491 The Mother Is Saving While The Father Is Killing

Su Yanyu liked General Black very much and fed him something new almost every day.

Liu Sanniang felt that General Black's size had grown again. General Black was only a few months old, but if he stood up on two legs, he would be taller than her...

The door of Duke Xu's Mansion opened and Liu Sanniang looked at the servant.

The servant felt guilty. He avoided Liu Sanniang's gaze and said, "Miss Liu, you should go back. Our Madam won't see you. No matter how many times you come, it's the same. Madam won't change her mind. You don't have to come again. Our Young Master doesn't need your help."

Madam Xu would rather make Xu Lin suffer than let Liu Sanniang try. This already showed her determination to not see Liu Sanniang.

Liu Sanniang replied flatly. "I understand."

She turned around and left with General Black.

The servant sighed as he looked at Liu Sanniang's departing figure. If only Madam could let go of her prejudice and let Miss Liu try.

They were different from Madam Xu. Looking at Liu Sanniang, they felt warm and couldn't help but trust her.

There were rumors outside, saying that Liu Sanniang was the True Buddha and the chosen one. However, most people didn't believe that a young girl like Liu Sanniang could be that powerful.

However, in the past few days, the more he interacted with Liu Sanniang, the more he trusted her.

The servant shook his head. He had a feeling that Madam Xu had missed a life-saving chance for her son.

He was about to close the door when a black head stuck in, startling him.

Liu Sanniang said calmly, "Please pass on a message for me."

She looked in the direction of the door and continued slowly. "As long as Madam Xu doesn't give up, Young Master Xu will not die. The mother is saving while the father is killing."

After saying that, Liu Sanniang turned around and left with General Black.

The servant was stunned for a while. When Liu Sanniang disappeared from sight, he closed the door and quickly walked towards the main courtyard.

Now, there were not many servants in Duke Xu's Mansion. Everyone was treading on thin ice, and no one had a smile on their faces. Because of that, the mansion looked even more depressing.

Outside the main courtyard, two older maids stopped him. "Madam didn't wish to be disturbed."

After returning from Xu Lin's courtyard, Madam Xu locked herself in her room and said she didn't want to be disturbed.

“Miss Liu asked me to pass a message to Madam. It’s related to Young Master.”

When the maids heard this, they did not dare to stop him. As long as it was about Young Master Xu, they were very careful not to make a mistake.

The servant walked in and knocked lightly on the door.

Madam Xu leaned against the bed, her mind in a mess. It was as if she had split into two people. One was telling her to give up, while the other one was telling her to hang in there.

If she gave up, she could only fulfill Xu Lin’s wish to die.

If she hung in there, her son would be in extreme pain.

Hearing the knock on the door, she was a little irritated. “Didn’t I say not to disturb me?”

The servant trembled outside the door and said, “Madam, that Miss Liu asked me to pass a message to you about Young Master.”

Madam Xu’s uncontrollable anger was about to erupt, but she held it in.

The servant continued. “Miss Liu said that as long as you don’t give up, Young Master Xu will not die. She also said that the mother is saving while the father is killing.”

Madam Xu shouted at the top of her lungs. “Get lost, get lost...”

The servant was shocked and quickly ran away.

He did not understand what Liu Sanniang meant, but he knew that she said it for Young Master’s own good. As long as Madam did not give up, Young Master would live. However, why was Madam so angry after hearing this?

The servant did not want to think too much about it. He already did what he was told to do.

Madam Xu felt a headache coming on. Since she had not eaten anything for the past two days, she was always irritable. The two consecutive nights of dreams had also made her confused. When she heard the words ‘the mother is saving while the father is killing’ again, she wished she could skin Liu Sanniang alive.

Duke Xu had been dead for 20 years. Liu Sanniang obviously said this just to intentionally make fun of her.

She had only married one man in her life. After Duke Xu’s death, her heart had died with him. She would never betray Duke Xu.

Madam Xu clenched her fists tightly, but the anger would not go away. Her head was in swelling pain.

In a daze, Madam Xu felt a pair of hands on her temples, rubbing it gently, and a gentle voice sounded. “Stop torturing yourself, Nian Ran.”

Madam Xu was a little confused. “Husband, I am not asleep. Why did you appear?”

The man did not seem to hear her words. He only sighed softly. "I can't bear to see you suffer so much. My heart aches for you, Nian Ran."

Madam Xu was puzzled. "My head hurts. It's daytime now. Why are you here? Why are you so real?"

The man gently rubbed Madam Xu's head, as if he wanted to ease her discomfort.

Madam Xu's heart skipped a beat. She already had a guess in her heart, and her body trembled involuntarily.

The man sighed. "Nian Ran, let it go. Don't let me worry about you anymore..."

Madam Xu couldn't take it anymore. She pushed the man away and stumbled out of the door. She knocked open the door and fell to the ground.

She turned around. The room was empty.

Hearing the commotion, two maids hurriedly came in and helped Madam Xu up. They asked worriedly. "Madam, what's wrong?"

Madam Xu trembled as if she had encountered something terrifying. Her voice trembled as she said, "Take me to see Young Master. Hurry up and take me there."

Something in her mind was about to explode.

The maids didn't know what had happened, so they obeyed the order and immediately helped Madam Xu to Xu Lin's courtyard. When they arrived, Madam Xu pushed the maids away and said in a low voice, "All of you, leave. I can go into the room by myself. All of you, leave."
