid in the entire training camp, and no one dared to not give them face.

After this matter was over, Zhou Hao still entered the ranks of ascetics and trained in the killing fields all day.

BOOM!

A powerful sound wave exploded, and Zhou Hao's body retreated. Blood trickled from the corner of his mouth, and the golden light on his body was scattered. He was in a very sorry state.

"I'm still far from the ancestral body of a mature adult. I've lost all my combat ability after only two rounds."

In the virtual space, Zhou Hao looked at the virtual character that looked exactly like him in front of him and was very shocked.

"Isn't that nonsense? Of course, he didn't reach the adult stage of the ancestral body. No one knows the end of the ancestral body, and there are only a few records about it. I'm afraid that desolate is the only one who has cultivated the ancestral body. "

"Similarly, he has also cultivated the power of the source text. Perhaps the path you have taken is his path. However, why did he fail? why did he die? that is still a mystery."

Zhou Hao was stunned.

"You said ... Desolate's death is still a mystery? Weren't you harmed by me?"

Zhou Hao said immediately.

"Vile person? Do you think that the despicable people on Earth Star can kill him? You've cultivated the ancestor body and the source text, so you should know about it, right?"

"You are now the strongest warrior on earth. I don't know about desolate, but he might have hidden the coordinates of the Milky Way. After so many years, he should at least be at the sector Lord level!"

Hearing this, Zhou Hao nodded. He had always been suspicious of this matter. Now that he heard this, he understood.

"Forget it, I don't care anymore. The most important thing for me now is to increase my cultivation!"

Zhou Hao's weakness was not his physical body, nor his spiritual power, but his cultivation!

He was only a fourth-grade martial Saint. If he was an eighth-grade martial Saint, like Moro Olai, he would not be enough!

After staying in the killing fields for a few days, Zhou Hao didn't lack points. Whether it was the points in his hands or selling body tempering liquid, in short, Zhou Hao could be considered rich.

After returning from the killing fields and back to the Silver King sect's influence, he had nothing to do, and Zhou Hao was also more relaxed.

"Qianyu, is the virtual network finished?"

Ever since Zhou Hao arrived outside the mercenary training camp, he had been building a virtual network that belonged solely to him.

Of course, he did not want to become powerful. He wanted to connect to the training tower on earth.

Although he could send news back to Earth Star from time to time, Zhou Hao was still very worried because he couldn't see Xu Ling and his parents.

"Master, the virtual space has basically been created. You can try to connect it now."

Qian Yu said directly. This virtual space connection was very slow. After all, it was two galaxies away. If Qian Yu had not installed sophisticated equipment on the Luo divine boat and matched it with the Earth Star, it would have taken a long time to connect!

"Alright, let's try to connect!"

Zhou Hao was very excited and said.

After that, Zhou Hao closed his eyes and covered his body with the thousand feather armor. Soon, he felt a wave of information.

Immediately after, he felt a suction force and opened his eyes.

In the next second, he appeared in the heavenly tower of planet Earth!

This virtual space was the Wargod Battalion's heavenly tower space. At this moment, there were many people, and they were all martial artists from Earth Star.

Naturally, they did not care about Zhou Hao's appearance. Zhou Hao did not waste any time and immediately sent a message to Xu Ling.

At that moment, Xu Ling was in the training room, training hard. Her cultivation had already reached the fourth-grade heaven rank. The reason why her cultivation could

break through so quickly was all because Zhou Hao had left her many special energy bars.

Other than that, there was also the body tempering liquid and the talent page. With these things, Xu Ling's progress could be said to be god-like.

While she was cultivating, a message came from her watch.

She was shocked when she saw the message and her eyes widened.

"Zhou Hao!"

The next second, she hurriedly connected to the virtual network. The moment she appeared, she tracked Zhou Hao's location and came to an extremely hidden virtual space.

This space was created by Zhou Hao's thousand feather armor.

The moment Xu Ling appeared, she saw Zhou Hao smiling at her. She was so excited that she immediately threw herself into his arms.

"Wuwuwuwu!"

Xu Ling immediately started crying. Although the two of them often communicated with each other, they could not see each other. They could only communicate their feelings through cold messages.

However, things were different now. Although they were both in the virtual world, she was overjoyed to see Zhou Hao.

Chapter 893 - Cut off the business

Chapter 893: Cut off the business

Zhou Hao's heart ached when he saw Xu Ling in this state. In fact, he also wanted to return to Earth Star to live with his wife and children.

However, he did not have the right to do so now.

It wasn't because Zhou Hao wanted to become a saint, but because he had to shoulder this responsibility. Whether it was for his family or for planet Earth, it was all the same.

After crying for a while, Xu Ling quickly wiped her tears away and hugged Zhou Hao, laughing again.

"I'm sorry for making you laugh. Actually ... Actually, I don't think that way of you. I was just lying to you. "

Of course, Xu Ling also knew how hard it was for Zhou Hao outside. At this moment, she revealed this attitude, and she could not control her emotions.

Although she didn't know what the outside world was like, it must be more dangerous than Earth Star.

Zhou Hao and the others already had a hard time making a living out there, so how could he let them worry about him?

"You ... You're so stubborn."

Zhou Hao smiled and pinched his little nose.

"It'll be better in the future. I miss you, so I'll come to the virtual world and send you a message, hehehe. "

Although the virtual world was not as good as the real world, at least they could meet face to face, which was good.

"Yes, it'll be much more convenient in the future."

Zhou Hao said with a smile.

After staying in the virtual world with Xu Ling for a while, the two of them left. They were not people who would affect things with their relationship. Therefore, after sharing their thoughts, they were full of energy again.

Just as he came out of the virtual world, he saw Ling Tian and the rest return in an aggressive manner, and he was very unhappy.

Zhou Hao was stunned for a moment and couldn't help but ask, ""What's going on?"

Ling Tian and Ji yaoyue both sighed and couldn't help but ask.

"I don't know who started selling body tempering liquid, but its effect is even better than ours. We can't sell our body tempering liquid anymore."

Ling Tian said in an annoyed tone.

“Oh? There’s such a thing?”

Zhou Hao was a little surprised. This body tempering liquid was one of their sources of income. If it was cut off, they would be finished.

“Tell me in detail, I want to know.”

Zhou Hao furrowed his brows. This was not good news.

“Today, we went to sell body tempering liquid, and suddenly, someone smashed the place, saying that the effect of our body tempering liquid was very ordinary. He directly took out their body tempering liquid and found people to test it on. As a result, their body tempering liquid was indeed a bit better than ours.”

“This is great. Those people won’t buy ours. Most importantly, their selling price is cheaper than ours. It’s 18000 points.”

Ling Tian said helplessly.

When Zhou Hao heard this, he was naturally a little shocked.

One had to know that the body tempering liquid was produced by the heavenly Dao software. Although it wasn’t a particularly noble thing, it still had its own unique points. He didn’t expect it to be surpassed by someone.

As for the price being cheaper than his own, Zhou Hao didn’t mind. This was a business matter. If Zhou Hao’s body tempering liquid was better than theirs and he could buy it for 17000 points, there would still be many people who would buy it.

“I also asked someone to buy a portion of their body tempering liquid. Take a look.”

Ji yaoyue said at this moment and handed over a small bottle.

Zhou Hao nodded. When he held it in his hand, he was surprised.

“This body tempering liquid ... Is very strange. Qianyu, analyze it.”

Zhou Hao said immediately.

He covered himself with the thousand feather armor and then shot out a scanning light beam. Soon, he found out what was going on.

“Master, this body tempering liquid is refined from refined profound Qi ores and some unique medicinal herbs. It can be seen that the person who can refine this thing has a very high level of technology.”

Qian Yu’s analysis shocked Zhou Hao. He had never thought that he would encounter such a tough opponent.

“It seems that he’s a capable guy. This body tempering liquid is indeed better than ours.”

Zhou Hao nodded and was a little shocked. This guy was really powerful. He was a genius.

Although Zhou Hao didn’t know how he did it, he could guess that it must have been inspired by his body tempering liquid.

Although there was no evidence, Zhou Hao had already thought of this!

Otherwise, he wouldn’t have been the first to sell body tempering liquid!

“What should we do, Zhou Hao? are we done with business?”

Ling Tian said anxiously.

“Of course not, body tempering liquid is nothing.”

Zhou Hao laughed and didn’t pay much attention to it. Besides the body tempering liquid, Zhou Hao also had the rare energy bar. After absorbing it, one’s cultivation would increase. It was far beyond the body tempering liquid.

However, Zhou Hao did not want to bring this thing in because he was worried that there would be some drawbacks and others would see through it.

“Have you sent people to inquire about the details? Who’s the one who made this body tempering liquid?”

Zhou Hao asked.

“I’ve sent someone to inquire. ”

Ling Tian directly said.

Just as he was speaking, a message came in. Ling Tian opened his communicator and looked at the information, frowning.

“It’s the Warida family. ”

Ling Tian's sudden words caused Zhou Hao to be stunned for a moment.

"I'm not surprised that this family can make something like this. The Warida family is a group of science fanatics who do strange research all day long. Their cultivation is not high, but they have many unique weapons and inventions, many of which have been purchased by planet nailuo."

At this moment, Ling Tian spoke out directly, causing Zhou Hao to be stunned.

"It's actually so powerful. Such a powerful family actually got involved in the body tempering liquid business. "

Zhou Hao was speechless.

"The elders of their family would not do such a thing. I think it was validaronko. This guy is ranked 33rd on the leaderboard. He has a force called the technology Alliance. He is in the second-tier team, but he is also one of the best."

Ling Tian then revealed all the information he knew.

After Zhou Hao heard this, he nodded,"since that's the case, we have no other choice. We can't do this body tempering liquid business anymore. Let's split it among the brothers."

Zhou Hao didn't care about these one thousand portions of body tempering liquid. He had at least tens of thousands of portions in his bag. To him, it was like a drop in the ocean.

"What should we do?" Ji yaoyue asked.

"Let's go and meet this Technology Alliance first. "

Zhou Hao did not want to take out the energy bar as a last resort.

Similarly, he had his reasons for wanting to meet this Technology Alliance.

Hearing Zhou Hao's words, Ji yaoyue and Ling Tian didn't say anything. With Zhou Hao as their pillar of support, they could rest assured.

Ling Tian and the others quickly brought Zhou Hao to the second-hand market. From far away, they could see a bustling store selling body tempering liquid.

"Let's go and have a look. Our Technology Alliance's body tempering liquid is honest to the old and young. It's much better than the Silver King sect 's. "

"And the price is much cheaper. Everyone is welcome to buy it."

There were people shouting and there were also people selling, but business was booming, and it was full of people inside and outside.

When Zhou Hao and the others arrived, they immediately attracted the attention of the crowd.

Chapter 894 - Mad scientist

Chapter 894: Mad scientist

These people naturally knew that the Silver King sect specialized in selling body tempering liquid. Now that their business was stolen, they were naturally unhappy.

“The Silver King sect is not a kind person. Their boss, Zhou Hao, is a strong man. Although he is not as strong as validaronko, they have mu jiumu.”

“If they really fight, the technology Alliance won’t be a match for the Silver King sect.”

“That’s right. The star group has also become the Silver King sect’s second team. This force is rather huge. Do you think they’ll come to our door and cause trouble?”

As they discussed among themselves, Zhou Hao and the others arrived at the technology Alliance’s store.

This scene was naturally seen by the people of the technology Alliance, and they all sneered.

“What’s wrong, sect leader Zhou Hao? are you here to cause trouble after we steal your business?”

The one who spoke was from the technology Alliance. Although the Silver King sect’s strength had improved by leaps and bounds recently, they were still not afraid of them.

“Hehe, it’s nothing. There are always good and bad things. Our Silver King sect’s things can’t be compared to yours, so we’ll naturally accept it wholeheartedly and won’t cause a scene.”

Zhou Hao smiled. The people of the technology Alliance did not believe him at all.

“Then what are you doing? you brought so many people to cheer for us?”

That person was still being eccentric.

Zhou Hao did not mind and said, “This body tempering liquid was developed by you guys, right? I’m very curious, I wonder which person in your Technology Alliance made it.”

Zhou Hao was naturally curious. Not only was he curious, but he also wanted to see how capable this person was.

“This was made by our boss. Our boss is a technological genius. As long as it’s in his hands, he’ll be able to research and understand it. To be honest, this body tempering liquid was modified according to your modifications.”

“Don’t be unconvinced. This world has always been like this. If you can, you can use us to improve it. Let’s see if you have the ability to do so.”

That person’s tone was still very unkind.

Zhou Hao shook his head. “I don’t have that ability. In that case, I wonder if your chief would do me the honor of having a chat?”

After Zhou Hao finished speaking, the people from the technology Alliance were about to speak when a faint voice came from behind.

“You’re looking for me?”

Zhou Hao turned around and saw a strange race. They weren’t tall, but they had a big head and wore something like glasses. They were obviously smart guys.

“You’re validaronco?”

Zhou Hao asked with a smile.

“That’s right, Zhou Hao. What are you looking for me for? are you not convinced?”

He looked at Zhou Hao and said immediately.

“That’s not it. You’ve misunderstood me. I can’t do this kind of thing. Moreover, I’ve already asked the people of the Silver King sect to distribute the body tempering liquid that hasn’t been sold. From now on, we’ll no longer be involved in the business of body tempering liquid. ”

Zhou Hao said indifferently. When he finished speaking, validaronco was a little surprised and looked at Zhou Hao in a daze.

"This is a big cake, and you're giving it to me just like that? Zhou Hao, are you really that generous?"

Validaronco looked at Zhou Hao in disbelief.

"I can't let you have it. You can figure it out, but I can 't."

Zhou Hao shrugged and said.

After hearing this, validaronco was a little surprised. He looked at Zhou Hao and smiled.

"That's nice to hear. However, I can't give you such a fat profit. I know that it's not very kind of me to do that. How about this? I'll give you 100000 points as compensation."

Validaronco was generous. After he finished speaking, Zhou Hao smiled and waved his hand.

"There's no need for that. How can I take the points that you earned with your ability? I'm here today because I have something to tell you in detail."

Validaronco was stunned for a moment and couldn't help but ask,"What is it?"

"Of course it's about scientific research. I wonder if you're interested."

"I'm sorry," Zhou Hao said. After he finished, validaronco blinked.

He was a technology maniac, so he naturally had his own ideas about this kind of thing.

Moreover, he also knew that Zhou Hao's body tempering liquid made him subconsciously think that he was also a researcher.

He had even privately discussed Zhou Hao and knew that he was a genius. At least, he had never thought about this body tempering liquid.

If it wasn't for his high level of skill and the fact that he was able to refine even more powerful body tempering liquid, he wouldn't have been able to think of this method.

"If it's about scientific research, of course I'm interested. Let's find a place to talk!"

Validaronco said, and quickly invited Zhou Hao to his laboratory.

As soon as he entered, Zhou Hao was shocked. There were all kinds of exquisite trinkets in the room, but Zhou Hao did not recognize them. It felt like grandmother Liu was in the Grand View Garden.

"Zhou Hao, tell me, what research?"

Validaronco said immediately.

“Look at this.”

Zhou Hao said as he took out a rare energy bar.

Validaronco took a look and was stunned.

“This ... Such pure energy!”

He took it in his hand and said in surprise.

“Brother, do you have any way to upgrade this thing?”

Zhou Hao blinked his eyes and asked.

“This ... I’m not sure, but we can try!”

He was very excited. This was the first time he had seen such an energy bar.

“The texture is very special. It seems to be synthesized, but the energy that is synthesized is so pure. Amazing, amazing. Zhou Hao, how did you get this little thing?”

Validaronco asked immediately.

“I obtained it by chance.”

Zhou Hao laughed and coughed.

“If you like it, I can give you 100. However, if you can upgrade it, I still have more. When the time comes, we’ll split it 50 – 50. How about it?”

This was what Zhou Hao was trying to do!

To Zhou Hao, the absorption rate of a rare energy bar was much slower. What he needed now was to raise his cultivation. If he could raise this item and absorb it faster, it would be a great thing for Zhou Hao!

“Hahaha, good, good, good. I’ll think of a way to level up. As for the 50 – 50 split, I don’t care.”

Validaronco waved his hand. For a research fanatic, this was already a great temptation. In addition, he was not someone who put his energy into cultivation.

If it wasn’t for the points, he wouldn’t even try to play on the leaderboard.

“Then keep it well. If it’s upgraded, you must tell me,”

Zhou Hao took out a hundred rare energy bars and handed them over.

“Don’t worry, Zhou Hao. I like you a lot. I’ll definitely get this done. Don’t worry!”

After Zhou Hao finished speaking, he left. Validalongke ignored him and immediately equipped himself and began to study it. Zhou Hao admired him for that.

Chapter 895 - Condensing the origin nucleus

Chapter 895: Condensing the origin nucleus

Zhou Hao had his reasons for doing so.

However, the issue of the points had not been resolved yet. Zhou Hao did not mind either. It was a simple matter to resolve!

Since he couldn’t sell the body tempering liquid, he could only sell energy bars.

Of course, Zhou Hao wouldn’t sell rare energy bars. He would only sell high-grade energy bars.

Although this thing didn’t seem that precious, it was much more valuable than cultivation.

Zhou Hao had as many energy bars as he wanted in his inventory. He didn’t have to care about them at all. The selling price of the energy bars was also very cheap, only 100 points per bar.

As soon as this news came out, the audience grew even more.

After all, body tempering liquid was only targeted at those who had tempered their bodies or those who were not satisfied with their bodies and wanted to improve by a small margin.

Most of them were not body cultivators, so after their bodies reached a certain level, they no longer cultivated their bodies, and naturally did not need this thing.

However, energy bars were different. They were something that everyone needed!

Thus, the moment it was sold, it instantly ignited the entire mercenary training camp, and everyone was shocked.

The technology Alliance didn't have the time to care about this. Of course, validaronco didn't have the time to care about this either. All his energy was on the rare energy bar.

After a few days, Zhou Hao's relentless efforts finally led to the day of his cultivation base breakthrough!

At this moment, he was sitting in the secret room and feeling the vital Qi in his body surge. He was very shocked.

"A fifth grade martial Saint is a dividing line. One's vital Qi will increase greatly!"

At this moment, Zhou Hao's expression was very serious. He was no longer a noob who came and went in cultivation.

He naturally understood a lot about the path of cultivation!

Above the fifth grade of the martial Saint realm was the dividing line. Every grade was extremely important and difficult to break through!

Therefore, it was not wrong to say that all those below the fifth grade were ants!

At that moment, Zhou Hao felt a powerful Yuan Qi gathering in his body. It slowly formed a storm in his body, spreading through his limbs and meridians.

"My body is extraordinary, so the yuan Qi in my body is naturally different from others. In fact, it is much more than others!"

"This also caused my breakthrough to be much harder than others!"

"I'm not worried about any of this. What I'm most worried about is that a fifth grade martial Saint can condense an origin nucleus! This is the most important part!"

"Once the origin nucleus is formed, only then can I be considered to have truly broken through and become a true cultivator. Only then can I defy the heavens and change my fate. It's also from this moment on that I begin!"

All Warriors cultivated their physical bodies or spells. They only relied on vital Qi and could not control vital Qi!

This origin nucleus was to completely make the vital Qi belong to one's own, making the vital Qi of heaven and earth become one's own vital Qi. Furthermore, the vital Qi stored in the origin nucleus was much worse than that without the origin nucleus!

Zhou Hao's expression turned serious, and his face was filled with determination!

When condensing the origin nucleus, if it failed, then it would be heaven collapsing and earth sinking!

To any martial artist, this was full of danger. However, even if it was dangerous, one would still not turn back!

This was a martial artist!

Zhou Hao slowly closed his eyes and focused all of his mental energy into the yuan Qi within his body.

It was as if the yuan Qi knew that it was about to be compressed into an origin nucleus, and instantly went berserk, surging and howling within Zhou Hao's body.

Zhou Hao narrowed his eyes.

"Hmph, condense!"

Zhou Hao formed a seal with both hands and shouted. Immediately, a powerful force exploded from his body, causing all the vital Qi to be compressed and directed to his dantian!

This place was the weakest part of a warrior, and the moment so much Yuan Qi whizzed over, it instantly filled up the dantian. A feeling of swelling and pain immediately began to gather.

The pain was nothing compared to breaking through to the ancestral body. Zhou Hao didn't even frown as he drank it.

"Condense!"

As soon as he finished speaking, a powerful force compressed the vital Qi, causing them to shrink.

Gradually, a vast and boundless vital Qi materialized in Zhou Hao's dantian like mist.

But there was still a long way to go before he could reach the origin nucleus.

This matter was similar to solidification. It required the interference of a powerful force to directly condense the foggy vital Qi into a solid state.

Zhou Hao's eyes were closed and his expression was calm. Everything was under his control. Although the yuan Qi was disobedient, it could not escape Zhou Hao's control!

Not only that, the 60 meridians in Zhou Hao's body also exerted a strong pressure, forcing all the yuan Qi in his body into his dantian!

When an origin nucleus was formed, it could only be formed once. The more Origin Energy it had, the more powerful the origin nucleus would be.

"Condense!"

Zhou Hao snorted coldly and increased his strength. All the yuan Qi in the form of mist was compressed even more.

Gradually, it turned into a liquid state. Drops of materialized liquid Yuan Qi condensed from the yuan Qi mist and floated in his dantian.

As Zhou Hao increased his strength, the amount of energy became more and more. Gradually, it gathered into a River and was still expanding. A sound like the tide was actually coming out from Zhou Hao's dantian.

At this moment, the Silver King sect was heavily guarded. They all knew about Zhou Hao's breakthrough, so they naturally had to protect it.

Of course, even with so many people around, none of them were as intimidating as mu jiumu, who was sitting there and drinking tea.

"This amount of Yuan Qi is really extraordinary. Even when I condensed my Yuan nucleus back then, I was still far from it."

Mu jiumu was a little shocked. He had not expected Zhou Hao to be able to release such a powerful Yuan Qi.

"Sigh, what a monster. It seems like if he breaks through to Dao realm, I won't be able to beat him."

Mu jiumu looked at the secret chamber and muttered to himself.

Outside, Ling Tian and Ji yaoyue were extremely nervous, pacing back and forth, clearly worried.

"You guys can't help with this kind of thing, so just wait. Furthermore, with Zhou Hao's talent, it's not a big problem for him to condense a origin nucleus. It's just that he's always been a bit of a hard worker, so I'm afraid he won't stop when things are good."

Mu jiumu said hurriedly when he saw how anxious the two were.

Ling Tian and Ji yaoyue looked at each other and sighed.

Beside him, Morolais also felt the powerful tidal force and was shocked.

"This Zhou Hao did not defeat me by luck. His Yuan Qi is more than twice as much as mine. I can't blame myself for losing to him."

Morolais had no complaints, and he did not hold a grudge against Zhou Hao.

To put it bluntly, he now understood his own worth. At the beginning, he looked down on him, but now, he respected him. He was well aware of the feelings he had felt along the way.

Zhou Hao deserved his respect!

Naturally, Zhou Hao had no idea what was happening outside. At that moment, he looked at the vast ocean in his dantian, where the mist had disappeared. He gritted his teeth.

"The next step is the key!"

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 896 - Gold

Chapter 896: Gold

?

Zhou Hao took a deep breath. He had finally reached the most crucial part. His biggest challenge was how to form this origin nucleus.

"Origin nuclei are also divided into different grades. Red, orange, yellow, green, cyan, blue, and purple. There are seven colors in total. It's already not easy for those with extraordinary talent to condense an orange color. I wonder what color I can condense!"

Zhou Hao's eyes narrowed. Since he was condensing an origin nucleus, then he had to go big!

He had tens of thousands of rare energy bars by his side. At this moment, he was absorbing and condensing them at the same time. He wanted to see his own limits and, more importantly, challenge himself to see if he could condense a red origin nucleus!

An endless ocean of primordial Qi howled and surged in his dantian, exuding waves of powerful pressure. Zhou Hao's hands formed a second seal and began to condense!

Soon, the endless ocean began to feel a sharp pain in its lungs, and it began to compress at a visible rate!

Zhou Hao gritted his teeth. The pain followed!

That feeling was like squeezing his own flesh and blood. It was very terrifying!

However, Zhou Hao could still accept this pain. Compared to the breakthrough of the ancestral body, it was still a little worse!

Slowly, more than half of the ocean disappeared and was replaced by a wisp of blue.

"This is blue, but it's not my end!"

Zhou Hao smiled and continued to compress the energy.

As the ocean decreased, it wasn't just blue that appeared. It slowly turned green, then green, and finally a hint of yellow!

At this moment, the ocean had already been compressed to the size of a small stream. The flowing water was not just liquid, but more like jelly, which was very strange.

The yellow aura it emitted moved Zhou Hao, but he knew that his limit was not here!

Slowly, a dark color appeared in the yellow. It was orange!

Zhou Hao laughed. It seemed that his origin nucleus was at least orange in color!

However, Zhou Hao was still not satisfied. After all, orange was not the strongest. He wanted to form the strongest origin nucleus. If he could form this origin nucleus, it would be of great benefit to Zhou Hao's future cultivation!

Zhou Hao exerted his strength to compress it, and gradually, the stream became the size of a rock, and also became solid. It had already shockingly become a origin nucleus.

However, Zhou Hao was still not satisfied. With a wave of his hands, a powerful suction force emerged and instantly absorbed the 10000-Yuan rare energy bar into his body.

In the next second, endless Yuan Qi was condensed. Zhou Hao split his mind and condensed this endless Yuan Qi into rivers, pouring them into the origin nucleus that was about to take shape.

Gradually, the orange color was tinged with red!

Zhou Hao was shocked!

“It’s indeed useful!”

He smiled and increased the suction force. A steady stream of vital Qi entered his body.

Be it Zhou Hao’s dantian, meridians, or even his physical body, they were all under a huge burden, causing blood to ooze out of his body.

However, Zhou Hao did not care at all. No matter how much pain he was in, he continued to persevere!

The red color gradually appeared and became bigger and bigger. In the end, an extremely red color erupted!

“Red origin nucleus!”

At this moment, the few people outside could also feel it!

Especially mu jiumu, who stood up with a whoosh. The suppression that came from the origin nucleus made his expression change drastically!

“Back then, I had to expend a Herculean effort to become orange. This guy ... Actually ... Actually condensed a red origin nucleus?”

Mu jiumu’s shock naturally had its own reason. For the origin Energy to condense into a red color, it was simply a once in a hundred years genius and opportunity.

But now, there was a genius and an opportunity. What did this mean?

He didn’t dare to believe it!

As for Moro Olai, he had already shook his head with a wry smile. He was already used to Zhou Hao’s monstrous talent. He had already put his heart in his stomach and did not even compare himself to Zhou Hao. In his eyes, he and Zhou Hao were no longer on the same level!

Zhou Hao was moved and excited.

“The red origin nucleus has already been formed. There’s only one last step left before it’s over.”

Zhou Hao laughed. He was very happy, and was about to proceed to the final step, which was to completely form this origin nucleus.

However, all of a sudden, a powerful suction force erupted from the origin nucleus.

The 30,000 Yuan worth of rare energy bars that he had saved in the room were instantly absorbed. A powerful Yuan Qi once again appeared in Zhou Hao's body!

Zhou Hao's expression changed. He did not know what was going on. At the same time, the force was too strong, making Zhou Hao feel like he was about to break!

"F * ck!"

"What the hell is going on?"

Zhou Hao had long been aware of the matter of condensing an origin nucleus, but he had never seen an origin nucleus absorb Origin Energy on its own!

"Damn it, what's going on? it's going to explode if it keeps absorbing like this!"

Zhou Hao was extremely depressed, but it was too late for him to stop it. The endless Yuan Qi arrived in an instant, and the red Yuan nucleus was like a bottomless pit, directly swallowing them all.

Zhou Hao felt that his body was overloaded and cracks appeared on his body. Although the pain was nothing to Zhou Hao, he was afraid!

If it exploded on its own, wouldn't it be useless?

Just as Zhou Hao was in a state of shock, he suddenly discovered that the red origin nucleus in his dantian was actually emitting a golden light!

Zhou Hao was stunned when he saw the golden light!

The origin nuclei were divided into red, orange, yellow, green, cyan, blue, and purple, a total of seven grades!

This matter was publicly acknowledged. But now, his origin nucleus was actually erupting with a golden light!

Furthermore, this golden light became more and more intense and numerous. In the end, it actually replaced all the red and shockingly became a golden origin nucleus!

Zhou Hao did not understand what was going on, and was somewhat shocked. This origin nucleus seemed to have an extremely strong appetite, and actually still wanted to absorb Origin Energy.

Zhou Hao gritted his teeth.

“If you want to eat, then I’ll make you eat until you’re full!”

Zhou Hao narrowed his eyes and took out a few more rare energy bars. He even took out a hundred of the most precious super energy bars for him to absorb!

The Golden origin nuclei did not reject anything and were all absorbed.

However, Zhou Hao could not take it!

One had to know that his body wasn’t an origin nucleus that could withstand so much!

This was because he had cultivated the ancestral body and had the cells of the void beast, which made him very powerful.

However, even he would not be able to withstand it if he continued to absorb it like this!

However, it was too late. A powerful suction force burst out and Zhou Hao felt like he was going to explode. This feeling lasted for an hour.

In the end, an extremely powerful aura burst out of the training room. The shock wave directly blew the training room into pieces.

Zhou Hao was coughing up blood as he slowly walked out of the crowd.

Although he was coughing blood, his eyes were brighter than ever!
