

# Starting With One Million Luck Points

## Chapter 901 - Powerful

*Chapter 901: Powerful*

Zhou Hao's shameless words left everyone dumbfounded and dumbfounded. They widened their eyes in disbelief!

At this time, Zhou Hao actually wanted to rest. Was this not a joke?

At such a critical moment, you still want to rest and beg for mercy? Isn't this too embarrassing?

This scene confused everyone Czech Republic including jekeyev. He couldn't figure it out for a while and was a little confused.

"Zhou Hao, you're trying to stall for time. Do you think it'll work?"

Although he was confused, he understood what Zhou Hao meant.

"Brother, can't I take a break? I really didn't rest well yesterday. Besides, I can't beat you, so what are you afraid of?"

Zhou Hao said shamelessly.

"Since you know that you can't beat me, then just admit defeat. Why go through so much trouble?"

Jekeyev smiled with contempt in his eyes.

"Even if I can't beat him, I still have to fight. Since I've already bragged about it, I can't go back on my word. Brother, how about you be kind? I'll just rest for ten minutes, how about ten minutes?"

"Besides, you can rest for ten minutes."

Zhou Hao sat on the ground and begged for mercy.

"Hmph, do I need to rest when I'm beating you up?" Jekeyev said immediately.

"Yes, yes, yes. You don't need it, but I do. Brother, let me rest, please. I'm begging you."

Zhou Hao did not feel embarrassed at all and immediately replied.

Jekeyev narrowed his eyes and didn't mind. He landed on the ground.

In his eyes, Zhou Hao was no match for him, so it was fine to let him rest for ten minutes.

Moreover, he could rest. Although he didn't consume too much energy, resting was better than not resting at all.

"Alright, I'll give you ten minutes."

Jekeyev said lightly.

Zhou Hao immediately cupped his hands, then sat down cross-legged and closed his eyes.

Seeing this, the people of the Silver King sect were all confused. Ji yaoyue and Ling Tian didn't know what Zhou Hao meant.

He even believed that Zhou Hao really couldn't defeat Jekeyev Czech Republic so he wanted to buy time!

Even Mu Jiumu was dumbfounded, not knowing what Zhou Hao was up to!

"Brother Mu, do you think ... Zhou Hao really can't defeat Jekeyev and wants to buy time? This is so unlike her!"

At this moment, Ling Tian could not help but say.

Mu Jiumu nodded."Indeed, this is not like him. He is not that kind of person. Although I don't know what he means, I think there must be something wrong with his style. I think he has some plans."

Ji yaoyue and the others nodded, thinking the same.

At this moment, Toas saw an opportunity. He jumped out with excitement in his eyes and shouted.

"Come on, let's place our bets. The odds of Zhou Hao winning are 1:10, and the odds of Jekeyev winning are 1:5!"

"I'm just passing by, don't miss it!"

Everyone was still in a daze. When they suddenly heard this voice, they came back to their senses and looked at the two people on the stage.

One of them was sitting on the ground and resting, and the other was standing there with Czech Republic eyes closed. It seemed like they had already decided who would win this battle!

Therefore, these people immediately started to bet without hesitation, and they all bet on jekev!

In just ten minutes, he had earned seven to eight hundred thousand Yuan!

This made Toya extremely excited!

Zhou Hao let out a dry cough. Seeing that it was almost time, he stood up.

“I’m done resting, jekev. ”

After Zhou Hao said that Czech Republic jekev opened his eyes.

“Are you ready to lose?”

Zhou Hao smiled and shook his head.

“I’m sorry, jekyev, you can’t beat me. You’re the one who lost today. ”

Zhou Hao smiled faintly. At this moment, he stood there, all the injuries on his body healed. The weak aura from earlier had become stronger, and an extremely powerful qi and blood energy was forming.

Jekev narrowed his eyes, “you’re quite arrogant. It seems that you have to show your trump card.”

“Trump card? I don’t even need a trump card to beat you!”

As soon as he finished speaking, the aura on Zhou Hao’s body suddenly exploded, and in an instant, he rose from the fifth grade martial Saint to the ninth grade martial Saint!

The nine revolutions Saint body technique and the God Slayer art were activated at the same time. Not only that, but the ancestral body was also activated, and a golden light filled the air instantly!

Zhou Hao’s body was covered in the thousand feather armor. Outside of the silver armor, there was a golden light. It was a dazzling golden light, a holy golden light!

Jekev’s face suddenly changed, and his heart skipped a beat when he saw this gesture.

“Damn it, this kid just rested for ten minutes. He must have been preparing for this move. I fell for it. I should have finished him off just now!”

His face was gloomy, but he didn't hesitate at all. He stretched out his hand and a powerful spell technique was condensed. A black and red light fell from the top of his head!

He was a powerful Warlock who cultivated space magic. Powerful dimensional power condensed from the void and turned into a huge black hole behind him. A strange life form with bared fangs and brandished claws was crawling out of it!

A magic monster!

This was the powerful resentful spirit that Jekev summoned by absorbing the universe magic. It was his trump card!

He summoned it at this moment because he didn't want to cause any trouble!

Zhou Hao laughed and suddenly disappeared. He was extremely fast, and he dashed toward Jekev!

Jekev snorted, and the huge magic monster flew out directly. The powerful magic instantly condensed into black flames, which covered the whole area and roared toward Zhou Hao!

Zhou Hao laughed coldly. This kind of magic would not be able to break through his defense. A powerful golden light protected his body and pierced through the black flames. In the next second, he was on top of the demonic beast's head, and his powerful fist was swung out.

Before the fist arrived, the storm had already arrived. A tyrannical force came crashing down like a mountain!

In the next second, such a powerful cultivation power turned into a shock wave and directly destroyed the magical beast!

Jekev's eyes were wide open in disbelief!

One move!

With just one move, his magical beast was defeated!

Even a half-step Dao realm expert would find it hard to use such combat strength!

When everyone saw this scene, they were dumbfounded. Lilia and the others in the stands even covered their mouths, their eyes filled with terror!

The Silver King sect's disciples were pleasantly surprised. At this moment, Zhou Hao was like a god, powerful beyond compare!

“Damn it, damn it, this dog actually dared to trick me!”

Jiekyov was so angry that his eyes turned red. He reached out and took out a ball from his hand. It was the treasure that Belreynolds gave him!

The full power attack of a half-step Dao realm expert!

## Chapter 902 - -admitting defeat

*Chapter 902:-admitting defeat*

However, Zhou Hao didn't know that. At this moment Czech Republic he was standing in the air and looking at Jekev indifferently.

He felt the surging power in his body and was shocked.

“Is this my power? However, I haven't used it to the fullest yet. ”

Zhou Hao was shocked. The Golden origin nucleus in his body exploded with intense fluctuations, and waves of compressed Origin Energy filled his limbs and meridians!

It was as if his blood and Qi had been injected with a stimulant, and a powerful fluctuation spread out!

Under the golden light, everyone was stunned. They stared at Zhou Hao in a daze. When they saw Zhou Hao's state, they were also surprised!

At that moment, Zhou Hao's punch was still echoing in their minds!

“Damn it, this guy is actually so strong!”

Belino's eyes were wide open. Even he wouldn't be able to resist this kind of combat power!

“Jekev, you lost!”

Zhou Hao squinted his eyes Czech Republic and his body suddenly flashed. He was so fast that jekev didn't even have time to react. Zhou Hao had already arrived in front of him!

"It's over!"

Zhou Hao laughed coldly and threw a punch at him.

However, at this moment, jekev's face was twisted!

"Finished? Zhou Hao, die!"

He was completely enraged and wanted nothing more than to kill Zhou Hao!

This dog had tricked him, and he was furious!

The ball in his hand was instantly activated, and a powerful beam of light shot out. It contained Dao intent.

That power was like the rays of light that destroyed the sun. It was extremely powerful and extraordinary!

Zhou Hao's expression changed. He was also shocked by the power!

However, at this moment, there was no way for him to retreat. Zhou Hao immediately let out an angry roar.

"Fist of great destruction!"

Zhou Hao unleashed all of his cultivation, causing a powerful shockwave to sweep out. At that moment, it gathered on his fist, and the power exploded.

Suddenly, an extremely powerful figure appeared behind Zhou Hao. It was a golden giant, like a god from heaven, shocking everyone!

This ...

It was the true fist of destruction!

It was formed with the power of the ancestral body and Zhou Hao's cultivation base!

No one had been able to use this fist ever since it was created. It wasn't that they couldn't, but that they didn't have enough strength and their meridians weren't enough!

Zhou Hao had only opened 60 meridians. If he were to reach 100 meridians, he would be extremely powerful. At that time, he would be able to unleash the true fist of destruction!

At this moment, although it had not reached its peak, the power of this punch had already condensed into an invincible intent!

At that moment, Zhou Hao's punch landed on the light beam. The powerful force shattered the light beam, and at the same time, a loud explosion rang out!

BOOM!

The huge shock wave swept through everything, causing everyone to widen their eyes in disbelief!

They had never seen such power before. Even Dao realm experts were shocked!

Because even they felt that this power was troublesome!

And this power was actually released by a fifth stage martial Saint!

This ...

This was too shocking!

"Zhou Hao! It's indeed extraordinary!"

Mu jiumu's eyes were filled with shock. He was also excited and couldn't believe it!

Not only mu jiumu, but even the people of the Silver King sect were also shocked. This combat strength could actually block the cultivation of the lower half step Saint realm, which was very shocking!

On the battlefield, smoke was everywhere. Everyone was watching nervously!

They were very nervous. They didn't know who would win Czech Republic Zhou Hao or jekev!

The smoke slowly dispersed, and the first person to be revealed was jekev.

He didn't suffer any injuries, but it was clear that the explosion had injured him a little, and there was blood at the corner of his mouth.

And in the center of the smoke was Zhou Hao!

At this moment, the crowd was also slowly dispersing. Everyone was watching nervously.

A figure slowly appeared. When the smoke disappeared, everyone saw it.

At that moment, Zhou Hao was standing there without moving an inch!

Although he wasn't injured Czech Republic he was still scared by this strike!

If he had not broken through!

With the Golden origin nucleus in his body, he would definitely die from this attack just now!

"I'm afraid he's using this for self-defense. Now that he's taken it out, there's nothing he can do!" Zhou Hao snorted coldly as he thought to himself. Then, he immediately flew over.

Everyone was shocked by this scene!

"Zhou Hao isn't injured at all! That's a full-powered attack from a half-step Dao realm expert! Even Dao realm experts would have to be careful!"

"Zhou Hao is too strong. He will definitely win this battle!"

Everyone thought so, and Zhou Hao also rushed over.

"Jekev, this is your most powerful move, but it's still useless. Just admit defeat!"

After saying that, Zhou Hao started to attack, and jekev's face instantly turned pale!

"I ... I admit defeat!"

Seeing Zhou Hao's powerful strength, jekev didn't dare to fight him!

Many people were shocked by this scene. They didn't expect that jekev would admit defeat.

Wasn't this a joke?

However Czech Republic they didn't know how much pressure it would be for jekev to face Zhou Hao!

Seeing that he had already admitted defeat, Zhou Hao stopped in his tracks. After this battle, Zhou Hao was ranked one hundred and Ninety-ninth.

His name was also known by many people in an instant!

A fifth grade martial Saint was actually able to defeat a ninth grade martial Saint. This kind of thing was really shocking!

If they had not seen it with their own eyes, they would not have believed it!

Of course, the news that made Zhou Hao the most excited was the points!

At this moment, inside the Silver King School, toas happily took out a million points and handed it to Zhou Hao.

“Kid, you’re not bad. A million points, hehe, I didn’t expect you to get it just like that.”

One million points was not a small amount to Zhou Hao and the rest!

“Many thanks.”

Zhou Hao smiled gratefully.

“What’s there to thank? this is what you deserve. Kid, you’re not bad. Your body is very strong. However, just your body alone is not enough. If you encounter a powerful spirit reader, you still won’t be able to beat them. ”

Zhou Hao naturally understood what toas was saying. He needed a powerful spell technique. Otherwise, it would not be enough to fight with only his physical body!

Of course, although the cultivation techniques he had obtained on Earth Star could be used, they were still not enough to be used on Saint-tier.

“It seems like I have to find a way to get a good cultivation technique.”

“It’s just that ... These points ... I’ll give them to the Silver King sect. ”

Zhou Hao thought about it. The Silver King sect had just been established and needed to be developed. One million points was not a small amount.

## **Chapter 903 - Divine power Star**

*Chapter 903: Divine power Star*

Therefore, after much thought, Zhou Hao felt that he should still find a way to get some points and Exchange them for a good cultivation technique.

When he passed the one million points to Ling Tian and Ji yaoyue, the two of them were shocked.

“Where ... Where did this one million points come from?”

Ling Tian and Ji yaoyue didn't know about the matter between Zhou Hao and toas, so they naturally didn't know about this matter.

After Zhou Hao finished explaining the whole incident, the two of them were stunned!

“No way ... You ... You two are working together to cheat everyone of their points?”

Ji yaoyue was straightforward and said immediately.

“What do you mean by lying!”

Zhou Hao said helplessly.

“This isn't cheating! I was wondering why you needed to rest at that time. You acted so well, but this is what happened after all this time!” Ji yaoyue finally understood and couldn't help but ask.

Ling Tian didn't feel that it was too bad, and said, “This is also a good way to earn points. If I can use it, I'll earn quite a bit.”

Zhou Hao laughed bitterly. “It's not that easy. I don't think it'll be so easy after this.”

Zhou Hao's reputation had spread far and wide, and everyone knew that the next bet would not be so easy to scam.

“This toas is a bit strange. He's in the top three on the leaderboard. I'm afraid it'll be over a million in a few months. It's really infuriating to compare people.”

Ji yaoyue suddenly said.

Zhou Hao laughed. Toas was a weird guy, but it was a pleasure working with him.

After this matter was over, Zhou Hao thought for a while and applied for a mission. Moreover, it was a mission with a particularly high score!

Soon, after a day, Zhou Hao received news that he would be rewarded with 200000 points for killing a giant monster on the divine power planet.

Zhou Hao was overjoyed when he saw the message.

He was currently lacking points. Now that the mission with the reward of 200000 points was issued so quickly, it was enough for him to use.

At the thought of this, Zhou Hao immediately rushed back to the spaceship and entered the address of the divine power planet. He was ready to go to the divine power planet and kill the monsters immediately.

However, before he could start the spaceship, the frog immediately jumped out of its pocket.

The frog looked at Zhou Hao with a serious expression and couldn't help but ask hesitantly, "Zhou Hao, are you really planning to go to the divine power planet?"

"Of course."

Zhou Hao nodded without hesitation, then laughed and said, "The mission this time has a bounty of 200000 points."

"I was planning to buy a cultivation technique to try it out, but I don't have enough points."

"If I can successfully complete the mission this time and get 200000 points, I can exchange for a more powerful cultivation technique."

"After all, I can only use my physical body to fight now. Although it's quite powerful, I don't want to be beaten up all the time. It's time to try other cultivation techniques."

At this point, Zhou Hao's face was full of joy and he said impatiently, "I'm planning to try long-range attacks or something like that. If there's a similar spell, that'll work too."

Seeing the anxious look on Zhou Hao's face, the frog couldn't help but shake its head. It sighed softly and said helplessly, "Even if you use your brain to think about it, you'll understand why this mission is so valuable. Isn't it because it's very difficult?"

The frog looked at Zhou Hao patiently and said, "I think we should take a long time to think about it. We shouldn't throw our lives away for points."

However, Zhou Hao's face was filled with determination as he said, "If I don't grab this opportunity as soon as possible, it'll be difficult to get so many points in the future."

"Forget it, I can't persuade you. Let Qianyu tell you how dangerous this mission is."

The frog immediately ordered.

“Alright, I’ll check for information about the divine power Star now.”

After Qian Yu finished speaking, he immediately began to investigate. After a while, information related to the divine power Star appeared on the big screen.

“According to the information, the divine power planet is a planet with countless dangers. There are countless dangers lurking around it.”

“Moreover, there are many mutated beasts on the divine power planet. The most powerful ones are ninth-grade Sacred Beasts.”

Qian Yu looked at the few people in front of him indifferently, then slowly opened his mouth and said, “It is because of these dangers that many people can’t hope to reach the divine power Star.”

At the thought of this, Zhou Hao’s heart was filled with surprise.

“Are all the exotic beasts on the divine power planet ninth-grade martial Saints?” he asked anxiously.

Qian Yu shook his head and said seriously, “Forty percent of them have reached the ninth grade martial Saint level.”

“The exotic beasts we need to exterminate for this mission are ninth-grade Saint-level mutated beasts. It’s a Tiger-headed snake-tailed Dragon divine beast, so it’s a little difficult to kill it.”

As he spoke, Qian Yu immediately displayed the appearance of the Tiger-headed snake-tailed Dragon divine beast on the LED screen.

“The Tiger-headed snake-tailed Dragon divine beast is about ten meters long and five meters tall. It can fly in the sky and burrow underground. It’s extremely powerful.”

“There was once a group of five people who came to the divine power planet for a bounty mission. They wanted to kill the Tiger-headed snake-tailed Dragon divine beast, but they didn’t succeed and even lost their lives.”

“This mission has been going on for a long time, but because no one has been able to complete it, the price has gradually risen from 50000 points to 200000 points.”

Qian Yu’s words made Zhou Hao fall into deep thought.

When the frog heard this, it couldn’t help but look at Zhou Hao seriously. It quickly tried to persuade him, “So I think we shouldn’t go for the time being.”

“After all, we still don’t know much about the divine power planet. I think we should get to know it as soon as possible and make sufficient preparations before we go.”

However, Zhou Hao shook his head. His face was filled with determination as he said in a serious tone, “I think we need to get there as soon as possible,”

“Didn’t you hear Qian Yu say that many people are planning to do this kind of mission? if we don’t get there as soon as possible, it won’t be good if someone else gets there first.”

After hearing these words, the frog’s face was filled with helplessness. This Zhou Hao really didn’t listen to a single word.

“But ...”

The frog was about to say something but was interrupted by Chen Yu.

“Let’s go!” He said to Qian Yu excitedly. “Let’s go to the divine power planet now!”

## Chapter 904 - Accumulating luck

*Chapter 904: Accumulating luck*

Zhou Hao’s thinking was very simple!

What he needed now was points. Furthermore, in the heavenly Dao, luck value was also required!

Of course, Zhou Hao would never ask the points Mall to help him with cultivation techniques!

This was just a cover up. What he needed to do was to obtain more luck value and find a cultivation technique that was suitable for him in the heavenly Dao!

As for the strange beasts on the divine power planet, they had profound cultivation and were difficult to deal with. However, to Zhou Hao, this was also a form of training. Therefore, he naturally had to go!

As for the Tiger-head snake-tail Dragon, Zhou Hao wasn't afraid of it. He cultivated the ancestral body and had the mental energy gem to complement it. Under the half-step Dao realm, he was invincible!

The frog sighed. It couldn't persuade him, so it could only accept it!

Very quickly, Zhou Hao and the others flew out of Cang Dao star and headed towards the divine power Star.

The divine power Star was a strange place. It was rich in resources and could produce many precious ores.

Not only that, but the strange beasts that lived here were also extraordinary. After killing many of them, their flesh, blood, bones, and even internal organs were all great tonics.

This was also why many people liked to come here to try their luck, wanting to kill an exotic beast and sell it.

"This is also a good source of income. When the time comes, I'll keep the good things that I can keep and sell the ones that I can't. It's good to have some money when I'm out."

Zhou Hao had made up his mind. He was going to kill the beast and sell their corpses. He would not return to the training camp to exchange them for points!

Points were indeed good, but sometimes, they weren't as useful as universe dollars!

They soon arrived at the divine power Star.

This place was filled with an ancient and wild aura. There was not much advanced technology here, and it looked very desolate.

However, Zhou Hao could also feel that this place was filled with a heavy aura. It must have been released by the exotic beasts living here.

"Although the divine power planet is rich in resources, it's still not suitable for martial artists to live in. The yuan Qi here is too thin."

After Zhou Hao arrived, he felt it and nodded. No wonder such a good place was abandoned.

Of course, it wasn't exactly abandoned. This place had also become a warehouse for mines on planet Nairo.

“He killed the Tiger-head snake-tail Dragon. This guy has a ninth-grade martial Saint cultivation and has just broken through. Although he is not the strongest species here, he can not be underestimated.”

Zhou Hao squinted his eyes and looked at the information.

Although the most powerful exotic beasts here were at the ninth level, there were quite a few of them. This Tiger-head snake-tail Dragon had just advanced to the ninth level, and he could be considered to be able to fight with him.

The only difficulty was that there were too many strange beasts here, so he had to be careful.

Zhou Hao let the Luo divine boat float in the air and went down alone in the thousand feather armor.

Other than the desert and the ocean, there was only a small forest, and this was one of the forbidden areas.

“There are many forbidden places on the map given by the system. I can’t go there easily!”

Zhou Hao looked at the map and nodded after seeing a few extremely dangerous locations.

His main mission this time was to kill the Tiger-headed snake-tailed Dragon. However, the most important task was to kill the exotic beasts in exchange for luck value. Therefore, Zhou Hao also began to probe the area.

“The aura ahead isn’t strong. It’s just a level six exotic beast. It’s easy to kill!”

Zhou Hao’s body moved and he quickly made his way over.

From a distance, he saw a strange beast the size of a small mountain, lying there and eating. It had an even smaller strange beast in its mouth, eating its flesh and blood to replenish itself.

Zhou Hao’s arrival immediately alerted the strange beast, and it turned around.

A strange beast with such a cultivation base was already very intelligent. After sensing Zhou Hao’s aura and his cultivation base, it narrowed its large eyes and did not take it to heart.

After all, a fifth grade martial Saint couldn’t do anything to him!

However, he was wrong the next second!

Zhou Hao's golden light soared to the sky. His powerful cultivation had reached level nine in an instant. The powerful force almost made him unable to stand up.

He wanted to escape, but it was too late. Zhou Hao's powerful force poured down and pierced through her heart, killing him!

Zhou Hao hurriedly took a look at his luck value. Damn, the points of this fifth-grade Saint-tier exotic beast were indeed high. It had suddenly increased by one billion points!

He chuckled and carried him on his back, then continued to search for his next target.

At the same time, a small group of people had also arrived at the divine power planet.

"Master, is there really a clue you want here?"

This group of people was wearing battle armor and red cloaks. They were eight feet tall and very strong.

The lowest cultivation was at the eighth stage, and the highest had even reached the half-step Dao realm.

The man they called master was the half-step Dao realm expert.

"It's here, this hell star system. The reason why they brought the divine power Star here was that they knew that the clue was here. However, after so many years, no one has found it!"

"The people of nailuo star turned this place upside down and still couldn't find it. How ridiculous, how can that kind of thing be found so easily?"

This person was wearing a dark blue armor with a strange pattern on it. It looked like a mountain, but also like a special symbol.

"Since that's the case, master, we'll do as you say!"

A few servants respectfully said in a low voice while half-bowing.

"Yes, the clues to that thing are in these few places. The cultivation of these strange beasts is not high, so it will be easy to kill them. Let's go to them one by one."

The man in the black and blue armor said indifferently. Then, he looked at a point on the map and sped away.

Zhou Hao had no idea what was happening outside. He was completely focused on killing these exotic beasts.

The ones he found were usually lone Warriors, and a few of them were companions. The highest cultivation was only seventh-grade martial Saint, so it was very easy to deal with them!

Zhou Hao killed them and threw them into his bag. He watched as his luck value rose, quickly breaking through 10 billion. He was extremely excited!

“It’s already the blessing of the lucky Sun god. When the time comes, I’ll use these exotic beasts to exchange for universe dollars and upgrade my Platinum Membership to Diamond Membership. It’ll be so comfortable to open the treasure chest then!”

Zhou Hao chuckled, not getting tired of it.

However, at this moment, the group of people looked at the scene in front of them with extremely gloomy faces. The place was in a mess, and traces of battle were still there. There was also qi and blood in the surroundings.

“It’s been less than half an hour since I killed those just now!”

“Moreover, from the looks of it, it wasn’t killed by a battle between other beasts, but by a warrior. The corpse was even taken away. Could it be that he also knew about this secret?”

The Man in Black and blue armor had an extremely ugly expression. Without a word, he led his men to the next place.

## Chapter 905 - Killing

### *Chapter 905: Killing*

When these people arrived at the second place, their expressions also instantly turned ugly.

“Nothing else?”

The dark blue armored man’s expression was very ugly!

He had paid too much for this information!

They even deceived their family and ran here. Otherwise, they would not have come to the hell Galaxy!

After all, there were grudges between the two galaxies!

“Damn it, don’t tell me the people of the nailuo system know about this?”

“That shouldn’t be. If they knew, they wouldn’t be like this. After all, who in the universe doesn’t know the significance of that thing?”

“There’s an 80% chance that someone found out about this and secretly investigated!”

The man in the dark blue armor squinted his eyes and snorted. He immediately understood.

“If that’s the case, as long as I find this person and kill him, everything will be over!”

The man narrowed his eyes and snorted.

“Chase!”

As he spoke, his body turned into a long rainbow and sped forward.

At the same time, Zhou Hao had no idea about any of this. He was still hunting Ultra Beasts.

“I’ve accumulated quite a bit of luck points. Hehe, when I return, I’ll definitely get a good cultivation technique!”

Zhou Hao was very satisfied. In just two to three days, he had already killed more than ten eighth-grade exotic beasts.

His points had also increased to over 10 billion!

“It’s already the blessing of the Archangel of luck. The blind boxes that are opened like this must have many treasures.”

Zhou Hao chuckled and prepared to move on to his next target.

However, at this moment, he suddenly felt a few extremely powerful auras coming towards him.

By the time he felt it, those people had already arrived at the horizon!

Furthermore, the speed was extremely fast, and it was coming straight for him!

“Eh? With a baleful aura, could it be that you’re here to kill me?”

Zhou Hao squinted his eyes, his expression extremely ugly.

He had come here to hunt exotic beasts. Why would anyone want to kill him?

“Whether or not he is, I can’t just wait here for death.”

As Zhou Hao spoke, he immediately stood up and left. His speed was also very fast.

The man in the dark blue armor noticed this and snorted.

“He wants to run? that’s him! Chase him!”

As soon as he finished speaking, he led everyone and charged forward. They were fast, but Zhou Hao was even faster!

“Hmph, he’s a guy who’s running away!”

“Activate the secret technique, escape!”

After he said that, the few of them put their palms together and immediately formed a seal.

This hand gesture was very strange. It was completely different from their cultivation.

Not only that, but their auras were also connected. In the next second, the space in front of them fluctuated. Then, as if a spatial door had opened, the few of them instantly entered.

At the same time, Zhou Hao felt the surrounding space fluctuate. Without saying a word, his body suddenly stopped. At the same time, countless forces gathered from all directions, forming a storm that swept toward Zhou Hao.

“Hmph, open it!”

Zhou Hao let out a furious roar and his cultivation base exploded forth. Not only that, but he also brought with him the power of his physical body and punched out viciously.

The golden light gathered and formed a storm in the air, destroying all his techniques!

It was also at this moment that the void squirmed and a few people slowly walked out.

The leading man in Black and blue armor snorted coldly.

“Hand over those mutant beasts, or die!”

The man said immediately, which made Zhou Hao frown.

Zhou Hao's mind had always been quick. At this moment, many thoughts had already turned in his mind.

As soon as this person met him, he asked him to hand over the exotic beast. Although this kind of exotic beast had some value, it was very valuable. Moreover, there were so many exotic beasts, so it didn't matter if he had a few more!

However, he actually asked for these beasts directly. There must be a problem!

Moreover, this was the first time the two of them had met, so there was no enmity between them.

"The problem is ... What's so special about these beasts?"

Zhou Hao thought for a moment and then said.

"Friend, I've worked hard to kill this beast in order to exchange for some universe dollars. There are so many beasts here, and since you want the beast, it's much easier for you to kill it than me with your strength. Why do you have to take mine? Isn't this a little too overbearing?"

Zhou Hao's words caused the man in the dark blue armor to have a strange thought.

"Does he not know? Is this all just a coincidence?"

"Or is he lying to me?"

He squinted his eyes as he had a different guess in his heart. He looked at Zhou Hao and said.

"Hmph, what's with all this nonsense? hand over the beast and I can spare your life. Otherwise, you'll die today."

That person immediately said with a cold expression.

Zhou Hao glanced at them. There were five of them. One was half a step into the Dao realm, and the other four were all around rank nine. They were very powerful.

Each of them was as powerful as jekev, and their leader was much more powerful.

It would not be easy to defeat them.

However, since they were so concerned about this exotic beast, there must be some reason!

Zhou Hao took a deep breath. He was now faced with a choice.

First, give them the items for safety!

Second, he had to find a way to figure out the reason!

They didn't look like people who lacked money. To be able to come here, they must have some unspeakable purpose!

What this martial artist wanted was nothing more than cultivation, cultivation techniques, and treasures.

"Could it be that these beasts have some common characteristics?"

Zhou Hao narrowed his eyes and decided to take the risk.

"I'm sorry, but I don't want to hand over these mutant beasts yet. "

After Zhou Hao said that, the man was so angry that he snorted.

"What? You dare to disobey me, you're looking for death!"

He snorted coldly and waved his hand. The four men swarmed forward without a word.

The two level nine and two level eight cultivators were extremely powerful. At this moment, they burst out instantly.

Zhou Hao snorted coldly as well!

He immediately exerted all his cultivation, and his strength instantly reached level nine!

Not only that, but he also activated the full power of his ancestral body. His powerful physical body was like the sun, baking the surroundings!

Zhou Hao's reaction caused the man's pupils to contract!

"There's indeed a problem!"

Seeing Zhou Hao's reaction, he was even more certain that this man must know the secret!

"Kill him!"

Therefore, at this moment, he had the intention to kill!

"You want to kill me? You're looking for death!"

Zhou Hao shouted as the thousand feather armor appeared on his body, and a powerful golden light shot into the sky.

## Chapter 906 - Strength gem

*Chapter 906: Strength gem*

A powerful golden light instantly filled the sky!

At this moment, everyone felt an extremely vast and overbearing power!

The ancestral body, the ancestor of all bodies, represented the holy will. At this moment, the heaven and earth were instantly shrouded by this vast power!

The expressions of those few people suddenly changed, because this powerful force actually made them feel even more pressured!

Not only that, Zhou Hao snorted coldly.

“Gravity domain!”

A powerful domain burst out!

The four of them felt their bodies sink as they were immediately affected!

At that moment, Zhou Hao made his move!

A powerful force burst out as he threw a punch!

The fist of great destruction transformed into the shape of a Dragon and a Tiger. It instantly spread out, and wherever the fist pointed, a thunderous rumble echoed!

The four people’s expressions changed drastically. In that instant, they were unable to resist at all. They were swept up by the storm formed by this punch and immediately spurted out blood!

This punch was Zhou Hao’s strongest attack. He did not hold back!

At this critical moment, Zhou Hao naturally could not afford to be careless. Therefore, at this time, he could only cut the Gordian knot quickly!

After sending the four of them flying with a single punch, Zhou Hao did not say a word. He used a powerful punch to seal the area in front of him. His body shot backward as he used the power of teleportation.

In just two short breaths, he had already fled a thousand miles away!

The man in the dark blue armor wanted to stop him, but he couldn't react in time.

"Dammit! You should die!"

He let out a furious roar. He felt that Zhou Hao's aura had disappeared, and he was filled with hatred!

"Damn it, all the clues are gone. There were a total of five mutated beasts, and he killed them all and took them away. This ... This is infuriating!"

He was furious, but it was all useless!

"Find it! Find it! Even if you have to turn the entire divine power planet upside down, you have to find it!"

The man bellowed repeatedly, and the four heavily injured servants hurriedly began to search.

By then, Zhou Hao had already dug a hundred meters into the ground and created a huge hole.

At this moment, he placed these mutated beasts here and used his Yuan Qi to block their auras, so that their bodies would not rot.

"Those people are obviously here for those exotic beasts. What's in there?"

Zhou Hao furrowed his brows in surprise.

Even the frog walked out, looking confused.

"Although this level of beast is valuable, that person is half a step into the Dao realm. The servants around her are all level nine cultivators. It's obvious that her background is not ordinary. This small amount of money is not enough for her!"

Zhou Hao said directly, and the frog nodded.

"The problem must be with this strange beast."

Zhou Hao sat on the ground and checked, poking Gu here and there.

However, he didn't find any problems.

"They should know that I've killed these exotic beasts, but what's the use of dead exotic beasts?"

"The most useful things of a dead mutated beast are its flesh and blood and its bones. Other than these two, there should be no other use!"

Zhou Hao squinted his eyes and sat down cross-legged. He was very familiar with flesh and blood. At this moment, a huge amount of mental energy spread out.

He wanted to feel what was wrong with the Qi, blood, and bones of the dead exotic beasts!

It was also at this moment that Zhou Hao's expression suddenly changed. Among the dozen or so exotic beasts, there were actually five of them whose flesh and blood were emitting a strange fluctuation!

"Eh? Something's wrong!"

"They weren't the first to die, and they weren't the last to die either. But why is there still such a powerful force in their qi and blood that hasn't dissipated for so long?"

Zhou Hao was shocked. He had never expected this to happen!

"Eh? This power, something's wrong. This isn't their power!"

At this moment, the frog immediately opened its mouth, and its expression suddenly changed.

"What do you mean? You've seen it before?"

Zhou Hao asked anxiously.

Frowning, the frog jumped onto the exotic beasts and felt them carefully. Its face was filled with shock and surprise!

"That's right, that's right, it must be him!"

"Zhou Hao, you didn't come in vain!"

The frog was very excited, and Zhou Hao was confused.

"What's going on?" Zhou Hao was stunned.

“In the entire universe, this power is a treasure that everyone is envious of. And you have this treasure too!”

The frog’s words stunned Zhou Hao for a moment. He was a little confused.

“I won’t beat around the bush with you. If I’m not wrong, this power is from the power Gem. You have a spirit gem, so you should know how powerful it is. I don’t need to explain.”

Zhou Hao was shocked when he heard that!

The strength gem!

Oh my God!

This gem was born during the vast universe, and it gave birth to five strange powers that were endless!

Although Zhou Hao’s cultivation base was low and he did not have much control over the spiritual gem, he could still feel that the power of this item was shocking!

“Frog, is what you said true?”

Zhou Hao said immediately.

“Of course it’s true!”

The frog smiled confidently.

“In this world, no one knows this thing better than me. I have seen it before, but I have no interest in it, so I didn’t keep it.”

The frog started to brag, but Zhou Hao naturally didn’t care.

‘They kept asking me for this exotic beast. It seems like it’s because of this gem!’

“Very good. They won’t give up. This is their chance, and also my chance!”

Zhou Hao kept the ultra Beast properly. He already had a plan!

Since the other party had sent the treasure to his door, how could he not accept it?

With this thought in mind, Zhou Hao had already sneaked out. He sealed his aura, not allowing himself to be exposed.

Although his aura was undetectable, Zhou Hao's extraordinary spiritual power could still sense that the few of them had not gone far!

"Those four are injured, they're not much of a threat."

"But that half-step Dao realm guy is not normal. It won't be easy to capture him."

Zhou Hao took a deep breath. He was already planning to make a move on them!

If others were to hear this, they would definitely mock Zhou Hao for being crazy!

However, Zhou Hao felt that he had the ability to do so!

Although a half-step Dao realm expert was extraordinary, Zhou Hao's physical body was strong and his mental energy was invincible. Coupled with the power of the original pattern on his body, he would definitely be able to finish him off!

"The enemy is in the light, and I'm in the dark. The Hunter and the prey have been swapped!"

Zhou Hao smiled and sneaked up to her.

They were quite cautious. The five of them did not split up and searched together.

However, as long as they were human, there would be times when they would let their guard down. Furthermore, they had been searching for so long and had not found anything. They were impatient and probably had no patience.

And Zhou Hao was waiting for them to let their guard down before he made his move!

## Chapter 907 - Capture

*Chapter 907: Capture*

Zhou Hao's idea was simple. He too turned into a ghostly shadow in the night and hid.

Those few people were very impetuous. After all, they had been out for too long, and it was inevitable that they would be discovered. Thus, the Man in Black armor took a deep breath and spoke directly.

“Let’s split up and maintain a spiritual link at all times. Otherwise, we won’t be able to find him. ”

After he finished speaking, the four underlings ‘faces turned ugly.

“Boss, although that person’s cultivation is only at the fifth grade martial Saint level, he’s really too strong. If we face him alone, we’ll only die ...”

They had just witnessed Zhou Hao’s power. None of them were Zhou Hao’s match!

Not only that, even if the four of them were to team up, it would still be difficult for them to defeat Zhou Hao!

The Man in Black and blue armor snorted coldly. He naturally understood!

However, he did not expect them to capture Zhou Hao. He wanted them to find him!

As long as he could find Zhou Hao!

He would have a way to deal with him!

Although this person’s combat strength was very high, he was still a half-step Dao realm expert. Naturally, he was confident in taking down Zhou Hao!

To put it bluntly, he just wanted them to be bait to catch the big fish, Zhou Hao!

“Hmph, what are you afraid of? with me here, as long as we are spiritually connected, I can get there in a breath’s time!”

The person in the dark blue armor said indifferently.

The four of them looked at each other, but they did not dare to disobey. After all, their lives were in the hands of this man!

They took a deep breath and nodded. The four of them went in four different directions and conducted a carpet search!

At this moment, the Man in Black and blue armor stood in the void. His powerful spiritual power condensed into four faint threads that connected to the four people. It made him close his eyes as if he could see everything in front of the four people!

Zhou Hao had been watching them the whole time. He smiled when he saw the four of them split up.

“You finally can’t take it anymore?”

“Then my time to hunt has come!”

Zhou Hao’s eyes narrowed. At this moment, not only did he raise his cultivation to the highest level, but he also condensed the spatial power of the void beast into his hand!

The next second, he aimed at a person and followed.

This person was scouting carefully in the air. His eyes were filled with vigilance and worry.

“Hmph, boss is really ruthless. He actually used us as bait. Isn’t he trying to kill us?”

He cursed. Fortunately, their spiritual connection only allowed them to feel everything in front of them and not hear their voices. Otherwise, he would not have dared to say such arrogant words even if he had a hundred guts.

“And this damn dog, he’s really strong. Are all the people on planet nailuo this kind of people? If that’s the case, what should we do?”

“A great battle is imminent. This is not easy to handle!”

“Sigh, quickly find him and kill him. I’ll go back and never come to the nether system again.”

He toot to himself and walked forward.

But at this moment, his pupils suddenly shrank. A figure was standing in front of him.

“You want to go back? Unfortunately, we can’t go back!”

Zhou Hao laughed and did not bother to say anything else. His powerful mental energy burst out, and an extremely powerful force clearly emerged from his body.

Golden light instantly filled the sky. Zhou Hao didn’t waste any time and punched out, shattering the space. At the same time, he pushed out with both hands. The power of the origin mark condensed and controlled the space. The next moment, a spatial power was condensed.

The man did not react at all. Zhou Hao’s punch landed on him, and he tried his best to block it. However, blood still spurted out of his mouth, and his cultivation was sealed in the next second.

At the same time, a spatial crack appeared under his feet and he was sucked in.

From Zhou Hao's appearance to his attack, it only took the blink of an eye. This person was seriously injured, and his cultivation was sealed by Zhou Hao before he was thrown into the space of the void beast!

A thousand miles away, the Man in Black and blue armor was immediately shocked. Without a word, he directly controlled the power of space and wanted to land here.

However, Zhou Hao did not want to fight him head-on. He also disappeared into the void, kept all his aura, and fled.

Just as Zhou Hao entered the void, a powerful force poured down and landed on the spot where Zhou Hao had disappeared.

Then, the space shattered and the Man in Black and blue armor walked out!

"Damn it!"

He was extremely furious. He had used his fastest speed and even activated a secret technique, but he still couldn't make it in time!

This speed surprised him.

"I'm half a step into the Dao realm and I cultivate in space and time laws, but I can't even lend him a loan. This person definitely isn't a nobody!"

"He must have come here for that secret!"

The man in the dark blue armor was furious, but there was nothing he could do. After all, Zhou Hao had already escaped!

"Hmph, although he did it for that secret, I don't think he knows everything. He captured my servant instead of killing him. I think he must have gotten something from him."

"Fortunately, they don't know the details. It's fine even if we catch him. I still have three baits. He'll definitely take the bait!"

"I won't let him escape this time!"

The man in the dark blue armor snorted and took out an extremely strange device.

This device was very simple and was covered with complicated lines. As he held it in his hand, waves of fluctuations were emitted, carrying a strong spatial force.

"Let's see where you can run to this time!"

As he spoke, he immediately unleashed his cultivation. His massive mental energy enveloped the precise instrument, and a tyrannical fluctuation immediately spread out, covering a thousand miles, ten thousand miles!

“As long as there’s any movement, I can detect it!”

He squinted his eyes and stood in the air, not moving an inch.

At that moment, Zhou Haojin returned to the ground. With a wave of his hand, he pulled the man out of the empty space and threw him on the ground.

The man’s face was filled with fear. His cultivation base was currently sealed, and he had no idea what was going on. He looked at Zhou Hao and began to beg for mercy.

“Senior, please let me go ... I ... I’m just a servant, I don’t know anything!”

The man immediately begged for mercy.

Zhou Hao looked at him and said, “it’s easy to let you off. However, you have to tell me what you know. Otherwise, you’re of no value to me. I’ll have to kill you.”

Zhou Hao’s words made him look terrified. Without any hesitation, he immediately said, “What does senior want to know? I will definitely tell you everything I know!”

“Very good. Let me ask you, why are you here? answer me honestly!”

Zhou Hao’s question stunned the man.

“Senior ... You ... You don’t know?”

## Chapter 908 - -success

*Chapter 908:-success*

The man was very confused. From his boss’s words, he felt that Zhou Hao must know something, but he asked this question. Did he not know?

“Hmph, you don’t have to care if I know or not. I’m asking you a question. Tell me, don’t lie to me. Otherwise, I won’t be polite.”

Zhou Hao said indifferently.

The man’s eyes rolled. This matter was too important. If he said this, he was really worried that his boss would kill him if he found out!

“It’s a good thing he doesn’t know about this. I’ll just make it up!”

He narrowed his eyes and said to himself.

“We ... We’re here to hunt exotic beasts. Those exotic beasts are very useful to us, so ... So we want them back.”

Zhou Hao laughed and waved his hand. With a flash of his blade, the man’s arm was cut off.

“Ah, Yingluo!”

A pained wail immediately resounded through the ground. Zhou Hao squinted his eyes at him and said, “You’re not telling me the truth. ”

“Senior, every word I said is true ...”

The man said through gritted teeth.

“Is that so? How much do you know about strength gems? I want you to know everything you know about the power Gem. ”

After saying this, the man was instantly stunned and broke out in a cold sweat.

So he knew about this!

“You’ve already lied to me. If you continue lying to me, I can guarantee that the next thing that will fall off will not be your arm, but your head!”

Zhou Hao said coolly. His words made his scalp tingle.

“I’ll tell you, I’ll tell you ... Senior, please don’t kill me!”

“We ... We did come here for the strength gem, but we’re only clues. Boss didn’t tell us the details. He only said that these beasts were related to the strength gem and that they had received the radiation of the spirit gem before, which was why they had this cultivation. As for why Boss wants to find them, I ... I really don’t know.”

The man said directly. Zhou Hao still believed his words.

The man in the dark blue armor probably wouldn't tell them about such an important matter.

Zhou Hao nodded. "Very well, I believe you. Then let me ask you, do you have all the clues you know with your boss?"

Zhou Hao asked directly.

"Yes ... They're ... They're with our boss."

He immediately nodded. This was indeed the truth.

"How long have you been investigating strength gems?" Zhou Hao said after some thought.

"It's been half a year. We've been to many places, but we didn't find any clues in other places. Only on the divine power planet do we still have some clues."

The man said without any hesitation.

"Well, where are you from? Are you people from the nailuo Galaxy?" Zhou Hao asked directly.

"No... No, we're from the miyal system."

Zhou Hao was stunned when he heard that.

The miyal system was the nemesis of the Nairo system. They were very close to each other and only had one cosmic barrier to stop them.

Within the barrier was an extremely rich area with many minerals.

Because of this middle region, the relationship between the two galaxies had always been tense. There had been many conflicts, but in the end, they did not fight.

Zhou Hao nodded. He understood and didn't mind.

"Your boss is half a step into Dao realm. Does he have any trump cards?"

Zhou Hao thought for a while and asked.

If he wanted to get this clue, he had to catch that person. Naturally, he had to know this person's cultivation level and what trump cards he had.

“Our boss is a rare dual cultivator. He cultivates the spatial and temporal laws, both of which are Supreme laws. He is also a member of the nollista family. He has an ancient treasure that can condense a powerful spatial law. It can imprison the void and extract all the laws. If you are dragged into his space by his treasure, you will only be killed by him.”

The man didn't hide anything and immediately said.

Zhou Hao narrowed his eyes.

The void beast was the darling of the spatial laws. It was unknown if the innate secret technique of the void beast was more powerful in that treasure of his!

After he said this, he looked at Zhou Hao nervously.

“Senior, can you let me go this time?”

He was very worried that Zhou Hao would kill him.

“You can't leave now. Wait until I get your boss.”

With a wave of his hand, Zhou Hao locked him in and left quietly.

“Sure enough, the secret is with them. If he could find this place, he must have many clues. Otherwise, he wouldn't have come here.”

“However, this person's cultivation is extraordinary and he has a space treasure with him. It will be a little difficult to end him!”

Zhou Hao took a deep breath, feeling very helpless.

However, at this moment, his eyes widened, and a strange power flashed at the corner of his mouth!

“It's done!”

Zhou Hao immediately closed his eyes, and the next second, he laughed.

At that moment, Zhou Hao's mind power had been imprinted on the godly mulberry tree. Not only that, Zhou Hao could feel an endless stream of energy gathering toward him.

“Hahaha, he actually succeeded!”

Zhou Hao laughed out loud!

The divine mulberry tree had become his third clone. Zhou Hao smiled. If that was the case, he was no longer alone!

But three!

Even though the divine mulberry tree would not have too much of an offensive power!

However, his life level was very high. Not only that, but he also had an unlimited supply of Yuan Qi!

Just by leaving it there, it would be very difficult to kill it. Not to mention, its powerful vitality was enough to crush some!

Of course, this was only at its current level!

Once they grew up, they would be limitless!

There was no need for Zhou Hao to put on an act. He appeared in the air and was immediately discovered by the man in the black-blue armor. He twisted the air and brought the other three to Zhou Hao.

“Hmph, you killed my servant and stole my beast. You’ll die today!”

The man snorted coldly, but Zhou Hao laughed.

“Is that so? You’re wrong. It’s not you who’s going to kill me today. It’s me who’s going to kill you!”

After Zhou Hao finished his sentence, the man in the dark blue armor laughed.

“I admit that your cultivation base is extraordinary, but if you want to defeat me, you must be dreaming!”

“I’m half a step into the Dao realm. You can’t even touch me!”

With that, he did not waste any time and immediately attacked. Powerful spatial power spread out and immediately covered the area.

“Space Force?”

“I know how to do it too!”

Zhou Hao laughed heartily. With a wave of his hand, the void beast’s Natal spell technique was unleashed, and a powerful space appeared behind him like a black hole!

## Chapter 909 - -success

*Chapter 909:-success*

That was the life magical ability of the void beast!

Originally, this tear in the void should not have been so large. After all, his cultivation was limited, his vital Qi was limited, and the power he could use was limited!

But now, it was different. With the endless vitality and Yuan Qi of the divine mulberry tree, he could easily use the black hole technique!

Not only that, but a powerful life aura also burst out, and a huge pressure descended!

The life force of an adult divine mulberry tree was enough to crush an entire planet!

Although there were no adult bodies, just this power alone was not something they could resist!

The Man in Black and blue armor was shocked!

“This ... How can there be such a strong spatial power? you’re only at the fifth stage. How can you use it?”

“The power of space is the Supreme law. It can’t be used without the will of the way. Even if it can be used, it will consume a lot of primordial Qi. How can you attract such a huge black hole?”

His words were not false. Vital Qi was divided into levels, and the Dao realm was the same!

Be it time or space, they were all Supreme powers of law. It was extremely difficult to cultivate them, and it was the same for using them!

However, there was one advantage to this power, and that was it was powerful!

A true space Almighty could condense millions of spatial power with a wave of his hand to form a barrier. He didn’t even need to make a move, and he could annihilate the enemy in his spatial power!

As for the power of time, it was even more invincible!

Reversing time could directly take away lives!

In this world, everything could be stopped except for time!

Time Almighties had been very difficult to cultivate since ancient times, and there were even fewer who had achieved great success!

However, no matter which one of them reached large success in the time law, they were all invincible existences!

This was where Zhou Hao's strength lay!

Such a powerful force was not something they could resist!

Zhou Hao smiled and said lightly.

"Welcome to the world of beasts!"

In the next second, a deafening roar filled the air!

The void beast's huge body walked out of the void. Its cold eyes and black skin that was like steel made them suck in a cold breath!

The true form of the void beast appeared, and it was also a fifth-grade martial Saint!

At this moment, the man in the dark blue armor panicked. He felt like it was the end of the world!

"This is a void beast!"

His eyes widened, but in the next second, he was even more shocked!

That was because a resplendent ray of light shone out from the void as well. A huge mulberry tree appeared and descended from the sky.

The powerful life force was like a flame, burning the surroundings and compressing the space. The four of them didn't have the right to fight Zhou Hao. They couldn't move at all!

Zhou Hao snorted coldly. Without saying a word, he used the power of the original pattern to imprison the four of them. Then, he threw them into space.

"We can't stay here for long. Not only that, but now is not the time to interrogate them!"

Zhou Hao was patient and left immediately. This man was not simple. He had been captured by him, so there would be people looking for him. He did not know how clever this man's means were, so he could only throw him into the void beast's Natal space.

No matter how powerful you were, you wouldn't be able to get out of there, much less send out any signals.

With that thought in mind, Zhou Hao boarded the Luo divine boat and left the place, heading towards a small planet on planet nailuo.

He was going to process the ultra Beasts in his hands and Exchange them for universe dollars.

Very quickly, he arrived at planet Bai Tong. This wasn't a very powerful planet, and Dao realm experts were considered strong. Naturally, no one here would dare to covet his treasures.

After entering planet Bai Tong, Zhou Hao made some inquiries and found out where the exotic beasts were sold.

Zhou Hao arrived at the treasure auction house. He was prepared to sell the seventeen Ultra Beasts he had just killed for cosmic dollars.

As soon as he entered the auction house, Zhou Hao heard a clamor of people shouting.

This was the largest auction house, and also the auction house with the most freedom. There were many individual merchants setting up their stalls to auction, and it looked like it was in full swing.

Some auctioned rare materials that could be used to forge weapons, kill exotic beasts, or to refine armor and protective equipment that could greatly improve one's defense.

There were also some medicinal pills, mutant beast meat, and so on.

It could also be used to refine some medicine to increase one's strength or to make poison.

Zhou Hao strode in. As soon as he entered, he realized that many people around him were staring at him.

Their expressions looked very strange, and they couldn't help but frown as they sized him up.

Many people felt Zhou Hao's aura and realized that his strength was only at the fifth level. They immediately looked at him.

One had to know that anyone who could come to the auction house to sell things had extraordinary strength.

Most of them were people who had reached the seventh stage realm. Only then would they be able to find some rare treasures and bring them here to be auctioned in exchange for cosmic dollars.

This was the first time someone with the strength of the fifth stage had appeared in the auction house.

Zhou Hao did not pay much attention to the strange looks that the people around him were giving him.

His expression was extremely calm. He could not help but look around. At a glance, he could see the entire shopping mall. There were a total of 20 floors, and it was very Grand.

No wonder it was known as the largest auction house. It looked very spectacular.

However, this auction house was divided according to its level. The first floor was the lowest level auction house, and most of the materials were not very expensive. First-grade exotic beasts could be seen everywhere, and the amount that could be exchanged for them was not much, at most one hundred or two hundred universe credits.

The higher they went, the higher the level of the auction house.

Zhou Hao pondered for a moment. With his few ninth-grade Ultra Beasts, they should be able to go up to around the seventeenth floor.

Zhou Hao walked along the surrounding shops and headed toward the elevator in the distance.

As soon as she got into the elevator, she realized that many people passing by were staring at her.

She still looked at him with a puzzled gaze, frowning as if she was suspicious of how a person with such mediocre strength like him could afford to come to such a place.

Zhou Hao still did not care about the gazes of the people around him. He slowly walked forward and directly pressed the button for the 17th floor.

“Si si si ...”

The group of people who were in the elevator with Zhou Hao were all stunned when they saw this scene.

Immediately, he looked at Zhou Hao in disbelief. He looked at him in shock and couldn't help but be surprised.

17th level!

That was an auction house that was close to the top level. The items being auctioned there were all extremely valuable. At the very least, they were worth more than fifty thousand universe dollars!

## Chapter 910 - Arrogant

*Chapter 910: Arrogant*

And now, this brat who had only reached the fifth stage realm was actually so arrogant that he wanted to go directly to the 17th floor?

This was like a person with only 100 yuan in his pocket insisting on going to a luxury store to buy a belt worth more than 10000 Yuan. It was incredible.

Therefore, many people around them could not help but look at Zhou Hao in shock. They could not believe that he was so powerful.

Zhou Hao turned a blind eye to them, as if he didn't see them at all. He continued to stand there quietly.

After almost everyone had gone down, the elevator slowly stopped on the 17th floor.

He took a step forward and just as he got down, he saw a tall woman with a hot figure in the distance. She was walking over with a smile in her eyes.

"Hello, customer, what would you like to order? would you like to buy equipment and items, or would you like to sell auction materials?"

"You are welcome to visit our shop. Our prices are absolutely fair. We will definitely give you a satisfactory answer."

The woman's face was full of smiles as she chuckled.

“I want to sell mutant beasts.”

Zhou Hao said indifferently.

The woman’s eyes lit up when she heard that. She chuckled and said, “Sure, but what’s your expected price?”

The woman asked with a smile while waving her hand. She said eagerly, “Sir, please follow me.”

Soon, the woman came in with Zhou Hao. She handed him a glass of warm water and smiled, “Please have some water.”

“Many thanks.”

Zhou Hao took the water and looked around. He said softly, “I haven’t had time to deal with the exotic beast I just shot down. If I take it out now, it might not be able to fit here.”

The woman’s eyes widened in shock when she heard Zhou Hao’s words. She looked at Zhou Hao in disbelief.

Her auction house was 160 square meters in size, and most of the exotic beasts could be easily placed there.

But now, Zhou Hao was saying that this place couldn’t fit the exotic beast he was going to auction?

Wasn’t this a joke?

She could not help but look at Zhou Hao in surprise. She asked hesitantly, “Sir, may I ask how much space you need?”

“It’s about ten times the size of this room,”

Zhou Hao said indifferently.

“Ten ... Ten?”

After hearing Zhou Hao’s words, the woman was so shocked that her jaw almost dropped to the ground.

She hesitated for a moment, and could not help but look at Zhou Hao seriously. She realized that Zhou Hao’s expression did not seem to be joking, so she immediately nodded and said, “Alright, I got it.”

The woman thought for a moment, then smiled and said, "We have a special place to deal with exotic beasts here. If you don't mind, Sir, we can go there and do some measurements before the auction. What do you think?"

"Alright," he said.

Zhou Hao nodded and was about to leave with Jiang Feng. However, before he could walk out of the door, he heard a sneer from afar.

Then, a woman with heavy makeup and a sarcastic smile on her face slowly walked over.

"Zhang Xiaoli, you're really not picky about fat or thin."

"A guy who has just reached the fifth stage realm is worthy of you personally receiving him?"

The woman covered her mouth, her face full of mockery and sarcasm. She couldn't help but tease, "Hehe, it seems that your business is really bleak. I'm afraid you can't run it anymore."

Zhang Xiaoli frowned and looked at the woman in front of her. No matter how sarcastic the woman was to her, she didn't say anything for Zhou Hao's sake.

Although she had also seen Zhou Hao at the beginning, he was still at the fifth stage realm.

However, the auction house had a clear hierarchy, and they would auction whatever item they wanted on that floor. This was something that everyone knew.

In addition, there had been a few rank-6 people who had come to her to buy expensive things, so Zhang Xiaoli did not look down on Zhou Hao. Instead, she treated him with enthusiasm and courtesy.

After all, she couldn't judge a book by its cover.

If he was slapped in the face, he would lose business and popularity.

The woman saw that Zhang Xiaoli didn't refute her, so she couldn't help but sneer and sneer, "Tsk tsk, a mere second-class customer is like a treasure in your hands."

"If it were me, I wouldn't even take a second look."

The woman was still chattering away. Zhou Hao suddenly glanced at her and said coldly, "How many ranks of exotic beasts have your auction house received?"

The woman was stunned. She did not expect Zhou Hao to ask her such a question.

She chuckled and made a proud gesture. She chuckled and said, ""A rank-seven beast!"

"Yesterday, a handsome guy who reached the eighth stage came to sell it to me. The price was 70000 universe dollars."

Zhang Xiaoli also knew about this. Some time ago, when the people at the auction house heard that Qiao Siqu's auction house had won a rank-seven exotic beast, they were all extremely envious.

The higher the grade of the beast, the more treasures it would have.

He could sell it for a lot of money. Not only could he sell it for money, but he could also make potions and pills. His body and organs could be used as materials and refined into items.

If someone could buy a rank-seven exotic beast at the auction house, they probably wouldn't be able to open for business for the next half a year. They could even rely on the mountain to make a living without any problems.

However, Qiao Siqu didn't want to close her stall so early and decided to try her luck later.

What if he came across an auction for a rank-seven exotic beast this time as well? he wouldn't have to work for an entire year!

"A seventh-grade beast can be sold for seventy thousand universe dollars?"

Zhou Hao couldn't help but look at Zhang Xiaoli and asked again, ""Then if it's a ninth-rank beast, how much can it be sold for?"

Zhang Xiaoli and Qiao Siqu's expressions changed drastically after hearing this short sentence.

They looked at the scene in shock and were unable to recover for a long time.

Ninth grade ...

A rank-nine beast?

Oh my God!

After all, ever since their auction house had opened, they had only received less than seventy beasts that were above the seventh stage realm.

The number of strange beasts of the eighth stage realm could be counted on one hand.

As for the ninth-grade Ultra Beast, it only happened once!

The only person who had shocked the entire auction venue had all rushed over from the first to the twentieth floor, intending to see the rank-nine beast with their own eyes!

It had been a long time since someone had bid for a ninth-grade beast.

## Chapter 911 - -shocking everyone

*Chapter 911:-shocking everyone*

?

After all, if they wanted to capture a rank-nine beast, the requirements for the ‘Hunter’ were extremely high.

Even for them, it was an extremely difficult existence.

Now, this second-class customer, who had only reached the fifth stage realm, had actually spoken such arrogant words, saying that he had a ninth stage beast to auction off. This sentence instantly shocked everyone!

In an instant, many shop owners and customers who were shopping around could not help but look at Zhou Hao in surprise, their faces full of disbelief.

“You ... You mean ... A rank-nine beast?”

Zhang Xiaoli thought she had misheard him. She looked at Zhou Hao in surprise and asked again, “Are you sure you’re selling a ninth-rank beast?”

“Of course.”

Zhou Hao was a little puzzled by their reactions.

So what if it was a rank-nine beast? not only did he have one, but he also had a dozen.

However, he only planned to sell a batch of 11 low-level ones. He would keep the remaining six high-level ones for the time being as he had other uses for them.

Seeing Zhou Hao's confident look, Zhang Xiaoli did not continue to doubt him. She nodded and said to Zhou Hao,""Alright, then please come with me, Sir."

Zhou Hao stepped forward and followed Zhang Xiaoli down the stairs. However, the next second, there were many people following behind him.

All of them could not help but want to follow them to watch the show. They wanted to see if Zhou Hao was telling the truth.

Qiao Anqi couldn't help but chase after him. She looked at the scene in disgust and mumbled,""I'd like to see if you can tame a rank-nine beast!"

Soon, Zhang Xiaoli brought Zhou Hao to the basement on the third floor.

This was a huge warehouse, specially used to cut up exotic beasts that had not been decomposed. The huge warehouse was about two thousand square meters in size.

Outside the door, a group of people who had followed them stood in front of the large floor-to-ceiling glass window and looked into the room.

A smile appeared on Zhang Xiaoli's face. She slowly said,""Sir, this place should be big enough, right?"

"It's alright, but it's a little troublesome. "

Zhang Xiaoli's face darkened when she heard Zhou Hao's words.

She looked at Zhou Hao in disbelief. She could not help but ask hesitantly,""MA ... Trouble?"

"Sir, you mean ..."

Before Zhang Xiaoli could finish, she saw Zhou Hao take out a huge Ultra Beast from the medium.

In an instant, the entire underground warehouse was filled.

Zhang Xiaoli looked at the huge exotic beast in front of her in shock. She felt the immense power coming from its body and immediately realized that it was a level-nine exotic beast!

Zhang Xiaoli's face turned from suspicion to excitement. Then she looked at the exotic beast in front of her with great excitement and exclaimed in shock, "A rank-nine beast! It really is a rank-nine beast!"

Outside the door, many onlookers were also shocked to the point that their eyes widened. They were so shocked that they couldn't say a word!

"This ..."

"Heavens, a rank-nine beast! How did he do it?"

"Yes, if I didn't see it with my own eyes, I wouldn't have believed what I saw today!"

"It's indeed a rank-nine beast, and the most precious one among them, the proud snow Qilin Kiara beast. Its blood is extremely precious. If it's refined, it'll be the purest cultivation-increasing medicine!"

"That's right, that's right. It's not just its blood. Its hair is also very hard. It can be specially made into a hard protective shield."

"Moreover, its scales can be made into magazines. The bullets inside can penetrate the head of a rank-seven exotic beast in one shot. It's a top-tier exotic beast with treasures all over its body."

Many people in the surroundings looked at the scene in front of them enviously and couldn't help but exclaim.

"It's really the proud snow Qilin Kiara beast! This kid's luck is too good, isn't it? he even managed to obtain such a precious exotic beast. I really don't know how he got it."

The surrounding crowd was extremely envious. They all looked at this scene with emotion and couldn't help but be envious.

"Miss Zhang, how much is my rank-nine beast worth?"

Zhou Hao glanced at Zhang Xiaoli and asked softly.

"A ninth-rank beast can be sold for 100000 universe dollars."

Zhang Xiaoli couldn't hide the excitement in her heart. She said urgently, "I didn't expect you to be so powerful, Sir!"

"Alright, a hundred thousand it is."

Zhou Hao smiled and nodded, "So, a ninth-grade beast can be sold for 100000 universe dollars, right?"

“Yes, sir, you are planning to ...”

Zhang Xiaoli was confused. She didn't know what Jiang Feng meant by that.

Jiang Feng quickly took out another strange beast from the space. The strange beast was very huge, and there were two huge tentacles on its head, shining with a bright light, which looked particularly attractive.

When Zhang Xiaoli saw this, she was shocked!

His eyes were filled with disbelief, and he couldn't help but ask in shock, “A-another ninth-grade beast?”

“Oh my God, is today a good day? why would I encounter such an exciting thing?”

Zhang Xiaoli was so excited that her breathing became rapid. Then she looked at Zhou Hao anxiously and said, “This is a Dragon-chasing storm Tiger. Sir, I can also give you 100000 universe dollars for this one!”

It was a Dragon-chasing storm Tiger!

Outside the door, when the crowd saw this scene, they were all shocked.

They looked at the scene in shock and couldn't help but look at each other. They said in shock, “Oh my God! That's a Dragon-chasing storm Tiger!”

“That's right! Its skin can be made into a cloak, and with this cloak, it can block all cold attacks, be it storms, icicles, water pressure pillars, they can all be easily blocked!”

“The Dragon-chasing storm Tiger's eyes can also be made into a Tiger Eye pill. After eating one, you can see a scene a hundred kilometers away for a week. It's a great tracking tool!”

“Its claws are also extremely hard. They can cut open the hardest things in the world and can be made into the toughest weapons that can ignore some shields and armors. It's an invincible and powerful helper on the battlefield!”

## Chapter 912 - Unbelievable

## *Chapter 912: Unbelievable*

“As far as I know, Dragon-chasing storm Tigers are extremely rare exotic beasts. It’s extremely difficult to catch them. There are many teams that want to catch them, but they’ve been chasing them for more than half a month without a chance!”

“Yes, yes, yes. I’ve heard about that too. After all, every part of a Dragon-chasing storm Tiger is a treasure. Moreover, it’s extremely expensive to sell. Many people are trying their best to capture it.”

“But we’re already close to the peak of a rank-nine exotic beast. How difficult would it be to Capture One?”

“That’s right. Not only did this person capture them, but he also captured two ninth realm beasts at once. Where did this kid come from ...”

At that moment, everyone’s faces were filled with confusion and shock. They looked at Zhou Hao in shock, feeling that Zhou Hao was shrouded in a layer of mystery.

Zhang Xiaoli was so shocked that she couldn’t say a word for a long time. She looked at Zhou Hao in front of her with shock in her eyes. She felt that her breathing had begun to become heavy. She was surprised and happy at the same time. She wanted to worship Zhou Hao!

Taking out two ninth stage realm beasts at once and selling them at the auction house, this was something that had never happened before.

Zhou Hao had an ordinary look on his face. No one had expected him to be so powerful. It was really impressive.

Many people were so envious that they were about to drool. Their eyes were full of envy and shock. They felt that at this moment, Zhou Hao was the most powerful person in the entire auction house.

“Sir, I’ll pay you right away. Don’t worry, the quality of the exotic beasts you sold us is so good. We’ll also trade with you sincerely and give you the most suitable and satisfactory price!”

Zhang Xiaoli smiled. The smile at the corner of her mouth reflected the excitement and excitement in her heart that she could not hide at this moment!

However, Zhou Hao’s next words once again shocked everyone present. They were so shocked that even their breathing quickened. Their eyes were filled with disbelief.

“Is that so? well, I still have nine rank-nine exotic beasts. Give me a price for all of them first, and then transfer the money to my account together. It’ll be more convenient that way.”

Zhou Hao’s short sentence had shocked everyone around him. Their faces were filled with shock, and they were so shocked that they couldn’t say a word. They felt that everything that had happened today had overturned their world view.

They had originally thought that a man who was not even in the fifth realm would be able to bring out a ninth-realm beast, which was already shocking enough.

But now, he had taken out another one, and ...

And it wasn’t just two, there were nine of them!

Oh my God, What day is it today? why are so many strange things happening?

“F \* ck, I’m at the seventh stage realm. Last time, I tried to kill an eighth stage realm beast, but I was almost swallowed and digested.”

“Isn’t that so? it was the same for me before. I didn’t even dare to challenge exotic beasts that were on the same level as me. After all, we’re different from exotic beasts. Exotic beasts ‘skin is very hard, and it’s not easy to bleed with a single slash!”

“Even if they were bleeding, they wouldn’t feel such a small wound or pain at all. It’s like they were injected with adrenaline. Even if we were of the same strength, we would still lose to their own shields.”

“But what’s up with this kid? are there really nine ninth realm beasts? or is he trying to trick them because they’re too friendly?”

“I don’t know. Let’s continue watching and see how many more decent exotic beasts this kid can take out.”

Everyone in the surroundings was watching this scene. Their breathing began to become rapid and their expressions were extremely anxious as they watched this scene. They felt as if their breathing had stopped.

Even Zhang Xiaoli was extremely nervous. She grabbed the corner of her clothes tightly and looked at Zhou Hao.

When Qiao Anqi saw the two rank-nine beasts appear in such a short time, she was so envious that she was about to go crazy.

Why wasn’t he the one receiving this guest? otherwise, these two ninth stage realm beasts would have been his!

But now, no matter what she said, it was too late.

Not only that, even if she and Zhang Xiaoli had seen Zhou Hao at the same time, Qiao Anqi would definitely have ignored him.

She looked down on low-level players who came to the advanced auction house's territory. Who knew if they would mock and ridicule Zhou Hao even more?

Zhou Hao's expression did not change much when he saw this.

This place was still too small, and he could only bring out one ninth stage realm beast at a time. If there were more, he couldn't put them in at all.

Therefore, Zhou Hao had to take them out one by one for Zhang Xiaoli to appraise, fill in the receipt, and Exchange them for cosmic dollars.

What happened next completely shocked everyone's worldview!

Their eyes were filled with shock as they looked at Zhou Hao. They felt as if they were stunned by the scene that had just taken place in front of them. They were unable to come back to their senses for a long time, and their eyes were filled with disbelief.

"Storm Dragon King beast!"

"Its scales are as hard as iron. If it is refined into a weapon, it can even cut through iron as if it was mud. It can even break a hair with a single blow!"

"Its blood can be refined into the most poisonous poison. Just one drop is enough to kill a rank seven beast on the spot!"

"And ..."

Before anyone could analyze the strength of the rank-nine beast that Zhou Hao had taken out, something shocking happened!

As soon as the storm Dragon King beast was pulled away, Zhou Hao quickly took out another large beast. Each one was more powerful than the last, more overbearing and rarer than the last!

"Giant crocodiles in the shallow sea, my God ..."

"This kid ... He can even catch a rare beast from the sea, and a ninth-grade one at that!"

"That's right. After all, it's already very difficult for us to deal with exotic beasts that are much weaker than us on land, let alone challenging an exotic beast that's hiding at the bottom of the sea. It's simply an impossible task!"

Next!

“Deep sea Black Dragon Overlord beast! This kid can even catch a deep-sea exotic beast. How can he only be fifth-grade? is he deliberately hiding his strength?”

## Chapter 913 - A pleasant deal

*Chapter 913: A pleasant deal*

“Maybe he’s just trying to fool us. He’s pretending to be ordinary, but he’s actually very powerful!”

“No, no matter how much he hides and how much he pretends, the aura in his body has always been stable, without any change. This is enough to prove that his strength is indeed of the fifth stage realm. There is no mistake!”

These few short sentences immediately made many people around them fall into deep thought.

His strength was only at the fifth-grade, but he was able to capture so many exotic beasts. How did this kid do it?

Just as the surrounding crowd was in a state of confusion, the three men hiding in the corner glared at Zhou Hao coldly with eyes like torches.

One of them, a man with a pair of square-framed glasses and a slightly wretched expression, said softly, “Boss, this kid’s ability seems to be very powerful?”

“In just a few minutes, they’ve already brought out so many exotic beasts. They really don’t look ordinary.”

“Hehe, I don’t think so. This kid’s strength is really not that powerful. He’s only at the fifth level. I’m only at the seventh level, so I can directly cripple him with one punch.”

Another man wearing an eye-patch had a triumphant expression on his face. He clenched his fists so hard that they made creaking sounds. His eyes were filled with urgency as he said, “I think this kid didn’t catch these rank-nine exotic beasts himself!”

“He must have used some method, or someone else helped him catch it. In short, it can’t be him!”

After hearing the man with the eye mask's words, the gray-haired man who was called boss had a fierce look on his face.

He nodded subconsciously, then stared at Zhou Hao with a dark look in his eyes and said coldly, "Blind's right. This kid definitely didn't catch the exotic beast himself."

"If that's the case, we might as well just Rob him. Didn't you see how careful that kid was just now? he definitely has a higher level and more powerful treasure on him!"

After hearing the gray-haired man's words, the spectacled man and the blind man were instantly shocked!

The bespectacled man couldn't help but push up his glasses and asked in shock, "Boss, are you saying that there's a beast even more powerful than a ninth stage realm beast on this kid's body?"

"That's right. "

The gray-haired man nodded, his eyes filled with darkness. He clenched his fists and said coldly, "The three of us are at the seventh stage realm. How could we not be able to defeat a mere fifth stage?"

"After this kid is done selling his stuff and comes out, we'll go up and kidnap him. Then, we'll look through his body and see how many treasures he has."

As the three of them came up with this plan, their faces immediately revealed a trace of a wretched smile.

The few of them hit it off and immediately decided that once Zhou Hao left the house, they would find a suitable opportunity to kidnap him!

At that moment, Zhou Hao, who was standing inside, was still continuously bringing out rank-nine exotic beasts for an evaluation.

"Blazing crab exotic beasts, laser Mantis exotic beasts ..."

By the time Zhou Hao took out the last exotic beast, everyone around him gasped and widened their eyes in shock, disbelief filling their eyes!

"My God ... What am I seeing? isn't that the ninth-grade scorching sun Qilin? it's the king of ninth-grade exotic beasts! No one was able to capture it even when the 200000 universe credits reward was offered!"

"Y-yes! F \* ck, am I seeing things? did you all see that exotic beast? is it really a scorching sun Fire Qilin?"

“I didn’t think I’d be able to see a real scorching sun Fire Qilin in my lifetime. It’s dead, but if I saw a living one, I’d probably have been devoured by it long ago.”

Everyone around was shocked by this scene. Their eyes were filled with shock as they stared at this scene in a daze, unable to recover their senses for a long time.

The gray-haired man and the others were also stunned and stood rooted to the ground.

A moment later, they were even more determined to kidnap Zhou Hao!

At this moment, Zhang Xiaoli was completely stunned.

She was so nervous that her heart was beating wildly, and her breathing was rapid. Her face quickly flushed red, and she said to Zhou Hao excitedly, “Mr. Zhou, are you ... Are you sure you want to sell this scorching sun Qilin to us?”

“Of course.”

Zhou Hao waved his hand and chuckled, “This is too low level for me. It’s not of much use.”

“Whoosh!”

This short sentence shocked everyone present, and their faces changed dramatically!

Their eyes were filled with shock as they stared at Zhou Hao in a daze, not daring to believe what he had said.

This F \* cking ...

What the f \* ck is this!

A man of the fifth stage realm actually dared to say that a ninth stage beast was too low and useless to him!

This was simply a big joke!

For them, it was extremely difficult to hunt an exotic beast above rank-7.

A ninth-grade beast was like a rare treasure, extremely hard to come by.

Now that he said such words, he was simply too arrogant!

However, he had to admit that although he was a little arrogant, he did have the strength to do so.

At the thought of this, the few of them were suddenly at a loss for words. They could only look at Zhou Hao with envy.

“Sir, in order to thank you for transporting so many high-quality exotic beasts to our store, I will raise the price of this last sun scorching fire Qilin to two hundred thousand universe dollars. Are you satisfied with it?”

After Zhou Hao heard this, he immediately nodded and thanked her softly, “Sure, no problem.”

Soon, the two of them happily made a deal.

With 1.2 million universe dollars in his hands, Zhou Hao’s face revealed a satisfied smile.

He really didn’t expect these exotic beasts to be able to sell for so much.

After the transaction, Zhang Xiaoli did not forget to leave Zhou Hao’s contact information. She planned to come to her when he wanted to sell something.

“Thank you,” Zhou Hao said indifferently. He then turned around and left the auction house.

Many people in the surroundings couldn’t help but sigh. They had really seen a good show today.

At the same time, the gray-haired man who was hiding in the corner immediately led the bespectacled man and the blind man to secretly follow Zhou Hao.

## **Chapter 914 - Encountering a robber on the road**

*Chapter 914: Encountering a robber on the road*

As Zhou Hao walked out of the auction house, he suddenly stopped at the entrance.

He frowned. Even though he didn’t turn around to look, he could sense that something was wrong behind him.

Someone was following him in the dark.

Zhou Hao held his breath and carefully sensed it. Suddenly, a smile of understanding appeared on his face.

“Oh? It turns out that the three of them have already reached the seventh stage realm. No wonder they dared to follow me so brazenly. ”

A faint smile appeared on Zhou Hao’s face as he slowly strode forward.

The few people behind him also planned to follow them sneakily.

In order to lure the snake out of its hole, Zhou Hao chose to walk in a more remote area.

The gray-haired man behind him couldn’t help but chuckle when he saw this. He sneered coldly and said, ”Hehe, this kid is really bold. Does he really think he has ninth-grade strength just because he showed off a ninth-grade beast?”

“He actually dared to take such a remote road. I think he’s just an idiot.”

The bespectacled man sneered and sneakily gave chase.

“Hehe, that’s right. This kid is a free gift from the heavens. Let’s grab this opportunity and catch him. Understand?”

“Yes, boss!”

The two of them followed the gray-haired man’s instructions and immediately stepped forward, intending to capture Zhou Hao.

Zhou Hao was not in a hurry. He walked into an alley and turned left.

“Boss, this kid has entered the alley. Let’s hurry up and chase him!”

When blind saw this, he immediately shouted and quickly rushed over.

However, before they realized it, a few of them had already fallen into the trap that Zhou Hao had set up!

At the corner of the alley, Zhou Hao had deliberately set up an empty environment.

As long as they entered without any preparation, they would step into the void realm that he had set up!

None of them knew about this. They hesitantly walked into the alley, but Zhou Hao was nowhere to be seen.

Where was this kid hiding?

Just as the few of them were feeling puzzled, suddenly, a violent tremor came from the ground!

The gray-haired man was shocked. He subconsciously tried to stabilize his body, but he was shocked to find that all the strength in his body seemed to have been sucked away!

At the moment, he looked like an ordinary person without any strength.

He nervously leaned against the wall and finally stabilized himself.

By the time they had settled down, they realized that the loud noise had come from the spot where Zhou Hao had disappeared!

Could it be ...

The bespectacled man and the blind man were also quite frightened. They looked around nervously with furrowed brows and couldn't help but ask hesitantly, "Boss, what's going on?"

"Is there an exotic beast invading the city? otherwise, there's no way it would cause such a huge commotion!"

The gray-haired man's expression was also very serious. He frowned and looked at the entrance of the alley in front of him coldly. He said word by word, "It's coming ..."

The bespectacled man and the blind man held their breaths and stared at the entrance. Their hearts were beating wildly in their nervousness. They subconsciously took out their weapons and aimed them at the entrance of the alley, ready to fight at any time!

"BOOM!"

"BOOM!"

The trembling sound continued to burst out violently, causing the bespectacled man to gulp nervously.

They understood that any ordinary low-level exotic beast wouldn't be able to cause such a huge commotion and give them such a powerful pressure.

With such a strong deterrent force, it would not be wrong to say that it was above level nine!

Although they had already reached Level Seven, it was already very difficult for them to deal with a level Seven monster. If it were not for the three of them being so sharp, they would not have been able to kill a level Seven monster.

Now, if an exotic beast above ninth-grade really appeared, they would definitely become fish on the chopping board, waiting to be slaughtered!

“Boss, what should we do now? we have to run quickly. Otherwise, if this exotic beast comes after us, I’m afraid our lives will all be lost here ...”

“That’s right, boss. We can look for that kid at any time, but if we don’t leave now, we won’t have the chance even if we run when the exotic beasts come!”

“And that kid is only at the fifth realm. If he really goes up against this ninth realm beast, he’ll be dead. Even if we chase him, it’ll be in vain!”

After hearing the words of the bespectacled man and the blind man, the gray-haired man hesitated for a moment. He gritted his teeth and made up his mind. “Alright, let’s retreat first!”

Soon, the three of them quickly ran in the direction they had come from and ran for their lives.

However, now that they were trapped in Zhou Hao’s void environment, there was no way they could escape from the realm he had created!

In the distance, Zhou Hao’s illusionary void beast was approaching them step by step.

Hua la, Hua la!

Countless high-rise buildings in the surroundings were instantly turned into a pile of ruins under the trampling of the void beast. Countless sand, stones, and debris smashed down heavily, setting off large clouds of dust. The entire sky was instantly filled with a sand rain condensed from countless dust.

The gray-haired man suddenly felt something behind him hurling toward him!

He suddenly turned his head and saw a huge head rushing towards him!

When he saw this, the gray-haired man’s body trembled. He subconsciously rose into the air and dodged the attack with great difficulty.

Zhou Hao’s suppression on them was not very strong, only half of their strength. They did not expect that it would make them worse than ordinary people.

Zhou Hao couldn't help but feel bored. With such strength, he still wanted to follow him and snatch his things?

It seemed that this group of people did not take his strength seriously at all, and were completely here to make a joke.

Zhou Hao did not intend to exterminate them directly. That would be too boring.

Didn't they think that their strength was awesome? good!

This time, I'll let you see if your own strength is worthy of your thoughts!

## Chapter 915 - -tricked

*Chapter 915:-tricked*

At this moment, the bespectacled man and the blind man were so frightened that their faces were pale, and their lips were bloodless. Even their breathing was a little rapid, as if they would be scared to death by the sudden appearance of an exotic beast in the next second.

The gray-haired man looked at the two people who had no ambition. He was disappointed.

He stretched out his hand in anger and clenched his fist tightly. His eyes were filled with displeasure as he heavily knocked on the two's heads.

'Ouch!' Two miserable shrieks were heard. The two people held their heads in pain and wailed.

"Boss, why did you suddenly attack us!"

The bespectacled man had a look of confusion and grievance on his face. Right now was the most important time. If the exotic beasts on the other side suddenly appeared, they would have to fight the enemy together!

Why did he suddenly attack me? didn't this increase the nervousness and fear in his heart?

Who knew that the gray-haired man's face would be filled with anger. He pointed at the bespectacled man and the blind man and angrily shouted, "You bunch of idiots. You're asking for a beating."

"So you guys know that there's a beast invasion? then why don't you guys get your F \*cking attention together? we're three seventh stage cultivators, so how could we not defeat a ninth stage beast if we worked together?"

The gray-haired man spoke with such confidence, as if he was really determined to fight these exotic beasts.

The bespectacled man immediately complained incessantly and couldn't help but say gloomily, "Boss, don't tell me you're really getting carried away?"

"A rank-nine beast is much stronger than us. Even 300 of us might not be a match for a rank-nine beast, let alone three of us!"

Exotic beasts relied on their hard outer shells and their powerful attacks to win.

Now, if they wanted to deal with a ninth stage realm beast, it would be nothing more than a fool's dream.

The bespectacled man couldn't help but gloomily think that his boss was probably thinking that he could do it too because he saw that young kid at the auction house who was only at the fifth stage realm and could get so many ninth stage beasts.

However, this matter was no joke. If they really went over, they would only be left with a dead end.

The sense of oppression that had whizzed over earlier had already made him feel a lingering fear in his heart, and his mind was in a panic.

And this was before they even saw the rank-nine beast.

No...

Rather than saying that the other party was a ninth-grade beast, they actually had no idea what its strength and realm was. They only made a rough calculation and found that its strength was about ninth-grade or even more powerful!

At the thought of this, the man wearing glasses immediately said anxiously, "Boss, if we don't leave now, when should we?"

The gray-haired man's face was filled with hesitation. In the end, he decided to escape first!

“Run!”

At the same time, the gray-haired man suddenly let out a loud roar and began to run forward.

When the bespectacled man and the blind man saw this, they immediately gave chase. They scurried around in the alley, trying to shake off the exotic beasts that were about to catch up.

The gray-haired man ran forward with all his might while looking back in fear.

It would have been better if he hadn't looked. This look instantly made the gray-haired man's pupils dilate in fear. His entire body trembled, and his feet staggered. Then, he fell heavily to the ground.

He fell to the ground and looked into the distance in horror. He was so shocked that he was speechless.

At the same time, the blind man and the man wearing glasses immediately realized that something was wrong.

They turned their heads in unison. When they saw the gray-haired man on the ground, they immediately rushed over and helped him up. Then, they said anxiously, “Boss, are you okay?”

However, in the next second, the ground shook violently again.

The three of them were shaken and fell to the ground. They struggled for a long time but couldn't get up.

It was as if their strength had been shackled, and they could not exert any strength at all. They could only gasp for breath and look around in panic, their faces alert.

“You guys ... You guys ... Did you guys see that?”

The gray-haired man was still immersed in shock and helplessness. Suddenly, he stretched out his hand in horror and pointed into the distance. He trembled and said, “What ... What's there ...”

The bespectacled man and the blind man looked at each other, and their faces suddenly became extremely frightened.

In the distance, there was a huge void beast that was growing at a speed visible to the naked eye. It was almost as tall as the 40th floor.

Furthermore, this did not seem to be its largest size. It was still growing rapidly!

The surrounding buildings were like toy models in front of it. They could be crushed easily!

At the sight of this, the gray-haired man in front of him was so frightened that his breathing quickened. His expression changed drastically, and his face was filled with horror and fear. He didn't dare to say another word!

Their scalps couldn't help but start to tingle, and their eyes were filled with fear and uneasiness!

This was F \* cking ...

It was definitely not just a ninth stage realm beast!

Not to mention 300 of them, even if there were 3000 or 30000 of them ...

He probably wouldn't even be able to stomp on her!

At the thought of this, the group's expressions changed drastically. They frantically got up from the ground and planned to escape as soon as possible.

However, they suddenly realized something. The strength in their bodies seemed to be suppressed, and they didn't have the strength to stand up!

They could not accept such power.

The few of them immediately became extremely panicked. Their breathing carried a trace of urgency as they looked at this scene with panic and anxiety. They couldn't help but gasp for air.

The power of such a powerful void beast was enough to oppress them. They were helpless against it!

"We're doomed. It seems like we're going to die Here today ..."

The eyes of the bespectacled man were filled with despair. He trembled as he slowly closed his eyes. He was so terrified that he didn't even have the thought of taking another look. Now, he could only sit on the ground and wait for death to descend!

When the blind man saw this, he was so frightened that he didn't know where his strength came from. He quickly pulled out a huge Gatling gun from his space!

After he lifted it up, he immediately aimed it at the void beast and suddenly shouted angrily, ""Motherf \* cker, all of you, go to hell! I'll kill you, you bastard!"

## Chapter 916 - -desperate counterattack

*Chapter 916:-desperate counterattack*

The gray-haired man and the bespectacled man, who were still in a daze, were still sitting in their original spots in despair.

But now, when he saw blind pick up the Gatling gun, he was so frightened that his expression changed drastically!

“What the f \* ck are you doing? you’ll anger the void beast if you do this. Stop it, stop it!”

The bespectacled man was scared out of his wits. Although the void behemoth seemed to be heading in their direction, they still had time to escape.

If blind really did that, it would obviously attract the attention of the void beast to them!

If the void beast noticed them, they would be completely doomed.

At the thought of this, the gray-haired man stood up in fear and tried to stop the man wearing glasses.

However, it was still too late. At this moment, blind had completely fallen into a rage. He wanted to kill the void beast with his Gatling gun right now!

“Go to hell!”

The blind man suddenly roared and quickly raised the Gatling gun in his hand. He ferociously bombarded the void beast’s position.

At the same time, when Zhou Hao saw the blind man on the ground holding the Gatling gun and shooting it at him, who had completely transformed into a void beast, in the illusory space that he had created, he was instantly delighted.

‘This kid is really interesting. At such a critical moment, he actually wants to use such a thing to defeat me?’

Wasn’t this a joke?

At the same time, the void behemoth immediately opened its mouth and began to suck rapidly.

At that moment, the surrounding flowers and trees suddenly moved on their own without any wind. A moment later, all the bullets were swallowed into the void beast's stomach and disappeared.

In the next second, blind's entire body instantly rose into the air. Immediately after, he was about to fly into the huge mouth of the void beast!

"Holy F \* ck!"

The moment the blind man felt that he was about to rise into the air, he hurriedly threw away the Gatling gun in his hand and hugged the big tree next to him. He stabilized his body with great difficulty and wanted to escape this calamity.

However, as soon as the Gatling gun left his hand, it was sucked away by the void beast and swallowed into its stomach.

The void behemoth's huge mouth suddenly let out a 'creak, creak' chewing sound. The sound instantly frightened the gray-haired man and the bespectacled man, and they had goosebumps all over their bodies.

His breathing suddenly became rapid, and his face was nervous, frightened, and his eyes were full of shock. He said anxiously, "Hurry ... Hurry up and run!"

The gray-haired man had said it so easily, but now, faced with the wrath of the void beast, none of them could escape!

The gray-haired man and the man wearing glasses were considered lucky. They leaned against the wall and held on to the electric pole tightly, refusing to let go.

However, the blind man wasn't so lucky. He was sucked in by the huge suction force until his hands were almost out of strength. He couldn't hold on to the tree in his hands at all!

But very quickly, blind realized a very serious problem!

Right now, it wasn't that he couldn't grab onto the tree, but that the tree was already being sucked up by the huge suction force, almost uprooting itself!

This scene caused blind's face to sink into incomparable despair.

He waved his hand at the gray-haired man and the bespectacled man hiding in the corner and said anxiously, "Big brother! Second! Save me!"

However, just as they opened their mouths to say this, they heard a terrified cry. Then, blind was directly sucked into the void beast's stomach.

“The blind ... The blind man ... Is gone, just like that?”

When the man in glasses heard that, he swallowed a few mouthfuls of saliva in horror.

His eyes were filled with shock as he looked at this scene. He could not believe it for a long time.

However, in the next second, the surrounding ground suddenly began to shake violently. The gray-haired man in front of him was so frightened that his expression changed drastically. His eyes were filled with fear and uneasiness.

This was because he could clearly sense that the entire building was shaking violently, as if it was about to collapse!

In the next second, before they could even react, they felt their bodies rising into the air. Together with the entire building, they were flying straight towards the void behemoth's mouth!

This scene instantly scared the gray-haired man so much that his fine hair started to stand on end!

He didn't even have the time to shout when he felt his entire body rapidly rise into the air. In the next second, he was rapidly sent flying!

“Oh, help! I don't want to die! I don't want to die!”

At this moment, the gray-haired man finally felt despair!

But the next second, he suddenly felt his body being grabbed.

He lowered his head in horror and realized that he was being held tightly by the void behemoth's massive claws. Its sharp fingers were blocking his throat!

His fingernails were like steel bars. With just a little bit of force, they could instantly penetrate his throat and pierce through it!

At this moment, the gray-haired man was so frightened that he could no longer take it. He closed his eyes and fainted.

When he woke up again in a daze, the gray-haired man suddenly realized that he was lying on the ground side by side with the bespectacled man and blind. He hadn't been devoured by the strange void beast?

Wait a minute ...

Blind?

The gray-haired man suddenly sat up from the ground, then looked at the blind man lying on the ground in horror.

He found that there was not a single wound on blind's body. Furthermore, when he was lying on the ground, his expression was extremely calm.

The gray-haired man's hand trembled as he checked blind's breath and discovered that he was still alive!

This ...

What was going on? could it be that the void behemoth that had just appeared was just an illusion?

"You're awake?"

At the same time, Zhou Hao saw the gray-haired man sitting on the ground in a daze. He chuckled and walked forward step by step.

The gray-haired man was shocked. His entire body could not help but tremble violently. He looked at Zhou Hao in front of him with a little fear and uneasiness. Then, he said in a trembling voice, "You ... Why are you here?"

In the next second, he seemed to have thought of something. He could not help but look up at Zhou Hao.

## Chapter 917 - True identity

*Chapter 917: True identity*

"Don't tell me ... Don't tell me ..."

The gray-haired man could not help but look at Zhou Hao in shock and asked, "You saved us?"

At this moment, the gray-haired man suddenly understood why he was able to kill so many ninth stage realm beasts in an instant.

He could even save the void beast in front of him, but a few ninth stage realm beasts were nothing to him.

But what was going on with the surrounding environment?

It was as if nothing had happened around him, as if everything he had just encountered was just a dream!

In the next second, the gray-haired man saw that Zhou Hao, who was standing in front of him, only had a faint smile on his face. Then, he slowly opened his mouth and said in a soft voice, "I didn't save you. The void beast you just saw was me."

"Boom! Boom! Boom!"

After he said that, the gray-haired man's head exploded.

He looked at Zhou Hao in shock, his eyes filled with disbelief. He could not help but ask, "How ... How could this be?"

The gray-haired man felt that Zhou Hao's words were simply too laughable. There was no credibility to them at all.

His expression suddenly became extremely serious. Then, he frowned and looked at Zhou Hao in front of him. He asked coldly, "Impossible, this is impossible. You're clearly a human, how could you become a void beast?"

The gray-haired man didn't believe this at all, nor did he think that such an incredible thing would happen.

He was certain that he must have been scared out of his mind just now and had a dream.

Zhou Hao looked at the disbelieving expression on the gray-haired man's face and a mocking expression appeared on his face. He then smiled and said, "Is that so?"

As he spoke, Zhou Hao suddenly waved his hand and the endless illusionary realm gradually enveloped the surroundings!

The gray-haired man had unknowingly entered the illusory realm that Zhou Hao had created!

In the next moment, the gray-haired man suddenly felt the breathing of his two brothers beside him gradually become heavier. Then, their bodies rapidly transformed into an incomparably huge Tiger-like exotic beast at a speed visible to the naked eye!

Their eyes were scarlet red and they were breathing heavily. They looked extremely terrifying!

The gray-haired man was so frightened that his face turned pale. He looked at the scene in shock and said in fear, "This ... What the hell is going on?"

– Could it be that my two brothers are also exotic beasts? –

At the thought of this, the gray-haired man was greatly frightened. His face suddenly became extremely frightened and his eyes were filled with shock. He looked at this scene in a daze and was so shocked that he could not speak for a long time!

But before he could calm his mind, he felt the ground around him suddenly tilt!

In the next moment, he was horrified to find that Zhou Hao had transformed into a huge void beast and was about to devour him alive!

Seeing this, Zhou Hao was so frightened that his head began to buzz and explode. Then, his eyes were filled with horror as he looked at this scene. He couldn't help but open his mouth and shout in shock, "I-I-I believe it. I believe it!!!"

The next second, the gray-haired man suddenly sat up.

Everything in the surroundings gradually returned to calm.

The bespectacled man and the blind man were still lying next to him, unconscious.

Everything that had happened just now was actually an illusion created by Zhou Hao!

When he saw this, the gray-haired man's face suddenly turned pale with fear. He kowtowed to Zhou Hao and begged for mercy, saying in a panic, "I'm ... I'm sorry, I'm sorry. I won't do it again!"

"You don't dare?"

Zhou Hao walked up to the gray-haired man step by step and looked down at him from above. His face suddenly became extremely dark. Then, he said in a cold voice, "Why are you guys following me?"

The short sentence immediately frightened the gray-haired man in front of him, and his face changed dramatically.

He looked at Zhou Hao in front of him in shock, his face full of horror. He was so nervous that he swallowed a few mouthfuls of saliva and said with a trembling voice, "I ... I was just looking at you, big brother ... You have so many rank-nine exotic beasts ..."

"I thought you definitely didn't catch it yourself, so I wanted to snatch something good ..."

The gray-haired man was so nervous that his voice began to tremble. His eyes were filled with disbelief as he looked at this scene. He said in an extremely nervous tone, "Big brother, I beg you to spare my dog life!"

"I ... I have good news to tell you!"

In order to survive, the gray-haired man suddenly had an idea and hurriedly said to Zhou Hao.

Zhou Hao's face froze. He looked at the gray-haired man hesitantly and asked, "What good news?"

When he heard Zhou Hao's question, the gray-haired man immediately understood that his chance had come!

He immediately opened his mouth and said word by word, "A secret treasure has recently appeared in the forbidden land. It's said that its name is Milky Way star. It's an energy gem that can continuously supply energy to the spaceship!"

"Not only that, but if you wear the Milky Way star, it can be transformed into defensive equipment or offensive equipment according to the wearer's needs. The energy contained in it is very large, and it will attract many people to search for it!"

"It's said that many people have formed teams to fight for it. Big brother, you're so powerful, you can definitely do it!"

Zhou Hao's interest was piqued when he heard this.

He smiled and nodded. Then, a smile appeared on his face as he said, "So there's actually such a powerful treasure. That's good, you guys can come with me!"

When he saw the smile on Zhou Hao's face, the gray-haired man heaved a sigh of relief.

However, when she heard him say that he was going to bring them along, her face suddenly became extremely frightened!

This ...

What a joke!

Please, this was a rare treasure. The person who went to snatch it must be very confident in his own strength!

However, they did not think that they had the ability to snatch this treasure!

Moreover, the ninth stage realm was probably the lowest among those who went, and there would definitely be more powerful existences. If they went, wouldn't they just be cannon fodder?

## Chapter 918 - Begging for mercy

*Chapter 918: Begging for mercy*

It was obvious that Zhou Hao wanted to take their lives.

If they really went there, they would probably be stomped to pieces before they could even reach the entrance of the forbidden area.

Zhou Hao was not related to him in any way, so why would he help him?

At that time, they would either be watching the show from the side or laughing at him. They would not help him at all.

The more contact he had with such a person, the more danger he would be in!

If that was the case, he might as well just die.

At the thought of this, the gray-haired man's face turned pained. He opened his mouth with difficulty and could not help but say anxiously, "I'm sorry, big brother, I ... I really know I was wrong!"

"If you really want me to die, please let me die a quick death. Don't torture me like this, I really can't stand it ..." He said.

The man's face was filled with despair, and he couldn't help but start to sob.

At this moment, she did not know what to say. She could only look at Zhou Hao in despair, hoping that he would not force her to do anything.

However, the gray-haired man knew that Zhou Hao would not let him off so easily.

He looked at Zhou Hao pitifully with tears in his eyes. He could not help but beg for mercy, "Big brother, big brother, Grandpa!"

"I beg you, please do me a favor. I have my parents and children to take care of. Our family really can't live without me. If I'm not around, then ..."

"Alright, alright, alright, stop, stop."

Zhou Hao quickly waved his hand and frowned at the gray-haired man. He scolded him coldly, "Weren't you guys very arrogant when you were following me and trying to steal my stuff? why are you so scared now?"

"But, didn't we just ..."

Before the gray-haired man could finish his sentence, he heard Zhou Hao say with a frown, "You must have misunderstood. I didn't ask you to come with me to charge into the enemy lines and be my cannon fodder."

"Then you mean we should ..."

The gray-haired man's eyes lit up when he heard Zhou Hao's words. He could not help but look at Zhou Hao anxiously, waiting for his answer.

"You will be my guides and take me to the forbidden place. The condition is that you must follow me until I get the Milky Way star and then leave on your own."

As Zhou Hao spoke, he glanced at the gray-haired man in front of him and asked coldly, "So, are you willing? if you're not, you can leave now."

This short sentence immediately made the gray-haired man feel as if he had been granted Amnesty.

His eyes were filled with excitement as he looked at Zhou Hao in front of him. Before he could say anything to express his gratitude, he heard Zhou Hao's cold voice say, "But whether you can leave this place alive is another matter."

The threatening air made Zhou Hao's expression change drastically.

He looked at Zhou Hao in shock. It was only then that he realized that this man had no intention of letting them go!

At that moment, a chill ran down his spine and his breathing quickened. He looked at Zhou Hao in horror.

Wasn't it obvious what to do now?

"I ... I ... I'll go!"

The gray-haired man nodded his head vigorously. His desire to live made him speak urgently.

At the same time, blind and glasses-man slowly opened their eyes.

The blind man's face was filled with astonishment. He couldn't help but look around. Then, he hesitantly said, "W-where am I ...?"

Blind remembered that he had clearly fallen into a state of death just now. But now, he realized that everything that had happened just now was like a dream. It instantly made him feel shocked.

"W-why am I still alive? what's going on?"

The blind man couldn't help but glance at the gray-haired man. He saw that the gray-haired man kept winking at him, not allowing him to speak. His expression immediately became puzzled, and then he asked hesitantly, "Boss, what's wrong with you?"

Zhou Hao glanced at the gray-haired man indifferently, then immediately took out three beast taming bracelets from his pocket and threw them to the three men.

The next second, something that shocked the three of them happened.

The beast taming bracelets that Zhou Hao had thrown at their feet seemed to have grown eyes, quickly crawling towards them. With a click, they clasped onto their wrists.

The grey-haired man's expression changed drastically when he saw this!

He looked at the shiny bracelet on his wrist in shock and couldn't help but swallow a mouthful of saliva in horror. Then, he asked hesitantly, "What ... What is this thing?"

"The beast taming ring."

Zhou Hao smiled and said, "As long as you wear this, you will listen to me and never betray me."

That short sentence shocked the gray-haired man.

He could not help but doubt Zhou Hao's words.

Never betray him?

Why didn't he feel anything else when he put on the bracelet?

However, Zhou Hao's next words made the gray-haired man shiver. He felt a chill run down his spine, and even his breathing became rapid.

"Because I can take your lives at any time. If you disobey my will or my words, I can kill you instantly."

The short sentence instantly caused the gray-haired man, the man wearing glasses, and the blind man's faces to change greatly!

At this moment, they felt an unprecedented fear. They only felt that their lives had instantly become dark.

This person's strength had only reached level five. Why did he have such a powerful way to suppress them?

The gray-haired man instantly felt a chill run down his spine. He immediately knelt down heavily on the ground with a 'plop', then kowtowed to Zhou Hao in front of him with all his might, and said anxiously, "From today onwards, you are my boss!"

"I will never betray you. No matter what others say, I will only listen to you in this life."

Zhou Hao nodded his head in satisfaction. Then, he looked at blind and the man in glasses and said coldly, "What about you guys?"

Although the two of them did not know what had happened just now.

## Chapter 919 - secret forbidden land

*Chapter 919:-secret forbidden land*

However, when they saw that their boss was so frightened, looking as timid as a mouse and frightened, they knew that the man in front of them was definitely not someone to be trifled with!

They immediately followed the gray-haired man's example and kowtowed to Zhou Hao to show their loyalty.

"We're willing to follow your orders!"

After Zhou Hao saw this scene, he immediately nodded in satisfaction. Then, he waved his hand and said, "Alright, follow me now."

After saying that, Zhou Hao turned around and strode away.

The gray-haired man and the other two looked at each other and then hurriedly chased after him, saying anxiously, "Boss, boss, wait for us!"

The three of them followed behind Zhou Hao. After a while, they arrived in front of a huge and exquisite spaceship.

Zhou Hao opened the cabin door and turned to look at the three of them. He said softly, "Come on up."

Although the three of them were a little nervous and afraid, Zhou Hao's intimidation was too strong. It was not what they had expected.

Hence, she slowly strode forward in fear and quickly chased after him.

As soon as he entered, the gray-haired man was shocked by the technology in front of him.

Such an advanced spaceship could be considered a rare treasure in their territory.

Now that Chen Yu owned such a large spaceship by himself, it was no wonder that his strength was not ordinary. It seemed that he must have some high-tech weapon that they had not seen before.

Once on the boat, the three of them sat on the chairs obediently, not daring to move around.

Zhou Hao waved his hand at the gray-haired man, then pointed to the co-pilot's cabin and said, "You sit here and tell me the exact location of the forbidden area."

The gray-haired man swallowed a mouthful of saliva and immediately said, "The forbidden area is within an ancient forest on the flying kemorodan planet, and the forest is surrounded by a mysterious power."

"This mysterious power has blocked all weapons, Ultra Beasts, and high technology. No one has been able to break through this mysterious power."

"However, this aura won't be strong all the time. It will gradually weaken or even disappear. Every 100000 years, this aura will disappear for a week. This week is the best time for us to go in and find Milky Way star."

The gray-haired man looked at Zhou Hao seriously and continued, "This is a rare opportunity, so there will be many people who want to take the desert Star."

"And the road inside will be full of difficulties. No one knows the exact location of the desert Star, so this can be considered an impossible mission."

Zhou Hao's face turned grave after hearing what he said.

His face was extremely gloomy, and he couldn't help but Mutter, "Milky Way star, what kind of existence is it?"

At that moment, the frog suddenly crawled out of Zhou Hao's pocket.

With a strong body, it scuttled onto Zhou Hao's shoulder and said with a smile, "I know about Milky Way star."

"This is a treasure passed down from the ancient times. Legend has it that when Pangu created the world and the chaos was first created, there was a crystal-like and resplendent gem inside."

"The gem is in the shape of a rhombus, and it glows with a colorful light. Not only does it contain extremely powerful energy, but it can also help the owner change into any form and assist the owner in battle."

"Not only that, it's also a rare life partner. It's warm in winter and cool in summer, a must for otakus!"

The frog said with a chuckle as it snapped its fingers and fiddled with its cloak in a way that it thought was cool.

"It's that magical?"

Zhou Hao could not help but ask in surprise.

"Yup,"

The frog couldn't help sighing. "I've always wanted to get the Milky Way star, but I never had the chance. This time, these handsome men will help us snatch the treasure. Our success rate will definitely increase greatly."

The frog pushed up the sunglasses on its face and said with a smile.

The gray-haired man was initially taken aback by the frog. He thought that it was a beast that Zhou Hao had captured and tamed into this.

Seeing that the frog was still able to bicker with them, it seemed that its identity was not as simple as they had imagined.

Therefore, he laughed and said, "Yes, don't worry. We'll definitely complete the task boss gave us on time."

"Boss?"

When the frog heard this name, a trace of doubt appeared on its face.

He could not help but look at Zhou Hao hesitantly. Then, he asked in confusion, "When did you take in these silly-looking underlings?"

The gray-haired man almost vomited blood.

He had just said that with their help, the success rate of this matter would definitely be high.

But now, after hearing what he said, they realized that this was what the frog had thought of them.

"Alright, since we already know the location, let's not delay any further. Let's set off now."

Zhou Hao ignored the frog and immediately piloted the spaceship toward the forbidden area of the planet kemorodan. He was ready to explore the forbidden area and snatch the treasure.

On the way, Zhou Hao was relieved. He entered the void world and prepared to interrogate the Man in Black and blue armor.

The reason why Zhou Hao did not interrogate him immediately was that he was worried that he would be discovered.

Now that he was on the Luo divine boat, he was the safest!

These people had their cultivation sealed and were like dead people in the void world. They could do nothing but breathe.

This was the void beast's domain. Here, Zhou Hao was the boss, and no one could surpass him.

Zhou Hao's figure gradually appeared in the void, causing the expressions of the few people to change.

The man in the black and blue armor looked at Zhou Hao with an ugly expression.

He had never thought that he would encounter such a powerful person!

“How was it? how was your rest these two days?”

Zhou Hao laughed lightly. The man in the dark blue armor was so angry that he was about to die. If it wasn't for the fact that he couldn't beat Zhou Hao, he would've already attacked!

“Hmph!”

He snorted coldly but did not say anything.

However, Zhou Hao smiled and looked at him.

“It seems that you still don't understand the situation. At this moment, you're meat on the chopping board, and I'm the knife. If you want to live, you have to tell me everything you know. Otherwise, why do you think I've kept you all here for so long?”

## Chapter 920 - -clue

*Chapter 920:-clue*

Zhou Hao's words frightened the others. After all, they did not want to die yet.

The person in the dark blue armor snorted.

“Kill me? Then you'll never know that secret!”

Zhou Hao laughed and could not help but ask, “secret?” A strength gem? Since you think I don't know, then fine, take a look at what this is!”

After Zhou Hao finished speaking, he closed his eyes. At the same time, a white crystal appeared on his forehead!

The crystal was filled with endless mental energy, causing everyone to widen their eyes in disbelief!

The man in the dark blue armor opened his mouth wide in horror!

“Spirit ... Gem!” He exclaimed.

He had never thought that the most mysterious spiritual gem would be with Zhou Hao!

What did this mean?

This meant that he now had one of the primordial Godstones and had obtained one-fifth of its godly power!

Power, mind, space, time, and the most mysterious gem, creation.

Now that Zhou Hao had a spiritual gem in his hands, it meant that his spiritual power was already extraordinary. Such a powerful force was not something they could resist!

Although he hadn't fully developed the spiritual gem yet, it still explained everything!

Zhou Hao naturally didn't care about any of this. What he wanted to know now was the whereabouts of the strength gem!

“Do you have anything to say?”

Said Zhou Hao coolly. After he finished speaking, the man in the black-blue armor took a deep breath and looked back at Zhou Hao.

“I have information about the strength gem, but what can you bring me if I tell you?”

His meaning was very simple, he wanted benefits!

Of course, he was apprehensive because he knew that his life might be in danger whether he said it or not!

“Benefits? I'll spare your life, how about that?”

Zhou Hao said indifferently and smiled. This person was really interesting. He actually wanted to negotiate with him.

“It's a must to keep me alive. I said that other than keeping me alive, there's nothing else!”

The man in the dark blue armor said.

Zhou Hao snorted coldly.

“What, you want to negotiate with me? I'm afraid you don't have the right!”

Zhou Hao snorted coldly, his eyes filled with coldness.

“Then let’s not talk about it anymore. Just kill me.”

The man in the dark blue armor was betting that Zhou Hao would not dare to kill him!

Not only did they not dare to kill him!

She even had to ask him for a favor!

After all, he was the only one who had information on this strength gem!

“Kill you? Then think about it calmly. I don’t have the intention to kill you. ”

Zhou Hao laughed. He didn’t care at all. He knew this man’s personality well. He was betting on himself that he wouldn’t dare to kill him!

Indeed, Zhou Hao could not bear to kill him!

However, not killing him didn’t mean that he didn’t dare to punish him!

Moreover, even if he was generous and kind to him, it would be useless!

He had already exposed the spiritual gem. He could either imprison him for life or kill him!

Other than this, there was no other way!

“Let me give you a piece of advice. Other than death, there are things more terrifying than him. Endless imprisonment, endless torture, as long as you can withstand it, it’s fine. Or, you can commit suicide.”

Zhou Hao said with a smile.

The man in the dark blue armor’s expression turned ugly when he heard that. He took a deep breath and glared at Zhou Hao in anger!

Of course, he understood what Zhou Hao meant!

He wouldn’t let him go no matter what. Not only that, but he would also find a way to get the whereabouts of the strength gem from his mouth.

The only thing he could do now was to compete with Zhou Hao in patience!

However, he knew that he was no match for them!

After all, this person had all the time in the world, and she was imprisoned by him without freedom!

Zhou Hao looked at him with a smile in his eyes.

At this moment, he was the knife and the Man in Black armor was the fish. Everything was in his hands.

Naturally, he was not in a hurry!

“Boss, just tell us. At least we can have a chance to live. Otherwise, we can’t do anything here!”

“Yes, boss, you should just say it!”

The servants said hurriedly. They did not want to live in this spiritual world like this!

The Man in Black armor took a deep breath and looked at Zhou Hao with narrowed eyes.

“I can tell you, but I want to know if you will let me go. Or rather, what will I get if I tell you?”

The Man in Black armor asked again. Zhou Hao smiled and looked at him.

“It’s simple. I’ll let you live, but not now. ”

Zhou Hao said directly.

“When and how long was it?”

He asked hurriedly.

“How long? I think, at least when I break through to Dao realm, or when I get the power Gem. ”

Zhou Hao’s words did not surprise him at all. If it were him, he would have done the same!

After some thought, the Man in Black and blue armor nodded and looked at Zhou Hao.

“I can tell you everything I know about the power Gem!”

The Man in Black and blue armor said. Zhou Hao smiled.

“Then please speak.”

Hearing this, the Man in Black and blue armor took a deep breath. His eyes were filled with unwillingness, but he still continued,

“I got the news about the strength gem by chance. The key to the secret is those exotic beasts.”

“These beasts were the experiments of the person who got the strength gem. He made many beasts and put them on this planet. He wanted to crack the secret of the strength gem and let everyone around him get it.”

“However, this experiment didn’t succeed at all. There were only five Godstones in the vast universe of the great apocalypse. How could one person crack it so easily?”

“Obviously, he failed in the end!”

The Man in Black and blue armor explained in detail.

“The person who got the strength gem left a message and wrote everything about the strength gem in it. However, the strength gem was sealed by him, and the only thing that can unseal it is the blood of the exotic beast!”

“Although he failed, he still used the power Gem to raise many exotic beasts. These exotic beasts reproduced, and now, very few exotic beasts can have the fluctuations of the power Gem!”

“And these few are the last few. As long as we extract their blood, we’ll have a chance to get this gem!”

“I heard this news and really wanted to come to the hell star system. However, we are from the miyal star system and it is difficult to sneak in. I took a year to sneak in.”

## **Chapter 921 - sacred court**

*Chapter 921:-sacred court*

Zhou Hao knew that they were from the miyal system and that it wasn’t easy for them to get here. That was why he had the confidence and courage to capture them.

After all, they were so far away. Even if their family members wanted to find him, they would not dare to come here!

“According to the master who got the power Gem, it’s not in the nailuo star system, but in an extremely strange place. It’s also the place where the oldest inheritance in the universe is located, called the Holy court.”

The Man in Black and blue armor took a deep breath and his eyes became serious.

Zhou Hao was a little surprised when he heard this and asked hurriedly.

“Saint court? What is that place?”

“I don’t know the details. I only know that it’s a very ancient place. The people there can even ride flying swords.”

Zhou Hao’s expression changed when he heard that!

Because he thought of a person!

Fairy Moon Spirit!

That’s right, it was Fairy Moon Spirit!

Because this woman was just like what the black-armored man had said!

Zhou Hao narrowed his eyes and did not say anything, but he had already come to a conclusion in his heart!

“Mm, I understand. As long as we extract the blood essence of this beast, there will be hope, right?”

Zhou Hao asked.

“Yes, that’s right. The Saint guards of the Saint dynasty are in charge of guarding this item.”

The black-armored man said immediately.

Zhou Hao nodded.”I won’t forget about you. When I get the strength gem, I’ll make sure you’re satisfied!”

After saying that, Zhou Hao returned to the Luo divine boat. He went to his room, closed his eyes, and entered the heavenly Dao software!

He wanted to find fairy Yue Ling and ask her if the force she was in was the sacred court!

After entering the heavenly Dao software, Zhou Hao immediately clicked into the livestream room and found Fairy Moon Spirit's livestream room.

This guy was live streaming every day. This made Zhou Hao a little surprised. Was this guy that idle?

Zhou Hao directly entered the livestream room. At this moment, many people were still shocked.

After all, they knew Zhou Hao's name. I'm just an ordinary person who specializes in doing extraordinary things!

"F \* ck, the big boss is here!"

"Welcome, big brother! You're so mighty, big brother!"

"Big brother, are you going to continue collecting gifts today?"

They all started spamming on the public chat, and Zhou Hao did not hesitate. He smiled and spammed a large wave.

"Congratulations, I'm just an ordinary person. I've received 100 rare energy bars."

"Congratulations, I'm just an ordinary person. You've received fifty ability essence."

"Congratulations, I'm just an ordinary person, but I've obtained the cultivation technique, Big River sword technique."

.....

A dazzling array of items appeared in an instant, but Zhou Hao paid no attention to them. He was not here for anything, but for fairy Yue Ling!

Fairy Yue Ling was overjoyed to see Zhou Hao here. For some reason, she couldn't help but feel happy.

Perhaps the two of them had known each other for a long time, or perhaps there was a subtle relationship between the two.

After all, in order to get Zhou Hao to send gifts, he had to show Zhou Hao the video that he had secretly kept!

After Zhou Hao sent a huge wave of gifts to the audience, he left and went to the mall.

At this moment, he had a lot of money and countless luck points.

Zhou Hao wanted a special cultivation technique, but the ones in the mall were very expensive.

“It seems like I can only open the blind box. In fact, opening the blind box is very targeted!”

The Golden blind box allowed him to type in what he wanted, and this was even more so for the Platinum blind box!

Zhou Hao bought a hundred Platinum blind boxes in one go and spent all his money. Then, he wrote down all the requirements on the cultivation technique!

Moreover, it was an extremely powerful cultivation technique that could destroy the heavens and earth.

The system would randomly open it according to Zhou Hao’s wishes. If he had a good idea, he could get a super powerful cultivation technique in one go!

Zhou Hao laughed and opened all of them in one go!

In an instant, the entire heavenly Dao software fell!

“Congratulations, I’ve just opened the Platinum blind box normally and received the cultivation technique, the misty stellar transformation!”

“Congratulations, I’ve only opened the Platinum blind box normally, and I’ve received a rare cultivation technique, the Dragon’s Roar and the tiger’s roar!”

“Congratulations, I just opened the Platinum blind box normally and received a rare cultivation method, the forest of eternity!”

“Congratulations, I’ve only opened the Platinum blind box normally, and I’ve received the rare skill, ‘death gaze’!”

“Congratulations, I’ve only opened the Platinum blind box normally, and I’ve received the rare cultivation technique, ‘tyrannical stellar energy’!”

“Congratulations to me for opening the Platinum blind box normally and obtaining the rare cultivation method, the world-ending storm!”

“Congratulations, I’ve just opened the Platinum blind box normally and received the peerless cultivation technique, return of the thousand swords!”

.....

The moment this cultivation technique appeared, the entire heavenly Dao software exploded!

“F \* ck!”

“It’s a peerless cultivation technique!”

“My God, what kind of luck is this!”

“Oh my God, it took me a lot of effort to activate a rare cultivation technique. Big brother actually has all rare cultivation techniques and even a peerless cultivation technique!”

“I’m so envious I’m crying. Big brother, please carry me!”

Countless people rushed out, whether it was the live broadcast room or the mall, they all ran over to watch the show.

They had never thought that someone would really be able to obtain a peerless cultivation technique!

This million ancestral swords must be a super powerful spell technique, which made them extremely envious!

Zhou Hao blinked his eyes. He did not know how to use a sword, but he had to resort to this cultivation technique, which made him a little depressed!

However, it was a peerless cultivation technique after all. Even if it was a sword technique, it was probably not something that ordinary methods could compare with!

“Match!”

Zhou Hao immediately began to match the cultivation technique, but to his surprise, he was unable to match it!

He couldn’t even learn it!

Zhou Hao was completely dumbfounded by the scene!

“What the hell is going on?”

This was the first time Zhou Hao had encountered such a situation. After all, every time he obtained a cultivation technique, he could quickly learn it as long as he used the heavenly Dao software. This was the first time he had encountered such a situation!

At this moment, fairy Yue Ling sent him a private message, asking Zhou Hao to go to her private space. Zhou Hao was looking for her, so he entered her private space directly.

She still looked ancient, and fairy Yue Ling's white dress fluttered in the wind. She really did look like that.

"Boss, you're really amazing. You actually obtained this cultivation technique. This cultivation technique is something I've been dreaming of obtaining."

Fairy Moon Spirit said directly.

However, he laughed as soon as he finished speaking.

"Big brother, don't mind me. I was just joking. I didn't mean anything else."

Zhou Hao laughed as well, but he still asked, ""But I don't know why I can't match this cultivation technique!"

They were all users of the heavenly Dao software, so they should have the same access rights. If Zhou Hao couldn't use it, then they couldn't use it either.

## Chapter 922 - -arrival

*Chapter 922:-arrival*

"This is a peerless cultivation technique, and it depends on one's aptitude. The million ancestral swords is a sword technique. If you don't know how to use a sword, you naturally can't learn this technique!"

Fairy Moon Spirit said with a smile.

"Who said I don't know how to use a sword?"

Zhou Hao was puzzled. If he knew how to use a saber, he should know how to use a sword.

Fairy Moon Spirit laughed when she heard this.

“When you say that you know how to use a sword, you’re just using it to fight. To truly know how to use a sword, you need to be connected to the sword in your mind. Furthermore, you need to awaken your own sword spirit.”

“Everyone’s sword has a sword spirit. Only when a martial artist is truly awakened can he be considered to be truly using a sword!”

Fairy Moon Spirit explained patiently.

This scene made Zhou Hao confused. He really did not know what a sword spirit was!

“Then how should I cultivate the sword spirit?”

Zhou Hao asked directly.

“This ... Actually, I don’t know either. When we come of age, we will choose a sword at the thousand swords mountain. That sword will be your Natal sword, and this sword will be where your sword spirit is!”

“A sword has only one sword spirit, and a warrior has only one sword spirit. Moreover, the sword spirit is destined by the heavens and has nothing to do with anything.”

Hearing this, Zhou Hao was shocked and confused.

There was actually such a saying. This was the first time he had heard of it, and he was very shocked.

“By the way, fairy Yue Ling, even though I’m asking this, I still want to know if you’re from the sacred court?”

Fairy Moon Spirit was a little surprised. She had no idea how Zhou Hao knew about it!

But after hearing Zhou Hao’s words, he probably knew!

“Although I can’t easily reveal my identity in this heavenly Dao software, I still want to say that you’ve guessed correctly. I’m indeed from the Saint dynasty.”

When Fairy Moon Spirit said this, Zhou Hao was completely stunned, but at the same time, he was very excited!

This also meant that he had hope of getting the strength gem!

“That’s great!”

Zhou Hao said excitedly.

“What ... What’s wrong?” Fairy Moon Spirit immediately said.

“I want to go to the Saint dynasty.”

After Zhou Hao said that, fairy Yue Ling’s mouth fell open.

“You ... You’re coming to the Holy court? Don’t you know what kind of place the Saint dynasty is?”

Fairy Yue Ling immediately asked, and her words made Zhou Hao feel depressed.

“I ... I only know a little. I basically don’t know.”

Zhou Hao didn’t try to hide anything and spoke directly.

“The Holy court is an extremely ancient place. It follows the rules of a movie. It doesn’t seem to have any technology, but we have strange spells that can surprise everyone!”

“This technique is called the Imperial Sword!”

“The real sword control technique is different from ours. We treat the sword as our closest person, and each sword is like a friend, fighting side by side with you!”

“The swords in our hands and the spell techniques we cultivate can allow the swords in our hands to evolve. And this evolution can be divided into two types!”

“First, there are many people in the first stage. There are so many sword cultivators in the Saint dynasty, and almost 80% of them use swords.”

“The second stage is different. It’s an improvement in quality and combat power. Every warrior of the Saint dynasty who reaches the second stage of the sword is a strong and respected man.”

“This name will be passed down through the ages!”

Zhou Hao was a little shocked after hearing this. This had completely overturned his imagination.

However, this was nothing. After all, Zhou Hao had seen too many of them, let alone them riding on swords!

Even if they could come up with a dinosaur, Zhou Hao would still believe it!

“So, if you can master the myriad returning swords, you need to awaken the sword spirit. Otherwise, you won’t be able to cultivate it.”

Fairy Yue Ling said directly, causing Zhou Hao to nod.

"It seems that I need to make a trip to your Saint dynasty. I wonder if you welcome me."

Zhou Hao laughed. As soon as he said that, fairy Yue Ling's face flashed with a hint of panic.

"You ... You're coming to the Holy court to activate the sword spirit?"

Fairy Yue Ling's expression confused Zhou Hao. He did not know if this girl was willing or not.

"Um ... What's wrong? You don't welcome me?"

Zhou Hao could not help but ask curiously.

"It's not that I'm willing or not, but ... But there's a natural barrier over there, and very few people can get in. "

"The Holy court has been in seclusion for thousands of years. The disciples of the Holy court can't go out, and other disciples can't come in either. So, I'm afraid you can't come in and activate the sword spirit!"

Hearing this, Zhou Hao was speechless. He didn't know if Fairy Moon Spirit was lying to him!

However, whether he was lying to him or not, Zhou Hao still had to go!

It wasn't just because of this ultimate technique!

It was because the strength gem was there!

He had to go to the Holy court!

However, Zhou Hao did not ask about fairy Yue Ling's whereabouts in vain. Instead, he chatted with him for a while before logging out of the heavenly Dao software.

At this moment, the Flying Ship was on the right track. What they had to deal with now was the treasure in the forbidden land.

Zhou Hao took a deep breath. He had been out for a long time, so it wasn't a big deal. After all, there was no time limit for the missions in the mercenary training camp. As long as he could finish them quickly, it would be fine.

That was why Zhou Hao had the time to follow these people to the planet kemorodan.

After all, that thing was still very tempting to Zhou Hao. Moreover, with these few guys following him, the chances were still very high!

The speed of the Flying Ship was very fast. After a few space jumps, they arrived at the planet of kemorodan in about a day.

To Zhou Hao's surprise, this planet looked almost the same as planet Earth. It was surrounded by beautiful mountains and rivers.

Zhou Hao was dumbfounded. In a daze, he thought that he had returned to Earth Star.

This was truly a planet suitable for human habitation.

"Boss, do you see that place over there that looks like the five Finger Mountain? that's the forbidden area."

Zhou Hao nodded. Just as he was about to fly the spaceship over, he was stopped by the gray-haired man.

"Boss, let's stop near the foot of the mountain. It's best to find a place where there's no one but we can have a better view. This way, we won't be discovered by them and we won't alert them. We can also secretly observe their movements."

The gray-haired man's suggestion was reasonable.

This was because Zhou Hao had already zoomed in on the surroundings of the mountain through the LED screen on the spaceship.

He discovered that there were people everywhere near the mountain, and most of them had already set up camps, as if they were waiting for the spirit Qi to disperse and enter the forbidden area.

How many people who came here were not looking for the legendary Milky Way star?

## **Chapter 923 - eliminated**

*Chapter 923:-eliminated*

Now that they had gathered together, they naturally did not like each other.

At that time, there would definitely be someone who would scheme against others and kick them out as soon as possible.

It was still unknown what kind of sinister methods this group of people would use.

If this continued, then what awaited them would be infighting and fighting.

Living with such a group of people was indeed not very beneficial.

It would be better to listen to the gray-haired man and find a place nearby. Once he cultivated his body and spirit, he would find the right opportunity to enter. At that time, he would be able to get it done once and for all.

The spaceship stopped behind a small hill nearby. Zhou Hao even found a spot that was blocked by the dense forest to hide the spaceship.

As he watched the spaceship land slowly, the gray-haired man's breathing became nervous.

One had to know that anyone who came here and waited for the barrier to be opened was definitely an extremely powerful person.

Little cabbages like them would probably only be able to send themselves to their deaths when the time came.

The gray-haired man looked at Zhou Hao nervously and said anxiously, "Boss, I suggest that we don't show our faces first. We should pursue stability."

"The first one to show their face, the easier it is for them to be targeted. By then, it will be easier for us to be defeated, and we will not be able to get the desert Star."

"When the barrier opens, we'll follow behind this group of people and sneak in. Then, our chances of success will be higher. After all, they're all here to seize the desert Star. Everyone's goal is clear to each other."

"As long as we seize the opportunity, they'll definitely cause trouble for each other. At that time, we'll be in danger. It won't be too late for us to appear after those people are almost done fighting each other."

Zhou Hao chuckled at the man's words.

He nodded, then patted the gray-haired man's shoulder and said with a smile, "You're indeed a talent. Following me in the future will be much more stable than you going out to be a robber. "

After receiving Zhou Hao's praise, the gray-haired man chuckled and said, "Hehe, thank you for the compliment, boss!"

Zhou Hao smiled and immediately began to prepare the things he needed to prepare before he entered the barrier.

The gray-haired man walked to Zhou Hao's side curiously. When he saw Zhou Hao throw everything in, he couldn't help but shake his head helplessly and sighed, "Boss, you've just entered the forbidden area, yet you're filled with the desire to live."

"However, most of the things you've brought are useless,"

"Ah?"

Zhou Hao's expression froze, and he looked at the frog in confusion. He asked in surprise, "No need? How could that be?"

"This is a gas mask, this is an invisible tent, this is a thermal bag, and there are also compressed biscuits and mineral water. I even brought an aircraft. I've already prepared most of the food and clothing, so how can it be useless?"

Zhou Hao looked at the gray-haired man in confusion. He could not help but ask, "Big brother, do you really know or are you just pretending?"

The gray-haired man's expression suddenly turned serious. He immediately looked at Zhou Hao in a serious manner and said word by word, "The forbidden area of the planet kemorodan is extremely mysterious. One has to break through many barriers before one can reach the deepest part of the forest."

"And the deepest part of the forest is the final location where Milky Way star is hidden."

"First, you have to experience the invasion of poisonous gas. The blood-red thorns that grow in the forest will emit a kind of hallucinating poisonous fog. This poisonous fog can ignore everything and is defenseless. Even if you wear a gas mask, as long as your body comes into contact with the poisonous fog, you will be hallucinated."

"Secondly, in the forbidden land, you will experience the changes of the Four Seasons within a day-spring, summer, autumn, and winter. Wind, rain, Thunder, lightning, frost, and snow are all unavoidable. What you need to bring is naturally something that can keep you warm. "

“Furthermore, there are countless ancient beasts that are slumbering in the forest. Once you wake them up, you’ll be faced with the attacks of the ancient beasts that contain powerful energy.”

“Their lowest level fierce beast has already reached the fifth grade of the Saint level, and the more powerful ones have already reached the Dao realm, so they are very difficult to deal with.”

Zhou Hao’s face turned serious after hearing the man’s words.

He didn’t expect that there were so many mysterious circumstances involved.

“Moreover, all technological means can’t be used in the forest. There’s a very strong magnetic interference.”

“Such a scam? It seems like I won’t be able to use my aircraft. ”

Zhou Hao took out the aircraft from his backpack and threw it aside.

He completely trusted the gray-haired man’s words. After putting on the beast taming bangle for the gray-haired man and the others, they would unconditionally and loyally obey his orders. They would not disobey him at all.

The first thing he had to consider in everything was himself and nothing else.

Thinking of this, Zhou Hao immediately nodded and then said seriously, “Is that all? are there any other dangers?”

“Well, I don’t really know much. I’ve already told you everything I know.”

The gray-haired man looked a little guilty. He couldn’t help but shake his head and said helplessly.

“It’s fine. It’s enough to know this,”

Zhou Hao smiled, then opened the backpack and threw in some ‘essential skills for survival in the wild’ items.

After everything was prepared, everything was ready. All that was left was the crucial wind.

Now, they only needed to wait for the barrier to be at its weakest and enter the forbidden area.

In the evening, Zhou Hao prepared a sumptuous dinner.

The gray-haired man, the bespectacled man, and the blind man ate to their hearts 'content. It had been a long time since they had enjoyed such good treatment.

Usually, they would run around in order to grab some good things, often starving and then full.

Now, by Zhou Hao's side, not only could he eat his fill and wear warm clothes, but he could also ride such a good spaceship. His life was worth it.

The next morning, Zhou Hao was awoken by a sudden vibration outside.

The gray-haired man was the first to jump out of the sleeping pod. He looked around nervously, but he still instinctively did not forget to protect Zhou Hao.

Although they were not as strong as Zhou Hao, they were still people of the seventh stage realm. It was not that difficult to protect Zhou Hao.

"Boss, something seems to have happened outside. I'll go and see what's going on. Wait for my news."

## Chapter 924 - barrier gate

*Chapter 924:-barrier gate*

After the gray-haired man finished speaking, he immediately turned around and quickly walked out of the spaceship. He planned to investigate the enemy first.

After all, the position they were in right now was not that safe.

Many people were waiting for this great opportunity to go in and find the mysterious treasure, the Milky Way star.

Therefore, they were actually surrounded by danger.

Zhou Hao didn't think much of it. After all, he had been through many dangerous situations before, but he had resolved them one by one.

However, the gray-haired man was different now. He was wearing the beast taming bangle that she had given him.

Although he still had his own thoughts and was a simple individual, the only difference was that he was extremely loyal to him and would never betray him.

The gray-haired man quickly walked out of the spaceship. He looked around and realized that the two opposing camps had started fighting.

Many people gathered nearby, ready to watch a good show.

The gray-haired man looked around vigilantly, in case someone was deliberately creating a disturbance and then taking the opportunity to cause some problems.

Fortunately, there seemed to be no other problems. The gray-haired man immediately returned.

He told Zhou Hao everything that had just happened, reminding Zhou Hao, the bespectacled man, and the blind man to be careful when they walked around.

"Boss, I think we should work together and form an alliance with the other factions. This way, our success rate will be slightly higher."

The gray-haired man stood in front of Zhou Hao and said in a serious tone, "I just saw a lot of people outside. They're already looking for their own business partners."

"I think they are planning to cooperate first to get rid of all the other people who came to fight for the Milky Way star. After that, they will fight for the treasure themselves. It is much more likely than a group of people fighting for a treasure."

The gray-haired man's words were very pertinent.

However, Zhou Hao shook his head and said with a smile, "Forget about the Alliance. Do you think that they won't plot against us behind our backs just because we've reached an agreement on the surface?"

"Boss, you're right. Although there are risks in working with others, these few are the cagacians from planet mandaronina. Their planet values promises the most."

The gray-haired man smiled mysteriously and immediately said, "If they agree to something, then they will never betray us. Otherwise, they will be punished by the highest trial of planet mandaronina, the punishment of Thunder!"

"Lightning punishment, what does this mean?"

After hearing the grey-haired man's words, Zhou Hao's face showed a trace of surprise and confusion, and he couldn't help but ask.

This punishment sounded rather terrifying, but this was the first time Zhou Hao had heard of a planet's request to its citizens that they were absolutely not allowed to go against their own oath.

If they violated the oath, they would be punished. Didn't that mean that the people on this planet would never make any promises so easily?

One must know that this was not an ordinary matter. This was a matter that could cost one's life.

"Boss, I think it's better for us to cooperate with others. After all, there are too many dangers after we enter the forbidden land. If we don't cooperate with others, I'm afraid there will be more hidden dangers waiting for us."

"When I went out just now, I already saw a few people from the magatarian planet. They were walking towards the open space over there. They should also want to form an alliance with others."

As the gray-haired man spoke, he immediately took out a shapeshifter from his pocket and handed it to Zhou Hao.

"Boss, we haven't entered the barrier yet. This shapeshifter can still be used. Wear it on your hand and press it, and you'll be able to transform into a kogasse."

"As long as you can form an alliance with them, even if they discover that you are a fake, they will not be able to go back on their word. They will have to follow you to the end."

The gray-haired man chuckled, his face flashing with a sleazy look, as if he had already expected that he would be able to convince Zhou Hao.

After all, the safer Zhou Hao was, the safer they would be.

The strength in numbers was fully displayed at this moment.

Zhou Hao immediately took the shapeshifter from the gray-haired man's hand, then asked with a smile, "Where did you get this high-tech from?"

"Hehe ..."

When the gray-haired man heard this, a hint of embarrassment appeared on his face. He couldn't help but explain awkwardly, "That's ... Ahem, that's before I met you, boss. "

Previously, the gray-haired man, the man wearing glasses, and the blind man had committed many heinous crimes such as burning, killing, and snatching.

They relied on their abilities to be stronger than others and specifically looked for people below rank-7 to snatch their treasures.

The auction house was the base of their 'treasure hunting base'. As long as they saw anyone coming to the auction house to sell treasures, they would definitely chase after them and snatch everything from them.

This time, they had encountered a tough opponent. Zhou Hao was not to be trifled with.

Although he was only a rank-5, his strength and standard were far more powerful than they had imagined.

Just the void beast he had transformed into and the illusionary space he had created were too much for them to handle. They might even fall into it and be unable to escape.

The illusionary space created by Zhou Hao was extremely powerful. It was not something they could compare to.

Those who fell into the illusory space could not tell the difference between the illusory world and the real world. They would think that they were in the real world.

Once they died in the illusory space, they would also think that they were dead in the real world. They would become a vegetable and sleep forever.

No one could withstand this move.

However, although the gray-haired man, the man wearing glasses, and the blind man had seen the illusory space created by Zhou Hao, they had not really seen how powerful Zhou Hao was.

Therefore, he had no idea that there was such a terrifying danger in Zhou Hao's illusory space.

But now, they should not be able to see it.

The gray-haired man and his group of three would be loyal to Zhou Hao for the rest of their lives after they were put on the beast taming bracelets, unless they died.

## Chapter 925 - Absolute loyalty

### *Chapter 925: Absolute loyalty*

After all, deep down in their hearts, Zhou Hao was their boss. They would be loyal to him for the rest of their lives and would never betray him.

Seeing how strongly the gray-haired man recommended him to cooperate with the people of the Caucasus, Zhou Hao hesitated for a moment before nodding his head and agreeing to the matter.

After all, the gray-haired man's words made sense. Now that so many people wanted to enter the forbidden area, everyone must be using their own martial arts in order to eliminate all the enemies as soon as possible.

Cooperation was indeed an inevitable choice.

Since there were conditions and opportunities for cooperation, it was no big deal to give it a try.

Zhou Hao immediately took the shapeshifter from the gray-haired man and put it on.

In the next moment, he felt a change in his body.

His arms suddenly became thick and strong, his body became tall and big, and his skin turned light blue. At first glance, he gave off a feeling of 'walking alone'.

Zhou Hao looked at himself in the mirror and could not help but laugh. "No wonder you could tell what the kogasse looked like with a single glance. His appearance is clearly telling others that I'm a kogasse."

"Yes, boss."

The gray-haired man smiled and said triumphantly, "I didn't expect this thing of mine to be of use."

"The people of the Caucasus people will not work with people from other planets. They will only search for people from their own planet because they are worried that they will be deceived by people from other planets."

"Alright, I'll go find them now."

Just as Zhou Hao was about to stand up, he was suddenly stopped by the gray-haired man.

He chuckled and took out a shapeshifter as well, wearing it on his hand.””Boss, how can I let you personally handle this kind of matter? I’ll go instead.”

“How many shapeshifters do you have?”

Zhou Hao could not help but frown when he saw the gray-haired man take out another demonic tool.

“I have two, and they each have one. It’s enough for boss.”

The gray-haired man quickly transformed into kogasse and walked out.

An hour later, the gray-haired man returned. He made a ‘yay’ gesture with a smile and said to Zhou Hao,””Boss, it’s settled. They’ve asked us to meet at the gazebo at the foot of the mountain at Sixo’ clock in the evening.”

“Yes.”

Zhou Hao was a little surprised. He didn’t expect that the deal would really come to an end. It seemed that these people were not confident, so they decided to join forces and enter the forbidden area together.

Thinking of this, Zhou Hao immediately agreed. When the time came, he would go and see how they were going to carry out this cooperation.

As time passed, it was soon six in the evening.

Zhou Hao immediately rushed to the agreed location.

At this moment, it was already very late at night, and the surroundings had sunk into a faint silence. Most of the people stationed near the forbidden area had returned to their tents or spaceships to rest. There were very few people who acted alone.

Under the conditions of such group activities, it was actually very dangerous for him to go out alone at night.

This was because they were also worried that if they went out alone, they would be in trouble if they were ambushed.

However, Zhou Hao did not seem to care about any of this.

The person who could defeat him had yet to appear, so what was there to fear?

However, the surroundings were filled with a large amount of thick white fog, making it difficult for people to see the surrounding night and environment. They didn’t expect that there would be such a strange scene around the forbidden area.

However, this was also a good opportunity for many people to secretly kill their companions.

After all, the thick fog would interfere with one's vision, and it would be difficult to move.

Zhou Hao passed through the thick fog and walked towards the foot of the mountain. Soon, he saw an extremely spacious area.

There were wild grass everywhere. When the wind blew, it would whistle and shake.

There were countless beautiful flowers in clusters, looking extremely luxuriant and enchanting.

They didn't know that the more beautiful a flower was, the more poisonous it was. These flowers looked like they were poisonous too.

After walking for about ten minutes, Zhou Hao arrived at the small pavilion.

He saw the three people sitting cross-legged in the pavilion at a glance. He realized that their skin was the same as his, light blue. They also had a different temperament around them. They did not look like ordinary people.

Zhou Hao did not walk over immediately. Instead, he stood where he was and carefully observed the three people.

Among the three of them, there were two beautiful women. Although their skin was blue, they were particularly beautiful. Their facial features were three-dimensional and exquisite. They looked like porcelain dolls, making people unable to take their eyes off them.

There was also a handsome young man with sword-like eyebrows and bright eyes. He was wearing a combat suit and was frowning as he checked the electronic communication device in his hand. He seemed to be studying something.

Zhou Hao held his breath and carefully examined their cultivation. He found that they had already reached the ninth grade martial Saint realm.

Zhou Hao was shocked when he saw them.

Who would have thought that the strength of the Caucasus people would be so formidable? this was truly shocking.

One of the beautiful women with long curly hair frowned and looked at the woman in front of her. Her face was full of disdain as she coldly asked, "I think the combination of the three of us is enough. Why do you have to agree to another one?"

“With the three of us, it’s just a small forbidden area. What’s there to be afraid of? moreover, the more people participate, the more dangerous it will be. Don’t you know this?”

Hearing the dissatisfaction in the woman’s tone, the man who was checking his communicator suddenly put it away.

He looked at the woman in front of him and said with a smile, “Don’t worry, the other two will be here soon. After all, we’re not going to an ordinary place this time. If we don’t be careful, there will be a lot of trouble.”

“The more people there are, the more beneficial it is for us. Our chances will also be higher.”

At this moment, another woman wearing a half-mask also spoke softly, enunciating each word.

After hearing his words, the beautiful woman with long curly hair didn’t say anything. She just sat there with a straight face and looked at the two people in front of her without saying a word.

## Chapter 926 - cooperation

*Chapter 926:-cooperation*

“It’s almost time to open the forbidden area. According to my calculations, in another hour, the barrier of the forbidden area will be at its weakest. Once it’s completely gone, we’ll be able to enter,”

After the masked woman finished speaking, she sat quietly in the pavilion and waited.

Just as Zhou Hao was about to walk over, another figure flew over from the distance.

A young man, who looked to be in his twenties, came directly to the entrance of the pavilion.

With a smile on his face, he politely greeted the three people sitting in the pavilion with a smile.

“Hello, my allies. My name is Liang Wenyuan. You can tell at a glance that I’m also from planet mandaronina, right?”

The man looked at one of the women with her hair tied up and said with a smile, “Miss Nina, I’m really sorry to have made you all wait for me for such a long time. I was delayed by something.”

The woman’s expression froze when she heard this.

She immediately looked at Liang Wenyuan in surprise and couldn’t help but ask suspiciously, “You know me?”

Liang Wenyuan smiled and nodded. He laughed and said casually, “Who doesn’t know of Princess Jonina’s reputation? even though you’re wearing a mask, you can’t hide your refined temperament.”

Qiao Nina did not feel anything just because Liang Wenyuan had recognized her.

Her face was still cold as she glanced at Liang Wenyuan indifferently and said coldly, “Let’s sit down first,”

This short sentence was also a recognition of Liang Wenyuan’s identity.

The man also nodded slightly, which could be considered as a greeting to Liang Wenyuan.

Only the beautiful long-haired woman had a playful smile on her face. Then, she smiled and looked at Liang Wenyuan, who was walking quickly and slowly toward them.

The woman with long curly hair looked at Liang Wenyuan with a smile. Her every frown, smile, and every move had a soul-stirring feeling. When people saw him, they could not help but look at him and size him up.

Her skin was fair and delicate, and from afar, she was so white that she was glowing. She was extremely beautiful.

“Since you already know who we are, I think there’s no need to pretend. Let’s all sit down and have a good chat. Let’s see what other opinions we have about the forbidden land.”

“Oh right, there’s still one more person who hasn’t arrived yet, but it’s fine.”

Seeing that the long-curly-haired woman was treating him in a friendly manner, Liang Wenyuan smiled. He chuckled and said slowly, “Since everyone has already said so, then I won’t be polite.”

“This time, countless people want to snatch the Milky Way star after the forbidden land opens. But I can promise you that I’m not here to fight with you for the Milky Way star. I can help you to snatch it, but you just need to help me save one person with the Milky Way star.”

“Save people?”

After hearing Liang Wenyan’s words, the three of them were surprised.

Jonina’s face was filled with wariness. She frowned at Liang Wenyan, who was in front of her, and then calmly asked, “The heart of the Milky Way is not a miraculous medicine. It can’t save lives.”

“If that’s your condition, I’m sorry, but I’m afraid we have more than what we can offer.”

Jonina rejected him without even thinking.

The Milky Way star in the forbidden area had many effects, most of which were helpful in combat. None of them was used to save people.

They didn’t know what Liang Wenyan’s intentions were.

When she thought of this, Qiao Nina looked at Liang Wenyan with a serious expression. She could not help but frown as she sized up Liang Wenyan. She really did not know what this kid was up to.

“Guys, Milky Way star can actually save people, you just haven’t found the right way.”

Liang Wenyan smiled and slowly said again, “Actually, it’s a friend of mine. There’s a problem with his aircraft and he needs energy to repair it. The core of the aircraft is the core of his heart.”

“He’s in a coma because of the lack of energy. The reason I came here to get the Milky Way star is to save my friend. Otherwise, it would be useless.”

Liang Wenyan’s words were extremely sincere.

It looked as if it was real. The three of them could not help but look at each other and hesitate for a moment.

After thinking for a moment, Qiao Nina looked at Liang Wenyan and Liang Wenyan in front of her with a serious expression and said, “The people of planet mandaronina never go back on their words.”

“Since you’ve said so, we’ll believe you. When the mission is over and we have the heart of the Milky Way, we’ll definitely fulfill our promise.”

After saying this, Liang Wenyan's face showed a trace of joy. He nodded excitedly, then slowly said, "I've already said my words, and I won't go back on them!"

Even though that was what the three of them said, Jonina still kept her guard up.

She glanced at Liang Wenyan in front of her with a serious expression. She didn't know why, but when she saw Liang Wenyan, she felt that this man didn't seem as simple as he looked.

She frowned and looked at Liang Wenyan with a serious expression, but she still did not say a word.

"Oh right, I heard that there's still one more person who hasn't come, is that right?"

"Yes."

The man nodded slightly in response.

"This person is really arrogant. Is his strength not ordinary, or is he actually a master beyond the world? why did he make us wait for so long and still not come?"

Although Liang Wenyan had a smile on his face, there was a hint of displeasure in his tone.

In fact, he had deliberately said this to these people. After all, they were now standing on the same front. It would not be good if he was also hostile to them at that time.

"We don't know who this person is either. The one who came to negotiate was one of his underlings, so we've never seen this person."

## Chapter 927 - The most important thing

*Chapter 927: The most important thing*

The woman with long curly hair could not help but cover her mouth and giggle.

"No matter what, as long as he's handsome, I can let it go."

The long-haired woman had a flirtatious temperament. When she spoke, there was a hint of ridicule in her tone.

Liang Wenyuan couldn't help but sneak a few more glances at the woman with long curly hair. Then, he chuckled and asked, "Oh right, I still don't know the name of this beautiful lady?"

"You can just call me Lilia. This handsome guy's name is Thunder. You can just call him Old Thunder."

Lilia winked at Liang Wenyuan, the smile on her face almost unconcealable.

"However, I think that no matter what, it's a good thing that this person is willing to cooperate with us. After all, the forbidden land is about to encounter many unknown dangers. One more person means one more power and one more way to solve the problem."

"Since we are all from the same planet, we should be United, shouldn't we?"

Jonina was more open-minded now. After all, she was clear-headed and very rational. She knew the most important reason why she had come here today.

The only thing he wanted was to get the Milky Way star. Nothing else mattered.

"Then let's look forward to this person's strength being above ours. Even if he's not, he should at least be the same as us, at the ninth stage realm."

Liang Wenyuan couldn't help but mumble softly.

Seeing this, Zhou Hao was only momentarily stunned. He quickly stood up and walked towards the location of the three Caucasus people.

The closer he got to the three of them, the stronger the aura that Zhou Hao emitted.

The three of them turned their heads in unison and looked at Zhou Hao.

Zhou Hao's eyebrows were like swords and his eyes were like stars. His face was handsome, and the smile on his face was full of gentleness. He was trying his best to show his kindness.

He smiled and said to the three of them politely, "Hello, I'm Zhou Hao from the Caucasus people from planet mandaronina. I'm very happy to be able to join you."

Lei ting's face looked a little vigilant. She couldn't help but look at Zhou Hao up and down, and then a faint cold smile appeared on her face.

Lilia's face was still gentle as she stood up with a smile. She took the initiative to greet Zhou Hao and said with a smile, "Hello, Mr. Zhou. It's a pleasure to meet you!"

When Lilia saw Zhou Hao, her eyes instantly lit up. She then chuckled and said, "Since you're quite handsome, we won't pursue the matter of you being late."

Faced with Thunder's wariness, Lilia's enthusiasm, and Liang Wenyan's suspicion and scrutiny, Jonina was the only one who remained seated in the same spot. She looked at him with a calm expression, and her eyes lit up slightly.

Zhou Hao smiled apologetically and explained, "I'm really sorry. I was delayed by something, so I came late. I hope you don't mind."

"Hehe, I didn't expect our partner to be a mere fifth grade martial Saint. With such strength, the gap is too big."

Lei ting's face was cold as he looked at Zhou Hao with disdain. He could not help but scold him in a deep voice.

"Fifth-grade martial Saints? what kind of joke is this? we are all ninth-grade martial Saints."

"We're looking for a partner to fight in the forbidden land together, not a burden that will only drag us down. What can a fifth-grade martial Saint do? Don't tell me he's going to lie down and win while we fight? this is too ridiculous."

Liang Wenyan didn't think much of Zhou Hao at all. He thought that Zhou Hao was here to win by lying down. It would be a waste of time to look at someone like him.

"You don't have to say that about Mr. Zhou. Perhaps Mr. Zhou has some extraordinary skills."

The long curly-haired woman's face was full of smiles. She looked at Zhou Hao with a gentle and charming look and asked teasingly, "Come, let's see how strong you are."

"I'd also like to know how this gentleman managed to use his fifth-grade martial Saint ability to go to the forbidden land with us, who have reached the ninth-grade martial Saint realm."

Jonina's face was also filled with indifference. After chuckling, she looked at Zhou Hao and slowly asked him back.

"That's right."

At this moment, Liang Wenyan interrupted and said in an extremely serious tone, "He's only a fifth-grade martial Saint. If we go with such a person, won't others think that we're here to help the poor?"

"Like this."

As Liang Wenyuan spoke, he immediately looked at Zhou Hao on purpose. Then, in a very serious tone, he slowly said, ""We won't make things difficult for you. If you really have the strength, you might as well show it to us."

"As long as your abilities are similar to ours, we can even bring you along even if you're a fifth stage martial Saint."

Although Lilia looked like a fickle person, now that it was time for serious business, her expression instantly turned serious.

Immediately after, Lilia cast a faint glance at Liang Wenyuan, who was in front of her, and then asked in a teasing tone, ""Mr. Zhou, I wonder if you're willing to have a competition with us?"

When Lilia said this, she deliberately looked at Zhou Hao in front of her. Her face was filled with provocation. She walked up to Zhou Hao step by step, her eyes filled with charm as she chuckled and retorted.

"If you're willing to compete with us, if you can beat any one of us, we're willing to form an alliance with you until we get the Milky Way star,"

The woman spoke in a very imposing manner, as if she was very confident in her martial strength.

She chuckled and then said seriously, ""I don't mean anything by that. After all, the place we're going to is very dangerous."

"The forbidden area is not a place that ordinary people can enter and leave at will. If you don't have any skills, then only death awaits you. It's better to keep your life and live more freely, don't you think?"

After saying this, Lilia took out the crossbow she always carried with her from the space.

Her eyes were filled with indifference as she stared coldly at Zhou Hao. A trace of iciness appeared in her eyes as she looked at Zhou Hao indifferently. She sneered and beckoned him with her finger as if she was provoking him.

## Chapter 928 - Provocation

## *Chapter 928: Provocation*

Looking at Lilia, who was looking at him with a serious and even slightly provocative expression, Zhou Hao smiled.

He didn't expect this woman to be so confident in her own strength.

She actually dared to provoke him so brazenly. He didn't know where she got the courage to say such things to him.

Zhou Hao's gaze swept across the rest of them, only to see the man from the Caucasus, Lei ting, still sitting in his original position, looking at his communicator. It was as if he had not noticed the conflict between them, his face extremely serious.

He turned a blind eye to his surroundings, as if no matter how the battle ended, it had nothing to do with him.

Beside him, Qiao Nina was curiously sizing up Zhou Hao. She wanted to see just how capable he was for him to dare to provoke them.

Although she had already sensed Zhou Hao's fierce aura when he walked over, she was not sure how strong he was.

If they could see Zhou Hao's true strength and ability through this battle, it would not be a bad thing.

Although Liang Wenyuan had joined their Combat Team later, there was one thing he was right about.

The purpose of their team was to get the Milky Way star, so they didn't need any useless people.

Lilia's battle prowess was extremely high, and she was never afraid of battle.

This time, she had stepped forward to test Zhou Hao. This had given Lilia and Thunder great confidence in her.

On the other hand, Liang Wenyuan, who was standing beside Zhou Hao, crossed his arms and looked at him with a cold smile.

After all, he had a part to play in this matter and was adding fuel to the fire.

The current scene was exactly what he wanted to see. The more they fought, the better. Of course, he would not stop them.

Liang Wenyuan's face was full of smiles. He looked at Zhou Hao indifferently, and his eyes were bright.

In fact, at the beginning, when he found out that there was one more person who wanted to join the team, Liang Wenyuan was a little conflicted.

He felt that the four of them were enough for this team.

But now, there was another person from the Caucasus. When they finally got the Milky Way star, the chances of it being snatched away would be even higher.

Liang Wenyuan felt that if Zhou Hao's strength was above theirs, it was understandable for him to join them.

After all, this would also increase the combat power of their team.

However, if Zhou Hao's strength was really only at the fifth stage martial Saint realm, he would be the first to object to this kid joining them.

Wasn't this equivalent to getting away with it? they were simply here to freeload off the convoy.

Of course, Liang Wenyuan was not willing to let such a person join.

Zhou Hao did not get angry because of what they said.

On the contrary, he still had a faint smile on his face. He nodded slightly at the requests of these people and replied with a smile, "Alright, since you've said so, I'll do as you say."

"I don't want you guys to worry about this. It'll be bad if it delays our progress in getting the Milky Way star."

Zhou Hao's words surprised the few people present.

They had thought that Zhou Hao would refuse, but they did not expect him to agree to it without a second thought.

Just as everyone was hesitating, wondering where Zhou Hao's confidence came from, Zhou Hao made his move.

The crossbow in Lilia's hands had already been released, and it was rapidly flying toward his chest.

Zhou Hao remained standing at his original spot. There was no expression on his face, nor did he have any intention of dodging. Instead, he took a big step forward and appeared in front of Lilia.

His movements were extremely fast. In almost an instant, he had arrived in front of Lilia and caught the crossbow arrow she had shot out with one hand.

Seeing this, the surrounding people were shocked.

Grabbing an arrow with his bare hands?

He did have some ability.

It should be known that the crossbow that Lilia was wearing was not an ordinary weapon. Her speed was so fast that it was almost impossible for anyone to react in time. They would be shot directly without any ability to retaliate.

But now, he was being held by Zhou Hao with one hand. What was going on?

This scene shocked the few people present. They were all speechless. They stared at Zhou Hao as if they had seen something unbelievable.

However, this was not the end. In the next second, Zhou Hao moved again.

His speed was extremely fast, and in almost an instant, he appeared in front of Lilia. He swung his fist brazenly, and it was mixed with an aura of Fury. It was as if he had the strength of ten thousand catties, and he smashed it toward Lilia's face with a loud bang!

It happened in a split second. When Zhou Hao threw the punch, everyone's faces changed drastically!

Although Zhou Hao was only a fifth-grade martial Saint, the power of his punch was far greater than all of them combined!

Lilia was also taken aback. Her heart was shaken, and she stood on the spot in a daze. She had even forgotten to Dodge. She only closed her eyes tightly, gasping for air while trembling, preparing to take this punch head-on.

However, at the same time, Lilia also understood what it would mean if she were to really receive this punch.

Not only would her internal organs be shattered, but she would also die on the spot!

Such a powerful ability was really not to be underestimated!

However, even after waiting for a long time, Lilia did not feel the pain that she had imagined.

She could not help but open her eyes in surprise and looked around in confusion. Then, she saw Zhou Hao retract his fist.

Lilia, who saw this, suddenly heaved a sigh of relief.

She couldn't help but look at Zhou Hao in front of her with lingering fear, then asked nervously, "You ... Why did you ..."

However, before he could ask, he heard Zhou Hao's indifferent voice, saying word by word, "First, we are sparring."

"I need to show you how strong I am. That's why I had to do what I did."

## **- Chapter 929 - A difficult choice**

### **Chapter 929 - A difficult choice**

*Chapter 929: A difficult choice*

"Second, I've already let you know that I'm not weak. There's no need to attract the attention of the people around us."

"If my fist wind had really landed just now, not only would you have died instantly, but the people around you would have also alerted the enemy."

"Besides, since we'll be a team in the future, we can't hurt each other. We have to support each other, right?"

A hint of surprise appeared on Lilia's face after she said this short sentence.

Zhou Hao's words rendered Lilia speechless. She knew that there was nothing wrong with what Zhou Hao had said. She had indeed been serious.

She also understood that she had just witnessed Zhou Hao's power. So, if Zhou Hao really punched her in the face, just one punch would be enough to crush her into pieces!

Furthermore, Lilia could even imagine that if Zhou Hao was unable to hold back his fist, the mountain behind him might be directly blown up by him!

Such a powerful force immediately caused Lilia's expression to change drastically. Her eyes were filled with disbelief as she stared at Zhou Hao in a daze. Even breathing became difficult for her. She could not help but look at Zhou Hao in shock, unable to believe what she had just seen.

No matter what, Lilia had never expected that she would actually encounter such a powerful opponent. It was simply unbelievable!

Moreover, her strength was not ordinary. She was a ninth grade martial Saint, but she couldn't even withstand a punch from a fifth grade martial Saint. This was something she really didn't expect.

Lilia's expression was filled with shock. Even though Zhou Hao had retracted his hand, the sharp aura from his body still filled the surroundings.

Zhou Hao glanced at the people in the distance and clenched his fists.

There was no wind in the surroundings. Countless howling hurricanes, like waves of roaring ghosts, rapidly charged over.

Lilia's expression suddenly turned into one of extreme fear. At this moment, she no longer dared to look down on Zhou Hao.

Now, she only felt that Zhou Hao must be some hidden expert, which was why he had disguised himself as a fifth stage martial Saint, deliberately pretending to be a pig to eat the Tiger with them.

"Alright, I know what you're capable of ..." He said.

A hint of embarrassment appeared on Lilia's face. She could not help but let out a light cough, then slowly spoke again, "Your strength is indeed extraordinary. Even though I'm at the ninth stage realm, I'm still powerless against you."

Lilia did not hide her admiration and fear for Zhou Hao at all. Her expression showed a hint of nervousness and uneasiness. She could not help but look at Zhou Hao awkwardly. Then, with a shocked expression, she said in a panic, "This is enough."

To be honest, Lilia had actually met quite a few fifth stage martial Saints before.

But the difference in strength between them was already extremely wide.

Now, when he saw Zhou Hao's extraordinary strength and overbearing combat strength, he was instantly frightened.

She had never encountered such a powerful opponent.

Even if he did, he would definitely not be as low as a fifth stage martial Saint.

One must know that when she had reached the fifth grade martial Saint realm, her strength was not as strong as this. She was probably not even half as strong as him.

“Actually, this isn’t all of my combat power. It’s just a portion of it.”

Zhou Hao’s face was calm as he spoke slowly. Then, he looked at Lilia and said, word for word.

“If you want to see my full strength, we need to take a spaceship and go to another planet. Otherwise, if we show it here, it will cause too much of a stir and attract a lot of people’s attention. In this case, won’t it cause a lot of trouble and obstacles for us to find Milky Way star?”

Zhou Hao was right. After all, they weren’t just a small team now. They had to find Milky Way star.

There were no less than 20 teams of people who had come here. They were all stationed at the entrance of the forbidden land, waiting for the opening of the forbidden land.

After saying these short words, Lilia’s pupils immediately shuddered, and a chill ran down her spine. Even her breathing seemed to have quickened.

She gasped and looked at Zhou Hao in shock.””You ... You’re telling the truth?”

Her face seemed even paler than before, and she couldn’t help but swallow a few mouthfuls of saliva.

At this moment, Lilia’s body started to tremble uncontrollably. Although Zhou Hao had not touched her with that punch earlier, she knew that if that punch had landed on her, she would have been completely finished.

“Of course, do I look like I’m joking?”

Lilia smiled and then slowly said,””I’ve already said that although I’m a fifth-grade martial Saint, I’m more than enough to go with you to get Milky Way star.”

After Lilia heard that, she stopped pretending and stood up. Then, she smiled and slowly said,””I didn’t know you were this powerful. I’m sorry, I was too reckless.”

“I agree to let you join our team. I’ll give you this as well.”

As Lilia spoke, she took off the necklace on her neck and passed it to Zhou Hao. She chuckled and said, "This necklace is an amulet my mother gave me. I hope you will be safe during this trip."

After Lilia had finished speaking, she looked at Zhou Hao again. There was a hint of wariness and vigilance in her eyes.

It was not just Lilia who was afraid of Zhou Hao. Thunder's expression had also turned serious.

Although his eyes were fixed on the communicator in front of him, he already had an idea of what kind of person Zhou Hao was.

Liang Wenyuan also looked at Zhou Hao in front of him in shock. He suddenly felt a little scared.

One had to know that he was previously dissatisfied with Zhou haoxin. He thought that he should go up and teach this person a good lesson.

However, he did not expect Lilia to take the lead and go provoke Zhou Hao.

Since someone wanted to stand out, then he might as well just keep his eyes closed.

## **Chapter 930 - -extraordinary strength**

*Chapter 930:-extraordinary strength*

Liang Wenyuan also wanted to see how strong Zhou Hao was.

If Zhou Hao's ability was not enough to defeat a little girl, then he naturally had nothing to fear.

If he could defeat Lilia, it would not be too late for him to step forward and compete with Zhou Hao.

When he thought of this, Liang Wenyuan suddenly felt a little nervous and scared.

He knew that if he had been the one who had gone up earlier, he might not have ended up in a better state than Lilia.

Moreover, he would definitely be even more miserable at that time. Perhaps these three people would look down on him because of this.

Liang Wenyuan couldn't help but feel a sense of fear. If what Zhou Hao said just now was true, then Zhou Hao's strength had reached a terrifying level. It was really hard to imagine.

At the same time, Jonina was the only one who showed a hint of admiration.

"It seems that Mr. Zhou's arrival this time is to add flowers to the brocade of our team."

"As long as you're here, it'll definitely increase our chances of success in our exploration of the forbidden land,"

When Liang Wenyuan heard how certain Qiao Nina was about Zhou Hao, he only chuckled lightly and did not say much.

He understood that Zhou Hao was not an ordinary person. He should not provoke such a person.

He didn't know what kind of person Zhou Hao was, so not provoking him was the safest way he could do.

Only when he thoroughly understood what kind of person this person was, and had the confidence and accuracy, would he be able to defeat him in one move.

Moreover, Liang Wenyuan also understood that if they had such a powerful member in their team, they would definitely have a better chance of exploring this forbidden land.

"What do you all think?"

Zhou Hao looked at the other people, and a faint smile appeared on his face. He slowly opened his mouth and said with a smile, "I don't know if you guys think I can join you guys."

Even now, Zhou Hao had not forgotten the most important thing to him, and that was to make this group of people from planet mandaronina agree to join him.

In that case, when they entered the forbidden land, even if the shapeshifter stopped working due to the magnetic field interference, they would never dare to break their promise.

After he said that, everyone's eyes turned serious.

However, before they could nod in agreement, Liang Wenyuan suddenly smiled and said slowly, "I wonder what Mr. Zhou's purpose is in obtaining the heart of the Milky Way?"

"We're also very curious about what your goal is. It's best to make things clear before we start working together. Otherwise, we won't have the confidence to do so, right?"

"I think Mr. Liang is right."

Lei ting kept the communicator in his hand and glanced at the people present. He smiled and said slowly, "We have to get to the bottom of this, only then will there be any value in cooperating."

After all, this matter needed to be made clear.

"The reason why I want to get Milky Way star is very simple. It's to use it. Aren't you guys the same?"

Zhou Hao smiled and slowly said, "I know. We, the people of the Caucasus, value integrity the most."

"So I won't lie. I'll tell you my purpose so that you won't have any doubts."

Zhou Hao's words made Lei ting's face turn serious.

He immediately stood up and smiled at Zhou Hao. He said word by word, "You're quite honest, but it's useless to be honest. To us, you're only a competition, you have no value."

"No value? That might not be the case. "

Zhou Hao smiled and said, "I know that you all know the way to enter the forbidden area, but there is one thing that you have not considered."

"The boundary of the forbidden land is open. Although there is a week, can you really find Milky Way star and take it out safely within this week?"

"What's the meaning of this?"

Lilia's expression was slightly surprised. She could not help but ask hesitantly, "Do you think we can't get out for a week?"

"Of course, this is not absolute."

Zhou Hao smiled and slowly said, "I didn't say that you won't be able to get out. But before you do anything, shouldn't you think about the consequences?"

“For example, what if you can’t find Milky Way star within a week, or you’re delayed by something and can’t leave the forbidden place?”

Zhou Hao smiled and slowly said, “The forbidden area only opens once every ten thousand years. If you can’t get out, you’ll have to stay in the forbidden area for the rest of your lives.”

After these words were spoken, the expressions of the few people suddenly became a little panicked and nervous.

Zhou Hao was right. Before doing anything, it was best to think of all the possible outcomes. That way, he would have more confidence.

At the thought of this, Lilia, who was the first to feel flustered and helpless, immediately asked anxiously, “Then tell me, how are we going to get out?”

“As long as you’re willing to take me with you, I’ll naturally tell you how to get out.”

“This is your purpose for bringing me here. I wonder if you’re satisfied with this reason?”

After he said that, Jonina clapped for Zhou Hao.

Her face was full of smiles as she slowly opened her mouth and said again, “Good, well said.”

“I don’t think we have any reason not to bring him along. Thunder, Lilia, and this Mr. Liang, what do you think?”

“We took the Milky Way star to supplement the functions of the spaceship. If we give it to Mr. Zhou after we are done, it’s not a big deal. Everyone can make the best use of it, and everyone can return with a full load. Isn’t that better?”

“Alright, since you’ve already said so, then we’ll do as Nina says.”

Thunder nodded and immediately agreed.

*Chapter 931:-forbidden land*

?

Thunder and Lilia nodded in agreement. However, Liang Wen yuan's eyes suddenly flashed with a bright light. He then smiled and nodded."Alright, I agree."

Very quickly, the group of people reached an agreement.

Since everyone had agreed to Zhou Hao's participation, then the deal with the Caucasus people had been fulfilled.

Very quickly, a light buzzing sound could be heard from afar.

Many people immediately became vigilant, especially Thunder, who had been calm at the beginning. At this moment, he suddenly stood up.

He looked around hesitantly and couldn't help but ask in a deep voice,""What's going on with this voice?"

"What's that sound?"

Liang Wen yuan was stunned. He looked at Thunder hesitantly and asked in confusion. He didn't hear what had happened.

However, when he saw that Lilia and Jonina's expressions had turned serious, Liang Wen yuan instantly realized that something was not right.

In the distance, a series of earth-shaking sounds spread out.

It was as if a huge ferocious beast that was lying dormant in the dark was gradually awakening.

Deafening whistling sounds came in waves, and even the entire ground seemed to be shaking.

At first, the sky was dark because of the night.

They were sitting in the pavilion, talking under the light of the night lamp.

But now, there was suddenly a fierce flash of light in the distance!

This ray of light gradually grew larger in the surroundings, causing Zhou Hao's expression to change.

As the light gradually spread out, Zhou Hao immediately raised his head slowly and looked at the light. Then, a smile appeared on his face.

“The barrier of the forbidden land has disappeared.”

This short sentence instantly caused the atmosphere to sink into an extremely anxious state.

His face was filled with shock. Then, he looked around hesitantly. After a moment, a violent tremor suddenly came with a whistling sound. Then, it seemed that the entire ground was shaking violently!

The group of people immediately stood up excitedly and hurriedly walked towards the place where the light permeated.

Zhou Hao was no exception. He immediately called the gray-haired man and asked him to go with him.

As for the bespectacled man and the blind man, they would stay outside and guard the spaceship for him.

After all, the person who knew the most about the forbidden land was this gray-haired man. If he brought him in, he would definitely be of use sooner or later.

Soon, the group of people gathered.

At the entrance of the forbidden area, many people were already prepared and wanted to enter.

When the barrier was at its weakest, they could immediately enter.

The gray-haired man stood at the entrance and looked at Zhou Hao indifferently. He raised the detector in his hand and said to Zhou Hao with excitement in his eyes, “Boss, I’ve already found it!”

“There’s still half a minute before the barrier completely disappears. We’ll be able to enter the Forbidden Zone then.”

After hearing the gray-haired man’s words, the people around him all nodded and agreed.

Jonina, who was the leader, looked at them with a serious expression and said softly, “Everyone, take this first.”

Zhou Hao’s face froze. Then, with hesitation in his eyes, he asked, “What is this?”

Jonina smiled, then slowly opened her mouth and said, "Don't worry, you'll know its use very soon. Remember to keep it well, otherwise, I don't have any extra. "

That short sentence made Zhou Hao's face turn serious.

He knew that Jonina had her own reasons for saying that.

He pondered for a moment and then slowly said, "Alright, there's not much time left. Is there anything else you need to prepare or explain?"

The few of them looked at each other and then said seriously, "Not for the time being. After we enter, we'll act according to the situation!"

Soon, the people around them became serious.

Even Lilia, who had always been smiling, could not help but become serious at this moment.

Her face immediately turned a little gloomy as she stared at the light at the entrance of the forbidden area's dense forest in the distance, silently counting down the time in her heart.

"Ten ..."

"Six ..."

"Three ..."

"One!"

The moment he shouted, the entire sky was lit up by a shocking light that came from the forbidden land!

At that moment, it was as if the entire sky had brightened up completely, as if it was daytime.

"The barrier of the forbidden area has been completely opened. We can go in now!"

A loud shout was heard. In the next moment, beams of extremely sharp light whistled and spread into the distance!

In that instant, countless lights shot out like bullets!

Countless rays of light flickered fiercely. In the next second, the surrounding light instantly dimmed. Then, all the figures standing at the door disappeared in an instant.

When they reappeared, the group of six had already arrived in the dense forest of the forbidden area.

“We ... Have we entered the forbidden area?”

When Lilia stood at the door, she could not help but look around hesitantly. Then, she asked in puzzlement.

“Yeah, can’t you see that this place is the same as the forest outside? it’s 100% here.”

Liang Wenyan’s face was also full of excitement. Then, he laughed and said, word by word.

“Yes, we came in with them. I can’t be wrong.”

Thunder could not help but look around and said in a serious tone.

“But they’re all gone, and we’re the only ones left. It’s pitch black all around us, so where should we go?”

Lilia’s tone was a little nervous. She could not help but look around hesitantly, then asked in surprise and puzzlement, “Do we have a map?”

“No... Where would I get a map?”

Joanna couldn’t help but shake her head. She sighed and said helplessly, “We can only follow the most primitive method and use the compass to move forward.”

## Chapter 932 - A malfunction

*Chapter 932: A malfunction*

“That’s right. After entering the forbidden area, all the high-tech equipment will stop working.”

“It’s said that it’s affected by some kind of magnetic field. That’s why such a thing happened.”

“Then can you guarantee that the compass will work? we don’t know the exact location of the desert Star. In my opinion, even if we have a compass, we are just looking for it by luck. There is not much difference whether we have it or not.”

After hearing their conversation, Zhou Hao’s heart could not help but thump.

It’s over. After entering the forbidden land, their instruments stopped working. Then, wouldn’t the shapeshifters they were wearing also stop working?

Zhou Hao couldn’t help but look at the gray-haired man in front of him. He was surprised to find that the gray-haired man was still a Caucasian. His light blue skin had not changed at all.

Zhou Hao hesitated. He looked at the gray-haired man in front of him suspiciously and mouthed, “Do I still look like a kogasse?”

“Yup!”

The gray-haired man was also dumbfounded. He couldn’t help but look at the shapeshifter he was wearing in a daze.

“The shapeshifter is not working? Why are we still maintaining the appearance of the KOGAS?”

The short sentence made the gray-haired man look surprised. He replied in confusion, “I don’t know either, boss. The transformer is indeed not working. Logically speaking, it should be.”

“Do you know how to use it?”

Zhou Hao asked doubtfully. After all, he had snatched it. Perhaps this kid was simply spouting nonsense and didn’t even know how to use it.

After hearing Zhou Hao’s suspicious words, the gray-haired man’s face immediately showed a very embarrassed expression.

He couldn’t help but smile helplessly and shake his head. He stammered, “That ... Hehe, boss, actually, I just snatched this shapeshifter not too long ago, so I don’t know how to use it or what other functions it has.”

“.....”

At that moment, Zhou Hao was left speechless.

Good fellow!

'This F \* cking kid hasn't even figured out how to use this shapeshifter and he's already giving it to me. Isn't this Wan' er?'

However, it was a good thing that they had not been exposed yet. This was a good thing for them.

The group turned on their flashlights and shone them around for a moment.

The next second, everyone could see what was going on around them.

It turned out that they were in an extremely dense forest. Although this forest didn't look much different from the forests on Earth Star, the strange thing was that the trees here were all tall and big!

The towering trees must be the giant trees here, each one of them covering the surrounding area in darkness.

It was estimated that even in the day, the environment in the dense forest of the forbidden land would be completely blocked by these towering trees, leaving no light in the sky.

With the help of the flashlight in their hands, the group of people walked forward step by step.

Whoever knew that they had only taken a few steps when they suddenly saw an incomparably huge object appear in front of them!

The few people's faces immediately became extremely vigilant.

They looked nervously at the huge object in front of them, and their breathing became faster.

The group of six immediately became alert. Their eyes were filled with anxiety as they looked at the scene in front of them. Then, they slowly took a step forward and walked towards the position in front of them.

Lilia was the most alert. She had already picked up the bow and arrow in her hands, aiming at the huge object in the distance.

Thunder and Liang Wenyuan took the lead, leading the way. Lilia and Jonina walked in the middle, while Zhou Hao and the gray-haired man walked behind them.

Soon, the group approached the huge object.

When they saw the huge object in front of them, everyone was shocked.

Their faces were filled with shock and they couldn't help but look at the scene in front of them with suspicion. Their breathing carried a trace of nervousness and vigilance as they asked in confusion, "Why ... Is there such a thing here?"

Only Zhou Hao's eyes lit up when he saw the huge object in front of him. A smile appeared on his face.

However, it was only for a moment. His expression quickly returned to normal.

In front of them was a huge spaceship!

This flying ship was extremely huge. It seemed to be as tall as a hundred-story building. It stood in the distance as if it was supporting the entire sky.

The spaceship looked old and rusty. No one knew how long it had been here.

However, as soon as they got close to the spaceship, they had a strong feeling. It was as if an invisible pressure was rapidly pressing down on their position.

Many people who were walking towards the spaceship were shocked. It was as if their spirits were suppressed by the spaceship.

"Such a huge spaceship is definitely not something that can be created with our current technology."

"But seeing such a huge spaceship land here, looking at the rust and condition, it would be a waste if it didn't have a history of ten thousand years."

"That's right. This is definitely not an ordinary spaceship. What kind of person has such powerful abilities to build such a powerful spaceship that stands tall in the world?"

"In my opinion, it's definitely not something that the people on the planet we know now can create. It must be a powerful and super high-tech scholar."

At this moment, a few of them couldn't help but start guessing. Everyone couldn't help but wonder what kind of people had cast such a huge spaceship.

A few of them were breathing rapidly and looked puzzled. They looked at the spaceship with puzzlement in their eyes and couldn't help but ask hesitantly.

Even thunder, who had always been calm and unflustered, couldn't help but gasp when he saw this scene. He looked at the huge spaceship in shock.

Soon, there was a strange feeling in the Lightning's eyes.

Liang Wenyuan couldn't help but look at this scene in surprise. His breathing carried a hint of excitement. His eyes were filled with enthusiasm as he looked at the spaceship in front of him, as if he was studying something.

## Chapter 933 - The mysterious spaceship

*Chapter 933: The mysterious spaceship*

Liang Wenyuan smiled and said, "Hehe, such a huge cauldron is no ordinary item!"

Zhou Hao, on the other hand, was staring at the huge spaceship with a serious expression.

His eyes were filled with shock, and he felt as if his mind and spirit had been stunned at this moment.

For the first time in his life, Zhou Hao felt so small in front of this huge spaceship. He could not even compare to the size of the spaceship.

This was the most powerful spaceship in the world!

His own spaceship was nothing compared to this spaceship.

Who knew that Jonina, who was standing at the side, would suddenly point at the spaceship and say in an extremely serious tone, "Do you see that? a crack has appeared on the spaceship!"

After hearing Jonina's words, many of the people present could not help but sigh.

There were indeed many cracks on the huge spaceship. The cracks were like cobwebs that spread across the entire spaceship, making it look extremely terrifying.

"Could it be that there were people who came to the forbidden land to look for the Milky Way star, and they were from a high-level planet? otherwise, how could they build such a powerful spaceship?"

Immediately, people around them could not help but guess curiously.

However, in the next second, Zhou Hao suddenly realized that something was wrong.

There seemed to be a very intense energy around the spaceship. The energy was still moving and seemed to be very eager.

“I think this spaceship must have been created hundreds of millions of years ago by a creature that was much more powerful and advanced than us. It must have been able to pilot this spaceship to this place.”

“If we can take this spaceship and use it for our own use, it will definitely shock the entire world!”

At this moment, Liang Wenyan couldn't help but smile excitedly and said softly,

His eyes were filled with eagerness, and even his breathing was a little hurried.

Liang Wenyan's face was burning with passion. He could barely suppress the excitement and fervor in his heart. He immediately took out the manual detector in his hand and planned to go inside the spaceship for a test.

Who would have thought that before he could even get close, he would be blocked by Jonina, who was beside him.

Her face looked extremely serious as she slowly said, “I think what we're doing now is a little too impulsive.”

“We don't know what's going on with this spaceship. If we just go in like this, will it be dangerous for us?”

When Lilia heard this, she could not help but immediately nod. Then, she spoke softly and in a serious tone.

“Dangerous? “Entering the forbidden area is the greatest danger for us. Didn't you say that the forbidden area is actually nothing? you told us not to be afraid, not to be nervous, and not to worry, right?”

Jonina could not help but frown as she looked at Lilia before her. She then spoke again, “That's why I support Mr. Liang's decision. What we should do now is to quickly investigate what's going on with this ship.”

Halfway through her sentence, Jonina's expression instantly became extremely nervous.

She couldn't help but frown, and her eyes became more serious. Then, she slowly said again, “Perhaps those people from before have already entered the spaceship. It's hard to say.”

After hearing this, they all nodded, indicating that it was possible.

However, the most important thing now was to find out what was going on with this mysterious spaceship. Zhou Hao stood up slowly and took the lead in heading toward the spaceship.

When the few of them saw Zhou Hao walking away, they all followed him.

The few of them moved very quickly and arrived at the hatch of the spaceship. Then, they quickly opened the hatch and walked in.

The cabin door of the flying shuttle was still shrouded in a faint light. Just as Lilia impatiently stretched out her hand, wanting to open the cabin door of the flying shuttle, the gray-haired man suddenly called out anxiously, "Don't do anything yet!"

The few of them couldn't help but freeze.

The few of them looked at the gray-haired man in unison and asked with hesitation and confusion, "What's wrong? is there a problem?"

"This spaceship shouldn't be as simple as you think. How about this, you guys wait for a moment."

As the gray-haired man spoke, he suddenly took out some scattered magnet pieces from his pocket.

He first threw them at the spaceship. The next second, a series of crackling sounds could be heard around the spaceship. Then, the moment the magnet was thrown at the spaceship, it exploded!

After a while, it was directly blown into pieces and scattered on the ground. With a gust of wind, it instantly disappeared, looking extremely shocking.

When the few people present saw this scene, their expressions immediately became even more nervous.

They couldn't help but take a few steps back anxiously, putting some distance between them and the spaceship.

Lilia, who had been clamoring earlier and insisting on going in to take a look, did not dare to take another step forward at this moment.

She was so nervous that she couldn't help but swallow a few mouthfuls of saliva. Her eyes were full of surprise as she asked, "What's going on?"

"Are we really not going in? why do I feel like the Milky Way star we're looking for is here?"

As soon as he finished speaking, the gray-haired man's expression turned grave and he said in a serious tone, "Everyone, you don't have to worry. We have many opportunities to enter this place."

Hearing the gray-haired man's words, everyone's expressions finally calmed down a little.

They couldn't help but look at the gray-haired man in front of them anxiously, waiting for his explanation.

The gray-haired man said in a serious tone, "The door of this spaceship is guarded by a barrier, similar to the barrier of a forbidden land. You need to take advantage of the time when the barrier is at its weakest and have a person who has reached the tenth grade Saint level unlock it before you can enter."

As the gray-haired man spoke, he couldn't help but raise his head to take a look, as if he was counting the time.

In the next moment, the gray-haired man immediately looked at Zhou Hao with a look of anticipation.

## Chapter 934 - The real danger

*Chapter 934: The real danger*

Out of all the people in this place, only Zhou Hao could truly open the barrier of the spaceship.

The gray-haired man had already seen Zhou Hao's true abilities.

Therefore, to Zhou Hao, opening this small barrier was just a matter of convenience. It was not a difficult task at all.

However, the gray-haired man's short words shocked many people present. Their faces froze.

Especially Liang Wenyuan, who was in front of him. He looked at the gray-haired man in shock, his face full of disbelief.

Looking at his expression, he seemed to be doubting whether the gray-haired man's words were true or not.

"What did you say? a tenth stage martial Saint?"

Liang Wenyuan couldn't help but open his mouth in shock. He asked in confusion, "Are you kidding me?"

"Do you know what level of strength and level a tenth grade martial Saint has reached? let alone me, even if all of us were to join forces, we might not be a match for a tenth grade martial Saint!"

"Yup,"

Lilia could not help but nod as well. Her expression was very solemn. After a moment of silence, she said very seriously, "If there's really someone who has reached the tenth grade martial Saint realm, I'm afraid we won't be able to enter at all."

"Perhaps, before the forbidden land was opened, they were already killed by the tenth grade martial Saints outside."

This short sentence immediately made the surrounding atmosphere become serious.

Without a tenth stage martial Saint, the Flying Ship would not be able to enter.

Joann  e, who had been silent for a long time, suddenly opened her mouth and said, "Since there's no one among us who can open the barrier, we'll just continue walking forward."

"No one said that Milky Way star is definitely in this spaceship. We still have to look for it carefully in such a large forbidden place."

However, after he said that, the gray-haired man beside him smiled and explained, "No, you misunderstood what I meant just now."

"I don't mean that only those who have reached the tenth grade martial Saint realm are qualified to open this barrier. What I mean is that as long as one has reached the tenth grade martial Saint realm, no matter what realm one is in, they can open it."

However, when the people around him heard the gray-haired man's words, they only had mocking and helpless smiles on their faces.

Their faces were filled with faint smiles. Then, they slowly opened their mouths and said again, "Sir, what you said is true."

“But isn’t this a little too unrealistic? we’ve never seen anyone who can reach the tenth grade martial Saint realm but still remain in a low realm.”

After Lilia finished speaking, the few of them had helpless expressions on their faces. They could not help but shake their heads, turn around, and say, “Forget it, forget it. Since we can’t go in now, let’s go.”

“It won’t be too late to come back and solve it after we find a way. Let’s leave first.”

Just as he finished speaking, Lilia, who was in the lead, suddenly stood on the spot with a surprised expression.

Her eyes were filled with vigilance as she looked around. Then, she muttered hesitantly and couldn’t help but ask, “Do you guys smell anything strange?”

“A strange smell?”

Liang Wen Yuan faced the air and took two deep breaths, but he didn’t smell anything wrong.

He could not help but look at the others. The next second, he saw Jonina’s expression change drastically. She immediately ordered, “Hurry, hurry up and swallow the pill I just gave you!”

Seeing that Jonina’s face was filled with panic and helplessness, Liang Wen Yuan and the rest of the people also became anxious. They did not have the time to ask what was going on.

They immediately swallowed the pills Jonina had just given them.

Zhou Hao and the gray-haired man were no exception, and they swallowed the pills together.

To Zhou Hao’s surprise, the pill melted in his mouth, and there was a faint fragrance in it.

Moreover, after taking it, he immediately felt that his entire spirit was much better than before, and he looked to be in high spirits.

In the next second, everyone saw that from the deepest part of the forest, there was a light green fog that was slowly spreading towards them.

At the sight of this, Lilia’s expression changed.

She could not help but look at Jonina nervously and asked hesitantly, “Big miss Qiao, this ... What is this thing?”

“This is a poisonous gas that is secreted by the dense forest at night.”

Without waiting for Jonina’s reply, the gray-haired man beside her started to explain with a serious expression.

“If this kind of poison is inhaled into the body, it will cause a person to die suddenly in less than a minute. It can be said to be extremely dangerous.”

After the gray-haired man finished speaking, Jonina also nodded in agreement.

“He’s right,” ye mo said. “This is indeed the poisonous gas secreted by the trees in the forest. We have to find a way to leave this place as soon as possible or hide in the spaceship.”

“Didn’t you give us the antidote? we should be fine now, right?”

Liang Wenyan had been a little nervous and afraid at first, but now, when he heard the gray-haired man’s words, his expression instantly became serious. He asked Jonina in confusion, not knowing what she was worried about.

“The pills I gave you are limited. I only have two antidotes on me now, and one can only last for half an hour.”

“If the effects of the drug wear off and we still can’t get out, we’re finished.”

“Phew ...”

The few people present were shocked after hearing this.

Their eyes were filled with hesitation as they looked at Jonina. Suddenly, they felt a sense of despair engulf their hearts.

The forest was so big that they definitely wouldn’t be able to get out so quickly. In order to avoid the poison, they could only choose to move during the day.

But now, half an hour was definitely not enough for them to pass through the dense forest.

In that instant, a sense of despair flashed across Lilia’s heart.

“Could it be that we can’t continue on the first day in the forbidden area, and are going to die Here ...?”

“Alright, don’t say such discouraging things. Let’s quickly think of a way to open the ship’s barrier.”

## Chapter 935 - spiritual tool assistance

*Chapter 935:-spiritual tool assistance*

At this moment, none of them had a good expression on their faces.

All of them were in despair, depressed, and helpless. They didn't know what to do.

"Let me try."

Just as the group of people was feeling anxious and uneasy, Liang Wenyan suddenly took a step forward and walked out.

His appearance gave a ray of hope to everyone.

Jonina, who was the leader, immediately took a step forward and asked nervously, "How confident are you, Mr. Liang, that you can open the barrier?"

Liang Wenyan smiled and said calmly, "Just now, this gentleman said that only a tenth stage martial Saint can open this barrier. I don't think so."

"I've checked it just now. The thickness of the barrier and the energy it contains are not enough. Although it's difficult for ninth grade martial Saints like us to open this barrier, it's not impossible."

As Liang Wenyan spoke, he smiled faintly and said, "After all, this barrier has been eroded over time and has become much thinner. In addition, there are many cracks on the spaceship. I can give it a try with this treasure of mine."

As Liang Wenyan spoke, he took out a crystal-clear jade pendant in the shape of a drop of water from his dimensional pocket and held it tightly in his hand.

Liang Wenyan's face was filled with pride. He laughed and said, "This is my family heirloom. It can nullify the spiritual energy attached to a part of the Flying Ship's barrier."

"Let's choose the strongest person among us. He'll activate the energy in the treasure and break the barrier."

“This treasure of mine can only be controlled by one person. Otherwise, if we attack together, the success rate will be greatly increased. Now, we can only rely on the most powerful person among us to do this.” Jiang Chen said.

As Liang Wenyuan spoke, a faint look of pride appeared on his face. It was as if he was saying, “I’m the most powerful person here.”

“So, how long can this heirloom of yours last? can it last until we open the barrier?”

Among the crowd, Joanna was the more rational one. She looked at Liang Wenyuan with a serious expression and asked, word for word,

“I don’t have a family heirloom. I only need to use my inner energy to activate it. Within five minutes, it can release an extremely huge power and instantly reach the tenth grade martial Saint realm.”

When Liang Wenyuan heard Qiao Nina’s question, he immediately answered impatiently.

He simply handed his jade pendant to Jonina. Then, he looked at her with a smile on his face.

Zhou Hao’s face turned serious when he saw this.

“The energy contained in this jade pendant is indeed sufficient.”

When he heard Zhou Hao start to praise his pendant, Liang Wenyuan, who was in front of him, suddenly looked very happy.

This was the value of his existence in this team!

Without him, this group of people would have been poisoned to death.

At the thought of this, Liang Wenyuan’s face suddenly looked a little proud. Then, he laughed and said again, word by word, “That’s right. Next, we’ll choose someone who can activate it.”

Although Liang Wenyuan said so, he wasn’t sure if he had a way to activate the pendant.

After all, this was his family heirloom. Normally, he hardly took it out, let alone used it.

Their faces were also filled with hesitation. When they faced this thing, they all looked somewhat at a loss.

Jonina, who was the leader, was the first to speak.

“In that case, let’s all try and see who can activate the energy of this jade pendant. Whoever can activate it will be the one to open the barrier,”

Liang Wenyuan, who had initially been overjoyed that Qiao Annie would definitely choose him, now felt a little unhappy.

Everyone should try it?

Please.

It would end with him, alright?

This was his own jade pendant. As long as he wanted to, he could definitely activate the energy inside the pendant. What was there to doubt?

But after all, Jonina was someone who had more say in their team.

Thus, he nodded and agreed to Jonina’s idea.

“I’ll go first. ”

Lilia suddenly stretched out her hand and took the jade pendant from Jonina’s hand.

Her expression was extremely serious as she clutched the jade pendant tightly with both hands, trying her best to activate it.

However, in the next second, Lilia’s expression turned serious.

She stared at the jade pendant in her hand, only to find that there was no reaction at all!

“Damn it, what’s going on? why can’t I activate this thing?”

Lilia’s expression turned anxious. She could not help but grip the pendant tightly, trying to resolve this matter again. However, she still could not find any solution.

Jonina’s expression was extremely serious as she watched this scene. After a moment of silence, she immediately spoke again,”“Alright, Lilia, since you can’t open it, let’s switch to the next person.”

“We don’t have much time left. If we delay any longer, we’ll all be finished when the pills lose their effectiveness.”

Jonina’s words were very serious.

Lilia also knew that Jonina was not joking. This was the most critical moment for them, and they could not afford to make any mistakes.

At the thought of this, Lilia immediately passed the jade pendant in her hand to Jonina.

Jonina held her breath and focused. She gripped the jade pendant tightly, trying her best to gather all her mental energy.

However, when she opened her eyes the next second, she realized that the jade pendant in front of her had not changed at all.

Such a scene made Jonina's heart turn cold.

She couldn't either?

She carefully handed the jade pendant to Thunder and silently prayed that Thunder could activate the jade pendant and open the barrier.

There were less than ten minutes left.

If they couldn't open the barrier as soon as possible within these ten minutes and enter the spaceship to take refuge, such a thick poisonous fog would definitely take their lives.

## Chapter 936 - Powerless

### *Chapter 936: Powerless*

When she thought of this, her breathing quickened. Her expression was one of panic and helplessness. She did not know what to do.

Even though she was thinking this, she suddenly understood one thing.

The three of them were all ninth-grade martial Saints, and their strength was about the same. Only Lei ting, as a man, might be stronger than them.

However, if she and Lilia could not do it, then the lightning, which was not much higher than her, might not be able to do anything.

Jonina held her breath nervously, her eyes fixed on Thunder in front of her, hoping that Thunder would be able to do this.

Thunder clenched the pendant tightly and mumbled something. The breathing of the people around him began to Quicken.

Very quickly, Jonina's face brightened up. She looked at this scene with extreme excitement, and her breathing instantly became rapid.

She was surprised to see that the pendant in Lei ting's hand suddenly burst out with a blue light!

A tiny bit of the blue light emerged. It was only the size of a fingernail, but it was enough for Jonina to sense just how powerful the energy contained within the jade pendant was!

In that instant, Jonina was so emotional that she was about to cry.

Did he finally succeed?

At that moment, Thunder looked extremely nervous.

His breathing was a little short and uneasy, and his face was full of anxiety. He couldn't help but look at the jade pendant in front of him hesitantly, and cold sweat dripped down his forehead in large drops.

"Ah!"

"Arghh!" Thunder suddenly let out a pained roar. The next second, the jade pendant in his hand was like a flame, constantly burning him. His breathing began to Quicken, and he felt like he was on fire.

Thunder groaned in pain and quickly threw away the jade pendant in its hand.

Fortunately, Qiao Annie, who was beside him, quickly caught the jade pendant and handed it to Liang Wenyan with an apologetic expression.

"I'm sorry, Mr. Liang. I'm afraid we can't activate this jade pendant ..."

Joanna's expression turned ugly.

Not even lightning!

Who else in this group of people could do this?

When he saw that these people had failed, Liang Wenyan, who had been calm, suddenly smiled.

His face was full of excitement, and he said urgently, "Hehe, don't be anxious. Let me try."

Liang Wenyan's heart was filled with pride.

His eyes were filled with smiles as he calmly held the jade pendant in his hand.

In fact, from the beginning, Liang Wenyan had been looking for an opportunity to show off his strength, but he was not an ordinary person.

However, he had never found the right opportunity.

Now, he finally had the chance to show off. Of course, he had to do it well and give himself a chance to do so.

At the thought of this, Liang Wenyan immediately smiled and took the jade pendant from his hand. Then, he said with a smile, "Everyone, please step back a little."

The gray-haired man's face was filled with curiosity. He could not help but look at Zhou Hao hesitantly. Then, he slowly asked, "Boss, what do you think this kid is pretending for?"

"When he tried to activate the jade pendant, he didn't even make such a big scene. If this kid says this but doesn't succeed, then wouldn't it be embarrassing?"

At the thought of this, Zhou Hao's expression suddenly became extremely serious. He glanced at Liang Wenyan in front of him indifferently and then said word by word again, "Maybe he really has a way to open it."

"If there's a way, why didn't he open it directly from the beginning? why did he have to let these people try it before he came out and said he had a way?"

After Zhou Hao heard Ning Yuchen's words, a helpless expression appeared on his face.

He couldn't help but shake his head helplessly. Then, he said gloomily, "I think this Liang Wenyan is someone who likes to stand out."

"He wanted to show these people that none of them are as good as him. That's why he was willing to step out and do this."

"Or maybe he doesn't know if he can open the Jade himself, so he wants them to try. That way, even if he fails, he won't be laughed at."

After hearing this, the gray-haired man nodded. He couldn't help but slowly say in a serious tone, "Boss, I think you're right. This matter is indeed as you said."

"That Liang Wenyan is indeed someone who likes to stand out. Perhaps this time, he has already thought of how to stand out, so he is willing to do this."

This short sentence made these people feel that there was indeed such a possibility.

However, the others did not seem to feel anything. They were still looking at Liang Wen yuan nervously. They felt that Liang Wen yuan would definitely be able to activate the energy in the jade pendant and open the barrier.

Liang Wen yuan obviously felt the same way.

His face was full of smiles, and then his eyes were full of seriousness as he looked at the pendant in his hand. Then, he held his breath and concentrated, intending to activate the energy in the jade pendant.

However, in the next second, something that surprised everyone happened.

The jade pendant did not change at all in Liang Wen yuan's hands. It was like a dead stone.

After all, when Thunder tried to activate the jade pendant just now, there were many sparks on the jade pendant.

However, there was no reaction at all. This was simply an insult.

Liang Wen yuan also saw this scene clearly. His expression suddenly changed imperceptibly. Then, he tried hard to inject all his power into the jade pendant in his hand.

However, something that Liang Wen yuan found unbelievable happened.

The jade pendant in his hand seemed to be dead. There were no changes at all, and there were no waves at all!

## Chapter 937 - -activation failed

*Chapter 937:-activation failed*

When Liang Wen yuan saw this scene, he was completely flustered.

His breathing was rapid and his eyes were filled with disbelief. He couldn't help but look at the jade pendant in front of him hesitantly. He was so nervous that he couldn't help but stutter.

"How ... How did it become like this? I should be fine. Why can't I open it?"

At that moment, Liang Wen yuan was completely flustered.

He really didn't expect that his own power couldn't activate the energy contained in the jade pendant at all!

When he realized this, Liang Wen yuan was about to fall into despair.

How did this happen?

This jade pendant was his!

It was his family heirloom, and he had always carried it with him. Could it be that such a powerful treasure was not of any help to him?

Liang Wen yuan was so nervous that a layer of sweat began to form on his forehead.

Many people around them looked at Liang Wen yuan in confusion. They could not help but ask hesitantly, "Mr. Liang, what's wrong? why aren't you activating the Jade?"

A hint of surprise appeared on Lilia's face. She could not help but ask hesitantly, "Mr. Liang, don't tell me you don't know how to activate this jade pendant?"

"Yeah, the Thunderbolt just now even made the Jade give off a bright light, but Mr. Liang, as the owner of the Jade, can't even open it at all. This is too unbelievable."

"I think so too. Mr. Liang was probably too nervous just now, so he forgot how to open the jade pendant."

Jonina was also confused. She could not help but ask hesitantly.

"Hehe, don't worry. I'll try again. I'll definitely be able to open it."

Liang Wen yuan's breathing began to become rapid. He looked at the jade pendant in his hand nervously and couldn't help but take a deep breath. Then, he said hesitantly, "I remember my mother teaching me how to open the jade pendant."

"But 80% of it is activated according to one's strength. I guess the method I used just now was wrong, so it didn't open."

Liang Wen yuan hurriedly explained, and then he laughed and said, "Don't worry, I'll definitely have a way to open it. "

At first, the surrounding people were still full of suspicion.

They looked at Liang Wenyuan in front of them with a serious face, wondering if he actually didn't know how to open the jade pendant at all because he wasn't strong enough.

However, since he had already said so, it wasn't good to say anything else.

They all nodded and stood aside, quietly watching Liang Wenyuan open the jade pendant.

Who knew that in the next second, something that made them feel shocked happened.

This was because Liang Wenyuan had no way of opening the jade pendant and releasing the energy inside!

Liang Wenyuan's expression turned ugly when he saw this. He had no idea what he should do.

"I ... I ..."

Liang Wenyuan stammered and stammered, unable to say a single word.

At this moment, his face turned extremely ugly. He felt that he had no face to continue saying anything in front of these people.

Jonina did not give Liang Wenyuan any chance to feel ashamed. He only nodded his head indifferently, then asked hesitantly, "Mr. Liang, do you actually not know how to activate the jade pendant?"

"I ..."

Liang Wenyuan was suddenly stumped. At this moment, he only felt that his face had been slapped. He didn't know what to do at all.

Beside him, Jonina could not help but glance at Zhou Hao, who was standing in the distance. Then, she hesitantly asked, "Mr. Zhou, I would like to ask, do you have any way to activate this jade pendant?"

However, just as Jonina asked this, Lilia's expression turned extremely ugly.

Her expression suddenly became very anxious, and then she said with anxiety in her eyes, "Alright, big miss Qiao, I think we don't have to continue asking."

"Why don't we take advantage of this opportunity to escape? perhaps we still have a chance if we escape now. If we continue to waste time here, aren't we just wasting our lives?"

“That’s right. Even we can’t do anything about it. It’s even more impossible for this fifth stage martial Saint to open this jade pendant. I think there’s no need for us to continue trying anything. Let’s hurry up and leave.”

At that moment, everyone’s eyes were filled with anxiety and uneasiness. They wanted to leave immediately and flee for their lives. They did not want to waste any more time here.

They seemed to have forgotten that when Zhou Hao had sparred with Lilia earlier, the strength and standard that he had displayed had far surpassed theirs.

What they wanted to do now was to escape as soon as possible!

Just as everyone was discussing how to leave this place as soon as possible ...

Zhou Hao, who was standing to the side, immediately said in a serious tone, “Let me try.”

Liang Wen yuan’s expression turned ugly after hearing this short sentence.

His face was filled with displeasure. He couldn’t help but suppress the anger in his heart and coldly rebuked, “You want to try?”

“Hehe, I’m very curious. How do you plan to try?”

Zhou Hao’s expression turned extremely ugly after he heard this.

He suppressed the anger in his heart and said with a cold look, “Since we’re a team, of course everyone has a chance to try.”

“Otherwise, why would the more people in the team, the more opportunities we have? isn’t it the same logic?”

After hearing Zhou Hao’s words, the people around him could not help but nod their heads. Then, they said in a serious tone, “I think Zhou Hao’s words are right.”

“Moreover, even if Zhou Hao’s strength and realm are not at level nine, you’ve all seen his strength just now.”

## Chapter 938 - unwilling

*Chapter 938:-unwilling*

"It's no big deal to let Mr. Zhou give it a try. I wonder what Mr. Liang is hesitating about?"

Liang Wenyan's face turned serious after hearing what he said.

He clenched his jade pendant tightly with one hand, his face full of anger and unwillingness.

One must know that he had just vowed that he would open this jade pendant no matter what.

But now, not only did he not open the jade pendant, he even slapped his face.

Anyone who saw this scene would feel very unwilling.

If Zhou Hao were to really open the jade pendant, then wouldn't he be completely humiliated?

At the thought of this, Zhou Hao's expression turned extremely ugly.

He suppressed the displeasure in his heart and said in a serious tone, "I don't think it's necessary."

"The strength and level of each of us are far more powerful than yours. Even if you try, it's just a waste of time."

"I think miss Lilia is right. We should find an opportunity and think of a way to leave this place first. After we leave, it won't be too late for us to come back when the thick fog in the forest has dispersed the next day."

As he spoke, Liang Wenyan was about to keep the jade pendant.

However, in the next second, something that shocked everyone happened!

Zhou Hao took a step forward and suddenly raised his hand, grabbing Liang Wenyan's arm.

Zhou Hao was very strong. He held Liang Wenyan's arm so tightly that he had no strength to resist.

Liang Wenyuan was shocked by Zhou Hao's rude and unreasonable method. His face was full of vigilance. He could not help but look at Zhou Hao in front of him hesitantly and asked, "What ... What are you doing?"

"What, you want to hit me?"

Zhou Hao's face turned cold when he heard this.

He suppressed the displeasure and anger in his heart, and then said with a gloomy look, "Why don't you let me try? did you deliberately poison everyone by letting them breathe in the poisonous gas of the forest?"

After this short sentence was spoken, the faces of the few people present immediately turned extremely ugly.

Many people looked at Liang Wenyuan hesitantly. They suddenly felt that there was something wrong with what Liang Wenyuan had just said.

Their faces were filled with hesitation, and they couldn't help but ask in confusion, "What's going on, Mr. Liang? do you really mean that?"

"No... No, how could you make such a false accusation?"

After Liang Wenyuan heard what Zhou Hao said, his face turned extremely ugly. He really did not expect that things would develop in this direction.

This damned Zhou Hao, how dare he frame me like this, how detestable!

He pointed at Zhou Hao angrily and said, "I never said that. You're the one who's scheming. Why are you trying to sow discord?"

Zhou Hao was stunned. He looked at Liang Wenyuan in confusion and asked hesitantly, "I'm sowing discord?"

"You're the one who's still not willing to take out the jade pendant. So many people have used it, but I'm the only one who's not allowed to use it. Isn't that what you mean?"

"Alright, you can use it!"

Liang Wenyuan's face darkened, and he glared at Zhou Hao with a vicious look in his eyes. Then, he said angrily, "If you can't open the Jade and release the energy inside, you and your friend will stay here!"

"In any case, there aren't many pills left. Didn't miss Joanne just say that there are only two left?"

“Two fewer people means two more chances. Do you dare to take the bet?”

After hearing Liang Wen yuan’s words, Zhou Hao only chuckled lightly. Then, he slowly said, “Sure, but what if I open the Jade and release its energy?”

“Then what do you say?”

Liang Wen yuan’s face was extremely gloomy. He suppressed the anger in his heart and spoke coldly again.

“I want you to listen to me and be my little brother from now on. You can’t go against every word I say or every decision I make. Do you dare?”

Zhou Hao’s face showed a hint of provocation.

He had deliberately used this method to deal with Liang Wen yuan.

Didn’t you, Liang Wen yuan, argue with me just now?

Alright.

Then I’ll make you completely submit to me. In the future, even if you want to challenge me, you won’t have the chance!

When he thought of this, Liang Wen yuan’s expression suddenly became extremely serious.

He suppressed the displeasure in his heart and glared at Zhou Hao with eyes full of hatred. He nodded coldly and said softly, “Alright, sure!”

“Since that’s the case, please be our witness!”

Liang Wen yuan had long disliked Zhou Hao. As long as Zhou Hao could leave the team, his chances of getting the Milky Way star alone would be much higher!

Now, there was such a good opportunity. If he didn’t grasp it well, then wouldn’t there be no such good opportunity in the future?

It just so happened that this brat was also someone who did not know life and death.

His face was filled with solemnness. He then suppressed the anger in his heart and said coldly, “Everyone, please be our witnesses. Have you all heard the bet we made just now?”

Jonina and Lilia nodded, then said in a serious tone, “We heard you.”

“Alright then, open the jade pendant now. I want to see how much you’re worth and how capable you are!”

As Liang Wen yuan shouted angrily, he watched as Zhou Hao took the jade pendant. He then grabbed the jade pendant with one hand and held his breath as if he was chanting something.

When Liang Wen yuan saw this, he could not help but sneer in his heart.

Tsk, deliberately mystifying.

Who didn’t know this trick? close your eyes and mumble a few words, and it’s over. Who are you trying to fool here?

If everyone could do this, then wouldn’t the jade pendant have been opened long ago?

However, in the next second, something that shocked Liang Wen yuan happened!

The jade pendant in Zhou Hao’s hand gradually emitted a small ball of light!

## Chapter 939 - Opening the jade pendant

*Chapter 939: Opening the jade pendant*

The ball of light gradually grew larger and larger.

The originally light blue light slowly condensed into an egg-sized ball of light in Zhou Hao’s hand, and it seemed to be continuously condensing and growing.

Seeing this, Zhou Hao’s expression remained extremely calm.

Countless spiritual energy burst out from his surroundings in an instant and filled the surroundings.

Even Jonina and the others could clearly sense that the ball of light was not as simple as it looked!

A large amount of spiritual energy whizzed toward them. Everyone present could feel the oppressive spiritual energy that was emanating from Zhou Hao's body!

Many people looked at Zhou Hao in shock. They had never thought that Zhou Hao's strength would be so powerful.

Zhou Hao could clearly sense the immense amount of spiritual energy contained in the jade pendant. How powerful was it!

He immediately held his breath and carefully examined the jade pendant.

Then, he turned around and walked to the entrance of the spaceship.

Many people in the surroundings looked at Zhou Hao in shock, not knowing what he was going to do.

Zhou Hao's gaze turned sinister.

He immediately raised his right hand and pressed it on the jade pendant in his left palm. In the next moment, the countless whizzing spiritual energy in the surroundings quickly gathered in Zhou Hao's palm.

In that instant, the jade pendant seemed to be on fire, and it emitted an extremely hot aura.

This aura caused the air around the jade pendant to burn, producing countless violent fluctuations.

The jade pendant glowed brighter and brighter, and the intensity of the burning seemed to be gradually increasing. However, Zhou Hao seemed to feel no pain at all, and continued to stare at the jade pendant in his palm with a serious face.

At the same time, Thunder, who had been watching this scene from the side, was shocked.

One had to know that he had just activated the jade pendant slightly.

If it wasn't for the faint light that the Jade emitted, Thunderbolt would have thought that the Jade didn't have that many effects and that the power condensed by the Jade was just an illusion.

However, the moment the Jade was lit up, he clearly felt a huge amount of energy coming from the Jade!

The feeling of being roasted was like a piece of hot iron being held tightly in his hand. He could not hold the jade pendant in his hand at all, so he threw it away subconsciously.

It was a good thing that Jonina caught it. Otherwise, it would have been terrible if the Jade had fallen to the ground.

Now, when he saw that the jade pendant was in Zhou Hao's hands ...

However, Zhou Hao's expression did not change, and his heart did not skip a beat. His face was full of seriousness as he stared at the jade pendant in his hand. He did not look uncomfortable at all. Suddenly, he was shocked speechless by Zhou Hao.

It was as if Zhou Hao was born to activate the jade pendant. Lei ting believed that if Zhou Hao had been the first to pick up the jade pendant, they would have opened the enchantment of the spaceship and walked in.

However, this was the most crucial moment for Zhou Hao.

Thunder did not say anything. He looked at Zhou Hao with a serious expression. His brows were furrowed as he looked around vigilantly, in case something urgent happened.

Thunder immediately grabbed Jonina's arm and said in a serious tone, "Get ready to go and support Zhou Hao at any time!"

This short sentence caused Jonina's expression to change.

Since when did Leiting care so much about this kid?

Although Jonina was extremely curious and confused, she knew that this was not the time to ask about these things.

Hence, he nodded subconsciously and continued to watch Zhou Hao in case he suddenly needed help.

At that moment, Zhou Hao had already reached the entrance of the spaceship.

He first turned around and looked at the few people present indifferently. Then, he said in an extremely serious tone, "You guys stand a little further away. I'm worried that I might accidentally hurt you later."

Liang Wen yuan's expression turned cold after hearing this short sentence.

He suppressed the anger in his heart and glared at Zhou Hao with eyes full of hatred. He could not help but curse Zhou Hao in his heart.

However, in the next second, he did not dare to disobey Zhou Hao's words. After all, Zhou Hao was the most powerful person in their group.

Now, he could only obediently listen to Zhou Hao's words. He kept backing away, trying to put some distance between him and Zhou Hao. If something really happened, they would be in danger.

Zhou Hao heaved a sigh of relief when he saw the people around him retreating one by one, distancing themselves from the spaceship and himself.

He continued to focus all of his attention on the jade pendant in his hand. Then, he tried his best to calm himself down.

He slowly used his hands to hold the jade pendant. Suddenly, he felt a huge force gathering around his body. Countless forces seemed to be gradually absorbed by the jade pendant, causing Zhou Hao's forehead to break out in large drops of sweat.

He bit his lips tightly and continued to hold on, not letting himself fall.

In the next moment, a piercing light suddenly whistled out. Then, sweat dripped down one by one into the jade pendant.

"Bang!"

A loud sound instantly exploded, followed by a white light that burst out from the distance. It was mixed with a deafening explosion that made everyone present subconsciously hold their heads and squat on the spot, closing their eyes tightly.

Among the crowd, only Liang Wen yuan had a look of disbelief and shock written all over his face. He stared at Zhou Hao in a daze, as if he did not know this person at all. His face was filled with shock.

"How is this possible ... How did this kid do it ..."

Liang Wen yuan's eyes were filled with shock. He looked at him in shock and muttered in disbelief.

## Chapter 940 - Abnormal

*Chapter 940: Abnormal*

“What’s wrong, Mr. Liang? what’s wrong with you?”

When Lilia, who was squinting her eyes to avoid him, saw Liang Wen yuan’s abnormal behavior, her expression immediately became hesitant.

She couldn’t help but look at Liang Wen yuan in confusion and asked in surprise.

“The energy of the Jade ... Was actually ... Opened by this kid.”

Liang Wen yuan’s eyes were filled with shock. He looked at Zhou Hao in shock and could not believe what he was seeing.

However, no matter how much he couldn’t believe it, the scene in front of him was real. It wasn’t fake at all.

Zhou Hao had really activated the jade pendant and released the energy within.

Many people in the surroundings had already felt it. Countless energy whizzed out and filled the air, instantly surrounding the surroundings.

In the next moment, extremely powerful energy gathered and surrounded them.

The energy contained in the jade pendant was like the flood of the opening of a temple, whistling and spreading out.

Lilia and Jonina were instantly dumbfounded. His eyes were filled with shock, and he asked in disbelief, “It’s really open ...”

While they were still in a daze, Zhou Hao had already activated the energy and sent a few beams of energy into the crack of the spaceship!

The thick fog that had been surrounding the spaceship gradually dissipated at this moment!

It was as if the massive energy was slowly devouring the barrier of the spaceship.

The moment Zhou Hao raised his hand, countless streams of dense spiritual energy instantly filled the air, causing the surrounding enchantment to look as if it was being burned by flames.

Many people could see with their naked eyes that there were many small holes left on the barrier after being burned by the flames.

At that moment, everyone could clearly sense that Zhou Hao's cultivation base had increased by several times!

The current him, not to mention a ninth stage realm, even a tenth stage martial Saint realm wouldn't be a problem!

When Lilia and Thunder looked at Zhou Hao again, their gazes were filled with solemnness and fear. They looked at this scene in disbelief, feeling so shocked that they could not even speak.

At that moment, Zhou Hao was rapidly releasing the energy within the jade pendant while holding it tightly. He could clearly feel that the energy contained within the jade pendant was so powerful that even they would not be able to control it if it were to burst out.

Only a third of the energy had seeped out. If the energy in the jade pendant really went out of his control, he would immediately cut off his connection with the jade pendant to protect himself.

The powerful force in the surroundings caused countless hurricanes to spread out, whistling.

The few people around them could barely see Zhou Hao's figure clearly.

His entire body was enveloped by the hurricane. Everyone's faces were filled with shock and suspicion. They couldn't help but take a step forward and hesitantly walk towards Zhou Hao.

In the next second, Zhou Hao immediately waved his arm and slammed it forward. The next moment, the power that whizzed out from the jade pendant instantly turned into an icicle in the air and rapidly pierced towards the weak crack on the spaceship!

The moment the air icicle touched the crack, a loud 'boom' was heard. The entire jade pendant in Zhou Hao's hand was shattered into pieces!

Liang Wenyan, who was watching from a distance, could not help but gasp when he saw this.

His face was filled with shock as he stared at the jade pendant in his hand. When it was instantly shattered into pieces and no longer existed, his eyes were filled with fear and uneasiness. He couldn't help but shout, "My jade pendant!"

But now, it was the most critical moment to open the enchantment!

With a loud 'boom', in the next second, more than a dozen balls of light flew out from the broken jade pendants and quickly hit the crack hard!

Success or failure depended on this one move!

Just as the countless balls of light smashed into the crack, a thick fog suddenly spread out in the surroundings. A series of loud 'Kacha"Kacha' sounds instantly erupted. The crisp sounds continued to explode, as if glass was being shattered.

"Hu~~Hu~Hu~"

In the surroundings, countless piercingly cold auras suddenly burst out with a loud bang. They directly whistled through the cracks and instantly struck everyone's faces!

It was as if a door had been blown open by a hurricane. The gray-haired man, who had lost his balance, and Liang Wenyuan, who was not ready, were instantly blown to the ground!

The two of them fell heavily to the ground, and they couldn't help but let out a series of muffled groans.

On the other hand, Jonina, Lilia, and Thunder all raised their hands to resist this aura. At the same time, their bodies kept on moving backward, staggering a few steps.

When everyone raised their eyes again and looked into the distance, they were shocked to find that there were countless bolts of lightning around the entire spaceship.

Even a small part of the sky on the spaceship had turned a rich blood-red!

Countless bolts of lightning struck down, as if they wanted to split the Flying Ship into pieces!

This scene instantly stunned Jonina. She could not help but stagger back a few steps. Just as she was about to Dodge, she heard the gray-haired man's excited roar,""I've succeeded! I'm about to succeed!"

Everyone was stunned as they looked at the gray-haired man in confusion. However, in the next second, something that shocked everyone happened!

The huge spaceship suddenly rose up slowly and floated half a meter above the ground as if it had just landed!

A series of 'creak, creak' sounds were heard. Everyone's heart was in their mouth as they looked at the spaceship in panic, not knowing what was going on.

In less than a minute, the spaceship stabilized, and the shocking scene in front of them disappeared. Then, Zhou Hao opened the door of the spaceship and waved to the people. He said seriously,""The barrier has been broken, let's go!"

A loud roar caused the gray-haired man to snap back to his senses from his shock.

After he came back to his senses, he immediately walked towards the entrance of the Flying Ship.

## Chapter 941 - miraculous pill

*Chapter 941:-miraculous pill*

Everyone else's eyes also flickered as they watched this scene in shock.

When he came back to his senses, he immediately rushed towards the entrance of the spaceship without saying a word!

There were less than 30 seconds left before the medicinal effects of the pill disappeared!

They had to enter the spaceship shelter as soon as possible.

Very quickly, everyone strode into the spaceship. Just as they were about to enter the spaceship, Zhou Hao suddenly felt a treasure in his storage space shake violently.

Zhou Hao was a little confused. What kind of treasure could have such a huge reaction to this spaceship?

However, Zhou Hao also understood that now was not the time for him to be concerned about such things.

After all, they didn't know what the interior of the spaceship was like or if there were any hidden dangers.

For now, they had to at least wait for their group to stabilize before making any plans.

However, just as everyone's focus was to enter the spaceship as soon as possible and avoid the attack of the poisonous fog, no one noticed that a few sneaky figures had quickly slipped into the spaceship when they were not paying attention.

The group quickly entered the spaceship. Jonina, who was the last to enter, suddenly felt that something was not right behind her.

She quickly turned around to take a look, but she couldn't tell what was wrong. Helplessly, she could only watch as the hatch of the spaceship slowly closed.

When she looked out of the window through the glass of the spaceship again, she suddenly realized that the outside of the window had been shrouded in a thick green fog.

Unsurprisingly, the green mist was the deadly poisonous mist released by the forest.

When she saw this, Jonina's face was filled with lingering fear.

Fortunately, Zhou Hao's strength was very strong, and he opened the barrier in an instant. Otherwise, they would have been poisoned to death by the poisonous mist that kept piling up.

The moment everyone entered the spaceship, the entire spaceship lit up.

Zhou Hao immediately looked ahead. At that moment, they were in a narrow passage. There were several passages in front, back, left, and right, but they did not know where they led to.

He didn't expect the interior of the spaceship to be like a maze, dazzling his eyes.

However, this maze didn't seem to be that simple.

In the next second, Lilia suddenly let out a loud cry in shock. Everyone looked in the direction of the sound in shock and saw that many densely packed squares had suddenly appeared under their feet. Just as all the squares had gathered under her feet, a lightning-shaped pillar of light suddenly came crashing down!

The speed was so fast that it hit her body in the blink of an eye.

Lilia did not even have the time to let out a shrill cry before she was instantly turned into charcoal. She crashed heavily onto the ground and turned into a wisp of flying ash.

At that moment, Liang Wenyuan, who was standing not too far away from Lilia, not more than two steps away from her, had clearly seen everything that had happened just now!

His expression suddenly changed, and his entire body emitted a chill. His pupils suddenly trembled, and he could not help but suck in a cold breath.

Jonina's expression instantly turned extremely ugly.

He suppressed the fear in his heart and his eyes were filled with panic and helplessness. He stared at the scene in front of him. He really did not expect that such a thing would happen!

Lilia had actually been killed right in front of him!

When they saw this scene, Qiao Nina and Liang Wenyuan were not the only ones who were so shocked that they could not say a word. Even Zhou Hao, who was standing in front of them, could not help but gasp.

A living person had been killed in front of them?

Lilia had just been talking and laughing with them.

But now, it had suddenly become like this. What exactly was going on?

Thunder, who was usually calm and collected when faced with problems, could not help but change his expression at this sight.

His pupils constricted as he looked at the scene in disbelief. He simply couldn't believe what he was seeing.

"Shouldn't we use some protective equipment to protect our safety ..."

The air around them was filled with an oppressive feeling. After a long silence, Jonina, who was beside them, could not help but gulp and speak with a nervous expression.

"Is the protective device useful?"

Liang Wenyuan couldn't help but swallow a mouthful of saliva. Then, he looked at the pile of ashes in a panic and became nervous in an instant. His face was full of anxiety and uneasiness, and even his breathing was a little rapid.

"It's ... It's useless,"

The gray-haired man was also so shocked that he couldn't say a single word. He had fallen into despair, and his face immediately became filled with shock. He couldn't help but speak hesitantly, "But we must have accidentally triggered the ship's defense system."

"After all, the magnetic field here is different from the outside. Many high-tech equipment are in a state of malfunction most of the time. We just need to be a little more careful when we enter later."

After hearing the gray-haired man's words, the group of people immediately became vigilant. They looked around in unison, and their eyes suddenly became more vigilant.

Then, their faces were filled with anxiety. They looked around hesitantly and said word by word, "Is there really Milky Way star here?"

"Milky Way star's interior contains an extremely powerful force, and its magnetic field must be different from other items. As long as we can detect this wave of magnetic field, we can easily find the whereabouts of Milky Way star."

Zhou Hao narrowed his eyes and scanned the surroundings.

Then, they realized that they were now stuck in another difficult problem.

That was to choose which path to walk on.

"Then we'll choose based on our feelings. After all, there are only three paths. One is to walk, and the other is to go back. We'll just make some marks along the way."

With that thought in mind, Zhou Hao immediately strode forward and headed towards a path on the left.

Seeing Zhou Hao walking away, the people around him followed him one by one.

After all, it was better to have someone lead the way than to have no one to lead them later.

## **Chapter 942 - The mysterious cabin**

*Chapter 942: The mysterious cabin*

Soon, they passed through a long passage and came to a tightly closed door.

On the gate, there was a round-shaped thing that looked like a steering wheel on a wheel. It was shining with a faint blue light.

Liang Wenyan was just about to reach out and touch it when he heard an angry shout behind him.

"Don't touch it with your hands!"

Liang Wenyan was shocked by the short shout.

His face was full of fear and he immediately retracted his arm. Then, his face was filled with shock. He looked at Liang Wenyan in a daze and asked hesitantly, "What ... What's wrong?"

Liang Wenyan's spirit tensed up when he was suddenly called out by this angry shout.

He couldn't help but look around timidly, afraid that there was some danger that was constantly approaching him.

The angry roar just now had come from Jonina.

She had already seen how dangerous the scene just now was, so she knew that danger was everywhere on this spaceship.

If they didn't handle this matter with caution, they would most likely lose more teammates.

When she thought of this, Qiao Nina finally shouted at Liang Wenyan.

After Jonina finished speaking, she quickly strode over to where Liang Wenyan was.

When she reached the door, Jonina first took out the electric shock detector and set it up. She realized that it had not malfunctioned yet, so she immediately pressed it on the door.

After a series of loud beeping sounds, the value on the electric shock detector was rising rapidly.

Liang Wenyan's face turned pale when he saw this.

He couldn't help but feel a lingering fear in his heart. He thought to himself that if he had really reached out and touched the steering wheel with his hand, he would have been electrocuted to ashes!

Good fellow!

There was really danger everywhere!

Liang Wenyan's expression was extremely nervous and he subconsciously took a few steps back. He tried his best to keep a certain distance from the door in front of him so that he would not have any contact with it.

Very quickly, the value rose from zero to 12000 volts.

Everyone who saw this number was instantly frightened.

The faces of the surrounding people became extremely nervous, and their breathing became rapid. Their faces were full of fear and uneasiness, and their eyes were full of shock. They looked at this scene in a daze, and they were so nervous that they began to stutter.

“This ... Why are there so many strange things happening on this spaceship?”

Liang Wenyuan was suddenly frightened, and then he said in frustration, “If I had known, I wouldn’t have come in.”

After coming in, not only did he destroy his family heirloom, the jade pendant, he was also almost struck to death by lightning, electrocuted by high voltage!

Liang Wenyuan really did not want to experience such a thing a second time.

At this moment, Liang Wenyuan’s heart was filled with regret.

If he had known earlier, he wouldn’t have chosen to work with them. This group of people were all pig teammates!

The others who had come in with them had all disappeared. They probably already knew that the poisonous gas would be released in the forest at night, so they had already hidden.

Why did they have to spend so much effort to come to this dangerous place? wasn’t this just courting death?

When they saw this scene, the people present were instantly flustered and helpless. Their breathing carried a trace of urgency as they looked at the steering wheel-like door handle with confusion.

“Do any of you know what the hell this is?”

Liang Wenyuan nervously swallowed a few mouthfuls of saliva. He looked extremely panicked as he said, “Can we still go over? this thing can’t be touched, and we can’t open it. Aren’t we just waiting for death here?”

“This should be the anti-theft device inside the spaceship.”

At this moment, the gray-haired man who had been silent all this time suddenly stood up.

His face was full of solemnity as he suppressed the nervousness in his heart. With a serious look in his eyes, he said, “I once heard my teacher talk to me about the legend of the forbidden land.”

“He came to the forbidden land before in search of a life-saving secret fruit. That’s why he came here once.”

“At that time, I was curious, so I asked him a lot about this forbidden land. He once told me that there was indeed such a huge spaceship in the forbidden land.”

“It is said that hundreds of millions of years ago, there was once a person from planet borognaquinn. Their technology was very advanced. You should all know about Atlantis, right? their technology was even more advanced than Atlantis by a hundred thousand years.”

“So, this ship was left behind by them when they came here to visit the forbidden land.”

“The reason why they were able to come in with a spaceship was that when they first arrived here, the barrier was at its weakest, so they directly drove the spaceship in.”

“They don’t know that the magnetic field in the forbidden land is extremely complicated and chaotic. Sometimes it’s good, sometimes it’s bad. That’s why the entire spaceship stopped working in the forbidden land and can’t be activated anymore.”

“However, some of the internal settings can still be activated. This is the power of this spaceship.”

After the gray-haired man finished speaking, the surrounding people nodded in shock. Then, their eyes were filled with disbelief.

As everyone looked on in shock, the gray-haired man suddenly strode forward.

He first squinted his eyes and carefully observed the door handle. Then he said with a serious face, “Although this doorknob has a high voltage power, it’s not like there’s no way to solve it.”

“Didn’t I just say that the magnetic field in this place will be chaotic at times? we just need to open the door and enter the moment the magnetic field is chaotic.”

Zhou Hao looked a little nervous.

The reason why their shapeshifter didn’t stop working when they came in had yet to be found.

If it was because of the magnetic field, would their shapeshifter fail at the moment the magnetic field was in chaos?

Although they had already made a promise with the kogates, and no matter what, they would not be betrayed by them.

However, it did not feel good to be exposed by them.

## Chapter 943 - High voltage

*Chapter 943: High voltage*

The gray-haired man did not notice that Zhou Hao was trying to signal him with his eyes.

He was still looking at the door handle in front of him sternly. Then, he said to Jonina, "Do you have any conductive devices?"

After hearing this, Jonina immediately nodded her head and quickly said, "Yes, yes, here, for you."

Liang Wenyan's face darkened, and he said anxiously, "Why don't we choose another path?"

"No,"

As soon as Liang Wenyan finished speaking, Zhou Hao, who was standing beside him, interrupted him coldly.

"Why can't I?"

Liang Wenyan's face suddenly turned dark. He suppressed the displeasure and anger in his heart, and with eyes full of anger, he said, "We've encountered a difficult problem. Can't we change our thinking?"

"If we can't open this door, do we have to stay here forever?"

Liang Wenyan's expression was extremely serious. He had long been dissatisfied with Zhou Hao. After all, if it weren't for him, his jade pendant would not have been broken.

That jade pendant was his family heirloom. However, it had been shattered by Zhou Hao.

Now, this brat actually said such words. It was simply too hateful.

Liang Wenyan couldn't help but wonder if he was deliberately going against him.

Zhou Hao's expression turned serious as soon as he heard the short sentence.

He glanced indifferently at Liang Wenyan in front of him, and then his face showed a bit of anger. He suppressed the anger in his heart and said coldly, "Do you think you can escape?"

"There are traps everywhere. We may have escaped from this, but can we escape from the next one? do you think that you can escape from something? if things were as simple as you think, then it would be great."

When they were at the entrance of the spaceship, Zhou Hao had already begun to feel dissatisfied with this kid.

Everyone tried to use the jade pendant to open the barrier, but this damned brat refused to give it to him. This was too much.

And he kept saying such disheartening words, saying things like he wouldn't have come this way if he had known earlier, or that he would turn around and run if he couldn't get through. Was this something a normal person who was willing to take risks in a forbidden place should say?

Zhou Hao looked down on such people the most.

Liang Wenyan was rendered speechless by her words.

His face was extremely serious and his eyes were cold. He glared at Zhou Hao and angrily rebuked, "Alright, alright. Since you said that you can solve it, then why don't you do it if you have the ability?"

"You only know how to stand at the side and not say anything. At the critical moment, you only know how to say this and that. What do you mean by this? if it wasn't for the fact that we didn't know each other before this, I would have suspected that you were deliberately making fun of me."

Liang Wenyan said indignantly. His face was filled with a cold and suppressed expression. He stared at Zhou Hao in front of him and scolded him coldly.

Zhou Hao looked at Liang Wenyan indifferently. He suppressed the anger in his heart and said coldly, "Liang Wenyan, we're business partners after all."

"We're also members of the same team. If you don't even have this little bit of trust, I don't think there's a need for us to continue working together."

"When we encounter a problem, we should be thinking of a solution instead of complaining about it."

After saying this short sentence, Jonina and Thunder could not help but nod their heads with extremely serious expressions.

Their faces were filled with solemnness as they suppressed the anxiety in their hearts. Then, they said word by word, "I think Zhou Hao is right."

"Now, the most important thing for us is to solve all the problems we encounter as much as possible."

"When we first came here, didn't we already make mental preparations? as long as we can come to the forbidden land, we will find a way to break through all obstacles and get Milky Way star."

The short speech had already made their positions clear.

Right now, both Qiao Nina and Thunder were on Zhou Hao's side. They did not listen to him at all.

Although Liang Wenyuan felt resentful and dissatisfied, he now understood that the minority still had to obey the majority in their team.

Since Zhou Hao could solve this problem on his own, he would just stand aside and wait. Why should he care so much about it?

Thinking of this, Liang Wenyuan immediately said in a serious tone, "Alright, since you've all said so, then it's settled,"

"But I don't have a way to solve this problem. You guys can figure it out by yourselves."

After Liang Wenyuan finished speaking, he did not continue speaking.

He leaned to the side and kept a distance from the door, as if he was worried that he would be implicated if something dangerous happened later.

Just as the gray-haired man took the device from Jonina ...

Zhou Hao, who was standing at the side, said with a serious expression, "Although I don't know how to avoid the high voltage, I do know a way to lure it away."

Zhou Hao's expression was extremely calm.

One had to know that he had previously bought a shop-guiding spell technique at an auction.

If he used this move, he might be able to draw the high voltage away from the door.

After listening to Zhou Hao's words, the group of people's faces suddenly became serious. They looked at Zhou Hao in unison, their faces full of anticipation. Then, they asked hesitantly, "Do you really have a way?"

Zhou Hao did not answer. Instead, he looked extremely calm. He immediately took out a transparent square instrument from his storage space.

The next second, under Zhou Hao's control, the device suddenly burst out with the power of Thunder, which directly condensed into a cloud of Thunder mist!

A powerful force was still lingering on the transparent square panel.

Not long after Zhou Hao activated the door, the lightning on the door handle twisted and arched as if it was about to be absorbed.

It was nearly 10000 volts of voltage!

## Chapter 944 - Lightning device

*Chapter 944: Lightning device*

If they were really attracted by the lightning, even if they had devices that could protect them from the voltage, they would not be able to withstand the lightning struck by the violent voltage, let alone them.

All of them would end up like Lilia just now, or perhaps even more miserable than Lilia. They would be electrocuted and turned into a pile of charcoal, and when the wind blew, not even a speck of them would be left.

In that instant, Jonina and Thunder both took a few steps back nervously.

Their faces were filled with anxiety. They looked at Zhou Hao hesitantly and asked carefully, "Mr. Zhou, is this device of yours really useful ..."

Zhou Hao didn't say anything. He immediately held the device in his hand.

In the next moment, something that shocked everyone happened.

The lightning on the doorknob was suddenly sucked up rapidly. Countless lightning bolts that were attracted to the door fluctuated instantly and exploded in mid-air!

Zhou Hao was also shocked when he saw this. After all, he was still holding the electric voltage device in his hand.

If the lightning that was attracted to him had struck him directly, Zhou Hao would have been turned into a pile of dust.

At that moment, Zhou Hao's forehead was covered with sweat due to his nervousness.

His entire back was instantly soaked.

When they saw this scene, Qiao Nina and Thunder were shocked. Their faces were filled with panic and helplessness as they looked nervously at Zhou Hao. Their eyes were filled with anxiety and uneasiness as they looked at him.

"You ... Are you confident?"

Liang Wenyuan's expression changed as well. His eyes were filled with panic and he subconsciously took a few steps back.

Their gazes were filled with fear, and their nervous tone became tense.

Suddenly, everyone's heart could not help but start to feel nervous. They only felt a little fear and panic in their hearts.

When the crowd witnessed Zhou Hao's amazing ability, they suddenly felt a sense of crisis in their hearts.

Their hearts suddenly thumped, and their faces became extremely nervous.

At that moment, everyone's opinion of Zhou Hao began to change.

Beside him, Jonina's expression turned extremely serious. She stared at Zhou Hao and instantly realized that there was a very serious problem.

This Zhou Hao was definitely not as simple as he looked!

The faces of the few people present were filled with fear. They looked at the scene in front of them with complicated eyes, not knowing what to say.

One had to know that the lightning attracting device in his hand was too powerful and complicated.

What had happened just now was actually extremely disadvantageous to them in the beginning.

However, the moment Zhou Hao stepped forward, the matter was immediately resolved. This was enough to prove how powerful he was!

Perhaps, this kid had been hiding his strength all along and had not displayed it yet.

When she thought of this, Jonina's expression instantly became extremely nervous.

In his heart, he was also a little afraid of Zhou Hao.

In the blink of an eye, the light of the lightning device in Zhou Hao's hand was extinguished.

Then, the lightning on the door handle disappeared.

When he saw this, Zhou Hao's expression finally calmed down. He walked to the door and turned to Jonina, "Miss Qiao, can you let me use your lightning detector?"

When Jonina heard that, she immediately handed the lightning detector device to Zhou Hao with both hands.

Zhou Hao nodded and immediately placed the monitoring device on the door handle.

As the time of the test passed by, the number on the instrument remained at '0'. The people around them heaved a sigh of relief.

The high voltage on the door handle had been completely absorbed!

At that moment, Zhou Hao immediately grabbed the door handle and opened the door.

The moment the door opened, everyone gathered their courage and followed Zhou Hao.

When everyone saw what happened inside the door, they were so shocked that they stood rooted to the ground, speechless.

Many people were stunned for a long time, their eyes full of shock.

Liang Wenyuan suppressed the shock in his heart and couldn't help but take a deep breath. He looked at the scene in a daze, his eyes full of shock.

Jonina's eyes were filled with excitement, and her breathing became hurried. A faint light flickered in her eyes as she stared at the scene in the distance. Her eyes were filled with shock.

As for the gray-haired man, he was so shocked that he could not say a word.

The huge house was extremely bright, and in the center, there were nine huge 'sky-supporting pillars'.

Each pillar was made of transparent, super-precise glass. It was unknown what kind of water was soaked in it, but it emitted a faint blue light, shimmering.

There were nine middle-aged men carved on the glass, and they didn't look like people from the planets he knew.

Because of the transparent glass, it was impossible to see the color of their skin.

Each of them was well-built and strong, each wearing a different crown on their heads. One look and one could tell that they were King-like existences on their planet, definitely not ordinary people.

Their bodies seemed to constantly emit an extremely fierce aura, as if they were Venerables who stood between the heaven and earth.

When Jonina and Thunder saw this, their eyes widened in shock. They were shocked and could not believe what they were seeing.

Inside each glass, there were treasures floating.

The treasures inside were obviously not ordinary treasures!

Some were lightning swords, some were quick-strike Spears, and there were many treasures they had never seen before.

They were all floating in the air and Zhou Hao looked at them curiously. When he saw the treasures that were formed inside, he could not help but gasp!

The treasures inside were actually scrolls that could increase defense and energy and attributes!

## **Chapter 945 - Energy meteorite**

*Chapter 945: Energy meteorite*

Zhou Hao could not help but gasp when he saw the scroll.

This had always been the legendary Green Dragon Scroll. It was said that if one were to obtain this scroll, one would be able to raise one's defensive capabilities and energy to the highest level!

To put it bluntly, his realm could still be raised by several levels!

Moreover, Zhou Hao was not the only one who noticed it. The few people around him had also noticed the treasure inside!

Not only that, but what shocked everyone was that in the middle of the nine pillars, there was an energy meteorite floating slowly!

"This ..."

Liang Wenyuan couldn't help but gulp. He looked at the scene in shock and asked hesitantly, "Could this be the legendary ... Milky Way star?"

"No, this isn't."

Just as everyone was hesitating, the gray-haired man, who had been silent all this time, suddenly stood up with a serious expression.

He took a step towards the door and said in a serious tone, "This is an energy meteorite. It's the energy source that drives this entire flying ship!"

"The energy source in its body is tens of thousands of times more than that of Mr. Liang's heirloom, the jade pendant!"

"That's why this spaceship can still be renewed and restarted after thousands of years!"

However, at this moment, Zhou Hao was so shocked that he was speechless.

His entire state of mind was shaken. He suddenly felt that the will of heaven and earth contained in this energy source stone was about to be unable to be concealed and was about to erupt!

The energy source stone was surrounded by nine sky-supporting pillars. It represented the heavens and earth, an extreme realm!

The cost of building this spaceship would definitely be an astronomical figure. It was not a technology that they could imagine at all!

At that moment, Liang Wenyuan's body began to tremble uncontrollably. His eyes were full of shock as he looked at the huge spaceship in front of him. His breathing began to become rapid.

"What kind of advanced technology is it to be able to build such an advanced and mysterious spaceship ..."

Liang Wenyuan couldn't help but take a step forward. Step by step, he walked into the house.

However, the moment he walked in, he was suddenly pulled back by Jonina.

Liang Wenyuan suddenly came back to his senses. He looked slightly displeased and could not help but look at Qiao Nina hesitantly. He asked in confusion, "You ... Why won't you let me go over?"

"The handle of this door was full of danger. We still haven't checked if there are any hidden traps in this room!"

"If you go in so rashly and get hit by the mechanism, Won't You Be finished? why are you still so reckless after experiencing so much?"

That short sentence made Liang Wenyuan suddenly realize that he seemed to have done something incredible.

He awkwardly retracted his steps and helplessly asked, "Then what should we do now? we can't just stay here and not go in."

"That's right. There has to be someone who takes the first step to ensure everyone's safety."

Thunder, who had been silent all this while, suddenly became serious. He glanced at Jonina indifferently, his brows slightly furrowed as he slowly spoke.

"It doesn't matter. The magnetic field isn't in disorder yet, right? we can use the probe robot to let him in and explore first."

Jonina had always been a cautious person. When she saw this, she immediately finished speaking in a serious tone and quickly took out a palm-sized cube from her pocket.

Under Jonina's control, the small cube suddenly shattered rapidly. Then, it condensed bit by bit and gradually pieced together into the shape of a human.

"The technology of the kogasi people seems to be quite advanced."

The gray-haired man suddenly lowered his voice and said to Zhou Hao.

Zhou Hao gave him a look, and the gray-haired man nodded. He stood guard at the side, watching the situation in the house vigilantly.

Jonina quickly finished assembling the exploration robot. Then, she wrote a program and inserted it into the robot.

Soon, the robot was fully loaded. Then, it quickly strode into the room.

The robot first strode in, then went straight to the pillars in the middle.

When the surrounding people saw this scene, their faces instantly turned into joy.

Especially Liang Wenyuan, he couldn't help but say excitedly, "It seems like there's nothing here. We can go and get the treasures."

It must be known that the weapons inside were all rare high-level weapons. Whether it was a sword, a pistol, or even a protective spell, they were all the most advanced and high-tech weapons.

That technology that was 10000 years more advanced than theirs was a hundred times more powerful than their current technology. If they could really use it, it would definitely make their trip to the forbidden land reach a higher level.

However, before Liang Wenyuan could finish his words, something that shocked everyone happened!

A bolt of lightning suddenly struck down.

In the next second, the exploration robot was smashed into pieces.

With a loud crash, the entire exploration robot was smashed into pieces in the next second. It could no longer stand up and could only be smashed into a pile of debris. It could only Twitch on the ground without any strength to get up.

Seeing this, Liang Wenyuan's face, which was originally full of excitement and smiles, suddenly turned pale.

The smile on his face instantly froze on the spot, as if he was so shocked that he couldn't say a word. He stood there in a daze, looking at the fragments on the ground in horror and fear, not daring to breathe.

"It's ... It's been destroyed just like that?"

"There's really high voltage electricity everywhere in this spaceship!"

Jonina immediately looked at Zhou Hao, then said politely, "Mr. Zhou, there doesn't seem to be any other danger in here. Can the device you just used also draw away the lightning and help us retrieve our weapons?"

Zhou Hao nodded and said in a serious tone, "It's not a difficult task. "

## Chapter 946 - -hostage

### *Chapter 946:-hostage*

After hearing these words, the people around them suddenly heaved a sigh of relief.

At least, they knew that there was still hope for them to retrieve the treasure. It was enough as long as they had a way.

Thinking of this, Zhou Hao immediately strode forward and took the lead to stand in front of the nine sky-supporting pillars. Then, he took out the device in his hand and prepared to absorb the high voltage above.

However, just as Zhou Hao stepped in, he heard a series of hurried footsteps behind him.

When they heard this voice, everyone's faces changed!

They stood together vigilantly and got into a defensive position. They looked back in unison and saw a group of ten people quickly gathering in their direction!

They were wearing black protective armors that wrapped themselves up tightly.

This group of people didn't look like good people at first glance. Although they were all wearing glass masks, he could still see that they were staring at him covetously, as if they could kill him at any time.

Seeing this, Zhou Hao, who was in front of him, was shocked.

His face was filled with solemnity, and he immediately suppressed the anxiety and uneasiness in his heart. He couldn't help but look at the few people in front of him hesitantly.

When they saw their hurried steps and hurried over, each and every one of them was shocked. They looked at the group of people with extreme vigilance and asked hesitantly, "Who are you people?"

The group of people looked at each other. After exchanging a glance, they immediately took out their weapons and pointed them at Jonina's group. Then, they coldly rebuked, "Don't move! All of you, stand still! Don't resist!"

Jonina's face was instantly filled with shock, then with a hint of fear and uneasiness. She looked at the group of people with an extremely anxious expression, then asked hesitantly, "Who are you people?"

"Shut up! Do you have the right to speak here? just shut your mouth and stand aside!"

The man in the lead held a quick-fire pistol in his hand and aimed it at the heads of several people. It seemed that if they said one more word, the man would immediately activate the quick-fire pistol and turn their heads into sieves.

When she saw this, Jonina immediately stopped talking. Instead, she did as they were told. All of them obediently took a few steps back and stood to the side. They did not say anything more.

Leiting and Liang Wen Yuan, who were standing at the side, also looked at this group of people nervously. Then, they followed their instructions and took a few steps back.

The gray-haired man was also shocked, but he knew that the rapid-fire guns in their hands were just for show.

They probably didn't know that when they entered this place, some of the chaotic magnetic fields would affect some of the high-tech electronic equipment, causing some of them to malfunction.

Zhou Hao looked warily at the group of people who had suddenly appeared. They were definitely not people who had been hiding in the spaceship. They must have sneaked in while they were not paying attention.

This group of people should also be looking for Milky Way star, so they came here.

It seemed that they had mistakenly thought that the secret room they had found was the place where Milky Way star was hidden.

However, Zhou Hao did not know who the other party was. Hence, he did not go up and fight them head-on. Instead, he glanced at them indifferently and followed their instructions. He took a few steps back.

In the next second, these people walked straight into the room where Zhou Hao was standing.

They still did not put down their rapid-fire guns. Instead, they were still aiming at the heads of Jonina and the others. They then roared at them and said coldly, "All of you get out, this place is ours!"

When Zhou Hao heard this, he immediately gave the gray-haired man a look.

The gray-haired man understood and immediately laughed. "Alright, alright, alright. Big Brothers, you're right. We'll leave now, we'll leave now."

Then, Zhou Hao stepped backward and walked out of the room.

The gray-haired man closed the door. Then, a group of people stood at the door, their faces extremely serious.

How could they be willing to let the treasure that was about to be in their hands be snatched away by a group of people who had suddenly appeared?

Liang Wenyuan, who was standing at the side, finally found a suitable opportunity to criticize Zhou Hao. He glared at Zhou Hao unhappily and then said in a serious and helpless tone, "It's all your fault!"

"Just now, you were the one who wanted us to face the problem and solve it. Now that we've encountered a problem, you're the one who's running away!"

"We're so close to getting the treasure. Why are you suddenly so afraid to go over? why are you retreating? the duck that we've gotten has already flown away. I think you're just a piece of trash. "

Liang Wenyuan, who was flustered and exasperated, did not care about anything else at this moment. He pointed at Zhou Hao and scolded him so much that his face looked extremely ugly.

"Alright, that's enough. It's not Zhou Hao's fault."

"We still don't know who the other party is. If we rush over and fight them head-on, it's very likely that we'll be killed by them. We're here to ask for something, but before that, we have to ensure our own safety," Jiang Chen said.

Qiao Nina's words made Liang Wenyuan unable to say anything.

He could only roll his eyes at Zhou Hao with an unhappy expression. Then, he turned around and sat on the ground with his back facing Zhou Hao. He did not say anything more.

Zhou Hao glanced at them indifferently and chuckled.””Do you think that they can leave this place safely even if they take these treasures?”

“What do you mean by that?”

Liang Wen yuan looked at Zhou Hao impatiently and could not help but ask.

“If you have something to say, just say it. Why keep us guessing?”

At this moment, Liang Wen yuan’s tone and attitude had become very bad. He could not help but frown and scold Zhou Hao, looking impatient.

## Chapter 947 - fisherman benefits

*Chapter 947:-fisherman benefits*

“When I went in just now, I already looked around. This is the only door in that room, which means that room is the command center of this spaceship.”

“If they want to snatch the treasure and leave this place, then this door is the only path they have to take.”

“Not only were those treasures protected by high voltage electricity, but there was also a mechanism. If we were to forcefully activate the mechanism and take out the treasures, it would definitely release danger.”

Zhou Hao told them everything that he had seen since he had entered the room.

At first, the crowd was still a little disappointed, but after hearing Zhou Hao’s words, their expressions suddenly became tense.

Especially Jonina, her face was filled with a serious expression. She looked at Zhou Hao hesitantly and asked in confusion,””You mean to say that there are more than just the voltage?”

“That’s right. ”

Zhou Hao nodded. His eyes were filled with solemnity as he said word by word, "There's definitely more than one mechanism protecting these treasures. There's no benefit for us to fight head-on with this group of people. Why don't we wait until they've lured away all the mechanisms and then sit back and reap the benefits?"

After hearing these words, the group of people was speechless.

One by one, they sat on the ground and waited quietly at the door for the group of people inside to come out.

This group of people relied on their numbers and equipment, so they didn't take them seriously at all.

If they had dared to resist just now, this group of people would have directly swept them with their rapid-fire guns. Perhaps they would have already been shot into sieves by now.

But fortunately, they were in a hurry to find the treasure. Seeing that they left obediently without any intention of resisting, they did not start a battle.

The forbidden land was extremely strange and dangerous. One could encounter extremely dangerous things at any time.

If they couldn't act according to the situation and quickly get the items and leave this place, they would face an even more serious threat to their lives!

"We don't know what's going on inside. Are we just going to sit here and wait?"

Liang Wenyuan couldn't help but criticize in his heart. "If I knew that they should be outside, I would've gotten rid of these few tails. Look at what's happening now. There's such a big problem in the future. I don't want them to get rid of us before we can even reap the benefits."

Jonina saw this and quickly took out a piece of equipment from her inventory.

It was a transparent, foldable panel. Jonina opened the panel and pasted it on the door. Then, she pressed the activation button, and something that shocked everyone happened!

On the transparent panel, the scene inside the house appeared!

"Holy sh \* t, this is good. It can broadcast live. X-ray vision system?"

The gray-haired man leaned forward with curiosity in his eyes, but he was quickly caught by Zhou Hao.

The gray-haired man couldn't help but smile awkwardly. Then, he asked hesitantly, "Miss Qiao, since you have such a powerful heirloom, why didn't you take it out earlier to survey the situation inside the house?"

A helpless expression appeared on Jonina's face. She could not help but shake her head and explain, "Actually, I did want to do that just now, but this X-ray image needs to be connected to a surveillance machine."

"The surveillance camera must be inside. The door was airtight, and I'm afraid not even a drop of water could get in, so I had no choice. I threw the surveillance camera in when Mr. Zhou went in, so I could see what was inside."

As everyone spoke, they looked up one after another, intending to see what the people in the house were doing.

The next second, something that shocked everyone happened!

They took out a device from their hands and, just like what Zhou Hao had just done, absorbed all the high voltage attached to it!

The next second, they walked toward the center!

Just as the two scrolls in the middle were about to be taken away, a piercing alarm suddenly rang out in the room!

The lights in the room were switched on and off. The atmosphere in the room became extremely tense!

The group of five people outside held their breaths and looked into the room with extremely nervous expressions.

However, very quickly, something that shocked everyone happened!

With a loud 'bang', the four huge tempered glass windows in the room were smashed into pieces. Then, four huge, manic exotic beasts crawled out!

The four-limbed mutated beast was ugly and ferocious. It had extremely long limbs and looked like a mutated Mantis.

At this moment, their eyes were blood red, and green liquid was flowing from the corners of their mouths. They looked extremely disgusting.

They waved the long 'Sickles' in their hands, and before one of the people could react, they quickly cut off the head of one of them!

With a loud bang, the ultra beast's sharp claws and even the extremely hard protective suit were directly cut into pieces. It looked particularly miserable.

The man didn't even have the chance to cry out for help before his head hit the ground heavily. His eyes widened as he looked at the scene in disbelief. Even when he stopped breathing, he still didn't know what happened.

This beast was extremely Savage. After killing one of them, it used its huge claws to directly Pierce the body of the person and threw him into its mouth, chewing him with big bites!

Fresh blood continued to flow down, drop by drop, making the strange beast look even more ferocious.

The grey-haired man was shocked when he saw this.

He couldn't help but point at the strange beast in fear and stammered, "This ... This is ... This is ..."

"A single mutant beast is enough to scare you to this extent. Are you a good-for-nothing?"

Liang Wenyuan was the first to notice that something was wrong with the gray-haired man. He looked at the gray-haired man with disdain and then said in an extremely sarcastic tone, "As a member of the kogasse, do you dare to say you've never seen a beast before?"

"The people on planet mandaronina are almost raising an exotic beast as a pet in every household. How can there be such a good-for-nothing person like you, feeling scared when you see an exotic beast?"

## Chapter 948 - mutated beast

*Chapter 948:-mutated beast*

Liang Wenyuan began to mock the gray-haired man in front of him unscrupulously, as if he didn't take the two exotic beasts that had suddenly appeared seriously at all.

When Qiao Nina heard this, she could not help but nod in agreement with what Liang Wen yuan said.

That's right, of all the known galaxies, the planet with the most exotic beasts was mandaronina.

This time, Jonina, as the princess of planet mandaronina, had personally set out to the forbidden land to search for the Milky Way star. Her goal was to get rid of the exotic beasts on the planet, which were causing an explosive increase in trouble.

Because only after this trouble was resolved could he return to a peaceful life.

This was also Jonina's ultimate goal in getting the Milky Way star.

After annihilating all the exotic beasts, she didn't care even if he didn't want Milky Way star.

On planet mandaronina, there were all kinds of strange beasts. They were huge and had extremely strong combat power. They were almost everywhere. Everyone on the planet had the ability to kill strange beasts.

Logically speaking, they shouldn't be this fearful and uneasy even if they saw dozens of exotic beasts, let alone four.

Jonina could not help but look at the gray-haired man in front of her in confusion. She asked hesitantly, "Sir, what's wrong with you?"

However, the gray-haired man in front of him still looked extremely nervous, and he couldn't help but swallow a few mouthfuls of saliva.

The fear and panic on his face didn't diminish at all.

He looked at the four-limbed strange beast that had suddenly appeared on the screen with fear and trepidation. Then, he asked in a panic, "You guys ... Don't know what this four-limbed beast is?"

The gray-haired man couldn't help but gulp nervously when he was halfway through his sentence.

His attitude made the people present even more confused.

Zhou Hao couldn't help but frown after hearing that. He urged, "Alright, stop keeping us in suspense. Tell us what exactly happened."

After hearing Zhou Hao's urgent urging, the gray-haired man swallowed his saliva and said in a serious tone, "Don't you already know who this spaceship belongs to?"

“It’s man-made by a technology that’s tens of thousands of years more advanced than our current technology. I’ve heard from my master that the people on that planet often do some mutant experiments.”

“These Mantis-like exotic beasts are the mutated exotic beasts they created using their genes!”

“These exotic beasts are extremely strong, be it in terms of combat strength or endurance. Moreover, it’s very likely that they can breathe fire and discharge electricity. In short, their combat strength is extremely strong. I reckon that the original owner of the spaceship arranged for these mutated exotic beasts to be here to guard these treasures.”

Halfway through his sentence, the gray-haired man suddenly felt a lingering fear. He looked at Zhou Hao and suddenly felt as if he had just survived a disaster.

“It’s a good thing that this group of people crossed this road for us. Otherwise, we would be the ones with our heads cut off inside.”

When the group of people heard the gray-haired man’s words, their faces suddenly looked extremely serious. They stared at the situation on the screen in unison, their faces full of seriousness.

Even thunder, who was always calm and silent, had a look of shock and uneasiness on his face.

At the same time, the battle inside was still ongoing.

After the mutated beast, the giant Mantis, ate the man, it moved on to the next person.

However, this group of people in combat suits didn’t look like they were to be trifled with. After they regained their senses, they immediately raised their rapid-fire machine guns and began to counterattack.

A series of ‘Bang Bang Bang’ sounds instantly rang out. In the next moment, countless bullets hit the mutated beast’s body, but it was as if they had hit steel, all of them bouncing back.

The bullets hit the surrounding instruments, causing a burst of ‘zzzzzzz’ sounds, causing the light inside to change even more violently.

The leader was a man in armor with a serious expression. He immediately took out a shield and tried to block the attack of the mutated beast, the giant Mantis.

But in the next second, the giant Mantis used its sharp claws and instantly cut the extremely hard shield into two!

The man who saw this scene was so scared that his breathing quickened and his expression turned ugly.

He immediately took out a Giant Bomb from his storage space. Just as he was about to fire, he was stopped by the people beside him.

“Big brother! Are you crazy? if the bomb is fired, I’m afraid we’ll be blown to death before the exotic beasts die!”

“This place is not big. We can’t use this thing. It’s better for us to leave first!”

“Do you think we can still leave now?”

The man’s breathing began to become rapid. His eyes were filled with darkness as he glanced around. Then, he suppressed the anxiety and uneasiness in his heart and said anxiously, “It’s okay. We have protective clothing that can withstand the power of a level two bomb!”

“Either they die or we die. We have to kill one of them. Otherwise, not only will we not be able to get the treasure here, but we will also lose our lives!”

The man made up his mind. Ignoring his companions’ attempts to stop him, he suddenly roared and immediately said, “All of you, go to hell!”

With a furious roar, the artillery shells were fired in the next instant!

Before the grey-haired man and his group could get up and escape, they felt the entire spaceship shaking from the huge tremor.

Zhou Hao looked up in surprise and realized that there was nothing wrong with where they were.

On the other hand, there was white smoke everywhere in the image, and the situation inside could no longer be seen clearly.

Zhou Hao could not help but sigh in his heart when he saw this. This high-tech spaceship was really awesome.

It wouldn’t be a problem to use a level-two red bomb to blow it up.

It seemed that the technology that the gray-haired man said was 10000 years more advanced than theirs was not just for show.

Seeing that everything was fine, the group of people also stuck their heads out and looked into the screen.

The thick gray fog on the screen was dispersing. When it was gone, the ground was in a mess.

The few men who had barged in were all lying on the ground, dying.

## Chapter 949 - -mutated beast

*Chapter 949:-mutated beast*

?

As for those giant beasts, they still stood in place as if nothing had happened.

They stuck out their spiky tongues and licked their lips. They raised their heads and let out a deafening howl, as if they were announcing the bugle of victory.

The level-two bomb just now was nothing in front of them. It only injured their fur and did not cause a fatal blow at all.

Not only that, but it also caused these people to be on the verge of death. They lay on the ground, no longer having the strength to stand up.

This scene made the few people standing outside the door extremely bold.

They looked at the image in shock. They were shocked by the scene. They had never imagined that things would develop like this!

Even a level-two bomb didn't cause them any harm. Weren't these mutated beasts a little too powerful?

When Liang Wenyan saw this, he was shocked.

His eyes were filled with shock, and he was so scared that his scalp went numb. His breathing quickened, and he subconsciously wanted to run away.

"Forget it, I think we should just leave!"

Liang Wenyan's expression became anxious. Then, he hesitantly said, "Can't you see? that mutated beast's strength is too strong. It's not something we can resist."

“If we insist on going in, wouldn’t that be the same as seeking death?”

Liang Wen yuan’s face was filled with anxiety. He then said hesitantly, “I think we should just wait in this spaceship. When the poisonous fog in the forest dissipates tomorrow morning, we can go to the desert Star.”

Liang Wen yuan was already scared out of his wits. He did not dare to stay there for another second.

After all, although there was indeed a very powerful treasure in that room, they didn’t even know if they would have the life to get the treasure. Right now, it was more important to stay alive.

Outside the door, Jonina and Thunder were also carefully considering this matter.

“I think Mr. Liang is right. Although the treasures are precious, it’s more important for us to stay alive. It’s not worth it to lose our lives for these things.”

After saying this, Thunder, who had been silent all this time, couldn’t help but nod. He said in a serious tone, “I also agree.”

“Everyone, Please don’t forget the purpose of our trip. We are here to find the desert Star, not these insignificant things.”

“If it’s a high-tech treasure, we have plenty of opportunities to look for it, but there’s only one Desert Star.”

Just as these few people were saying this, Zhou Hao, who had been silent all this while, suddenly opened his mouth.

“Actually, it’s not like we don’t have a chance.”

This short sentence made everyone’s faces darken.

Especially Jonina, who had a puzzled expression on her face. She could not help but stare blankly at Zhou Hao and asked in surprise, “What do you mean, Mr. Zhou?”

Zhou Hao scanned the room indifferently. Even through the screen, he could clearly sense the aura inside. It was sometimes invisible and sometimes visible.

Thus, he spoke with a serious expression and said word by word, “Guys, didn’t you notice that something was wrong?”

“There’s an aura of mutated beasts contained within it. It’s faintly discernible, appearing and disappearing at times. That means that their strength isn’t always this powerful.”

Zhou Hao glanced at the image on the screen indifferently. He saw the mutated beasts chewing on the people on the ground without any restraint. They chewed until not even the bones were left, looking extremely brutal.

The group of people on the ground couldn't even make a sound. They could only lie on the ground in despair, watching the countless mutated beasts approach them, opening their bloody mouths and directly biting off their heads.

Zhou Hao retracted his gaze and a serious expression appeared on his face. He slowly opened his mouth and said word by word, "That group of people just now was just unlucky."

"I only charged in when the mutated beasts were at their strongest. Naturally, even a level-two bomb couldn't do any damage to them."

"But now, their aura and energy are rapidly decreasing. Did you notice it?"

The people around them were stunned when they heard this.

In the next moment, something that shocked Jonina and Thunder happened. They carefully inspected the area and, as expected, found that something was wrong!

The realms of the four mutated beasts were rapidly decreasing!

From the tenth stage martial Saint realm, he had actually dropped to the fifth stage martial Saint realm!

Jonina and Thunder looked at each other. Then, in the next second, something that shocked everyone happened.

The mutated beasts were sprawled on the ground with their eyes closed, as if they were in hibernation.

When she saw this, Jonina's face was instantly filled with joy.

She looked at Zhou Hao excitedly and said anxiously, "Mr. Zhou, how long do these exotic beasts have to rest? can we go in and get the treasure now?"

Zhou Hao's expression turned serious after he said that.

His face tensed up, and he said hesitantly, "Although I don't know how long it'll take for these mutated beasts to wake up, there's one thing I know."

"According to the speed at which their cultivation level dropped, it would take about ten minutes for them to fall from the tenth stage to the fifth stage, and then to their deep sleep."

“If we make good use of these ten minutes, it’s enough for us to escape from here. So, now is the best time for us to get the treasure.”

After hearing Zhou Hao’s words, the group of people nodded in agreement.

They knew that this was a rare opportunity.

If they didn’t seize this opportunity now, they wouldn’t have the chance to come back and find the weapons and treasures after they left the spaceship.

## Chapter 950 - sharing joys and sorrows

*Chapter 950:-sharing joys and sorrows*

With that short sentence, Jonina and Thunder immediately nodded their heads in agreement,””I think Mr. Zhou is right. If we make good use of this opportunity, we can definitely take the treasure away.”

“Right now, these mutated beasts are at their weakest. If we take this opportunity to enter, we’ll definitely be able to get the treasure.”

After Jonina finished speaking, she immediately looked at the door with a serious expression.

Liang Wenyuan, who was at the door, looked hesitant.

He couldn’t help but look at the door anxiously. Then, he said in a serious tone,””No way. We still can’t be sure of the strength of these exotic beasts.”

“I don’t think it’s a guarantee that these exotic beasts will do this and that, so we’d better leave this place as soon as possible, just to be safe.”

Liang Wenyuan didn’t want to waste any more time here. He wanted to leave, but he didn’t want to leave by himself. That was why he wanted to incite Qiao Nina and Thunder to leave with him.

However, Qiao Nina and Thunder had clearly been persuaded by Zhou Hao.

They looked at Zhou Hao seriously and nodded. With a serious expression, they said,””Mr. Zhou, I think you’re right.”

Jonina first nodded with a serious expression, then she immediately said, "Although these mutated exotic beasts are extremely powerful, that's only when they're at their strongest."

"Now, they have been reduced to the fifth grade martial Saint realm. Aren't they something that we can solve with a finger? what's there to be afraid of?"

"Furthermore, these treasures were developed with technology that is 10000 years more advanced than ours. If we don't grasp this opportunity and get the treasures back as soon as possible, we won't have another chance in the future."

When she thought of this, Jonina's expression instantly turned serious.

Liang Wenyan's expression looked as if he had just eaten a fly. He looked extremely uncomfortable.

He stammered as if he wanted to say something, but he couldn't open his mouth. He didn't know how to say it.

Seeing how Qiao Nina and Thunder were acting like they wanted to get their hands on the treasures, and the gray-haired man who was Zhou Hao's Lackey, he knew that he could not convince him.

Hence, she could only follow them unwillingly.

After he finished speaking, Zhou Hao immediately stood up and gently opened the door.

The group of five immediately strode forward and carefully entered. When they reached the door, they were shocked to find that all the people in the house had been eaten, not even a bone was left.

The ground was covered in blood, and the air was filled with a very strong smell of blood. It was also mixed with an extremely nauseating smell. Liang Wenyan could not help but cover his mouth and keep vomiting.

The gray-haired man frowned and pinched his nose. He walked towards the center, following Zhou Hao.

Jonina and Thunder were at the back, covering the retreat. Their expressions had also turned extremely ugly.

There were also many mutated beasts 'snores in the house. They kept reverberating in the house, causing the ground to tremble.

Liang Wenyan was even more frightened when he saw this.

He nervously and helplessly hid behind the gray-haired man, and his expression suddenly became nervous.

The gray-haired man looked at Liang Wenyuan in disgust. Then, he urged helplessly, "Big brother, can you let go of me? I'm also very scared. Don't use me as a shield, okay?"

Liang Wenyuan, who was standing at the side, said with a serious expression, "I think Zhou Hao is an idiot. He knows there's danger but he still wants to take the risk. I don't know what he's up to."

That short sentence made the gray-haired man even more unhappy. He simply shook off Liang Wenyuan, turned around, and quickly left the place, following Zhou Hao.

The pressure from the group of mutated beasts around them gradually decreased, and it didn't seem as terrifying as before.

"There's still some time before the beasts recover. We have to take advantage of this time to get the treasure."

Zhou Hao glanced at the treasures in front of him, then immediately said to the people around him, "We need to take the treasure as soon as possible. Let's not waste any more time. We'll go now."

When Jonina heard this, she immediately nodded her head and quickly moved towards the treasure!

She waved her hand, and a long sword quickly flew out of the hollow sky-supporting pillar and floated into her hand.

Jonina immediately kept the treasure into her inventory, then said to the other four, "Quick, you guys go and get it."

In the next moment, Lei ting immediately rushed to the front. He took a step forward and arrived at the forefront. His entire body was filled with an extremely powerful force.

The power of a ninth grade martial Saint suddenly burst out and spread to the surroundings.

He held his breath and concentrated. He slowly raised his hands, and in the next moment, a long saber in the distance quickly floated up.

The long saber's body suddenly emitted a golden light!

Then, it fell directly into Lei ting's hand. He held the long saber tightly with one hand and quickly put the treasure into his storage space.

“My turn, my turn!”

Liang Wenyuan, who had initially said that he was not willing to participate, suddenly became anxious at this moment.

He quickly stood up and walked to the front. He stimulated the strength in his body and quickly took out a scroll for refining treasures.

Liang Wenyuan was so greedy that he wanted to take out another one, but he was quickly stopped by the gray-haired man.

“Mr. Liang, I think you’ve had enough. If you’re done, then hurry up and leave. Don’t waste time. The mutated beast is about to awaken!”

The gray-haired man urged, but Liang Wenyuan did not seem to hear him. He took out a boxing glove from the box and quickly put it into the storage space.
