519 Listen To Me Before Crying

Su Yanyu narrowed his eyes and looked at Li Yuntian. "I like to hit spineless people. Do you have any problem with that?"

Li Yuntian was so angry that he wanted to curse out loudly.

Looking at Su Yanyu's arrogant face, he wanted to go forward and slap him on the face, but he held it in. Su Yanyu's status was not something he could compare to.

Li Yuntian gritted his teeth and forced a smile. "Lord Su, is there a misunderstanding here? I'm a law-abiding, good person."

Su Yanyu sneered. "What misunderstanding can there be? Didn't I hit you just now? How can you tolerate this? Tell me, aren't you spineless?"

Su Yanyu was simply being unreasonable!

Not to mention Li Yuntian, even Mu Cong and the others felt that Su Yanyu was behaving way over the top.

Li Yuntian gritted his teeth. If Su Yanyu wasn't Su Yanyu, he wouldn't have tolerated it.

Su Yanyu continued to mock him mercilessly. "I just can't stand spineless people, so I want to hit you. If you don't like it, fight back."

Su Yanyu rushed forward and began beating Li Yuntian up.

He was practically riding on Li Yuntian while throwing punches.

Li Yuntian's two servants were flustered, but they did not dare to go forward and stop Su Yanyu. They could only kneel on the ground and beg Su Yanyu to stop.

Even though he was beaten up like this, Li Yuntian still endured it and begged for mercy. "Lord Su, there must be a misunderstanding. Who said bad things about me in front of you? Let me explain..."

Su Yanyu punched him. "What misunderstanding? I only hit weaklings like you!"

Su Yanyu only stopped after giving him a good beating. "Don't let me hear you spout nonsense again. Otherwise, I'll beat you up every time I see you!"

Li Yuntian was filled with anger and his body hurt everywhere. He suddenly seemed to understand why Su Yanyu hit him. The news that the Li family and the Zhang family wanted to cancel the engagement had already spread. Su Yanyu did this probably because he had heard about it.

Li Yuntian had nowhere to vent his anger to begin with. Now that he was beaten up by Su Yanyu for nothing, he was even angrier.

However, he could only hold back his anger. He did not even dare to stop Su Yanyu from leaving.

After Su Yanyu left, Li Yuntian's two servants helped him up. "Young Master, are you alright?"

Li Yuntian kicked them away. "I was about to be beaten to death just now. Why didn't you stop that lunatic? Why did you watch me get beaten up by him?"

"You spineless piece of trash..."

Su Yanyu returned and kicked Li Yuntian, who was hitting the servants.

Li Yuntian's face was ashen. He was really unlucky to have incurred Su Yanyu's hatred for no reason.

Li Yuntian did not dare to make a sound and silently endured another beating from Su Yanyu.

After Su Yanyu left, he did not dare to flare up at the servants anymore. He gritted his teeth. "What are you waiting for? Let's go back."

For some strange reason, he was beaten up twice. His entire body was in pain, so he was not in the mood to have fun. What if Su Yanyu went crazy again and came back to beat him up?

Li Yuntian went back in a fit of anger.

Su Yanyu thought for a moment and decided to look for Zhang Shuangshuang.

However, as an unmarried man, it was a little inappropriate for him to go directly, so he thought of climbing over the wall.

This was the first time Su Yanyu climbed over a wall into someone else's house. Mu Cong hunched over. "Lord Su, come up."

They climbed over the wall and entered the courtyard. Mu Cong and the others found a place to hide. "Lord Su, we'll wait for you here. Come back quickly."

Su Yanyu nodded.

However, this was also the first time he climbed over the wall to find a woman. He had absolutely no idea where Zhang Shuangshuang lived.

After wandering around the mansion for a while, he saw Zhang Shuangshuang walking out of a place. There seemed to be tears and an obvious slap mark on her face. Her face was pale and she looked very pitiful.

The servant girl beside her also looked sad as she wiped her tears.

Su Yanyu watched the two of them walk past and quietly followed them. What he wanted to say was very private, so he had to find a safe place.

Zhang Shuangshuang was unfavoured, so her courtyard was probably deserted. It was undoubtedly the safest place.

Zhang Shuangshuang and Qing Mei returned to the courtyard silently. Zhang Shuangshuang still could not believe what she had just heard.

Zhang Heng had asked her to go over, so she had no choice.

When she went, she saw You Xuerou's fake gentle smile and Zhang Heng's cold face.

Zhang Shuangshuang said, "Father, if you want me to break off the engagement, I won't agree because I didn't do anything out of line. I will break off the engagement only if the Li family announces the truth to the world and apologizes to me."

Zhang Heng raised his hand and slapped her. "Unfilial daughter, who do you think you are? Do you want the Right Censor-in-chief and his wife to apologize to you personally? Are you worthy?"

In Zhang Heng's eyes, Zhang Shuangshuang was a good-for-nothing.

After being slapped, Zhang Shuangshuang's eyes turned red. "Father, I won't compromise on this."

Zhang Heng was even more annoyed by Zhang Shuangshuang's insensibility. He looked away coldly. "I advise you to stop making a fuss. The Li family has sent a message. The third son of the Li family, Li Yuntian, is about the same age as you. He's not married and is good enough for you. If you want to continue making a fuss, go shave your head and become a nun. Choose one of the two options."

If she didn't marry Li Yuntian, she would have to shave her head and become a nun. They didn't give her a way out at all.

You Xuerou looked at Zhang Shuangshuang with a pitiful smile.

Zhang Heng could not be bothered to look at Zhang Shuangshuang. He waved his hand in annoyance. "Go and think about it. I'll give you three days."

After Zhang Shuangshuang and Qing Mei left, they continued to cry on their way back.

"Ahem, can you stop crying first? Listen to me before you cry any further."

Su Yanyu had been watching them for a while. How could they have so many tears to shed? He wanted to wait until they finished crying, but there was no sign of stopping.

Zhang Shuangshuang and Qing Mei were shocked and almost screamed.

Su Yanyu said, "Crying is useless. If it was useful, then everyone in the world only needed to cry. I'm not here to comfort people. Listen carefully and remember my words."

Zhang Shuangshuang looked at Su Yanyu and nodded.
