Aiden was caught off guard when he heard that, but he didn't have time to process what she said when Ruby already went ahead to greet alpha Hunter, which was supposed to be Aiden's task to do so, since she shouldn't have approach the alpha first, especially when his luna was not presence.

Aiden immediately rushed ahead of her and greeted Hunter first before Ruby could do that. It would be humiliating for him. if he let his luna to do the task.

"I assumed you only come alone?" Aiden asked with a fake smile plastered on his lips, it was rather a disappointment that he couldn't see Lilac.

"My mate will come later, she has a special gift for your firstborn son," Hunter said, he glanced at Ruby and the baby, but you couldn't tell what was in his mind. It almost felt like his mind was the most mysterious thing in this realm.

Except from Lilac and a handful people that Hunter deemed close to him, he rarely showed his emotions at all.

He looked like a deep sea, unfathomable...

More so, Ruby remembered the way alpha Hunter treated Lilac. The way he treated his mate and the treatment that she received from Aiden was akin to a heaven and hell and she wouldn't mind to go into a hard labor again to have even a quarter of it.

But now, when she realized the mate bond between her and Aiden weakened even more after the baby was born, she could see things clearer.

"What kind of gift that luna Lilac prepared for me and the baby, if I may know?" Ruby chimed in the conversation, something that she shouldn't do, but she couldn't care less.
