

Chapter 17

“IT’S BETTER IF HE REJECTS ME, OTHERWISE THE TIME IS NOT LATE WHEN MY NIGHTMARES WILL BECOME TRUE.”

Alina was eating while thinking about everything that happened today. She felt a gaze on her.

Aaron was looking at her. He was looking angry. Nobody could tell what he was thinking. Beta Lucas frowned at him. ‘What happened to him? Did Alina do something that made him angry? I didn’t even tell him what Alina had told me. If he is angry for nothing then what will happen to him when he will get to know about her mate’s thinking?’

Atlas looked at his son. “My son, is everything okay?”

Aaron looked away from Alina and turned his head to Atlas. “Yeah.” He replied and cut the steak on his plate.

Crystal whispered to Alina, “Where were you?”

“I was in the forest side.”

“Alone?”

“No, Beta Lucas showed me around.”

Alina was loud enough to hear. Aaron looked at Beta Lucas.

Beta Lucas didn't look up and kept eating.

“It's good that you are getting along with everyone. But Beta Lucas is very tough. It is surprising.” Daisy said and smiled at Alina.

Atlas smirked at Beta Lucas and said,

“How did he take out time for showing around her in his busy schedule? Does he like her-“

“DAD!” Aaron yelled and looked at his father.

Everyone was shaken except his officials.

“My Son, I was just saying...” Atlas tried to explain but Aaron interrupted him.

“Do you know why I take out time for sitting here and enjoying meals with you all?”

Atlas was silent.

“It’s because I thought, you should not feel that I am now superior to you. I didn’t want you to feel that you are not the king anymore and your son is behaving rudely with you. I didn’t want you both to feel dishonorable. But guess what? Every time I come here, I have to hear arguments.”

“But I didn’t say anything wrong. If he doesn’t like her then why did he go with her? He never did anything like that. He didn’t go with Crystal when I told him to show her around last year. He told me that he is not a tourist guide who will show around anyone who comes to visit our pack. Then now why did he go with her??” Atlas raised his voice and asked.

Aaron sighed, “Look, Dad. I told you yesterday and I am telling you today too. Don’t mess with my officials. I know everything about the past so don’t try to make me the same as you. I am not you. If he wants to go with any woman I don’t have any right to stop him. If he doesn’t like Crystal it’s his matter. You are no one to tell him what to do. Don’t mock him for anything. Just because he went with the new girl, that doesn’t mean he likes her. You can’t make this type of statement. She is just a normal girl

but he is my Beta. He has some respect. He can't like just anyone. If people get to know about this, his respect will be lessened. And I don't want this."

Beta Lucas was happy that his best friend was supporting him but when heard what Aaron was talking about Alina, he almost facepalmed.

Atlas shut his mouth. He could not argue with his son.

"From today if you like to argue with Beta Lucas when we are having meals, I am not coming here again. I will have my meals in my residence. You all can enjoy your meals without me." Aaron stood up and left the dining room.

Everyone was quiet. The whole dining room was silent.

Alina was quiet too. 'He again insulted me through another matter where I am not at fault. Does he dislike me this much? He really cares for his friend but his father's statement is also related to me. How did he not care about me? I guess this pack and this pack's people are really not for me. I need to do something for myself. I am not here to get insulted by anyone.' She thought and continued to eat as if she didn't care about what happened just now.

"But I didn't say anything wrong. If he doesn't like her then why did he go with her? He never did anything like that. He didn't go with Crystal

when I told him to show her around last year. He told me that he is not a tourist guide who will show around anyone who comes to visit our pack. Then now why did he go with her??" Atlas raised his voice and asked.

Atlas looked at her and felt disgusted. 'Because of this girl and this Beta Lucas, my son talked to me like that in front of everyone.'

Atlas looked at her and felt disgusted. 'Because of this girl and this Beta Lucas, my son talked to me like that in front of everyone.'

Daisy didn't like what her son just said about Alina. She didn't feel the same. She felt that Alina was a good girl and she was an unloved child. Her parents didn't come back yet so she tried to get along with her. But her husband stated something wrong and this poor girl had to hear all of this. Daisy sympathized with Alina again.

"Don't get these in your heart, Alina. He was just angry at his father. That was why he said those things." Crystal whispered to Alina.

Alina nodded and replied, "I didn't mind at all. He is the Lycan king, he can do anything and say anything to anyone. Who dares to think against him?"

Alina was about to stand up but heard, "It is all because of you, I don't know what magic you did to my son that he talked with me like that." Atlas was angry and said to Beta Lucas.

“How strange Mr. Robertson! You were a King but still don’t know that werewolves can not do magic. It is not our work but your favorite so-called daughter does those things, after all, she is a witch.” Beta Lucas said and smiled at Atlas.

“Don’t forget she is the soon-to-be Witch of your pack.” Atlas warned.

“And?” Beta Lucas rolled his eyes at him.

Atlas was getting angrier. “How dare you roll your eyes at me?”

“Please control your anger, we are family. We should not argue with each other.” Gamma George said to Atlas.

“Who told you I think all of you are my family?” Atlas said.

“We also do not consider you as our family member, Mr. Robertson.” Beta Lucas stood up and left the room.

Alina was confused.

‘WHAT IS THE REASON OF THEIR CONFLICT?’
