

Chapter 115

“ALINA? WHAT ARE YOU DOING HERE?”

Everyone turned around and looked at Alina.

Lucas asked Silvia. “Do you know Alina?”

“Yes.”

“How?”

“She was my classmate.” Silvia replied.

Alina just came out when she heard laughing and cheering. But she was equally stunned like Silvia when she saw her there.

“Silvia? You are from this pack?” Alina asked and came to her.

Silvia nodded and smiled at her but her smile faded when she saw Alina's neck.

“W-What is this?”

Alina felt her heart skip. All the time she avoided others' eyes but when she saw a known person in front of her and her eyes, she felt upset.

“I will tell you later. It is not the time to talk about it.” Lucas said to Silvia.

Silvia was not a fool or an uneducated girl. She read the tag. It was a Slavery tag. She stared at Alina and felt sad for her.

Silvia thought the king caged her and made her his slave just like other kings do for their sexual desire.

Alina understood the gaze and nodded at her to assure her that she was okay. Nothing went unnoticed by Aaron. He was watching everything.

Lucas tried to calm the hot atmosphere.

“She is my mate, Alina.” Lucas said to Alina.

Alina's brows raised and lips parted. "Wow. Really?"

Silva nodded. "Yeah."

Lucas also nodded and introduce Alina to Silvia,

"And this is our King's mate."

Alina was stunned by the way Lucas introduced her to his mate. She almost forgot that he was the king's mate as well.

A big shock was showing on Silvia.

"T-Then w-why this?" Silvia asked Lucas about the tag.

"You don't have to think about anything other than yours. Just be happy with your mate and let others do their own thing." Aaron said with his deep voice.

Silvia felt scared of Aaron. She heard about him a lot. The ruthless King of Lycans.

She nodded and bowed to him. “Forgive this naive girl, my king.”

Lucas smirked when he saw that. His mate was smart enough, she did not do anything foolish and immediately did what she needed to do. He was impressed with her.

Aaron nodded and told Beta Lucas to take Silvia to his room. Silvia blushed when she heard she would stay in her mate’s room from now.

Alina looked at Silvia and smiled.

“I will talk to you later if you have time.” Silvia said to Alina.

Alina replied, “Of course. Now I have time and time. So take your time and come to me when you are free.”

Lucas took his mate to his room.

Silvia’s jaw dropped. “Wow. Nice room. I thought pack house means an old fashionable room but I was so wrong. Your room is very beautiful.

Silvia was appreciating his room when Lucas went to her and grabbed her waist behind her.

“What about me? What do you think about me?” He asked.

Alicia felt heat on her cheeks. “I-I am happy.”

“Really?” He kissed her neck.

Lucas found her today when she was going back from this pack.

He went outside for a work and came back but he felt that scent that he wanted to smell for a long time, his mate’s scent.

He sniffed the air and found the way from where the smell was coming. He found her talking with a boy.

He ran to her while looking at her back. When she also felt the smell and turned to him.

Their eyes collided and they felt the best feeling of their lives. The feeling of finding their mates.

To his surprise, she was the woman whom he saw once and fell in love with.

Lucas could not believe his fate. He might have done something good. Otherwise how could he get the same woman as his mate?

They recognized each other and Lucas confessed to her.

The boy beside her was one of her classmates. Lucas told her that she would not go back.

The boy was her friend but understood that they were mates.

Lucas did not give any explanations to her and took her to the car then he called Aaron that he was coming with his mate.

Lucas came out of his thoughts when Silvia turned around to him. She wrapped her hands around his neck.

“I am lucky that you are my mate, Lucas.”

“Same, honey.”

“B-But..” Silvia stopped talking. She was nervous inside her heart.

Lucas lifted her chin. “But what?”

“I am afraid that you will not like me and will do with me like others.”

Lucas narrowed his eyes. “What do you mean like others?”

Silvia looked at the floor and replied,

“I am talking about King Aaron. You just told me outside that Alina is his mate. Then how can he make his own woman a slave? What about her respect? What about her life? This is such a horrible thing. If I think of myself in her, I feel shivers.”

Lucas pulled her head onto his chest and hugged her.

“Don’t you dare think of yourself in her place. She is trapped where no one can help her. She is caged because of her fate. She is innocent yet to live like a slave.”

Silvia was shocked and moved away slightly.

“What do you mean?” Silvia asked.

Lucas sighed and shook his head. “I can’t tell you about this matter right now but I can assure you that she is innocent.”

“How do you know that she is not lying?”

“I know her. Believe in your mate, baby.”

Lucas knew Alina really well even though all the officials knew her. They just needed a proof against Cristal. That was it.

Lucas patted Silvia's head. “You have to know many things about my pack. But always remember one thing that intentionally or unintentionally never try to disobey your king.”

Silvia thought her mate was very loyal to the king. She shook her head.

“But Lucas, he made his own mate a slave.”

Lucas replied to her,

“I know my best friend.

HE SAVED HER LIFE BY MAKING HER HIS SLAVE.”
