

Lusting For Ralph Chapter 18 - Tips

0 5 minutes read

The seaside inn was beautiful, the scenery was beyond their expectation. The old inn was located at the center of the coastal town. Ralph was thinking of renting a little cottage but he didn't want the hassle and it was only for one night or maybe two it would all come down to his Madison.

He was still not sure about the result, that was also the reason why he wanted them to have the seaside getaway. At least he could go back to Shani's quickly should there would be any issues.

It was only fifteen minutes drive to Shani's. And they checked in as soon as they arrived at the inn.

Madison was quick to open the balcony door as soon as they reached their room. Ralph had requested the oceanfront one and they were loving the beautiful late afternoon sun.

"I love you," Ralph said as he joins her on the balcony and slithering his hands to her waist while trailing his kisses to her slender neck.

"Ralph! we've just got here..."

"I know, I need to move quickly," he whispered teasingly when his hand reaches underneath her shirt feeling her soft warm skin.

She was giggling in his arms and turned around to kiss him. The kiss got heated in seconds, it has been a while for them and he has been waiting for the perfect moment. And at that time, the timing couldn't be any better.

Ralph took Madison to his shoulder and hauled her to the bedroom. The clean white crisp bedsheets were too inviting and he throws her to the bed making her scream playfully.

But then she fell silent when he started stripping himself to his cotton black boxers. Her eyes were fixed to his sexy abs, the abs which he trained and molded religiously.

He smiled when he saw her staring at his half nakedness, then he crawled to her and told her that it was her turn.

Madison was not one to back down from a challenge, so she took off her clothes down to her lacy underwear. And Ralph was quick to cage her under him and she was moaning his name within seconds.

“Ralph...”

Her nude lace bra joined her clothes and she arched her back when her lover flicked her nipples with his talented tongue. Her hand reached to the back of his neck pulling him closer while her other hand grasps the sheets.

“I’ve missed you so much...” he whispered seductively while he trailed his kisses down her belly and his hands parted her thighs. She moaned louder when he pulled down her panties and started licking her.

“So much...” he grabbed her waist and feasted on her until she was getting close to her climax.

Her legs wrapped his shoulder, her back arched in need, her fingers grasped the sheets until she was finally brought to her climax and shattered in his arms.

His love for her was so strong that he was feeling the need to satisfy her so much more.

“Ralph, oh my...”

He was kneeling between her legs slowly pushing himself, his girth was stretching her while she was still coming down from her high.

It felt amazing to his length, her walls pulsate as he slowly pushes in and out of her, very slowly picking up his pace while he was kissing the crook of her neck.

“Ralph, condom!”

She said harshly and tried to push him. But he was wanting her badly and couldn’t resist her wetness that he carelessly forgot about the condom.

“Baby, please...”

But she was not backing down and she shockingly pushed him away. Hard.

“What the...f...why? I’ll pull out Maddie, don’t you trust me?”

His length was still hard and wet from her arousal but she was truly panicking and he knows that there was something else behind her behavior.

“I’m sorry, it’s just...”

“Hey, I’m such an a.ss. It’s okay baby, we’re doing this your way. Let’s just take a little break, let me just...”

Ralph got up and went to the bathroom to take care of himself, but she stopped him.

“Ralph, we can continue just get the condoms.”

“Plural huh?” he smirked at her trying to lighten up the situation. He was not feeling the mood anymore, his thoughts already wandered as to why she acted the way she was.

But he knows that he has to play it cool.

“You know what, if you’re going to be a jerk about...” she didn’t get to finish her sentence when he was back on top and took her hands above her head and kiss her lips hungrily, his chest rubs against her nipples making them both breathe heavily.

“Stay...just like this, I’ll get the whole box.” He bites her ear while she smiled at his words.

He was back in a flash and lay two boxes on the side table, which made her laugh but stay as he had wanted her to.

“Ralphy! how much sex are you expecting from our getaway?”

“As much as I can, as much as you want to, I know I can never get enough of you.” He looks at her while stroking his dick then sheathed himself with the condom.

Madison kept her eyes on him, his delectable body, his manly features were making her wet. Goosebumps appeared the moment he was between her legs, taking her knees to his chest and thrust hard just the way she likes it.

His hands were caressing her arms keeping them above her head, his kisses were sensually delicious, she was high, he was keeping her wanting more

with every hard thrust, over and over again. Taking her higher with each kiss, each push, and each dirty word he managed to roll out of his sexy lips.

“Oh...baby, Ralph...harder...” her low moans were making him twitch, he was so hard already.

Ralph kept looking at her beautiful face, the face he knows best, every detail features which he loves. His eyes glued to her sensual expression as she closes her eyes every time she was nearing her climax, the way her mouth parted, how she arched her back sensually, how she bucks her hips wanting more of his thrusts until she finally opens her eyes looking deep into his eyes when she reaches her high.

And that was when he would hold her possessively, and finally let himself go and thrusts faster and deeper until he bursts and both started kissing, slowly enjoying their after climax moment.

“I love you...” she whispered on his damp chest.

“I know, and I love you more.”

That day couldn't be any more perfect he thought, just a little bump with the previous condom situation. But at that sweet simple moment, he was savoring their closeness and takes her love and forget everything else.

While our Madison was still worried about their last slip-ups thinking that it might happen again, she was on the pill. But she always takes double precautions when it came to a pregnancy scare.
