Chapter 951 - Face-slapping

Chapter 951: Face-slapping

?

“Mr. Liang, why don’t you hurry up and leave this place?”

The gray-haired man was a little dissatisfied. He looked at Liang Wenyan with a frown and kept urging him.

Liang Wenyan’s face was serious. He couldn’t help but look at the gray-haired man angrily and reproached him unhappily, “Alright, alright, stop F * cking rushing me, alright? I’m getting it now, aren’t I?”

Liang Wenyan was the greediest. After encountering such a thing, he couldn’t hold back the greed in his heart and quickly picked it up.

Time was of the essence, and even Jonina and Thunder had only taken one treasure each.

However, Liang Wenyan kept picking it up and was not done. He kept dilly-dallying and wasting time.

Leiting, who was at the side, was ruthless and didn’t say much.

He suppressed the displeased anger in his heart and coldly said, “Why aren’t you getting lost?”

As soon as he said that, Lei ting reached out his hand and smacked Liang Wenyan’s head.

The boundless power whizzed over. Liang Wenyan’s expression looked extremely displeased.

Although he wanted to resist, he knew that he was no match for Thunder.

Although they were both ninth grade martial Saints, they had no way to resist such a tough opponent.

Therefore, Liang Wenyan could only give up the other treasures and retreat.

The next second, he suddenly stepped on something soft.

At that moment, his expression changed drastically!

Immediately after, Liang Wenyuan turned around and was shocked to find that he was actually stepping on the claws of the mutated beast that had already fallen asleep!

The claws of mutated beasts were extremely soft, and he almost fell to the ground after stepping on them.

“F * ck ...”

Liang Wenyuan was so scared that he staggered back a few steps, trying his best to put some distance between him and the mutated beast.

However, very quickly, something that shocked Liang Wenyuan happened!

The eyes of the mutated beast in front of him opened slightly, and he could vaguely see the black eyeballs rolling around.

It suddenly sniffed out a breath that went straight for Liang Wenyuan’s face.

Liang Wenyuan couldn’t help but cover his mouth and nose. He coughed a few times, looking like he was in extreme pain.

Liang Wenyuan’s scalp tingled and his breathing quickened. The expression on his face instantly became extremely frightened and uneasy.

He couldn’t help but shout in horror. His face was full of shock, and he couldn’t help but anxiously say, “The ... The ... The mutated beast has awakened!”

This short sentence immediately frightened the other four people present, and their breathing began to become rapid.

The group’s faces were filled with shock. They immediately stopped what they were doing and looked in the direction of the mutated beast in shock and fear.

However, in that instant, the mutated beast that Liang Wenyuan stepped on slowly closed its eyes again, and its breathing stopped.

As a result, when the others saw this scene, their faces were filled with confusion.

They looked at the mutated beast in unison and found that it was still lying on the ground. There was no change in its face, and it looked like it was still sleeping.

The group looked at the mutated exotic beasts in front of them with extreme vigilance. They immediately raised their weapons and aimed at the mutated exotic beasts on the ground, waiting for the best opportunity to launch an extremely fierce attack on these mutated exotic beasts.

The surroundings instantly fell silent. It was as silent as cicadas in winter. It was so quiet that one could even hear a pin drop.

He could even hear the sound of sweat dripping on the ground.

However, the group waited for about a minute, feeling as if a day had passed like a year, but the mutated beast was still lying on the ground, not moving at all.

For safety's sake, Thunder carefully walked up to the mutated beast, mustered its courage, and kicked it.

However, the other side was very quiet, and there was no change.

This scene made the few people present suddenly heave a sigh of relief.

As they heaved a sigh of relief, their expressions immediately became displeased.

Especially Jonina, she suppressed the anger in her heart and shouted, "Mr. Liang, can I ask you to not be so surprised?"

"Do you know how much time you've wasted? you almost scared us to death. Do you know that?"

Jonina's face was filled with displeasure. She suppressed the anger in her heart and could not help but open her mouth angrily. She coldly rebuked, "If it's because of you that the remaining few of us didn't get the treasure, can you afford to pay for it?"

"I ..."

Liang Wenyan's expression became extremely displeased after being criticized.

He frowned and retorted, but he couldn't say a word.

After hesitating for a moment, he could only helplessly explain in a soft voice, "I didn't do it on purpose. Also, that mutated beast just now, it was indeed ..."

"Alright, alright, stop talking."

Jonina waved her hand impatiently and said to Zhou Hao, "Mr. Zhou, hurry up and get the treasure. We don't have much time left."

In that instant, Jonina suddenly felt extreme regret. If she had known earlier, she would not have formed an alliance with Liang Wenluan.

Not only was this kid greedy, but he was also as timid as a mouse and only sought profit.

He was so flustered and did not know how much time he had wasted. It was really too hateful.

Zhou Hao nodded slightly and said to the gray-haired man, "You go get it first, I'll clean it up."

Originally, the gray-haired man had already prepared himself to be at the bottom.

However, when he heard that Zhou Hao had given him this opportunity, he was instantly filled with gratitude.

He immediately walked up to the pillars and took out the energy crystals he had his eyes on without hesitation. He then said to Zhou Hao anxiously, "Boss, go get the treasure. I'll guard this place."

"Alright," he said.

Zhou Hao nodded. However, just as he was about to walk over, he suddenly felt that the aura emanating from the mutated beast seemed to be much stronger than before.

Chapter 952 - -betrayal

Chapter 952:-betrayal

After sensing the changes in the mutated beast, Zhou Hao's heart tightened.

However, he didn't think too much about it. After all, there was still a certain amount of time before the mutated beast would awaken.

Zhou Hao carefully stepped forward and took a deep breath. He slowly raised his left hand and reached for the huge sky-supporting pillar. He was ready to take out the defensive and offensive scrolls.

However, just as Zhou Hao's hand was about to reach in, the gray-haired man behind him suddenly shouted in horror. Then, his eyes were filled with anxiety as he said, "Boss, it's bad. The mutated beast is about to wake up. Let's go!"

Zhou Hao's expression changed after he said that.

His face was immediately filled with anxiety, and he quickly said to Zhou Hao, "Boss, let's go!"

At this moment, Liang Wenyuan was the fastest to run.

He didn't care about anything else. He turned around and rushed out of the house. He closed the door and looked at the situation inside the house with a vigilant look.

"You guys go out first. I'll come after I get the treasure."

Zhou Hao turned around and looked at the gray-haired man, who was still looking at him with a worried expression, as well as Jonina and Thunder. He then said, word for word.

"But, boss ..."

As the gray-haired man spoke, he could not help but stammer. He had no idea what he should say to persuade Zhou Hao.

"Boss, we don't have much time left. We have to leave quickly."

After saying this, the gray-haired man's face suddenly became anxious.

When Jonina and Thunder looked at Zhou Hao, their expressions suddenly tensed up. They anxiously tried to persuade him, "Zhou Hao, hurry up and come with us. It'll be too late if you're late."

"That's right. It's not worth it to lose our lives for these treasures. Mr. Zhou, let's go."

At this critical moment, even Lei ting could not help but start to persuade Zhou Hao.

Zhou Hao's expression was extremely serious. After hesitating for a moment, he nodded and said to the few of them, "Alright, let's go then."

Just as Zhou Hao's words fell, an extremely valiant aura gradually began to recover behind him.

The aura was gradually growing stronger, and the breathing of the mutated beast behind him was also gradually growing louder, as if it could wake up at any moment.

“Hurry, let’s go, or it’ll be too late!”

With that short sentence, Zhou Hao immediately led the group towards the door.

However, when the gray-haired man reached out to pull at the door, he suddenly realized that the door could not be opened at all!

The grey-haired man’s face darkened at the sight.

He quickly knocked on the door and then anxiously shouted to Liang Wen yuan, who was outside, “Mr. Liang, Mr. Liang, open the door, we can’t get out!”

However, no matter how hard the gray-haired man knocked on the door, Liang Wen yuan did not respond!

At that moment, Liang Wen yuan, who was outside the door, had already seen the situation inside the house through the LED screen.

He just sat at the door and deliberately didn’t say anything. He just looked at the people in the room coldly, his face full of displeasure.

“Now, you still dare to say such words. You really don’t know what’s good for you!”

Liang Wen yuan’s face was full of sarcasm. He suppressed the anger in his heart and then said coldly, “Tsk, you guys still want to come out?”

“I called you out just now, but you didn’t come out. Now, you’re only thinking of coming out after the exotic beasts have awakened?”

“Hmph, Hmph, no way. You guys just stay inside and wait to be eaten by the mutated beasts.”

Liang Wen yuan crossed his arms and looked at the four people in the room coldly. His mouth was full of a smug smile.

He knew that as long as the door was closed, the exotic beasts would definitely not be able to come out.

After all, the gray-haired man had already said that there was a barrier inside the door that prevented exotic beasts from escaping, so the mutated exotic beasts inside couldn’t come out.

As long as the door was closed, everything could be isolated.

In fact, Liang Wenyuan had planned all of this long ago. So, he sneaked out when the few of them weren't paying attention. He closed the door directly and didn't let them out. He was simply being petty.

The gray-haired man, who couldn't open the door no matter how hard he knocked on it, suddenly became nervous.

He couldn't help but ask, "Boss, why didn't Mr. Liang answer us? has he been captured?"

Zhou Hao's expression turned serious after he said that.

He hesitated for a moment and saw that Qiao Nina was still anxiously knocking on the door, calling out to Liang Wenyuan. However, she did not get a reply from Liang Wenyuan.

Zhou Hao had already seen through everything. He had a serious expression on his face as he said to Jonina, "Big miss Qiao, you don't need to knock. No one will open the door for us."

He had been knocking for a long time. If Liang Wenyuan wanted to open the door, he would have already done so.

Liang Wenyuan clearly didn't want to let them out this time.

However, Zhou Hao didn't say anything. He only told them to stop.

Jonina's expression immediately became nervous. Her face was filled with anxiety as she looked around hesitantly. She said anxiously, "Do ... Do we still have a chance to leave?"

"There's no other way,"

Lei ting's face was extremely serious. He suppressed the anxiety in his heart and said nervously, "We can only fight these mutated beasts."

After saying this short sentence, the faces of the people around him immediately became extremely serious.

The gray-haired man's breathing became rapid, and his face became anxious. His eyes were full of seriousness as he said in a trembling voice, "How can we possibly defeat these mutated beasts now?"

"The ones who came to fight for the territory earlier were all ninth-grade martial Saints, but they were all swallowed by these mutated beasts. It's impossible for us to defeat them."

That short sentence instantly made Jonina and Thunder feel uneasy.

In that instant, the two of them felt as if they were enveloped by death.

Chapter 953 - -exposed

Chapter 953:-exposed

They closed their eyes tightly, thinking to themselves that they would definitely be annihilated and eaten by these mutated beasts this time.

“This is bad. Aren’t we just waiting for death now?”

Jonina’s face instantly turned deathly pale. Her eyes were filled with despair, and her breathing began to Quicken.

Beside him, Thunder’s expression was also extremely serious.

He stared sternly into the distance at the mutated beast that was gradually recovering, and said coldly, “Since we can’t escape, we’ll attack the mutated beasts head-on.”

“Since the mutated beasts haven’t awakened yet, we still have a chance to succeed.”

“If we continue to wallow in self-pity like this, we’ll be schemed to death by the exotic beasts sooner or later.”

After he said this, everyone’s faces turned serious. They understood that what Leiting said was true.

Could it be that he had to wait for death here forever? if that was the case, even if he died, he would die without dignity.

After he said this, the expressions of the people present changed.

They could clearly sense one thing-the aura of the mutated beast was gradually growing stronger!

The boundless power whizzed over, causing them to hesitate and ask, "Oh no, the aura of the mutated beast is gradually growing stronger. Can we resist it?"

"Even if I can't resist it, I must resist it. Now!"

Zhou Hao's face darkened. He immediately strode forward and began to attack the mutated beast that had yet to wake up.

The skin of a mutated beast was extremely hard. It was not something they could compare to.

Zhou Hao's punch instantly sent one of the mutated beasts flying. In the next second, he quickly charged at the other mutated beast, violently bombarding it.

The rest of Jonina and Thunder, as well as the gray-haired man, saw the situation and immediately went forward, quickly chasing after the mutated beast.

However, what happened next caused everyone's expressions to change.

The four strange beasts were waking up quickly. Their attacks on the strange beasts had no effect at all!

Seeing this, Zhou Hao's face darkened. He immediately said, "Use the weapons in your hands and attack immediately. It might work!"

After hearing Zhou Hao's words, the group's faces suddenly changed. They quickly took out the weapons they had just taken out from the barrier and began to attack the mutated beast in front of them.

With a flash of lightning and sparks, a deep and long gash was immediately cut open on the mutated beast's skin.

When they saw this scene, the group of people immediately said excitedly, "There's a chance, Mr. Zhou. Quickly take the treasure!"

Especially Jonina. Seeing that there was a chance to knock down the mutated beast, it was as if she had been injected with chicken blood. She immediately launched a series of violent attacks on the mutated beast.

She slashed down at the mutated beast's head. In a flash, the long sword in her hand directly cut off the beast's head.

With a crisp 'Puchi' sound, the mutated beast's blood spurted out in the next second, splattering all over the ground. It looked extremely miserable.

The mutated beast's blood was dark green in color, and it looked extremely terrifying. Countless drops of blood gushed out, instantly filling the entire room!

When they saw this scene, the expressions of the few people present instantly changed.

They suppressed the disgust in their hearts and immediately said to Zhou Hao, "Mr. Zhou, we just need to cut off their heads before they wake up!"

It was only at this moment that they understood one thing. To deal with these mutated exotic beasts, they needed to use the powerful weapons stored inside. Otherwise, there was no other way.

At the thought of this, they immediately informed Zhou Hao of the news, so that he could pick up the treasure.

After Zhou Hao heard that, he immediately nodded. Then, he quickly walked over and took out the other Super Gatling gun.

Just as Zhou Hao took out the Super Gatling gun, he felt the boundless aura around him. Suddenly, there was an explosion. A sound that shook people's hearts was heard. It whistled and exploded in an instant.

Jonina and Thunder, who were at the very front, were instantly shocked!

They walked forward step by step. As they walked forward, the speed of their steps began to become difficult.

They could only feel that as the exotic beasts' breathing gradually grew louder, the speed of the weapons in their hands also increased significantly.

One had to know that once the treasures in their hands were broken, what awaited them would be a deadly attack!

Now, the only thing that could deal with these mutated beasts was the treasure in their hands.

Zhou Hao held the Super Gatling gun in his hand and quickly fired at the three mutated beasts.

A series of 'pfft pfft pfft pfft' sounds instantly exploded. In the next second, the exotic beast's blood instantly splattered all over the house!

The room was instantly filled with a strong stench and a nauseating sour smell.

The gray-haired man and Jonina covered their noses and mouths as they vomited. They almost vomited their bile.

Fortunately, these mutated beasts were all killed by the Super technology that was 10000 years more advanced than them.

Otherwise, what awaited them would be being devoured by the exotic beasts.

Jonina's entire body seemed to have lost all its strength, and she staggered as if she was about to fall.

Fortunately, Zhou Hao, who was beside him, caught him and prevented him from falling to the ground.

The ground was littered with dead mutated beasts, and the green blood that flowed out was like snot, looking disgusting.

Moreover, when they were on the ground, as long as they came into contact with the green liquid, they would find it difficult to move.

"Boss, since the mutated beast is already dead, quickly take out the other treasures."

The gray-haired man immediately urged.

The three of them had just taken three treasures. Zhou Hao had taken one and Liang Wenyan had taken two, so there were three treasures left. The mutated beasts were all dead, and they were all theirs now.

Chapter 954 - Shameless

Chapter 954: Shameless

"That's right, that's right. If we don't take the treasure now, when should we?"

Seeing that the mutated beast had died, the four of them immediately prepared to take out all their treasures before leaving.

Who knew that just as this group of people were trying to figure out how to take the item out of the barrier, the door outside suddenly creaked open. Then, a figure immediately pushed the door open and walked in.

The group of people's faces suddenly changed. They looked at the door vigilantly and saw the figure at the door.

Who else could the person at the door be but Liang Wenyan?

At this moment, Liang Wenyan's face was full of smiles. He chuckled and said, word by word, "Hehe, what just happened?"

Liang Wenyan pretended to be surprised as he looked into the room. He couldn't help but look around, and then he said with shock, "Oh my God, what's going on? why did it become like this ..."

"You guys killed the four strange beasts guarding the treasure? I'm going! That's amazing!"

Liang Wenyan acted as if nothing had happened. He pushed open the door and walked in. He even said such things, which immediately made Qiao Nina very angry.

She couldn't care less. She waded through the exotic beast's blood and quickly walked to Liang Wenyan.

Her face was full of anger as she stared at Liang Wenyan in front of her. She suppressed the anger in her heart and said word by word, "Liang Wenyan, what's the matter with you, huh?"

"Why didn't you open the door for us when the mutated beasts were awakening? why did you lock us outside?"

It was just a short sentence, but when Jonina said it, she was so angry that her entire body could not help but tremble.

He really didn't expect that he would encounter such a thing.

If Liang Wenyan wasn't at the door and didn't open the door for them, they wouldn't have to face the deadly attacks of the exotic beasts that were about to wake up just because they couldn't get out!

However, it was also a blessing in disguise. They knew that the weapons stored here were extremely powerful, and could kill all these mutated beasts in an instant!

Zhou Hao knew that the level of these mutated beasts was much higher than theirs, and they were much stronger.

Although he might be able to defeat the four mutated beasts if he transformed into a void beast, the space in this place was limited, after all, and he couldn't transform at all.

Moreover, the attacks of these exotic beasts were really fierce and valiant, not something they could compare to at all.

Fortunately, no matter what, the matter had been settled. They didn't have to worry about it.

However, it was clear that Jonina did not intend to let the matter rest.

His eyes were filled with darkness as he stared at Liang Wenyan. He even grabbed Liang Wenyan's neck with his hand. His face was filled with anger as he shouted coldly, "You're looking for death, aren't you?"

"Why didn't you open the door for us just now? why did you pretend that you didn't hear us no matter how loudly we shouted? were you trying to frame us?"

Liang Wenyan's heart skipped a beat after he said that short sentence.

His breathing began to become nervous, and he couldn't help but swallow a few mouthfuls of saliva. He eagerly said, "I ... Cough, cough, I didn't. You've misunderstood!"

"Misunderstanding?"

The gray-haired man beside him was also furious.

Although he had been a little scared when he first faced Zhou Hao's attack, he had become extremely sincere and devoted to Zhou Hao ever since he put on the beast taming bracelet.

Now that Zhou Hao had almost died, the gray-haired man naturally would not agree to it.

His face was full of anger and hatred, but he suppressed the displeasure and anger in his heart. He opened his mouth coldly and rebuked word by word, "That's right. The first person to leave this place when we noticed the revival of the mutated beasts was you!"

"What, you still don't want to admit it, right?"

Liang Wenyan, whose thoughts had been exposed, suddenly became extremely nervous.

His expression was extremely anxious, his eyes filled with panic and helplessness. He stammered for a long time, unable to say a word.

Liang Wen yuan's eyes darted around. After a while, he suddenly thought of something and quickly began to explain to the few people.

"You've really misunderstood me. I really didn't know what happened inside just now because someone just took me away. "

"What?"

After these words were spoken, everyone present had an extremely surprised look on their faces.

They looked at Liang Wen yuan hesitantly, their faces full of disbelief. They couldn't help but ask hesitantly, "You said someone took you away?"

"Y...Yes."

When Liang Wen yuan said this, he could not help but swallow a mouthful of saliva nervously. His breathing was a little rushed and anxious. He looked at Zhou Hao and the others uneasily, as if he was afraid that they would not believe what he said.

Zhou Hao suppressed the dissatisfaction in his heart. His eyes were filled with displeasure as he looked at Liang Wen yuan in front of him with an extremely cold expression. He asked again, word by word, "Is what you said true? did someone really take you away?"

"Yes ... Cough, cough, yes."

After Liang Wen yuan heard it, he nodded anxiously and immediately said, "It's the group of people who were fighting with us for the treasure. There are more than just these few. There are also a few of them in charge of bringing up the rear."

"I was captured by them just now, but fortunately, I was smart enough to sneak out when they weren't paying attention. Otherwise, I wouldn't have known that such a big thing had happened here."

After hearing Liang Wen yuan's words and how confident he was, the people who were suspicious of Zhou Hao and the others at the beginning immediately looked hesitant.

Especially Jonina, she could not help but look at the few of them in surprise and asked, "Could it be that there are other people ..."

Thunder didn't say anything. He just nodded. He didn't have any doubts about this point of view.

In fact, they didn't know how many people had come to this spaceship, so there was no way to verify whether Liang Wen yuan was telling the truth or not.

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 955 - hard to distinguish between real and fake

Chapter 955:-hard to distinguish between real and fake

Moreover, although he didn't know if Liang Wenyan was telling the truth, there were traces to follow.

Even if they were suspicious, they could not point out anything wrong with Liang Wenyan.

Just as everyone was confused, Liang Wenyan suddenly laughed and pointed at the treasure in the distance. He said greedily, "That ... Since these mutated beasts are all dead, can we split these treasures?"

After hearing these words, the group's faces suddenly became ugly.

Especially Jonina, she had long disliked Liang Wenyan.

Now, it didn't matter whether Liang Wenyan did not open the door for them on purpose or if he had really been captured and escaped with great difficulty to fight side by side with them.

But now, Liang Wenyan had not even participated in the battle with them, and he wanted to split the treasures. This was really confusing.

Jonina was not a woman to be trifled with. If she did not like it, she would immediately start retorting.

"Mr. Liang, can I ask you to figure out what is going on?"

"The four of us risked our lives to defeat these mutated beasts. Even if these treasures can be divided, it should be us who get a share. What does it have to do with you, Liang Wenyan?"

What Jonina hated the most were people like this who could not be reasoned with.

He couldn't be seen during the battle, and he was a burden when he helped them escape. If it wasn't for the fact that they were lucky and had treasures that were compatible with these mutated beasts, they would've been able to kill them.

Then they would really be finished.

This short sentence made Liang Wenyan's face turn slightly ugly.

He smiled awkwardly. At this moment, he did not know what to say.

With a serious face, he slowly said, "I ... I had no choice. If I was really at the door, I would definitely open it for you. I definitely wouldn't leave you guys hanging."

As Liang Wenyan spoke, he even raised four of his fingers and swore to the few people, "I swear, as long as I'm here, I won't leave you guys alone."

"It was an unexpected situation just now, that's why you were in danger. We are partners, aren't we? we are going to get the Milky Way star together, how could I betray you?"

Liang Wenyan's words were said with conviction, as if he did not feel guilty at all.

The gray-haired man was speechless. Just as he was about to refute, he heard a 'rumbling' sound from afar. The sound was getting closer and closer, as if it was rapidly approaching their position!

Seeing the Thunder approaching, everyone's expression changed.

They immediately picked up the weapons in their hands and looked around vigilantly. They wanted to see what was making the sound.

Zhou Hao took the opportunity to quickly pick up the other treasures and put them into his storage space.

However, Zhou Hao suddenly realized that something was wrong.

The last piece of ancient jade he took out actually emitted an extremely dazzling light!

The sound of thunder in the distance gradually approached. In the next moment, the ancient jade in his hand also started to shake!

This piece of ancient jade seemed to be constantly attracting the Thunder!

Zhou Hao gripped the trembling piece of Jade tightly, but before he could calm himself down, he heard the gray-haired man beside him suddenly scream in pain, followed by a muffled groan of pain.

It was not just the gray-haired man. Beside him, Jonina, Thunder, and Liang Wen Yuan all had pale faces, and there were flashes of lightning around them.

In the next moment, blood gushed out from the corners of their mouths, making them look extremely miserable.

Their entire bodies were trembling.

They gasped for breath with great difficulty, holding onto the pillars beside them to support their bodies and not let themselves fall.

The sound of thunder grew louder and louder, closer and closer to their location. However, all of it was absorbed by the ancient jade in Zhou Hao's hand.

The lightning that was affecting everyone gradually decreased, and the people around them finally heaved a sigh of relief.

They looked nervously at the ancient jade in Zhou Hao's hand, their eyes filled with awe.

"Why is there suddenly lightning? the lightning at the door and the surrounding treasures. Could it be that this spaceship is powered by the energy of these lightning?"

After Jonina said that, Thunder, who was beside her, nodded seriously.

He gently wiped the blood from the corner of his mouth and said with a serious expression, "I can clearly feel that the aura here is unusual."

"That's right. Although the lightning here has been drawn away, it can only be considered to be temporarily weakened. It doesn't mean that the lightning here won't come back."

"It seems that the lightning here is indeed unusual. Since we've already obtained the treasure, we must leave this place as soon as possible."

When Jonina heard what Thunder had said, she immediately said in a serious tone.

"Alright, let's go now."

Without another word, Zhou Hao stood up and walked outside. However, because the blood of the mutated beasts here was really thick and sticky, Zhou Hao's strength was lacking when he walked.

Liang Wen Yuan looked at Zhou Hao, who was walking forward quickly, and his face suddenly became anxious. He wanted to go up and ask for the treasure, but when he

saw that the group of people was walking forward and no one was paying attention to him, he could only temporarily suppress his anxiety and follow them.

As he walked out, Zhou Hao could clearly feel that the way they looked at him this time was different from before.

Jonina would look at him with a profound expression from time to time, as if she had something to say to him, but she never had the chance to.

However, Zhou Hao was not in a hurry. After all, he could roughly guess what Jonina wanted to ask.

Since she hadn't asked for the time being, he might as well pretend to be confused.

Chapter 956 - The Four Seasons change

Chapter 956: The Four Seasons change

He would wait until she asked him.

Soon, the group of five arrived at the entrance of the spaceship. After a short rest, they went to the other passages to investigate.

The interior of the spaceship was extremely mysterious, and the structure of each room was different.

Everyone pushed the door open and went in one by one to check, but they didn't find anything new.

So, he returned to the position of the spaceship's hatch and quietly waited for the day to come.

After an unknown amount of time, Jonina woke up in a daze.

She took a look and realized that she had fallen asleep leaning on Zhou Hao's shoulder. This immediately made her look a little shy.

She quickly got up and looked out of the window. She realized that the sky was already bright and the thick fog in the forest had dispersed.

Right now, the dense forest of the forbidden area outside looked no different from an ordinary small forest.

When she saw this, Jonina immediately woke up the group and said to them, "We can go out now."

The gray-haired man yawned and stood up from the ground. Liang Wenyuan, who had been leaning on him, staggered and almost fell to the ground.

Zhou Hao and Lei ting also stood up and looked out of the window. Then, they immediately walked to the door and said to the few people, "Alright, let's go then."

Soon, the group packed their things and walked out.

Pushing the door open, Zhou Hao took a deep breath. Immediately after, he felt a wave of cold air blowing against his face.

Everyone couldn't help but shiver all over. Then, they wrapped their clothes tightly around their bodies.

"Which way should we go? we can't just walk aimlessly. There should be six days before the barrier opens again. We must find Milky Way star as soon as possible within six days."

Jonina looked around and could not help but frown.

"That's right. Otherwise, Lilia would have been able to bring us there. She knows how to locate Milky Way star. It's a pity ..."

Thunder, who had not spoken for a long time, began to speak more when this matter was brought up.

Although Lilia gave off a very unreliable feeling at first glance, she was still quite useful.

The grey-haired man's eyes lit up when he heard that. He looked at Zhou Hao and asked anxiously, "Boss, where's the ancient jade you just got?"

Zhou Hao looked at the gray-haired man in confusion and asked, "It's in my hands. What's wrong?"

When he saw the people around him looking at him with curiosity and confusion, the gray-haired man immediately explained, "You all know that the heart of the Milky Way is extremely powerful. It contains a huge energy source, right?"

“If that’s the case, my boss just used this piece of ancient jade to absorb the powerful lightning energy released from the spaceship. We can also try to use the ancient jade to find the location of the Milky Way star, which contains the powerful energy source.”

This short sentence gave everyone an idea.

Zhou Hao immediately placed the ancient jade in his palm and poured a steady stream of energy into it, intending to activate it.

The ancient jade was lying calmly in Zhou Hao’s palm. As the energy was gradually injected into it, the ancient Jade’s body was instantly filled with a large amount of light blue light.

The light was gradually released. In the end, the whole piece of ancient jade gave off a very dazzling light.

Then, a ray of light burst out and quickly pointed to the West.

When the group of people saw this scene, they could not help but swallow a mouthful of saliva.

“Is it really this direction?”

Jonina asked suspiciously.

“Let’s go and see. We have no other choice now. After all, the person who could lead us to Milky Way star is no longer here.”

Thunder said and immediately strode forward.

Qiao Nina, Zhou Hao, and the gray-haired man immediately followed. Liang Wenyan, on the other hand, could not help but start to have other thoughts.

Along the way, he had been keeping an eye on Zhou Hao, thinking about how to snatch all of the treasures in Zhou Hao’s hands.

Liang Wenyan understood that even if he found Milky Way star in the end, such a good treasure might not be in his hands.

In that case, it would be better to bring these treasures back so that this trip would not be in vain.

Zhou Hao did not pay any attention to Liang Wenyan. Instead, he walked forward with his head lowered, studying the ancient jade in his hand curiously.

“What is this ancient jade? why can it attract so many Thunderbolts and so much power?”

“Moreover, its body also contains a great amount of power, and it’s constantly condensing.”

Zhou Hao mumbled to himself. When Qiao Nina heard this, she could not help but look at Liang Wenyan and asked in confusion, “Mr. Liang, do you know what’s going on?”

“Ah?”

Liang Wenyan, who was suddenly called out, had a hesitant look on his face.

He looked at Qiao Nina in confusion and asked suspiciously, “Why are you suddenly asking me?”

“The heirloom you took out earlier, the jade pendant, didn’t it contain a lot of energy? it even helped us Open the ship’s barrier.”

“Ah, right.”

Liang Wenyan then remembered his jade pendant. His face was full of heartache. He shook his head and said, “I don’t know what it is either, but I heard from my mother that the jade pendant is called meteorite Jade, which is different from the Jade pendants on earth.”

“Fallen Jade?”

The gray-haired man beside him immediately shouted in excitement when he heard the word.

The surrounding people looked at the gray-haired man in unison. They couldn’t help but ask, “Do you know what this is?”

“Of course!”

The gray-haired man’s eyes were filled with excitement. He pointed at the ancient jade in Zhou Hao’s hand and said with great interest, “There’s a planet called Feinan in the Milky Way. That planet is rich in ancient jade. ”

“The ancient jade has been buried underground for hundreds of millions of years, absorbing the powerful energy of the planet and turning it into its own energy source. The amount of energy contained in a piece of meteorite Jade is already comparable to half of the Milky Way’s energy source!”

“What ... What?”

That short sentence caused everyone to look at Zhou Hao with envy.

He did not expect Zhou Hao to obtain such a good treasure!

Half of Milky Way star's energy source was an existence that many people could only dream of in their lifetime.

Liang Wenyuan's eyes were also filled with greed.

Chapter 957 - The mysterious ancient jade

Chapter 957: The mysterious ancient jade

If he could get his hands on this piece of ancient jade, then this trip would be worth it.

Zhou Hao held the ancient jade in his hand and looked at the light that was guiding them forward. His eyes immediately became very serious.

He didn't know how to use the ancient jade.

However, he could clearly sense the power contained in the ancient jade and the barrier it had.

It was like a piece of treasure. Although he had never seen it before, once it was taken by someone, it would recognize its owner. Zhou Hao used his energy to detect it and knew what function it could activate.

Zhou Hao held his breath and tried to feel it.

In the next moment, the ancient jade suddenly burst forth with an extremely dazzling light. Boundless power whistled out and spread in front of it.

When this force burst out, there was a loud bang, and there seemed to be an endless violent aura in the surroundings, whistling and splashing.

The ray of light that had been guiding them earlier suddenly began to gradually turn transparent, as if it had been hidden.

Although the light was hidden, they could still feel the powerful force.

In the next moment, a faint yellow light emanated from the ancient jade and immediately enveloped the five of them. Then, it disappeared.

Success!

Zhou Hao's heart was filled with joy, and he immediately said to the crowd, "There's a hidden barrier inside this ancient jade. I've just opened the barrier, so the people around us can't sense our existence."

"But that ray of light just now could be seen by others. I've already concealed the light. Now, the power of Milky Way star can only be felt by the few of us. We just need to follow the guidance of this power and walk forward to find Milky Way star."

These short words made everyone happy.

Everyone was excited, except for Liang Wenyuan, who said anxiously, "Then let's go now. Can you feel how far we are from Milky Way star?"

Zhou Hao raised his head and looked at him indifferently. Then, he shook his head sternly.

"We can't be sure how far away we are from Milky Way star, but we can use other methods."

"Because every step we take towards Milky Way star, we can clearly feel that the power is getting stronger. So we can use this as a judgment to see how far we are from Milky Way star."

Everyone nodded immediately after hearing this. Then, they quickly followed the position closest to the energy source and sped over.

The group moved forward quickly. When it was noon, they set up a camp nearby and took a short rest. After eating something, they prepared to continue.

When it was past eleven o'clock, everyone could clearly feel that the air was filled with an extremely hot feeling.

Everyone's breathing started to become hurried, especially Jonina. The sweat on her forehead was also dripping down from the heat.

She couldn't help but wipe the sweat off her forehead. Then, she looked at the people around her hesitantly and asked, "Do you feel that the surrounding weather has suddenly become hot?"

“That’s right. The temperature was just nice in the morning and the air was fresh. Why is it suddenly so hot in the afternoon?”

Liang Wenyan was also puzzled. He couldn’t help but take off his coat. He was only wearing a white T-shirt with short sleeves, which looked cooler.

The grey-haired man’s expression changed when he heard that.

His face was filled with anxiety as he said, “Oh no... This is bad.”

“What’s wrong?”

When the group of people saw the expression on Zhou Hao’s face, they could not help but ask in confusion, “What happened?”

The gray-haired man’s face turned pale, and his expression turned ugly. He couldn’t help but nervously say to the crowd, “I don’t know if you still remember what I told you before we entered the forbidden area?”

This short sentence made everyone fall silent.

Yeah.

Before they entered, the gray-haired man had already told them that the forbidden land was particularly strange. Not only were there Four Seasons in a day, but there were also rain, snow, wind, and frost. They had to experience all of them in a day!

The gray-haired man said in a slightly panicked tone, “I know that all of you are ninth grade martial Saints, but I have to remind you that the magnetic field of the forbidden land is extremely unstable.”

“That’s why it’ll affect the weapons we have. If our equipment malfunctioned, we’d have to fight with our own bodies if we encountered exotic beasts.”

This short sentence caused Qiao Nina and Liang Wenyan’s expressions to change drastically.

Even thunder, who had been calm all this time, couldn’t help but become nervous after hearing this.

Although the kogasse had reached the ninth grade martial Saint realm, they relied on the powerful weapons in their hands for the majority of their battles.

If their weapons lost their effectiveness, it would be extremely difficult for them to kill even fifth-grade martial Saints.

If the high-tech weapons really failed, their physical strength would not even reach the second stage martial Saint realm. Especially in this strange forbidden place, it would be as difficult as kindergarten students trying to escape from a scary secret room.

Halfway through his sentence, the gray-haired man could not help but swallow a mouthful of saliva. He then said in an extremely serious tone, "Furthermore, the Four Seasons 'weather are all very extreme."

"It's true that the scenery in spring is pleasant and the climate is comfortable, which is why we don't feel anything. However, it's different in summer. The weather in summer is extremely hot, and it's not something that normal people like us can bear."

The gray-haired man wiped the sweat from his forehead and said to the crowd anxiously, "We have to find a shady place to hide as soon as possible to avoid the heat. Otherwise, the heat here will kill us."

The short speech made the group nervous.

Liang Wenyan couldn't help but ask, "Can't we just use a space tent? it can expand our resting space, and there are plenty of supplies inside. It's much better than any cave we can find."

Chapter 958 - An absolute plan

Chapter 958: An absolute plan

?

However, before Liang Wenyan could finish his sentence, the gray-haired man shook his head and said in a very serious tone, "No,"

"I've already said that all of our high-tech equipment will malfunction at any time. If the magnetic field of the forbidden land is in chaos, it will be a disaster for us."

After hearing what the gray-haired man said, Liang Wenyan shut his mouth and did not say anything more.

It was undeniable that the gray-haired man was right.

If the equipment didn't malfunction, then everything would be fine. However, once their equipment malfunctioned, they would face a destructive blow and disaster!

Therefore, he had to be prepared for everything in order to deal with any unexpected situation.

"What should we do now?"

Liang Wen Yuan frowned and looked at the gray-haired man. The gray-haired man was the one who understood the situation in the forbidden land the best.

He could only follow the arrangements of the gray-haired man and Zhou Hao.

"Let's find a hidden cave and hide for a while. We'll move forward between 2 to 6 in the afternoon."

"It's autumn in the forbidden land. It's also a cool and pleasant time, but we have to make use of this time to hurry."

"Because even if we managed to escape from the poisonous fog, the forbidden land is still winter. It's not something we can handle."

This short sentence made everyone's expression turn even more serious.

They muttered to themselves for a moment, but did not say anything. They simply packed their bags and immediately prepared to continue moving forward.

As time passed by, everyone gradually began to feel how uncomfortable it was to be burned by the scorching sun.

Their entire bodies were extremely sticky, and sweat flowed down their cheeks. Even their breathing became rapid, and they felt as if their strength was about to be roasted dry by the scorching sun.

Just as everyone was about to be exhausted, Zhou Hao's gaze swept across the area and discovered a dark cave three meters away.

So, he immediately waved to the crowd, pointed to the distance, and said seriously, "Let's go over there. There's a cave there, we should be able to hide for a while."

Everyone looked in the direction Zhou Hao was pointing at. Sure enough, they saw the entrance to a cave. However, the cave was very small and could only accommodate one person at a time.

However, this was still better than nothing. Right now, they were about to be roasted by the scorching sun. They had to get in as soon as possible. Otherwise, it would be bad if they delayed and their lives were in danger.

“Let’s go, let’s hurry over!”

The gray-haired man immediately waved his hand at the crowd and quickly followed behind Zhou Hao, rushing towards the cave.

The rest of them gathered their spirits and quickly walked towards the cave.

Ten minutes later, the scorching sun had already evaporated the surrounding air, filling it with a scorching heat.

It felt like he was in a sauna. Even breathing was difficult.

The group finally reached the entrance of the cave.

However, just as she reached the entrance, Jonina suddenly stopped at the doorway.

Her face was filled with anxiety and uneasiness. Then, she suddenly pulled Thunder, who was walking forward, and said hesitantly, “This cave doesn’t seem to be that simple. Are we really going in?”

Jonina couldn’t help but bite her lips. Her expression was extremely uneasy as she worriedly said, “I’m worried that it’ll be dangerous inside ...”

“What do you mean by dangerous?”

Just as Qiao Nina was hesitating, Liang Wenyan, who was beside her, could not help but scold her unhappily, “If we don’t go in now, it’ll be really dangerous later!”

Liang Wenyan immediately walked in front of Qiao Nina and said with an extremely serious expression, “You’re not going in, are you? if you don’t go in, I’ll go in. The sun outside will dry you up. If you don’t go in, you’ll be sun-dried to death!”

Liang Wenyan suppressed the nervousness and anxiety in his heart and said urgently, “Alright, alright, stop talking nonsense. Let’s go in first!”

After that, Liang Wenyan strode toward the entrance of the cave without a care.

This scene made the rest of the People’s faces darken.

This kid was really a loner.

The group of people did not continue to say anything. They directly strode forward and quickly walked forward.

Soon, everyone had arrived at the cave.

At the moment, it was indeed extremely important for them to avoid the scorching sun as soon as possible.

When they first walked in, the surroundings were indeed very narrow. It was so narrow that even a slightly fatter person would not be able to enter.

However, this was not a difficult task for them.

Fortunately, these few people were all relatively slender, and they squeezed in easily.

The deeper they went, the wider the space became.

Liang Wenyuan couldn't help but look around. Then, he said hesitantly, "No, we can't see the road ahead. We have to use something to light up the path."

After hearing this, Jonina, who was behind him, immediately took out a strong flashlight that was specially used for combat.

However, the magnetic field here was also chaotic, and he couldn't turn on his flashlight.

Zhou Hao, who was standing at the side, did not say anything. He immediately held the ancient jade in his hands and began to channel the energy in his body into the ancient jade.

In the next instant, the ancient jade emitted an extremely glaring light, instantly illuminating the surrounding environment.

A strange look flashed across Zhou Hao's eyes. He immediately waved to the people behind him and said, "Alright, we can continue moving forward."

They saw that their surroundings were lit up, but it was still a narrow tunnel. Although it was a little narrow, the further they went, the wider the road became. It was also a psychological comfort.

It was extremely cool inside the cave, which was a sharp contrast to the outside.

It was quiet all around, and only the sound of people's footsteps could be heard.

Chapter 959 - The world in the cave

Chapter 959: The world in the cave

?

It was so quiet in the surroundings that only their footsteps could be heard, which constantly reverberated in this mountain cave.

As everyone continued to move forward, time also passed by bit by bit.

After walking for an unknown amount of time, Zhou Hao's footsteps suddenly stopped.

Seeing this, Jonina and Thunder immediately became alert.

They all stood behind Zhou Hao and looked around with serious expressions, in case something suddenly appeared.

After all, they were now in an unknown cave.

If something were to suddenly appear, they would have to struggle to escape. After all, the path to leave the cave was so narrow that their toes were almost touching their soles. When they walked, they would have to turn sideways.

Not to mention running forward, he really had no choice.

"Did you guys hear something?"

Just then, Jonina, who was walking in the middle, suddenly became alert.

She subconsciously clenched the long knife in her hand. She was so nervous that her breathing was rapid, and her face was slightly pale. She could not help but look around vigilantly, and she was so nervous that she kept swallowing her saliva.

"Don't ... Don't scare me. I didn't hear anything. "

Liang Wenyuan, who was beside her, was also shocked by Qiao Nina's words.

He scanned his surroundings nervously and suddenly felt his scalp go numb.

One must know that it was the easiest for people to be afraid in an unknown world.

If they encountered any potential danger, it might be more numbing than facing this fear.

“Shut up, don’t talk.”

Lei ting, who was standing at the side, suddenly shouted angrily.

Very quickly, the surroundings became quiet.

In the next second, the entire cave fell into silence. Only the sound of dewdrops falling could be heard, reverberating in the cave.

Everyone held their breath and listened carefully to the sounds in the distance.

Zhou Hao’s hearing was much keener than ordinary people’s. After hearing these words, his face immediately became serious.

“I heard a sound similar to the breathing of an exotic beast,” he couldn’t help but say softly. “Sometimes fast, sometimes slow, sometimes strong, and sometimes weak.

His short words immediately made everyone’s expression change.

Everyone turned to look at Zhou Hao in unison. They did not believe a word he said.

Only the gray-haired man had an uneasy expression on his face. He looked at Zhou Hao nervously and stammered, “B-boss, is what you said true ...”

“Yes.”

Zhou Hao’s face was extremely serious. He held his breath and carefully sensed it. Then, his face darkened and he said in a deep voice, “It seems that this mutated beast’s realm is indeed extraordinary. It seems to be even more powerful than the four mutated beasts we encountered on the spaceship.”

After hearing this, the four people’s faces turned pale.

“You ... You mean to say that the exotic beast in this cave is much more powerful than the tenth grade Saint-level exotic beast from before?”

“That’s right. ”

Zhou Hao’s expression was extremely serious. He then said word by word, “If we don’t want to be discovered, we have to find a way to hide our presence.”

After he said that short sentence, he looked at the people around him seriously and said in a serious tone, "We came to this cave to avoid the scorching sun for a while, so I don't think we need to provoke these exotic beasts."

"The best way is to use the method in this scroll and see if there is a way to hide our auras."

As Zhou Hao spoke, he took out the scroll that he had just taken out from the barrier of the spaceship from his storage space.

Liang Wenyan's eyes lit up when he saw the scroll.

He immediately looked at Zhou Hao with a smile and said eagerly, "Zhou Hao, why don't you let me take a look? I've done a lot of research in this area. Maybe I can solve this problem with one look?"

Zhou Hao frowned when he heard this.

From the first time he saw Liang Wenyan, he felt that Liang Wenyan was not a good person.

If this kid were to get the scroll, he might think of a way to leave this place, or he might refuse to return it to him. Then, he would be finished.

In the distance, Qiao Nina could also tell that Liang Wenyan was up to no good. Her expression was extremely serious as she frowned at Liang Wenyan and said in a deep voice, "You've done research on this?"

"Yup,"

When he saw that Qiao Nina had actually spoken to him, Liang Wenyan suddenly felt that his method must have worked. Hence, Qiao Nina could not help but walk over and start to support him.

Thus, he spoke anxiously, enunciating each word, "Yes, yes, I'm very good at this. Just believe me!"

"That's good. "

Jonina smiled, then crossed her arms and looked at Liang Wenyan. She said calmly, "Then tell us how to activate this defense and we'll believe you."

Liang Wenyan was rendered speechless by her short sentence.

He didn't really know how to do it. After all, the method was recorded in the scroll. He just wanted to trick this thing into his hands, so he just made it up. It couldn't be taken seriously.

At the thought of this, Liang Wenyuan's expression could not help but turn ugly.

He hesitated for a moment, then stammered, "Actually ... Actually ..." He said.

Liang Wenyuan stammered and stammered, "actually" for a long time, but he couldn't say a word. His face looked a little anxious, and his breathing was a little rushed.

"The way I see it, you're just harboring evil intentions."

Jonina rolled her eyes in dissatisfaction, then said to everyone, "From what I know, there are indeed ways to activate the protective device and hide one's aura in this world. However, excluding those high-tech devices, there are also some ancient methods."

As Jonina spoke, she reached out and pointed at the ancient jade in Zhou Hao's hand.

"The ancient jade in Mr. Zhou's hand is a medium to activate the defensive barrier. We can use this to do this."

Chapter 960 - Energy source medium

Chapter 960: Energy source medium

In the beginning, everyone was still a little confused and confused.

They all looked at Jonina in confusion. They did not know what Jonina's words meant.

However, when he heard what Qiao Nina had said, Liang Wenyuan's expression froze for a moment. Then, he glared at Qiao Nina in front of him, his heart filled with displeasure and anger.

This Jonina, she's just trying to make things difficult for me on purpose!

Wasn't it obvious that he was deliberately going against her?

It seemed that this woman's goal was to get the ancient jade in Zhou Hao's hands, and that was why she said that!

When Zhou Hao heard Jonina's confident words, he had a puzzled expression on his face.

He could not help but look at Jonina hesitantly and asked, "You know how to set up a defensive barrier?"

"Although I don't know how to do it, I've heard my master talk to me about it. It's actually not difficult to activate the defensive barrier. It requires an energy source that contains a lot of energy as a medium."

Jonina smiled and looked at Zhou Hao, "Mr. Zhou, if you trust me, why don't you give me the ancient jade? I'll try the method my teacher taught me. Perhaps we'll have a chance to activate this barrier."

After Zhou Hao heard this, he did not suspect Jonina.

After all, along the way, he had felt that Jonina was a very upright woman. She would not have made up such lies just to steal his treasure.

It should be known that there was still an unknown danger waiting for them ahead. If he encountered any danger at that time, none of them would be able to escape.

Hence, Zhou Hao did not hesitate and immediately handed the ancient jade to Jonina.

When Liang Wenyan saw this, he was so angry that his nose was almost crooked.

What kind of F * cking treatment was this!

Why did Jonina have to take it just because she said she wanted it, and why did they not believe her when she said she had a way to open the barrier?

They didn't know that the crowd had already suspected that Liang Wenyan had ulterior motives the moment he refused to open the door for them.

Now, she didn't trust Liang Wenyan that much anymore and was suspicious of him.

At the thought of this, Zhou Hao's face suddenly became extremely serious. He immediately opened the scroll and found that everything recorded in it was high-tech methods. There was no ordinary method at all. It taught how to use ordinary methods to hide one's aura in the forbidden land.

"It doesn't say anything. Since it's useless, I'll keep it."

As Zhou Hao spoke, he immediately put the scroll into his pocket and quickly kept it in his storage space.

Liang Wenyuan, who saw this scene, couldn't help but feel annoyed. He was so close!

But now, Zhou Hao had no intention of sharing the scroll. If he were to act too eagerly, Zhou Hao would definitely misunderstand and think that he was trying to steal the scroll!

At the thought of this, Liang Wenyuan did not dare to say anything more. He could only stay where he was and wait for them to come up with an idea to hide his aura.

At that moment, Jonina was holding the Jade that Zhou Hao had given her. She suddenly started to chant something.

The surrounding crowd instantly fell silent. Everyone held their breath and focused, not even daring to breathe loudly. They could only look at Jonina nervously, hoping that Jonina would succeed.

Time passed by the seconds and minutes. In the next second, Jonina's face suddenly turned pale.

She couldn't help but spit out a mouthful of blood. Soon, the blood was all over the Jade.

"Nana!"

Thunder, who had been silent all this while, suddenly shouted with a nervous expression. He subconsciously wanted to step forward and support Jonina.

However, in the next second, something shocking happened.

The blood that had splattered on the Jade was quickly absorbed by the Jade at a speed visible to the naked eye.

And very quickly, the ancient jade actually emitted a piercing light blue light!

As the light blue light gradually spread out, a light blue halo suddenly burst out in the next second and quickly flew out from the ancient jade!

After these light rings flew out, they immediately rushed straight towards the five people.

"F * ck ..."

Liang Wenyuan was scared out of his wits. His face instantly turned pale, and his eyes were filled with fear. He asked in shock, "What the hell is this?"

Before they could finish their sentence, the blue light rushed into their bodies in the next second.

Immediately after, everyone felt as if their bodies were being gradually surrounded by an invisible force.

Zhou Hao also felt the power. He took a deep breath and looked at the crowd in the distance. He asked hesitantly, "Do you guys feel that your auras have become smaller?"

This short sentence made everyone's faces turn serious.

They immediately began to sense it and suddenly realized that their auras seemed to have really begun to fade.

"It's effective! It's really effective!"

Upon hearing this, the gray-haired man began to adjust his breathing and tried his best to integrate this aura into his body.

Not long after, he felt his aura gradually decrease.

At that moment, the ancient jade in Jonina's hand suddenly floated up and gradually hovered above his palm.

The ancient jade gradually emitted a series of buzzing sounds, as if it was constantly interacting with everyone.

Blood continued to flow from the corner of Jonina's mouth. Her aura seemed to be gradually weakening.

Compared to just now, her breathing had gradually become dispirited, and her face was filled with haggardness.

In the next moment, her face contorted in extreme pain. Then, she felt the ancient jade in her hand gradually fall to the ground.

Although the energy contained in the ancient jade was extremely powerful, it was also extremely fragile.

They were like two extremes. Although they contained extremely powerful forces, they could be easily shattered if one was not careful.

Jonina panicked. Her face was filled with anxiety. She wanted to put the ancient jade away, but she did not have the time to react!

Tip: You can use left, right keyboard keys to browse between chapters.

- Chapter 961 - breaking the seal

Chapter 961 - breaking the seal

Chapter 961:-breaking the seal

The ancient jade was about to crash into the ground and shatter into pieces.

The people around them didn't have time to react. After all, this happened too suddenly.

Only Zhou Hao, who was the closest to Jonina's position, had a serious look in his eyes.

His body flew out with a whistling sound. He immediately stretched out his hand and grabbed the ancient jade that was about to fall to the ground.

In the distance, when Thunder saw this scene, his eyes immediately became more serious.

He squinted his eyes, then stood up abruptly and dashed into the distance.

At that moment, Lei ting's body was like a long sword. He reached out and grabbed the ancient jade that was about to fall to the ground.

Liang Wenyuan, who was at the side, saw that the timing was just right. He could not help but reach out his hand, wanting to get a share of the loot.

However, no matter how fast the two of them were, they were still not faster than Zhou Hao. He flew out and quickly reached out his hand to take back the ancient jade that originally belonged to him.

After Zhou Hao received the ancient jade, he quickly kept it back into his storage space.

The ancient jade was completely undamaged, and it returned to his hands safely. Only then did Zhou Hao heave a sigh of relief.

Jonina had just activated the ancient Jade's defensive barrier, so her current physical condition still looked rather weak.

However, now that Jonina had activated her defensive barrier, her aura had recovered slightly. However, she still looked extremely weak.

When Thunder saw this, he immediately took out a small wooden box from his storage space.

After the small wooden box was opened, there was a small black pill inside.

Thunder's expression was extremely serious. He immediately handed the pill to Jonina and said sternly, "Come, take this pill first. You can recover your strength."

Jonina glanced at Thunder. For some reason, a hint of hesitation flashed in her eyes. She seemed to be doubting whether the pill he gave her could be taken.

Seeing this, Lei ting only smiled faintly. Then, he slowly opened his mouth and said softly, "Don't worry, this pill is not poisonous. It's used to recover your mental strength."

After hearing Thunder's explanation, Jonina's expression turned awkward.

"Thank you," she said.

Jonina smiled and thanked him politely. She then immediately took the pill and swallowed it without hesitation.

Zhou Hao, who was standing at the side, could not help but start to suspect the relationship between the two of them when he saw how strange the two of them were.

Earlier, Thunder seemed to be very familiar with Jonina, and it had even called her Nana.

However, Jonina's relationship with Thunderbolt seemed to be very distant. It was as if they were not close at all.

The two of them looked very strange.

However, Zhou Hao did not ask any further. Instead, he said to Jonina, "Miss Qiao, you should have recovered a little since just now, right?"

"Yes, I feel much better now."

Jonina nodded her head slightly, her breathing was much calmer than before.

Very quickly, Jonina's complexion returned to normal. At the very least, it looked much more rosier than before.

Zhou Hao knew that Jonina was genuinely trying to help them solve this problem. Otherwise, she would not have said those words.

Moreover, she was weak and vomiting blood. It looked very real and didn't look like she was faking it. They didn't need to doubt it too much.

After Jonina rested for a while, she had recovered quite a bit.

The next second, Jonina stood up and looked at the people around her. She asked sternly, "Did you guys notice something wrong?"

"Has the barrier been activated? feel it carefully. Can you still sense the aura coming from your bodies?"

After hearing Jonina's words, everyone immediately held their breaths and started to investigate carefully. In the next second, Jonina immediately spoke in a serious tone, "I can't sense your aura anymore."

The rest of the people also closed their eyes and began to feel it.

As expected, he really couldn't detect the aura of the person around him.

The gray-haired man's heart leaped with joy, and he immediately said with great excitement, "It's done, it's really done. We can enter the cave safely now."

Everyone was ready to go, and then they decided to immediately continue moving forward.

The path in the distance became wider the further they walked. On the surrounding rock walls, there were some strange calligraphy and paintings that people couldn't understand.

Although no one understood what he meant, they didn't seem to want to get to the bottom of it.

They walked forward one by one. The further they went, the more they felt the aura of the exotic beast in the distance gradually becoming stronger.

The further he walked, the more Liang Wenyan felt his scalp go numb and a chill run down his spine.

He was so nervous that even his breathing started to tremble. He couldn't help but say hesitantly, "I think we shouldn't continue moving forward, right?"

"The aura in front of us is too strange. Let's go back the way we came. Looking at the time, the summer outside should be over, right?"

Liang Wenyan was the most timid person in the group.

Not only did he want to snatch the treasure, but he also wanted to retreat at the last minute and even try to take their lives.

Although they already had some doubts about his actions, they didn't have any concrete evidence. They couldn't say anything and could only continue to lead him forward.

But now, Liang Wenyuan could not even walk properly. He was constantly disrupting their 'morale'. It was really detestable.

Jonina's face darkened when she saw this. She suppressed the anger in her heart and said coldly, "Mr. Liang, if you want to leave, no one can stop you."

"If you still want to come with us, we'll welcome you at any time. But please don't keep talking nonsense in our ears, okay?"

This time, Jonina was really angry.

She had put in a lot of effort just now to put on a protective shield for them.

Chapter 962 - Passing through the cave

Chapter 962: Passing through the cave

Now, he had not even taken many steps, and this kid was already saying things like 'retreat'. It was really hateful.

When they entered the cave, they had already checked the outside.

After walking through this mountain road, he could save a lot of twists and turns and go straight to the opposite side.

If he were to return, not only would Lu Bai be gone, but the mental energy he had just used to create the defensive barrier would also be wasted.

When she thought of this, Jonina could no longer control the anger in her heart. She could not help but shout and start cursing at Liang Wenyuan.

Liang Wenyan's expression was extremely displeased. After being scolded by Qiao Nina, he instantly felt that he had lost all face. He said angrily, "Alright, I'll leave. Don't beg me to come back when the time comes!"

After that, Liang Wenyan immediately turned around and planned to leave without looking back.

Who knew that he would turn around, and after just a few steps, he let out a scream of horror!

The four of them immediately turned around to look at him when they heard his voice.

Jonina's face was filled with displeasure. She suppressed the anger in her heart and coldly said, "What's wrong now?"

Zhou Hao, who was walking in front, could not help but sneer. He waved his hand and said impatiently, "I don't know what he's up to again. Forget it, let's not bother about him. We'll just leave."

Zhou Hao had wanted to ignore Liang Wenyan for a long time. To them, it did not matter if Liang Wenyan was there or not.

Now that the kid was gone, they would have one less burden in their team.

Who knew that this Liang Wenyan wouldn't stop even when he said he wanted to leave.

What the f * ck was he shouting all of a sudden for? what if he alarmed the exotic beasts in the cave? wouldn't their group all be finished?

Everyone turned their heads in unison to take a look. When they saw what was happening behind them, their faces instantly became extremely shocked.

"The ... The path behind us, the path we took when we came here ..."

Halfway through his sentence, Liang Wenyan could not help but swallow his saliva in horror. Then, he stuttered, "Where's the road? it's gone!"

Liang Wenyan was not the only one who was shocked by his words. The people around him were also shocked. They looked at the scene in disbelief and panic.

Everyone subconsciously took a few steps back and looked around hesitantly. They suddenly felt a chill down their spines and their scalps were about to explode.

What was going on? why did such a strange scene happen?

Just as everyone was confused, Liang Wenyuan, who was standing at the back, said in shock and hesitation, "Why ... Why does this path seem to be shrinking and becoming narrower?"

At this moment, Zhou Hao, who was standing at the front, also noticed that something was wrong.

His expression was extremely serious as he swept his gaze into the distance. He was shocked to discover that this road wasn't getting wider as they walked. Instead, this road seemed to be deliberately giving way to them!

As long as they were about to walk through it, it would become wider and wider!

On the contrary, the path they had already taken was shrinking until it was completely sealed!

Zhou Hao's expression changed when he saw this. He immediately shouted at the group, "Let's go out quickly. We can't stay in this place for long. If we stay too long, we'll be in danger!"

Zhou Hao's words received the approval of everyone present.

They knew that Zhou Hao was telling the truth. After all, they were in a foreign place. They had no idea where they were or what kind of place they were in.

Therefore, they had to leave as soon as possible!

At the thought of this, everyone present could not help but speed up their steps and quickly run forward.

Even Liang Wenyuan, who had been making a lot of noise and clamoring to leave this place as soon as possible, was scared at this moment. He didn't dare to leave this place alone, because he was afraid that it would be more dangerous if he left!

The group quickly ran forward, but soon, they suddenly realized that the ground had suddenly begun to shake violently.

"What's going on? didn't we already open the defensive barrier? how did this happen?"

The gray-haired man was so anxious that even his breathing began to become rapid. He ran forward with all his might as he asked anxiously.

"The defensive barrier has indeed been activated, and we shouldn't be detected by the exotic beasts, but ..."

Zhou Hao was speechless for a moment. His face was filled with a serious expression. Then, he frowned and glanced at Liang Wen yuan. He suppressed the anger in his heart and said coldly, "But mutated beasts aren't deaf."

"If some people suddenly say, I'm afraid no one can resist a "ow" and a "ow."

Liang Wen yuan's expression turned helpless after he said that short sentence.

"I ... I didn't do it on purpose, okay?"

When Jonina heard this, her expression instantly turned displeased. She could not help but frown and chided, "Enough! Haven't you caused enough trouble? why are you still talking such hateful nonsense?"

"Shut up immediately. Otherwise, I'll throw you into a pile of mutated beasts to feed them!"

Liang Wen yuan's face turned pale after he said that.

He wanted to say something, but he couldn't. He could only look at these people angrily and say nothing more.

Everyone's speed became faster and faster, and they quickly ran forward.

However, as their speed increased, the tremors in front of them also became more and more intense.

Zhou Hao's face darkened, and he slowly said, "Let's find a place to hide first. The aura of that mutated beast in the distance is getting closer and closer."

This short sentence, after being spoken, immediately gave everyone a big scare.

They knew that this exotic beast's energy was extremely strong, and they could not relax at all.

If they really had to face this extremely powerful mutated beast, they would definitely be in trouble.

Chapter 963 - -huge exotic beast

Chapter 963:-huge exotic beast

Everyone's footsteps continued to speed up.

Zhou Hao took the opportunity to take out the ancient jade from his storage space.

Zhou Hao knew that if he wanted to pass through the cave smoothly, it would be impossible to rely on the defensive barrier.

In truth, they had no idea what the mutated beasts they were facing were like.

If he really met them head-on, he might not have a good ending.

Moreover, if this mutated beast could still detect their presence even after it had concealed its aura, they would have to find a suitable opportunity to counterattack immediately.

Now was the best time to improve his strength.

Zhou Hao had to quickly increase his strength before he encountered the mutated beast.

Zhou Hao's expression was extremely serious. He immediately picked up the ancient jade in his hand and tried to absorb the energy source within it.

When he felt the energy source continuously flowing into his body, the expression on his face finally seemed to relax a little.

At that moment, Zhou Hao took a deep breath and immediately raised his hand. He could feel the power constantly spreading out, as if it was extending infinitely in the surroundings.

In that instant, Zhou Hao could even sense that the space around him seemed to be constantly distorting!

It was as if the space around Zhou Hao was being torn apart by the powerful energy source.

A powerful force whistled out continuously. In the next moment, Zhou Hao felt a powerful and violent force whizzing out of his body. It did not take long for him to realize that something was wrong.

This aura was extremely powerful. It filled his body and made him feel hot all over. It was as if there was an endless power waiting to be unleashed!

Zhou Hao's head was buzzing.

He couldn't control himself and let out a roar. The surroundings suddenly seemed to be collapsing and the earth was splitting apart. There was an extremely violent explosion.

The sound echoed in the narrow cave, scaring the people who were following Zhou Hao and running away. Their bodies trembled violently, and their breathing became rapid.

"Oh no, Zhou Hao, the protective barrier on your body has shattered."

When Qiao Nina, who was beside Zhou Hao, saw the aura from Zhou Hao's body gradually spreading out, her expression changed. She hurriedly followed after him and said anxiously, "Zhou Hao, Zhou Hao, what are you doing? your defensive barrier is about to break!"

At this moment, Zhou Hao's body was being continuously injected with an incomparably huge amount of energy. He could not control himself at all.

In order to maintain his consciousness, he immediately bit the tip of his tongue. A fishy and sweet smell immediately filled his mouth, and blood immediately flowed down the corner of his mouth.

In the next second, something that shocked Jonina happened.

The blood flowing from the corner of Zhou Hao's mouth seemed to be drawn by the Jade, and was rapidly being absorbed by the Jade!

Zhou Hao's eyes flashed with a sharp glint as he allowed the energy source to enter his body.

Soon, Zhou Hao's body was surrounded by something similar to the electric current that surrounded the treasures in the spaceship earlier. It whizzed and swept toward Zhou Hao.

At that moment, an invisible force of deterrence spread out and enveloped the surrounding people.

An invisible force gathered in an instant. The ancient jade in Zhou Hao's hand also emitted a strange blue light!

"This is ..."

Jonina's expression was one of shock. She looked at the piece of ancient jade in shock and muttered to herself for a long time, unable to say a single word.

Such a powerful force was actually contained in this small piece of ancient jade. This piece of ancient jade was definitely not that simple!

As the road in front of them became wider and wider, the cave that was as high as a thirty-story building was so wide that it could accommodate twenty people. They could even walk side by side.

The road behind Liang Wenyan did not continue to close. They seemed to have come to a space condensed by a huge natural cave.

At this moment, Jonina, who was following behind Zhou Hao, was the first to notice that something was not right in the distance.

“Zhou Hao!” She shouted in shock. Zhou Hao! Don’t go any further, there’s ... There’s danger ahead!”

Zhou Hao’s speed was so fast that he did not even slow down. When he heard what Jonina said to him, he immediately opened his eyes and looked forward.

At the forefront was an extremely huge mutated black bear Beast. Its head was already as tall as a ten-story building, and its body was well-built and huge. From afar, its eyes were almost bigger than a human’s head.

When they saw this, the faces of the people behind Zhou Hao changed.

Liang Wenyan, who was standing the furthest away, immediately stopped in his tracks. His eyes were filled with fear and disbelief. He was extremely frightened and overwhelmed with shock!

Just as he was about to retreat, he stepped on a stone on the ground and almost fell.

It was the gray-haired man who held Liang Wenyan in time, preventing him from falling to the ground.

Although the gray-haired man was also scared, he had seen Zhou Hao’s strength before. He knew that Zhou Hao was no ordinary person, so he didn’t show any fear when facing the mutated beast.

With Zhou Hao as his source of confidence, the gray-haired man naturally wasn’t afraid. However, it would be a lie to say that he wasn’t panicking in the face of such a powerful mutated beast.

After all, such a fierce and huge exotic beast could probably stomp them to death with a single stomp in front of them, who didn’t have high-tech weapons!

Crushing him into a meat patty would probably be an easy task, as easy as blowing off dust!

A coward like Liang Wen yuan would probably wet his pants when he saw such a ferocious exotic beast, not daring to step forward and fight it.

At this moment, he could only hide behind the crowd in fear and trepidation as he looked at the gray-haired man in front of him. He also began to stutter, unable to say anything at all.

He was so frightened that his face turned pale and his scalp went numb. His breathing began to become rapid, and his entire back was soaked with sweat. He looked very miserable.

“I ... I told you not to come here. Is that okay now?”

Chapter 964 - -difficult times

Chapter 964:-difficult times

Liang Wen yuan was so frightened that his tone of voice began to tremble and tremble.

Although he had already reached the ninth grade martial Saint realm, and before he joined this group of people, he had spoken very beautifully and looked very confident. He was just playing a psychological battle with them.

He just wanted to make them think that he was a powerful expert before joining. This way, the other party would be more willing to let him join and would not suspect him.

However, Liang Wen yuan didn't realize that joining this place was far more dangerous than he had imagined!

He had killed one person right from the start. That pretty girl called Lilia had been struck by the barrier at the entrance of the spaceship and turned into a charred corpse!

Every time he thought of this, he felt that it was really unbelievable!

A living person had been killed right in front of him. This had been a shadow in Liang Wen yuan's heart until now.

Liang Wenyuan was so frightened that his expression changed. He turned around and wanted to leave, but at this moment, where could he go?

After all, there was only one way out of this cave, and it had been sealed by the mysterious barrier behind it. They had no chance of leaving at all, so they could only choose one of the two here.

Otherwise, he would have to bite the bullet and fight it out with the mutated black bear exotic beast with such a powerful aura. Otherwise, he would just be eaten by it.

Liang Wenyuan's eyes were filled with horror. He was so terrified that his entire body trembled.

He trembled as he retreated and hid behind the crowd. No matter what, even if he was going to die, he would be the last one to die. He would make this group of people his scapegoats!

Zhou Hao looked warily at the mutated black bear in the distance. He made a hand gesture, indicating for everyone to quiet down.

Everyone held their breath and looked in the direction Zhou Hao pointed out.

"Look, this mutated black bear exotic beast seems to be here to hibernate. Its breathing is even, and it doesn't even blink its eyes. It clearly didn't notice where we are at all."

Zhou Hao turned around and looked at the group of people. He consoled them, "So, as long as we're careful and don't let him discover us, there won't be any problems."

This short sentence immediately gave everyone a lot of confidence.

They glanced around with fear on their faces. The mutated black bear in the distance was indeed the same as Zhou Hao had said!

This made the originally nervous and vigilant people relax a little.

Liang Wenyuan also heaved a sigh of relief. Then, he laughed and said, "Hehe, so you're hibernating. Then ..."

"Ahem, we have to leave this place as soon as possible. Otherwise, if we attract its attention, we'll all be finished."

Liang Wenyuan's words had some basis. After all, this place was where the exotic beast lived. No one knew how much potential danger there was in the surroundings.

The only thing they could do now was to get away from this exotic beast as soon as possible.

“But how are we supposed to get out?”

Jonina calmed herself down and couldn't help but look around. However, she couldn't see any way out. There seemed to be faint rays of light behind the mutated beast. Could it be ...

The door to the outside world had already been blocked by this mutated black bear.

At this critical moment, Liang Wenyan, who was behind him, suddenly tripped over something.

“Aiyo!” He yelped and then looked at his feet in confusion.

When he saw clearly what had tripped him, his head immediately buzzed and exploded. He felt all the hair on his body stand on end, and he couldn't even stand steadily.

“F * ck me ... What the f * ck is this thing? it scared me to death!”

Liang Wenyan cried out in shock, scaring everyone into looking in the direction that Liang Wenyan was looking at.

Jonina's face was filled with dissatisfaction. She looked at the mutated black bear Beast in front of her with a frown, then shouted angrily, “That's enough. You're so loud. Are you worried that you won't be able to wake up the mutated black bear Beast and it'll eat us all?”

Liang Wenyan was drenched in cold sweat. He could not help but look at Qiao Nina with fear and trepidation. He pointed at the ground beneath his feet.

“You guys ... Take a look for yourselves. What is this?”

As the lights were extremely dim, everyone was only looking at the road in the distance and the surrounding walls. They did not notice what was under their feet at all.

Now, Liang Wenyan's scream made him lower his head in shock and look at the scene under his feet.

It would have been better if they hadn't looked, but the moment they did, they almost fainted from shock.

There were a few piles of white bones on the ground!

Moreover, looking at the degree of decomposition of these bones, it should have been a long time.

Liang Wenyuan was so nervous that his face turned pale and his breathing became labored. At that moment, he felt as if he was surrounded by despair. He did not even have the strength to move forward.

“We’re done for! This time, we’re done for!”

Liang Wenyuan simply sat down on the ground, his face dispirited. There was no way out now. If he wanted to leave this place, he had to pass through the mutated black bear’s back. This was simply something that felt extremely impossible just by thinking about it!

At this moment, even the gray-haired man who had been calmly following behind Zhou Hao at the beginning was instantly frightened by this scene.

The aura of the mutated black bear was simply too strong. The gray-haired man didn’t have any time to react, and was immediately suppressed and fell heavily to the ground.

“We’re done for. Such a powerful aura is not something we can stop ...”

The gray-haired man subconsciously felt that even Zhou Hao might not be able to do anything against such a powerful aura. Hence, he stammered in fear.

“Not really? I don’t think so. ”

Zhou Hao smiled and slowly said, “Although the aura of the mutated black bear is strong, it’s not like there’s no way to break it.”

As Zhou Hao spoke, he immediately took out the ancient jade that he always carried with him. His face was filled with a calm smile.

Chapter 965 - The key

Chapter 965: The key

“This piece of ancient jade is the key!”

As Zhou Hao spoke, he subconsciously looked at Jonina. Then, he said in a very serious tone, “I wonder if miss Qiao would be willing to help me?”

Among their group, the only one who knew how to activate the ancient jade was Jonina.

Among the few of them, if there was anyone who could help him, it would be Jonina.

Therefore, Zhou Hao did not hesitate to immediately look at Jonina, and could not help but start to ask for help.

Jonina's eyes flickered and she nodded slightly. Then, she chuckled and said, "Mr. Zhou's reaction is really fast. Although this mutated black bear beast's aura is strong, there's still a way to break it."

"Miss Qiao, what do you mean by that?"

Liang Wenyuan and the gray-haired man's expressions turned extremely surprised after they heard the short sentence.

They looked at Jonina in unison, not knowing what she meant by her words.

"It's simple. "

Jonina's face was calm and composed. She smiled and then slowly said, "The energy contained in the mutated black bear beast's body is extremely powerful. This is something that everyone here can feel, right?"

The crowd did not know what Jonina was trying to do by saying such things.

However, after hearing her words, he couldn't help but nod and agree.

Jonina pointed at the ancient jade in Zhou Hao's hand, then continued in a serious tone, "The ancient jade in Mr. Zhou's hand can absorb a large amount of the energy contained in the mutated black bear."

"If we can absorb more than half of the energy contained in the mutated black bear beast's body before the battle, we can greatly reduce the threat and damage it poses to us."

Jonina's words were very firm. She did not look flustered at all. It seemed like she was very confident about this matter.

After hearing Jonina's words, Zhou Hao nodded slightly and a faint smile appeared on his face.

It was so convenient to talk and do things with smart people. As long as he spoke a little, it was enough to let them understand what he was going to do next.

The next moment, the two of them looked at each other and nodded. They had already made up their minds to do this!

In the crowd, Liang Wenyan's face was full of fear. His breathing was slightly rapid, and his eyes were full of anxiety and uneasiness. He seemed to be extremely panicked and afraid.

"Mr. Zhou, I'll be honest with you. I've read about how to activate a powerful energy source in ancient books. This piece of ancient jade might be one of the energy sources. We can try to use this method to get rid of this mutated black bear Beast."

"But ..."

Jonina was halfway through her sentence when she looked at the mutated black bear in the distance again. Her expression suddenly turned extremely grave.

"I keep having the feeling that this mutated black bear Beast is both illusory and real, like a dream and an illusion. It's sometimes invisible and sometimes fake."

"It doesn't seem like it's the real mutated black bear. It's just an illusory figure it created to protect its territory from being attacked, just to scare off intruders."

When the people around them heard Jonina's words, their faces turned serious.

If the mutated black bear exotic beast in front of him was really just an illusory figure like Jonina had said, wouldn't this matter be much easier to handle?

Jonina seemed to have seen through their thoughts. She smiled faintly and shook her head helplessly. "Don't think that this matter is too simple,"

"Although I think that it's just an illusion, it's not that it's not very powerful. It still needs a strong power to break the shackles and let us pass through here."

"What we need to do now is to use the ancient jade to find the illusory shadow created by the mutated black bear. After breaking it, we can leave this place through the path behind it!"

On the other hand, Qiao Nina and Zhou Hao's gazes were filled with determination. The two of them had already made up their minds to work together to deal with the mutated black bear.

Only Lei Ting, who was at the side, had a grave expression on his face. He suppressed the anxiety and uneasiness in his heart and looked at the scene with fear.

"Nana ..."

Thunder spoke slowly, but even his tone was stammering with a trace of urgency. He simply didn't know what to do.

Qiao Nina acted as if she did not hear the Thunder calling out to her. She continued to stare at the ancient jade in front of her with a serious expression. Together with Zhou Hao, they prepared to activate it!

In the next moment, the two of them held the ancient jade in their hands. Qiao Nina looked at Zhou Hao, and a gentle smile suddenly appeared in her eyes. She then slowly opened her mouth and said softly, "We can start now."

As soon as Jonina's voice fell, the boundless power in the surroundings suddenly whizzed out from the ancient jade. A series of rumbling sounds continuously reverberated throughout the entire Shandong.

There were even countless lightning bolts around him, and the continuous explosions made Liang Wenyuan so scared that he grabbed the gray-haired man's arm and squatted on the ground. He was so scared that he didn't even have the courage to open his eyes to look.

At that moment, Jonina immediately pulled out a dagger from her waist.

Her eyes were filled with determination, and her face was solemn.

The dagger glowed with a cold light as Jonina cut her palm. She then threw away the blood-stained dagger and tried her best to drip the blood on the hands of the two people who were holding the ancient jade.

Zhou Hao's eyes were filled with worry. After all, Qiao Nina had almost fainted when she activated the ancient jade. It was a good thing that Leiting's pill had saved her life.

Now that she had activated the ancient jade again and used her blood to activate her fresh blood, Jonina's mind power would definitely suffer a heavy blow.

However, among the few of them, only Zhou Hao and Jonina were capable of doing this.

If it was anyone else, no matter who it was, they would not be able to do it.

Even though Jonina's mental strength was not as strong as before, this was the most important moment. She could not stop now!

Chapter 966 - -illusory shadow

Chapter 966:-illusory shadow

Fresh blood flowed out of Jonina's palm and dripped onto their tightly held hands. It flowed through the cracks and into the ancient jade.

The ancient jade absorbed the blood drop by drop and instantly fused it into its body.

At this very moment, the ancient jade suddenly became warm. Its entire body was also constantly emitting a warm red light. It was as if an extremely powerful force was already brewing.

In the next moment, the ancient jade suddenly burst forth with an extremely strong light, piercing the surrounding onlookers and causing them to immediately cover their eyes.

They squinted their eyes and tried to open them to take a look, but they couldn't. They only felt that the light was not only intense, but also boiling hot, as if it was a scorching flame that was constantly roasting their surroundings!

Very quickly, the beam of light shot rapidly in the direction of the mutated black bear exotic beast!

In almost an instant, it rapidly surged into the mutated black bear exotic beast's body!

The loud sounds continued to reverberate in the surroundings. The huge mutated black bear in the distance suddenly started to shake!

The surrounding ground also began to shake violently!

Countless clouds of dust continuously scattered down from the top of the cave, causing everyone to immediately find a corner to stabilize their minds and avoid the attacks around them.

In this place, they had no way of using any high-tech weapons. In addition, these few soldiers of the Caucasus people lacked physical strength, and could only rely on their own weapons. Thus, in the face of such a situation, they could only be like ordinary people, powerless.

In the distance, Zhou Hao suddenly felt the energy in his body boiling.

His divine sense was also growing stronger and stronger. He felt that he could clearly sense the light, and could control it to quickly rush towards the location of the mutated beast.

Zhou Hao only felt that the ray of light had quickly charged into the mutated black bear's weak point. Immediately after, he looked towards Jonina. Just as he was about to say something, he saw a scene that shocked him to the core!

Jonina's face was filled with killing intent. Her eyes were dark as she glanced at a spot beside her.

Zhou Hao followed Jonina's gaze and looked over. To his surprise, he realized that the person she was looking at was Thunder.

What was going on?

At the same time, the rumbling sounds in the surroundings became even more intense.

Jonina's face gradually turned pale. This power was triggered by Jonina's blood, so Jonina was the main person who guided this power!

Zhou Hao was the assistant. Although he was the assistant, he still played a very important role!

Jonina was a member of the Caucasus people, and her blood was extremely pure. By using her blood to activate the energy within the ancient jade, not only would she be able to achieve twice the result with half the effort, but she would also be able to use the least amount of cultivation and energy to activate the most powerful energy within the ancient jade!

Time passed by the seconds and minutes. After about five minutes, the violent shaking sound exploded again.

Countless broken stones and tiles came crashing down one after another. The surrounding trembled and buzzed. Liang Wen Yuan, who was far away, stuck his head out to take a look. He was instantly shocked by the scene in front of him!

In the distance, the mutated giant bear exotic beast seemed to be awakening!

Its originally dull eyes gradually lit up, and its entire body trembled violently as if it was about to stand up from the ground!

Jonina's breathing gradually became heavier, but her eyes still looked normal.

She couldn't help but spit out a mouthful of blood. Countless wisps of aura surged into the mutated black bear Beast in front of her!

The mutated black bear beast's entire body suddenly began to shake violently. In that instant, the tremors in the cave grew stronger and stronger!

In the next moment, the mutated black bear woke up instantly, and under everyone's watchful eyes, it actually stood up!

His eyes revealed a cold glint. Immediately after, a strong pressure gradually poured out and erupted like a flood that had opened the floodgates!

At that moment, the pressure suppressed the surroundings, causing everyone to be dumbfounded. They looked at the scene in shock and could not believe what they were seeing!

Zhou Hao had never seen such a shocking scene before, and he was instantly stunned.

He could not help but take a deep breath. Immediately after, he quickly mobilized his cultivation and energy, planning to help Jonina and kill the mutated black bear exotic beast in front of him in one fell swoop!

Jonina's body was still trembling, and her face was filled with fear. She looked as if she was truly afraid. She was not pretending.

Her mouth tasted bloody and sweet, and suddenly, blue veins appeared on her forehead, looking like she was in extreme pain.

However, her eyes were filled with determination and persistence. It was as if she had already made up her mind. No matter what the danger she was about to face today was, she would clench her teeth and endure it. She would never admit defeat!

In the distance, the mutated black bear exotic beast had already slowly stood up. It suddenly opened its bloody mouth, and there seemed to be an extremely strong pressure condensed in its mouth!

Then, a small ball of red light that looked like a burning fire gradually condensed!

At the sight of this scene, Zhou Hao's pupils instantly trembled, and then a strange look appeared in his eyes!

"Seize the opportunity. We can't give up so easily!"

That short sentence exploded out with a loud bang. Immediately after, the mutated black bear in the distance stood up completely!

Suddenly, its body turned into the shape of a ", and its four limbs were completely spread out. Its entire body seemed to be as tall as the entire cave!

A powerful force burst forth in an instant. Jonina's face suddenly turned extremely pale. She opened her mouth and spat out a mouthful of Scarlet blood. Her entire person looked extremely miserable.

When Zhou Hao saw this, he quickly transferred some of his power into Jonina's body. In that instant, Jonina's aura finally calmed down and she seemed to have recovered some energy.

Chapter 967 - -sacrifice

Chapter 967:-sacrifice

However, it did not take long for blood to flow out of the corner of Jonina's mouth again. Her aura instantly became dispirited.

After Zhou Hao saw this scene, his face suddenly showed a trace of surprise.

He looked at Jonina in confusion. He did not know why, but Jonina seemed to be using up her energy very quickly!

Although it was true that she had used the ancient jade to power the energy in the beginning, so it was normal for her to consume more energy, it shouldn't have been consumed so quickly!

Very quickly, Zhou Hao noticed something!

Jonina seemed to be continuously transferring her energy and energy into the mutated black bear's body through the ancient jade as a medium!

Her speed was very fast, so the energy consumption was also very fast, so fast that he could not stop it!

In the next moment, the fireball condensed in the mutated black bear's mouth suddenly grew in size, and then shot toward the group of people in the distance!

Liang Wenyan, who had been watching the scene vigilantly, naturally reacted the fastest. He first dodged left and right, then pulled the gray-haired man over, using him

as a human shield, constantly blocking any possible attacks from the mutated black bear Beast!

However, the speed at which the raging flames were poured out was not something they could compare to at all!

In the distance, Lei ting was stunned for a moment, then his expression suddenly changed!

“Jonina! What the hell are you doing!”

Thunder suddenly let out a furious roar and quickly retreated backward!

Although Zhou Hao did not know what Qiao Nina was up to, they had already reached the most critical moment. There was no way to stop now.

The thunder in the distance had more fear and shock in its eyes!

He subconsciously wanted to avoid this violent flame attack, but his speed simply could not keep up. Almost in an instant, the flame directly arrived in front of him!

“No!”

The Thunderbolt suddenly let out a roar and instantly came into contact with the fireball!

The moment the fireball touched Thunder, Thunder’s body was instantly set on fire. He screamed in pain and struggled, but in the next moment, there was a loud bang!

Thunder’s entire body exploded in an instant, turning into a pool of blood. He disappeared in an instant, as if he had never existed.

If it wasn’t for the blood on the ground that reminded everyone that someone had just been walking with them ...

After the explosion of the lightning, the mutated black bear in the distance also exploded like a firework. Then, it turned into a wisp of green smoke and disappeared.

All of this happened too quickly, almost in the time it took for a spark to fly off a piece of Flint. Before the gray-haired man and Liang Wenyuan could recover from their shock, the faces of the people closest to them were sprayed with hot blood. It was a terrifying sight.

”

Liang Wenyuan let out a miserable scream. He looked particularly panicked and helpless. He quickly rolled and crawled away from the pool of blood and wiped the blood off his face in a panic.

Zhou Hao had not expected that Jonina would suddenly use the mutated black bear to kill Thunder!

After all, wasn't she on the same side as Leiting?

And when they were outside, they had agreed to come here and form a team with them in order to find Milky Way star.

But now, Jonina had killed her partner who had come with her without hesitation.

In that case, could Zhou Hao suspect that this woman would also attack them?

Thinking of this, Zhou Hao's spirit instantly tensed up. His face was full of anxiety as he looked at the scene in front of him nervously.

After Qiao Nina had settled this matter, she handed the ancient jade to Zhou Hao and nodded slightly at him as a sign of acknowledgment. Then, as if she had lost all her strength, she fell to the ground and panted heavily.

Zhou Hao kept the ancient jade into his storage space. He then looked at Jonina, who was sitting on the ground, and said with a smile, "So, can I assume that miss Zhou was actually planning to use such a method to kill Mr. Thunder on purpose?"

That short sentence stunned the gray-haired man. He looked at Jonina in a daze, then glanced at where the illusionary figure of the mutated black bear was. He realized that there was indeed a bronze door behind it. This was the only place where they could leave and head to the outside world.

But now, he was more curious about why Jonina had suddenly decided to kill her own companion.

Jonina panted for a moment, recovering some energy.

She smiled weakly and said, "How did you know that I wanted to kill Leiting on purpose? after all, anyone could have suffered the final blow of that mutated black bear."

"Maybe it's that Leiting brat. He's just unlucky, so he deserves to meet with this calamity. Who knows?"

Jonina's words were said in an extremely relaxed manner. It was as if she did not take this matter seriously at all. Even if she had killed Thunder, it was not her fault.

After hearing these words, Zhou Hao smiled faintly. He looked at Jonina with a profound gaze and said, "I've already guessed it when you continuously gathered your energy into the ancient jade."

"Otherwise, your body wouldn't be so weak. This is the only explanation."

Jonina only shook her head slightly.

After a moment of silence, she said, "I don't intend to hide it from you. After all, I've already hated him before I came here."

"Especially when he calls me Nana so affectionately every time. It makes me sick!"

Jonina's expression suddenly became extremely resentful as she spoke. She suppressed the coldness in her heart and slowly said, "Although he is also a member of the Caucasus people, he has already betrayed planet mandaronina. He is a sinner."

"He made a mistake that caused planet mandaronina to fall into a huge crisis. As a last resort, my father, as the master of planet mandaronina, exiled him."

"Who would have thought that he would seek refuge with the old enemy of our planet mandaronina, the planet Thunder and Inferno? he even changed his name to Thunder. It's really disgusting!"

Chapter 968 - Saving the fire and water

Chapter 968: Saving the fire and water

Jonina's eyes were filled with the flames of anger. She suppressed the anger in her heart and said coldly, "He himself is a senior official of our planet mandaronina, holding an important position."

"Now, he's been exiled because of his mistake. He actually used our planet's secrets, such a ridiculous method, to exchange for him to become a citizen of the Thunder and fire planet."

"In the end, the Thunder and fire planet launched an attack and war on our planet mandaronina, causing heavy losses to our planet."

“All the natives of our planet were instantly frozen by the planet’s self-protection barrier. Until now, we still have no way to break it.”

Jonina’s face was filled with sorrow when she said this. He couldn’t help but shake his head and sigh,”“However, only the Milky Way star in the forbidden land can activate the power of the entire planet and remove the barrier.”

“The reason why I came here is actually to get Milky Way star and remove the barrier. As long as the barrier is removed, then Milky Way star is of no use to me.”

“That’s why I’m willing to work with you. At the same time, I’ve been looking for an opportunity to take revenge and kill Leiting.”

Jonina’s words were filled with anger, but Zhou Hao did not understand. He could not help but ask suspiciously,”“But if you hate Thunderbolt so much, why did you come with him?”

Zhou Hao’s words seemed to have struck a spot of sorrow in Jonina’s heart.

His expression suddenly became desolate. Then, he slowly opened his mouth and said again,”“After he betrayed planet mandaronina, he captured me.”

“Although he has been providing for me with good food and drink, I also know that he is just using this opportunity to threaten and humiliate my father. He wants to take revenge for being expelled by my father back then.”

“Besides, Thunder even threatened me to be with him. I only managed to escape because I threatened him with my life several times.”

“He wouldn’t dare to do anything to me. After all, if he wants to get the secret treasure under planet mandaronina, he will need my father’s star Mark. Otherwise, he will never be able to open the Stargate.”

After Jonina finished speaking, she looked at Zhou Hao with a smile. Even though her tone was still weak, it had softened a little. She smiled and slowly said,”“Don’t worry, I won’t hurt you. ”

“We, the caegars, do what we say and will never go back on our words. I’ve already promised you that I’ll only use the Milky Way star to open the barrier and save my people. After that, this Milky Way star will be yours. I won’t fight with you for it. I just want to protect my people.”

Jonina’s words were very calm.

She did not take Liang Wenyan seriously at all. She knew that the gray-haired man was Zhou Hao’s underling and was loyal to him.

Liang Wen yuan was a scammer, a coward, and a person like that was nothing to be afraid of.

At this moment, Zhou Hao finally understood why he had not said anything since he had seen Thunder. Every time Jonina was in danger, he would be so nervous.

In the beginning, he thought that the two of them were either husband and wife or lovers.

But now, he finally understood that one of them was just being used, and the other was being used.

However, as the princess of planet mandaronina, Jonina's intelligence was not to be underestimated. She had actually understood how to kill someone with a borrowed knife.

Zhou Hao didn't say much, but nodded slightly and agreed,""Okay, I promise you. After we find Milky Way star, I will go to planet mandaronina with you and unseal your people first. Please don't forget your promise to me."

"Alright," he said.

Jonina nodded slightly and stood up with Zhou Hao's help.

"Wait, don't go in yet."

Jonina's gaze was like a torch as she glanced at the tightly shut door. Then, she muttered something in her heart. She slowly raised her hand, pointed at the door, and roared.

The boundless force in the surroundings whizzed past and smashed heavily on the bronze door.

Jonina's eyes were like torches as she stared at the image in front of her. The next second, she suddenly took out the treasure she had obtained from the spaceship from her inventory.

The longsword, which was glowing with a pale blue light, was swung out rapidly and instantly blew the door apart!

The entire door was instantly shattered into pieces by such a huge force, and countless fragments fell to the ground.

Immediately after, a beam of light burst out from the distance. When Liang Wen yuan saw this scene, his face lit up with joy. Then, he rushed into the distance excitedly!

“Just as the gray-haired man was about to follow them, Jonina suddenly pulled him back.

She squinted her eyes and looked into the distance. Then, she said in a very serious tone,”“We don’t know if the exit of the cave is behind the copper Door or if it’s dangerous.”

“It’s better to be more cautious. Since Liang Wenyuan wants to go over, why don’t we let him take the lead and we’ll wait and see.”

After Jonina finished speaking, Zhou Hao started to look at her in a new light.

This woman didn’t seem to be a simple character.

However, even though he had his suspicions, he could not deny that Jonina was right.

Only a fool like Liang Wenyuan would rush to a place so urgently and be so eager to die.

At the thought of this, Zhou Hao’s expression suddenly became extremely serious. He then looked at the road indifferently with a serious expression.

The next second, a heart-wrenching wail suddenly burst out in the passage!

Zhou Hao’s scalp went numb, and his expression immediately became serious.

“It’s Liang Wenyuan. It looks like he’s in danger. Let’s go over and take a look first!”

After Zhou Hao finished speaking, he immediately rushed through the bronze door and rushed to the front. The gray-haired man followed closely behind to protect Zhou Hao’s safety.

Jonina walked behind the two of them and looked around vigilantly, in case any danger suddenly appeared.

The next moment, everyone saw a shocking scene!

Liang Wenyuan was in a sorry state. His entire body was stained with red blood and he looked extremely miserable. He looked at Zhou Hao and Qiao Nina in front of him and shouted,”“Run! Go back!”

Chapter 969 - danger everywhere

Chapter 969:-danger everywhere

Zhou Hao focused his eyes and suddenly realized that there seemed to be countless black figures behind Liang Wenyuan. They were rapidly approaching his position and suddenly chasing after him!

The gray-haired man standing behind Zhou Hao suddenly felt his scalp go numb. Then, he said in a daze, word by word, "Boss ... It's ... It's a mutated beast!"

Because of the distance, Zhou Hao could not see clearly what kind of exotic beast it was. He could only judge from its aura that the exotic beast that was chasing him this time had probably reached the stage of a ninth-grade martial Saint.

A ninth-grade martial saint's strength was actually about the same as Liang Wenyuan's. However, Liang Wenyuan did not even have the courage to fight head-on. Instead, when he encountered something, he could only run away.

He was simply a good-for-nothing.

However, the tunnel was too narrow. It couldn't accommodate so many people and exotic beasts at all. Even if they were to fight, there wouldn't be enough space for them to display their skills, and danger could easily occur.

Zhou Hao didn't say anything more. Instead, he gave Jonina and the gray-haired man a look, then quickly turned around and ran back into the huge cave where the mutated black bear was.

This time, the mutated beasts chasing them seemed to be extremely powerful. Every time their feet landed heavily on the ground, the ground would start to crack inch by inch, gradually spreading to their feet.

The surrounding rocks continued to slide down, looking extremely dangerous.

Jonina staggered and almost fell to the ground. It was Zhou Hao who grabbed her arm and helped her up.

Soon, the three of them ran back to their original positions. Liang Wenyuan also staggered and suddenly fell to the ground. He stood up with difficulty, looking extremely frightened and uneasy.

In the next second, Zhou Hao took out his Super Gatling gun and activated the ancient jade. As an energy source, it began to continuously send energy into the Gatling gun!

Countless shock waves, shimmering with blue light, erupted from the Gatling gun and shot toward the ferocious mutated beasts behind Liang Wenyuan!

However, the mutated beasts actually looked like zombies. They looked very similar to humans, but they were two to three times taller than humans. They waved their arms, and every time they were shot, their bodies would stagger back, and then they would charge again!

They came in an endless stream, as if they were going to eat them all!

This scene instantly caused Jonina's expression to change drastically!

She looked in shock at the mutated beasts that kept charging in, feeling a chill in her heart.

"Nina, aim for their heads. As long as their heads are blown up, you can restrict their movements and kill them directly!"

As Zhou Hao spoke, he immediately raised the Gatling gun in his hand and directly bombarded the heads of those mutated beasts!

Jonina immediately calmed herself down. She picked up the longsword in her hand and charged at the mutated beast!

Behind him, although the gray-haired man was extremely afraid, he had to brace himself and charge forward when he was facing the attacks of so many exotic beasts, in addition to the fact that the person he had sworn to follow was already here!

At the thought of this, the gray-haired man suddenly gained courage from God knows where. He suddenly roared and quickly rushed toward a position far away!

Zhou Hao's expression froze. He did not expect that the gray-haired man who was as timid as a mouse would be able to explode with such a powerful force.

He took out the weapon he had snatched earlier and fired at those mutated beasts!

In the next moment, dozens of mutated beasts were beaten to the ground. They were trembling, but their arms were still scratching in all directions, looking extremely terrifying.

The gray-haired man was determined. Without hesitation, he raised the dagger in his hand and ruthlessly stabbed at the heads of those mutated beasts!

There were only a few 'Puchi' sounds, and in the next moment, the surroundings quieted down.

Only a few mutated beasts that weren't completely dead were still mumbling something.

Zhou Hao immediately raised the Gatling gun in his hand and shot at the few who were not completely dead. Then, he knocked them all down.

In the next moment, the gray-haired man could not help but gasp for air. He looked extremely shocked and uneasy. He had never thought that he would become so ferocious one day!

"Guys, look! These don't look like mutated beasts, but ... Humans."

Jonina couldn't help but stick her head out to take a look. A few mutated beasts' heads had been chopped off by her, so they weren't completely unrecognizable.

She leaned over to take a closer look. When she saw the scene in front of her clearly, her eyes widened in shock. She stared at the scene in a daze and was unable to come back to her senses for a long time!

"Are they really ... Humans?"

Zhou Hao and the gray-haired man also stood up and walked over. The gray-haired man looked at it for a while, then suddenly pointed at one of the mutated beasts whose head had been cut off by Jonina and said, "I know this person!"

After she said that short sentence, both Qiao Nina and Zhou Hao looked at her hesitantly, their faces filled with surprise.

"You know him? What do you mean by that?"

Everyone turned to look at the gray-haired man in unison.

The gray-haired man swallowed a mouthful of saliva nervously. Then, he began to stammer and stutter.

"Yes ... Yes, I've seen this kid before. When we were setting up camp at the entrance of the forbidden land, I saw him and that group of people coming here to rest in a huge space capsule."

This short sentence immediately shocked everyone.

If those things were the mutated beasts here, it wouldn't be a big deal.

After all, every planet was in chaos now. It was actually very normal to encounter the threat of mutant beasts.

However, if these few people were really like what the gray-haired man said, humans turning into mutated beasts, then this matter was a big problem!

This also proved that the dangers of the forbidden land were far more terrifying than they had imagined!

When she realized this, Jonina's expression instantly turned extremely ugly.

She suppressed the fear and panic in her heart, and her breathing quickened as she looked at the gray-haired man in front of her nervously.

Chapter 970 - Mutant

Chapter 970: Mutant

"Are you sure he's the person you saw? could you have seen wrongly or remembered wrongly?"

Jonina couldn't help but shiver from head to toe. Then, she hesitantly stammered,

"I can't be wrong."

Zhou Hao's expression was extremely determined. He nodded and then said in a serious tone, "I have a deep impression of him because he had a red round birthmark on his neck."

"And he's wearing a peace talisman around his neck. These are all symbols of his status. If you don't believe me, take a look."

The gray-haired man pointed at the birthmark on the man's neck, and then pointed at the fortune teller on the ground not far away. As expected, it matched what the gray-haired man had said.

Qiao Nina and Zhou Hao were shocked, and their breathing started to Quicken. They knew that a huge danger was still waiting for them in the dark.

"If I had known, I would have let that Thunder live a little longer. That way, we would have an extra helper."

Jonina could not help but feel a little remorseful.

When Zhou Hao heard this, he only shook his head and smiled. He did not take this matter to heart.

“Let’s not talk about that for now. Let’s get out first. The aura of the mutated exotic beast here hasn’t dissipated yet. That means that we’ve already awakened the mutated black bear exotic beast by shattering its illusionary shadow.”

“No matter what, it’s not a wise choice to stay here. We have to leave as soon as possible.”

After hearing Zhou Hao’s words, Jonina and the gray-haired man immediately nodded in agreement.

Then, the four of them immediately walked into the tunnel.

Fortunately, the journey this time was quite smooth, and they did not encounter any danger.

When the few of them walked out, they realized that the season outside had already become autumn.

They were now standing on the top of a mountain with a wide view. At the foot of the mountain was a place with beautiful mountains and rivers, and an excellent environment.

Everyone finally had a chance to catch their breath, so they immediately went down the mountain and prepared to set up camp at the foot of the mountain. After a short rest and eating something, it would not be too late to continue on the road.

“Hey, where’s Liang Wenyan? where did he go?”

After taking a few steps forward, Zhou Hao suddenly realized that something was wrong. He could not help but look around. He did not see Liang Wenyan. He looked at the few people hesitantly and asked, puzzled.

After Jonina heard this, she smiled faintly and waved her hand. “What are you looking for him for? I was just worried that I wouldn’t have a chance to get rid of this brat. Now look, he disappeared on his own.”

“I’m not worried that he’ll keep following us. I’m just worried that if he’s not under our eyes, he’ll suddenly appear and plot against us.”

“Forget it. Since I can’t find it, then I’ll stop looking for it.”

Not long after, they arrived at the foot of the mountain. Countless yellow fallen leaves covered the ground. As the three of them walked on them, they made a series of creaking sounds. In this quiet environment, it was exceptionally ear-piercing.

In a short while, the three of them had chosen a place.

The magnetic field here was rather strong and did not seem to be disturbed. After seeing this, Jonina immediately took out her foldable tent capsule and threw it on the ground. In the next second, a triangular tent as tall as a person was taken out.

The gray-haired man had finished fetching water by the river. When he returned and saw the tent, he couldn't help but sigh, "It's great to have a tent to sleep in. I slept on the hard floor of the spaceship last night. My neck was almost stiff."

After the gray-haired man finished speaking, he couldn't help but look around. Then, he asked in confusion, "Miss Qiao, why is there only one tent? if that's the case, I'm afraid the three of us won't be able to rest."

"And ..."

Halfway through his sentence, the gray-haired man scratched his head in embarrassment and chuckled, "And you're a girl. I'm afraid it's not very convenient for you to sleep with us two men."

Jonina was speechless. She could not help but roll her eyes and said gloomily, "You still know? come in first."

As she spoke, Qiao Nina took the lead and walked in. Zhou Hao also smiled gently and did not say anything. He stood at the door with an uneasy expression.

"Why does it seem like boss and miss Jonina have such a good relationship?"

The gray-haired man couldn't help but guess in surprise, "Could it be that the two of them are secretly dating? if they're a couple, then I'll be the third wheel when I go in."

"And this tent is so small, how can we sleep in it?"

The gray-haired man hesitated, but in the end, he did not go in. Instead, he sat directly under a big tree next to the tent, leaned against it, and closed his eyes to rest.

Zhou Hao strode forward and followed Jonina into the tent. He was instantly stunned by the scene in the tent.

His face was filled with surprise, and he couldn't help but ask hesitantly, "What ... What is this place?"

It was no wonder that Zhou Hao would ask such a question, because the tent looked very small from the outside, but when he walked in, it was exceptionally spacious!

The interior was like a Presidential Suite in a high-class hotel. It was divided into four rooms, a bathroom, and a bathroom. In the middle was a living room with a wide view. There was a French window in the distance, from which one could see everything outside.

Zhou Hao was stunned by such advanced technology. He could not help but ask in surprise.

Looking at Zhou Hao's surprised expression, Jonina only shook her head slightly. She then chuckled and said, "This thing is called a folding tent capsule. It's easy to carry and has a wide space."

"You can think of it as a magical barrier that keeps us in the same place. It's just that you can't see it."

Jonina smiled. After explaining, she turned to Zhou Hao and said, "Also, I'm afraid we can't continue our journey today."

"Because we came out quite late, there's only half an hour left before the change of season. If we don't find a place to hide as soon as possible, we'll freeze to death after a night of cold."

Jonina turned around and looked at the mountain outside the window. She said in an extremely serious tone, "And that mountain is even more dangerous. We can't go back."

Chapter 971 - -take a gamble

Chapter 971:-take a gamble

"The magnetic field here is still stable. We can only take a gamble and get through the night safely."

Jonina's words were extremely serious. After Zhou Hao heard it, he nodded his head.

"I'll prepare some food. Go and call that silly boy in. Otherwise, he'll freeze to death outside. "

After Jonina finished speaking, she immediately went to prepare.

Zhou Hao opened the door and looked outside. He saw that the gray-haired man had already fallen asleep under the big tree.

Seeing this, Zhou Hao could not help but shake his head helplessly and smile.

This man was really interesting.

Zhou Hao walked to the gray-haired man's side and gently patted his shoulder. He then said, "Let's go in."

The gray-haired man was jolted awake from his dream and looked at Zhou Hao in surprise. Then, with a slightly embarrassed expression, he chuckled and said, "Hehe, boss, I won't go in. You two are so sweet and loving. Why would I go in ..."

Zhou Hao furrowed his brows and looked at the gray-haired man in confusion. He asked hesitantly, "Who did you say is a couple?"

"Ah? No... You, she, you two ..."

Zhou Hao did not know what to say.

He looked like he was in a difficult position, but he was helpless as Zhou Hao kept telling him to go in.

He could not go against Zhou Hao's words, so he could only nod and follow Zhou Hao into the tent.

When he walked into the tent, the gray-haired man was shocked to find that it was a completely different world!

The gray-haired man was stunned and couldn't help but ask in shock, "The technology on the planet of the kogasse has already reached such a high level ..."

After he said that short sentence, he heard Jonina say to him, "Dinner's ready, come and eat."

The gray-haired man followed Zhou Hao to the dining table.

When Zhou Hao saw the table full of delicious food, he couldn't help but ask in surprise, "Miss Qiao, did you only use five minutes to make so many dishes? how many hands do you have?"

Jonina covered her mouth and laughed. She pointed at the high-capacity sealed storage refrigerator in the kitchen and laughed, "No, there's enough food stored here for a year. We just need to heat it up."

"Don't worry, the technology of the kogasse is very good. We've developed this refrigerator to store dishes that will never go bad."

After hearing these words, Zhou Hao's expression finally calmed down a little.

She pulled out two chairs and said to Zhou Hao, "Alright, you two should sit down. We didn't eat anything all day yesterday. You must be hungry."

The gray-haired man was already famished. He immediately pulled a chair over and sat on it. As he gobbled down his food, he chuckled at Jonina and said, "Thank you for your hospitality, Miss Nina!"

"You should sit down and eat too."

Qiao Nina passed the bowl and chopsticks to Zhou Hao, and the three of them started eating.

After dinner, Jonina threw the dishes into the dishwasher and went to take a shower. When she came back, she sat on the sofa and watched the live international news on TV.

When he saw the reports about planet mandaronina still being frozen, his eyes became a little wet.

"Don't worry, I'll find Milky Way star soon and get you guys out. "

Very soon, it was night.

The wind was howling outside, and the snow was falling. The biting cold wind kept blowing, and it looked extremely cold.

After Zhou Hao finished washing up, he walked out and saw Jonina staring blankly at a photo.

He could not help but walk to Jonina's side and ask in concern, "Why aren't you resting?"

"We don't know what kind of danger we'll face tomorrow. If you don't rest well today, I'm afraid we won't be able to win so easily."

Zhou Hao smiled and slowly said, "Go and rest."

Jonina lifted her head and glanced at Zhou Hao. Then, she smiled and shook her head, "I can't sleep."

Jonina wiped the tears from her eyes and sobbed, "My people are still suffering. I can't sleep or eat in peace until I get the Milky Way star."

Zhou Hao glanced at the thing in Jonina's hand and realized that it was a photo of her and her father.

Zhou Hao walked to the side of the sofa and sat down. He then consoled her, "Don't worry, everything will be fine. "

Jonina nodded slightly, then turned around and returned to her room.

That night, Zhou Hao did not sleep much.

He had been thinking about one thing all this time, and that was how he was going to face these dangers.

The reason he had come here in the first place was to get the Milky Way star. But now, after meeting Jonina, he suddenly felt a strong sense of responsibility and burden.

Perhaps, he should help this poor girl.

Thinking of this, Zhou Hao decided that after getting the Milky Way star, he would first help Jonina go to planet mandaronina and solve the crisis.

The night passed quickly.

Perhaps it was because they were lucky, but the night was very peaceful and no accidents happened.

In the morning, when spring had just arrived, everyone woke up.

As usual, Jonina prepared a sumptuous breakfast. Then, she chuckled as she looked at the gray-haired man and Zhou Hao and said, "Alright, come and eat."

Zhou Hao smiled and strode over. After the three of them finished their meal, they immediately walked out and prepared to continue moving forward.

After everyone was done packing, Zhou Hao immediately took out the ancient jade he had placed in his storage space and checked it.

As expected, they felt that they were getting closer to Milky Way star.

Soon, Zhou Hao walked out of the room and led a group of people in the direction he had sensed.

There was a tall mountain in front of them. If they wanted to walk over, they would have to cross the mountain.

However, it was not difficult for them to cross the mountains. Zhou Hao had planned to use the aircraft, but the magnetic field was in chaos at that moment. Therefore, Zhou Hao had to give up the aircraft and follow them on foot.

Chapter 972 - Mutant Army

Chapter 972: Mutant Army

Although the name of the forbidden land was very terrifying, to be honest, the scenery here was not bad.

There was beautiful scenery everywhere. The scenery was beautiful and pleasant. It was beyond beautiful.

The three of them walked side by side and continued to move forward. Suddenly, they heard a rumbling sound from afar.

The people who were originally relaxed and enjoying the surrounding scenery immediately tensed up when they heard this voice.

They looked around vigilantly, their eyes full of hesitation. They couldn't help but ask, "What's that sound ..."

Zhou Hao's expression was extremely serious. After scanning the surroundings, he said, "We'll act according to the situation. "

The gray-haired man and Jonina immediately nodded. Then, they quickly walked toward the location in front of them.

Everyone's faces were extremely serious. As they walked up to the top of the mountain, the sharp-eyed man with gray hair suddenly realized that something was wrong. He immediately shouted at Jonina and Zhou Hao, "Boss, miss Qiao, bad news!"

“Look at the foot of the mountain, there are so many people everywhere. Did they come to an agreement to fight for Milky Way star?”

When Zhou Hao and Jonina heard that, they immediately looked in the direction that Zhou Hao was looking at.

When he saw this, Zhou Hao’s face darkened and he said sternly, “Look carefully. Are those people really human?”

After hearing these words, Zhou Hao’s expression suddenly changed.

His eyes were filled with shock as he looked at the scene in a daze. He couldn’t help but stammer, “These ... Aren’t these ... The mutants we killed in the cave!”

“That’s right. ”

Zhou Hao’s expression was extremely serious. He nodded and slowly said, “What we need to do now is to avoid these mutated humans and try not to get into any conflict with them.”

“But, why did a perfectly fine person suddenly become like this ...”

Beside him, Jonina’s expression was filled with shock. She started to stammer and stammer. She could not say a single word. No one knew what was going on.

She nervously looked at the mutated humans at the foot of the mountain and found that they were all tall and strong. When they stood up, they were about the height of three people, and they were all muscular and strong.

Their eyes were hollow, and a red light flickered in their eyes. They kept making ‘Wu Wu Wu’ sounds, but no one knew what they were saying.

Zhou Hao didn’t say anything. He just glanced at the group of people and said coldly, “Something must have happened to him. Otherwise, this wouldn’t have happened.” Jiang Chen thought.

“But I can roughly guess the reason.”

This short sentence caused Zhou Hao and Jonina’s expressions to change.

They looked at Zhou Hao in surprise and asked, “You know? What’s the meaning of this?”

Seeing the confusion on both of their faces, Zhou Hao only smiled faintly and said slowly, “I’ve been on a mission before. ”

“The magnetic field there is chaotic, so there are many mutated beasts nearby. The space is also distorted.”

“So I’m sure that there must be a strong magnetic field disorder near Milky Way star, and the radiation caused all these people to mutate.”

“Since they are here for Milky Way star, I guess we must be near it.”

After hearing these words, Jonina’s expression immediately became extremely excited.

“In other words, we’re going to find Milky Way star soon?”

Jonina’s face was filled with excitement. She could not wait to find Milky Way star.

The gray-haired man suddenly grabbed Zhou Hao’s arm and said in a serious tone, “I think it’s time for us to activate the protective barrier ...”

“Protective barrier!”

Jonina’s heart skipped a beat. She then said hesitantly, “It seems too late ...”

The next second, everyone saw a shocking scene!

The mutated humans seemed to have gone crazy as they rapidly ran towards their position!

Their speed was much faster than they had imagined. They were charging towards them at full speed without any intention of stopping.

Zhou Hao’s expression darkened when he saw this. He immediately turned to Jonina and said, “Nina, we’d better activate the defense mechanism first. Otherwise, even if we get there, we’ll cause very serious damage!”

One had to know that the magnetic field near the energy source was not a small matter.

The closer he was to the energy source, the more dangerous it was.

Moreover, at that time, an extremely intense mutation would occur. It would be completely different from when they first came in, which only led to a malfunction.

Now, they had to do their best to prepare all the means of defense in order to withstand all the dangers!

At that thought, Zhou Hao immediately took out three sets of combat uniforms from his inventory. He handed two of them to Zhou Hao and Jonina.

“Put on your combat uniforms first. We’ll act according to the situation!”

“Alright!”

The two of them nodded, then immediately found a more hidden place and put on their combat uniforms.

The combat uniform could greatly increase a person’s combat ability and combat standards. It could also hide one’s special scent and aura. Although it was not as powerful as the defensive barrier Jonina had set up for them, it could still be used in emergencies.

Furthermore, the combat uniform could block out all radiation for a short period of time!

As long as they could get Milky Way star before the power of their battle suits ran out, everything would be fine.

When everyone had changed into their combat uniforms, they saw that the mutants, who were charging towards them from afar, were gradually slowing down.

A few of them had already stopped and stood still, carefully sniffing the surroundings, as if they were looking for the three of them.

“Let’s go,”he said.

Seeing that he had temporarily delayed them, Zhou Hao immediately waved his hand at Jonina and the gray-haired man, signaling for them to follow.

Chapter 973 - Mutation due to radiation

Chapter 973: Mutation due to radiation

The further they walked, the more Zhou Hao could sense that they were getting closer and closer to Milky Way star.

This intense feeling made Zhou Hao’s breathing Quicken.

The radiation level around Milky Way star was very high. The further they went, they could vaguely see many mutated people who had been affected by the radiation. They were like zombies, screaming in pain and screaming.

They looked very strange. They had long horns on their heads, and their facial features were deformed. Their limbs were slender and powerful. Some had tails behind their backs, and some had wings. They looked extremely terrifying.

Furthermore, after being mutated by the radiation, they were no different from zombies. They had to be shot in the head before they could die.

Zhou Hao, the gray-haired man, and Jonina tried their best not to make a sound as they carefully moved closer to the distance.

Fortunately, this group of mutants seemed to have lost a lot of their hearing. In addition, the surrounding mutants were constantly shouting and shouting, so their voices were not as clear as before.

At the thought of this, Zhou Hao immediately led the gray-haired man and Jonina towards the other side of the hill.

Very quickly, the group had crossed the mountain.

When they reached the foot of the mountain, Zhou Hao could clearly feel that the energy source within the ancient jade was gradually becoming stronger, as if it was resonating with the Milky Way star!

Feeling this, Zhou Hao's heart was filled with joy. He immediately walked forward.

After walking for about five minutes, the three of them saw a huge volcano in the distance.

On top of the volcano, magma was still gurgling out, looking extremely terrifying.

At the foot of the lava Mountain, there was a huge square array. The square array was formed by nine pillars. In the middle, a strange-shaped crystal slowly floated.

The crystal was dark green in color, and the stone was glowing with light. There were electric currents flashing around it. Looking at the formation, Zhou Hao suddenly thought of the barrier they had used to get the treasure on the spaceship!

That barrier was very similar to this one. It seemed that there should have been something on the nine pillars.

Zhou Hao's face darkened. He immediately walked over and began to study it carefully.

"Is there a possibility that the forbidden land's Milky Way star is actually something left behind by those people in the spaceship?"

Zhou Hao took a look at it, then said with a serious expression, "Otherwise, how could this place contain such a powerful energy source stone?"

"If that's the case, then everything can be explained."

"10000 years ago, the people who piloted that spaceship had Milky Way star on their spaceship."

"Because the magnetic field of the forbidden land was in chaos, their spaceship was severely damaged and crashed in the forbidden land. The Milky Way star that drove the spaceship was also lost and is now hidden in a corner of the forbidden land."

"The spaceship is now trapped here, unable to leave. Milky Way star has also completely disrupted the magnetic field of the forbidden land, causing strong radiation to occur near the forbidden land, causing the magnetic field here to change."

"So, I'm guessing that if we want to get the Milky Way star, we have to put the treasures we took on these nine pillars to activate the barrier."

After Zhou Hao said this, Jonina, who was standing beside him, smiled and nodded.

"Mr. Zhou, you're really smart. You're right, this is the way to open the Milky Way star."

Zhou Hao looked at Jonina in surprise. He could not help but ask, "Oh? Is that so?"

"How did miss Qiao know about this? could it be ..."

"Not bad."

Jonina's expression instantly turned serious. She slowly stood up and said with a serious expression, "In fact, 10000 years ago, when the barrier of the forbidden land was opened, the ancestors of our planet mandaronina had come here to explore."

"At that time, they recorded everything they saw and heard in ancient books. I happened to see the ancient book that recorded the contents of the forbidden land."

"The way to open the barrier here is to place the nine treasures on the Flying Ship on this pillar. Then, an extremely powerful force is required to activate the barrier."

"The people in the spaceship didn't take Milky Way star back because they knew that even if they got the energy source stone, they wouldn't be able to leave this place."

"Because once the boundary of the forbidden area is closed, it will take ten thousand years for the spiritual Qi around the boundary to dissipate to its weakest point. Only then will they have a chance to leave again. After ten thousand years, they will have long turned into piles of bones."

When she said this, Jonina's tone actually had a hint of sadness.

Zhou Hao looked into the distance and noticed that there were a few more mutants around Milky Way star. They were walking towards them, but it seemed that the radiation here was too strong, so they could not walk over and could only wander around.

Zhou Hao's expression turned serious. He immediately took out all the treasures he had obtained in the spaceship.

When she saw the item in Zhou Hao's hand, Jonina's face was filled with hesitation as she said, "But we're still missing one treasure, the one in Liang Wenyuan's hands."

"Liang Wenyuan isn't here now, and we don't know where he is. I'm afraid this matter will be difficult to handle."

"It's not difficult. "

Zhou Hao said indifferently. Then, he smiled and said softly, "I've already installed a tracking device on him. As long as the magnetic field is restored, we can determine his location."

"But we don't have much time left. The combat suits we're wearing can only last for half a day. If we can't find Liang Wenyuan's exact location within half a day, then ..."

Jonina's expression was extremely serious. She then said sternly, "When the time comes, the mutants around us will notice our location."

"If they charge at us together, even if they don't have enough strength, they'll still have a lot of people. We'll be in great danger. At that time, the three of us will be in danger."

Chapter 974 - A huge crisis

Chapter 974: A huge crisis

Jonina's words made the two of them fall into silence.

That's right, if this group of mutants were to use their human wave tactics, they might not necessarily win. They might even be devoured alive by the group of mutants under the conditions of the chaotic magnetic field.

Jonina's expression was also extremely serious.

She glanced around indifferently and then prayed, "Then let's pray that we can find Liang Wenyan's traces as soon as possible ..."

As time passed, the few of them who were originally a little nervous became even more serious.

They kept their eyes on the magnetic field detector. As long as the needle returned to zero, they would immediately look for Liang Wenyan.

The grey-haired man's forehead was also dripping with sweat.

His face was filled with anxiety and he was so nervous that he could not sit still. He was like an ant on a hot pan as he stared at the detector.

"Pa!"

With a soft sound, the magnetic field detector suddenly trembled. Then, the gray-haired man suddenly stood up, pointed to the West, and said anxiously, "Liang Wenyan is in the West, one kilometer away!"

"Let's go!"

After saying this, the three of them immediately took out their flying devices and attached them to their waists.

In the next second, the aircraft suddenly flew forward at high speed!

In less than five minutes, the three of them arrived at the one-kilometer mark. When Zhou Hao saw the scene in the distance, he immediately said to the three of them, "Let's hide first. "

The three of them found a place behind a huge tree and hid there.

Immediately after that, he saw a group of mutants surrounding Liang Wenyan in the distance. They were tying Liang Wenyan to a huge tree and continuously punching and kicking him.

Liang Wenyan's expression looked like he was in extreme pain.

Tears and snot rolled down his face, and he looked extremely desperate. He couldn't help but beg for mercy, "I'm sorry, I'm sorry. I won't do it again. I know I was wrong. "

"I really don't know where they are. Please let me go. I just want to go home now, wuwuwu."

Liang Wenyuan's face was bruised and swollen. He looked like he was in great pain. He kept begging for mercy, looking very regretful.

He probably didn't want to step into the forbidden land again in his life.

When the gray-haired man saw this, his face was filled with surprise. He could not help but ask, "What's going on? can Liang Wenyuan understand the mutant's language?"

When Jonina heard the gray-haired man's words, she smiled helplessly.

She couldn't help but shake her head and chuckled, "Those mutated beasts aren't human anymore. They're just animals who don't know anything. They don't think so much."

"If Liang Wenyuan could understand what they were saying, he wouldn't be far from becoming a mutant."

After hearing these words, the gray-haired man's face immediately became more serious.

He looked hesitantly at Liang Wenyuan, who was still begging for mercy from the mutated humans. He could not help but ask, "Then what's the meaning of this?"

"I don't even understand what he's saying, but he's still begging for mercy. This is really interesting."

"In my opinion, these mutated beasts must be trying to find our location through Liang Wenyuan. They want to steal the treasure in the spaceship and activate the barrier!"

Jonina's eyes were filled with solemnity. She stared at the people in the distance and said, "If we can't find a way to take away his treasure as soon as possible, it will be terrible if the mutated humans take it away."

"The mutants have become one-sided creatures. They took the treasure to develop their strength as much as possible, so they want to get the Milky Way star."

"If the mutated humans here expand, the entire planet will be doomed if they rush out of the forbidden land."

Jonina's expression was extremely serious.

Her expression had never been so serious before.

Zhou Hao glanced into the distance and said softly, "There are only 10 mutants in front of us. We might be able to defeat them. If they are all like the trash in the cave, we can easily take care of them."

As he said that, Zhou Hao immediately stood up and looked at Jonina and the gray-haired man, saying, "Let's go. The treasure is more important."

Jonina and the gray-haired man looked at each other and nodded.

The three of them immediately turned on the aircraft and quickly rushed to the location where Liang Wenyan had been 'kidnapped'.

In the next moment, Liang Wenyan, who had already fallen into despair, suddenly saw three figures rushing over.

His face was filled with excitement, and his eyes were filled with excitement. He anxiously shouted at Zhou Hao and Jonina, "Big brother! Miss Qiao! You've come to save me! Come and save me!"

When she saw Liang Wenyan's snot and tears, Qiao Nina's expression instantly turned into one of helplessness.

She couldn't help but think to herself, can we not save this guy? I feel nauseated just looking at him.

"Miss Qiao, the most important thing for us now is to get the item. As for this guy ..."

The gray-haired man could not help but retch. He laughed teasingly and said, "I also feel nauseated."

Zhou Hao couldn't help but turn around to look at the two of them. He then chuckled and said, "But the most important thing now is to take this guy away as soon as possible."

When the surrounding mutated humans saw Zhou Hao, Jonina and the rest, they suddenly raised their heads and let out a roar.

In the next second, the countless mutants standing there seemed to have gone crazy. They raised their heads and quickly roared at the sky. The surrounding air trembled continuously.

The gray-haired man beside him was shocked. His face was filled with shock as he stared at the scene in a daze, unable to come back to his senses for a long time.

In the distance, Zhou Hao's expression turned into one of shock. The next second, he frowned and said in a deep voice, "Not good! They're calling for their companions!"

"We have to get rid of these mutants as soon as possible. Otherwise, we will be in danger if their companions come."

Jonina and the gray-haired man's expressions turned serious when they heard this.

Chapter 975 - quick battle

Chapter 975:-quick battle

They nodded in unison and then slowly said again, "Alright, three each. Let's go!"

In the next moment, the three of them turned into a gust of strong wind and chased after him in the distance!

Soon, Zhou Hao sprinted toward the three of them.

In the next second, Zhou Hao's speed increased. He picked up his Super Gatling gun and fired at the few people in the distance.

Following that, all the mutants who were within a meter of Zhou Hao were killed.

Everything had happened so suddenly that even Jonina had yet to recover from her shock. They were all looking at the scene in shock. They had not expected the weapon in Zhou Hao's hand to be so powerful!

In the distance, Liang Wenyan was even more excited.

He looked at the Super Gatling gun in Zhou Hao's hand eagerly, and at that moment, he suddenly regretted it.

If he had known earlier, he would have chosen the powerful weapon in Zhou Hao's hands when he was choosing the treasure. It instantly killed all the mutated beasts. How powerful!

However, it was too late to regret now. After all, he still needed Zhou Hao and the others to save him. So, he quickly put away the greedy look on his face and said anxiously, "Brother Zhou, I beg you, please save me ..."

Zhou Hao did not say anything. Instead, he immediately walked to Liang Wenyan and said in a serious tone, "Where is the treasure you took?"

Liang Wenyuan's face tightened when he heard that.

His breathing became rapid, and he couldn't help but say, "Why ... Why are you asking this?"

When he saw Zhou Hao looking at him with a serious expression, Liang Wenyuan suddenly felt a chill in his heart.

He looked at Zhou Hao warily, then slowly said, "We're friends who came here together. You guys won't just leave me like this, right?"

After Zhou Hao heard this, he only smiled faintly. Then, he slowly opened his mouth and said softly, "Haha, of course we won't leave you alone. Otherwise, we wouldn't have come here, don't you think so?"

Liang Wenyuan finally heaved a sigh of relief after he said that.

In the next second, Zhou Hao stepped forward and grabbed Liang Wenyuan's neck.

Liang Wenyuan's expression suddenly became panicked, and his breathing began to become rapid. Then, he said in a trembling voice, "You ... What do you want to do?"

"You're not thinking of doing something to me, are you? I'm ... Cough, cough, I'm your teammate!"

"You're right. You're indeed our teammate. However, we need you to hand over the treasure in your hands. If you're willing, we can let you go. "

"If you're not willing, we'll wait for the mutant to kill you and then snatch the treasure from her hands."

After saying this short sentence, Liang Wenyuan's breathing instantly became rapid.

He was so nervous that the sweat on his forehead kept dripping down. His entire back was drenched in sweat, and he was breathing anxiously.

"I ... Even if I die, you won't be able to take this treasure away. After all ... It's in my storage space."

Liang Wenyuan's breathing finally calmed down a little after he said that short sentence.

After all, he had a condition that he could threaten them with.

Thinking of this, Liang Wenyuan looked at Zhou Hao with a smile. Then, he slowly said, "All you can do now is to save me. If I'm still alive, you have to beg me. Perhaps I can use my treasure to help you."

“But if you guys don’t want to save me, then I’ll have nothing left.”

Zhou Hao’s expression darkened as soon as he finished his sentence.

He looked at Zhou Hao coldly and said in a deep voice, “Do you think that we have no other way after your death? have you heard about the magnetic pole key?”

Liang Wenyuan’s face suddenly turned into one of extreme panic. He looked around helplessly. Then, his face was filled with disbelief and shock. He began to stutter.

“You ... What did you say? you have the magnetic pole key?”

“Impossible, that thing is only a legend. How could it really exist ...”

The magnetic key could easily open all the storage spaces. It was a legendary treasure that could take everything.

Originally, at the auction house, there had been people who wanted to buy magnetic pole keys at a high price, but no one had ever been able to buy them.

Now, Zhou Hao had actually said that he had the magnetic pole key in his hand. This greatly increased the fear and horror in Liang Wenyuan’s heart.

However, his face was still filled with a calm expression. He tried his best to calm his emotions down. Then, he slowly opened his mouth and said, word by word, “I don’t believe you. You must be lying to me on purpose. You’re just trying to blow me up.”

“In the entire auction house, no one has been able to get the magnetic pole key. How did you get it?”

After Zhou Hao heard this, a smile appeared on his face. He walked towards Liang Wenyuan and slowly said, “You don’t believe me, right? fine.”

As Zhou Hao spoke, he took out a crystal-clear triangular key from his storage space and waved it in front of Liang Wenyuan. Then, he smiled and said, “Then take a look, What is this?”

This short sentence made Liang Wenyuan’s expression turn into one of extreme fear.

He looked at this scene in shock, his eyes filled with fear. He couldn’t help but start to stutter.

“Magnetic pole key...How...How do you have it ...”

At that moment, Liang Wenyuan's breathing started to become rapid. His back was instantly drenched in cold sweat. He couldn't help but say in fear, "No... Impossible ... This is absolutely impossible ..."

In the next second, Zhou Hao suddenly felt a whistling sound coming from behind him. It was as if a lot of people were rushing toward him at a very fast speed.

Chapter 976 - intimidation

Chapter 976:-intimidation

Zhou Hao furrowed his brows and thought for a moment. Then, he smiled and slowly said, "It seems like the mutants who want to kill you are already on their way here."

That short sentence made Liang Wenyuan's entire body tense up.

He was shocked and looked at Zhou Hao in fear. His breathing began to Quicken.

"I ... I ... I ..."

Looking at Zhou Hao's reaction, Liang Wenyuan, who was in front of him, only smiled gently. Then, he waved his hand and said anxiously, "Save me! Are you going to watch me die like this?"

This short sentence made the gray-haired man's face become even more proud. Then, he slowly said, "It's very simple. Didn't my boss just say it?"

"As long as you're willing to give us your treasure, we'll definitely save you. We won't go back on our word. But if you're not willing, don't blame us for not showing you any mercy."

After Liang Wenyuan heard it, his face suddenly became anxious. Cold sweat dripped from his forehead. Then, he said in fear, "Alright, I'll give it, I'll give it to you, alright?"

"But ... You guys have to let me go first before I can take the things, right?"

After Zhou Hao heard this, he smiled and nodded. He immediately Cut the Rope that was tied around him.

Liang Wenyuan didn't know how long he had been locked up here. As soon as the rope broke, he seemed to have lost all his strength and fell to the ground.

He took deep breaths and suddenly took out a pill from the storage dimension and threw it into his mouth. A moment later, he had recovered his mental power and energy.

Seeing this, the gray-haired man walked over with a look of dissatisfaction. He then said anxiously, "Aren't you going to hurry up and take out the thing?"

However, before the gray-haired man could finish his sentence, Liang Wenyuan quickly started the aircraft and prepared to escape.

"You want to run?"

Zhou Hao had his eyes on Liang Wenyuan for a long time. How could this kid's every move escape his eyes?

Just a second before Liang Wenyuan started the aircraft, Zhou Hao kicked the aircraft at his waist. The next second, Liang Wenyuan staggered and fell to the ground.

However, this was not the end. Zhou Hao stepped on Liang Wenyuan's chest and looked down at him. He said coldly, "You still dare to play mind games with me, don't you?"

"Alright, since you don't want to leave, then you might as well stay here."

Zhou Hao's actions were extremely Swift. He immediately subdued Liang Wenyuan and used the magnetic key to open Liang Wenyuan's storage space. Then, he quickly took out the treasures inside.

"Stop, you guys, stop ..."

Liang Wenyuan's chest was stepped on, and a large amount of blood seeped out of the corner of his mouth. Even the veins on his forehead were popping out. His breathing began to become rapid, and then he opened his mouth and begged, "I was wrong, I won't dare to do it again!"

"Please save me ... I'm no match for these mutants ..." He begged.

Liang Wenyuan continued to plead, but Qiao Nina suddenly grabbed Zhou Hao's hand and said in a serious tone, "Zhou Hao, after you get the item, leave immediately. Don't worry about this kid."

"This brat really knows how to scheme. If we let him live, he'll definitely find another chance to scheme against us in the future. We can't let this happen."

The gray-haired man couldn't help but nod after hearing this. He said, "Yes, boss, I think Mr. Zhou is right!"

"If we really keep this kid, he might take advantage of the situation to plot against us. We'll be in big trouble then."

After he said this, Liang Wenyuan's expression suddenly became anxious. He was so anxious that tears were about to flow out. Then, he began to plead.

Zhou Hao glanced at Liang Wenyuan indifferently. Then, without hesitation, he kicked Liang Wenyuan's body heavily, sending him flying.

Liang Wenyuan wailed in pain. Zhou Hao did not continue to care about her. Instead, he stood up and said to Qiao Nina and the gray-haired man, "Let's go," he said.

In the distance, the ground was still shaking.

This meant that there were still a lot of mutants chasing after them because of the two mutated beasts' information.

Jonina was so nervous that the cold sweat on her forehead was about to fall. She really did not expect this to happen.

"Mr. Zhou, we're in danger," she couldn't help but ask anxiously.

"Not necessarily,"

Zhou Hao looked around and said in a serious tone, "Perhaps this is a good thing for us."

"After all, we're going to Milky Way star's barrier. The fewer mutants there, the better. That way, we'll have enough time to get Milky Way star."

Jonina's expression relaxed a little after she heard that.

The three of them started the aircraft and quickly headed towards the location of Milky Way star's barrier.

Ten minutes later, the three of them arrived. They quickly placed the treasures in their hands on the nine pillars.

However, after he put it on, the barrier still existed and there was no change.

When she saw this, Jonina's expression immediately became hesitant.

She couldn't help but look around in confusion. Then, she said, "This is strange. Why can't it be opened? could it be that we guessed wrong and the method to open the barrier isn't this at all?"

"No, that's the way. But we've overlooked the most important point, which is the order in which these treasures were placed on the spaceship."

Zhou Hao's expression darkened. He then looked at Jonina with a frown and said, "Do you still remember where you placed this treasure when you took it?"

"I remember, boss! My position is here!"

The gray-haired man immediately switched the treasure in his hand with one of Jonina's treasures. He then said anxiously, "Miss Qiao, do you still remember where you were?"

"It's a little fuzzy, but I'll try my best!"

Chapter 977 - Array

Chapter 977: Array

Jonina's expression was a little nervous. She tried her best to calm herself down. Then, she closed her eyes and carefully recalled what had been placed on both sides of the treasure when she had received it.

And where was the exact location?

Jonina's expression immediately became extremely serious. She closed her eyes and thought carefully for a moment. Suddenly, she opened her eyes and said anxiously, "I got it!"

"Quick, those mutants should be here soon. We have to open the barrier as soon as possible and take Milky Way star away before they find us,"

"Alright, that should be the case."

Jonina immediately placed the treasure back on the pillar. She then said in a serious tone, "I remember that this weapon of mine was placed together with this scroll ..."

The three of them immediately started arranging the items. After a minute, Jonina was drenched in sweat as she looked at the scene. She took a few steps back and said word by word, "There shouldn't be any problems,"

However, just as Jonina finished her sentence, the ground around them suddenly started to shake violently.

Immediately after, the three of them felt that they could not stand steadily.

They frowned in confusion and looked at the barrier that sealed Milky Way star. They could not help but ask hesitantly, "What's going on? did we place the treasure in the wrong place again?"

"That's not right. "

Zhou Hao was the first to notice that something was wrong. His expression suddenly became extremely serious, and then he slowly said, word by word, "The enchantment is shaking!"

"This time, we should be in the right position, so the barrier is already in a state of activation!"

After Zhou Hao's words, the surrounding people immediately looked at the barrier in front of them.

On the nine pillars, a large area of lightning suddenly appeared, and a burst of crackling sounds could be heard. It was an extremely terrifying sight.

When she saw this, Jonina's expression immediately turned into one of shock.

Then, she immediately pulled Zhou Hao and the gray-haired man and retreated backward. Then, she said in an extremely serious tone, "Oh no, not good, something big has happened!"

"What's going on?"

Zhou Hao's face showed a trace of surprise, and he couldn't help but ask.

"There's movement underground!"

Jonina gulped down a mouthful of saliva. Then, she started to stammer and stutter.

"I knew it. Milky Way star is such a powerful energy source. It's definitely not as simple as a magnetic field or a barrier protecting it. It turns out that the things protecting Milky Way star will only appear after the barrier is opened!"

“Miss Jonina, what are you talking about?”

The gray-haired man was shocked. Her eyes were filled with shock, and her tone of voice began to stutter. Then, with anxiety and uneasiness in her eyes, she asked, “Nothing appeared ...”

Jonina stared at the bottom of the nine pillars. Large cracks were continuously spreading out, and she felt as if her head was going to explode.

In that instant, she became extremely flustered. Then, she spoke anxiously, enunciating each word clearly, “You ... Didn’t you sense the presence of exotic beasts inside the crack?”

After saying that short sentence, Zhou Hao and the gray-haired man finally realized that what Jonina had said was true!

These nine pillars suddenly couldn’t withstand the huge shaking force and let out a series of ‘Kacha’Kacha’ sounds.

“Oh no, we have to leave this place as soon as possible. Otherwise, we won’t have another chance!”

Jonina’s expression was one of extreme difficulty. She hurriedly said, “Quickly run!”

Seeing this, Zhou Hao’s face darkened. Without another word, he quickly rushed toward the nine pillars!

The gray-haired man was just about to pull Zhou Hao away from this place, but when he turned around, he saw Zhou Hao dead. He was quickly rushing toward the barrier that was about to collapse in the distance.

“Boss! Run, quickly run!”

The gray-haired man shouted, but Zhou Hao did not seem to hear him and continued to run away.

“It wasn’t easy for us to get our hands on this treasure. We can’t just throw it away like this.”

And there was also Milky Way star!

Their goal this time was to get the Milky Way star.

If the barrier collapsed now, Milky Way star would be destroyed, and they would be finished.

Zhou Hao first went to the nearest position and put all the treasures into his storage space. Then, he stretched out his hand and quickly reached out to the location of the Milky Way star in the distance.

Just as he was about to touch the Milky Way star, the ground under his feet suddenly trembled violently.

A violent trembling sound was heard, and in the next second, the entire ground instantly collapsed!

Zhou Hao's body staggered and he almost fell to the ground.

He finally managed to stabilize himself. Then, his breathing began to become hurried. In the next second, he started the aircraft and quickly flew into the distance.

Zhou Hao panted heavily as he lowered his head to take a look. When he saw what was happening in front of him, his face turned into one of shock.

His eyes were filled with disbelief as he looked at this scene in a daze. Then he slowly opened his mouth and said, word by word, "How could this be ..."

It was no wonder that Zhou Hao had such an expression on his face. The scene that Zhou Hao was seeing was simply too shocking!

The place where he had just been standing had collapsed into a huge pit!

At the bottom of the deep pit, countless sand, stones, and rubble continued to fall. One couldn't see the end at a glance. It was impossible to see how deep this huge pit was.

Even Zhou Hao felt his scalp go numb when he saw that.

However, he quickly calmed down.

However, before he could calm down, he was shocked to see that the Milky Way star was also falling. As it fell, it was still flashing with a faint light. Although it was very faint, it could still be seen in the dark.

Chapter 978 - -strange beast in the forbidden area

Chapter 978:-strange beast in the forbidden area

Zhou Hao stared at the falling debris. Suddenly, he saw a huge figure emerge from the deep pit!

From the moment the figure appeared, Zhou Hao could feel an extremely oppressive feeling coming from all around him. It was constantly engulfing his entire body.

At that moment, Zhou Hao's breathing began to quicken. He frowned and looked at the figures in the cave with a serious expression. He could not believe what he was seeing.

What was this ...

Very quickly, Zhou Hao landed steadily beside Jonina and the gray-haired man.

When the two of them saw that Zhou Hao had returned safe and sound, their tightly suspended hearts finally settled down.

His face was filled with solemnness. Then, he frowned as he looked at the sinkhole that was trembling more and more violently. His eyes were filled with solemnness.

"Zhou Hao, are you alright?"

Jonina hurriedly asked with concern.

"I'm fine, but Milky Way star ..."He said.

Halfway through his sentence, Zhou Hao suddenly realized that he did not know how to describe the scene he had just seen.

After all, the scene just now was really too shocking. He only felt that he was simply unable to describe it with words.

Even now, he still felt his heart beating rapidly. He was so nervous that he was short of breath and panting heavily.

"He fell into a deep pit ..."

Jonina also saw that scene and felt as if her heart was being cut by a knife.

Her purpose of coming here this time was to take Milky Way star back and unseal her frozen clansmen on the planet. Now, Milky Way star was gone, so all her efforts had been in vain.

But very quickly, Jonina's spirits were lifted. She tried her best to smile, then smiled and slowly said, "It's okay, I believe that we will have a chance to get the Milky Way star again!"

"It's just that we fell into the deep pit. When the earthquake stops, we can go down and have a look. Maybe we can find Milky Way star in the deep pit. "

However, before Jonina could finish her sentence, Zhou Hao slowly opened his mouth and said in an extremely serious tone, "The collapse of that deep pit was not caused by the earthquake at all."

Zhou Hao was silent for a long time. Then, he said word by word, "it's because there's something underground that caused the earthquake." His eyes were solemn.

"Just now, I saw a pair of huge eyes at the bottom of the deep pit. The power that it emitted was very powerful. It has already reached the level of a tenth grade martial Saint."

"Besides, Milky Way star has already been swallowed by it. If I'm not wrong, it's the last barrier protecting Milky Way star."

After he said that short sentence, Jonina and the gray-haired man's faces were filled with disbelief and shock!

All of them looked at Zhou Hao in unison, feeling that what they had just heard was simply unbelievable!

When she thought of this, Jonina's face turned slightly pale. She then asked, "Is what you're saying true? are there really tenth grade martial Saints here?"

"That's right. "

Zhou Hao nodded, then said with a serious face, "Moreover, the aura that this strange beast is giving off is too strong."

"It's almost the same as the exotic beast we encountered in the cave. That's why we only saw its illusionary shadow in the cave and didn't see the real exotic beast."

When she heard Zhou Hao's words, Jonina's breathing suddenly became rapid.

The gray-haired man couldn't help but nod his head. Then, he said anxiously, "Yes, I also heard that the forbidden land is protected by the Milky Way star's barrier. It's very powerful!"

“At first, I thought it was just some electricity. But for me, such a strong high-voltage voltage is indeed very powerful. If it weren’t for the ancient jade in boss’s hand, we wouldn’t have been able to get close at all!”

Just as everyone’s faces were filled with anxiety ...

In the distance, the intensity of the ground’s tremors suddenly increased.

Not long after, Zhou Hao’s expression suddenly became more anxious. He immediately said to Jonina and the gray-haired man, “You guys go first. I’ll think of a way to deal with this exotic beast barrier.”

“But ...”

Jonina’s expression instantly turned flustered. She immediately grabbed Zhou Hao, who was about to rush forward, and said in an extremely anxious tone, “No, I can’t let you risk your life for this!”

“The mutated humans will be here soon, and we’ll be in even more danger. Let’s leave this place first!”

After saying that, Jonina turned around and prepared to leave with Zhou Hao.

However, Zhou Hao shook his head and said in a serious tone, “You guys go first. I have a way to deal with this beast. Find a safe place to hide first. Otherwise, I can’t protect you.”

The magnetic field around them had already begun to gradually become chaotic. If they continued to stay here, they would only be in danger!

Although Jonina’s strength wasn’t ordinary, she could only rely on these high-tech weapons to boost her strength. Without weapons, she didn’t have that many abilities when facing exotic beasts.

Zhou Hao’s expression was also extremely serious.

He looked at the gray-haired man with a frown and immediately said, “Now that we’ve found Milky Way star’s location, all that’s left is to bring it back safely.”

“Take miss Qiao out of the forbidden area immediately and wait for me in the spaceship. I’ll meet up with you guys after I get the Milky Way star.”

The gray-haired man immediately nodded and agreed to his request.

With the beast taming bangle on, he would follow Zhou Hao’s orders without any thoughts of disobeying.

Jonina, however, could not help but ask anxiously, "No, what will you do if we leave?"

Although Qiao Nina wanted the Milky Way star as well, Zhou Hao had taken care of her a lot along the way and had helped her a lot. Moreover, they were not facing an ordinary exotic beast. She was more worried about Zhou Hao's safety.

Chapter 979 - group attack

Chapter 979:-group attack

If it was just an exotic beast guarding Milky Way star, it would be fine.

There were still many mutants around. If they heard the sound or felt the powerful energy, they would definitely come over!

"Miss Qiao, you don't have to worry about me. The purpose of our trip is Milky Way star. No matter what, I have to get it."

"Nothing can stop me. Even if there are hundreds or thousands of mutated beasts, I'll still exterminate them."

Zhou Hao's words were extremely firm.

After he finished speaking, he immediately waved his hand at the gray-haired man. Then, he continued to urge him in an extremely serious tone, "Alright, alright, go quickly. Let's go quickly. Don't waste time here."

The gray-haired man immediately nodded his head in a hurry. He then turned around and said to Jonina, "Miss Nina, let's go!"

"But ..."

Jonina's eyes were filled with worry. She looked at Zhou Hao's determined expression and suddenly took out a few treasures from her inventory and threw them at Zhou Hao's feet.

"These are all life-saving items. Hold onto them well. I want to see you return safely!"

Zhou Hao turned around and glanced at Jonina. He then smiled and slowly said, "Alright, I promise you."

After Jonina heard this, she nodded and turned to leave.

After the gray-haired man and Jonina left the place, Zhou Hao strode forward, one step at a time, towards the deep pit in the distance.

However, the next second, something that made Zhou Hao's heart clench happened.

In the distance, a large cloud of dust suddenly rose up. Immediately after, a burst of violent trembling came from the ground. With the huge shaking, Zhou Hao could not even stand steadily.

However, even with such a huge formation, Zhou Hao was able to stand firmly in his spot, frowning as he observed the scene.

He was someone who had seen all kinds of storms and waves. Although there were thousands of mutants running toward them at high speed, Zhou Hao was not afraid of them.

He stood at the side, preparing not to have a direct confrontation with this group of mutants.

Facing such a large number of mutants head-on would be the most unwise choice. At that time, no matter how powerful he was, he would be forced to retreat by the overwhelming number of mutants.

Zhou Hao was hiding behind a huge rock, observing the deep pit in the distance.

The deep pit was still shaking!

The number of mutants in the surrounding area was also gradually increasing. They were also approaching the huge pit!

The quaking in the deep pit in the distance gradually became stronger.

Zhou Hao's expression changed.

That was because he saw an extremely huge black bear Beast opening its mouth, which was filled with fangs, and charging at him!

And between its brows was the Milky Way star that was shining with a bright light!

In that instant, the countless mutated humans seemed to have seen something extremely attractive, and they quickly pounced towards the mutated black bear like crazy!

The reason why this group of people had come here was actually to get Milky Way star. Now that they saw Milky Way star on the head of the huge black bear Beast, they all seemed to have gone crazy and quickly pounced on the black bear beast's head!

Soon, countless mutants hung onto the mutated black bear and climbed up frantically, fighting to get the Milky Way star.

However, they couldn't touch it, because the mutated black bear Beast wasn't someone to be trifled with. It suddenly leaped out of the deep pit, its ten-meter-long body looking extremely shocking.

On the mutated black bear's body, there were a few hundred mutants still hanging on it. As the mutated black bear's body was constantly swung left and right, countless mutated black bears were directly thrown out and smashed heavily on the ground, constantly screaming in pain. The sound was extremely ear-piercing!

As for the mutated black bear Beast that was stuck in the deep pit, it crawled out with a solemn expression on its face. It opened its bloody mouth and roared furiously at the mutants that were pouncing at it.

There were only a few hundred mutants left. They had lost their minds and rationality. The only thing they could remember was their purpose in coming to the forbidden land.

That was to get the Milky Way star. To them, the most important thing now was the Milky Way star.

Even though they were facing the threat of the mutated black bear, these mutants had no intention of leaving.

They were still baring their fangs and brandishing their claws, roaring furiously at the mutated black bear in the distance, letting out a heart-wrenching cry!

It seemed to be declaring war on the mutated black bear exotic beast!

In the next moment, countless mutants charged towards the mutated black bear in a frenzy!

They seemed to have been stimulated by the energy source released by Milky Way star. Their speed suddenly increased in quality, and the further they ran, the larger their bodies became!

Zhou Hao couldn't help but exclaim in surprise when he saw this.

The Milky Way star's energy was indeed massive, and it could cause such a huge impact on the exotic beasts.

However, it made sense. Since Jonina could take all the energy contained in the Milky Way star and give it to the people of planet Mandela to unseal the ice, the energy must be quite significant.

At this point, Zhou Hao did not want to waste any more time.

He immediately held his breath and conjured an illusionary space, enveloping the mutated black bear Beast and the mutated humans!

In the next instant!

The mutants who were roaring and charging forward suddenly had a huge pit under their feet. The deep pit was filled with burning lava, which was still bubbling continuously. It was a terrifying sight.

The mutated humans did not notice the change beneath their feet. They were still charging forward at a rapid speed. In the next moment, they were directly plunged into the lava and burned to the point that not even their bones were left.

However, the mutants behind them continued to advance, wave after wave, rapidly chasing after them.

Chapter 980 - Huge changes in the magnetic field

Chapter 980: Huge changes in the magnetic field

When Zhou Hao saw this, he was shocked.

These mutants had completely lost their minds. Due to the invasion of the magnetic field, they had undergone a huge change. Now, their sensitivity to energy sources had rapidly increased!

As long as they saw the energy source, they would rush toward them without any regard for their own safety. They would rush toward the energy source in order to get the energy source into their hands and become stronger!

Now, this was the mission in the hearts of the mutants!

It was constantly making itself stronger, devouring beasts that were stronger than it!

Zhou Hao decided not to have any conflict with them for the time being. At the very least, he'd wait until the battle between the mutated human and the mutated black bear was over before he went to take a look.

At the thought of this, Zhou Hao immediately stood aside and watched.

They watched as countless mutants were knocked to the ground like moths to a flame, but they still continued to charge towards the mutated black bear Beast without giving up!

In the next moment, Zhou Hao suddenly felt the magnetic field around him become stronger.

Soon, the magnetic field fluctuations became more and more intense. Zhou Hao was shocked to see countless mutants suddenly lying on the ground in extreme pain. They curled up their bodies and looked like they were in extreme pain.

Zhou Hao's protective suit could isolate all magnetic fields, but he could still feel the magnetic field around him getting stronger and stronger.

"Now."

Zhou Hao found the right opportunity and immediately conjured a void beast. In the illusory space, he suddenly charged towards the mutated black bear!

At the same time, Zhou Hao immediately took out the treasure he had obtained earlier from his storage space, the Super Gatling gun. He aimed it at the black bear beast's chest and suddenly bombarded it!

The mutated black bear's skin was extremely tough. Even though the Super Gatling gun's attack was extremely fast and powerful, it still couldn't penetrate the mutated black bear's skin.

On the contrary, it caused the mutated black bear to suddenly wake up!

Its thoughts seemed to be much more sensitive than ordinary exotic beasts. Now that it suddenly realized that something was wrong, it was suddenly pulled out of the illusory space!

Seeing this, Zhou Hao's face turned extremely serious. He frowned and stared at the scene in front of him. Then, he sneered and said, "It seems that I have underestimated you."

“Alright, since that’s the case, there’s no need for me to create an illusionary space. Let’s just start the battle here.”

Previously, Zhou Hao didn’t wish to cause too much of a commotion, in case the exotic beasts hiding in the vicinity came after hearing the news.

After all, this was his first time coming to the forbidden area, so he wasn’t very familiar with the surroundings. If there were some powerful exotic beasts hidden here, wouldn’t he be in even more danger?

However, Zhou Hao didn’t expect that this mutated bear’s mental strength and self-control were far more powerful than he had imagined!

Since that was the case, he might as well directly start the battle with it.

He didn’t need to care too much!

In the next moment, Zhou Hao suddenly let out a furious roar, and his body rapidly grew in size. An incomparably huge void bear immediately appeared in front of the mutated black bear!

The mutated black bear Bear, who had an arrogant look on its face, suddenly had a dark look on its face when it saw this scene. Immediately after, it strode forward with a cold look in its eyes, quickly charging towards the void bear in front of it.

The void bear’s brows twitched, its face filled with disdain. It stood on the spot, not moving at all, only looking indifferently at the mutated black bear Bear that was charging at it, without any fear on its face!

At this moment!

“Roar!”

The mutated black bear Bear suddenly let out a terrifying howl. Immediately after, its entire body was like a bolt of lightning, rapidly charging towards the void bear.

As it rapidly ran forward, it suddenly rushed in front of the void bear. It quickly raised its huge claws and was about to grab the void bear’s chest!

“Roar!”

It was accompanied by a heart-wrenching roar. However, before the mutated black bear could touch the void bear, the void bear quickly turned to the side and easily dodged its attack.

In the next second, an incomparably huge and extremely sharp claw directly cut open the mutated black bear beast's abdomen!

Very quickly, large amounts of blood began to gush out from the cut, making it look extremely miserable.

Seeing this, Zhou Hao couldn't help but sneer. He then sneered and said, ""Hehe, with this level of skill, you even made a big scene at the beginning. It seems like you're just a piece of trash."

That short sentence immediately caused the eyes of the mutated black bear exotic beast in front of him to turn extremely cold.

In that instant, the aura around the mutated black bear suddenly rose explosively.

Aowuwu!

When the mutated black bear beast's body was slashed with a bloody, deep, and long wound, a look of rage appeared in its eyes!

It opened its mouth in anger and let out a furious roar. In the next moment, it shot out like a bullet and charged toward the void beast in the distance!

A 'whoosh' sound was heard!

The mutated black bear Beast was extremely fast. It stomped on the ground, and in the next second, its entire body shot out like a bullet fired from a gun!

Its entire body was sent flying dozens of meters into the air. Then, its entire body immediately burst out with an extremely rapid jumping force.

Seeing this scene, Zhou Hao could only silently sneer in his heart. His face was full of indifference and disdain. He sneered and shook his head, saying sarcastically, ""Hehe, it's all gaudy. It seems like it's just an empty shell."

Looking at the intrepid mutated black bear exotic beast charging at it rapidly, the void beast dodged its attack without any effort.

Bang Bang Bang ...

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 981 - -tragic

Chapter 981:-tragic

In the next moment, the mutated black bear's claws missed, and its entire body was sent flying towards a few huge trees in the distance. It only came to a stop after breaking dozens of trees.

The mutated black bear beast's expression instantly turned extremely furious. It turned its head back to take a look, and a look of rage appeared on its face!

"Roar!"

After the mutated black bear landed on the ground, it still raised its head and howled unwillingly. Then, it flew forward at an extremely fast speed and arrived in front of the void beast.

In that instant, the mutated black bear Beast waved its claws once again, heading straight for the void beast's eyes in a ferocious manner!

From the looks of it, this mutated black bear Beast was determined to blind the void beast's eyes. That way, it would be more convenient for it to deal with this problem.

When it saw this, the void beast couldn't help but sneer in its heart, secretly mocking this ridiculous mutated black bear Beast in its heart.

It actually wanted to blind its own eyes. It didn't know where the courage came from.

It was simply ridiculous!

"Roar!"

The void beast opened its bloody mouth and charged at the mutated black bear.

In the next instant, it mimicked the mutated black bear exotic beast and stretched out its claws, charging fiercely at the mutated black bear exotic beast, intending to blind its eyes!

However, compared to the void beast, the mutated black bear's speed was too slow. It had no time to Dodge!

Seeing that it was about to fall into a critical moment, the mutated black bear Beast didn't even have time to Dodge. It immediately extended its claws, trying to block the incoming attack of the exotic beast!

Very quickly, a 'Puchi' sound was heard and a stream of blood spurted out rapidly!

Even though the mutated black bear's paw was extremely thick and wide, there was still a large gash on it. Blood was flowing out, and it looked extremely miserable.

When it saw this, the mutated black bear couldn't help but let out a muffled groan of pain, followed by an extremely miserable cry of pain, looking extremely miserable.

However, the mutated black bear, Zi ran, wouldn't give up so easily. It let out a furious roar again, then waved its claws rapidly in the direction of the mutated black bear!

However, the beast dodged it in the next second.

In front of the mutated black bear, the speed of the exotic beast was extremely fast. It could not even touch the exotic beast in front of it and missed the best opportunity!

The mutated black bear Beast had never expected that it would fail twice in front of this huge void beast!

She had failed to touch him twice!

This scene immediately drove the mutated black bear into a frenzy. It let out a furious roar and stomped heavily on the ground. Not long after, the entire ground instantly cracked in all directions.

Soon, countless cracks appeared beneath the beast's feet!

"Aowu!!!"

The mutated black bear saw that it had the upper hand and immediately let out a triumphant roar. After that, it quickly arched its body, looking like an enraged Lion that had its eyes on its prey, wanting nothing more than to pounce over!

However, in the next moment, the void beast actually disappeared in front of the mutated beast with a bang.

"What?"

Seeing the void beast suddenly disappear, the mutated black bear's expression suddenly changed. It looked around hesitantly, but it didn't find the void beast at all.

The mutated black bear's eyes narrowed slightly at the sight.

However, in the next second, before the mutated black bear could come to its senses, it suddenly felt an extremely painful feeling coming from its entire back!

It jerked its head to look, only to see the void behemoth suddenly appear behind it!

In the split second it was caught off guard, a bloody wound had been cut open on its back by the void behemoth!

The mutated black bear was extremely furious. It was just about to retaliate, but the void beast disappeared from its sight once again, quickly moving a few meters away from the mutated black bear.

The mutated black bear had an extremely sinister look on its face as it glared at the void beast, waiting for an opportunity to kill it instantly.

Aowuwu!

The mutated black bear Beast suddenly let out a heart-wrenching roar. It was as if the bear had reached a critical point of its anger!

In all these years, there had never been a beast that dared to provoke him like this.

Even when the thousands of mutants pounced over, the mutated black bear Beast didn't even take them seriously.

But now, he was completely defenseless in front of this void beast and was even toyed with. What a disgrace!

However, although his mutated black bear beast's attacks were extremely fast and closed in on the beast, he still had no chance to resist the exotic beast of the void. In fact, he was even brutally tortured.

And now, the void beast had yet to even use its most powerful move, and the mutated black bear was already being forced back.

However, what the mutated black bear Beast didn't know was that Zhou Hao's iron-blooded tough body was extremely powerful!

Regardless of whether it was in human or beast form, his body was the most powerful and his blood was extremely thick!

If the mutated black bear wanted to beat him, that was simply a fantasy.

However, this mutated black bear exotic beast wasn't to be trifled with, either. Its attacks didn't stop at all. Even after it was defeated, it continued charging forward rapidly, as if it would never get tired, and continued its attacks at an extremely fast speed!

After all, the reason the mutated black bear exotic beast was within the barrier of the forbidden land was because it had to guard this place. It naturally wouldn't be willing to give up on its mission just like that.

Aowu!

At this moment, the mutated black bear Beast also realized that something was wrong. It quickly realized that the void beast's vitality was extremely tenacious, and its skin was thick. Even though its strength was not bad, it could not fight back at all in front of the void beast!

It was fast and often jumped around in front of the void beasts.

But to put it bluntly, it was only for show and not worth mentioning at all. The void beast could kill him with a single claw.

Chapter 982 - endless trouble

Chapter 982:-endless trouble

The mutated black bear beast's gaze instantly became burning with uneasiness.

Its expression immediately turned cold as it stared at the void beast with a stern expression.

He knew that he only had one chance!

No matter what, he had to find the opportunity to kill with one strike. Otherwise, there would be endless trouble in the future!

The mutated black bear exotic beast's gaze suddenly became a little fiercer. When it saw that the void beast didn't seem to be continuing to attack its position, the mutated black bear exotic beast didn't seem to be in a hurry to continue chasing it.

It heaved a sigh of relief and looked at the void beast in front of it with a burning gaze. The two void beasts immediately confronted each other in the surroundings. Even the air was filled with an extremely anxious aura.

The entire atmosphere in the surroundings instantly sank into an extremely anxious feeling.

In the surroundings, many of the mutated humans who were originally eyeing the mutated black bear Beast covetously no longer dared to move forward.

They were so intimidated by the void beast's power that they didn't dare to move forward.

Their sharp senses picked up a hint of danger, and they quickly became vigilant, because they knew that a huge threat that was competing with them for the Milky Way star had appeared!

The surroundings immediately fell into an extremely quiet state, so quiet that it even began to reveal a trace of strangeness.

All the mutants in the surrounding area were intimidated by the void beast's aura and did not dare to move.

Their faces were filled with vigilance as they stared at the huge void beast, but they did not dare to approach it.

In an instant, their fear triumphed over their desire for the star of the Milky Way.

"Gulp."

One could even faintly hear the mutants swallowing their saliva in fear.

It wasn't just the group of mutated humans who were shocked by the powerful aura. The mutated black bear Beast at the side was also shocked.

It tried its best to calm its emotions. In the next second, it suddenly looked up and roared, bursting out a heart-wrenching roar.

Soon, it was once again heading toward the void beast's location at high speed!

"Roar!"

The void beast was not to be outdone. It immediately stomped on the ground heavily, and in the next second, it charged towards the mutated black bear at an extremely fast speed.

In the air, a few explosive sounds suddenly came and quickly exploded.

The sharp sound of the air being torn apart exploded rapidly. It was the sound of the void beast waving its claws and slashing at the sky!

The void beast's claws were like steel whips, rapidly lashing the air, erupting with a series of sounds.

In the next moment, the void beast's claws heavily struck the mutated black bear exotic beast's body. With each strike, a bloody wound was left on the mutated black bear exotic beast's body.

In the air, there was even a large amount of blood mist, which looked extremely terrifying.

Aowuwu!

A painful roar suddenly erupted from the mutated black bear exotic beast's mouth. In the next second, it retreated a few steps back in pain.

The void beast didn't plan on letting the mutated black bear go so easily. Its speed was extremely fast, and it quickly chased after the spot where the mutated black bear had fallen.

"Bang!"

A deafening sound that shook the heavens and earth suddenly erupted. In the next second, the mutated black bear beast's body was blasted away like a rag.

Its body curved in an arc as it was quickly sent flying. It then heavily crashed into a spot ten meters away. It fell to the ground and rolled several times before finally stabilizing itself after hitting a tree.

At this moment, the mutated black bear Beast looked extremely miserable.

It was covered in injuries and looked like it was in extreme pain. There was not a single spot on its body that was in good condition.

Aowuwu!

All of a sudden, the mutated black bear Beast let out a series of extremely painful roars. Immediately after, it stared at the void beast with a vicious gaze, as if it was planning to launch its next attack!

"Roar!"

Many of the mutants in the surroundings looked extremely frightened and uneasy, especially when they heard the roars from the void beast. They became even more afraid.

They lay on the ground, their eyes full of fear. Their ears drooped, and they couldn't help but let out a series of heart-wrenching roars. They sounded particularly panicked and helpless.

They knew that they were no match for the void beast at all. Now that they saw the void beast's ferocious stance, the mutated black bear Beast was covered in wounds, and there was not a single piece of flesh that was intact on its body.

If this group of mutants were to charge in front of the void beast, they would definitely be devoured by it.

The mutated black bear's breathing suddenly became extremely heavy. The situation immediately became much more dangerous.

“Roar!”

A furious roar suddenly rang out. The mutated black bear Beast struggled to get up from the ground, then quickly rushed toward the void beast!

Just as the mutated black bear Beast was about to charge at the void beast, the next second, a series of thunderous explosions suddenly erupted in the air.

The mutated black bear beast's expression changed drastically. It didn't have time to react at all, and a bloody gash was immediately left on its abdomen by the void beast.

There was a 'Puchi' sound, and in the next second, fresh blood spurted out, rapidly rushing to the surrounding area.

The mutated black bear exotic beast panted heavily, and even its breathing was filled with pain. Fresh blood was flowing out from its mouth, and it looked extremely miserable.

If it wasn't for the fact that the mutated black bear had already reached the tenth grade Saint level, it would have died several times already.

However, the mutated black bear Beast gritted its teeth and held on. Even though its body was in tatters, it still gritted its teeth and didn't let itself fall. It was extremely tenacious.

“Roar ...”

At this moment, the mutated black bear's roars were no longer as fierce and arrogant as before.

Chapter 983 - stamina consumption

Chapter 983:-stamina consumption

?

The low growling that it kept on emitting gradually became smaller, as if its strength was rapidly being exhausted.

Of course, this was to be expected. After all, the mutated black bear Beast had just fought against a powerful opponent like the void beast, and after struggling for a long time, it didn't show any reaction at all. It really made it feel extremely defeated.

The mutated black bear beast's eyes were filled with darkness. It stared at the void beast in the distance, feeling that its physical strength was almost depleted.

However, the responsibility of protecting Milky Way star made it so that the mutated black bear could not fall!

Its eyes were filled with darkness as it stared at the void behemoth in the distance. It kept arching its back and letting out a low roar, as if it was going to launch a final violent blow at the void behemoth!

If it could do it this time, it would definitely cause great damage to the void beast.

In the face of this scene, the void beast was still calm and expressionless.

To the transformed Zhou Hao, the mutated black bear Beast in front of him was just an ant that he could kill at any time.

The reason he didn't immediately deal a heavy blow to the mutated black bear was because he didn't want Milky Way star on its body to be affected.

After all, the Milky Way star was on its body. If he suddenly used violence, he might damage the Milky Way star.

The Milky Way star's energy was so powerful. If he were to accidentally destroy it, it would definitely suffer extremely serious damage, and his trip would be in vain.

Thinking up to this point, the void beast didn't make its next move. Instead, it continued looking at the mutated black bear exotic beast, preparing to find an opportunity to strike.

Both sides wanted to deal the final blow and crush the other party.

“Roar!”

From afar, a heart-wrenching roar suddenly erupted. It was just like a piercing wail, instantly scaring the countless mutants in the surrounding area. They quickly scattered in all directions, not daring to take a step forward.

They were so nervous that their expressions changed, and they retreated in fear.

This was a declaration of war. They understood that if they were to rush forward at this time, they would definitely lose their lives.

What was the most important thing to them now?

He just wanted to save his own life first, and then find an opportunity to snatch Milky Way star.

Now, in the face of such a powerful battle between two opponents, the mutants' fear immediately triumphed over their hope for Milky Way star. They were so nervous that they were trembling, their expressions changed, and their breathing became rapid.

They were so scared that they didn't dare to take a step forward. They were worried that if they took a wrong step, there would be very serious consequences.

Seeing the mutated black bear beast's angry roar, the void beast naturally did not want to be outdone.

Its face was filled with an ice-cold expression as it glared at the mutated black bear in front of it with a dark gaze, letting out a deafening roar.

After the void beast's roar reverberated in the air, an extremely violent and deafening sound erupted in the distance, causing the spiritual mist in the surroundings to dissipate instantly!

“Wuwuwu ...”

In the distance, the mutants who had heard the void beast's roar were all frightened and uneasy. They lowered their bodies and looked at the scene in shock, their mouths mumbling.

The mutated humans could even feel their auras being suppressed in an instant. They did not even have the strength to lift their heads. They could only lower their heads in fear and let out muffled growls to show their submission.

In the end, the mutated humans did not even have the courage to stand up. Their auras were being suppressed and they subconsciously fell to the ground, not daring to stand up.

There were even some timid mutants who peed their pants in fear.

Even though the mutated humans no longer had the thoughts of humans, they still had their natural reflexes.

In that instant, they realized one thing once again-the void beast before them was the king of all beasts. They had no chance of resisting!

“Roar ...”

The mutated black bear Beast, which had originally planned to deal the final blow to the void beast, suddenly had a sharp glint in its eyes when it heard the void beast’s furious roar.

It suddenly bit its own tongue, grabbed the broken tongue that was still bleeding, and quickly dripped it onto the Milky Way star on its forehead.

“What’s the meaning of this?”

When Zhou Hao saw this, he could not help but freeze.

There was a hint of shock in its eyes. In the next second, it saw the eyes of the mutated black bear Beast, which had been exhausted from the beating, suddenly burst out with intense light!

It had used its blood to activate the power of Milky Way star!

“Roar?”

Upon seeing this, the void beast’s eyes turned cold.

Activated the power of the Milky Way star?

This mutated black bear Beast was really sneaky!

The mutated black bear’s eyes were filled with radiance. It had a smug look on its face. It felt that as long as it could activate this power, all of its problems would be easily solved.

After all, the energy contained in the Milky Way star was not for show. As long as he took a little of his blood, his power could reach an explosive and terrifying increase in a short time!

The giant void beast could not help but sigh silently in its heart. This mutated black bear Beast was really daring. It had cut off its tongue and dripped its blood to stimulate its power. It was a ruthless character.

“Wuwuwu ...”

When the surrounding mutants felt another violent force erupting, they were instantly dumbfounded.

They were extremely frightened and began to tremble violently. Their eyes were full of horror, and their entire bodies trembled in fear. They subconsciously wanted to retreat backward.

The mutated black bear Beast had a smug look on its face. It opened its mouth wide and suddenly let out a furious roar towards the sky.

Chapter 984 - panicking

Chapter 984:-panicking

Just as the mutated black bear Beast was preparing to unleash its final attack!

In the next moment, there was a loud ‘boom’ and an extremely strong and terrifying pressure whizzed toward its position.

“Roar!”

With a furious roar, the void beast leaped up, directly and rapidly heading in the direction of the mutated black bear Beast, suddenly pressing down!

“I don’t have time to waste with you. Since Milky Way star is on your head, I’ll cut it off now. Let’s see how you still dare to resist!”

A strong pressure whistled and rapidly spread to the surroundings, constantly permeating.

The mutated black bear Beast was so frightened that its face changed. All of a sudden, it didn’t dare to continue running forward. Its face was filled with fear, and while the void beast wasn’t paying attention to it, it immediately turned around and prepared to escape.

Whoosh whoosh whoosh ...

The mutated black bear Beast was extremely fast, like a strong gust of wind, rapidly heading towards the location in front of it, whistling through the air!

His jumping ability was very powerful. Just by jumping forward, he could jump hundreds of meters in an instant. In a few breaths, he had already run to the foot of the mountain.

“Hehe, isn’t it a little too late to think of leaving this place now?”

The void beast’s eyes were filled with mockery and disdain. It immediately extended its claws and pressed them down on the ground.

With a loud ‘boom’, it was as if there were countless sharp and terrifying auras in the surroundings. They instantly formed a huge palm print that rapidly struck towards the mutated black bear!

The wind was sharp, and with an earth-shattering momentum, it quickly and violently charged over.

Countless giant trees were instantly broken by the power of the void beast!

Many of the mutated black bear-like exotic beasts in the surroundings were rapidly fleeing into the distance. The mutants who were constantly running for their lives were also severely affected, and their speed of escape was instantly reduced.

Aowu aowu!

The mutated black bear Beast knew that it had no strength at all to escape under such a strong pressure from the void beast. A hint of ruthlessness suddenly flashed in its eyes, and in the next second, it quickly let out a furious roar and turned around, intending to fight the void beast to the death!

The void beast’s gaze turned a little colder. It glanced at the mutated black bear with no intention of dodging. Instead, it quickly pounced towards the mutated black bear’s position!

The mutated black bear Beast was not to be outdone. It immediately burst out and extended its huge claws, valiantly slashing at the void beast’s abdomen!

A loud clang was heard, followed by a muffled sound that quickly shook the air.

The mutated black bear landed on the void beast’s skin, but it didn’t cause any damage to it at all.

The void beast’s skin and flesh were extremely hard, thicker than anything in this world. The mutated black bear beast’s power could not cause it any harm at all!

On the other hand, the mutated black bear was sent flying backward by such an incomparably powerful force. It kept on retreating, and its entire body began to tremble violently.

“Roar oh oh?”

The mutated black bear was shocked to its core. It really didn't expect that its claw would feel like it had struck steel. It didn't have any strength to walk in!

He could not even scrape off a layer of skin on the surface of the void beast!

The mutated black bear Beast truly didn't expect that it would encounter such a powerful opponent this time, so powerful that it didn't have any strength left to withstand such a powerful attack!

It had just activated the power of the Milky Way star and cut off its tongue, but it still had no effect!

However, the situation before his eyes was extremely urgent. The void beast was about to rush to his position and slap him down heavily with a palm!

The mutated black bear Beast didn't even have the chance to Dodge. It was directly slapped by the void beast.

In the instant it slapped down, it swiftly plucked the Milky Way star from the head of the void behemoth.

“Bang!”

A crisp sound was heard. In the next second, the mutated black bear's head was smashed into pieces like a watermelon.

Scarlet blood instantly splattered in all directions, and the mutated black bear's head was directly crushed into pieces.

The mutated black bear Beast was left with only its body. It fell to the ground heavily.

The void beast's attack instantly crushed the mutated black bear's head into pieces.

The strength of the void beast was extremely powerful. He killed the mutated black bear in an instant. How could he defeat the void beast with such powerful strength?

The void beast merely glanced at the mutated black bear. In the next second, it stomped heavily on the mutated black bear's body, instantly crushing its remaining body.

The power that burst out from the body of the void beast was extremely powerful.

Even Zhou Hao did not expect that he would become so powerful.

After obtaining the Milky Way star, Zhou Hao immediately changed back to his original form.

He quickly turned around and was prepared to meet up with Jonina and the gray-haired man before leaving.

When Zhou Hao arrived at the place where he had agreed to meet Jonina and the gray-haired man, he did not see them.

Seeing this, Zhou Hao's expression suddenly became hesitant. He couldn't help but look around. He picked up his communication device and was about to contact the gray-haired man.

After the barrier of the forbidden land was removed, the chaotic magnetic field caused by Milky Way star also instantly recovered.

At present, the magnetic field of the entire forbidden land had returned to normal. All the communication equipment and instruments had also returned to normal. Therefore, it was much more convenient to use instruments to communicate.

After all, Zhou Hao had agreed to meet them here.

Chapter 985 - She was kidnapped

Chapter 985: She was kidnapped

The gray-haired man and Jonina would definitely not have left in advance, nor would they have intentionally hidden and refused to see him.

The only possibility was that they had gone the wrong way and had delayed their arrival.

At this thought, Zhou Hao immediately took out his communication device and quickly dialed the gray-haired man's communication device.

The next second, the beeping sound of the communication device rang nearby.

Zhou Hao's face was filled with confusion. He could not help but look around hesitantly, but he did not see anyone.

He followed the direction of the sound and quickly walked forward. He saw that the gray-haired man's communication device had fallen to the ground.

Zhou Hao's expression changed. He thought to himself that something must have happened to the gray-haired man.

Otherwise, he would not have left his communication device here.

Of course, Zhou Hao wouldn't believe that it was the gray-haired man who had betrayed him. After all, as long as the beast taming bangle was worn on one's hand, it wouldn't be able to cut through even the toughest steel in the world unless he gave the order.

The gray-haired man's loyalty to him was already deeply rooted in his mind, and there was no way to change it.

Therefore, he had no doubt that the gray-haired man had betrayed him.

It seemed that something must have happened!

Zhou Hao immediately switched on his communication device. He saw a message on the screen.

"Boss, get out, it's dangerous!"

These few words were enough to prove that they must have encountered an emergency while waiting for him here.

Zhou Hao's expression tensed up. Just as he was about to use his aura to detect the location of the gray-haired man and Jonina, he suddenly heard a whistling sound coming from behind him.

Zhou Hao turned his head around and saw a group of people in the distance. They were heading towards the cave they had entered earlier!

Even though Zhou Hao had no idea who this group of people was, his instincts told him that they were the group that had captured Jonina and the gray-haired man.

Thinking of this, Zhou Hao immediately followed them secretly, ready to find the location of the two.

At the same time, in the deepest part of the cave.

“Pa!”

The sound of a whip hitting a body could be heard.

“Ah!” A shrill cry was heard, and it reverberated throughout the cave.

Jonina, who originally had a delicate face and a calm demeanor, was now trapped on a pillar in the cave. At this moment, her face was pale and Haggard. The cold sweat on her forehead was dripping down in large drops, making her look extremely miserable.

Her clothes were also torn and tattered by the electric whip, and her skin and flesh were torn.

Someone had deliberately installed an electromagnetic jammer in the cave. Hence, Qiao Nina and the gray-haired man had no way of contacting Zhou Hao with their communication devices. They did not even have the chance to resist. They could only suffer in this place.

The gray-haired man was also tied to a pillar beside Jonina. His face was filled with pain, and his breathing was gradually becoming more rapid. His eyes were filled with anxiety.

“Stop hitting her, she’s about to be killed by you!”

The gray-haired man’s eyes were bloodshot. He did not know where he got the courage from, but he shouted at the group of people in a rage.

“Yo, kid, do you think that you haven’t been beaten up enough?”

The leader of the group was a fierce-looking, well-built man with a cold expression. He walked step by step to the front of the gray-haired man and suddenly grabbed the gray-haired man’s hair. He sneered and said, “You want to be the hero to save the beauty?”

“Alright, you should take a good look at yourself. What kind of person are you now? how dare you clamor in front of me? do you think you haven’t been beaten enough?”

The fierce-looking man’s face was full of mockery. He looked at the gray-haired man as if he was looking at an idiot.

At this moment, the gray-haired man also looked very miserable.

He wasn’t any better off than Jonina. His entire body was covered in whip marks. Blood flowed down from his wounds, and he looked extremely miserable.

Jonina, who was in the distance, had a pained expression on her face. However, she gritted her teeth and forced herself not to let her tears fall.

Jonina was the princess of planet mandaronina. She grew up in luxury and had no worries about food and clothing. She had never encountered something like this.

Now, he was actually being treated so violently. It really made people feel angry and unbearable.

But now, Jonina had no other way. After all, she had fallen into someone else's hands. She wanted to resist, but there was no way at all. She could only watch as this group of people continued to use violence on her!

“Ah!”

The electric whip landed heavily on Jonina's body once again, causing her tears to roll down her face. This time, she could not take it anymore.

Originally, she came here to get the Milky Way star, unfreeze her people, and rescue them.

However, she did not expect such a thing to happen!

This group of people knew that it was one of the three of them who had the Milky Way star, so they deliberately captured the two of them and locked them up in this cave. They threatened them to tell them where Zhou Hao was, and then used them as a hostage to exchange for the Milky Way star.

Jonina's entire life was for the sake of her people and planet.

This group of people had really underestimated the importance of her people in Jonina's heart. Even if she died, she would never betray her own people.

She knew that Zhou Hao would definitely be able to get the Milky Way star. As long as the Milky Way star was there, Zhou Hao would definitely help her to rescue the people on planet mandaronina.

Therefore, before she was caught, she had deliberately asked the gray-haired man to write that line of words on his communication device so that Zhou Hao could leave the forbidden area as soon as possible.

However, she had never thought that this group of people would torture her like this.

In that instant, a sense of humiliation engulfed Jonina's heart.

Jonina had never thought that she would one day fall into the hands of a group of scumbags. They would do anything to achieve their goals!

Finally, Jonina couldn't take it anymore. Her vision turned black, and her consciousness completely disappeared. She fainted.

"Miss Nina, Miss Nina!"

The gray-haired man panicked and hurriedly called out, but no one responded.

Chapter 986 - Kidnapping

Chapter 986: Kidnapping

"Pa!"

A crisp sound was heard.

Then, the gray-haired man's face was slapped hard.

His face swelled up in an instant, and his entire face was filled with disbelief. He stared blankly at the gray-haired man in front of him, his breath carrying a trace of disbelief and shock.

He really didn't expect that he would encounter such a thing. He really couldn't believe it.

"You ... You guys ... Better not go too far!"

The gray-haired man suppressed the pain and fear in his heart. His eyes were filled with anxiety and uneasiness as he looked at the man in front of him nervously. Then, he said in a cold voice, "You guys should just give up on this idea!"

"I'm telling you, no matter what, I won't tell you anything. The Milky Way star is gone, and the forbidden area will soon be closed. If you can't get out, don't blame me for not warning you."

After these short words were spoken, the faces of the group of people in front of him suddenly became a little more fierce.

They suppressed the anger in their hearts and spoke with anger in their eyes, shouting, "Brat, aren't your words a little too arrogant?"

"If we want your dog life, it's very simple. Do we still need to listen to your ridiculous nonsense?"

The gray-haired man's expression changed immediately after he said this. He was so nervous that his face turned pale and his breathing became rapid. His expression gradually became nervous and uneasy, and he began to stammer.

"I ... I know you can kill us at any time, but if you really do, you will never know where Milky Way star is."

Upon hearing this, the fierce-looking man's face immediately revealed a cold smile.

He suppressed the displeased anger in his heart, then angrily opened his mouth and scolded, "Hehe, yes, you're right!"

The fierce-looking man waved the electric whip in his hand, and it kept making a series of loud sounds in the air.

His face was filled with a dark expression. He then suppressed the anger in his heart and said coldly, "However, I only need one of you."

"If you don't tell me where Milky Way star is, I'll kill one of you. Let's see if you can still keep your mouth shut then."

This short sentence immediately frightened the gray-haired man, causing him to become extremely panicked and helpless.

He was so nervous that his breath was trembling, and his face was filled with panic. His eyes were full of disbelief as he looked at the fierce man in front of him in a daze. Then, he said in a panic, "Kill ... Kill us?"

"That's right. "

When the fierce-looking man saw the gray-haired man, his face turned cold. Then, he said word by word, "We've already blocked off the magnetic field. You're just a bunch of kids who rely on advanced electronic equipment without any ability to resist. You'll die Here."

After he said that, the gray-haired man and Jonina's expressions changed.

Their eyes were filled with shock, and their breathing was a little hurried.

Jonina didn't know where she found the courage to yell at the fierce-looking man, but she said angrily, "You can give up. Even if you kill me, I won't know where he is!"

“Because that kid betrayed us a long time ago and left with the Milky Way star. Even we can’t find him, so it’s useless for you to capture us!”

Jonina’s brain reacted very quickly. She immediately put on a look of resentment, suppressed the anger in her heart, and said word by word, “We won’t know even if you kill us!”

When the gray-haired man heard this, he immediately chimed in, “Right, we don’t even know where he is. Even if you ask us, it’s useless.”

After saying this, the fierce-looking man’s face suddenly became even more furious.

He suppressed the anger in his heart and coldly said, “Hehe, really? you don’t know, right?”

The fierce-looking man squinted his sharp eyes and sized up Jonina and the gray-haired man in front of him with a dangerous look. He then said sarcastically, “Alright, then I’ll kill you now. There’s no point in keeping you alive anyway.”

As he spoke, the fierce-looking man grabbed Jonina’s neck and pulled out the dagger that he always carried with him. He was about to stab Jonina’s neck!

When she saw this, Jonina was so frightened that she quickly closed her eyes, not daring to take another look.

The gray-haired man’s face immediately became nervous and terrified. After seeing this scene, he immediately said anxiously, “Wait, wait a moment!”

The fierce-looking man’s hand stopped in its tracks. His face was filled with a dark expression. He suppressed the anger in his heart and frowned unhappily at Jonina. He then asked coldly, “What’s wrong? do you have any last words?”

The gray-haired man couldn’t help but swallow his saliva. He stammered and said, “You ... If you let me go, I can tell you another secret.”

Jonina’s expression froze. She looked at the gray-haired man hesitantly. Her expression was slightly nervous and uneasy. She did not know what Jonina was going to say.

She was so nervous that her breathing was heavy and her face was panicked. She looked at the gray-haired man in front of her uneasily and stuttered, “You ... You can’t tell him ...”

“Pa!”

Before Jonina could finish her sentence, the gray-haired man raised his hand and slapped Jonina’s face.

In the next second, Jonina's face was swollen and her breathing was rapid. Her face was filled with anger and hatred as she glared at the fierce man in front of her. She was almost biting her lips until they broke.

"Shut up! Do you have the right to speak here? why don't you just stay here obediently and stop talking so much nonsense?"

That short sentence scared Jonina so much that she did not dare to say anything else. He could only stand aside, feeling wronged.

Chapter 987 - secret

Chapter 987:-secret

"What do you want to tell me?"

Faced with the fierce-looking man's cold question and impatient expression, the gray-haired man was also frightened.

The gray-haired man swallowed a few mouthfuls of saliva and stammered,""Actually ... Actually, there's a flying ship in the forbidden land. There are many treasures in this flying ship."

"Gulp."

The gray-haired man could clearly hear the sound of him swallowing his saliva.

The gray-haired man didn't know how many people had found this spaceship.

However, in order to save Jonina's life, the gray-haired man could only say this.

He nervously swallowed a few mouthfuls of saliva, and his tone began to become nervous and hurried. He stammered,""If ... If you are willing to go, there are weapons a hundred times better than Milky Way star waiting for you in the spaceship!"

After saying this, the gray-haired man nervously closed his eyes and did not dare to say another word.

He was afraid that this group of people also knew about the spaceship and had been to it. Otherwise, if the truth was exposed, they would be the unlucky ones.

The fierce-looking man in the lead thought for a moment before frowning and looking at the gray-haired man in front of him. He said hesitantly, "A flying ship? What kind of ship are you talking about?"

When he heard the fierce-looking man's question, the gray-haired man's face instantly lit up with excitement!

He immediately spoke with great excitement and said word by word, "That's right. When we came in, we passed by a dense forest. There was a powerful and huge spaceship hidden in the forest. It was there!"

"There are a lot of treasures in there, but we were in a hurry to find the Milky Way star, so we didn't go get it. If you want to go, I can take you there, but ..."

Halfway through the gray-haired man's words, the fierce-looking man's face suddenly turned dark.

He glanced at the gray-haired man before him and said in a serious tone, "But?"

"But what? what are you trying to say, kid?"

Faced with the fierce-looking man's threat, the gray-haired man was frightened, but his unwillingness to betray Zhou Hao was suddenly aroused.

His face was filled with determination, and then his breathing began to become rapid. He said word by word, "I can bring you there, but the condition is that you let miss Qiao go!"

Beside him, Jonina's expression froze when she heard that.

She looked at the gray-haired man in shock and couldn't help but sob, "Mr. Hui ..."

"Hehe, hahaha!"

The fierce-looking man's face was filled with ridicule and contempt when he heard this.

He suppressed the anger in his heart and couldn't help but shout coldly. He frowned and said unhappily, "Brat, you're already at death's door and your life can't be saved, yet you still dare to say these ridiculous words, don't you?"

The gray-haired man was also shocked. He was so nervous that he didn't even dare to raise his head. He looked at the fierce-looking man in front of him, but he still nodded firmly and said word by word, "That's right, I ... I'm negotiating with you!"

The gray-haired man's eyes were filled with solemnity. He suppressed the nervousness and fear in his heart and said word by word, "I hope you can consider this matter carefully!"

"Because miss Qiao and I don't know where the person who betrayed us went after he got the Milky Way star!"

"Even if you kill us, we won't know. Since we have no value in this matter anymore and you can't get the Milky Way star, why don't you change your mind?"

When the gray-haired man said this, he couldn't help but nervously gulp a few times. His breathing began to become rapid, and then he stammered, "If you can't get anything, won't you return empty-handed from this trip to the forbidden area?"

The grey-haired man's face was filled with anxiety and panic after he had spoken those words. Even his breathing was a little rapid. His eyes were filled with anxiety and uneasiness as he looked nervously at the fierce-looking man in front of him, as if he was afraid that he would be rejected.

At the thought of this, the fierce-looking man's face instantly turned serious.

He suppressed the displeased anger in his heart and then said in a cold voice, "Alright, I can promise you."

The fierce-looking man's words made the grey-haired man's face light up with joy!

However, his expression soon returned to normal.

"I can let this woman go, but if you dare to lie to me, you know what the consequences will be. I will never let you go so easily. Do you understand what I'm saying?"

The gray-haired man's face turned into one of panic when he was questioned by the fierce-looking man. He began to stammer.

"I ... I know. I won't lie to you."

The gray-haired man suppressed the panic and fear in his heart and nodded.

Very quickly, the fierce-looking man walked in front of Jonina and untied the rope that was tied to her.

Because Jonina had been tied up by the rope for a long time, in addition to being beaten black and blue, she did not even have the strength to stand up. When she was no longer bound and shackled, she fell to the ground and could not stand up.

The gray-haired man's face was filled with anxiety and concern. He quickly asked Jonina, "Miss Qiao, miss Qiao, are you alright?!"

"I'm fine ..."

Jonina's eyes were filled with tears. She looked at the gray-haired man in front of her as she sobbed. She used her eyes to signal to him that she would definitely come and save him.

Soon, the fierce-looking man grabbed the gray-haired man and left the cave.

Jonina was the only one left in the huge cave.

She was also beaten to the point where she was barely breathing. Her body was covered in wounds and she didn't even have the strength to stand up.

At that moment, Qiao Nina could only force herself to lie on the ground and rest. She was trying her best to recover her energy. Only by finding Zhou Hao as soon as possible could she save the gray-haired man!

However, just as Jonina was closing her eyes to rest, she suddenly heard a rustling sound coming from the cave.

Jonina's body trembled violently when she heard this voice.

Chapter 988 - regret

Chapter 988:-regret

She couldn't help but curse in her heart!

Could it be that the group of bastards went back on their word and came back to capture him?

The gray-haired man had risked his life to save her life. If she were to be captured again, wouldn't that be a waste of the gray-haired man's painstaking efforts?

When she thought of this, Jonina immediately used the last of her strength and jumped into the deep pool in the cave, preparing to hide herself temporarily.

Her combat uniform was already in tatters, so she could no longer hide her aura.

He could only rely on the advantage of the surrounding environment to conceal himself.

When she thought of this, Jonina jumped into the cold pond without hesitation.

There was no light in the deep pool in the cave, so the water in the pool was bone-chillingly cold, just like ice. It made people feel cold all over, as if they were frozen.

Even though it was so painful, Jonina did not dare to make a sound. She hid in the pool and did not dare to climb out.

The icy cold water of the pond continuously gushed against Jonina's body. The wounds on her body were also stimulated to the point that they were in unbearable pain.

Jonina's face gradually turned pale, but she still did not dare to make a sound. She could only bite her lips tightly, her entire body trembling, not daring to make a sound.

As the footsteps got closer and closer, Jonina's breathing gradually became more nervous and uneasy.

She held her breath and listened carefully to the voice, which was getting closer and closer to her.

The next second, she saw a figure appear at the entrance. It was Zhou Hao!

The moment Qiao Nina saw Zhou Hao, all her defenses, nervousness, and uneasiness were instantly dispelled.

She immediately shouted at Zhou Hao, "Zhou Hao, it's me, I'm Jonina!"

After she finished speaking, Jonina tried her best to climb out of the cold pond.

However, perhaps it was because she had been soaking in the cold pool for a long time, she could not exert any strength at all. She only felt that her whole body was stiff and she could not exert any strength.

Seeing that Jonina was about to fall into the cold pond due to her lack of energy, Zhou Hao immediately rushed over and grabbed Jonina's arm, pulling her out of the pond.

Jonina was lying on the ground, choking on a few mouthfuls of water. She looked extremely pathetic and weak.

Her wound was still bleeding. Seeing this, Zhou Hao immediately took out a pill from his storage space and fed it to Jonina.

Fortunately, the pill melted in her mouth. Even if Jonina was in a dazed state, she could just swallow it without chewing.

After the pill entered her mouth, the wounds on Jonina's body started to heal at a speed that was visible to the naked eye.

Zhou Hao finally heaved a sigh of relief when he saw this.

He picked up some firewood in the cave. After starting a fire, he put Jonina aside so that she could feel a little warmer.

After about half an hour, Jonina finally opened her eyes in a daze and woke up.

When she saw Zhou Hao sitting beside her, her expression suddenly changed to surprise and joy. Then, she became extremely excited and said in a choked voice, "Zhou Hao, is that you? is that really you?"

As she spoke, Jonina suddenly stood up and hugged Zhou Hao tightly.

Zhou Hao's face turned red and he quickly comforted her, "It's me, it's me. Don't worry, I've brought the Milky Way star back. "

"That's good ..."

When Jonina heard that Zhou Hao had already obtained the Milky Way star, her face lit up with joy. She then said excitedly, "It's good that you got it. Zhou Hao, you're really good. You even managed to defeat the mutated black bear."

Jonina was immersed in her excitement. For a moment, she had actually forgotten about her sorry state.

"Right, where's Xiao Hui?"

Zhou Hao looked around and did not see the gray-haired man. He could not help but ask, "And why are you here? why are you in such a sorry state?"

After saying this short sentence, Jonina's expression immediately became nervous and uneasy.

She grabbed Zhou Hao's arm anxiously and said, "Not good, something has happened, something big has happened!"

"Xiao Hui was taken away by that group of people. They know that you went to find Milky Way star, so they captured us on purpose and wanted to use us to threaten you."

“It’s Xiao Hui. He gave himself up and led them to the Flying Ship in exchange for them to let me go ...”

As Jonina spoke, the tears on her face rolled down her face. She looked extremely aggrieved and panicked, and she could not even speak properly.

After hearing these words, Zhou Hao’s expression suddenly became extremely serious.

His eyes were filled with solemnness. Then, he slowly opened his mouth and said, word by word, “It seems that this group of people has already planned it out. They are the Mantis stalking the cicada, unaware of the Oriole behind.”

“Is there any way to save him?”

Jonina’s face was filled with tears and her voice started to choke up as she asked anxiously.

“Don’t worry, I’ll find a way. ”

Zhou Hao’s eyes were filled with determination. He looked at Jonina and said, word by word, in a comforting manner, “Don’t worry, it’s not a big deal. I have a way to save him.”

“Isn’t he on the other side of the spaceship? let’s go and find him now.”

When Jonina heard this, she nodded. Her heart that was hanging in the air finally settled down.

At this moment, under Zhou Hao’s careful care, she had almost recovered. She immediately said to Zhou Hao, “Alright, let’s go and find him now!”

Looking at Qiao Nina’s anxious expression, Zhou Hao knew that she was a good girl.

Even though she had schemed against Leiting and caused its death, it was undeniable that Jonina had only done so for the sake of her people.

When he thought of this, Zhou Hao’s approval of Jonina was now much higher than before.

After all, how bad could a person who would really consider her friends and family be? everything she did was just for the sake of her friends.

At that thought, Zhou Hao immediately took out a combat suit from his inventory and handed it to Jonina.

Chapter 989 - -saving people

Chapter 989:-saving people

“Thank you ...”

“Thank you,” Jonina said as she looked at Zhou Hao gratefully.

She took out her space tent and walked in. She changed her clothes and packed her things. She said to Zhou Hao, “Let’s go, we’ll go to the ship to save Xiao Hui.”

“Leave the forbidden area first and wait for me on the ship. This is the password to the ship.”

Zhou Hao passed the Pathfinder to Jonina and told her the password to activate the spaceship. He then instructed her in a serious tone, “No matter what you encounter, stay in the ship and don’t come out.”

“No, I can’t let you put yourself in danger!”

Jonina’s entire body trembled as she clutched onto Zhou Hao’s arm tightly. She said in an extremely serious tone, “Since we’re friends and partners, I can’t just leave you here.”

Jonina was already extremely afraid. The friend beside her had suddenly disappeared in front of her. Thus, she was not willing to leave this place alone. This was her last insistence.

Seeing how insistent Jonina was, Zhou Hao didn’t say anything more. He nodded and said in an extremely serious tone, “Okay, then let’s go together.”

Since they had already obtained the Milky Way star, all the magnetic fields had returned to normal.

Zhou Hao and Jonina followed the instructions on the communication device and quickly found the location of the spaceship that they were on.

When they arrived at the entrance of the spaceship, they heard a heart-wrenching scream from inside the spaceship.

When Jonina and Zhou Hao heard the voice, they could not help but look at each other in shock.

Then, the two of them quickly ran to the door of the spaceship and rushed in without a word.

However, the next second, they saw the gray-haired man covered in blood. He stumbled and opened the cabin door, falling out of it.

Zhou Hao's face turned anxious when he saw this. He immediately strode toward Zhou Hao's position.

"Xiao Hui, Xiao Hui, are you okay?"

When the gray-haired man heard Zhou Hao's familiar voice, his face lit up with joy. Then, he grabbed Zhou Hao's arm excitedly and started to sob.

"Boss, you've come to save me. That's great ..."

"But it's okay. I've already dealt with that group of people. I took them to the barrier from before. The high voltage has already electrocuted them into a pile of charcoal!"

The gray-haired man's body trembled, and he looked like he was in a sorry state. Zhou Hao could not bear to see this.

Although the gray-haired man's loyalty to her was entirely due to the beast bracelet, after such a long time together, they had gradually become familiar with each other.

Now that he saw the gray-haired man who had lured this group of people away in order to help them and ended up in such a miserable state, he was truly moved.

"It's good that you're fine. "

As Zhou Hao spoke, he took out a pill from his storage space and handed it to the gray-haired man.

"Take this pill, and your physical condition will recover a little better."

The gray-haired man had unconditional trust in Zhou Hao. Now that Zhou Hao had given him the pill, he immediately took it without hesitation, threw it into his mouth, and chewed it.

Soon, the injuries on the gray-haired man's body recovered at a speed that was visible to the naked eye.

When Zhou Hao saw that the gray-haired man had almost recovered, he smiled and nodded. "It's a good thing you're still smart. Otherwise, if you lose your life because of this, I'm afraid I'll blame myself for the rest of my life. "

Hearing Zhou Hao's words, the gray-haired man laughed in embarrassment. Then, he immediately said anxiously, "Boss, I'm completely loyal to you. No matter what I do, it's all of my own free will!"

Just as the three of them were conversing, an extremely violent tremor suddenly came from beneath their feet!

Everyone's expression changed. Zhou Hao, who was the leader, was the first to react. When he realized that something was wrong, he quickly said in an extremely serious tone, "Not good, there's danger. We have to leave this place as soon as possible!"

However, just as Zhou Hao's words left his mouth, he immediately felt the spaceship under their feet floating up!

When she noticed that something was wrong, Jonina, who was standing closest to the door, was the first to notice the abnormality of the spaceship!

She looked out of the window and said in shock, "Oh no, the spaceship actually started!"

"Hurry up and get down!"

Facing the unknown, everyone's uneasiness and fear were very normal.

Everyone immediately rushed to the door and prepared to jump off the spaceship. However, when they reached the door, they were shocked to find that they had no way to open the door of the spaceship!

At the sight of this scene, everyone's faces changed!

Jonina's eyes were filled with disbelief. She couldn't help but open her mouth in shock and asked hesitantly, "Why is the door locked? it can't be opened!"

When the gray-haired man heard this, he couldn't help but ask hesitantly, "Let me give it a try. Could it be due to miss Qiao's lack of strength?"

As the gray-haired man spoke, he immediately strode towards the cabin door. However, no matter how hard he tried, the cabin door did not change at all. There was no way to open it!

The gray-haired man was completely flustered when he saw this.

He couldn't help but look at Zhou Hao nervously. Then, he began to stutter.

"B-boss, bad news, something big has happened!"

Zhou Hao's face turned dark when he heard what the man said.

He couldn't help but take out the Milky Way star from his storage space and said hesitantly, "Do you guys think it's because we got the Milky Way star?"

"What do you mean?"

The gray-haired man and Jonina could not help but look at Zhou Hao with curiosity after hearing what he said. They asked in confusion.

Zhou Hao pondered for a moment, then slowly said, "Because Milky Way star is an energy source that contains a huge amount of energy. The reason why this spaceship fell in the forbidden area must be because it lost its energy source here."

"So I guess that this Milky Way star itself is the power source of this spaceship, and it's the powerful energy that can power this spaceship!"

Chapter 990 - -alternate world

Chapter 990:-alternate world

After he said this, the gray-haired man and Jonina's expressions changed.

They looked at each other and felt that Zhou Hao's words were right. They nodded in agreement and said, "I think Mr. Zhou is right!"

Jonina's expression was extremely serious. She glanced indifferently at the Flying Ship that was rising and said, "But with such powerful energy, where will it take us if it's activated ..."

After hearing Jonina's words, the three of them instantly fell silent.

They looked at each other and couldn't help but shake their heads. With a serious look in their eyes, they said, "Where to ... That's still an unknown."

"Is there no way for us to leave this spaceship?"

The gray-haired man's face was filled with panic and helplessness. He immediately took out a Gatling gun from his storage dimension and fired at the hatch, but it was still useless.

This flying ship was as sturdy as iron to them. There was no way they could break it and leave.

When they realized this, their faces were filled with anxiety and despair.

It was still unknown where this flying ship was taking them.

If they were to go to a dangerous place, wouldn't they all be finished?

After an unknown period of time, the three of them, who were highly nervous, finally couldn't hold on any longer. They laid on the ground in a daze and fell asleep from exhaustion.

When he opened his eyes again, he realized that the Flying Ship was already parked outside.

Zhou Hao stretched his back and yawned. He was about to wake Jonina and the gray-haired man up, but when he opened his eyes, he saw that Jonina and the gray-haired man had disappeared. In their place was a white, furry little fox, lying beside him.

There was also a Grey Wolf that was lying by his feet, fast asleep.

When he saw this scene, Zhou Hao was shocked. He quickly got up to look for the two, but when he stood up and saw his own figure reflected through the cabin door, his face suddenly became stunned!

He saw his own appearance reflected in the cabin door. It was actually an extremely large Tiger!

When he saw this, Zhou Hao's face froze. He looked at himself in shock and said, "How ... How did this happen?"

He had turned into a huge Tiger!

Zhou Hao was stunned and did not come back to his senses for a long time. He did not expect that he would encounter such a thing. It was simply unbelievable!

Zhou Hao even suspected that he was still in a dream and had not woken up yet.

It couldn't help but lower its head and look at itself. When it saw its furry legs and the lines on its fur, it was so shocked that it couldn't come back to its senses for a long time.

He had just taken a nap on the spaceship. Why did it become like he was fighting a Tiger? what was going on?

While Zhou Hao was still in shock, the little white fox and the wolf who were sleeping opposite him opened their eyes in a daze.

Their faces were still drowsy at first, but when they saw Zhou Hao standing in front of them, they were so frightened that they opened their eyes abruptly, and their faces changed!

“What the f * ck is this thing!”

The Jackal looked at Zhou Hao in shock. It drooped its ears in fear. Its eyes were filled with panic and fear. It subconsciously wanted to run away in panic.

However, when Zhou Hao heard the familiar voice of the gray-haired man coming from the Jackal’s mouth, he quickly tried to stop him, “Little grey, it’s me!”

When the Jackal heard Zhou Hao’s voice, it couldn’t help but be stunned. Then, it turned its head around in shock and looked at Zhou Hao in front of it. It couldn’t help but carefully size him up and said in disbelief, “You ... You’re ... Boss?”

“It’s me. ”

Zhou Hao’s huge tiger head nodded and then said gloomily, “I don’t know why I became like this either. I just fell asleep, and when I woke up, I was already like this.”

When the little white fox heard what the two of them said, she could not help but say in shock, “You two ... Are Zhou Hao and Xiao Hui?”

Zhou Hao and the Jackal looked in the direction of the sound, and when they saw the white fox, their faces immediately showed some hesitation. They couldn’t help but ask in surprise, “Are you miss Jonina?”

“Mm ...”

Jonina nodded her furry head and raised her claws. She took a look and could not help but say in shock, “Why did I become like this? I seem to have become a Fox ...”

“That’s right. ”

Zhou Hao nodded and said helplessly, “It seems that there must be a magnetic field on this spaceship that can cause people to mutate, which is why we are like this.”

After Zhou Hao finished speaking, he looked outside the cabin. When he saw the scenery outside, he couldn’t help but say in shock, “We seem to have landed on a planet.”

“Really? let me see.”

When the white fox Jonina and the wolf-like gray-haired man heard this voice, a hint of doubt flashed across their faces. Then, they said with confusion, "This place ... Why does it look so similar to Earth Star?"

"Yeah, I think so too ..."

After Zhou Hao heard what Jonina said, he couldn't help but nod. Then, with a look of hesitation in his eyes, he said, "I suspect that this spaceship brought us here on purpose."

"Wait a minute ... Something's not right here!"

The gray-haired man glanced around and said with shock, "This doesn't seem to be earth. It's the planet with more advanced technology than us by 10000 years!"

When he realized this, Zhou Hao's face suddenly turned blank. He looked around and nodded, "You're right, this might really be the final destination of this spaceship!"

"Now that we've become animals, what should we do ..."

The gray-haired man couldn't help but anxiously say, "That's not right. We probably didn't turn into animals. We've mutated. This is still the world of beasts."

Chapter 991 - new world

Chapter 991:-new world

Facing the nervous Jonina and the gray-haired man, Zhou Hao tried his best to calm himself down. He then said word by word, "We still don't unknown much about this place. We still need to explore."

"But don't worry, I believe that we can find a way to leave this place."

As Zhou Hao spoke, he turned around and prepared to go into the cabin of the spaceship to operate it and leave this place.

However, as soon as he reached the control room of the spaceship, he felt an endless pressure in the next second. It whistled and filled the air, making Zhou Hao unable to breathe!

Zhou Hao's expression turned ugly when he realized that something was wrong.

He glanced around and saw countless people in combat suits in the distance. They were quickly heading toward the spaceship and surrounding it.

Zhou Hao was shocked. He subconsciously said to Jonina and the gray-haired man, "Run, someone's coming!"

After hearing this, the gray-haired man and Jonina immediately opened the cabin door and ran out.

Because they had now transformed into animals, their speed was much faster than before, and their movements had become more sensitive. Not only that, but their running speed had also reached an extremely fast realm!

Jonina, who saw this, could not help but feel surprised and delighted. This could be considered a blessing in disguise.

Soon, the three of them escaped from the spaceship and quickly rushed to a mountain in the distance.

Even so, the situation they were facing now was not very optimistic.

After all, they had arrived on this planet after they had arrived. Therefore, they were still not familiar with everything here.

As soon as they arrived at the foot of the mountain, Zhou Hao discovered that there were more than a dozen mutated beasts on the mountain. Each of them was well-built and looked very fierce, as if they could not wait to destroy everything around them!

Zhou Hao's face was filled with doubt, and his eyes were filled with surprise as he looked at the mutated beasts. He couldn't help but ask hesitantly, "Why are these mutated beasts gathered here?"

Jonina, who was beside him, could not help but shake her head and say, "This place seems to be very attractive to them!"

"I know the reason."

The gray-haired man who had turned into a Wolf glanced around vigilantly. Then, he said with a serious look, "Because these mutated beasts knew that there was a treasure on this mountain!"

After hearing this, both Jonina and Zhou Hao had a confused look on their faces.

They looked at Jonina in confusion and could not help but ask hesitantly, "What treasure?"

The gray-haired man raised his nose and sniffed the sky. Then, he chuckled and said, "I didn't expect that my nose would one day be of such use."

"My sense of smell is especially sharp now. I can smell a strange smell permeating the entire mountain. This smell is very attractive to mutated beasts, as if it can make them even more powerful!"

"In other words, as long as we can get this Treasure on the Mountain top, we can level up and become more powerful than them!"

The gray-haired man's words were said with great confidence and certainty.

Zhou Hao, who was standing at the side, suddenly realized that something was wrong after hearing the gray-haired man's words.

That was, his current level was no longer at the fifth stage martial Saint realm.

After coming to this planet and becoming a Tiger, his cultivation and realm had also begun to change.

It seemed like it was going to start all over again.

However, even if Zhou Hao had to start all over again, he was still much stronger than Jonina and the gray-haired man.

"Boss, I just found an electronic communication device on the spaceship. It might be of use to us!"

The gray-haired man, Jonina, and Zhou Hao hid in a safe corner. Then, they looked at Zhou Hao anxiously and waved the communication device in their hands.

Zhou Hao immediately caught it with his claws and searched it. He soon found the information about the planet.

"This planet is called planet kaplephintis. It's a replica of the planet we used to live on."

Zhou Hao looked at the information and said in a serious tone, "This place started mutating as early as half a year ago. Now, the mutated beasts are crazily wreaking havoc in the cities of planet kapple finitiz, devouring the people of kapple, as well as mutated beasts of lower levels, and then increasing their own realm and strength."

“This planet’s evaluation of strength levels range from SSS to F. SSS-rank mutated beasts are the strongest on this planet, and F-rank is the lowest-ranked mutated beast in the world.”

When Zhou Hao saw the information recorded on the communication device, he couldn’t help but frown as he looked into the distance. He said in a serious tone, “I can clearly sense that the group of mutated beasts at the foot of the mountain are of the lowest F-grade.”

After hearing Zhou Hao’s words, Jonina and the gray-haired man could not help but nod.

The two of them had already turned into exotic beasts, so it was impossible to tell if their expressions were happy or sad. One could only see their current situation through their eyes.

“So, boss, you mean we ... Have to eat these exotic beasts?”

At this moment, the wolf-shaped man with gray hair could not help but swallow a mouthful of saliva. Then, his eyes were filled with anxiety and uneasiness as he looked at Zhou Hao in front of him and said nervously, “I’ve never thought of eating a mutated beast before ...”

Zhou Hao could not help but smile helplessly. He shook his head and said, “Don’t even mention you, I’ve never thought about it either. ”

“Wait a minute, the devouring you guys were talking about ... Is ... Is eating the mutated beast?”

Jonina, who was in her white fox form, also had an anxious expression on her face. She could not help but anxiously say, “I won’t eat mutated beasts. Even if I’m eaten by them, I won’t do that!”

Jonina, who was in her white fox form, made a solemn vow. Her eyes were filled with anxiety as she spoke.

Zhou Hao didn’t explain anything. He just smiled and said, “It’s okay. You don’t need to increase your strength. I can protect you. ”

Chapter 992 - Planet kapple finitiz

Chapter 992: Planet kapple finitiz

"After all, my strength is considered D-class on this planet kapple finitiz. Those mutated beasts at the foot of the mountain are all the lowest F-Class. There's nothing to fear."

Zhou Hao smiled, his face was full of indifference, he did not think too much about it.

For some unknown reason, it seemed that they had instantly adapted to everything here after arriving on planet kapple finitiz. It was as if they were people of this place, and could easily distinguish their strength from the strength of the exotic beasts on the other side.

Zhou Hao could also easily sense the strength of all the mutated beasts around him based on their auras.

However, he wasn't sure how he had become so powerful from the beginning.

Could it be that he had mutated from the void behemoth to begin with, and so after coming to this planet, it was considered a buff for him?

No matter how much he thought about it, Zhou Hao still could not figure out what was going on.

However, he didn't plan to think too much about it. Instead, he smiled and slowly said, "Since we're already here, let's take things as they come. We need to get used to this place as soon as possible so that we can find a better way to leave this place."

When the gray-haired man and Jonina heard these words, they could not help but be surprised.

The two of them looked at each other, their expressions extremely puzzled.

"Zhou Hao, why is your strength so much higher than ours? what's going on?"

"That's right, boss. Why is it that you're a D-rank while we're only the lowest F-rank? isn't this a little too unfair?"

Although the gray-haired man was extremely loyal to Zhou Hao, he could not help but ask in surprise.

"Haha, maybe it's because I'm more handsome."

Zhou Hao laughed it off, causing Jonina to roll her eyes.

She couldn't help but say in disdain, "Zhou Hao, you're the only one who's so narcissistic. Look at you now. You're just like a tiger. What's so cool about you?"

This short sentence seemed to have opened up a new discovery for Jonina. She could not help but ask in surprise and confusion, "But why are we all in different forms? you're a Tiger, I'm a Fox, and Xiao Hui is a Jackal. What's going on?"

"That's right, boss. I've actually turned into a Wolf now. This is simply a hindrance to my handsome face."

The gray-haired man couldn't help but criticize in his mind.

"I just saw it on the communication device. The changes in your body are based on the potential eruption of your abilities. You are currently at the lowest level and have not activated your abilities yet."

After he said that, Jonina and the gray-haired man's eyes flashed with surprise.

They couldn't help but look at each other. Then, with hesitation in their eyes, they said, "Boss, what do you mean by special ability?"

After hearing the gray-haired man's question, Zhou Hao's face showed a smile of understanding.

He smiled and slowly said, "It's actually very simple. It's the ability an Ultra Beast has when it attacks. I'll give you the simplest example. The fire Dragon can breathe fire, which is actually its ability."

After that short sentence, the two of them immediately understood what Zhou Hao meant by 'special ability'.

The two of them could not help but look at Zhou Hao in unison. Immediately after, Jonina's eyes were filled with hesitation as she asked, "Zhou Hao, what is your ability?"

Zhou Hao smiled and raised his eyebrows, "I can also breathe fire."

After he said that, the gray-haired man and Jonina were both surprised.

Their eyes were filled with shock. They could not help but look at Zhou Hao hesitantly and asked, "Breathe fire?"

"Boss, are you for real?"

The gray-haired man asked in confusion. He couldn't help but ask, "Then why don't you spit one for us to see!"

"That's right, Zhou Hao. You don't have any proof. We don't believe that you're just bragging."

Jonina's face was also filled with surprise. She could not help but ask hesitantly.

After hearing these words, Zhou Hao's eyes were filled with smiles as he slowly opened his mouth and said, "It's simple. Do you guys see that giant tree over there?"

After he said that, both Jonina and the gray-haired man were stunned. They could not help but look in the direction that Zhou Hao was looking at. As expected, they saw a scene that shocked them!

Zhou Hao spat out a ball of scorching flames from his mouth and it flew toward the huge tree in the distance. It hit the tree with a 'poof' and in the next second, the tree was set on fire!

When they saw this, Jonina and the gray-haired man's faces were filled with shock!

They had not expected Zhou Hao to be so powerful.

Zhou Hao smiled and slowly said, "Alright, let's go. We'll go and exterminate those exotic beasts in the distance and take over the mountain as Kings. At that time, those treasures that can increase our strength in the mountain will be ours."

Zhou Hao's eyes were like torches, full of seriousness. His breathing was a little urgent as he said seriously, "We need to increase our strength as soon as possible. Then, we might have a way to leave this place."

Jonina was the one who was most anxious to leave this place.

After all, they finally got the Milky Way star, and her purpose of getting the star was to return to planet mandaronina and save her people.

But now, they had actually come to this spaceship, to this planet, and everything was starting over again. It was definitely not a good thing.

When she thought about this, Jonina could only shake her head gloomily and sigh helplessly. After all, they could only plan for the long term. Now that such a thing had happened, it was not something that they could have imagined.

Jonina retracted her thoughts and followed the gray-haired man and Zhou Hao. They walked towards the mountain in the distance, one step at a time.

After reaching the foot of the mountain, Zhou Hao saw over twenty F-Class mutated beasts in the distance, staring at the top of the mountain like tigers watching their prey.

- Chapter 993 - -battle at the top of the mountain

Chapter 993 - -battle at the top of the mountain

Chapter 993:-battle at the top of the mountain

“Boss, is it because we’ve become mutated beasts now, so our perception of the surrounding environment is sharper than ordinary people?”

As the gray-haired man approached the foot of the mountain, he could not help but say hesitantly, “I smell a special spiritual Qi. This spiritual Qi seems to be able to help us improve our own level, don’t you think so?”

“You’re right. ”

Zhou Hao nodded and slowly raised his head. He looked at the mountain peak in the distance with a serious expression. Then, he said word by word, “However, this matter should be a little tricky to handle.”

After Zhou Hao finished speaking, a trace of anxiety flashed across his face. He couldn’t help but ask in confusion, “Let’s go and see what’s going on. ”

After saying this short sentence, Zhou Hao’s face immediately showed a hint of hesitation.

He first scanned the exotic beasts around him, then turned back to Jonina and the gray-haired man, saying word by word, “You guys hide your information first. We’ll talk after we take a look at the mutated beasts around us.”

This time, the situation was different from their previous battles.

Now, they were fighting the group of mutated beasts in their beast forms.

However, there was actually nothing to fear. After all, this group of exotic beasts was only at F-Class. Now that Zhou Hao’s mutated Giant Tiger form had reached D-class, dealing with these low-level mutated exotic beasts was actually very easy.

Zhou Hao only needed one swipe of his claws to tear them into pieces.

Zhou Hao smiled and looked at Jonina and the gray-haired man. He said, "Actually, you don't have to worry too much. After all, you still have me, who is so powerful, by your side."

"If I wanted to deal with these low-level mutated beasts, wouldn't it be a piece of cake? I don't need any help at all."

Zhou Hao's words were said calmly and firmly.

However, Jonina could not help but hesitate. She looked at Zhou Hao in confusion and asked, "Zhou Hao, where did you get your confidence from?"

Zhou Hao's expression became even more smug after he said that.

He laughed and waved his claws, saying proudly, "You'll know when you see it. "

"Hey, hey, hey, don't go over yet!"

When she saw that Zhou Hao was about to rush over, Jonina immediately used her small and soft body to block Zhou Hao's path. She then said in an extremely urgent tone, "Stop right there, I have something to tell you!"

After hearing this, Zhou Hao immediately asked in confusion, "What's wrong? is there anything else?"

A hint of hesitation and anxiety flashed across Jonina's face. Then, she slowly opened her mouth and said, "Zhou Hao, I don't think we should go there so quickly. There might still be many mutated beasts lurking around."

"Let's first carefully investigate the surrounding situation before making a decision, how about it?"

After hearing Jonina's words, Zhou Hao nodded and said in a very serious tone, "You're right. We shouldn't just go over like this. "

After Zhou Hao calmed down, he slowly said, "Then let's walk slowly to the top of the mountain and see what's going on. We'll make plans later."

After saying this, Jonina and the gray-haired man immediately walked into the distance.

The three 'strange beasts' concealed their auras and quickly advanced towards the top of the mountain without a sound.

However, the auras of these mutated beasts weren't that strong. Zhou Hao could easily get rid of them.

Moreover, F-Class exotic beasts actually had their own judgment and standards. They also knew what they wanted, and whether they would get hurt if they acted rashly.

As such, these exotic beasts weren't that stupid. They knew how to judge the situation, and what they should and shouldn't do.

However, there were also some unreasonable mutated beasts who liked to act rashly, not caring about anything else.

For example, there was a mutated rhinoceros-like exotic beast in the distance, breathing out air from its nose. It was rapidly pouncing toward the position of a mutated Lynx-like exotic beast in the distance!

Aowuwu!

The mutated rhinoceros beast was still spewing air from its mouth as it chased after the mutated Lynx beast at an extremely fast speed. It knocked over a few huge trees, then fell heavily to the ground and rolled a few times.

The mutated Lynx was shocked. It didn't expect that something would suddenly attack it. It didn't have time to react and immediately ran away, planning to leave this place.

"It seems like the beasts here are actually quite powerful."

Zhou Hao's gaze turned sharp. He chuckled and said, "I feel that the strength of this mutated rhinoceros is not bad, and it's very powerful!"

Zhou Hao squinted his eyes, his gaze filled with fierceness. He simply judged from the power that had just erupted, "This mutated rhinoceros beast's strength should have already reached F-Class. It's indeed extraordinary!"

Zhou Hao took a deep breath, then looked at the mutated rhinoceros in the distance again. He said in surprise, "I can tell what level it's at. It's F-Class now, so it's not ordinary."

Zhou Hao couldn't help but take a deep breath and look up at the top of the mountain. The next second, he couldn't help but sigh, "The aura on the mountain peak is very dense and spiritual energy is everywhere. It should contain extremely powerful spiritual energy fruits. If we go over now and eat the spiritual energy fruits, our strength will increase by at least one level."

After Zhou Hao finished speaking, Jonina and the gray-haired man's faces instantly revealed a hint of joy.

Immediately after, the three of them quickly made their way up the mountain.

Little did they know that just as the three of them were hurrying towards the top of the mountain, danger was gradually spreading towards them.

.....

At the same time, in a mysterious laboratory on planet kaplephintis.

An elderly man looked at the people standing in front of him with a serious expression and said, "This time, the spiritual Qi is everywhere because of the spiritual Qi fruit on Mount Kunlun."

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 994 - Spirit Qi fruit

Chapter 994: Spirit Qi fruit

After he said this, the three men standing opposite the old man immediately looked extremely surprised.

They looked at each other and couldn't help but ask hesitantly, "Spiritual fruit?"

"What's this? we're on planet oplephintis, do we even have this kind of thing?"

After hearing these words, the old man's face immediately became extremely serious and solemn.

"That's right. Life on our planet kample finitiz was originally extremely peaceful. However, since half a year ago, the planet was filled with such a powerful spiritual energy, and the animals on our planet began to mutate. "

The more the old man spoke, the more serious his expression became.

After a moment of silence, he said in a serious tone, "I've been studying this matter all this time. Now, I've finally found out what is causing the animals to mutate collectively."

"Now, the spiritual Qi on Mount Kunlun is extremely powerful. It's filled with a very powerful aura everywhere. So it's caused by this spiritual fruit."

“Now, mutated beasts are looking everywhere for ways to make themselves more powerful, which is to absorb more spiritual energy to make themselves stronger. This is also why they suddenly gathered at Mount Kunlun.”

The old man’s expression was extremely serious. He suppressed the solemnness in his heart and slowly said with a firm tone, “What we need to do now is to get the spiritual fruit from the mutated beasts as soon as possible and stop them from using it to evolve themselves.”

The old man’s tone was extremely solemn. He glanced at the surrounding people and then slowly said in a serious tone, “I’ve been paying attention to the berserk beasts all this time, so I’ve also studied the rules of their mutation.”

“Although the people on our planet aren’t as sensitive to spirit Qi as the exotic beasts, we can make use of our technological advantages to attack the exotic beasts first. This way, we can stop them from looking for the spirit fruit.”

After hearing these words, the few people present immediately became extremely serious.

They looked at each other and then said word by word, “Okay, leader, we will do our best to grab the spiritual fruit on Kunlun Mountain!”

After the old man heard this, his face was full of relief.

He smiled and said, “You must be very careful on this trip. After all, many mutant beasts are going to fight for the spiritual fruits on Mount Kunlun.”

“This trip to Mount Kunlun will be extremely dangerous. After all, the terrain of Mount Kunlun is extremely complicated. It is far more dangerous than we imagined.” Jiang Chen said.

“I only sent the three of you this time. I didn’t bring too many people because I thought that although you have fewer people, you’re still an elite force. It won’t be difficult to deal with this group of exotic beasts.”

After hearing the old man’s words, the group’s faces turned serious. They nodded and said in an extremely urgent tone, “I know, I promise to complete the task!”

With just a few words, everyone’s faces were filled with determination, as if they were already certain that they would be able to get this matter done!

The old man’s face looked extremely serious. After a moment of silence, he slowly said, “This time, I’ve prepared the Super weapon that we’ve just developed.”

The old man said as he opened the box on the table in front of him. There were all kinds of weapons inside.

The three of them immediately took a step forward and selected the weapons they wanted, then quickly retreated.

“A helicopter is ready outside the yard. You can leave for Mount Kunlun at any time.”

“Yes, we’re ready!”

The three of them immediately nodded in unison. Then, they picked up their weapons and quickly ran outside.

.....

At the same time, Zhou Hao had already led Qiao Nina and the gray-haired man toward Mount Kunlun.

“I didn’t expect this mountain to have such a divine weapon, a pond, and a fruit tree.”

There was a small pond on Mount Kunlun that was big enough to hold three mutated Tigers of his size. The pond was filled with extremely powerful spiritual energy. Not only that, but there was also a fruit tree next to it with a few red fruits on it.

The fruit looked like it was ripened, but there were a few places that were slightly green.

The fruit was ripening at a speed visible to the naked eye, and the surrounding spiritual energy was also gradually becoming richer as the fruit ripened.

When he saw this, the gray-haired man at the side couldn’t help but lick his lips and say, “Boss, the fruits on this tree are so fragrant.”

“Yup, the smell of this fruit is really alluring. Is it because I haven’t eaten for a long time? why do I feel that this fruit is so fragrant?”

Jonina couldn’t help but gulp. A hint of anxiety flashed across her face as she spoke hesitantly.

“That’s because your identities have changed. This fruit contains a very strong spiritual energy, which is very attractive to us, who have become mutated beasts.”

“Because if we eat the fruit that contains spiritual energy, our cultivation will increase, but it’s not yet time for the spiritual energy fruit to ripen. When it’s completely ripened, I’m afraid you will definitely lose control and want to go over and eat the fruit.”

Zhou Hao smiled and said, ""But we can't go there yet, because many mutated beasts are heading this way."

"We can wait here for a while. When the mutated beasts fighting for the territory are in a fierce battle, we'll go over and catch them like a turtle in a jar. Wouldn't that be easier?"

After hearing Zhou Hao's words, Jonina and the gray-haired man looked at each other and then nodded, expressing their agreement.

Very quickly, the three of them hid in a corner, waiting for the mutated beasts to charge up and take advantage of the situation.

Chapter 995 - Sensing danger

Chapter 995: Sensing danger

"It seems that the spiritual fruit will ripen in half an hour."

Zhou Hao stared at the fruit on the tree, which was gradually turning red, with a look of anticipation on his face.

Very quickly, Zhou Hao could smell a sense of danger in the air.

He squinted his eyes and scanned the surroundings. Then, he said with a serious look, ""There are mutated beasts coming."

When the gray-haired man and Jonina heard this, they could not help but look at each other. They glanced at each other, and a look of disbelief flashed across their faces. They asked in surprise, ""A mutated beast is approaching?"

"Why can't I sense anything at all, boss? is my nose not working?"

The gray-haired man had a helpless look on his face. He couldn't help but carefully sniff the air, but he couldn't smell anything at all. His expression gradually became nervous and helpless.

"Your levels are very low, so it's actually very normal that you can't detect the aura of the mutated beasts that have already hidden in the surroundings. But don't worry, this matter is easy to solve."

A faint smile appeared on Zhou Hao's face. He pointed at a few mutated beasts sneakily climbing up the mountainside in the distance, chuckling, "See that? let's kill them first and then eat them. Your levels will increase after that."

After hearing these words, the gray-haired man and Jonina could not help but feel a chill run down their backs.

"Eat it?"

"Boss, you're not saying we should just skin these mutated beasts alive, are you? we're humans ..."

The gray-haired man couldn't help but gulp. He looked at the mutated beasts in front of him with fear and trepidation. He was so nervous that his scalp started to go numb.

"That's right. Don't tell me you think we can set up an oven and cook the meat?"

Zhou Hao couldn't help but criticize him in his heart. At this moment, after coming to this planet, when he found out that he could only level up and increase his strength by devouring other mutated beasts, he actually didn't feel much.

After all, when he was a void beast, he had devoured quite a number of mutated beasts. In fact, Zhou Hao had long overcome his psychological barrier and did not take it seriously at all.

Now, when he saw the gray-haired man and Jonina's pained expressions, he instantly felt that it was especially funny.

Soon, the mutated beasts in the distance were chasing after the spiritual fruits on the giant tree.

To them, the temptation of these spiritual fruits was so strong that they could not resist it at all.

"Hehe, go. The more you go, the better. It's best if you all go. At that time, we can just sit back and reap the benefits."

Zhou Hao smiled slightly, looking at the mutated beasts that were approaching the spirit fruit, but he didn't look anxious at all.

Even if the spirit Qi fruit had ripened, he did not seem to be worried at all. As long as it was under his eyes, he had the confidence to hold on to it firmly and would never let anyone take away what he wanted.

Boss, I think there's more than that on this mountain. There must be other mutated beasts hiding in the surroundings, observing the situation in the dark like us. "

The grey-haired man in the form of a Jackal looked around him with a vigilant look on his face. He could not help but look around nervously, and his tone of voice began to stutter.

“That’s right. And I think that there might be danger in that mountain spring!”

After Jonina heard the grey-haired man’s words, she couldn’t help but squint her eyes and stare at the small pond under the huge tree with the fruit of spiritual energy in the distance as she said nervously.

Zhou Hao narrowed his eyes and glanced at the small pond in the distance. Then, he slowly said, “You’re right. The Qi in the spring is indeed a little strange.”

“However, water can hide one’s aura. Right now, we have no way to determine whether there is any danger in the small pond. We can only wait and see.”

“Boss, someone’s here!”

The gray-haired man suddenly pointed into the distance and said anxiously. Zhou Hao looked in the direction the gray-haired man was pointing. As expected, he saw the mutant rhinoceros beast from before, quickly chasing in the direction of the spiritual fruit.

Behind it was a huge mutated pheasant.

The mutated pheasant was extremely fast. It arrived in front of the mutated rhinoceros in an instant, overtaking it.

The mutated rhinoceros beast was not to be outdone, either. It directly charged at the mutated pheasant beast’s butt, slamming it hard!

A miserable cry came from the mutated pheasant’s mouth. After that, the mutated pheasant was knocked down and fell to the ground. It spat out a large mouthful of Scarlet blood, looking very miserable.

The mutated Rhino’s claws and fangs were extremely sharp. They were long and pointed, and they shone with a cold light. They pierced through the mutated pheasant’s body, making it look extremely miserable.

“Giggle!”

A mournful wail came from the mutated pheasant’s mouth. It flapped its wings with all its might, trying to stand up from the ground, but it couldn’t muster any strength at all!

Blood was still flowing out of its wound, making it look extremely miserable.

A hint of ruthlessness flashed in the eyes of the mutated rhinoceros beast. It seemed to hate the pheasant beast's entanglement. It suddenly pounced forward and bit the pheasant beast's neck.

The teeth of the mutated rhinoceros were extremely sharp. It instantly bit through the mutated pheasant's neck. Blood gushed out. The mutated pheasant struggled a few times, but in the end, it didn't struggle. Its neck tilted and it died.

The mutated rhinoceros beast didn't hold back at all. It directly bit off the mutated pheasant beast's head and began to devour it. It ate it with great relish, and the gray-haired man couldn't help but swallow a mouthful of saliva.

Chapter 996 - -killing the same kind

Chapter 996:-killing the same kind

After realizing his change, the gray-haired man's expression suddenly changed. He then said in shock, "F * ck ... Why do I feel that the food this mutated rhinoceros beast is eating is so fragrant?!"

"Also, the smell of blood in the air seems to have become sweet. Did I really turn into an animal ..."

The gray-haired man swallowed a mouthful of saliva with great difficulty, as if he could not believe what he had just seen!

Jonina, who was at the side, could not help but start to panic.

She raised her head slowly and nervously, looking at the mutated rhinoceros in the distance. She couldn't help but say hesitantly, "It's probably because of our current mutation that these things have a great impact on us."

Just as the gray-haired man and Jonina were talking, another wave of tremors came from the ground in the distance!

Zhou Hao, the gray-haired man, and Jonina's expressions immediately turned serious. They turned in unison towards the direction of the sound and saw a shocking scene in the distance.

He saw countless mutated beasts, smelling the blood of the mutated pheasant, quickly rushing toward him!

The strong smell of blood seemed to have triggered the bloodthirsty and ruthless character hidden in their bodies!

“Aohhhhhhhhhhhhhhhhhhhhh!”

Countless mutated beasts roared as they fought with the other mutated beasts around them. They stepped on the blood on the ground, planning to come to the top of the mountain and fight for the spiritual fruit.

Not long after, the mountainside was filled with large patches of blood. It looked extremely shocking and shocking!

“It seems that these mutated beasts can’t stand the smell of blood. The mutated pheasant that was just eaten attracted so many of its kind here, and it’s already a mountain of corpses and a sea of blood.”

Zhou Hao couldn’t help but start to analyze. At this time, he suddenly noticed something!

That was, Qiao Nina and Zhou Hao, who were standing beside her, could not help but start to swallow their saliva.

Their eyes were staring straight at the dead mutated beasts in the distance, as if these dead mutated beasts were some extremely delicious food!

Seeing this scene, Zhou Hao couldn’t help but chuckle. Then, he slowly opened his mouth and said, “Hehe, looks like you guys don’t need to overcome your mental defenses. You guys already can’t control yourselves from wanting to go over and eat, right?”

When Jonina realized this, her expression changed!

Even she herself did not realize that she had actually experienced such a huge change in her heart!

In that instant, Jonina was so nervous that she swallowed a few mouthfuls of saliva. She shook her head helplessly, trying her best to get rid of those shocking thoughts in her mind.

“No, no, no, I definitely won’t eat it. Even if I die of hunger, I won’t eat a mutated beast!”

After all, she was the princess of planet mandaronina, and she ate the best delicacies!

Now, she was forced to eat these disgusting things. Just thinking about it made her feel very unacceptable!

At this moment, another strange sound came from the foot of the mountain. In the next second, a deafening sound was heard.

“Eh? It seems like there’s another beast coming. Be careful!”

Zhou Hao scanned the foot of the mountain and immediately heard a squeaking sound that was gradually approaching!

Zhou Hao took a closer look and realized that what was rapidly approaching was actually a huge, dark green mantis-like exotic beast that was over two meters tall. It was rapidly flying in their direction!

“Why are the mutated beasts in this place all so big ...”

The gray-haired man couldn’t help but swallow a mouthful of saliva. He looked hesitantly at the mutated Mantis in the distance, asking Zhou Hao in an anxious tone, “Boss, we’re not going to lose to that mutated Mantis-like exotic beast, are we?”

After saying this, Zhou Hao’s face was filled with a cold smile.

“Hehe, it’s just an E-Class feral, there’s no need for you guys to be so afraid. It’s determined to get it, but it has forgotten that we’re the Oriole behind the Mantis stalking the cicada!”

The exotic beasts they had encountered were not of a very high level. Zhou Hao’s level was much higher than these exotic beasts, so he naturally had no fear in his heart when facing them.

Whoosh!

A whistling sound suddenly rang out in the distance. In the next second, the extremely fast mutated Mantis-like exotic beast arrived directly above the mutated rhinoceros exotic beast’s head.

It waved its sharp front claws, aiming at the head of the mutated rhinoceros beast, and ruthlessly slashed down!

The Mantis-like mutated beast’s claws were extremely sharp, like cold blades. It instantly cut off the mutated rhinoceros’s head.

“Pa da.”

The head of the mutated rhinoceros smashed into the ground and rolled away, falling off the cliff.

Immediately after, a ‘plop’ sound rang out. Scarlet blood burst out from the distance once again, directly splashing out. In the next second, the mutated rhinoceros didn’t even have the time to let out a miserable cry before it fell heavily to the ground, no longer breathing.

A look of disgust flashed across the eyes of the mutant Mantis beast. It didn’t care about eating the mutant rhinoceros beast it had just killed, and quickly flew toward the location of the spirit fruit.

The mutant Mantis beast was extremely fast. It could reach the location of the spirit fruit in less than ten seconds!

The closer it got to the spirit fruit, the more excited and expectant the eyes of the mutated Mantis beast became!

It couldn’t help but let out a burst of excited howls, and then rushed towards the fruit of spiritual energy. It felt that it would be able to get the fruit that belonged to it successfully!

However, just as the mutated Mantis-like exotic beast approached the small pool, the water suddenly exploded as if a bomb had been thrown into it. Then, a huge, pitch-black mutated crocodile beast suddenly rushed out of the small pool!

This scene instantly gave the gray-haired man and Jonina quite a fright.

This giant mutated crocodile had really hidden itself well.

Chapter 997 - Crisis in the small pond

Chapter 997: Crisis in the small pond

When Zhou Hao saw this scene, a dangerous look appeared on his face.

Fortunately, he had resisted the urge to rush over, which prevented a catastrophe.

The strength of this giant mutated crocodile was actually D-class, comparable to his own strength.

It seemed that they had indeed encountered a troublesome problem this time.

At the thought of this, a dangerous look appeared on Zhou Hao's face. He squinted his eyes and stared at the battlefield in the distance.

The giant mutated crocodile beast that had emerged from the small pond was charging straight at the mutated Mantis-like exotic beast, biting down on it!

In the next second, an extremely sharp whistling sound burst out from the surroundings. Immediately after, it opened its bloody mouth and charged forward rapidly, as if it wanted to bite the mutated Mantis beast into pieces!

"I didn't expect that there would really be a mutated beast in this small pond. It's a giant crocodile, my God ..."

When he saw this, the gray-haired man's face turned into one of shock. Then, he looked into the distance with hesitation and his heart trembled!

When the huge mutated crocodile beast rushed out, its body was as long as 12 to 13 meters. It was extremely huge!

Seeing this, Jonina couldn't help but look at the mutated beast in the distance in shock, mumbling to herself, "Heavens, such a huge beast. I'm afraid my entire body isn't even the size of one of its claws ..."

Zhou Hao held his breath and took a deep breath. Then, his face suddenly became extremely serious and he said word by word, "The strength of this giant mutated crocodile is already at D-class, comparable to me."

Zhou Hao's words immediately caused Jonina and the gray-haired man to be stunned.

They looked at Zhou Hao in unison and said with surprise, "This mutated beast's strength has also reached D class? can you still beat it?"

Hearing Jonina's suspicions, Zhou Hao raised his eyebrows and chuckled. "So you're saying that I don't have the strength?"

Jonina's face immediately turned red after she said that.

She chuckled awkwardly and said helplessly, "I ... I didn't mean it that way. I just said ..."

Halfway through her sentence, Jonina did not know what to say anymore.

That's right. After all, before they came to this planet, Zhou Hao's strength was already at the fifth stage martial Saint realm.

Even though Li Li's level was much higher than Zhou Hao's, she was still no match for him and was easily defeated.

Therefore, to Zhou Hao, the difference in level was not a problem to worry about.

Not to mention that the giant mutated crocodile in front of him was of the same level as him. Although they were of the same level, their strength might not be the same. This was a principle that had never changed for Zhou Hao.

Just as Zhou Hao and Jonina were talking, a huge change had already taken place in the small pond in the distance!

"Squeak! Squeak!" The mutated Mantis-like exotic beast suddenly shouted just as it was about to be bitten by the giant crocodile. Then, its entire body disappeared in mid-air!

The giant mutated crocodile missed its target and fell back into the small pool.

It was as if nothing had happened in the surroundings. Only countless splashes of water were left in the surroundings. It seemed to tell everyone that everything that had just happened was real and not what they had imagined.

"What the f * ck ... Boss, miss Qiao, did you see that? that mutated Mantis-like exotic beast just disappeared into thin air. What ... What's going on?"

This was the first time the gray-haired man had seen something like this. He could not help but look into the distance in shock and hesitantly asked.

Zhou Hao's eyes were filled with solemnness. He frowned and looked into the distance with displeasure. His face was full of solemnness. Then, he slowly said word by word in a cold voice, "If I'm not wrong ..."

"This should be the special skill that mutated beasts have, which I told you about before. Every mutated beast has a different special skill. Mine is fire breathing, and this Mantis beast's skill is stealth."

The gray-haired man and Jonina were both surprised when they heard this. They looked at each other with bewilderment and could not help but ask, "Invisibility?"

"Bang!"

Just as the two of them had puzzled looks on their faces, an extremely violent sound came from the distance once again!

The next second, the giant mutated crocodile jumped out of the small pool again, and the water around it splashed!

The mutated Mantis-like exotic beast in the distance took advantage of the time it had just won to open its bloody mouth and quickly fly toward the location of the spirit Qi fruit that was maturing!

Even though the expression on its face could not be seen clearly, the anger and Fury in its eyes were about to burst out uncontrollably!

The mutated Mantis-like exotic beast's face was filled with excitement. It waved its two sickle-like legs excitedly, as if it couldn't wait to cut down the huge tree and take it away.

“Roar!”

An unwilling roar burst out from the mutated crocodile's mouth. Then, it flew angrily toward the position of the mutated Mantis beast in the distance!

The giant mutated crocodile had already reached D-class, and its intelligence was not much different from that of a human. Now that it saw the spirit fruit that was at its fingertips being snatched away by the giant mutated Mantis, its heart was filled with anger!

“Roar!”

The giant mutated crocodile immediately flew out of the small pool. In an instant, its huge body, which was twelve to thirteen meters long, appeared in front of everyone in an extremely shocking manner!

A few ‘dang dang dang’ sounds could be heard. It was the sound of the huge tail of the mutated crocodile swinging around!

The giant mutated crocodile beast swung its tail fiercely and directly chased after the mutated Mantis-like exotic beast!

Chapter 998 - -fierce battle

Chapter 998:-fierce battle

With a loud clang, the mutated Mantis beast, which had been approaching the spirit fruit, was suddenly thrown to the ground by the giant crocodile.

In the next second, its body fell directly, and its body was instantly cut by the sharp tail, leaving a terrible wound!

“Hiss!”

The mutated Mantis-like exotic beast gasped in shock. It had never thought that the mutated crocodile would be so powerful!

Such a Swift and violent attack had left him in such a miserable state, to the point where he had no strength to resist!

The mutated Mantis beast was frightened and didn't dare to continue moving toward the spiritual fruit. After all, it also understood that the most important thing at the moment was to keep its life.

Otherwise, if he were to lose his life, wouldn't he not be able to eat any fruits in the future?

The giant mutant crocodile had planned to chase after the victory, but when it saw the giant mutant Mantis beast run away and not continue to pursue the spiritual fruit, it stopped.

Instead, it let out a low growl, then turned around and left, not continuing to chase.

One had to know that the giant mutated crocodile was also considered an exotic beast that knew what it meant to be tactful.

It understood that if it gave chase, it might be able to directly bite the mutated Mantis-like exotic beast to death, but it wouldn't be able to gain any benefits.

At that time, he might fall into the trap of the other exotic beasts.

When I come back, maybe the spiritual fruit will be taken away by someone else. Wouldn't it be more of a loss than gain?

The giant mutated crocodile was quite smart, because a giant beast at this level had the intelligence of a teenager.

If it didn't have such a thought, it wouldn't have hidden under the pond for so long.

When Zhou Hao saw the giant mutated crocodile, he was surprised.

It was a good thing that they didn't go over to snatch the spiritual fruit. Otherwise, the three of them would be the ones who were beaten up miserably.

With Zhou Hao's current abilities, he wouldn't think much of it even if he were to encounter the giant crocodile. However, he had to admit that this was clearly a ploy to lure the Tiger away from its mountain.

Who knew how many exotic beasts were eyeing them covetously. If one of them took advantage of their inattention and directly jumped out to bite them, wouldn't it be more of a loss than gain?

"I can easily exterminate D-class dire beasts. Even if there were ten or a hundred of them, they might not be my match."

Zhou Hao smiled, and his tone suddenly became solemn.

When Qiao Nina and the gray-haired man who were standing beside Zhou Hao heard his arrogant words, a hint of surprise appeared on their faces.

They all looked at Zhou Hao in unison, their eyes filled with disbelief. They could not help but speak hesitantly, enunciating each word clearly, "Zhou Hao, where do you get your confidence from?"

"That's right, boss. Who knows how many exotic beasts are hiding on this mountain? even if we get the spiritual fruit, we might be in great danger. It might be snatched away by those mutated beasts."

"Not to mention, under the siege of so many mutated beasts, we probably won't be able to get the spiritual fruit at all."

After saying this short sentence, Jonina and the gray-haired man's expressions became anxious.

Only Zhou Hao's expression remained calm.

His face was filled with a faint smile, and then he slowly said, "It's actually not that difficult. We just need to wait. "

Just as the three of them were talking, in the next second, a huge change happened on the mountain peak in the distance!

"Roar!"

In the distance, roars and angry roars could be heard continuously, wave after wave.

The giant mutated crocodile was extremely fast. It was like a sudden clap of thunder that left no time for one to cover one's ears. It quickly chased after a distant position with a whistling sound!

The mutated Mantis-like exotic beast took advantage of this time to appear out of nowhere. It suddenly appeared in this place and stomped down heavily on the position of the mutated crocodile!

The giant mutated crocodile was extremely fast. In a few breaths, it was almost close to the spirit fruit. However, just as it was about to pass by the small pool, it was once again struck down by the mutated Mantis beast and fell into the small pool.

With a 'plop', the water around them splashed.

When the mutated Mantis-like exotic beast saw this, it thought to itself that this was a good opportunity!

Therefore, he immediately rushed over, ready to take the opportunity to get the fruit when the giant mutant crocodile fell.

Its speed was extremely fast, and it seemed to have used all its strength. It quickly flew into the distance.

The fruit of Reiki in the distance had been completely ripe.

The red spiritual fruit had already given off an irresistible fragrance.

The fragrance assailed their nostrils, immediately attracting many mutated beasts. They couldn't help but start to move.

Just as the mutated Mantis-like exotic beast was about to charge over and take the spiritual fruit for itself ...

The giant mutated crocodile at the side was unwilling to give up. It suddenly rushed out of the small pool and angrily bit at the giant mutated Mantis beast!

"Roar!"

The giant mutated crocodile let out an unwilling howl.

It had already tacitly acknowledged all the treasures in the vicinity as its own. Now that it saw the sudden appearance of a mutated Mantis-like exotic beast who actually dared to snatch its treasures, it was naturally unwilling.

Aowuwu!

The giant Mantis beast was not to be trifled with. After all, they were not near the small pool, but on land!

The giant mutated crocodile on land had already suffered a great loss.

The mutated Mantis-like exotic beast had anticipated this, which was why it had lured the giant mutated crocodile to land before attacking!

In the next second, the mutated Mantis-like exotic beast suddenly waved its hard claws!

Tip: You can use left, right keyboard keys to browse between chapters.

Chapter 999 - not willing to admit defeat

Chapter 999:-not willing to admit defeat

The two sickle-like claws on the mutated Mantis beast's arms were waving with all its might, emitting a loud whistling sound. It wanted to directly cut the giant mutated crocodile into two halves and turn it into dregs in a second!

A few loud clangs were heard, followed by a huge explosion in the surroundings!

Two deep and long wounds appeared on the giant mutated crocodile's head. It was a terrifying sight!

When they saw this scene, many of the mutated beasts couldn't help but widen their eyes in shock. They stared at the scene in a daze, unable to come back to their senses for a long time!

When the gods fight, the fish in the moat will be implicated!

Now, if they intended to rush over and snatch the spiritual fruit, they might not have such a good opportunity to snatch it. They might even be bitten to death by them!

After all, although D-class exotic beasts and F-Class exotic beasts didn't seem to be much different, in truth, the relationship between F-Class and E-Class exotic beasts was already very different!

There was a huge difference in their strength. It wouldn't be an exaggeration to say that an E-Class beast could directly devour an F-Class beast, let alone a mutated beast two levels higher than them.

In addition, they had just witnessed such a shocking scene. It indeed shocked many of the mutated beasts lurking in the surroundings, waiting for an opportunity to make a move!

Therefore, many mutated beasts had already begun to sneak down the mountain. They didn't want to lose their lives here in order to fight for the fruit. It wasn't worth it.

When the gray-haired man saw this, he couldn't help but shake his head. His face was filled with helplessness as he sighed, "Hehe, I didn't expect this Mantis-like exotic beast to be so powerful."

"That's right. He was clearly at a disadvantage just now. Now, he's suddenly riding the wind. He's really powerful. He does have some skills."

Even Jonina couldn't help but say this, and Zhou Hao's face broke into a smile.

He shook his head indifferently, then slowly opened his mouth and said, "Just wait and see. It's still not certain who will win or lose."

After he said that, Jonina and the gray-haired man were both surprised.

Before they could ask anything, they saw a flash of ruthlessness in the eyes of the giant crocodile.

It didn't expect that the mutated Mantis-like exotic beast would suddenly turn around and attack it.

Moreover, his methods were ruthless and vicious, and he didn't show any signs of mercy!

A look of disdain appeared on the Mantis-like beast's face. It immediately sped forward, and when it looked at the mutated crocodile-like exotic beast in front of it again, a hint of slyness flashed in its eyes.

It knew that the mutated crocodile-like exotic beast hadn't used all of its strength. Therefore, what it needed to do now was to preserve its strength!

Moreover, it was no longer willing to get close to the small pool, because the strength of the giant mutated crocodile near the small pool was several times higher than its own. Once it got close, it would definitely be killed by the giant mutated crocodile in seconds!

At that time, he was afraid that he would not be able to do anything to the giant crocodile.

"Roar!"

When the mutated Mantis beast in the distance realized that the giant crocodile beast was not easy to deal with, it was not ready to fight it head-on. Instead, it went straight for the spiritual fruit.

The giant mutated crocodile was not to be outdone. It crawled back to the small pool closest to the spirit fruit and lurked, ready to seize the opportunity to bite the mutated Mantis beast again. In this way, it could deal with the mutated beast.

“Aowu!”

In the distance, there were many exotic beasts who weren’t afraid of death. Each and every one of them was already rapidly approaching the shore, constantly drawing closer. They also wanted to snatch the food from the Tiger’s mouth and fight for a bit of it.

The mutated Mantis-like exotic beast turned around and glanced at the exotic beasts that were chasing after it. A disdainful look immediately appeared on its face.

They were just a bunch of F-Class monsters of the lowest level. Now, they actually dared to come here and fight for the spiritual fruit. They were simply tired of living!

The mutated Mantis-like exotic beast directly cut down several F-Class exotic beasts with a single slash, scaring many of them so much that they turned around and fled in panic, quickly running down the mountain.

However, the exotic beasts running toward them were too fast, and there were too many of them. The mutated Mantis-like exotic beast was the only one who could still maintain its calm in the face of the sea of attacks from these mutated exotic beasts!

At the same time!

In the distance, a series of violent ‘da da da’ sounds suddenly came.

It was the sound of a helicopter rapidly approaching!

Zhou Hao was the first to hear the voice. He frowned and followed the voice, looking in the direction of the voice.

Sure enough, a helicopter appeared behind the clouds at an extremely fast speed. It was rapidly approaching them at an extremely fast speed!

When he saw this scene, Zhou Hao’s face suddenly froze, and his eyes were filled with surprise. He looked into the distance in confusion, and his breathing began to become rapid.

“Someone is here. It seems that they are also here for the spiritual fruit.”

Zhou Hao's words made both Jonina and Zhou Hao's faces tense up.

They hesitantly looked in the direction of the sound and immediately saw that something was wrong in the distance.

When they realized that something unusual had happened, their expressions suddenly became extremely panicked and helpless. Their faces were filled with shock and disbelief. Their eyes were filled with shock as they looked at the scene in a daze.

"My God, so many people are fighting for the spiritual fruit. What should we do ..."

Jonina was extremely nervous. She looked worriedly at the helicopter that was rapidly flying towards them in the air. It was only then that she realized that something was wrong. She was so nervous that her breathing started to Quicken. Even her scalp was constantly tingling.

"Don't be nervous. They're just people. We can easily destroy them."

The gray-haired man chuckled and then said proudly, "I didn't sense any spiritual Qi in their bodies at all. They don't have any strength either. They should just be a group of ordinary people."

This world was different from the time they had been in before.

Chapter 1000 - -multiple parties engaged

Chapter 1000:-multiple parties engaged

Previously, humans could also cultivate. Zhou Hao had reached the fifth stage Saint level, while Qiao Nina and the gray-haired man were already at the seventh stage realm.

Although they also relied on these advanced things as auxiliary tools to kill exotic beasts ...

For example, swords, Spears, halberds, Gatling cannons, and so on. However, under extreme conditions, if they didn't have any weapons with them, they could also use these things to make a final battle. These were all easy things.

However, in this world, without the help of external equipment, it was impossible for these humans to do this.

They didn't even have an aircraft, and they had to rely on helicopters to explore Mount Kunlun. Wasn't that enough to explain everything?

At the thought of this, Zhou Hao's expression turned serious.

"Did we all guess wrong? in fact, this planet is not what we expected at all, a planet that is many years more developed than us?"

"Otherwise, why would this group of people look so low-end?"

Jonina and the gray-haired man also realized that something was wrong. They looked around nervously, their faces filled with confusion.

"Perhaps so."

Zhou Hao's eyes were like a torch as he scanned the surroundings. He then said word by word, "Don't worry, we'll act according to the situation!"

With this short sentence, they quickly decided on their next course of action.

Zhou Hao's eyes had been scanning the surroundings with a serious expression. His eyes were burning as he watched the movements around him. His face was extremely serious as he stared at the surroundings, preparing to deal with the things that were about to happen.

.....

At the same time, on the helicopter.

The Warriors who were sent to Kunlun to fight for the spirit fruits scanned the entire Kunlun Mountain with burning eyes.

When they saw the situation on Mount Kunlun, their expressions could not help but change!

"What ... What's going on? why are there so many exotic beasts around us? there must be at least a hundred of them!"

One of the soldiers, Zhou Liang, glanced down. When he saw the situation clearly, his face suddenly changed. His eyes were full of shock. He said word by word, "I've seen the location of the fruit of Reiki!"

Zhou Liang's face was filled with a serious expression. He pointed at the mountain peak in the distance. He was so excited that he almost wanted to stand up.

This was because the location of the spirit Qi fruit was constantly filled with a large amount of spirit Qi. They could see at a glance that the aura in the distance was extremely rich!

"Should we go now? isn't the spiritual Qi on the mountain a little too much?"

One of the soldiers couldn't help but scan the surroundings of Mount Kunlun nervously. When he saw the densely packed mutated beasts, he immediately felt a cold air gradually surrounding him.

"Please, you'd better look at the current situation, okay?"

The pilot's face was full of fear, and his breathing was a little anxious. He couldn't help but gasp in horror, "There are so many strange beasts. I'm afraid we'll be eaten up by them before we even get close to the spiritual fruit. Not even our bones will be left."

The pilot of the helicopter was panicking. He took a deep breath and said nervously, "Did you forget? the leader gave us a lot of weapons."

"We can use the weapons stored in our helicopters to eliminate these disgusting animals first. Then, we will go in and see what's going on."

"Okay, I think Captain Liu is right. We must eliminate these beasts as soon as possible to protect our own safety. Only then will we have the ability to do our best to get the spiritual fruit."

"Okay, then we'll act according to the situation."

.....

In the distance, Zhou Hao, Jonina, and the gray-haired man had been observing the changes in their surroundings.

"Zhou Hao, this group of people have come with ill intentions. They might be here to snatch the spiritual fruit too. The difficulty of snatching the spiritual fruit has increased."

Jonina's expression instantly became extremely serious. Her eyes were filled with solemnity. She suddenly felt as if a bad feeling was gradually rising in her heart.

He didn't expect that while the mutated beasts were fighting for these things, humans would take the opportunity to interfere. How despicable!

"That's right, boss. I have a bad feeling about this. "

The gray-haired man's expression immediately became extremely nervous. He could not help but look around anxiously and uneasily. Then, he said in an extremely serious tone, "Since they only dared to come with one helicopter, I think they must have made preparations!"

"A helicopter can only fit a few people. At most, it can fit six people. They dared to come to Mount Kunlun and fight so many exotic beasts with such a small number of people. They must have some cold weapons, such as cannons."

The mutated beasts on this planet, at least the ones Zhou Hao and the others had encountered so far, were not that strong.

As long as the right weapon was used, they could be easily killed.

"But if we miss this opportunity, we may not have such a good opportunity to snatch the spiritual fruit and increase our strength in the future."

Zhou Hao's eyes were burning as he stared at the helicopter in the distance.

"We need to increase our strength as much as possible. Otherwise, if we blindly seek stability, I'm afraid we won't be able to leave this planet for the rest of our lives,"

As Zhou Hao spoke, he could not help but turn around to look at Jonina. His expression was extremely serious as he said, "Don't you still have to go back and save your people? if we stay here and can't get out, we'll be finished."

That short sentence immediately made Jonina feel a surge of warmth in her heart.

Her eyes were filled with gentleness. She didn't expect that Ning Yuchen would still remember her purpose!

This kind of person really surprised her!

A grateful expression appeared on Jonina's face. Then, she smiled and slowly said, "Thank you, Zhou Hao."

"What's there to thank me for?"

Zhou Hao chuckled and waved his hand. "We're a team, and since we're a team, we should help each other, don't you think so?"

Zhou Hao still remembered what Jonina said.
