

Chapter 142 Augustus is my mate

142

AMALTHEA'S POV

"It was Augustus I wasn't meant to meet because he is important to me in some way. Those Sirens were okay with me mating with Blake because he wasn't my mate. Or was there some other reason? I don't see why she would put her powers inside me if it was something so easy. I was the Alpha of the Callisto pack, which means I was bound to meet Augustus anyway sooner or later. It's not only about that. What else are you hiding?" I said to Crystal before smiling at Augustus.

"Now you have two choices. Either you tell me the whole truth regarding why meeting Augustus triggered these powers even more and Antonio was so adamant about taking them out of me even right after exiting the pack," I said and Crystal sighed.

"Well, that's because you don't remember what happened when you were running around, hurt by the fact that Blake brought Linda to the wedding room. You ended up running for hours before the beta of another pack reminded you of it, don't you? That was the first time we had sensed Augustus's presence and we had seen him. You don't remember because you were consumed by the grief," Crystal said.

"Augustus, were you somewhere near the Callisto pack around four months ago?" I asked and he squinted his brows.

"That's an unexpected question when you are giving me such a tough time. And yes, I was there. If I had followed the alluring scent from the she-wolf back then and not focused on the people who got hurt by the rogue attacks, then I would've found you sooner, no?" He said and I believed Crystal's words.

'So these powers triggered because I saw Augustus? That's it?' I asked and she shook her head.

'You only started having visions because of meeting him. Your real powers started when you kissed him for the first time,' Crystal said and

I hummed.

'What about it? So why can't I bite him? Because it will activate my powers even more? Don't you think it'll be good? Or are you afraid that those powers will overpower you? You are scared?' I asked and she scoffed.

'I am the wolf of the world. There is nothing in this world that scares me. I am just afraid that you won't be able to take it. Do you want to know why it will harm you if you bite Augustus? Well, that's because he is your mate and a Lycan mating with a Siren has never been heard of and we don't know what the consequences will be,' She said and my grip on Augustus's hair loosen as I sat there, looking at him, completely at loss.

'He is my mate?' I asked and she hummed.

'And since you already know he is your mate, there is no point hiding the mate bond from you. Huh... I am sorry for hiding it for so long. You know what? Go ahead. Mark him. He is our mate. Why should we contain ourselves from mating our mate when it's clearly the fault of that Siren who just used you in the name of protecting you,' She said and I looked at my hands, not knowing how to act anymore.

'That's the reason your father didn't have an issue with Blake and even approved of that contract where Blake would become the alpha. Because he was sure that you will never entrust the pack to someone else. He didn't know that Blake would turn like this after his death,' Crystal added and I smiled.

'You Know, the more I am hearing you speak, the angrier I am becoming?' I asked and she looked down as if ashamed.

'I am sorry, Amalthea. Hiding such an important thing from you was never my intention. But look at the good side. You fell in love with Augustus because of his character and not some mate bond, yeah? It means he is indeed worthy of our love, no?' Crystal said in a cheerful voice and I closed my eyes in frustration.

"Hey, Amalthea, are you okay? I was just joking, baby. Please don't get upset," Augustus said in a coaxing voice as he placed his hands on my cheeks, the warmth of his touch, making me bite my lips as I took a deep breath, his scent stranger than ever before as his touch sent a wave of pleasure through my body.

Is this what it feels like to have a mate touch you?

'It would've not felt the same if you were still with Blake in that marriage. So if you are thinking that Blake was innocent, he wasn't,' Crystal said

'Did he know?' I asked and she looked down again, making me want to growl at her.

'I was the one who told Kyle to not say a word about it to you or you'll have to bear the consequences because your body is not ready to bear the pressure of being with the strongest she-wolf alive and a Lycan King's mate bond,' She said and I smiled before breaking into hysteric laughter before opening my eyes.

Looking at Augustus's confused face, I couldn't help myself as I laughed even more.

'You, what kind of wolf are you! You say you knew about everything all along but you just had fun seeing me pondering over his love? Is this why you said I can trust him when he comes over to me for the first time?' I asked before standing from the bed and walking towards the door.

'I am sorry, Amalthea. I know I am in the wrong and nothing I would say will make it okay for you, but please understand that I had a valid reason to be like -'

'I want to strangle you. That's how angry I am feeling right now! If we were allowed to fight our wolves, I would've done that right now,' I said before smirking at her.

She said she was just trying to protect me because she is the strongest wolf in the world. I have such a strong wolf, yet my life is still not all flowers. So why don't I go ahead and trust some of her powers? It's not like I am having a very happening life anyway, no?

'Crystal, you protected me for so long that you have no idea how thankful I am to you,' I said with a giggle.

'Amalthea, your smile doesn't look too promising right now. I know you better than anyone in this world. What are you thinking of doing?' She asked me and I placed my hand on my mouth before looking at Augustus, who was just sitting there, looking at me interestingly with a smile on his face.

Damn, he doesn't even know what's going on. Is he thinking I am being like this because of what he said?

'Augustus, do you know I want to strangle my wolf right now because I feel so damn angry? And we all know that we can't do that to our wolves. However, there is indeed something I want to try with you. Will you allow me to do that to your body?' I asked and he raised his brows

"If you want, you can slice my body and I won't say a word about it. I am all yours, my love," he said with that same love in his eyes and seeing him like this, I felt even angrier.

It was all because of me. It's been more than three months since we met. How hard it would've been for him to control his urges for so long, no? Is this why Kyle said he would love me forever, no matter how much time it takes for me to fall for them? How much patient were they ready to become with me, and for how long? I thought before walking towards him and placing my hand on his cheeks.

"I would never want to hurt you, love. If you allow me," I said while looking into his wide eyes.

"Did you just call me love? Amalthea, this is the first time you are -"

"Sshhhh," I said before sitting on the bed, placing my legs on both his sides.

"Why didn't you tell me you knew I was your mate?" I asked and I felt his body stiffening as I placed my face in the crook of his neck to smell him more, his sudden arousal smelling sweeter than honey.

Feeling my canines elongating again, I smiled at my wolf who just shook her head helplessly before nodding.

'Fine. We will see what is coming after us. We shouldn't be living like this. I am the wolf of the world and you are Amalthea Jade who didn't bow to anyone, and there is no one in the world whose fear can tame us,' She said and I smirked at her.

'I am going to get real wild from now on, Crystal. It's been long enough since I felt like this, and I am going to use this energy against everything now. I have taken everything and everyone in hiding for quite a long. I am going to get rough starting at this moment. Doing whatever I want and my happiness will be my first priority now,' I said before licking Augustus's neck and sinking my teeth into his flesh, his wincing making me dig deeper as I felt immensely aroused from the feeling of his flesh.

"Amalthea, what are you -" Augustus groaned before his nails dug into my skin, his soft moans making me place my hand on his cheeks again as I guided him towards my neck, and as if he understood what I meant, he didn't even waste a single second before digging his canines in my skin, making me moan in return.

"Ahhhh, Augustus," I took a deep breath as he dug his canines deeper

before practically shredding my clothes, his warm hands arousing me even more.
