

## Lucky Bride 67

### Chapter 67: Arrogant Woman (Part 2)

In her previous life, there were times when she was worried. When she became old, she was afraid that she would be despised by others and did not want to cause trouble for anyone. Gradually, she stopped going out to meet people.

Hearing Liu Erlang's thoughts, Liu Sanniang felt really sweet.

Liu Sanniang was not worried about making a living. With her excellent embroidery skills, she could easily support herself.

She would not be a burden to anyone. When her eldest and second brothers got married, she would live with her parents and serve them.

Thinking of this, Liu Sanniang felt relieved.

Liu Dalang did not say anything. He only thought to himself. 'As the eldest brother, with me around, no one can bully my sister.'

Mr. Liu took a sip of wine and ate his food. He thought to himself. 'It's not a big deal. I don't want my daughter to get married and leave the family anyway. My wife and I are both healthy and we can definitely live to a hundred years. As long as I am alive, I will protect my daughter.'

Madam Wei was even more determined. She could afford to raise her daughter even if she did not marry for the rest of her life!

In the next few days, women came to Madam Wei one after another and told her that they could not matchmake her daughter. When people heard that it was Liu Sanniang, they would shake their heads and say that they didn't want an arrogant daughter-in-law like Liu Sanniang.

Madam Wei was furious, but she knew that she could not offend the matchmakers.

Liu Sanniang did not go out for a long time.

Her reputation for being arrogant spread again.

She could often hear Madam Wei's thoughts.

'That old b\*tch, Madam Wang, actually dared to slander my daughter behind her back. Doesn't she know what kind of person her grandson is? No matter how much money he earns, it's not enough for him to gamble with. She actually dared to say that my Sanniang's standards are too high. Doesn't she know what kind of a scum her grandson is?'

'Liu Shun's mother is not a good person either. Without evidence, she actually accused Dalang of hitting her son.'

Madam Wei was angry for a long time.

In the blink of an eye, it was June.

Liu Sanniang became calmer and calmer. During this period of time, she made clothes for each of the family members.

After putting on the new clothes, the family was very happy. Liu Sanniang looked at her parents and two brothers who were wearing the new clothes and felt as sweet as honey.

Her brother was going to officially marry Tang An and the new clothes came in handy.

Madam Wei was also very satisfied.

Liu Erlang could not sit still at all. After putting on his new clothes, he went out for a walk.

However, in recent days, he had offended many people whom he used to be on good terms with. He could not find anyone to show off his new clothes to.

As Liu Erlang walked, he suddenly thought of someone. It just so happened that his family needed a pair of tongs.

When Liu Erlang arrived at Chu Yan's blacksmith shop, he stood up straight and asked. "Can you make me a pair of tongs?"

Chu Yan glanced at Liu Erlang and his eyes darkened. "Yes."

Liu Erlang chuckled. "Then make me one."

Chu Yan replied calmly. "Alright."

Liu Erlang cleared his throat and went straight to the point. "Chu Yan, look at my clothes. Look at this embroidery. It's beautiful, right?"

Chu Yan looked at Liu Erlang. Liu Erlang was handsome. His clothes were very fitting and nice. It was obvious who made them.

Chu Yan looked away. "Yes."

In his mind, he could picture Liu Sanniang making the clothes with her slender hands.

The woman who had once been arrogant in front of him had become the gentle and beautiful Liu Sanniang. Her appearance was already different, but she was still her.

He always knew his identity. He was Chu Yan, and also Long Yi. He was here to help her return to the throne!

Chu Yan turned around and entered the house. He didn't want to talk to Liu Erlang, but Liu Erlang clearly didn't notice it.

He followed behind Chu Yan and said, "Chu Yan, let me tell you, my sister has been embroidering for a few months. Everyone in my family has a new set of clothes. The patterns are all different, but I think mine looks the best."

Liu Erlang was confident. "Do you know why? That's because I'm the most important in Sanniang's heart, so mine is definitely the best."

Chu Yan was speechless.

He really did not want to talk to this idiot.

Chu Yan ignored him, but it did not stop Liu Erlang from showing off.

Liu Erlang was different from others. He did not need anyone to respond. What he needed was for others to listen to him.

After Liu Erlang was done showing off, he finally changed the topic back to the pair of tongs. "Then when you're done making it, I'll come to take it. How much does it cost? Do you want me to pay you first?"

Chu Yan said calmly, "No need."

He just wanted Liu Erlang to leave. If he didn't, he'd probably manhandle him out.

After showing off, Liu Erlang left in a delightful mood.

Chu Yan looked at Liu Erlang's back and narrowed his dark eyes. He closed the door and returned to his home in this world.

When Madam Li saw Chu Yan, her heart skipped a beat. He didn't even make a sound when he walked.

The woman who was talking to Madam Li looked at Chu Yan with a complicated expression and the corners of her mouth twitched.

Madam Li was afraid that he would say something, so she immediately smiled and said, "You're back. Are you hungry? If you're hungry, I'll fix you something to eat immediately."

Chu Yan did not even look at Madam Li and went straight back into the house.

Madam Li patted her chest. She was freaked out.

Matchmaker Zhao revealed a confused look. "Your child is so extraordinary-looking. Why do you want him to marry that kind of woman? In my opinion, with your child's looks, he can even marry an official's daughter."

Madam Li said she would be satisfied as long as her future daughter-in-law was a woman.

Chu Yan had a blacksmith shop, so he naturally made a lot of money. With his conditions, those who were not good enough were not worthy of him.

Madam Li smiled and held Matchmaker Zhao's arm. "Let me tell you something. My child is crazy. No girls can tolerate him. Although he's good-looking, there's something wrong with him here."

Madam Li pointed at her brain.

Matchmaker Zhao couldn't help but ask. "What's his problem?"

Madam Li lowered her voice and said, "He is really violent. Although I'm his stepmother, I don't want to see him without anyone by his side for the rest of his life. I just want to find someone who can endure his temper."
