Chapter 79: Let Me Play For A While Before Dealing With Them

Kongling said, "People who die with strong resentment will become vengeful souls."

Su Yanyu clicked his tongue. "I see. Then are these easy to deal with?"

Kongling smiled. "They're nothing. It's not difficult to deal with them."

Su Yanyu said with interest, "It's not difficult to deal with?"

Kongling nodded. "Not at all."

With a few Ghost Expelling Talismans, they could easily be suppressed.

Other than making the men go crazy, the vengeful souls couldn't harm people at all.

Su Yanyu smiled. "If it's not difficult, let me watch the show for a bit longer before helping them."

Su Yanyu had completely forgotten that it was also said in Wei Shilai's report that the crazy men in this village were all guilty of killing their own daughters. No matter what method they used to kill, they were all murderers!

Su Yanyu's interest was piqued and he had already gotten the servants to prepare the feces and urine.

The servants did not dare to disobey.

When Wei Shilai came to Su Yanyu, he saw that Su Yanyu was already fooling around.

Su Yanyu smiled at Wei Shilai. "Magistrate Wei, come, come. An unprecedented show is about to begin. This is all real. It's much better than watching the opera."

Su Yanyu's servant held a bowl of feces and shit. "Come, come, come. It's still fresh. Hurry up and eat."

Su Yanyu laughed out loud. "That's right, that's right. It's still fresh. Hurry up. I'll save whoever eats first. You heard it just now, right? You're being possessed by vengeful souls. The masters I invited are different from the ones you invited."

"Master Kongyu, show them what you're made of."

Su Yanyu stopped smiling and pointed at someone with his fan.

Kongyu took out a talisman from his pocket and held it between his fingers. He looked at the person Su Yan was pointing at. His lips moved, and the talisman seemed to come alive as it flew towards that person. When the talisman touched his body, the man cried out in pain, "Ahhh, I'm on fire."

But after two seconds, the man shut up and his body was under his control again.

The man was overjoyed and quickly kowtowed. "Thank you, Lord Su. Thank you!"

When the others who were still hesitating saw this, they seemed to have seen hope. They kowtowed to Su Yanyu.

Su Yanyu smiled evilly. "It's not that I don't want to save people. Didn't I just say that I'll save whoever eats faster?"

He had seen many dogs eat shit, but he had never seen any human eat shit.

Wei Shilai couldn't bear to look at the scene. It was extremely disgusting.

Su Yanyu was probably disgusted as well. He waved his hand and said, "Alright, alright. It's so disgusting. Hurry up and deal with these vengeful souls so that I can convict these men tomorrow."

He had already seen what he wanted to see. After his curiosity was satisfied, Su Yanyu felt disgusted.

Hearing his instruction, Kongyu and Kongling were ready to suppress the souls.

However, the men who were gathered together suddenly ran away and scattered.

As they vomited, they shouted. "Lord Su, help!"

When Su Yanyu saw this scene, he was amused again. "Interesting, interesting."

Looking at the men who were crawling like animals, crying and screaming, Su Yanyu laughed out loud.

Wei Shilai frowned but he couldn't do anything.

Lin Zheng stood beside Wei Shilai and frowned, furious that Lord Su did not treat these people as humans.

Kongyu and Kongling chased after those who had lost their minds.

Su Yanyu occupied a farmer's house while his servants went to fetch whatever food the farmer had.

This family was angry but did not dare to say anything.

Su Yanyu sat in the courtyard and took out some silver. "Everything in your house today belongs to me. Once I leave, it will still be yours."

There must be at least twenty taels of silver, which was equivalent to a few years of income for an ordinary farmer. The farmer instantly looked happy and said with a fawning smile, "Lord Su, feel free to use my house."

Wei Shilai did not say anything.

There were countless ways for rich and powerful people to have fun. What Su Yanyu did was not the most horrendous.

In less than two hours, Kongling returned and said to Su Yanyu, "My Lord, it's settled."

The Ghost Expelling Talisman had dispersed all the vengeful souls.

Su Yanyu nodded. "We'll stay here tonight. We'll capture them tomorrow morning and return to the capital. This place is disgusting."

After having fun, he felt revolted wherever he looked.

The servants cleaned up the rooms and cooked for him.

The hundreds of soldiers he brought were also guarding the village.

Su Yanyu no longer had the mood to play around. Wei Shilai heaved a sigh of relief. As long as Su Yanyu could capture these men and convict them, Wei Shilai couldn't less how he wanted to have fun.

At midnight, Su Yanyu was enjoying the most organic food fresh from the farm.

No one in the village noticed that fog was slowly rising.

As for the guard outside the village, when the village was shrouded in fog, they realized that something was wrong. "Officer Zhou, Officer Zhou, look, there's fog rising up. It's so thick."

Officer Zhou was a little sleepy, but hearing that, he immediately perked up. He rubbed his eyes and said, "What's going on? Magistrate Wei is still inside. I'll go in and take a look. You guys stay here."

"It's too late. Look, the fog is already spreading over."

The fog had already enveloped the entire River Village, including the bridge. Officer Zhou looked at the fog in front of him and squatted down to touch it. "Where's the bridge? Why can't I feel it?"
