

Chapter 143 Mating

143

AMALTHEA'S POV

"My love," he said as his lips travelled down from my neck towards my collarbone and chest.

With my chest heaving up and down, I closed my eyes as a moan escaped my lips when he grabbed one of my breasts and squeezed it while kissing my lips passionately.

"My love, please tell me to stop. Please tell me you are not ready for this. Say something about it and I'll stop. Just tell me to stop and not do it because I don't think I would be able to control myself any longer if I go any further," Augustus breathed heavily on my skin with his hands travelling all over my body like a traveller exploring a new place.

"How can I tell you to stop, Augustus, when this is what I want too? I want you and all of you. This might just be because of the acknowledgement of the mate bond, but this is something that I've wanted for a long time. Take me, Mr. Dominic. Take me and make me yours forever. Tell the world that I belong to you and you belong to me and only me," I said and his hands trembled on my skin, making me open my eyes as I looked into his eyes that were changing colours, making me smile at him.

"Kyle, let me have a moment with Augustus and I promise I'll let Crystal out once we are done. You can have your moment with her," I said and Kyle immediately stopped trying to take over Augustus, making him smile.

"You know you are the first and only person he has ever listened to apart from me," Augustus said and I was about to answer him, but he suddenly lifted me and threw me on the bed, practically jumping over me.

"Since I have your permission, my lady. Don't expect me to be any gentler," he said and I grabbed his neck before pulling closer.

"I don't want you to go easy either. Make love to me so hard that I remember this night for the rest of our lives," I said and he smiled before placing his finger on my lips.

"Don't talk anymore. The only sound coming from your lips should be the sound of you moaning and groaning in pleasure when I'll cut through your tight walls and enter deep inside you," he whispered sensually before switching off the lights, turning them immediately darker, making me aroused more than before.

"You are already aroused this much when I haven't even started?" He said as he touched my bare va*ina with his finger, making me whimper under his touch.

"Augustus," I said as I arched my back, wanting to have more of his touch at my needy core.

"Relax, sweetheart. This is our first time and we'll both be winning each other's first time. I got to make it a bit more sensual," he said and I loved the way how he said he was winning my virginity and not losing.

This is why I like this guy more than anything in this world. He is positive and always motivates me to push my limits whenever I am with him.

"What are you think about, my love?" He asked me as he looked into my eyes and I smiled at him.

"Don't you think it's unfair how I am the only one who is bare in front of you?" I asked and he raised his brows, the moonlight lightening his face, making him ten times more handsome than he already is.

"Well, let me solve this problem then," he said before taking off his shorts his d*ck springing out of under the shorts, making me gulp.

Touching the tip of it curiously, I raised my brows when he groaned before taking off my hands and pinning them above my head.

"Unless you want me to tie you down, keep your hands off of it until I get a taste of you first," he said before he started peppering hot kisses on my face as he travelled, his hands groping both of my bre*asts while his d*ck teased my entrance, making me want to wrap my legs around him and just push him inside me.

A torturing bliss. This was what his soft kisses were to me as he massaged my soft babies, taking one of them in his mouth as he sucked on my ni*pple like he was sucking something out of it and feeling this sensation for the first time, all I could do was arch my back to have it more.

Travelling down from my stomach as I was close to losing my mind, I almost felt like my heart wouldn't be able to take it anymore from how fast he was pounding when his lips touched my needing core.

"Augustus, please," I said and he stopped, looking at me with a smirk on his face.

"No, my love. I have waited to do this to you for a really long time and I already told you I won't be stopping at anything or fastening my pace anytime soon," He said before f*cking me with his tongue, leaving me a moaning mess on the bed as I placed my fingers in his hair, not knowing if I wanted him to stop or keep going.

"You taste so good, sweetheart. I feel like I can eat and drink you all my life without stopping. Now that I have tasted your juices, I don't think I am ever going to let a day go without eating you out," he said as he fastened his pace, his fingers rubbing my cl*toris making me tenser as I felt like something was wanting to fish out of me.

"Augustus, I don't know, but I think I am going to - Aaaahhhhhhhh, aaaahhh, ahhh, aaahh, ahhh, ahhhhh," I moaned loudly as my heart gushed out my vagina, and I thought it would gross him out, but he surprised me even more when he continued to lick my heat like a hungry wolf.

"You taste like the sweetest dish I have ever tasted," he said before coming on top of me and kissing my bre*asts once again.

"Amalthea, I am going to enter you slowly first. I will try to be as gentle as possible, so please tell me when to stop and continue, okay? It might pain a little, and I am sorry for this pain I am going to cause you, but I promise you that this will be one of the few times you'll be feeling pain because of me," he said and I squinted my brows when I heard his sentence.

"Shouldn't you be telling me this should be the last time?" I asked and he chuckled before placing his forehead on mine.

"First, I don't think you'll get used to this beast just in one night. Second, you'll have to feel pain when you'll hear our children," he said and I felt heat rising to my cheeks.

Seriously? I haven't had my first time and he is already thinking about kids? Am I even ready to be

"Nothing will happen without your full consent. You will always be my first priority, my love," he said kissing my lips again as he started to enter me slowly, making me wince slightly before he entered me whole and I was shocked by how full I felt even when I knew he wasn't fully inside me.

"You didn't feel much pain, did you?" He asked me and I smiled at him.

"I guess, I am one of the lucky ones who don't feel tragic pain," I said and I thought he would say something sweet to me, but he suddenly pulled out of me before entering me again, making me raise my hips as I felt him tearing my walls, his d*ck slamming the inside of my vagina, making me moan in pleasure.

"Augustus! Aaahhh, please, ohhh, take me, make me yours, Yesss," I moaned as he groaned into my ears.

"Fu*k it, Amalthea. Don't say such words that will provoke the beast inside me more," he groaned and I wrapped my legs around his torso before biting his lower lips.

"Who said I want you to control that beast? I want more, Augustus," he said and as if he indeed released his beast, he slammed hard inside me, making me immediately curse in pleasure.

"F*ck you, Augustus!" I said and he chuckled as he raised my left leg over his shoulder.

"Oh, you are surely doing it, baby," he said as I felt my muscles tensing again.

"Augustus, please go faster, aaahhhh," I said as I released my heat again and it wasn't long before he trembled over me before groaning loudly.

"Let me discard this one," he said as he took off the protection from his d*ck and it was only then did I realised that I didn't even remember it.

It was a good thing Augustus thought it out beforehand.

"Wait. Why did you have that with you? Were you hoping to have some naughty time with me?" I teased him and he chuckled.

"Yeah, well, I was being careful if my little beast won't be able to handle himself after seeing you in a bikini. I was hoping you would help me through it," he said, his deep voice, making me aroused more.

"Another round?" I asked when I saw him taking out another protection, and he grinned at me.

"Or what? Did you think I would let you go with just one?" He asked me before coming over me again, making me sigh in bliss.
