Chapter 241: An Eye For An Eye

Liu Dalang held Tang An's hand and said, "Listen to Sanniang. Let's eat first."

When Liu Dalang led Tang An in, Madam Wu's smile froze.

Tang Yu bit her lip and was so aggrieved that she wanted to cry. What did Liu Dalang mean? Why did he bring Tang An and Tang Yuan here?

Madam Wei smiled. "Tang An, Tang Yuan, I made your favorite food. Come and try it."

Liu Dalang and Tang An sat together. At first, Tang Yuan wasn't in the mood to eat, but Liu Sanniang kept giving him food. He glanced at Liu Sanniang and she smiled. Slowly, he felt much more at ease.

Liu Erlang did not say anything and ate silently.

In no time, they finished their meal.

Liu Erlang went to wash the dishes.

Madam Wu felt humiliated. Knowing that they were here, Liu Dalang still went to fetch Tang An and Tang Yuan. What did he mean?

Tang Yu did not eat much. She looked at Tang An hatefully and gritted her teeth.

When she felt a movement in her stomach, Tang Yu's face turned pale. She subconsciously reached out to touch her stomach and the movement was gone. That strange feeling just now was probably just her imagination.

However, just as Tang Yu was comforting herself, that movement came back. This time, it was more real and intense. Tang Yu cried out in fright. "Ah..."

Madam Wu was shocked. "Yu, what happened?"

Tang Yu was about to cry. Her hands were trembling. She could feel that the thing in her stomach was moving. It was real, not her imagination. Tang Yu's voice was trembling as she said, "Mother, there's something in my stomach."

Madam Wu did not understand what she meant and asked. "What is it?"

Tang Yu's entire body began to tremble. "My stomach, something is moving in my stomach."

Mr. Liu and Madam Wei were confused. They did not know what Tang Yu was talking about.

Madam Wu's face turned pale though. She could not help but look at Tang An and then at Tang Yu. How could this be? Even if something was happening, it should be in Tang An's stomach.

Tang Yu's body was trembling violently. She grabbed Madam Wu's sleeve. "Mother, save me. Something is really moving."

Tang Yu fell off the stool and Madam Wu knelt beside her. Madam Wu placed her hand on it and felt something rolling inside. This frightened her.

Madam Wei frowned. "What's going on?"

She looked at her daughter and was about to ask her to take a look when Liu Sanniang gave Madam Wei a reassuring look.

Madam Wei looked at Liu Dalang and saw that he was suppressing his anger. She immediately understood that this was not a coincidence.

Tang An was panicking. She looked at Liu Dalang and then at Liu Sanniang. "This..."

Liu Dalang held Tang An's hand and said calmly, "She's just reaping what she has sown."

Tang An's heart tightened. Did he mean her big stomach was caused by them?

Tang Yuan's face turned pale. He clenched his fists and looked at Tang Yu and Madam Wu coldly.

When Madam Wu heard Liu Dalang's words, she quickly understood what was going on. She was instantly furious. "Liu Dalang, what did you do to my daughter? You better save her quickly. Otherwise, if anything happens to my daughter, I will definitely not let your family off."

Liu Sanniang looked at Madam Wu calmly. "Don't you know what's going on?"

Tang Yu was actually just experiencing an illusion. Liu Sanniang had transferred Tang An's feelings to her.

Madam Wu's pupils constricted. She looked away and stammered. "I-I don't know what you're talking about."

Liu Sanniang suddenly squatted down. She grabbed Madam Wu's hand and released her power to envelop her. She crumbled Madam Wu's mental defense in a second and enveloped her like a dark cloud. She looked at Madam Wu coldly and watched her tremble and struggle. Liu Sanniang slowly said, "In three days, the snake will be born, right?"

The redness on Madam Wu's face quickly faded, replaced by paleness. She did not know how to describe her current feelings. This feeling was the most terrifying one she ever experienced in her life. She felt that in front of Liu Sanniang, she had no secrets. The embarrassment of having all her secrets seen through made her eager to escape from Liu Sanniang's grip.

Liu Sanniang let go and Madam Wu started panting heavily.

"Snake! Auntie... why are you doing this to me? What have I done to you and Uncle to deserve this treatment?"

Tang An could barely stand still upon this realization. She didn't expect that such a terrifying thing would happen to her and most of all, it was done by people closest to her.

Her parents were gone, and her uncle and aunt occupied the fields in the name of taking care of her. But she endured it all. When Madam Wu ordered her around and took things from her house at will, she endured that also.

She had never thought of resisting.

Seeing her stomach grow bigger day by day and feeling the movement inside, Tang An was constantly in a panic state and even wanted to end her life.

Now that she knew that it was done by her aunt and cousin, Tang An felt as if her heart had been stabbed.

Tang Yu gritted her teeth and looked at Tang An with hatred in her eyes. "How dare you question us? You asked for it."

Tang An choked with emotions. "I... I asked for it?"

Tang Yuan gritted his teeth. "Sister, I'll never acknowledge them as my family again. They are animals, not my family."

Tang Yu cried. "You're animals. You know that I like Liu Dalang too, but you still want to marry him. Why? Why?"

Tang An was struck dumb. So, this was the reason why they harmed her.

Liu Dalang hugged Tang An. Tang An looked at Liu Dalang and gritted her teeth. "Why can't I? If he likes me, I can."

Tang Yu revealed a resentful look. "You can't compare to me in any way. You're not worthy of Liu Dalang at all."

Madam Wei was so angry that she laughed. "It's up to you whether she's worthy or not. Who are you? If my son really likes a woman like you, I'll beat him up."

When Madam Wei said that, Madam Wu was dumbfounded.

With a disgusted expression, Madam Wei continued. "Although Tang An and Tang Yuan don't have parents anymore, I, Wei Shiyu, will make this clear today – if you dare to bully them again in the future, I will teach you a lesson."
