

Luna Lola-The Moon Wolf

Author's Note

Finally!!!!

We've finally reached the end of LLTMW. I have mixed feelings about this tbvh. It has been a roller coaster of emotions for me as I forged relationships with my characters and tried to navigate their hurdles with them 😊

I want to thank everyone that read my book and stayed till the very end. I wouldn't have been able to finish up without your support.

Even on days when I had writer's block and was emotionally down, I had your constant views to keep me going.

Yeah, yeah, I know there was a time that I stopped writing for a long period of time. We are all humans and things happen all the time but I am glad that I didn't give up on LLTMW and I hope you enjoyed reading it as much as I enjoyed writing it.

For someone who just started writing(this is my first draft of any story, guys 🤔), I am glad that you all received it well.

If you'd like a sequel or want to see any other stories by me, please let me know in the comments.

Thank you so much for giving my book a chance 🙏. You're all amazing ❤️
