

Chapter 143

Alina saw Crystal entering the pack house. She looked scared. Behind her were two guards and two others were beside her.

Everyone was silent. Silvia and Daisy were shocked. Alina noticed that only Aaron and his officials were indifferent.

Aaron signaled his guards and they pulled the chain forward. Crystal fell on the floor in front of others.

“YOU!” Daisy raised her voice. She was fuming in anger.

Crystal ignored Daisy and looked up at Aaron.

“My King!”

Aaron was staring at her with his dark eyes, no one knew what he was thinking. The woman who ended everything was in front of him.

“My king, please forgive me.”

Aaron sat on the couch. He heard her talking,

“H-How did you find me?”

Aaron looked at Gamma George. He nodded and took out a packet of cigarettes. He pulled out a cigarette and gave it to Aaron.

Aaron lit a cigarette and puffed on it.

Theta Cooper spoke, “What did you think? Is King Aaron a fool? You played mind games with the Queen mother and King Aaron trusted his mother blindly. That was why you could get success in your plan but after that, you tried to make him fool again and again. Did you think he is ruling this kingdom just because he is a Lycan?”

Crystal was confused. She tried to hide in a place where no one could find her. Only she knew about that place. In fact, she tried to kill Daisy. However, she fell lost and the spell broke all of a sudden. After that, she felt her power was going away from her.

She was stunned when some pack fighters came to her hidden place and caged her with chains.

They took her here without saying anything. She was afraid that King Aaron would kill her.

“I don’t know what you are talking about.” Crystal replied.

Delta Darren shook his head. “He knew that you were the killer.”

Crystal’s eyes widened. “W-What?”

Alina was also shocked. She turned to Aaron. ‘He knew that?

Beta-Lucas nodded. “He believed what Alina told him when he made her his slave. What did you think? Why did he make her his slave? Was it even a punishment?

No, it was not. Every woman in the kingdom wants to get close to the king. Do you think being his slave is a punishment for killing someone?”

Alina was stunned. She thought it was like hell for her.

She had to feel humiliated by others.

However, she did not have to do any work as a maid, or she did not have to attend any function to get humiliation. In fact, at the party, Aaron came to save her from getting insulted. He even warned others not to raise a finger at her.

She remembered the night he spent with her was the last night with him for her. Because after that he never tried to do anything with her.

He marked her that night, and made her his mate.

Everything was rushing into her mind.

She heard Crystal, "y-You knew everything? That was why you protected her in your residence and told her not to come out?"

Aaron sneered. "Crystal Graham."

Hearing her name in his mouth Crystal was shaking in fear.

"-I am apologizing for everything. P-Please, forgive me."

Crystal cried out loud.

Daisy went to her and slapped her hard. He grabbed her throat tightly.
“You killed my mate. I will kill you today.”

Crystal tried to break free but Daisy was tightening her grip.

“I will kill you.” Daisy growled at her.

Crystal anyhow stood up and pushed Daisy hard with all of her power.
Daisy almost fell on the floor but Alina held her in time.

Alina got so infuriated that she raised her hand in front of Crystal.

Crystal felt an electrifying push. Her body was pushed back to a pillar behind her. Blood ran through her head.

Everyone was staggered by the action, even Aaron was stunned.

Aaron looked at Alina whose eyes were glowing blue.

“Don’t dare to hurt any single person again. I will tear you apart.” Alina said.

“Alina.” Daisy called softly.

“Are you okay?” Alina asked Daisy.

Daisy nodded at her that she was fine.

Aaron did not ask her how she did that. He told his officials, “Call them.”

“Who?” Daisy asked.

Aaron did not reply, only stared at Crystal who was crying on the floor.

A maid and a guard came there.

Alina recognized them. It was the same maid who told everyone that Crystal left the pack house and did not go to Alina’s room.

The guard was the one who was Crystal’s man. He told everyone that Crystal had never come to the dungeon land that Alina was lying.

Alina looked at them. They saw Alina and their eyes widened. Alina thought the maid left or ran away.

Looked like Aaron searched for them and took them back.

“M-My K-King,” They said with their shaken voice.

Aaron stood up and walked to them.

They felt like dying. The way King Aaron was looking at them, they felt scared.

“What did you say when I asked you? She didn’t go to the Dungeon? And what you said? She left the pack house?” He asked them.

They kneeled in front of Aaron and exclaimed, “Forgive us, My king. We will never lie to you.”

They were about to look up at Aaron but saw his claws coming out.

They startled looking at them.

Alina was just watching what Aaron was doing. She remembered how he killed those boys who tried to molest her.

In a blink of an eye, Aaron grabbed the guard's hair and pulled him up. He broke his neck and the man fell on the floor lifeless.

Alina tightened her fists. She wanted to look away but she wanted to see the end of them who tried to kill her with a sinful blame.

Aaron grabbed the maid's hair. The maid felt pain in her scalp.

“Please forgive me. I will go away from here. Please don't kill me. I have a mat-“

Aaron did not let her complete her sentence. He killed her the same way he killed the guard.

“What about my mate, huh?” He growled.

Everyone was quiet. No one dared to talk.

He turned his head to Crystal. Crystal shook her head when she saw his red eyes.

“Don’t kill me, please. All of my life, I only love you, Aaron. I have always dreamt of marrying you. My mother told me to take revenge but I have never tried to do that with you.”

Aaron frowned. “What revenge?”

Crystal put her head down. Her glowing green eyes looked pale. “She loved your father a lot. Your father had an affair with my mother. But when he found out about your mother, he broke every relationship with my mother and let her live in hell.

From then, my mother planned to take revenge. She always told me about Alina. She knew Alina would be your mate. She tried to isolate herself from others by bribing her parents. Her parents did not agree with it so she killed her parents. She fixed another couple for Alina and let them take care of her.

I became Alina’s friend because it was my mother’s plan.

I went abroad with her. I did not want to leave you, Aaron. But I had to go with this woman. I care for you, I love you, Aaron. My mother only wanted revenge to make me your Queen but I don’t want any revenge anymore. I only want you. Please forgive me and accept me as your Queen.”

Everyone could not be more shocked. Daisy glanced at Alina. She felt angry at Chloe who played with a child like that.

Alina did not react, she had already known that.

Aaron was already furious. But hearing about Alina and after knowing what Crystal's mother did with her all this time, he growled at her.

Crystal laughed when he growled. She shook her head.

“What will you do? You don't have any other option.

What do you think? There is only one witch? No, when you kill me, my aunt Darcy Graham will take revenge on your family. You don't have any idea of her power.”

Crystal thought Aaron would let her go again if she blackmailed him just like last time.

“Crystal?”

Crystal heard a shaken voice. She immediately turned to the voice.

Her eyes widened. “A-Aunt Darcy???”

Beta Lucas laughed, “You really took our King easily, poor soul.”

Aaron glared at his officials,

“Open the broader of the Lycans.”

Hearing that Crystal and Darcy both howled in fear.

Lycans were the most powerful creatures. They could not do anything with them. Selena and Atlas were easy targets because Crystal somehow used wolfsbane on them.

But by opening the border for every Lycans, Crystal could not think of any more horrible things.

With glowing red eyes, Aaron smirked at them and ordered his officials.

“Tell them to come to the forest in an hour. We have a feast today.”
