

Belong to the Lycan Alpha by Jikanyotomare

Chapter 121

Chapter 121

Lilac looked surreal, she looked like everything that he wanted. She looked like everything that he wished for and more. She was the one person, who saved his life, she was the reason why he was alive right now and it was in literal sense.

“What are you staring at?” Lilac asked because she felt self conscious when Hunter looked at her very intensely like that. She felt like there was something wrong with her. “Don’t look at me like that,” she said while trying to move away from him.

However, where he would go when the alpha of the lycan had set his eyes on her? She had nowhere to go, neither Hunter would let her out of his sight. He wouldn’t lose her again.

“Because you are beautiful, what is wrong to stare at my own mate?” Hunter tilted his head. He grabbed her waist and then kissed her sweaty neck, which made Lilac widened her eyes.

“I am dirty, don’t do that,” she whimpered and tried to move his face away from her neck, but it was to no avail. “Hunter.”

“Hm?” The more Lilac tried to get away from him, the more he became so close to her and now his face was literally against the crook of her neck. “You are never dirty for me,

Lilac.”

At this point, Lilac knew there was no point of pushing him away, because this man was really stubborn, he wouldn’t let her go until he got what he wanted and it didn’t mean, that was something that she didn’t want too...

“I am sweaty,” Lilac said again, hoping he could stop licking her. It felt a little bit awkward, though it was such a turn on to think he didn’t disgust her being being sweaty

like this.

“Yes, I know that very well...” Hunter murmured against her neck and his hot breath made Lilac felt so weak. He was very casual about that, which made Lilac became comfortable with herself.

Why this man didn’t have any scrupulous with her? Why he didn’t care much about how dirty she was. Luna Jasmine always taught her that she should be very presentable whenever she was with her mate. She had to look her best, or else, who wanted you when you looked so messy? Woman should act accordingly and kept their appearance to please the man.

That was all what engraved in Lilac’s mind, thus for Hunter to not mind it at all was something that shocked her the most.

“Hunter...” Lilac’s voice became very soft, it seemed she had surrendered to convince

him not to touch her when she liked the way he handled her.

“Yes, Lilac, what do you want?” Hunter laid her down on the velvety grass, where his shadow fell on her, covering her from the sunlight and for Lilac, this was the best view that she had ever seen, staring at her mate with the background of the clear blue sky.

+5

“I feel so happy,” Lilac said. She had felt this way for quite some time, despite everything that happened and how she was attacked and injured twice, since she was in this pack, but it didn’t mean, she was not right with what she felt right now.

She was happy... very happy to have him in her life, the best thing that had ever happened to her was when he walked into her life and saved her from the tragedy of being that miserable woman, who had to raise her mate’s child with another woman.

It sounded dramatic, but that was what would happen with her life if Hunter didn’t come just in time to save her.

“I am very, very happy...” Lilac giggled when she said that, even when she was saying it, the feeling overflow her heart and this made her wanted to laugh out loud. “You make me very happy,” she said clearer now.

Hearing that, Hunter was surprised, he was quiet for a while, but when he heard that beautiful sound of her laughing, it filled his heart with warmth to the brim.

Yes, he was also happy. He had never been this happy before in his life.

When he found her, he thought, he would never been so happy to finally meet with the person that was the sole reason for him to stay alive, but right now, when he heard how happy she was, he felt like the feeling he had felt earlier was nothing compared to this

moment.

And probably, in the future, there would be also a moment where he would be more happier than this. As long as he was with her, he didn’t think there would be a sad moment again in his life.

“That’s the best thing that I have ever heard in my entire life,” Hunter said softly against her ear, as he nibbled on her earlobe and this made Lilac giggled. How he loved this woman. “That even better when I learned I will be the alpha... this is the happiest moment in my life, Lilac and you thank you for letting me experience this feeling.”

The

way Hunter said it was yery heartfelt, he was very genuine with every word he said. Everything that came out of his mouth was something that came from his heart.

“Thank you for saving and thank you for walking into my life. I would never ask for more than this. You are the best thing in my life and there is nothing can tell me otherwise.” Hunter stared into her eyes gently when he said all of those things, letting Lilac knew how much he meant it and even more.

Meanwhile, Lilac didn’t expect that she would get this heartfelt confession from him. She only wanted to tell him about her feeling right now, but she got to know how he felt about her in return.

This time, Lilac took the initiative to kiss him first...
