572 Yin Yang Eyes

Liu Sanniang pulled Hu Yu. "Stop fooling around."

Hu Yu pouted. "Venerable, I'm innocent. The Fox Clan has always been beautiful. Our charm is not intentional. As long as they don't look into my eyes, they'll be fine."

Since Ligui and Liming were curious about Hu Yu, Hu Yu was also curious about them, so they exchanged a glance, and the men were instantly enchanted by her charm.

Liu Sanniang did not blame Hu Yu. "They're just humans. Don't get into trouble for nothing."

Hu Yu nodded. "Venerable, I'll remember it."

Liu Sanniang walked into the backyard and realized that the number of chickens and ducks that Li Guanfeng used to raise had doubled. There were also a few pieces of land cultivated behind that were filled with vegetables and fruits.

Li Guanfeng was picking vegetables with Xiaowu. The two of them had rolled up their sleeves and were picking some yellow vegetable leaves before throwing them to the chickens and ducks.

Li Guanfeng glanced at Liu Sanniang and brought Xiaowu over. "Xiaowu, go wash your hands."

Xiaowu ran to wash her hands.

Li Guanfeng said, "Long time no see."

Liu Sanniang nodded. "Sir, is everything alright?"

Li Guanfeng nodded. "The last time you were arrested, I suppressed the news, so your parents didn't know anything."

"Thank you for doing that, Sir."

Liu Sanniang thanked him. Li Guanfeng had helped her a lot. She knew that she would be fine eventually, but her family did not know. If they heard the news, they would only be worried.

Li Guanfeng smiled. "The ingredients are ready. Miss Liu, if you want to thank me, show me your culinary skills. If you can teach me, I'll be grateful."

Liu Sanniang smiled. "No problem."

After entering the kitchen and looking at the chickens and ducks that had been killed and cleaned up, Hu Yu drooled. "Venerable Liu, make a dish of boneless chicken with sauce."

It was very satisfying to swallow down the boneless chicken.

Liu Sanniang nodded. "Sure."

Li Guanfeng smiled. "Then, I have to learn it well."

Since there was nothing Liu Sanniang needed help with, Hu Yu went out to look at the fruit fields.

After Hu Yu left, Li Guanfeng asked. "This girl is not ordinary, right? Xiaowu said that she's furry."

The first time Xiaowu saw Hu Yu, she said to Li Guanfeng, "Brother, she's so cute and furry."

Li Guanfeng looked at Hu Yu. In his eyes, Hu Yu was not furry at all and looked like a beautiful girl. However, Xiaowu would definitely not spout nonsense.

Liu Sanniang was a little surprised. She nodded. "Hu Yu is from Jiangzhou. She's from the Fox Clan and is now my house spirit."

Li Guanfeng nodded with a smile. "No wonder."

Hu Yu picked a few pears. The skin was a little thick, but the flesh was very watery and sweet. She came in to help start the fire.

She looked at Li Guanfeng and said, "Xiaowu gave it to me. I didn't pick it myself."

At the mention of Xiaowu, Li Guanfeng's expression was gentle. "Eat more if you like."

Xiaowu picked a small winter melon from outside and went to peel it with a knife.

After lunch, Li Guanfeng asked Xiaowu to wash her hands and get dressed. "Go and change your clothes. I'll take you out for a walk."

Xiaowu smiled at Liu Sanniang and went to get changed.

Only then did Li Guanfeng ask. "Is it normal for Xiaowu to see something that ordinary people can't?"

This world was not as simple as it appeared on the surface. Li Guanfeng could not see it, and he did not want Su Xiaowu to see it either. He only wanted to be an ordinary couple with Su Xiaowu.

Liu Sanniang said truthfully, "Xiaowu might still have some ability to sense spirits. Perhaps when she grows up, it will slowly disappear."

Li Guanfeng frowned.

Hu Yu said, "It's quite easy. Are you afraid that she will see something you can't? This is also a kind of illness, right? I can treat it."

Li Guanfeng looked at Hu Yu. "Miss Hu, please help."

Liu Sanniang pulled Hu Yu. "Can it really be cured?"

Hu Yu nodded. "The world is divided into Yin and Yang, so naturally, people are also divided. Xiaowu has more Yin than normal people. She'll be normal as long as the Yin is sealed. However, such eyes are quite rare. In the world, people call them Yin Yang Eyes. Are you sure you want to seal it?"

Li Guanfeng nodded. "Yes."

Since she had Yin Yang Eyes, Su Xiaowu could see Hu Yu's real form. That was why she said that Hu Yu was furry.

Hu Yu could indeed seal it.

After Su Xiaowu changed her clothes and came over, Li Guanfeng pulled her to Hu Yu and said respectfully, "Please."

Hu Yu smiled. "Xiaowu, look into my eyes."

Su Xiaowu looked into Hu Yu's eyes.

Hu Yu said, "Xiaowu, your eyes are very special. You can see me, but no one else can. Do you really want to have the ability to see me?"

Su Xiaowu looked at Li Guanfeng who frowned promptly. He did not want Su Xiaowu to know about this, but Hu Yu had already made it clear. He was a little anxious. Su Xiaowu had her own thoughts. He should not interfere too much.

Su Xiaowu smiled. "I don't want it."

If her brother did not like her to have the ability to see something that he couldn't, she would rather not have the ability.

Hu Yu blew into Su Xiaowu's eyes.

Li Guanfeng was a little nervous.

Su Xiaowu blinked. "You are not furry anymore."

Only then did Li Guanfeng heave a sigh of relief.

Li Guanfeng looked at Hu Yu and Liu Sanniang. "If you have any requests, feel free to ask. I'll try my best to help you."

Liu Sanniang said, "Sir, I'm already very grateful that you can protect my family."

Hu Yu walked to Liu Sanniang's side. "I don't want anything. I've already received the best thing I can ask for, which is the Yin Yang Eyes. You don't want the Yin Yang Eyes, but I do."

It was very difficult for Yin Yang Eyes to appear in this world, but mortals might think it was a curse to have this kind of eyes. However, to demons, it was a treasure and an additional ability.
