

Lucky Bride 534

534 Bloody Disaster

Hu Yu frowned. "Impossible."

Hu Yu felt a little uncomfortable. She felt that Liu Sanniang seemed to be able to see through her. Hu Yu had faced many masters with high cultivation levels, but had never felt this way.

Hu Yu was a little annoyed. "What kind of disaster are you talking about?"

Hu Yu wanted to see a teasing look on Liu Sanniang's face, but no matter how she looked at the young woman, Liu Sanniang's expression was calm as she let her size her up.

Hu Yu could only see sincerity and even kindness in Liu Sanniang's eyes. Hu Yu retracted her gaze. It was the first time they met. Why would Liu Sanniang show kindness to her?

Humans were the most sinister and cunning. This Miss Liu must be trying to bluff her and take revenge on her.

Hu Yu's mind raced, but she still paid attention to the change in Liu Sanniang's expression. In a short moment, she had already thought of countless schemes.

Liu Sanniang looked at Hu Yu and answered calmly. "A bloody disaster."

Hu Yu immediately stomped her feet. While she was angry, her face slowly became foxy. "You're talking nonsense. That's impossible. My mother will never face a bloody disaster."

Bloody disaster meant death. This was impossible. Her mother's thousand-year tribulation was at least 50 years away. It was impossible for her to die at this moment.

Hu Yu was anxious and frustrated, and her voice became sharp. She looked at Liu Sanniang, hoping that she would explain further.

However, Liu Sanniang looked away. "Let's go."

She came to save Su Yanyu and even accidentally found out where the flood dragon was cultivating. The most important thing now was to find the golden body of the flood dragon.

As soon as Liu Sanniang spoke, Liu Yuanyuan and the others immediately turned around and followed.

Su Yanyu walked behind Chu Yan closely. He looked at Chu Yan and really wanted to reach out and grab his sleeve. This way, he would feel safer. However, just as he grabbed it a little, he saw Chu Yan raise his hand. Su Yanyu immediately put his hand down.

As soon as Liu Sanniang and the others left, Hu Yu walked around anxiously in the cave. "Go and see if they've really left, or are they plotting something against me?"

The foxes left the cave and followed them. When they saw Liu Sanniang and the others going up the mountain without looking back, they followed them for a while.

After confirming that they had really left, the foxes returned to the cave and reported to Hu Yu. "Miss, they seem to have gone to look for the flood dragon. They went up the mountain."

Hu Yu was still in disbelief. "Is it really a coincidence that the person you captured is someone they know?"

"That looks like it..."

Although they did not want to admit it, it seemed to be the case. All of this was just a strange coincidence.

Hu Yu frowned and muttered. "How can I believe what she said if she doesn't even want to explain it?"

Foxes were paranoid. Even if Liu Sanniang really explained, she would only find it more and more unbelievable. She thought that Liu Sanniang was plotting something, but Liu Sanniang just left.

Hu Yu scratched the fox fur on her face in frustration. After thinking for a moment, she instructed worriedly. "Continue following them and see what they are up to. I'll go find my mother."

In this world, there had never been a lack of masters. There were many who cultivated to become immortals. There were many things that one could not be too careful about. Spiritual creatures with intelligence could cultivate and live for hundreds or thousands of years.

On the other hand, humans could only live for decades, and some were capable of seeing through fate. Hu Yu did not dare to be careless because she could not afford to take the risk. Even if there was a small possibility, she had to carefully confirm it and eliminate it.

"Miss, don't worry. We'll definitely get this done."

Hu Yu instructed sternly. "Don't get too close. That Miss Liu is very capable. Don't let her hurt you."

The foxes nodded. "Thank you for your concern, Miss. We'll be careful."

Hu Yu nodded and left the cave.

The foxes also left the cave and quickly caught up with Liu Sanniang and the others.

This stream was where the water source came from. The stream was clear and cool, and Liu Sanniang and the others walked up along the path of the water.

When they arrived at the dense forest, Liu Yuanyuan released a gust of smoke. The thorns in the forest fell to the sides, creating a path for people to pass.

Su Yanyu was a little afraid of Liu Yuanyuan. Just as he was about to call Liu Sanniang, he saw Liu Yuanyuan turn around and glare at him.

For some reason, Su Yanyu understood that Liu Yuanyuan was saying, "Behave yourself, or I'll eat you."

Su Yanyu forced a smile and nodded to show that he understood.

He was scared to death when he saw Liu Yuanyuan turn into a snake with his own eyes. He knew she was a demon whom he could not afford to offend.

Chu Yan held Liu Sanniang's palm and squeezed it.

Liu Sanniang smiled faintly.

The end of the stream was very far, almost reaching the top of Fo Ying Mountain. The temple on Fo Ying Mountain was located halfway up the mountain, but the stream extended all the way up to the top. The higher they went, the smaller the stream was. There were also many steep places that ordinary people could not climb at all.

As they walked, Liu Sanniang found some traces. "Someone was here."

Some vegetation had been cut by someone with a knife, as if to clear a path.

Liu Yuanyuan couldn't help but respond. "This person must be the one who destroyed the flood dragon's golden body."

Liu Sanniang nodded. Ordinary people would not be able to come up to such a place. Those who came must have a clear purpose. However, not only that, but they had also predicted that the flood dragon was going to transcend the tribulation.

The source of the stream was quickly found. It was a pool covered in mud.

Liu Yuanyuan stepped forward. "Let me take a look."

She rolled up her sleeves and reached into the pool before quickly taking out a golden statue. The golden statue broke open, but after Liu Yuanyuan blew a wisp of spiritual qi at it, the golden statue repaired itself. However, it quickly shrunk.

Liu Yuanyuan put it in her arms. "This is my golden body now. Thank you, Venerable Liu. Thank you, Venerable Chu. I, Liu Yuanyuan, will definitely do my best to protect your family."
