

Lucky Bride 227

Chapter 227: The Good And Bad Romantic Encounters (Part 4)

When Lu Qingqing woke up, she felt a little cold. A fierce gust of wind blew past her and she shivered. Just as she was about to flare up, a big hand covered her mouth and a voice came from behind. "Miss, don't be angry."

Lu Zhen's voice was very charming. She could feel a warm breath on her neck, making her feel itchy. She opened her mouth and was about to bite Lu Zhen when the sound of a door opening suddenly came from below.

"Creak..."

Lu Qingqing was stunned. If she made a sound now, she would definitely be discovered. At the thought of this, she endured it. Upon returning, she would definitely teach Lu Zhen a lesson. He actually dared to kidnap her.

Seeing that Lu Qingqing had calmed down, Lu Zhen heaved a sigh of relief. He was really afraid that Lu Qingqing would kick up a fuss and scream.

Below, there were voices of people talking.

"Lin, your father's health is getting worse everyday. When are you and Miss Lu getting married? When can we live in a big house? Miss Lu is so rich. Getting a hundred taels a month from her for us to spend won't be a big issue, right?"

The person who spoke was Mrs. Qin. She had led a life of hardship and never expected that her son would have the luck to marry a rich lady.

Qin Lin was just an ordinary commoner. He looked honest and simple, not particularly good-looking. Perhaps this was what Miss Lu liked about him.

Hearing that, Qin Lin said helplessly, "If Qingqing is in charge, there's no problem because she listens to everything I say. But her mother is the one in charge."

Mrs. Qin was anxious. "Then, what should we do?"

Qin Lin smiled. "I already have a way. No matter how smart her mother is, she'll die one day. In the first few years, I'll just put on an act. After Lu Qingqing gives birth and is completely devoted to me, I'll have more power."

Mrs. Qin was very satisfied. "As expected of my son, you are really smart."

Qin Lin considered himself smarter than Lu Shiming. Although he did not go to school and could not read, he was better at evaluating the situation than Lu Shiming. Therefore, when Lu Shiming and Concubine Yun found him, he agreed. The poisonous worm was very disgusting, but he still ate it. With the worm, Lu Qingqing would be infatuated with him.

Qin Lin rubbed Mrs. Qin's shoulders as he said, "Mother, don't worry. I'll definitely give you and Father a good life. I've already figured out Lu Qingqing's personality. With the poisonous worm, she'll be loyal to me forever."

Mrs. Qin was very relieved. "I am lucky to have a son like you. Rest well. When we become rich, we'll be able to hold our heads high."

Qin Lin nodded. "I know. Previously, her guard kept following her. I don't know why he is nowhere to be seen these two days. I'll find a chance to make it a done deal between us."

Mrs. Qin smiled in satisfaction and went out.

Lu Qingqing was about to explode in anger. Qin Lin knew about the existence of the poisonous worm, and he also had disgusting evil thoughts in his mind regarding her.

Lu Zhen let go of his grip on her. "Miss, he's not a good match for you."

Lu Qing pushed Lu Zhen away and gritted her teeth. "Don't talk. Give me the sword. I'm going down to kill this disgusting family."

Lu Zhen's eyes darkened. "You can't kill anyone."

In the darkness, Lu Qingqing felt the coldness of his aura. She heard Lu Zhen's deep voice. "I'll do it."

Lu Zhen was Lu Qingqing's sword. Wherever she pointed, he would go.

Except for the time when Lu Qingqing was affected by the poisonous worm, he was selfish and refused to let her leave the mansion. Apart from then, he never disobeyed her orders.

Lu Zhen stood up and was about to jump down when Lu Qingqing quickly grabbed his hand. "Is there something wrong with you?"

Lu Zhen was dumbstruck for a moment. "Miss, if that's what you want. I will do it for you."

Lu Qingqing slapped him angrily. "Take me back. You ruined everything I have."

Lu Zhen lowered his head in shame.

Lu Qingqing gritted her teeth. "Are you going to take me back or not? I'm so disgusted."

Lu Zhen reached out and held Lu Qingqing in his arms. "Sorry for the offense."

Lu Qingqing wrapped her arms around his neck. She could feel the wind blowing past her.

After a while, they returned to the mansion. Lu Qingqing sat on the bed and watched as Lu Zhen turned to leave. She shouted. "Stop."

Lu Zhen stopped in his tracks. He was like a log that couldn't speak.

Lu Qingqing felt a rage inside her, but she couldn't find a target to vent her rage. She bit her lip and asked. "Why do you like me? I hit you a lot."

She had never been gentle when it came to hitting Lu Zhen. The deep bite mark she left on him might not have even healed yet.

Lu Zhen's eyes darkened as he said in a low voice, "I know you're a kind person."

He could tell that Lu Qingqing threw tantrums because she wanted Su Qiong to give her more attention. If Su Qiong cared about Lu Ranran, Lu Qingqing's tantrums would be even worse.

Lu Qingqing lowered her eyes. "But aren't you angry that I hit you?"

Every time she was in a fit of anger, other than smashing things, most of the time, she would vent her anger on Lu Zhen. It was as if he was really a log that couldn't feel any pain and would never break.

Lu Zhen said with a smile and a doting tone, "My life is yours. If you want it, I'll give it to you."

As long as she wanted it, as long as he had it, he could give her everything. He could even give her his life.
