452 Not Saving The People, But Saving Himself

Liu Sanniang looked at Marquis Su indifferently and said, "If you want to know why it has to be Young Marquis Su, then I'll tell you why."

Marquis Su frowned and looked at Liu Sanniang sternly. In his life, he had been in a high position for decades, but he had never seen a psychic like Liu Sanniang.

Although she was from the Mystic World, she was vastly different from others. He could not see the desire and ambition that a person should have in her eyes. He did not know what she wanted.

As long as anyone had a desire, the person could be manipulated. If a person did not have desires for things like fame and fortune, it would not be possible to manipulate the person.

Marquis Su's expression was stern. He suppressed the complicated emotions in his heart and said in a deep voice, "I'm all ears."

He finally understood why the Third Prince, who had always liked to recruit psychics, could not bring Liu Sanniang into his camp. It was because she was not tempted by worldly things. What could the Third Prince do?

However, Liu Sanniang did not follow the Crown Prince either. This was also very confusing. What did she actually want?

Marquis Su looked at Liu Sanniang. He felt that she was reading his face. His heart skipped a beat, but Liu Sanniang had already done the face-reading.

Liu Sanniang said calmly, "Marquis Su, you have been rich all your life, but in your later years, you will suffer from illness. You only have one son and one daughter, but the life and death of your children are not stable. Your fate is ever-changing. Every choice you make will have an impact on it."

Marquis Su's throat seemed to be strangled by a force. He looked at Liu Sanniang with wide eyes and said in disbelief, "You mean my son will die? Just because he knows the truth, Hui Zhen will take his life? How dare she!"

Su Yanyu's face was also pale. His life had just begun and he had not even finished half of it. He did not want to die.

Liu Sanniang shook her head. "Hui Zhen won't kill him, but his death is also closely related to Suzhai Pavilion. All the ingredients in Suzhai Pavilion are filled with sins. The more you eat, the more sinful you become. When the rotten smell starts to emerge, you will suffer backlash and die from torture and pain."

Marquis Su looked at Liu Sanniang with an ugly expression. No one would be happy to be told that their son was going to die.

He looked at Su Yanyu, who said in a choked voice, "Father, I don't want to die."

Marquis Su's heart sank. He looked at Liu Sanniang with a softer gaze.

Su Yanyu looked at Liu Sanniang. "Miss Liu, save me. I'll do anything. I'm not even married yet."

Su Yanyu thought of Hui Zhen and gritted his teeth. "Father, don't stop me. I've already promised Miss Liu, and I will do it."

Liu Sanniang looked at Su Yanyu and said, "Only you can do this."

Marquis Su felt very heavy and his thoughts were in a mess. He looked at Liu Sanniang. "I only have one son. He won't be in any danger, right?"

Marquis Su still wanted a guarantee.

Mrs. Su raised her hand and wiped her eyes. She said seriously, "Miss Liu, if you have any instructions, just say it. My son is not saving people. He's saving himself."

Mrs. Su looked at Marquis Su and said indifferently, "Husband, Miss Liu also said that fate is ever-changing, and life and death are not set in stone. If you can't make up your mind, then don't interfere."

Marquis Su held his breath. "Who said I can't make up my mind?"

He only wanted Liu Sanniang to assure him, but Liu Sanniang remained stubborn.

Her calm eyes had probably already seen through what he wanted, and she refused to give it to him.

Mrs. Su looked at Liu Sanniang. "Miss Liu, the entire Su family will cooperate with you."

Liu Sanniang nodded and looked at Mrs. Su calmly. "Nothing will happen to Young Marquis. As long as he's not afraid, no one can stop him."

This was Su Yanyu's life-saving opportunity. As long as he grasped it tightly, he wouldn't die.

Su Yanyu was much more confident than his father. "I'll definitely go all out."

In order to survive, there was nothing he could not risk. He had been a bad person in the past, but given a chance, he would change.

He knew that Liu Sanniang was not someone who would push people into the fire. He firmly believed that his intuition was right.

Marquis Su looked at Liu Sanniang and asked. "Miss Liu, do you have a plan in mind?"

Liu Sanniang looked at Su Yanyu and saw that the opportunity was getting clearer and clearer. She said, "Young Marquis, you just need to find a reason to cause a scene in Suzhai Pavilion. In order to ensure your safety, the more people know about it, the better."
