

Chapter 117

“And I am the mate of the Beta of your pack.”

Crystal was shocked. “What?”

The pack's Beta was the most powerful person after the Alpha. He was the second in command. No one could disobey his order except the Alpha and Luna, same went with the King and Queen.

However, Crystal was not the Queen yet. So her royal witch position was nothing in front of a Beta.

“You are Lucas's mate?” Daisy asked with a smile.

All this time she thought Silvia was a friend of Alina but when she heard Lucas had found his mate she became happy.

She loved all the officials just like her son. So she felt happy about it.

“Come here.” She said to Silvia.

Silvia went close to her. Daisy caressed Silvia’s head. “When did you come here, dear? I didn’t know you were Lucas’s mate.”

“I came here last night. And it’s okay. I was trying to say that from the start but Crystal kept interrupting me and Alina.”

When Daisy heard Alina’s name her smile faded. She looked at Alina who was standing in a corner. Her Slavery choker was on her neck.

Daisy averted her gaze from her and then looked at Silvia.

“You are our Beta’s mate. You have to get along with your future Queen more. She is your Queen. Meet her. She is Selena.” Daisy introduced Selena to Silvia.

Silvia looked at Selena for a moment then nodded to her.

Selena narrowed her head. “Don’t you learn that you have now for your Queen?”

Silvia smiled at her. “You are my Queen yet. When you will become the Queen, I will bow to you for sure.”

Everyone was stunned by Silvia’s confidence.

Daisy laughed. “I like it. I like your confidence. Lucas’s mate got his perfect match.”

Crystal was glaring at Silvia. She did not like her. The way she spoke was as if she was mocking her.

“Nice to meet you then Silvia.” Crystal said and cleared her throat. She did not want to offend Beta Lucas. His mate would complain about her to him if she had any grudges against his mate. So it would be better for her to behave well with Silvia.

Alina was watching everything. She thought Silvia was a good girl at heart. Because she said what was in her heart. She was blunt and it was a good quality in her.

Silvia nodded at Crystal. “Same to you. But I never thought that you would talk rudely with me.”

Crystal shook her head. “No, I didn’t want to. It was all because of that woman.”? Crystal pointed her finger at Alina.

“What about her?”

“You were with her so I thought she called you.”

“What if she called me, what would happen?”

“No, she can not. She is just a slave of it King.”

“Do you think Slaves are not human? I thought she was your best friend. But it looks like after coming back to the pack you turned opposite to her.”

Crystal shook her head. “You are saying this because you don’t know her. She is not a normal person. She is a criminal and a sinner. She did a murder.”

“WHAT???” Selena asked in shock.

Daisy glared at Alina. “So you were there all this time and did not tell her what you did?”

Alina looked down. She did not have to explain anything to anyone. She knew they were enough to tell Silvia about it. The same old matter with full of lies, without knowing the truth.

“I don’t know what you are all talking about.” Silvia said. She was shocked when she heard about the word ‘murder’. She did not know anything about it. Lucas did not say anything to her last night.

“She killed our late King.” Selena said after looking around if there were any maids or not.

Silvia’s eyes widened. “k-Killed??

“Yes, she killed my Uncle Atlas. I love him so much. He was like my father figure. Aunt Daisy saw with her own eyes that she killed Uncle Atlas. King Aaron gave her a death sentence but she ran away from the punishment and went to another to become their Luna. So king Aaron found her and took her back. After that as a punishment, he gave her the slavery tag. She will be always a slave and will never get freedom in her whole life.”

Shivers ran down Silvia’s spine. She could not believe her ears. She was startled.

“B-But she is King’s mate.” Silvia said.

Selena got mad at Silvia. “Don’t you dare say this again? He was drunk and unintentionally marked her. She is nothing to him. I will be the Queen

of his kingdom. He will be my husband. And she? She is just a slave who has no value in any man's life. It is her good luck that she is not getting killed by the king. Otherwise, I am alone enough to kill her." Selena said.

She was a Lycan. She was hot blooded. She could kill any male and female wolf. The Lycans never thought before killing. They were the most powerful rank in the werewolf world.

She did not like Alina from the moment she saw her with Alpha Rick. Alpha Rick said he would choose Alina over her even if she became single.

After that, she grabbed King Aaron. For Selena, Alina was not good for her life. When Alina became the slave, Selena had a major problem because Daisy took her here for became the king's chosen mate.

A mate was the only one who could share the power and became each other's life companion.

However, she was still hoping to become the Queen. Without being the King's mate, she still had a chance to get the position.

But she did not want Alina to grab Aaron's heart again. She did not trust this woman. She believed Alina only how to seduce men and nothing else.

Selena was just hoping just one thing that,

Alina might not get King Aaron's power as his mate.
