

Lucky Bride 84

Chapter 84: Coming of Judgment (Part 2)

As long as people were no longer afraid of the vengeful souls and killed them again, they would truly disappear from this world.

Liu Sanniang said nothing. She looked up at the sky.

According to the time, it should be dawn now, but it was still dark, as if something had covered the sky above River Village.

When Su Yanyu heard Kongling's explanation, he found it a little amusing. He smiled and said, "You mean that these vengeful souls will completely disappear after they are killed again?"

Kong Ling nodded. "Yes."

Su Yanyu kicked Su Changde who was beside him. "Squat down. I want to sit and watch."

After knowing that there was no danger, he became interested and watched the scene with a smile. The servants immediately went to get some snacks for Su Yanyu to eat while watching.

Although everyone thought that it was inappropriate to watch the show, none of them dared to say anything.

Wei Shilai had never seen such a scene in his life. He could not quite describe how he felt.

Blood was splattered everywhere. The men and women in River Village seemed to have gone crazy. They cursed and beat the children who couldn't resist, to death again.

Wei Shilai closed his eyes. He could not bear to watch it.

Lin Zheng was the same. He was furious. Clenching his fists, he said to Liu Sanniang in a low voice, "Miss Liu, please do something."

Lin Zheng did not understand why they hated their own daughters so much. They had already killed them once, why would they kill them again?

Liu Sanniang sighed. "Wrong, they're all wrong. Their resentment is increasing."

Lin Zheng opened his mouth, not knowing what to say.

Liu Sanniang said slowly, "I won't do anything. These children are already too miserable."

Liu Sanniang's words attracted the attention of Kongyu. He looked at Liu Sanniang. "What do you mean by that we're wrong? The resentment is about to dissipate. How is it becoming stronger?"

Liu Sanniang looked at Kongyu. "It was wrong to kill them the first time. It was wrong not to feel guilty when they returned. It was also wrong to kill them the second time."

Kongyu frowned and smiled disdainfully. "Miss Liu, you probably don't understand the situation. Look at these villagers. They've overcome their fear. Look at those vengeful souls. It's not that they can't fight

back, but they're suppressed to the point that they don't dare to fight back. If they're killed this time, they'll disappear forever."

Liu Sanniang said nothing.

Kongling was a little displeased, but he did not want to argue with Liu Sanniang.

Liu Sanniang walked to Wei Shilai and said, "Sir, it's going to rain. Let's go in first."

Wei Shilai looked up at the gray sky. He could not tell if it would rain, but he believed Liu Sanniang and followed her into the house.

Lin Zheng frowned and entered the house.

Outside, there were countless curses. These little girls were their daughters, but now, they wished they could eat their flesh and drink their blood.

Su Yanyu clicked his tongue. "That man is really ruthless. With a slap, he broke his daughter's hand into several pieces."

Su Yanyu was just watching the show.

The fog outside seemed to have thinned a lot, and the cursing had gradually subsided.

At this moment, it rained.

The rain quickly turned into a downpour. The people who were originally in a rage seemed to have vented all their anger. They stood up and went home cursing.

Even from afar, one could still hear their curses.

It turned out that these vengeful souls were defenseless. They wouldn't fight back even if they were beaten to death. Previously, the villagers didn't know about it and were almost scared to death. Now, they weren't afraid anymore.

After personally killing the vengeful souls, they were all very excited.

Su Yanyu, who had watched enough, was extremely disdainful of the sleazy environment. "When the rain stops, we'll go out and get these lunatics up to join the army."

The servant nodded and praised him. "Lord Su, that's a wise idea."

On the other side.

Wei Shilai looked at the rain that was gradually stopping outside with a heavy expression. "I must report to the emperor to punish these guilty people."

Liu Sanniang looked outside. "Let's talk about that if we can get out alive."

Wei Shilai was shocked. "Miss Liu, what do you mean?"

Lin Zheng was also shocked.

Liu Sanniang stood up. "You'll understand once you take a look outside."

Wei Shilai quickly walked out. As soon as he got out, he was shocked.

After the rain, the girls who had become vengeful souls came to life again. They had chilling smiles on their faces. Their eyes were dark and terrifying as they ran towards their homes.

The soldiers guarding outside were all shocked. They drew their swords, but the girls did not seem to see anyone.

One by one, they came to life and ran home. Even those who were only a few months old crawled over.

The soldiers looked at each other, and the leader immediately ran to report to Su Yanyu.

Su Yanyu came out in a hurry. When he saw this strange scene, his hair stood on end. "Has the fog dissipated? Can we get out?"

As long as he could get out, he didn't care if these people lived or died.

Kongyu and Kongling's expressions also changed. "The vengeful souls have revived. They will slaughter this village."

No one in this village would survive. Those the vengeful souls hated would die first, but when the people they hated died, they would kill the others who were alive.

"Ah..."

After the first one who saw his dead daughter come to life again, he screamed. Then others started shouting as well.

There were also all kinds of curses. They had already killed their daughters twice. Was there going to be a third time?

Screams pierced through the sky. There were cries and the roars of men. It sounded as if they had taken something and smashed it on their bodies. The thick smell of blood spread all over. The screams slowly died down. Bean-sized raindrops started falling again and quickly gathered into a downpour.
