

Lucky Bride 242

Chapter 242: Why Are You So Weak?

Madam Wu was so angry that her chest kept heaving. She pointed at Madam Wei with a trembling hand. "You, you..."

Tang Yu was about to go crazy. She could not accept that the Liu family was so protective of Tang An.

She stood up with difficulty. She looked at Tang An resentfully and then at Liu Dalang plaintively. "I won't let you have a good life."

With that, Tang Yu pulled Madam Wu up. "Mother, let's go."

Madam Wu knew that the most urgent thing now was not to waste time with the Liu family, but to find Granny Zhou and get rid of the snake in Tang Yu's stomach.

Liu Sanniang reached out and grabbed Tang Yu. "Give it to me."

Tang Yu looked at Liu Sanniang hatefully. "I don't know what you're talking about. What snake? Are you crazy?"

After saying that, Tang Yu wanted to push Liu Sanniang away.

Liu Erlang entered the house with a cold face and closed the door. "I'm sorry. If you don't give us an explanation today, you won't be able to set your foot outside."

Liu Erlang looked at Tang Yu. "I'm warning you, you better behave yourself. I don't care if you're a woman or not. If I don't like you, I'll still beat you up."

Liu Erlang felt like he was a hero. He had been listening outside for a while without washing the dishes and was shocked to find how vicious Madam Wu and Tang Yu were.

If they wanted to leave, they had to ask if he, Liu Erlang, agreed.

Madam Wu held back her anger. "There's really nothing."

Liu Erlang interrupted Madam Wu. "Sure, if there's really nothing, stay here for three days before leaving."

Wasn't the snake going to be born in three days?

As soon as they were asked to stay for three days, Tang Yu and Madam Wu turned pale.

Tang Yu almost broke down. She took out a doll from her sleeve and threw it on the ground. "I'll give it to you. Are you satisfied now? Is that enough?"

Tang An picked it up and looked at the doll. She felt her blood run cold. Behind the cloth was her name.

Liu Sanniang let go of Tang Yu and walked to Tang An's side. She took a look at the doll. The doll was filled with resentment. She chanted the Rebirth Mantra to exorcize the resentment.

The doll turned blue, and one could clearly see the dried blood on it.

Madam Wu and Tang Yu's faces were pale. They looked at Liu Sanniang as if they had seen a ghost.

Liu Sanniang released her power into the doll and handed it to Madam Wei. "Mother, burn it."

Liu Sanniang held Tang An's hand and released her power. She opened her mouth and chanted the scriptures in a low voice. There was resentment in Tang An's body. This resentment was very strong and would devour Tang An's life force. Three days later, it would be strong enough to come out of Tang An.

After exorcizing the resentment in Tang An's body, Liu Sanniang looked at Tang Yu and asked coldly. "Do you know what this snake will do?"

Tang Yu did not dare to look into Liu Sanniang's eyes.

She didn't want to hear it either.

Liu Sanniang said slowly, "This snake will suck away Tang An's life force. When the snake is born, Tang An will die."

Madam Wu was shocked. "She will die? That's not what Granny Zhou said."

Tang Yu bit her lip and lowered her eyes. Even if she knew, she would still do it. But now, what she needed to do the most was make sure Tang An wouldn't cut ties with them.

Tang Yu knelt down and cried. "An, I'm sorry. It's all my fault. I was jealous that you found a good husband. Please forgive me, okay?"

Tang An's body trembled and tears welled up in her eyes.

She did not dare to imagine what would have happened to her in three days without Liu Dalang and Liu Sanniang.

If she died, what would happen to Yuan?

Tang An felt terrible. She did not want to believe that Tang Yu was so vicious.

After all, they were very close first cousins and had grown up together.

Tang Yuan was very worried that Tang An would be soft-hearted. He pushed Tang Yu away fiercely. "You don't deserve to be forgiven. Sister, you can't let them go. They almost killed you."

Tang Yu was pushed to the ground. She cried and crawled to Tang An. "An, it's all my fault. You know that I'm proud and arrogant. You've never been better than me since you were young, but as long as you marry Liu Dalang, you'll be better than me in the future. I like Liu Dalang too. I probably just lost my mind. Please forgive me!"

Liu Dalang frowned.

Tang An choked. "If you knew I was going to die, would you still do it?"

Tang Yu shook her head. "If I knew that, I wouldn't have done it. I just don't want you to marry Liu Dalang, but I don't want you to die."

Tang Yuan said angrily, "Sister, if you forgive them, I don't want to see you for the rest of my life. Even if you won't die, your life will still be ruined. Living a ruined life is worse than dying! They never wanted to take your life, but they wanted you to live a life worse than death."

Tang Yuan's words hit the nail and made Tang An feel suffocated.

Tang Yu explained while crying. "I was possessed by jealousy."

Madam Wu was also sobbing. "An, please forgive us. We really didn't do it on purpose."

Tang An bit her lip. She couldn't bring herself to forgive them, but if she didn't forgive them, she would also feel terrible.

Her heart was torn in two.

Madam Wei was furious as she watched. "Why are you hesitating? How can you forgive people like them? I'm really..."

Madam Wei was disappointed. Was it really good for such a weak woman to be her eldest daughter-in-law? People wanted her to live a life worse than death, but she still wanted to forgive them. If she gave birth in the future, would she also bring her child up into a person like her?

Tang An lowered her head in shame.

Liu Sanniang held her hand and could sense the memories that were flashing past Tang An's mind at this moment. Liu Sanniang slowly said, "I saw a dying man. He was about to die, but he was worried about his children. He handed his children to his trusted brother."

Liu Sanniang released her power and enveloped the house, letting everyone feel the pain Tang An was experiencing.

Liu Sanniang did not want Madam Wei to change her opinion of Tang An because of this since this matter concerned the harmony of the Liu family.

She shared what she sensed with Mr. Liu and the others.

The man was already seriously ill. When he was about to die, his eyes were filled with reluctance to part with his children. His son and daughter were still young. How could he rest in peace? He touched his daughter's hair and wiped away the tears on her face. "An, I've already told your uncle and aunt to take good care of you and Yuan."

"It's my fault that I can't bring you two up myself. After I leave, you have to be a good girl. After all, your uncle and aunt are not your parents, so you have to be more sensible. If you behave well, they won't treat you too badly."
