Chapter 7: Gabriella's Punishment

Gabriella's Point of View:

"Wait, Prince Javier, you're intoxicated!"

"Shut the fvck up!"

"But..."

When he covered my lips, I was unable to continue what I needed to say. The look in his eyes seems that he intended to kill me. I gulped, and I have no idea what I may have done wrong! I continued to serve the he-wolves and she-wolves betas as if nothing had happened after the

earlier incident in the bar in which Prince Javier broke a table. As a result of the string of commands that were given to me, I was so exhausted, and I had no idea what to do to fulfill all the orders a while ago. I have no idea what time it is right now, but I do know that the sun is soon to make its

appearance. As we entered his bedroom, Prince Javier led me in by gently pulling on my hand. It is impossible for me to predict what he would do to me, but based on what I can see, he does not have any good intentions toward me. As soon as we entered his bedroom, he flung me down into his bed with great force. I

climbed into his bed and laid down. I hurriedly found a seat and turned my attention to him. I stuttered to him, "Prince Javier, I need to go back to our quarter."

He confronted me by saying, "You have to pay for what you did in the bar!" while staring me square in the eye.

I am going to pay for what I did at the bar? What does he even mean when he says that I should pay for it when I didn't even do anything wrong?

"Do you seriously believe that I was unaware of how much you enjoyed chatting and flirting

it up with the other he-wolves betas in the bar? You pretended that you didn't like what they

did to you or the looks that they gave you, but the reality is that you actually enjoyed their company quite a bit!"

"I think you have it wrong, Prince Javier!" I defended myself. Prince Javier came up behind me quickly and grabbed my arm. "I said, shut your fycking mouth!" he yelled at me.

He said, "I don't need your explanation or your justifications!"

"All right, here we go! I'll give you what you want!" He added. He rapidly took off my ruined gown by using his other hand. When I turned to face him, I

used my hands to hide my breasts. While I was looking at him, I took a step backward. He

My bare body was presented to him for his inspection. He peered lustfully at me while he held both of his hands on each of my wrists. I don't want to do what he wants, but I don't understand why I can't say no.

He ran over me and tore the rest of the clothing that was covering my body while he did so.

Soon after, I could feel his tongue on the back of my neck. Because it tickles so much, I can't help but close my eyes. It wasn't until I touched his hair that I started moaning about what he

If that is the case, then I can admit to myself right now that I enjoy doing this thing. It's possible that this is the solution that will convince him to take me on as his Luna, and it's also possible that this is the path that will lead me to him as my Mate.

Prince Javier took a more belligerent approach to the activity that we were engaged in. As he moved fast over me, I had no idea where I would move my body or what I would do. My pupils dilate as a result of the euphoria and the slight anguish that I am experiencing.

"Ohh, sh*t! I can't believe it! I am cumming!" I could hear him speaking to me in a whisper. One

My response was that it was probably three in the morning.

I turned to look at Prince Javier and noticed that his eyes were closed. I just can't wrap my head around the fact that he treats me in such a manner. His sweet appearance was

completely at odds with the way he was treating me. I know that Prince Javier is going to take this thing, his cruelty, and his ruthlessness away from me because he can't accept the fact that his Luna is an Omega, but I'm determined to

convince him that I deserve it and that even though I'm an Omega, I am fit to be his Luna!

After checking to make sure that Prince Javier was sound sleeping, I climbed out of bed. I

She heaved a sigh, "If that's what you want, what other options do you have for me? Because

I don't want to put pressure on you to reveal who he is, " She said with a gloomy tone in her

"Eury, I simply wanted to tell you that I don't want to talk about that kind of topic right now." Because of what I said, she made a pouting motion with her lips "You said that you are going to tell me what occurred last evening, right? Do you realize how unfair you are being to me?" I lowered my head, closed my eyes, and took a few deep breaths before speaking to her. "Eury, it's private, but I can tell you that it feels like heaven," I told her. "Then please enlighten me, Gab! Where do you stand on the issues? How exactly did he manage to stick his sword inside of you? What caused him to..." "Eury!!" she yelled out before she could finish the question she was going to ask when I called her name again. "Yeah, okay ... relax. Just give me the name of your Mate, "she gave up her resistance."

"I can't say, Eury. That was the instruction that he provided to me, "I said to her.
