### 562 Young Marquis Su Can't Afford A Gift

Tang An looked at Madam Liu uneasily. "Mother, this..."

Madam Liu wiped her tears. "Take it."

Madam Liu could tell at a glance what Tang An was thinking. Her embarrassment was written all over her face. Tang An was afraid that Madam Liu would be displeased that the friends Liu Sanniang brought back gave her gifts first.

However, Madam Liu did not mind at all. In her opinion, Liu Sanniang coming home was already the best gift.

Hu Yu took out a white jade hairpin and inserted it in Madam Liu's hair. "Auntie, you look good in this hairpin."

This gift did not look special, but once the owner was in trouble, it could ward off danger.

Liu Yuanyuan took out a black jade bracelet. "Auntie, you took her gift, you must not reject mine."

The black jade bracelet looked ordinary, but Madam Liu accepted it with a smile. It did not look very expensive, so she felt at ease accepting it.

If Liu Yuanyuan and Hu Yu really gave her something very expensive, Madam Liu would not take it.

Su Yanyu blushed. "Auntie, my name is Su Yanyu. I was robbed on the way and don't have money to buy a gift. When I come back in the future, I'll make up for it."

Liu Yuanyuan and Hu Yu had both given Madam Liu gifts. Su Yanyu, who could not take out any gifts, was embarrassed.

Madam Liu looked at Su Yanyu's red face and smiled. "Okay, okay."

This child looked really handsome.

After entering the main hall, Tang An went to make tea.

Madam Liu grabbed Liu Sanniang's hand and asked about her well-being. Tang An had gone out to call Mr. Liu and the others back.

Liu Yuanyuan and Hu Yu were quiet. At this moment, Madam Liu and Liu Sanniang needed time to catch up. What they should do was remain quiet.

Looking at the gentle expression on Madam Liu's face, for some reason, Su Yanyu sniffled. He thought of his mother.

Chu Yan sat at the side and replied to Madam Liu from time to time.

Su Yanyu's eyes were red. When Madam Liu looked up, she saw Su Yanyu wiping his tears. She asked. "Child, what's wrong?"

Su Yanyu was a little embarrassed. "Auntie, I'm fine. I just miss my mother."

Madam Liu did not know Su Yanyu, nor did she know that Su Yanyu was once an extremely bad young master. Now, Su Yanyu looked handsome and obedient. Madam Liu felt that this child was really likable.

“Your mother must miss you too.”

Madam Liu treated Liu Yuanyuan, Hu Yu, and Su Yanyu as Liu Sanniang’s companions who walked the same path.

Su Yanyu nodded. That was true. Mrs. Su was usually strict, but she cared about him a lot.

Mrs. Su only gave birth to two children. One entered the palace and became a consort, and the other was the only son. Usually, Mrs. Su would not let him go to any dangerous places.

It was the same this time. He sneaked out without telling anyone. If not for the fact that he met Liu Sanniang...

Su Yanyu stole a glance at Hu Yu. He really couldn’t believe that this obedient little girl was actually the one who asked her subordinates to kidnap him and rob him.

After exchanging pleasantries, Madam Liu went to the kitchen to cook.

Liu Sanniang brought Hu Yu and Liu Yuanyuan to walk around the Liu family.

Liu Yuanyuan took out a snake skin and prepared to bury it under a plum tree in the Liu family’s backyard.

Hu Yu also found a place to cut off one of her sharp nails and bury it.

“Venerable Liu, it’s not easy for you to reunite with your family. We won’t disturb you...”

Hu Yu wanted to say that she could turn invisible so that Liu Sanniang’s family would not feel ill at ease with strangers around.

However, before she could finish speaking, she heard the sound of Madam Liu chopping ingredients in the kitchen. Hu Yu’s eyes were pitiful as she asked carefully. “Venerable... Can I disturb you?”

Liu Sanniang smiled and nodded. “Sure.”

Hu Yu blushed and was a little embarrassed.

She wanted to be obedient and sensible, but after thinking that Liu Sanniang’s excellent culinary skills might come from Madam Liu, she drooled uncontrollably.

When they arrived at the front courtyard, they saw Madam Liu peeling eggs and feeding them to General Black. As she fed, she stroked General Black’s fur.

“Thank you for protecting Sanniang, General Black. You’ve indeed grown up a lot. Do you still remember me?”

Previously, she was so focused on talking to her daughter that she forgot about the real hero.

General Black rubbed against Madam Liu’s palm gently. Of course, he remembered her. He remembered everyone in the Liu family and liked this place very much.

Madam Liu smiled.

When Hu Yu saw the eggs, she ran over and hugged Madam Liu's arm. "Auntie, you're amazing."

Madam Liu was a little embarrassed by this sudden praise. For some reason, she felt that Hu Yu suddenly became like General Black.

Madam Liu took two eggs. "Miss Hu, have some too."

Hu Yu nodded. "Thank you, Auntie."

Madam Liu touched General Black's head. "I'll stew some bones for you tonight."

Madam Liu handed two eggs to Liu Yuanyuan. "Yuanyuan, eat some too."

Liu Yuanyuan took them happily. "Thank you, Auntie."
