

Lucky Bride 467

467 Immortal Meat Origin

Hui Zhen's expression was incomparably vicious, and her face twisted ferociously. "Die, die!"

She squeezed the beating heart hard and crushed it with all her might. However, it got repaired fast. Even though her claws had already stuck into Liu Sanniang's heart, the heart that she had crushed immediately returned to its original state.

Hui Zhen felt that Liu Sanniang's power was overwhelming her with majestic force. That power invaded every inch of her consciousness, forming a huge sword that could split the sky.

With a dazzling light that made her unable to open her eyes, it slashed down forcefully.

Boom!

Hui Zhen felt as if her brain had exploded. A raging fire instantly drowned her. The Karmic Flame that she had suppressed swept over her like an inferno.

"Ah..."

Hui Zhen let out a miserable scream.

No matter how much pain she inflicted on Liu Sanniang, the young woman did not back down. Who exactly was she? Why did she have such terrifying power? It was as if everything in the world could be used by her.

No, no, no. It was impossible for her to be the chosen one. It was impossible for her to be the True Buddha!

Liu Sanniang closed her eyes and carefully sensed Hui Zhen's memory.

Hui Zhen's Karmic Flame burned fiercely, quickly devouring her. Liu Sanniang could also feel the burning pain. Hui Zhen's memory was already blurry. She only managed to see a black figure.

Liu Sanniang wanted to sense more. She saw the black figure reaching out to a small girl. His voice seemed to be filled with the vicissitudes of life for thousands of years. "Let me give you strength. What you want can become reality. Whatever you want can be realized."

The little girl looked up at the black figure with a yearning expression. "I want a piece of immortal meat. I want to cultivate. I want to become an immortal."

The black figure said in a deep voice, "Little girl, you can't be greedy. I can only satisfy one of your requests. I can give you the immortal meat, but you have to rely on yourself to get the remaining."

The little girl looked determined. "I want immortal meat, I want immortal meat..."

The black figure smiled. "What about you guys? What do you want?"

The raging Karmic Flame burned up her memories. Liu Sanniang frowned and let go of Hui Zhen's hand.

White smoke started to emit on the surface of Hui Zhen's skin. Liu Sanniang grabbed Hui Zhen's hand that was still stuck in her heart and pushed it away.

Hui Zhen looked at Liu Sanniang. At this moment, she finally understood why Liu Sanniang returned this thing to her. "You saw him, right? He is a god. Who do you think you are? Do you think you can achieve anything by eliminating me? No, you won't be able to do anything."

Liu Sanniang looked at Hui Zhen indifferently. "I'll find him and destroy him."

No matter who it was, she would find him and eliminate him.

Hui Zhen endured the pain of being burned by the Karmic Flame, but the Karmic Flame only burned her. No one else could suffer for her.

She was in extreme pain. Her rejuvenated youth and beauty only lasted for a moment before they were burned away by the flame.

Hui Zhen fell to the ground in pain. "I didn't do anything wrong. I'm not evil. I'm not. I met a god. He gave me divine power. Everything was given to me by him. I don't want to die..."

The veins on Xia Hongyuan's forehead popped out as he roared. "Stop, stop right now. Someone, kill these two people and save Master Hui Zhen."

Liu Sanniang took out the token. "Your Highness, do you recognize this?"

Xia Hongyuan's eyes widened when he saw the golden token. He gritted his teeth and said, "Back off!"

He looked at the golden token without blinking. The token Liu Sanniang was holding had been given to her by the current emperor and she was acting in the name of the emperor.

In endless pain, Hui Zhen trembled non-stop and was eventually reduced to ashes. There was nothing left of her.

Xia Hongyuan gritted his teeth. "Miss Liu, why do you insist on going against me?"

Liu Sanniang looked at Xia Hongyuan calmly. "Your highness, I'm not going against you. Hui Zhen was a scourge to the world, so it was only right for me to get rid of her. It doesn't matter who she worked for."

With popping veins, Xia Hongyuan threatened her fiercely. "If I want to kill you today, you won't be able to leave either."

Hui Zhen was dead so completely that there wasn't even a piece of bone left. He had suffered a huge loss and wished he could cut Liu Sanniang into pieces, but she was holding a gold token from the emperor.

Why did the emperor give her such power?

Xia Hongyuan had mixed feelings. He knew that if he let Liu Sanniang go now, he would never have a chance in the future to kill her.

He was conflicted. He looked at Liu Sanniang. She was calm, but she was injured. Blood was flowing out of the corner of her mouth, and she was obviously weak. As long as Xia Hongyuan gave the word, his secret guards would attack and take Liu Sanniang down.

However, he thought better of it. He opened his mouth and said, "Miss Liu, are you doing this to get rid of evil? In order to get rid of evil, are you willing to risk everything you have? Then, I'll wait and see how you can get rid of evil."

Hui Zhen was already dead. Killing Liu Sanniang wouldn't bring her back to life. In any case, Liu Sanniang would remain neutral and not side with anyone, so he might as well wait and see what she was up to.

Xia Hongyuan's killing intent clearly subsided. Liu Shun clenched his fists, shouting in his mind. 'Idiot, if you let her go now, you won't get such an opportunity again.'

Liu Shun could not help but step forward and say in a low voice, "Your Highness, think twice."

Chu Yan held Liu Sanniang's hand and walked out of the door. Xia Hongyuan did not stop them, so the secret guards could only make way.

Liu Shun's expression was sinister. "Your Highness..."

Wasn't Hui Zhen dead for nothing if Liu Sanniang was let off so easily?

Xia Hongyuan gritted his teeth and said coldly to Liu Shun, "Shut up, you useless trash!"

Liu Shun clenched his fists as he looked viciously at Liu Sanniang and Chu Yan walking out of his sight. He was only Xia Hongyuan's slave now and was not even a strategist. He had no right to speak.

Xia Hongyuan narrowed his eyes. "Cooperate with the Xuanyi Department for the investigation of this case. Tell them that Hui Zhen was evil and has already been eliminated. As for the rest of the people in Suzhai Pavilion, punish them according to the law. I don't want to hear anything about it from now on."
