Chapter 186

Chapter 186

Hunter returned late at night, **because** they **were** going to Cralys mountain early in the morning, which meant, he only had around four hours to sleep.

However, when he **came**, Lilac had not yet fallen asleep, she actually waited for him. She immediately stood up and threw herself at her mate the moment she **saw** him.

“Why you have not yet slept?” Hunter welcomed the hug and squeezed her body lightly, **as** she let out an adorable moan, which **made** him smile.

This was only **a** simple little thing, but **he** loved it. He loved to spend his time with Lilac, no matter how short it **was**.

“I am waiting for you,” Lilac said. “You will go tomorrow, but you just returned now. I am worried.”

“There is nothing for you to be worried about,” Hunter took her back to the bed and tucked her in, but Lilac clutched his cloak to stop him from leaving.

“I need to clean myself first.” Hunter kissed Lilac’s forehead. She had been very clingy lately. “I will go for a while, okay.”

“No. I will help you,” Lilac said, she was beaming, which made Hunter raised his brows.

“How do you want to help me?” Hunter bent his body, right now his face **was** only an inch away from hers and this made Lilac blushed. She blinked her eyes and tried to act nonchalantly, but of course, the alpha wouldn’t buy it. “Hm? Tell me in detail.”

“I can help to wash your hair.”

“And then?”

“I can help you with something else.”

“Such **as**?”

“I don’t know.” Lilac bit her lip, she lifted her head and looked at him defiantly which made the alpha clenched his jaw. This woman was flirting with him! “What do you think I can help you with?”

“There are a **lot** of things that you can help me with, but I am afraid you will be too tired to do all of that.”

“I am strong, you know.”

“Really?” There **was** this mischievous look in his eyes when he whispered to her **ear**. “**I** remembered you **were** the one, who asked to stop the other night.”

This time, Lilac was not only blushing, she could **feel her** face turned very hot and the red color spread to **her** neck and her chest **as well**. Her body shivered when **his** warm breath **caressed** her skin.

This was too much, this man was teasing her back.

However, Lilac didn't **back down**, instead she **licked** his ear. If one **asked her** why she **did** that, she didn't know **the answer** too, **because she** simply wanted to do it, **but it gave a great affect** on Hunter.

The alpha **let out a deep, dangerous** growled, which made **Lilac's body** shivered with anticipation. She did it again, but this time Hunter put his hand on **her** shoulders and pushed **her** slightly **away** from him, just in **case** she would try **that** trick **again**.

“**Why** your **expression** is **like that?**” **Lilac** asked innocently, **she was not** done **yet**. She wanted **to make** Hunter went **crazy**.

Chapter 186

Hunter was **staring at her for a while**, he knew **that she** was **well aware** of **what** she was doing. **It** seemed, his mate had become **very** bold **lately**, should he give her a little bit of ‘punishment’?

スー

“You are being naughty now,” Hunter said breathlessly.

Lilac pressed her lips, she stared back at him, her clear eyes were enticing. “What are you going to do now?” she asked.

“Let's **see**, what I am going to do with you...” Hunter carried her to the bathroom stood her **in** front of him.

When they were standing **face** to face like this, you could see the different in height and body between them two.

“Undress me,” Hunter said, his voice was dark. “You said, you are going to help.”

+5

Lilac’s eyes lit up when she heard that, though she feigned to pout when she took off his cloak. She did it very slowly, which made Hunter became very impatient and she enjoyed his frustration.

“Are you trying to play this game with me, hm?” Hunter asked in his dark voice. He watched how Lilac intentionally caressed his clothes before she pulled it up, enjoying her time.

“What game?” Lilac asked innocently. “I am helping you to take off your clothes, am I not?”

“Alright.”

Hunter nodded and let her do whatever she wanted. She wouldn’t do it the whole night, she was being impatient too.

In the end, when all of his clothes and pants dropped on the bathroom floor, Hunter simply ripped her dress in one swift move, which made Lilac screeched.

“I like that dress...” Now she couldn’t wear it anymore.

“will buy you new one. As many as you wanted.” Hunter carried her to the bath up and put her inside.

“I like that,” Lilac said, as Hunter sat behind her and she leaned against his chest. She could feel how hard he was, but his touch was very gentle when he caressed her breasts from behind.

“You like this one?” Hunter pinched her nipple, purposely mistake the meaning of her word, which made Lilac gasped, but then she chuckled.

“I thought you are going to be rough with me, I have prepared myself.”

“**Not** tonight,” Hunter said, as he kissed her ear. “I want to make love with you. I will punish you next time.”

Actually, **the** alpha simply worried of her body, because they had done it before when she **was** in heat, even after he saw **Lilac** was fine, he couldn’t help, but thinking he was too rough with her and it would be too much for their baby.

Of course, after she gave birth, he wouldn’t hold himself back.

Lilac closed her eyes, she enjoyed this quiet night.

The **next day**, **Lilac woke up late**, but Hunter shook her body before he left, because his mate had threatened him to wake her

up no matter **what**.

Lilac would be very pissed if she missed this.

“Do I late?” Lilac immediately **sat** down. She felt dizzy and Hunter **chided her lightly**.

“You don’t need **to be very** anxious like **this**, I will **go** for a while,” Hunter **said**, he helped her to **lean** against the pillow that he **had** arranged behind **her**. **“Here**, you **need** to eat something **before** you went out.”

could tell not long the sunlight would brighten up the horizon.

“I am worried,” Lilac finally admitted. “I don’t want anything happened to you. Can’t you stay here?”

“There is nothing will happen to me,” Hunter reassured her, he kissed her forehead and lips. He took the empty glass and put a plate of meat that had been cut into small pieces on her lap. “I will return as soon as possible.”

Lilac lowered her head and munched on her meat.

After she finished half of the plate, she pushed it away, she didn’t feel like she could eat anything. And then it was the time for Hunter to leave. [Search The website to access chapters of novels early and in the highest quality.](#)

“I want to walk you to the gate,” Lilac said, she was being stubborn

now, but she didn’t care much about it.

“You don’t need to.” Hunter didn’t want to tire her out, last night she didn’t sleep enough, if it was not because she threatened him, he wouldn’t wake her up.

However, it seemed, Hunter had to be more stern with this mate of his, because in less than ten minutes, Lilac was happily jumped into the carriage with him.

Hunter would be in the carriage until the gate before he joined the rest of the warriors and the other alphas, heading toward Cralys mountain.

“You will be the death of me...” Hunter said in hoarse voice, as Lilac grinded her body, she was sitting on his lap and watched his expression.

“You don’t like it?” Lilac slipped her finger down his mouth and kissed his neck.

“I like it...” Hunter said hoarsely.

This ride wouldn’t be smooth for both of them, but thankfully, they didn’t do anything too roughly, thus not many people realized what they were doing inside.

And when the time for Hunter to really leave her, Lilac couldn’t help, but hugged him tightly.

“You need to come back to me.”

“I will.”

After that, Hunter went out of the carriage and shifted into his beast. He joined with the rest of the beast and left to the mountain. There were not many of them, but it was enough for this attack.

Meanwhile, aside from **Lilac**, there was luna Jasmine’s carriage **as** well.

“Let’s **go**,” **Lilac** said to Gavin, **after** all the warriors were no longer could be seen. The sky had turned bright by now.

However, **Raya** came to the **carriage** and inform Lilac that luna Jasmine wanted to have a conversation with her in her **carriage**.

“**Why?**” **Lilac** frowned.

“I don’t know.” Raya shook her **head**.

“**Inside her carriage?**” This wouldn’t **be** the first **time Lilac** rode **a** carriage with luna Jasmine, but she wondered what she **wanted to talk** about.

“Should I **decline?**”

Chapter **186**

Lilac contemplated about it for a while, but then she shook her head. “I will **go to see** her.” **She** didn’t think it **was** polite **to** turn down the invitation.

More **so**, Lilac was curious about what luna Jasmine wanted to talk about with her.

With the help **of** Raya, Lilac got off the carriage and went to the next carriage that was a little bit bigger.

Chapter 187

As the luna of **the pack**, luna Jasmine decided **to** come to **see** her mate off, **despite** her resentment toward him. She **was still** very **bitter** about **the fact he** had betrayed her.

However, she **had** to keep what was **left** of her dignity intact and acted as the luna of **the pack**. Search **THE Find** website to access chapters of novels early and in the highest quality.

That was when **she saw Lilac**. She wanted to have her company. Despite everything, there was time when she thought of her **as** her own daughter.

Especially now when **she** was put into **the** same position like **her**. **The** betrayal of **her** own mate, made her understand what kind of pain Lilac had gone through **at that** time.

Watching Ruby to be with Aiden, flaunting her pregnancy without any **trace** of shame must be not **an easy** thing for her.

Now, luna Jasmine felt her.

“Long time no **see**, Lilac,” luna Jasmine said. She smiled at her genuinely. After being in bad terms for this long, she felt a little **bit** awkward to have face to face conversation with Lilac, but then the familiarity was still there.

“Long time no see, luna Jasmine,” Lilac greeted her the same way, she looked at the luna and was a little bit surprised to **see** how she **was**.

For someone, who used to see her on top of her game and was very concern with her appearance, it was a shock for Lilac to **see** her right now.

She looked **a** few years older and looked very tired, as if she would collapse any moment, as if she had to endure all the hardship in her entire **life** at the same time.

However, Lilac could mask her shock really well. She smiled at her too, as if the past few months had never happened.

“I need to congratulate you for your pregnancy,” luna Jasmine said. She nodded at her stomach, her eyes turned misty because she wished the baby was Aiden’s. It would be very beautiful. “How far long you are right now?”

“Thank you, luna Jasmine.” Lilac used to **call** her ‘mother, but ever since that day, she stopped it and there was this sadness in luna Jasmine’s eyes **when** she remembered that. “I am almost four months.”

Luna Jasmine nodded. “You need to take a good care of your health.”

“Thank you.”

After that, the situation became a little bit awkward as the carriage started moving. Lilac didn’t know what to say and luna Jasmine didn’t say anything.

But after a long stretched silence, luna Jasmine finally spoke first.

“I feel you,” luna Jasmine started. “**I feel** what you **felt** when Aiden betrayed you.”

Lilac was surprised when she said that, because she didn’t expect luna Jasmine would bring up this topic. **Of course, Lilac** knew what happened. Hunter told her everything, also about **his** plan that ‘went too well’ with luna Jasmine.

Yet, Lilac had **to** feign her knowledge about that. “What do you **mean,** luna Jasmine? Alpha James loves you **so** much. **He is** the **best** example **of** a faithful **mate.**”

Lilac didn’t mean to resent luna **Jasmine,** but **the** word **just** came out of her mouth, probably **she was still** holding a grudge about what happened without **even** she knowing **it.**

1/4

Chapter **187**

Luna Jasmine chuckled lightly when **she** heard that. “**I wished you were** right.”

But, after that, luna Jasmine didn’t **say** anything, which made **Lilac fell** into **silence again,** the **carriage** was very **quiet** and **as** she stared at the **sky that slowly turned** brighter, she spoke softly to **luna Jasmine.**

“Everything will **pass, even the** pain **will pass** too,” Lilac said gently.

“**How can** you **keep** up with the pain?”

Lilac turned her head and looked at luna Jasmine softly. “My pain can’t be compared with **you,** luna Jasmine. Aiden did not **mark** me **yet** when I rejected him and I

didn't **have a** child with him." She took luna Jasmine's hands. "But, I know that you are **a** strong woman. You deserved someone better."

Luna Jasmine shook her head. "I have spent my **last** twenty five years together with him. **It's too** late for me to **get** away from this mess. I **will** be with him until **the** end."

"Even when you **are** being hurt?" Lilac frowned.

"You are right, Lilac. Our pain is different and I think I will bring this pain to my death bed. Deep down, with or without the mate bond, I still love and care for him."

Even when her love for her son was bigger, but it didn't mean, she could put aside the years she **was** together with James.

"I understand." Lilac nodded.

It meant, even when the pack went down and alpha James would face difficulty, luna Jasmine wouldn't sever the mate bond **between** them. Somehow, Lilac envied her determination.

"I hope everything went well for you, luna Jasmine."

"Can you call me mother?" Luna Jasmine tried to keep her emotions in check, but she couldn't. Her voice was slightly trembling when she asked **this**.

For the last one year when Lilac was under her tutelage, she had grown very attach to her, which made her think as her as **if she was** her own.

"Everything will be alright, mother," Lilac said, which made luna Jasmine hugged her. She didn't cry out loud, but **Lilac** knew that the luna was crying. She held her so tight, as **if** she was trying to put all of her trouble at rest for a while.

This was the only thing that felt familiar for Jasmine. Lilac gave her a comfort that she really needed the most at time like this.

Thankfully, **she was** still sane enough not to ask Lilac to persuade Hunter to change the plan, like she asked James, because it would be very disrespectful.

Luna Jasmine knew it would be overstretched to ask Lilac for that favor and she didn't bring Aiden often in this short conversation.

"Thank **you**, Lilac, thank you." Luna Jasmine felt like everyone had left her, the mate that should be the shoulder to cry on **was** betraying her, the son that she wanted to see, turned to be a traitor for the whole **pack**.

And the only thing that felt family was only Lilac. She loved this girl. She hoped **fate** could change and she would **have her again**.

After that carriage ride, Lilac went separated way with luna Jasmine. She **got** off the **carriage** once they arrived at the pack house and **after a few words, they walked** away.

“What were you talking about with **her?**” **Raya** asked out of curiosity, she followed behind **Lilac as** they returned to **her**

bedroom.

“**Nothing.**” **Lilac couldn’t** tell **Raya** about **this**, because **actually**, there was nothing important **that** they were talking about, **all the** conversation was more emotional.

Raya pursed her lips. “**You didn’t** want to **tell me** anything now, you used to tell me everything. **You are** keeping a **secret** from me.”

Lilac chuckled. “**There is** something that **you** should keep to yourself, **Raya,**” she said calmly.

“Well, **you are** right. But, I don’t like that luna after what she had done **to** you,” **she** said truthfully.

“She had done bad thing, but she also did good thing. I am thankful *that* you are angry on my behalf, **but you** didn’t **need** to do that, because I am no longer angry at her.”

Raya clamped her mouth. “You are too kind, Lilac. Sometimes, you need **to** be a little bit rude and vengeful to your enemy.”

“She **is** not **my** enemy, **Raya,**” **Lilac** said, she **was** frowning a little because she didn’t know where **Raya was** coming from with all of this hatred.

She was thankful that she was angry on her behalf, but to feel vengeful on her behalf? That was too much.

“Okay, you must be hungry! I will make you some cookies that you like! How’s it?” **Raya** clapped her hands when **she saw** the way Lilac looked at her.

“Let me help you,” Lilac said. “**I** don’t have anything to do.”

“No.” Raya refused her immediately. “I don’t need any help. You need to get some rest, I know that you were having fun last night, you must be very sore, right?”

Lilac blushed, she wanted to lie, but her face and expression didn’t want to cooperate. More so, Raya always refused her help whenever she made her these cookies.

But, on top of that, Raya was actually right, because she felt a little bit tired. She wanted to *lay* down and fall asleep.

Probably it was because of the pregnancy, that was why she felt easily tired.

“Okay.” Lilac nodded.

After that, Raya left Lilac in the bedroom alone, Gavin and two guards stood in front of her bedroom to guard the area.

Meanwhile, it didn’t take long for Lilac to fall asleep. She was very sleepy, her anxiety toward Hunter was forgotten for a

moment.

But, before she could really fall asleep, she heard something. There was a rattling sound from the window, which made her furrowed her brows. Her bedroom was on the second floor, it must be the wind or the branch from **the tree**.

However, **she** smelled this familiar scent, coming closer toward her, which forced **her** to open her eyes.

“Aria?” **Lilac** was immediately on alert, she **sat** down and looked at the door. Gavin and the **warriors** must be right outside, she could scream for their help and they would **take** care **of** Aria.

But, Aria immediately pleaded with her to keep silence.

“**Please**, don’t. There **is** something important I need to tell **you**.”

Chapter 188

Chapter 188

Aria could see what Lilac was trying to do. She wanted to call for the guards out there. But, if she did so, Aria wouldn't have a chance to tell her about something important.

Yes, this room was guarded, but it didn't mean she couldn't find a way to enter this area. After all, she was born here, this pack was her house and she had been roaming around the pack house for a few years now.

Especially when Lilac was under Luna Jasmine's tutelage, Aria would often be in this pack house, of course, she knew every corner of this place.

A few guards at the door wouldn't be able to stop her from coming into this bedroom.

"If you wanted to call the guards, you can do it after you listened to me." Aria pleaded with her. She only wanted to redeem what she had done to her and this was her only way to do so. "Please, Lilac, listen to me for this one time. This will save you."

Lilac looked at her sharply. "I have listened to you twice and even gave you the second chance, but you always let me down every time. What made you think that I will listen to you again right now?" Lilac narrowed her eyes dangerously at Aria. Her disappointment on her resurfaced, along with her anger.

"You have nothing to lose if you listened to me first. This is about the baby in your womb. This is about the safety of your baby." Aria had thought carefully about what she was going to say and bring up her baby would definitely put Lilac on attention and that was all she needed right now.

And Aria was right about that. Lilac was immediately on alert with the mention of her baby, she looked at her closely, as she stood up from her bed. They were only three steps away from each other. "What do you mean with my baby?"

Aria took a deep breath, she was relieved that Lilac gave her a chance to speak.

"That woman," Aria started immediately, she glanced at the door, afraid that the woman would come inside. Thankfully, this room was spacious enough, thus the guards out there couldn't smell her scent from behind the **door**, but it worked the other way around too. "That woman, who always with you."

"Raya?"

"Yes. Her." Aria nodded. "She tried to poison you."

Lilac stared at Aria. How she could believe her after what she had done to her and Aria knew that. She was well

aware that it was not an easy task to convince Lilac that she was trying to help her, instead of harming her.

“Lilac, you have to believe me. She put something inside the cookies that she made. I saw it with my own eyes.”

“She made cookies, why do you think that she wouldn’t put anything inside?” Lilac growled dangerously at Aria. Not only this woman was trying to slender Raya’s name, but she was also giving a ridiculous accusation.

Who would believe such accusation? Lilac was livid, she really wanted to kick her out of this room.

“Lilac, I know how to make cookies too, do you think I didn’t know about what kind of ingredient that to put inside?”

“It’s different.”

you need

“Lilac, I know what I saw.”

“If this is a harmful ingredient, what do you think it is?” Lilac challenged her. She was still listening because she was talking about the safety of her baby, but now she was on the verge of calling for the guard.

“It’s a leave. It’s a black leave. I don’t know what is that, but I am sure, it’s not something common that you put inside cookies.” Aria felt like crying when she tried to convince Lilac about this. “I have tried to look for that black leave, but I don’t know what is that. That black leave is not something that you can find in the Golden Claw pack.”

Lilac was still thinking of an ingredient that Raya could only find in their pack and it added to the taste of the cookies, but she couldn’t shake this feeling.

Probably because she took extra precaution with her pregnancy, thus she became a little bit paranoid about everything that she ate.

“Didn’t you feel anything strange recently after you ate that?” Aria was so desperate now. She came here when

she saw Raya made those cookies again and she had that black leaf with her “che put the black leave inside the

cookies secretly, Lilac. If that's normal ingredient, why would she tried to hide it?"

Lilac didn't answer that, but she went very silence. She stared at Aria, but she couldn't tell whether she was telling the truth or not, since she had lied to her a few times, it was hard to trust her again. [search the website to access chapters of novels early and in the highest quality.](#)

"I am pregnant, of course. I will feel strange." Lilac looked stoic, as if she didn't care about anything else and this

frustrated Aria even more.

She tried to argue with her, but in the end, she stopped trying to convince Lilac.

"I know I have done you a grief mistake. I know what I have done must have made you lost all of your trust in me. I can understand that. But, I will not harm your baby. I will never do that. I came here with all the risk that I might face to warn you. If you want to believe me or not, it will be up to you." Aria looked sad. She stared at her stomach. "I only hope I can redeem all of my wrongdoings and see you and the baby are healthy."

After saying that, Aria didn't wish to have any argumentation. She had done her part, trying to force Lilac to believe what she said would only make her distrusted her more, so she stopped.

Let fate to guide her heart and help her see clearly.

After Aria left the room, Lilac stood there silently as she stared at the sky outside. It was already close to afternoon. She wondered what Hunter was doing.

This matter before her eyes was too confusing and if Raya indeed had the intention to harm her, what the reason of her doing so? She had never treated her badly, she was her close friend. She was closer to her than the other two. She was the first person that she informed about her pregnancy.

Why would Raya wanted to harm her? That was all beyond her. Lilac felt her head hurt.

"Black leaf..." Lilac mumbled to herself.

And after a few more minutes contemplated about what she was going to do, she went to the door and found Gavin and the other two warriors there. They greeted her politely.

“Hm...” Lilac looked hesitant when she was about to ask about this. “I want to ask something.”

“What is it, luna?” Gavin asked. All of them looked very serious, thinking this was a very important matter because the luna looked very uncomfortable.

“Have you ever seen black leaf? Is there something like that near the pack?” she asked.

“You meant the lycan pack?” Gavin asked. He thought about it for a while.

“Oh, the Crow leaf!” One of the guards suddenly remembered about something.

“Crow leaf?” Lilac frowned, she had never heard anything about that kind of leaf before. “What is that?”

All of them recalled the same thing too. “Oh, right. Crow leaf has black leaf.”

“What is that?”

Gavin then explained to her that it was a plant that grew near the Gerrerear mountain, not many people knew about this plant, because it didn't bring any benefit.

“You can say this is rather poisonous leaf.”

Lilac's heart lurched when she heard that. “What do you mean poisonous?”

“Well... I am not sure about that, but I heard it will weaken your body. It's not really harmful that could cause your death, but it's not a good thing to be consumed if you were in the mountain.”

“If you wanted to know more about it, you need to ask a healer.”

Lilac nodded. She didn't really listen what they were saying, because she was deep in thought, as she stared at the floor and Gavin noticed the trouble look on her expression.

“Is there something that bothering you, luna?” Gavin furrowed his brows.

At first, they didn't really like this luna, since she was not a lycan, but as time went by, they rather liked her and after spending time together quite often, they were also fond of her.

"I have a request, but I don't want you to tell anyone about this."

"What is it?"

Lilac didn't know whether she could believe them or not, but she was willing to give it a shot. They might betray her too.

After all, the people in her life tended to betray her at some point and if Raya was indeed tried to harm her and the baby, she really didn't know who else she could call as a friend.

The three warriors listened to Lilac's request, they kept saying that it was impossible, but then promised her to get what she wanted.

A few hours later, Raya returned with her cookies, but Lilac was sleeping and when she tried to wake her up, she told her to put the cookies on the table and she would eat it later, since she was too tired and sleepy.

However, after Raya left, a healer came to the room.

"I want you to check that."
