

## Lucky 558

558 He Lost, He Begged For Mercy

Huang Ranshi raised his hands and formed a seal. His voice was as sinister as a poisonous snake as he said, "You ruined my meticulous plan. You deserve to die. I want you to die."

Huang Ranshi's figure flashed and he arrived in front of Liu Sanniang almost instantly. He punched Liu Sanniang in the heart. His fist almost pierced through her. He panted and smiled. "This is the price you have to pay."

Liu Sanniang's expression was calm, as if she did not feel any pain. She reached out and slowly grabbed Huang Ranshi. A force invaded Huang Ranshi's mind.

The smile on Huang Ranshi's face gradually froze and turned into shock and disbelief.

He couldn't understand why she didn't die after having a big hole pierced through her heart.

His hands were covered in blood and even pieces of flesh, but the person who deserved to die was not dead.

However, his mind was invaded by a gentle force. This force seemed to be sensing everything in his memory. Huang Ranshi looked at Liu Sanniang. At this moment, he understood what Liu Sanniang wanted to do. What she wanted to do was show everyone everything he had been hiding.

Huang Ranshi wanted to resist, but this force was not as simple as he thought. It was not very powerful, but it was abnormally tenacious.

A force spread out, enveloping everyone nearby.

Liu Sanniang's face was very pale. There was a hole in her heart. Although she did not die and could withstand the pain, she still felt terrible, but there was another force slowly repairing her wound and supporting her.

Huang Ranshi had used all his strength in this attack. After this attack, he no longer had any power. Helpless, he could only watch himself slowly die.

Witnessing this scene, Xia Hongyuan and the others frowned. There was killing intent in his eyes. This was the best time to kill Liu Sanniang while she was weak.

Xu Ran and Xu Qing exchanged glances and immediately said, "Qiluo, kill her. This is your best chance."

Xia Qiluo's eyes were filled with hatred. She immediately held the golden pen and pressed down. A steel sword the size of a chopstick flew out of the small golden pen.

When Xia Hongming saw this, he immediately shouted. "Stop. Miss Liu is helping us. No one can touch her!"

Wu Ju put his palms together. "Amitabha."

Xia Qiluo stabbed Liu Sanniang irrespective of the noise. She was very fast. After taking a leap, she was almost in front of Liu Sanniang, but she was suddenly stopped by a pair of hands.

Xia Qiluo gritted her teeth. "Monk, get lost."

Wu Ju said gently, "No."

Xia Qiluo thought that no one could stop her. She never thought that Wu Ju would make a move. After exchanging blows, she realized that Wu Ju was not weak. It was impossible for her to take Liu Sanniang's life as quickly as she wanted.

When Xu Ran and Xu Qing saw this, they immediately took out their flags and attacked Liu Sanniang.

The red flag was as red as the setting sun. Xu Ran and Xu Qing quickly raised their hands and formed a seal. The two of them cooperated. The red flag shone brightly. Suddenly, the flag was grabbed by one hand. Xu Ran and Xu Qing's faces were ashen.

Chu Yan's expression was extremely dark, and his eyes were cold. He gritted his teeth.

Xia Hongyuan ordered in a low voice. "Soldiers, kill them all. Evil is harming people. I'll enforce justice on behalf of the heavens today!"

Xia Hongming narrowed his eyes. "No one is allowed to move. Brother, why are you in such a hurry? Lord Wei, you saw everything clearly, right?"

Xia Hongming knew that this was his chance to turn the tables. How could he miss it?

Xia Hongyuan's face darkened.

Wei Shilai said, "I saw it clearly. I will report everything truthfully to the emperor."

Yuan Xin frowned and did not say anything. One was the Crown Prince, and the other was an ambitious prince. He couldn't afford to offend either.

Boom!

A thunderclap sounded, and Hu Qiushui let out a miserable scream. Everyone was shocked by that scream until their hearts palpitated, and blood flowed out of their ears.

The soldiers fainted, their bodies falling down one after another.

Xia Hongyuan and Xia Hongming felt their heads buzz, but they managed not to faint.

But then, there was another scream. "Mother... I don't want you to die. Boohoo..."

Xia Hongyuan and Xia Hongming staggered and sat on the ground. At this moment, they only wanted to take a deep breath to calm down their nerves and couldn't care less.

Even when they were wrapped in Liu Sanniang's force, they still suffered such a blow, let alone people outside it.

No one expected that at this moment, Hu Qiushui's last bolt of lightning would strike. The sky was dark, and the rain that had already subsided instantly increased, pouring down like a waterfall.

Xu Ran and Xu Qing put away the flag and sat down cross-legged.

After Xia Qiluo spat out a mouthful of blood, she sat down as well. Wu Ju's expression was calm as he sat down too.

Huang Ranshi had already fallen down, but he was still alive.

He looked at Madam Huang with difficulty. The rain was too heavy, so he couldn't see her face clearly. He said, "Wife, don't be afraid. After we enter the netherworld, we'll be a family in the next life."

Liu Sanniang opened her eyes and said coldly, "It's a pity that you can't be a family in your next life. Those who are filled with sins will end up losing their souls."

Huang Ranshi's eyes were filled with hatred.

The wound on Liu Sanniang's chest had already healed slowly. She began to exert her strength and sense Huang Ranshi's memories.

The young face was filled with hope and desire as he made a wish in front of the black figure. "I want to be in control of the force of heaven and earth and do whatever I want."

"You're really greedy and smart. As a god, I will naturally satisfy all your wishes. The harder you work, the stronger you will be. I have hope in you."

The black figure stretched out his hand. The young man could not wait to place his hand on the big hand to receive the power given to him by the god.

The days he was trapped in the Xuanzhen Sect were the days Huang Ranshi was most afraid of facing, but that also became the luckiest opportunity for him.

The Xuanzhen Sect no longer existed, but his life had just begun.

After Huang Ranshi entered the Lotus Sect, his ability was quickly acknowledged. As a young man, he also fell in love with someone.
