

Luna Lola-The Moon Wolf by Park Kara Chapter 139-140

Luna Lola-The Moon Wolf by Park Kara

Chapter 139

Lola's POV

The sun was setting nicely and I was still having the best time of my life just sitting in my mate's presence. I refrained from having any bad thoughts and we just relaxed.

We finished eating a while ago but he refused to bring out the dessert, claiming it was a surprise and I was going to love it so much.

While I might have thrown a tantrum on the outside, I was relieved on the inside because I was so full, I could burst if I had anything to eat.

"Are you not cold?" Adrian asked as he gently rubbed thumb across the skin of my palm. "Yeah, a little", I answered him and shivered again.

It was already getting chilly by the lakeside since the sun was setting. And my clothes were not suitable for that kind of weather, so I was cold but I thought I was hiding it well. He must have noticed.

"Come on then", he stood up and waited for me to stand before he held my hand in his and led me towards the tent. I was

led towards the bed and I expected him to stay with me but he said he'd be right back.

I had the urge to follow him and make sure that he wasn't leaving me but I refrained from doing such. Get a grip, Lola, I told myself and gave him a tight smile as he left the tent again.

It was a little bit darker in the tent than it was outside and I resisted the

urge to bite my nail due to the anxiety growing in my chest.

I heard movements outside and stilled. It still seemed faraway so I tried to stop breathing and listened carefully. I breathed a sigh of relief when I smelled Adrian.

I went outside to meet him and saw that he was carrying a lot of things. I helped him to bring some inside and stood with my hands on my waist.

4

"I could have helped you with this when we were coming, you know?" I told him and he nodded with a smile. "Yes, I do", he replied.

“Then why did you not mention anything about it?” I asked, my hands still on my waist while glaring at him.

“First of all, it would have ruined the surprise“, he stood up slowly and faced me with a mischievous glint in his eyes. “Sur.....sur.....surprise?” I stuttered, my former position long forgotten.

There was something in his eyes that screamed predator and I was evidently the prey. “and Yes, surprise“, he affirmed and took a step towards me, while I took two steps back.

“You were whining the whole way here, which I’m sure would have worsened if you had to carry anything. That is another reason“, he said calmly but the tone underlying his words promised punishment I was strangely ready to be punished.

What is wrong with me???

I was so disoriented and turned on that I did not see that he was already in front of me. His arms snaked around my waist and he grinned like a Cheshire cat.

“If you had something in your hands, would you have been able to

o wrap your hands around my neck and do this?" He asked just before our lips

met.

I wrapped my hands around his neck like I did when we first reached the lakeside and kissed him passionately. He returned my kiss with the same feverish energy.

"Jump", he said between kisses and I obeyed. I jumped and wrapped my legs around his waist, rubbing my barely clothed pussy over his engorged member.

"F uckkkkkk", I moaned, at the same he groaned in pleasure. "How do I take this off?" He asked breathily and I was confused about what he was saying until I felt him tugging on my corset top.

"Allow me to help you", I giggled and he sighed in frustration, "put me down". He dropped me gently and I removed my top, leaving me in his shirt alone.

He gave me a once over and his eyes darkened even more that they already were. "You're so fucking beautiful. Beautifully mine and mine alone", he whispered as he dragged his fingertips across my jaw and neckline, his fingers leaving a trail of heat in their wake.

Without any warning, he ripped his shirt open, sending buttons flying in every direction and I gasped, both in pleasure and in shock.

He pulled the shirt off my body and discarded it somewhere in the room. I expected him to touch me in one way or the other but he just stepped back and looked at me with lust filled eyes.

I was left in my thong and knee boot and I felt so exposed. I tried to cover my breast with my hands but he growled in warning and I dropped my hands.

“Uhm.....may I ask what you’re doing?” I asked in a small voice since he kept circling me like a predator without touching me.

“I don’t remember asking you to speak“, he said as he trailed his hands across my collarbone before choking me slightly. My nipples hardened painfully at that gesture, making him chuckle lightly. The sound went straight to my core and I clenched my thighs.

“Stay right here” he whispered in my ear before dropping her a quick kiss on my cheeks. I released a breath I did not know I was holding as he pulled back from me.

“So who’s the horny bitch now?” Jasmine said in my head and I mentally gave her a death glare. To distract myself from the urge to touch myself at the sensation running through my body, I decided to engage in a conversation with her.

“Do I smell jealousy?” I teased her and she scoffed. “Puh—lease, why will I be jealous of being teased by an extremely sexy man that is currently lighting the candles and setting out strawberries dipped in chocolate?”

I looked towards Adrian and he was really setting all these things out. His muscles rippled beneath his shirt and the emotions

I suppressed rushed to the surface. That man makes the simplest of things sexy, I swear to the moon goddess.

“I’m so fucking jealous“, Jasmine whined in my head, “I’ll do anything to

be in

your place, I’m not even kidding“, she said and I burst out laughing,

“Is something funny, baby?” Adrian asked and I looked at him, only for my breath to catch in my throat.

F uck me.

Chapter 140

Lola's POV

He was stark naked. Adrian was stark naked and the blaze in his eyes had me rooted to a spot. It was supposed to be a romantic dinner, tell me why I felt like I unleashed a beast.

“This is so romantic. I love the candles and the atmosphere feels so good. We should go out for a walk”, I rambled.

Adrian said “really” at the same time Jasmine said “that was a lame move”. I became crimson red and wished the floor would swallow me.

Adrian laughed and I hid my face in my palms. “Why are you being so fidgety?” Adrian asked and I peeped at him from the hole between my fingers.

I have no idea why I was being fidgety to be honest. I wanted him but something about his aura right then felt like I was about to be preyed upon, which I like but something feels weird.

“He’s always pampered you during sex. He was always doing what you wanted too. Seeing this side to him must be confusing”, Jasmine analyzed in my head and I agreed with her.

“So, you don’t like this side of me?” He asked while he pinned me with a piercing gaze.

“Uhm.....uh.....l.....l.....l..... uhm” I took a deep breath before I spoke again. “You’re frying my brain. Let’s do this instead of punishing me this way. I can’t even think straight”, I rushed out and breathed a sigh of relief once it was out of my lungs.

“Get on the bed, baby”, he spoke after a long moment of silence and I heeded without questioning anything. I sat at the edge of the bed but he shook his head and clicked his tongue.

“Lay on your back and spread your legs”, he commanded and I laid down. The heels of my boots were planted at the edge of the bed and I felt so exposed, save the flimsy panties I had on.

I was so turned on that my body felt feverish to touch. The temperature in the room was incredibly high despite the coolness of the night.

I heard things being shuffled around but they were all background noises. My heartbeat was so loud, it was the only thing I could hear. My blood pumped through my body at the speed of light.

I closed my eyes and tried to rub my thighs against each other to get a little relieve from the growing ache between my legs.

Thinking that Adrian was still busy to attend to me, I grabbed my breasts with both hands and lightly pinched my nipples , sending bouts of pleasure down to my aching pussy.

I almost let out a moan but I caught myself at the last moment and bit my lips to prevent the sound from escaping and drawing Adrian's attention

to me.

I teased my nipples for a while before I slowly trailed my hand and down my body while the other hand continued to fondle my breast.

I was almost at the place where I needed to be touched the most when my wrist was held in warm, mighty palm. My eyes shot open and stared into his mismatched ones.

“You're being very naughty. I told you to lay down, not pleasure yourself “, he lightly growled and my breathing got faster.

“Please, Adrian. Just do something. Anything at all“, I begged, my voice shaking. “Something?” He asked and I nodded eagerly. He cocked his head to the side like he was contemplating what I said and I waited with bated breath.

“Nah, you haven’t earned it. You’ve been naughty all day and it doesn’t sit well with me“, he said before holding his engorged dick in his hands and stroking it gently.

That’s so unfair. Why does he get to touch himself but I can’t? I opened my mouth to say

But it but the smirk on his face discouraged me. It was like he was waiting for me to say something about it so that he could punish me more.

“Got nothing to say?” He taunted and I almost screamed from all the emotions running through my veins. “Adrian please“, I begged.

“Fuck“, he cursed before leaning in front of me. He pulled me by my ass to the edge of the bed and I automatically placed my legs on his shoulder.

I expected him to eat me up like he normally would but I felt something cold on my pussy instead. The contrast in the temperature of my body and the cold sticky substance currently stimulating my clit threw me into throes of pleasure.

I lost my hold on reality and felt my soul leaving my body when my orgasm hit me like a truck of bricks. I screamed loudly and came violently against thin air.

I had barely recovered when his tongue attacked my pussy again. I writhed and tried to escape from his oh so amazing attack but he held me firmly in place, leaving me with no options but to enjoy all what he was doing to my body.

“Yessssss

yesssss.....please, Adrian.....oh my goddesss....oh my fucking go.....haaaaaaa..... that feels so good“, I moaned uncontrollably.

He sucked my clit into his mouth while his fingers plunged into me mercilessly. Every now and then, the cold sticky liquid which turned out to be melted chocolate was reapplied to my clit while he sucked it off like he was starved.

Just when I was about to orgasm, he pulled away from me making me whine in protest.

“Why did you stop?” I whined and he chuckled before applying the the melted chocolate to my nipples and navel. He licked his way up, paying extra attention to my aching nipples.

When he kissed me, I hungrily kissed him back like he was the oxygen I needed to breathe. Without giving any warning, he entered me in one long thrust.

He pulled back from the kiss and pounded me like it was the last time we'd be having sex. Very soon, my orgasm hit me and I surrendered myself to it.

Adrian's thrust got sloppy and he released inside me afterwards. He

pulled out and laid beside me, holding me close to his chest while we tried to regain our breathing.

"You want to go again?" I asked him and he looked at me like I had grown another head. "Are you for real? I mean, I don't mind but will you be okay?" He asked with concern and I chuckled tiredly against him.

"That question should be for Jasmine", I said and he looked at me confused. "We're going to mate in our wolf forms".
