

Chapter 41

“Don’t close your eyes. You have to watch it all, Darling.”

Before Alina could react to his statement, Aaron took the boy’s one hand and pierced the broken bottle hard on his hand.

The boy screamed in pain.

Aaron was so fast that everyone needed time to understand what had just happened.

Alina was shocked. The boy’s hand was bleeding. Pool of b***d was coming from his hand.

“Didn’t you touch her with this hand?” Aaron asked.

“My king! Please show some mercy.” The boy cried in pain.

“Oh, you are living in the wrong kingdom then. The king is merciless.” Theta Cooper said and other officials began to laugh.

Alina did not know all of them were merciless too. They were enjoying the act.

Beta Lucas came to Alice and sat beside her.

“Why are you so shocked? Did they show you mercy when you told them to let you go? If you could not get the chance to open the door, who knew what they would do to you.”

Hearing Beta Lucas, Alice felt the fear that she felt when those boys tried to grab her and she was running from them.

She sighed and looked at the boys. ‘Beta Lucas is right. Why will I show mercy to them? I should not care about what will happen to them. They deserve this. Maybe they do the same with other girls too.’

Aaron pulled out the bottle from the boy’s hand and the boy’s other hand came to stop Aaron’s hand.

The boy was dying in pain.

Aaron looked at the hand which was holding his hand. He grabbed his palm and tightened his fist.

“AAAAHH!” The boy screamed.

Everyone heard the sound of broken ribs. Aaron broke his fingers.

He moved away from the boy. The boy was about to fall on the floor but two guards came and made him stand straight.

Other boys thought Aaron would leave the boy but Alas! They were very wrong.

Aaron stabbed the broken bottle inside his stomach. Other boys screamed in fear.

Alina was frightened but she did not close her eyes.

Aaron twisted the bottle inside his stomach. The boy screamed and stopped. He did not have any more energy to scream or endure the pain.

Aaron moved away from him and looked at the guards. The guards let go of the boy's arms and the boy fell on the floor. The boy was trying to take deep breaths. A few seconds later he lost his breath and died..

Alina gripped her dress tightly. She did not think about this. She forgot punishment meant death to King Aaron.

One by one Aaron killed all the boys. Tears rolled down from Alina's eyes. She was a soft hearted girl.

She did not like death. She did not want to see this. Those boys deserved to get punish or die.

But Alina was frightened again watching Aaron killing people in horrible methods.

When Aaron finished killing all the boys, he smirked at the dead bodies.

“Take them and show their dead bodies to my whole realm, tell them these boys tried to hurt a woman. From today, if any of the girls are harassed by any man in my kingdom, their fate will be like this.” Aaron said to his guards.

All the guards nodded their heads. They took those boys' bodies with them and left the king's palace from another door.

Alina looked at the door. She had never seen this door before.

Beta Lucas understood Alina and said, “This is the secret door of this king palace. Only a few people know about this door. Aaron, Me, Cooper, George, Darren and now you.”

Alina turned her head to Lucas. “Me?”

Beta Lucas nodded at her. “He trusts you, that is why he lets you see his secrets now. He built the door when he became the King. His father and mother also did not know about this door.”

Alina glanced at the door, the door closed by the guards when they left the Palace.

Alina’s eyes fell on Aaron and his hand. His palm was still full of b***d.

Ava immediately stood and went to him.

“Your hand!! It is still bleeding.”

She put off her scarf and took his palm in her hand.

She tried to wipe the blood. Some of the pieces of glass were visible inside her palm.

She looked at the official. “Call the pack doctor immediately.”

Delta Darren went to a room and came out with a fast aid box.

“Here. Take this and treat him. The pack doctor will take time to come.”
He gave the fast-aid box to Alina.

Alina took the box. She knew how to treat this. She did a part-time job as a nurse in her university for one year. She needed a job that time so she took the job in the university. Because of that she learned new things and helped students at the same time she could earn money and save time.

She held his arm and took him to the couch.

“Please sit down.”

Aaron did not say anything, only listened to her. He sat down with her.

She held his palm softly and began to dabbed his palm with a cotton ball. She did it so slowly so that he could not feel any pain.

Then she used tweezers cleaned with rubbing alcohol to remove those pieces of glass.

She heard Aaron hissed. Alina thought Aaron hissed in pain, she immediately looked at him.

“Sorry Mate. I didn’t want to hurt you. Is it hurting a lot?”

Aaron stared at her. He was just teasing her. He was a Lycan, not only that he was the Lycan king. He did not feel any pain. These types of normal things could not hurt him. But looking at her upset face, he was amazed.

This woman saw how brutal he was but still she cared about him a lot. Why?

All of his friends were watching them silently.

They wanted to laugh loud about the situation.

Gamma George whispered,

“He had never looked at anyone like this before.”

Beta Lucas chuckled and replied,

“Your Friend Is In Love.”
