

## Chapter 19

The next day Alina went to the Training hall. Crystal told her that she came to get training. So Alina thought about what she would do in her room. She should go and do some training.

Today she tried to call her parents. They didn't receive her call. It was understandable if their phone was switched off but no, she could hear rings but they didn't receive her call.

She entered the training hall and looked around. It was a big hall for training. There were many men and women who came to get training.

Theta Cooper saw her and came to her. "Hi, Alina."

They just talk because from yesterday, none of the officials came to have meals together after King Aaron said he would not come there.

"Hi, Theta Cooper."

“Did you come here to train yourself or enjoy seeing others’ training?”

“Well, both. I was getting bored in my room. Crystal was busy with something so I felt like coming here.”

Theta Cooper nodded and said, “Come with me. I will show you our fighting tricks.”

Alina thought he would show up by himself but then she realized how funny she was thinking like that.

He showed her a bunch of pack fighters who were fighting together.

“You can see their skills, most importantly their tricks of fighting.” Theta Cooper said.

Alina nodded and Theta Cooper left for the other side to train some pack members.

Alina stood up in a corner from where she could see all the fighter’s actions clearly.

Alina was awestruck when she saw how the pack fighters were fighting each other.

‘Wow. Their tricks are amazing. I have never gotten any training like that. These men are really strong. They are not Lycans but they are strong enough to kill any other wolf in their human form.’

“You are such a shameless woman!” Alina heard a deep voice and was stunned. She looked beside her and saw that Aaron was standing there.

He was in his black pants. Alina’s eyes fell on his bare chest. His body was full of muscles and abs. Alina blushed and looked away immediately.

The next day Alina went to the Training hall. Crystal told her that she came to get training. So Alina thought about what she would do in her room. She should go and do some training.

Aaron observed her and said, “No, don’t pretend like a shy Omega. I know how shameless you are.”

Alina frowned. Now, what did she do again? She didn’t even talk with him. Every time he called for her to insult her or humiliate her in front of everyone.

“I don’t know what you are saying,” Alina said and continued to look at the pack fighters who were a little far away. They could not hear their conversation but they could see their king was there. So they felt nervous.

“You don’t know? Of course now you will act like that.” Aaron said and scoffed.

‘This woman was shamelessly looking at the pack fighters and enjoyed seeing their bodies. How dare she! Now she is pretending like she doesn’t know what I am talking about. A shameless woman like her can’t be my mate.’

“I really don’t understand what you are talking about,” Alina said again.

“What are you doing in front of the pack fighters?”

“I came to see their training and enjoy their fighting tricks.”

“Oh yes, you came here to search for your lover right?” Aaron asked.

“Lover?” Alina turned her head to him. She tried to avoid his bare chest and looked at his face. “What Lover?”

“The lover you have a crush on and wanted to search for. You are a brazen woman. You even told my Delta to tell me to search for your lover.”

That hit Alina's mind. He was talking about himself. Alina told Delta Darren a few days ago to find Aaron because she thought he was a pack fighter. But how could she explain to him now?

"I was talking about yo-" She tried to explain to him but got interrupted.

"Alina." Crystal shouted and came to them.

Crystal looked at her best friend and the king. "What are you doing here Alina?" She asked. She didn't expect Alina and King Aaron together.

"I was bored in my room so I came here to see training." Alina replied.

"Don't lie to me. You came here to find your dreamy boy, right?" Crystal said.

Alina looked at Aaron and saw that he was glaring at her.

"No I was not."

"Don't lie to me. You came here for the man of your dream. You told me you will find him. You are in love, my friend. I can feel you." Crystal said and giggled.

Alina tried to break the misunderstanding to Aaron but she could not say anything in front of Crystal. How could she? She could not just say in front of Crystal that the man she was searching for was none other than the king himself.

But why did Crystal say all of these in front of the king? Wasn't it a secret between Crystal and her?

“My King, what are you doing here?” Crystal asked sweetly to Aaron.

Aaron didn't answer her but glared at Alina. Alina looked at him slowly and looked down immediately. ‘How could I forget how dangerous he is? I don't know why he is so angry with me. He told me he doesn't like me. Even if I came here for any fighter wolf, what is it with him? He will reject me soon anyway.’

Crystal was looking at Aaron and waiting for his reply but he didn't answer her back. He was just staring at Alina with his dangerous eyes. She was confused with Aaron's behavior.

“Crystal, come here. I will train you today.” Gamma George shouted.

Crystal was surprised to hear that. She looked at Gamma George, he was standing with Beta Lucas.

Crystal looked at Aaron happily. She thought Aaron told his Gamma to train her personally.

“Thanks, my king.” Crystal thanked him and looked at Alina. “I am going to get training. I will come to you later.” Alina nodded at her and Crystal went to Gamma George.

Alina tried to pass Aaron while looking down but Aaron blocked her.

Alina looked up at him. Aaron came close to her and whispered, “I don’t even reject you yet and you are starting to find a new mate for you?”

Alina’s knees were starting to shake from his deep voice in her ear.

Then she heard him again.

“Which one is your lover, huh? Let me find your lover first.

Then I will kill him in front of your eyes.”

“Which one is your lover, huh? Let me find your lover first.

Then I will kill him in front of your eyes.”

“No, I was not.”

“Don’t lie to me. You came here for the man of your dream. You told me you will find him. You are in love, my friend. I can feel you.” Crystal said and giggled.
