Lucky Collision (Evans and Martin Robinson) Chapter 10

Chapter 10 Excuse Me, I'm Not Here For You

Evans paid after they finished their meal.

199 dollars. The amount was quite expensive for him who had just earned a hundred thousand dollars. However, he still paid for it.

Both of them went to the grove behind the school building.

—

“Evans, there are too many mosquitoes, shall we go back?”

“Evans, don't do that. We've crossed the line.”

“No, Evans. It's my limit.”

Evans decided to send her back to the dorm after 10 minutes.

Zoe looked at the red bumps on her legs that were bitten by mosquitoes, “I'm never going to these places next time.”

“Let's go to the hotel, I'll buy some ointment for you.” Evans felt apologetic. He did not expect their first date to be a bad experience.

I don't understand those who always go to the grove. The environment doesn't bother them?

Zoe rolled her eyes.

Do you still have the mood to help me with ointment once we're in the hotel? I don't want to sleep with someone before being a couple.

Evans gave up finally.

He did not bother to go to the classroom as there were no important classes in the afternoon. He stared at his hands and recalled what happened in the grove repeatedly.

Zoe's body is heaven. My child won't starve in the future. It's not bad that I could achieve this during the first date. Zoe is indeed nice to him.

A message notification from Zoe popped up on his phone.

“Piggy, what are you doing?”

What did she call me? Didn't she call me Evans just now?

“I'm thinking about you.” Evans texted back.

“Really?”

“Of course!”

“Okay, I’m thinking about you too. Don’t do that next time. We’re just getting started after all.”

“Have you ever played games?”

“What does this have to do with games?”

“It seems like you have never played any games. It’s like you’re already at intermediate level but you have to start all over again. It’s very devastating!”

“Whatever! Without my permission in the future, you are not allowed to grope around.”

“You’ll lose me. Cool, as long as you let me have a little bun. I promise I won’t do anything else.”

“...”

Seems like she agreed to it. Evans snickered.

He felt like going on a date with Zoe again, but she refused. She went offline after telling Evans she had a dance class in the afternoon.

Evans opened the stock trading software when it was almost 3 PM.

Yeah! Skylight stocks soar high in a straight line! It reached the upper limit and closed at 8.87%. Awesome!

My 38 thousand dollars became 45 thousand dollars. I accumulated 115400 dollars. It’s not necessary to buy two stocks with so little money.

Should I celebrate with Zoe since I’ve earned some money again?

Evans habitually looked out of the window.

Da mn!

Amelia was spying on the boy’s dormitory with binoculars. Evans was frightened and hurriedly pulled up the curtains.

What the hell is wrong with this Amelia girl? She’s so thirsty for boys. We had to protect ourselves better.

At 5:30 PM, classes were over.

Evans came to the dance room, wanting to give Zoe a surprise.

In the dance studio, dozens of girls were wearing tight practice clothes and doing difficult dance moves. Zoe stood out the most. Evans couldn’t take his eyes off her.

As he was watching, Angelina came out from the piano room.

She froze after seeing Evans.

“How did you find your way here? Come on, I happen to have something to tell you.”

“Huh?”

Angelina was not surprised to see him dumbfounded. After all, most boys had the same expression when they saw her. She was already used to it. Ever since she bumped into him, she frequently saw him. Angelina knew Evans was using this method to get her attention.

Seeing Evans was quiet, Angelina knew that she had guessed correctly.

“Don’t waste your time on me. I’m not going to say yes to any confessions. If it’s about the accident, I can compensate you with some money. But you seemed to be fine...”

“What do you mean?” Evan finally reacted.

“Isn’t it obvious? What are you doing here?”

Angelina was arrogant and icy cold, which made many people who were interested in her step back. Evans was not the type that she liked too.

After knowing what she meant, Evans smiled.

“Excuse me, I’m not here for you.”

Angelina shook her head. Hmph! Acting again! If you’re not here for me, would it be such a coincidence? I run into you everywhere I go. Aren’t you the one trying to get my attention with this method? Childish!

Evans realized that there was no way to reason with her. Fortunately, Zoe came out in time.

“Evans? Why are you here?”

Evans stopped talking to Angelina and naturally wrapped his arm around Zoe’s waist.

“I came to pick you up. Come on, let’s have dinner.”

Zoe’s body stiffened. She wanted to slap Evans’s hands. However, when she saw Angelina’s astonishment, she stuffed the clothes that she was holding into Evans’s arms.

“Okay, but I have to go back to the dorm first to take a shower.”

Looking at their distant figures, Angelina was petrified.

Evans didn’t expect that after Zoe went back to the dorm, she refused to come out again.

Evans: Babe, let’s go out for dinner!

Zoe: What you want for dinner is me.

Evans: I swear that I will send you back to the dorm after that.

Zoe: Another day. I’m on a diet.

Evans had to give up pestering her. She's such a nice girl. In another way, she's helping me to save up.

When he returned to the dormitory, Larry and the others were back.

Larry said excitedly, "Let's go, tonight is my treat. I earned another three points on the stocks I bought today."

"Forget it! That's just very little!"

"I'm stepping towards my billionaire life! Cherish our time together now. It'll be hard for you to see me later in life!" Larry boasted.

They didn't stop him from boasting because today was the first day he made money from the stocks.
