Luna Lola-The Moon Wolf by Park Kara

Chapter 129

Lola's POV

Cleaning up has never felt so good. I took my time to use all of my girly products, trying to keep my intrusive thoughts at bay. Jasmine wasn't helping either but I understand how hard this must be for her.

"If only Adrian hadn't been a fool and had accepted us sooner, we won't have this problem now", Jasmine sulked and it took me a lot of patience to calm down.

If I could see her physically, I'd have slapped her by now, I swear to the moon goddess.

"We'd have to choose anyway. I don't understand why you're trying to push the blame around", I snapped at her. "It had always been our destiny, it's time you realized that", I basically screamed at her and she whimpered.

She needs to stop being this way about what's going on with us. We've always been dealt the bad hand in life. At least, we'll be keeping the people that make us happy safe with the decision I made.

"I hope you're not telling Daxon anything?" I asked her after a moment of silence. "I'm not dumb, I don't want him to worry about me", she

answered, sulking and I nodded my head.

Taking a deep breath, I stepped out of the bathroom ready to enjoy my day without anything standing in my way.

I picked out a cute, black, flare skirt and matching black, crop top. I paired it with a nude sandal, applied mascara and eyeliner, put on a little lip gloss and twirled in front of the mirror.

Not looking like my problem? Check.

I picked up my phone that was on

the dresser and turned it on to see that I have loads of messages from Lyla and Avianca. Most were texts from the day I saw them last. The most recent ones were from Lyla and it said;

“Girl, I heard you’re awake now and you don’t think you should have texted me first????? Do you know how worried I was when you decided to become a sleeping beauty and sleep for two days?”

“Two whole days, bitch. Adrian said you were just knocked out and I understand that you went through a lot, but two days???”

I laughed and kept reading through her messages as I went downstairs. Lyla can be so dramatic.

“You finally got your true love kiss and you still did not text me?”

“You know what? I’m going to show up at your house. My baby demands to see her godmother“, her last message read. I was almost at the base of the stairs when I read her last message.

I was about to reply to

her when I looked up and saw five pairs of eyes looking at me. How did I miss their breathing? Avianca, Lyla, Nathan, Rose and my very breath-taking mate all stared at me.

He had changed his clothes and his stubble that was present this morning was gone, giving him a boyish

charm. I felt him poking at our mindlink and let down my block.

“You look so beautiful, my Queen“, he said and I felt myself getting redder. His Queen? That’s new, not that I like it any less. “You look breathtakingly handsome yourself“, I told him and he smirked at me. “Have you always been this gorgeous?” I added and it was his turn to become red.

“I hope to the moon goddess that you’re about to text or I might end your myself“, Lyla spoke up from her position on the chair, breaking our little moment and I chuckled a bit..

“She just laughed at me, guys“, she said looking around, talking to no one in particular. She tried to stand up but her protruding stomach hindered her from getting up easily. Her display just caused everyone to laugh.

“Nathan, help me up“, she snapped at her mate but he refused too. He just stared at her like she is the best thing in the world. I looked over to Adrian and he had that look in his eyes too, making me flush with pride

“I swear to the moon that if you don’t help me up this instant, I’ll impale myself on any sharp metal I see. It’s so obvious you don’t love me at all“, Lyla threatened Nathan and all blood drained from his face in horror. I went over to where she was sitting and pulled her into a side hug.

“You have to stop threatening him with your life, bitch“, Avianç a said and I laughed as she fumed and tried to get out of our hug

“Avia is right. You don’t want my beautiful goddaughter to get used to violence, right?” I rubbed her belly and she relaxed into the hug.

“I missed you too, Lyla. I’m not going to allow anything to happen to me again. I have to watch my goddaughter grow, no?” I said gently and she

broke down into tears.

“Damn these stupid hormones“, she said as she furiously wiped her tears. “I don’t want to cry at all. In fact, I’m so mad at you right now“, she poked at my chest as she talked but I just held her close.

“You’re going to drill a hole in her chest at that rate“, Avianca said as she sat on the other side of her and joined our little hug session. “I was feeling left out“, she said before we all hugged again.

“You have to promise me that you’ll be here to watch my baby grow“, Lyla said after a while and I nodded. “Good! You also have to give me four godchildren to spoil“, she smiled and leaned her head on my shoulder.

“Why are you going to be the godmother to all her children?” Avianca said and pouted from her side of the chair. “You know I want to be their godmother too. We’re going to share them equally. You’ll be godmother to the two boys and I’ll be godmother to the two girls“, she said with a firm nod of her head.

“Why am I getting the boy? And how do you know that they’re going to be two each?” Lyla questioned with her hands crossed over her chest.

“You’re getting the boys because you’re very violent and I just know that they’ll be two each, durhhhhh”, Avianca said and poked her tongue at her.

“Did anyone see her poke her tongue at me?” She looked around, soliciting for support. The whole time, the whole room looked at them with a huge smile on their faces.

“There, there. I’ll be your child’s godmother, Lyla. You’ll both be godmothers to my children, how about that?” I asked and they both nodded before moving onto another conversation real quick like that never happened.

“Liar”, Jasmine said in my head but I ignored her.

A pang went through my chest but I shook it off. I’m making the best decision for everyone. These people mean the whole world to me and I’d do everything to protect them.

Adrian’s POV

It was so nice to see her bickering with her friends like nothing happened. She looked so happy but I could tell that something was wrong. Call me paranoid but I could feel it around her that she was hiding something from me.

The way she seemed to stare off into space sometimes. The little changes in her emotions. The way her eyes suddenly clouded with sadness. I just knew something wasn’t right.

“Do you think it has something to do with what the moon goddess said to us?” Daxon asked in my head. “Jasmine has been off too, I think Lola is just hiding it well. I hope to the moon that whatever she’s hiding doesn’t break us when we find out”, he said and I sighed internally.

Could it be what the moon goddess said to me?

The day after we had the shower session, I was awake earlier than I normally would and went to workout for a bit. I ended up spending more time

than I intended and expected her to be awake by the time I came back but she wasn’t awake.

Thinking I overused her body, I went to prepare breakfast and brought it to her in bed but she still wasn’t awake. I wanted to wake her but I got pulled into a garden when I touched her hand.

everything was serene and peaceful. I wished I could stay in the garden. forever.

“Welcome Adrian“, a soft angel–

like voice said from behind me and I turned to face the most beautiful creature I’ve ever laid my eyes on.

Lola will always be the most beautiful woman in my eyes but something about this woman screams supernatural. She was ethereal and perfect, not a single thing out of place around her.

“Have we met? A great grandmother or something?” I asked and she laughed heartily. “Who knew you could be this funny?” She said, still laughing slightly and I felt very silly.

“Way to go human“, Daxon teased and I became slightly red. I’m not always like this, what is wrong with me?

“I’m not your great grandmother, Adrian“, the woman in front of me said. “But you know me anyway. I am Selene and you’re here in my garden for a reason“, her goddess-like voice reached my ears.

Wait, goddess like? Selene? Her garden?

She must have seen the question on my face because she spoke up. “Yes, I’m the moon goddess“, she said with a smile and I bowed before her.

“It’s an honor to be before you, Selene“, I said and she chuckled slightly. “Please rise“, she said and I straightened my back.

“I’ll go straight to the point“, she started, “I brought you here to talk about the oncoming war“, she said and I raised my head to look her in the eyes.

“If you’re going to win the war, it’s going to come at a huge price but the price to pay is what is not known“, she said with a troubled look in her eyes.

“I’ll do whatever to protect the people around me. I don’t care what the price is“, I blurted out without thinking first.

It was true though. I’ll gladly do anything to ensure the safety of my mate, my mom and my pack.

“I know you will. All you have to do is support Lola in whatever decision she makes concerning the war“, she said and I nodded.

“You should go now“, she smiled at me but it was a sad smile. I bowed before her and she nodded her head in acknowledgement.

“One more thing“, I raised my head to look her in the eyes, “Lo la might take a while before she wakes up“. I was about to talk but she held her hands up.

“She’s also in this garden but we have more important matters to attend to“, she said, making me relax a little. “Now go, child. And remember, you must support all that she does“, she said.

I wanted to speak but I couldn’t say a thing before I got pulled under again.

When I opened my eyes, I was beside my beautiful mate. She seemed relaxed and at peace and I gently placed a kiss on her forehead. At least I know that she hasn’t left me.

“Thank God I made enough food for everyone“, Mom said and Lyla

clapped excitedly, making everyone laugh. Lately, she has been eating a lot and her emotions are always everywhere but she makes my mate happy, so I just let her be her own person.

I looked at my Queen beside her and smiled. I couldn’t help but imagine her pregnant when she talked about having kids and god mother with her friends.

“I really can’t wait for this war to be over so that we can start a family of our own“, Daxon said in my head and I agreed with him.

Mom stood up first and

Avianca followed her to help her set the table, followed by a wa

ddling Lyla supported by Nathan. My mate was the last one behind and she waited for everyone to leave before she came to me. I was expecting everything but what she did next. She sat on my lap and wrapped her hands around my shoulder while she placed her head in the crook of my neck. I wrapped my hands around her waist and breathed her in.

“I missed you so much“, she whispered into my ears and I shivered slightly. “You did, didn’t you?” I whispered back since I was at a loss for words. She just fries my brain like that. “Want to go on a date with me tomorrow?” She asked and I was taken aback. I love this side of her but another voice in my head was saying that this is just the calm before the storm. I nodded and gently rubbed her back. “You know I will love to go on a date with you, my Queen. All you have to do is ask and I’ll do anything for you“, I told her and she smiled against my skin making me grin like an idiot.

“Technically, you’re an idiot in love“, Daxon teased but I ignored him.

She opened her mouth to speak again when Avianca interrupted us. “Not to interrupt but we’re all waiting for you so that we can start eating. Lyla is having a fit right now because we have to wait“, she said with her hands on her waist and I glared at her.

“Of course, you did not ruin anything at all“, Lola said sarcastically. Avianca shrugged her shoulders and went back the way she came from.

“We should get you fed. We’ll talk better later, hmmm?” I told her and she nodded. She dropped a chaste kiss on my lips and ran into the kitchen.

I smiled before going after her. This woman is going to be the death of

Lola's POV

Breakfast or should I say, lunch was very fun and eventful. Lyla was a drama queen the whole period and I pitied poor Nathan. I wondered how he still put up with her.

She first threw a tantrum when Adrian and I entered the kitchen. Her fork was already in her food and she looked like she was going to burst from anger.

"I'm so sorry we kept you waiting, guys. We can start eating now", I smiled sheepishly at everyone as I took a seat beside Rose while Adrian sat next to me.

"I'd have thrown this fork at you if I wasn't so ready to eat", Lyla glared at her seat but I just grinned at her. She rolled her eyes and dug into her food immediately, smiling after she took the first bite.

I swear that no one changes emotions as much as she did in the span of a minute. The next moment, she was crying because the food was too good and Nathan never cooks for her like that.

In her words, "You have been starving me of good food since I became

I wasn't doubting her ability to actually move from Nathan's home and come stay with us. Rose seemed to have the same thinking since she looked towards Nathan for help.

"Kitten, you know that I'd do anything for you", he said as he pulled her closer and gently rubbed her back. "I'll get the recipe from Rose and make it for you", he smiled at her and she wiped her face with the back of her hand.

"Are you sure you'll do that for me?" She asked again and her mate nodded eagerly. She clapped her hands happily and went back to her food like nothing happened.

I looked towards Avianca and she shrugged her shoulders. Adrian was shaking with laughter and it took all of my willpower to not burst out laughing.

The rest of the lunch went well until I felt hands roaming my thighs. I almost choked on what I was chewing and the culprit was the one who gave me water and patted my back.

"What exactly are you doing, young man?" I asked him through our mind link and he had the guts to smirk at me. "What do you mean by that, baby? I'm not doing anything at all", he replied to me, his hands still rubbing my thighs and I glared at the side of his head.

His hands inched forward and my breathing quickened. Jasmine purred seductively in my head and wetness started pooling in my panties.

I tried to eat my food without choking but it was hard. I tried to mindlink him but his wall was up and he refused to let me in. That sly Alpha.

Rose must have noticed that something was wrong with me because I was pushing my food around my plate while trying to regulate my breathing. I just prayed and hoped that my arousal was masked by the aroma of food.

“Are you okay, pumpkin?” She asked and all eyes fell on me, including the cause of my predicament. “I, I, huh, I’m, I’m fine. Just a bit tired, that’s all”, I managed to get out and they all looked at me weirdly

“Do you have a fever? You look so red right now“, Avianca said with a knowing look in her eyes. I was about to answer her when Adrian’s finger brushed my clit. I let out a moan but covered it up with a cough.

“I think I just need to lie down“, I rushed out. I stood up suddenly, and walked out of the kitchen. I heard him say “I’ll go and make sure she’s okay” and a “Thank you for the food, mom” before he followed me.

I entered our room and went straight to the bathroom, locking the door behind me. He turned the knob and started knocking when he couldn’t open it.

“Lola, baby, I’m sorry. I just wanted to make you feel good, I should have asked you if you wanted something like that in the first place“, he said with sadness evident in his voice but I refused to open the door for him.

He’s going to pay for what he did. With that thought in mind and an evil grin on my face, I walked towards one of the bathroom counter drawers where I kept some stash of lingerie and picked out a sexy red lingerie.

It was one of those ones that Lyla made me buy on one of our shopping spree. It was a lacy two piece with garter. The top left nothing to the imagination and the bottom was crotchless.

He was still knocking at the door and threatening to tear it down but I paid him no heed. Let him suffer for a while before he gets what's coming for him.

After putting on my outfit of choice, I ruffled my hair a bit till I was satisfied with how I look. I then applied lipgloss to make me look and feel sexy.

“Oh la la“, Jasmine exclaimed in my head and I laughed internally. I looked good and I could only imagine the effect it would have on Adrian. when he sees me.

“I know you can hear me baby, I can hear you moving around in there. Just tell me something, anything“, he pleaded desperately but I ignored him while laughing quietly. The thought of him begging on his knees. came to mind and I felt hot all over.

“Woah there, freaky. I thought I was the horny, dirty-minded one” Jasmine said and I laughed. “You can't tell me then that you haven't imagined him on his knees begging to touch us?” I asked and she squealed in delight.

Dirty, horny wolf.

“You either open that door or I'm breaking it down, Lola“, he threatened and I just knew he was going to do it.

Removing my slippers, I walked bare-footed towards the door and opened it just as he was about to slam his body into it.

He opened his mouth to say something but stopped when he saw what I was wearing.

His pupils were dilated and I giggled at the look on his face. His hands, laid limp by his side, his lips parted and closed but no sounds came out of them. His pupils were dilated and his dick stood proudly in his pants.

At the sight of his engorged cock, my mouth watered and I wanted to taste him so bad. I walked slowly to him, making sure that our eyes were locked the whole time.

I wrapped my hands around his neck and pulled his head closer to mine. I locked eyes with him and parted my lips like I was about to kiss him but I whispered in his ear instead.

“You were being bold and bad roughly 20 minutes ago, baby. Can you get your tongue?” I said softly and he groaned before holding me closer by my waist.

I could feel his dick pressing into my skin and a sense of pride that I was the one who made him that way with a glance overwhelmed me. I palmed him and softly bit his earlobe, to which he responded by smacking my ass cheeks before grabbing them.

“It’s broad daylight and Mom might check on you anytime soon since you claimed you were not feeling too good. Are you sure y

“Whatever my Queen wants, my Queen gets“, he responded with a pant, his dick pulsing against my stomach steadily.

“You really mean that, right?” He nodded his head eagerly and I giggled. “You can’t take it back, I hope you know that?” I asked him again and he nodded.

“Get down on your knees“, I whispered in his ear and he froze.

“You can’t do that? Whatever I want, I get, remember?” I continued to whisper in his ear and his body started shaking slightly.

Slowly, he moved back from me and went down on his knees, maintaining eye contact the whole time. I grinned at him and rubbed his chin before placing one of my legs over his shoulder.

He was still tall while kneeling so I almost fell while placing my legs on his shoulder. He steadied me and looked down to correctly place my leg over his shoulder. His eyes widened when he saw my crotchless panties and the wetness that was already pooling at my entrance.

“Like what you see?” I asked sultrily and he nodded, his eyes never leaving my pussy lips. “Good boy“, I moaned out and he groaned like it pained him to watch me without being able to devour me.

Will that not be unfair?” I spoke to him in the manner a mother will speak to their child and I saw the conflicts in his eyes.

He was so turned on, yet he wanted control. Jasmine was purring in my head and I was loving every moment of it. I’ve always wanted to be in charge, no better time than now.

I took my leg off his shoulder and stepped away from him. He made to stand up but I gave him a nasty look.

“I don’t remember telling you to get up, Daddy“, I told him as I walked towards the door, “stay right there and be good for me“.

I locked the door and went to lie down on the bed, spreading my legs as far as they would go, my glistening pussy on display.

“Crawl over and get what you want, Daddy“, I called out to him and he wasted no time actually crawling over. Even while being under my command, he looked so hot and authoritative and I slowly lost the will to be in charge.

I suddenly wanted to be controlled. He locked eyes with me as he took my legs and placed them on his shoulders. Without warni

ng, he covered my lower lips with his hot, sinful mouth, his tongue plunging into my hole repeatedly without stopping.

I moaned loudly and fisted his soft locks as he fucked me with his mouth. I tried to move but he firmly held me in place with one of his palms placed over my lower stomach.

My legs shook uncontrollably when he plunged two of his fingers inside me and sucked on my clit. I was moaning loudly while begging him to have mercy but he did not stop. He fingered me wildly till I came all

I closed my eyes as he stood up with a look of determination on his face. I just knew I was fucked. I heard sounds of clothes being discarded and mentally prepared myself for what was about to come.

“Open your eyes, baby“, his deep voice reached my ears and I opened my eyes to see him stroking his thick, long dick whose tip was red and angry.

“You like what you see? You want a taste?“ He asked and I nodded my head but he just chuckled evilly. “Too bad I won’t allow you to suck on it. I’m way too turned on to be fucking your mouth“, he moved closer to me and placed his two fingers that were inside me initially into my mouth.

I happily sucked on them and he gently parted my legs with his other hand. “Let’s fuck that insolence out of you right now“, he removed his fingers from my mouth and stroked his dick twice before lining himself up to my entrance.

In one long motion, he speared me and I moaned loudly, my back falling onto the bed completely. He rested one hand between my head while the other switched between rubbing my pussy and choking me as he pounded me into oblivion.

Sex with him was never this rough and I was enjoying every moment of it. Occasionally he'd call me his slut or bitch to which I just get more turned on.

When he felt that I was going to come, he pulled out and smirked at me. "Why, why did you stoppp?" I whimpered and he chuckled.

"Since you want the orgasm so bad, why don't you work for it", he said and I looked at him in puzzlement.

He laid down on the bed and made me climb atop him and that was when I got what he was saying. I took his dick in my hands and slid it inside me, gasping when it hit another angle inside me.

I slowly moved up and down

while he freed my boobs from my lingerie top. He tweaked my nipple and I leaned forward so he could take them into his mouth. Taking advantage of my position, he held my ass cheeks as he delivered powerful strokes from beneath. I screamed, not caring if anyone heard me as I bounced on him.

The familiar feeling in my stomach started building up and I urged to go faster, the feeling of his warm veiny cock massaging and pulsating inside me threw me over the edge and I buried my face in his neck as my juices flowed over his dick.

His thrusts got sloppy and his warm liquid soon filled my insides as he climaxed too. I made to stand up but he held close to him. "5 minutes. Let's just stay this way for 5 minutes", he said and I nodded. "You know I love you, right?" He asked and I nodded. "And I love you more than life itself", I smiled at him, hoping he did not see the sadness in my eyes. I wanted to stay that way for ever but good things don't last.

With thoughts of what's to come on my mind, I slept off with his dick and cum still inside me.
