

Starting With One Million Luck Points

- Chapter 897 - -official challenge

Chapter 897 - -official challenge

Chapter 897:-official challenge

Ling Tian, Ji yaoyue, and the rest hurried over. Seeing Zhou Hao in such a state, they were both shocked and moved.

“F * ck, brother, don’t tell me you failed?”

Ling Tian said worriedly.

“Can’t you just hope that I’m better?”

Zhou Hao was speechless. He wiped the blood from the corner of his mouth. Although he was slightly injured, it was nothing to him!

Feeling the Golden origin nucleus in his body exuding endless cultivation power, Zhou Hao was very excited!

“A golden origin nucleus. Although I don’t know why it’s like this, it’s definitely much stronger than the red one!”

Zhou Hao thought to himself.

At this time, mu jiumu and Moro’ Lai came over, both very surprised.

Of course, they didn’t know that Zhou Hao had condensed a golden origin nucleus, and only thought it was red.

But just the red color was enough to surprise them!

In the entire mercenary training camp, there were less than ten people who could condense a red origin nucleus!

And these ten people were all the best on the rankings!

“A red origin nucleus. Zhou Hao, you’re really something. Even I’m envious.”

Mu jiumu told the truth and said directly.

Zhou Hao laughed. Naturally, he wouldn't say that he was not red, but gold.

"I was just lucky."

"Luck? Hehe, you really are Versailles. In this world, there is no such thing as luck. You don't have to be so modest. "

Mu jiumu rolled his eyes at Zhou Hao and said, speechless.

Once the origin nucleus was formed, Zhou Hao's cultivation base also broke through to the fifth grade in an instant.

However, fourth-grade and fifth-grade, the combat power would at least double, and Zhou Hao had a golden origin nucleus. He didn't even know where his combat power was!

"With the nine revolutions Saint body technique and the deity vanquishing technique, I can probably challenge a half-step Dao realm expert!"

Zhou Hao smiled excitedly.

"I've made a breakthrough in my cultivation. Don't cultivate your vital Qi for the time being. Go through some actual combat and consolidate your cultivation."

Mu jiumu suggested at this time.

"Yes, not only that, I've even chosen my opponent!"

Zhou Hao chuckled and said.

"Are you talking about jekev? not bad, a level nine, I can fight with you." He said.

Mu jiumu nodded, but he couldn't help but be shocked.

A level five person actually challenged a level nine. It seemed like he was overestimating himself. But for some reason, even if Zhou Hao were to challenge a half-step Dao realm expert, he wouldn't find it a problem!

"I also think so!"

Zhou Hao smiled and accepted the challenge without a word.

It was very easy to challenge the powerhouses on the leaderboard. All he had to do was to challenge them on the virtual platform.

The other party could choose not to accept the challenge. However, if he did not accept the challenge three times, the ranking would change automatically. At the very least, the system would not allow him to stand at the same spot and remain unmoving.

At this moment, Jekev was also challenged, and the time was set for the day after tomorrow. He squinted his eyes.

“Hmph, Zhou Hao, you’ve really issued an official challenge. However, this time, you’ve really crossed the line!”

Jekev said in a cold tone.

He had no grudges against Zhou Hao, but he was embarrassed to be challenged by a newcomer.

However, Czech Republic he also knew that it wouldn’t be easy for him to defeat Zhou Hao, so he naturally accepted the proposal.

“The day after tomorrow, I’ll completely cripple you. You’ll never be able to cultivate again!”

He then closed his eyes and his cold voice reverberated in the room.

Everyone could see the battle in the arena, and they were all shocked and confused when they saw Zhou Hao challenging Jekev!

“Did you guys hear? Zhou Hao is really not afraid of death!”

“This ... I can’t say for sure. This Zhou Hao is not an ordinary person. Last time, he challenged Moro Olai and won. I heard that he won effortlessly.”

“This kid is a little weird. I really can’t tell who will win this battle.”

The people in the mercenary training camp weren’t fools. They could tell from Zhou Hao’s battle results.

Although Zhou Hao’s cultivation level was low, his combat power was no match for them. It was easy for him to defeat an eighth-grade martial Saint. This ninth-grade martial Saint might at least have the power to fight!

“Let’s go and take a look. Zhou Hao and Jekev can place their bets on the arena challenge the day after tomorrow.”

At this time, in the second-hand market, a person suddenly shouted.

This person had a shrewd look on his face. He wasn't big and was covered in a black robe, which surprised many people.

"Hehe, there are all kinds of people who make a fortune. Someone actually started to do this."

When everyone saw this, they were somewhat surprised.

"It doesn't matter. As long as the mercenary group doesn't object to me, it's fine. Guys Czech Republic if you bet on Zhou Hao winning, the odds are one to ten. If you bet on jekev winning, the odds are one to two."

At this moment, this person began to introduce the rules.

"What? Why did Zhou Hao buy it at a 1:10 ratio? Jekerif? 1:2?"

They did not understand and could not help but ask.

"You're so stupid. If we compare the two of us, Zhou Hao's chances of winning are low. That's why you're betting on him. The risk is high, and the profit is high as well. This is a common sense since ancient times."

"Jekév has a high winning rate, so the risk is low. Don't you understand?"

The man said with a smile. After everyone heard this, they nodded.

"The purchase method is through points. The minimum is 100 points. Everyone can place your bets now."

The crowd looked at each other, all somewhat hesitant.

"Although Zhou Hao is a powerful guy, I still think that jekev can win. I bet 1000 points!"

"I think so too. I'll buy it for a thousand too!"

"Me too!"

With one person buying, the others followed.

However, they all bet Czech Republic jekev, and no one bet on Zhou Hao. After all, they didn't think Zhou Hao would win.

Chatting was one thing, but when it came to points, they had to play it safe.

"I bet on Zhou Hao, 10000 points."

At this moment, a light and pleasant voice was heard. Everyone was stunned and surprised. There were actually people who bet on Zhou Hao's victory, and it was 10000 points!

They hurriedly turned their heads to look, but there could be someone else besides manlirui.

"Miss manlirui, you're really generous."

However, his face twitched and he was speechless. He couldn't help but curse in his heart.

"This little girl really has good taste. Damn it, I need 100000 points to earn back these 10000 points!"

"Damn it, I won't lose money in the end and shout blindly, right?"

He was a little speechless. He coughed and couldn't help but ask.

"Miss manlirui, are you not going to consider it?"

He still did not give up and consoled her.

"No need. 10000 points. Take it."

Manliera left without any further discussion. After throwing down 10000 points, she left.

Chapter 898 - depressed Toya

Chapter 898:-depressed Toya

?

Seeing this, the man felt even more helpless and depressed.

"Damn it, if I bet on Zhou Hao, wouldn't I be losing out? No, no, I can't let them buy Zhou Hao!"

The man mumbled softly, then coughed.

“Guys, I just checked, and there’s something wrong with this bet. There’s also something wrong with our bets. I’m going to change it now. How about this? if you bet on jekev, the odds are 1:5, and if you bet on Zhou Hao, the odds are 1:10. How about it?”

He thought about it carefully. In this case, he would definitely make a profit and not lose anything.

In addition, they all thought that jekev would win, so they would bet even more on him when he raised the odds.

“What? It’s 1:5, give me another 1000 points!”

“Me too, 5000 points!”

“I bet 3000 points on jekev!” He said.

They were all excited and all of them started to place their bets.

At the same time, this news naturally reached Zhou Hao and jekyov’s ears.

“Hehe, I really can’t think of anyone else other than that person who would do such a thing,”

Hearing this, jekev smiled, but his eyes were full of fear.

“Boss, who is it?”

The people below immediately became curious.

“He’s an amazing person. He’s ranked third on the leaderboard and still doesn’t have any power. He’s an extremely mysterious lone wolf, toas!”

“This man is known as the war devil and is extremely bloodthirsty. He usually eats, drinks, womanizes, and gambles. I just didn’t expect that he would be involved in this.”

Jiekyov immediately figured out that he was the only person in the entire mercenary training camp who could think of this idea and was so playful.

“Heavens, it’s actually toas. It’s just that this person ... We don’t know what he looks like.”

“I heard that this person has three heads and six arms, and he’s holding a peerless battleaxe!”

“You’re wrong. This person is extremely huge. His arms are as thick as a person’s waist!”

These disciples couldn’t help but talk about it, and hearing this, jekev smiled.

“Actually, I’ve never seen it before either. Moreover, the person who’s betting now might not be his actual body. Forget it, it doesn’t matter. We can’t interfere with his matters.”

Jekyev didn’t care.

When Zhou Hao heard the news, he didn’t pay much attention to it. However, his heart was moved.

“There’s actually such a good thing. This is a good opportunity to earn points. Aren’t you guys going to buy some?”

Zhou Hao smiled as he looked at Ji yaoyue and Ling Tian.

“Of course I’m going to buy it. I’m going to buy it for 30000 points!” Ling Tian directly said.

Mu jiumu didn’t care. To him, points were just numbers. He couldn’t even use up the points given every month.

Many of the Silver King school’s disciples also believed in Zhou Hao. Therefore, they quickly arrived at the second-hand market and went directly to the stall.

At this moment, the man in the black robe who couldn’t be seen clearly was very happy. In such a short time, the bet on jekyov had reached 500000 points!

As for Zhou Hao, he only had 10000 points, and that woman was the one who placed the bet.

“After throwing away 100000, I can still earn 400000 points. Hehe, interesting, interesting.”

He was very happy. This way of earning points was much more interesting than receiving points from the reward.

However, at this moment, a large group of wind howl players surrounded him.

“We’ll bet on Zhou Hao winning. I’ll bet 10000 points!”

” 10000 for me too!”

“And me!”

The entire Silver King sect had dozens of people. Although they did not have much money, they believed that Zhou Hao would win, so they naturally took out all their money.

In just a few minutes, the number of people who bet on Zhou Hao had reached 700000!

This scene made the black-robed man's head buzz, and he was dumbfounded.

"You ... You all bet on Zhou Hao ..."

His voice trembled. 700000 was 7 million!

Even I can't afford it!

"Yeah, what's wrong?"

The Silver King sect's people were stunned for a moment and asked in surprise.

"No Czech Republic no, no... I don't have any other thoughts, but I think you're taking too much risk. Between Zhou Hao and jekev, jekev has a higher chance of winning."

The black-robed man could not help but say.

"Eh? You're a strange person. Since you think that jekev will win, shouldn't you be happy that we beat Zhou Hao? Why are you comforting us?"

The people from the Silver King sect were also dumbfounded, not understanding what this person meant.

"Um ... This ... That ... I ... I'm just afraid that the points you've worked so hard to accumulate will be gone in an instant."

He was so angry that he gritted his teeth and couldn't say anything!

Since he had set up this stall, he couldn't not let people place bets, right?

"Damn it, this Zhou Hao must have asked his people to place the bet. This dog really doesn't want to leave me any way out!"

He was so angry that he couldn't help but curse in his heart!

The people from the Silver King sect handed in their points and left.

That person was extremely depressed. After seeing that most of the people had left, he was so angry that he wanted to die.

“Damn it, the people who bet on jekev only got 900000 points, and the people who bet on Zhou Hao got 700000 points!”

“It seems like I’ll lose no matter who wins. How can this be?”

He secretly analyzed the situation and felt depressed!

“No, no, I have to think of a way!”

He narrowed his eyes and sneaked out of the second-hand market.

Of course, Zhou Hao did not know about this. At this moment, he was waiting for the final battle tomorrow.

However, he didn’t know that someone had his eyes on him.

“Damn it, since I’m going to suffer a loss, I won’t let you have it easy either. I’ll capture you and imprison you for a few days. When the time comes, this duel will expire and all the points will be returned. I can’t suffer a loss either!”

In the shadows, a man was hiding in the darkness. He looked in the direction of the Silver King sect and murmured.

Of course, Zhou Hao didn’t know that. At this moment, he walked out of the Silver King gate and headed towards the killing field in the training camp.

“Now that my cultivation has increased and I’ve condensed the Golden origin nucleus, I should have a chance to win the virtual battle on the third level, right?”

After Zhou Hao had advanced to the fifth stage, he had not fully released his combat power. He did not know where his limits were, so he wanted to try it out.

He walked out of the Silver King gate, and the figure in the dark laughed and followed him.

Although it was night time, the mercenary training camp was still brightly lit. Zhou Hao quickly arrived at the killing field. Just as he was about to enter, he suddenly felt a chill in his body. He was locked on by an aura.

His expression changed and he quickly turned around. In the crowd, he suddenly saw a man in a black robe looking at him with a strange look.

Chapter 899 - Caught

Chapter 899: Caught

Zhou Hao frowned. He had never seen this person before. He didn't know why he was being targeted!

Just as he was feeling puzzled, the man slowly walked towards him, which made Zhou Hao even more confused.

"Zhou Hao, right? I have a big business deal here. I wonder if you're interested?"

Said toas. After he finished speaking, Zhou Hao was even more surprised.

"And you are?"

"You don't need to know who I am. I just want to ask if you're interested. " Toas said indifferently.

"That will depend on what kind of business it is." Zhou Hao didn't know who she was, but he wasn't worried. After all, killing was forbidden in the mercenary training camp.

"A unique treasure that can strengthen one's body. If you're interested, follow me."

Toas knew that Zhou Hao was a body cultivator, so he naturally had a way to deal with him.

As expected, Zhou Hao's heart skipped a beat when he heard that.

He didn't have any exceptional treasures that could cultivate a physical body, so he was also interested.

Seeing that toas had directly walked out, Zhou Hao hesitated for a moment before following him.

When toas saw Zhou Hao following him, he smiled to himself. Without another word, he headed straight for the training camp's exotic beast forest.

Zhou Hao did not mind and followed him.

The two of them walked further and further away, and soon came to a place without any signs of human habitation.

“This friend, since you brought me all the way here, shouldn’t you at least tell me what kind of treasure it is?”

Zhou Hao felt that something was amiss, but he was not worried as he was confident in his skills and there was no danger to his life.

However, after he finished speaking, the man turned around and looked at Zhou Hao with a strange smile.

“Zhou Hao, were you the one who asked the people from the Silver King sect to place their bets?”

The question was so sudden that Zhou Hao couldn’t react in time. He couldn’t help but ask, “Eh? What does this have to do with a body-tempering treasure?”

“How is it not related? do you know that because of your actions, I can’t make any money? so, you have to bear the responsibility for this!”

Toas said in a bad mood. Zhou Hao immediately understood what he meant.

“You’re ... The one who asked everyone to place their bets during the day?”

Zhou Hao said with a frown.

“That’s right. Zhou Hao, you should have just defeated jekev. Why did you make your people bet? do you know that if it weren’t for your people, I would have earned hundreds of thousands of points for no reason?”

“But you, you’re actually ... Actually insatiable. You think you can win, so you let your people bet. Do you know that if you really win, I’ll lose millions of points? where do I have that many points?”

Toya coldly snorted and angrily rebuked.

“Um ... Didn’t you place a bet? if you’re willing to bet, you must accept your loss.” Zhou Hao was speechless.

“I don’t care. Don’t even think about competing tomorrow. I’ll imprison you right now!”

“Hmph!” Toas snorted coldly and took a step forward. No aura erupted, but Zhou Hao felt an invisible pressure enveloping him. A wave of Dao intent descended!

“Dao realm cultivation base!”

Zhou Hao was shocked!

“That’s right, Zhou Hao. You don’t have to do anything. You can’t beat me. ”

“Hmph!” Toas snorted coldly and waved his hand. A powerful Dao realm cultivation spread out and a huge light landed, forming a cage.

Zhou Hao’s expression changed drastically. He circulated his cultivation in an attempt to break it, but he realized that this thing seemed to be invisible. He could not touch it at all.

“Don’t waste your energy. This is a forbidden technique condensed by my Dao will. Unless you reach the Dao realm, you won’t be able to get out. You can stay here for ten days or half a month, kid!”

Toas coldly snorted and said.

Zhou Hao suddenly felt depressed. He never thought that he would actually encounter such a ruthless person.

“My friend, what you’re doing is immoral!” Zhou Hao couldn’t help but say.

“I won’t talk about martial virtue. What can I do? I, toas, have always been like this. You can ask around.”

When the three words “toas” appeared, Zhou Hao blinked his eyes and his jaw dropped.

“You ... You’re the third on the leaderboard, the so-called war devil, toas!”

Zhou Hao had never thought that he would run into this guy.

“That’s right. Since you already know, then stop struggling. ”

Toas snorted coldly.

Zhou Hao coughed dryly. He felt depressed in his heart. If he had known that it was this guy, he would not have dared to offend him even if he had ten thousand guts!

Of course, Zhou Hao did not do it on purpose.

However, it was too late to think about these things now. Zhou Hao had to find a way to get out!

After all, staying here for ten days to half a month was too much of a waste of time. Even if he did not participate in the competition, Zhou Hao did not want to stay here.

What’s more, toas was doing this for the points, and this was actually very easy!

“That ... Toas, you’re in charge of me. In the end, the duel will be cancelled and you’ll get back the points. But you won’t be able to earn any points by doing this.”

Zhou Hao coughed and said.

“Of course I know, but what can I do if I don’t do it?”

Toas fiercely rolled his eyes at Zhou Hao. If he didn’t let his disciples place their bets, he would definitely have made a fortune!

“It’s actually very simple. I ... I can promise that my people will get their points back and not place any bets.”

Zhou Hao coughed and said.

“What ...? What ... Did you just say? Do you have a way to stop your people from betting?”

Toya blinked his eyes and swallowed.

If Zhou Hao asked his men to take the points, he could still earn a few hundred thousand points!

“That’s right. If you have the ability to make your people bet, then you have the ability to make them cancel their bets. Yes, yes, yes. Kid, you’re very smart!”

Toas immediately became excited.

Zhou Hao let out a dry cough and nodded his head. Without saying anything else, he immediately contacted Ling Tian and had his people apply to place bets.

The bet was also operated in the virtual network. If one could place a bet, they could naturally withdraw it. It was very simple.

Soon, toas received the news of hundreds of people canceling their reservations. He was so happy that he couldn’t stop smiling.

“Hahaha, Zhou Hao, you’re quite smart, aren’t you? not bad, not bad!”

He immediately became excited and immediately canceled everyone’s orders.

Zhou Hao narrowed his eyes and looked at toas. He suddenly thought of a good idea.

Not only could he earn points with this method, but he could also earn points!

“Toas, I have a good idea that will make both of us rich. Do you want to work with me?”

Zhou Hao's words immediately piqued Toya's interest, and his eyes lit up with excitement.

"What? you have a way? Hurry ... Hurry up and tell me!"

Chapter 900 - Take a break

Chapter 900: Take a break

Zhou Hao chuckled and blinked as he whispered to toas. The latter's smile grew bigger and bigger when he heard this!

In the end, he actually laughed out loud!

"Hahaha, good, good. Zhou Hao, you're too sneaky! Alright, alright, after this is over, we'll each take half, how about it?"

Although Zhou Hao really wanted to get points, he didn't dare to compete with the big boss, so he smiled and said,"How about 30 – 70? you get 70, I get 30. How about it?"

"That won't do. You thought of the idea and you put in the effort. I feel like I'm taking advantage of you even if we split it 50 – 50. Although I like to take advantage of others, I don't like taking too much. I like to take small advantages!"

"Alright, it's a deal. We'll follow your plan tomorrow!"

Toas chuckled. With a wave of his hand, he removed Zhou Hao's cage. His technique and cultivation base made Zhou Hao envious!

"By the way, Zhou Hao, it shouldn't be a problem for you to win against jekev, right? you have a strong body, and you have condensed the red Yuan nucleus. Plus, you have a cultivation technique that can improve your cultivation, so it shouldn't be a problem, right?"

He blinked his eyes and asked.

"Don't worry, I'm confident!"

Zhou Hao coughed and could not help but ask.

“That’s good! Hahaha, you’re not bad, kid. If you have any trouble in the future, come to me, I’ll help you settle it!”

Toas was extremely happy. His body moved and he disappeared.

As soon as he left, Zhou Hao shook his head with a bitter smile. Although this toas was powerful, he also had a playful personality.

Fortunately, he was smart. Otherwise, not only would he have offended him, but he would also have to be imprisoned for more than ten days. That would not be worth it.

However, this method of his was really a little damaging!

However, in order to earn points, it was nothing!

Zhou Hao returned to the Silver King sect and quietly waited for the arrival of the next day.

Soon, the next day came Czech Republic and the Silver King School came to the arena. Jekev also came with many people.

This time, there were even more spectators than when he was fighting with Moro’ Olai!

After all, this was a rank-9 jekev!

In the spectator stands, in addition to the familiar faces, there were many other forces who were also standing there with anticipation.

“Brother, will Zhou Hao win this time?”

At this moment, Lilia looked at her older brother, belreynold, and said.

Beyreno smiled and said, “Not this time. Not only that, but this will also be the last time Zhou Hao will appear in front of us.”

“Ah? You’re not saying that jekev dared to kill me, are you?”

Lilia had just believed it. The mercenary training camp did not allow people to kill!

“Who said that he can’t appear in front of us after we kill him? isn’t it the same if we destroy him?”

Said belreynolds.

“Destroy him ... How? Does jekyev have the strength?”

Lilia did not understand. Although she did not want to believe that Zhou Hao could win, she had seen how Zhou Hao had defeated Moro Olai the last time!

To be honest, Zhou Hao's combat power was indeed shocking!

“Let's wait and see,”

Beyreno said lightly.

Zhou Hao and jekev came to the stage, and the latter looked at Zhou Hao with a sneer.

“Zhou Hao, I have to say that you're a powerful character, but you can't bear to challenge me. Do you think that you're qualified to challenge me just because you defeated trash like Moro Olai? I'll teach you a lesson today!”

Zhou Hao felt helpless and speechless.

At this time, toas appeared. This time, he was still wearing a black robe. He would ask questions whenever someone walked out.

“Wan na place a bet? If Zhou Hao wins, the odds are 1:10 Czech Republic and if jekev wins, the odds are 1:5. Are you interested?”

Toas was very mysterious. Many people didn't know about him.

However, after hearing his bet, many people had the same idea and placed their bets.

Of course, they were all betting on jekev's victory.

He quickly arrived in front of belreynold and said,”

“Wan na place a bet? If Zhou Hao wins, the odds are 1:10 Czech Republic and if jekev wins, the odds are 1:5. Are you interested?”

Lilia, who was at the side, frowned and snorted.

“Go away, we're not in the mood to bet.”

As soon as she finished speaking, belreynold's face turned pale and he quickly pulled his sister aside.

“I'm sorry, I'm sorry, my sister didn't mean to offend you. Let's bet, I bet 100000 points on jekyov winning. ”

Belreynolds knew toas, so he was scared when he heard his sister's words.

Toas naturally would not lower himself to Lilia's level. Seeing that 100000 points had been added to his account, he was overjoyed and immediately continued to ask others.

After he left, Lilia asked in puzzlement.

"Brother, who was that person just now? why did you apologize to him?"

Beyreno looked at his sister with a lingering fear.

"When you see this person in the future, you must be extremely respectful. He's the third-ranked toas!"

The moment he said that, Lilia's beautiful face instantly revealed a shocked expression!

The arena's sound rang out very quickly. Just like the last time, the barrier was lowered, and the battle began. Everyone's eyes were fixed on the center of the arena.

Zhou Hao narrowed his eyes, a sly smile on his face. He was the first to attack. He didn't use his full strength, but he seemed to be using all his strength.

Of course, this combat power was similar to that of Moro-Oray, but it was still impossible to defeat the rank 9 jekev!

"Hmph, it seems like this combat strength is your limit!"

Jekev sneered with disdain in his heart. In this case, he didn't even need to use the treasure given by berreynold to kill Zhou Hao.

That was the truth. The two of them exchanged blows in an instant. As a ninth-grade martial Saint, jekev was a super powerful sorcerer who cultivated sorcery. He used the most powerful sorcery in the world, and it was shocking.

Zhou Hao was in a sorry state. He tried his best to Dodge, but he was still hit a few times.

Of course, at this level, Zhou Hao would not be injured. However, he still pretended to spit out a few mouthfuls of blood.

This shocked everyone. Even more people who had high hopes for Zhou Hao shook their heads.

"Sure enough, Zhou Hao still can't beat jekev."

"I thought he could create a miracle this time. It seems like we've overestimated him!"

They were disappointed, but the people of the Silver King School were also surprised, especially mu jiumu and Ji yaoyue. They had no idea what Zhou Hao was up to!

Jekev sneered and said.

“If that’s all you’ve got, then stop struggling!”

As he spoke, he was about to use his trump card to defeat Zhou Hao.

However, Zhou Hao suddenly shouted.

“Wait a moment!”

Jekev was stunned and frowned.

“What do you mean by that?”

Zhou Hao suddenly laughed.

“That ... I didn’t rest well last night. Can you let me rest for a while? I’m not in my best condition. If you win like this, it’s an unfair victory, right?”

Everyone was dumbfounded by his words!
