

Lucky 557

557 The Most Scary Thing

Huang Ranshi's expression turned to fear almost instantly. Liu Sanniang's words hit the nail on the head. He was not afraid of anything, but he was scared of facing his son and wife at this time while he was in such a state.

Huang Ranshi instantly broke down and wanted to escape.

But now, the entire Huang family was surrounded by soldiers.

Xia Hongming instructed sternly. "Go and wake up the people in the room."

Two soldiers quickly went in and saw the mother and son sleeping on the bed. They reached out and shook them. Madam Huang and Huang Mengqing woke up in a daze. Madam Huang was shocked. "Who are you?"

When she woke up and realized that there was a stranger at home, Madam Huang immediately became extremely vigilant.

Huang Mengqing was also shocked. Madam Huang hugged him and protected him in her arms.

The two soldiers said calmly, "Get up and see for yourself."

With that, the two of them left.

Madam Huang and Huang Mengqing were confused, but they still got up.

It seemed to be raining outside, and judging from the sound, it seemed to be raining heavily. Madam Huang felt a little uneasy. She called out. "Husband, are you at home?"

Seeing that there was no response, Madam Huang decided to pull Huang Mengqing out to take a look.

In the courtyard, Huang Ranshi couldn't help but tremble when he heard Madam Huang's voice. The thing he was most afraid of, had happened.

Huang Ranshi's heart sank. He stared at Liu Sanniang resentfully. If not for her, none of this would have occurred.

Although the person who really broke the array formation was not Liu Sanniang, Huang Ranshi knew that she was the one who gathered the flood dragon's scattered soul.

Liu Shiba looked at Huang Ranshi, who was trembling, and the anger in her heart dissipated a lot. The rain gradually subsided and soon turned into a drizzle.

When Madam Huang came out of the house and saw so many strangers, her expression was a little ugly.

However, she quickly saw Huang Ranshi. "Husband."

Madam Huang ran towards Huang Ranshi with Huang Mengqing.

Huang Ranshi raised his hand to cover his face, not wanting Madam Huang to see him. He had exhausted all his energy, making him look old and ugly.

Madam Huang did not recognize him and came to a stop. "You, who are you? Why are you wearing my husband's clothes?"

Huang Ranshi refused to show his face.

Liu Sanniang said slowly, "He's your husband, Huang Ranshi."

Madam Huang looked at Liu Sanniang. "Who are you? Why are you in my house?"

Liu Shiba turned into a snake. "Why else? Of course it's because we are here to collect blood debts."

Madam Huang was shocked. "Demon, demon..."

She screamed, but the others didn't seem to care at all.

Liu Shiba said coldly, "No demon in this world is as bad as your husband. The son in your arms should have died. He borrowed my life to live until now."

Madam Huang hugged Huang Mengqing tightly. "You're talking nonsense. My son didn't borrow anyone's life. He only recovered after taking the magic herb my husband brought back."

Liu Shiba snorted coldly.

Madam Huang felt uneasy and grabbed Huang Ranshi's clothes. "Who are you? Why are you wearing my husband's clothes?"

Huang Mengqing went forward to help his mother. When they saw what Huang Ranshi looked like, they were stunned.

Madam Huang could not believe her eyes. She blinked and rubbed her eyes, but the old face in front of her did not change. Although he was old, he still looked familiar to Madam Huang.

She could not be wrong, but it was precisely because she could not be wrong that she did not dare admit that this was her husband.

Why did her husband look like this? How did he become so old overnight?

She looked a little helpless and did not know what to do.

In the end, Madam Huang looked at Liu Sanniang as if she hoped that Liu Sanniang could enlighten her.

Liu Sanniang said calmly, "This is what Huang Ranshi originally looks like."

Madam Huang found it hard to accept. "My husband is not so old."

This old man could already be her grandfather. How could he be her husband?

Madam Huang, who was only middle-aged, could not accept this.

Liu Sanniang walked up to Madam Huang, squatted down, and reached out her hand to Huang Mengqing.

Huang Ranshi gritted his teeth and pushed Liu Sanniang fiercely. "You're not allowed to touch my son..."

However, before his hand could touch Liu Sanniang, he was knocked over by a black figure.

General Black shook off the water on his body and raised his paws, wanting to step on Huang Ranshi, but seeing that Huang Ranshi was about to die, he retracted his paws.

Liu Sanniang tapped Huang Mengqing's forehead.

Huang Mengqing hugged his head and screamed.

"Ah, my head hurts. My body hurts."

Madam Huang immediately became nervous. Her eyes were filled with worry. "Mengqing, what's wrong?"

Madam Huang looked at her son and then at Liu Sanniang. She did not know what Liu Sanniang had done to her son. She begged. "Miss, please. If you're angry, come at me, okay? My son is still young. If he offended you, I'll apologize to you."

Huang Mengqing held his head. "Mother, my head hurts. I feel like something is going to grow out of my head."

Madam Huang looked worried. "What is it? I can't see it. It's fine."

Madam Huang still wanted to beg Liu Sanniang, but then she saw something that looked like a horn growing out of Huang Mengqing's forehead. Madam Huang's eyes widened.

"That's mine."

Liu Shiba's voice was filled with anger. She was supposed to transform into a dragon.

"Don't let them take it away. If they do, Mengqing will die."

Huang Ranshi spoke with difficulty.

Madam Huang looked at Huang Ranshi with tears in her eyes. "How did you know that? Is what they said true?"

Huang Ranshi looked guilty. He did not dare to look at Madam Huang. He lowered his head and choked. "Wife, I did it for Mengqing. You will understand me, right?"

Tears streamed down Madam Huang's face.

Huang Mengqing cried in pain. "Mother, I don't want this thing. Take it away. It hurts."

Since it did not belong to him, he could not have it. Originally, it was because of the suppression of the array formation that he didn't feel the pain. Now that the array formation was broken and the suppression was gone, it was extremely painful.

When the long horns were removed from Huang Mengqing's body, it was undoubtedly painful. However, after they were removed, Huang Mengqing revealed a comfortable smile. Liu Sanniang waved her hand gently, and the horns returned to Liu Shiba.

Madam Huang hugged Huang Mengqing and seemed to have understood something.

This was what her husband looked like originally. She had been living in a lie all along.
