

Chapter 54

Aaron lifted Alina on his arms and began to climb up the stairs.

Other people noticed them and were amazed to see a young couple. The way the young man took the young girl in his arms, it was looking adorable.

The lanterns seller saw them. “Goodbye young man, come back again with your lover.” The man said.

No one knew that he was King Aaron, otherwise no one would dare to talk with him so friendly.

Aaron nodded at him and began to walk. He went to the back side of that village fair. He came here from there.

He saw that most of the cars were parked on both sides of the road. He saw his car was parked in the middle of those cars.

Aaron took her to the car and opened the car door. He made her sit on the passenger seat beside the driver seat. Then he put her seat belt on.

He closed the door and called his friends.

“Where are you all?” He asked.

Theta Cooper replied, “I am with George. I heard from Darren that you are with Alina?”

“Hmm. I am going home. Are you all going or staying more? If you want to stay you can.”

“No. We will go back together. I am calling Lucas. Just wait for us. Where are you?”

“In front of my car.”

“We are coming.”

Theta Cooper said and called Lucas.

Meanwhile,

Beta Lucas met with Queen Mother Daisy. “Lucas! You are here?”

Lucas wanted to hide his face. He did not want to explain anything to others now. He just wanted to enjoy the fair.

“Yes.”

“When did you come back? Is my son back too?” Daisy asked with hope.

Lucas nodded at her.

“Where is my son?” Atlas asked him.

Lucas did not answer him.

Daisy knew their bonding was not good so she asked Lucas. “Son, where is Aaron?”

“He has gone somewhere. But don’t worry he is back after winning another war.”

After hearing that Atlas felt proud of his son. His son won another war. His son had never lost any war.

“That’s a relief.” Daisy replied.

Crystal listened to everything without saying anything.

She planned many things today that she tried to grab the attention of the villagers and all the pack members who came to visit the village fair. Now she would try to control Atlas’s mind to give her the permission to be his son’s Queen. But how did Aaron come back so early?

Crystal was happy that he came back early. But the King was here that meant he could fully stop her plan.

Crystal knew he did not like her. If he liked her then he would behave like that. So Crystal thought he did not believe in love so why not try to do something politically?

“When will he come back to the pack house?” Crystal asked Lucas.

Lucas looked at her then her clothes.

He frowned at her. “Did you play any role in the role play show of this village fair?”

Crystal was stunned by his sudden question.

“N-No.”

“Then why did you wear a Queen’s dress? Doesn’t the red and golden with this design belong to the Queen?”

Daisy felt embarrassed. However her plan worked on the people so it was okay for her to get some embarrassment in front of a few people.

“I liked this dress when I went to buy a dress, so I bought it.” She replied.

Lucas looked away from her. His phone rang at that time.

He saw Theta Cooper called him.

“Where are you, Cooper?”

“First tell me where are you?” Theta Cooper asked.

“I am with Queen Mother Daisy.”

Atlas and Crystal looked at Lucas when they heard that. Lucas behaved like they were invisible.

“Come to the parking site. Aaron will go back now. But he said if we want to stay, we can.”

“No, I am coming.” Beta Lucas replied.

After hanging up the call he looked at them and said,

“I am going home, maybe Aaron will come back there too.”

Everyone looked delighted.

“Then we should also leave.” Crystal said happily.

“What about Alina?” Daisy asked.

Crystal stopped and her smile faded.

“You are her best friend right? How can you go back leaving her here in this crowd alone? Don’t you worry about her?”

Crystal looked down. “I am sorry, Aunt Daisy. I thought she would be back to the pack house with some help.”

Beta Lucas shook his head.

“Don’t worry. I will find her and come back to the pack house. You all can go for the sky lanterns.” Lucas assured them for Alina. He could not say to them that Aaron was with Alina.

“We already flew out sky lanterns.” Crystal said.

They were royals. So they did not go to that deep. The lake was very big and wide.

Furthermore, they went to the lake side near them and flew the sky lanterns. Only She and Daisy flew lanterns, Atlas did not do it because he said he did not believe in those things.

Beta Lucas nodded and looked at the guards. “Okay, then go and take them safely. “

Those guards bowed to him and went with them.

Beta Lucas did not waste more time and went to the back side of the village fair. They came here from the back side, because they knew the front side would be more crowded.

When he reached the parking side he saw Darren, Cooper and George standing out of the car. Then his eyes fell on Aaron's car. He saw Aaron sitting in his car in the driver seat while Alina was sleeping in the passenger seat beside him.

“Wow. Lover boy is now with his sleeping beauty.” Lucas said and winked at Aaron.

Aaron did not reply to his remarks.

“Let's go back.” Delta Darren said.

They came here with Aaron and Cooper's car. All four of them got in Theta Cooper's car. They let Aaron be with Alina alone.

Aaron started the car and drove away from the village side.

He peeked at Alina. She was sleeping peacefully without any care. Aaron drove slowly so that she would not wake up.

Today Aaron felt what was the feeling when anyone spent time with his close one.

He had parents, friends but had not someone whom he could call his.

She was his woman, his mate and his soon to be Queen. He had decided that he would make this woman his Queen.

He was a beast, an untamed beast. No one would dare to think about taming him. But this woman grabbed his heart. From the day one, he affected his heart.

Aaron realized that it was not only the mate bond but also his heart which were why he was feeling like this.

He had never thought about his safety whenever he went to a war.

He knew nobody could defeat him, he was the Lycan king. However, this time he felt insecurity in his war.

He felt If he would not go back with injured health, this woman would be upset.

Aaron did not know when he fell for her. He wanted to know more about her. He wanted her to feel safe with him. He wanted to make this woman his as soon as possible.

—

Atlas, Daisy and Crystal came back to the pack house. They did not go to their rooms. They sat in the living room and asked if King Aaron had come yet or not. They replied that he had not come yet.

They waited for Aaron.

Daisy looked at Crystal.

“Crystal.”

“Yes Aunt Daisy.”

“Go to your room to take your phone and call Alina. See if she receives the call or not. “

Crystal nodded to her and went to her room.

She came back with her phone.

Daisy asked,

“Did she try to call you?”

Daisy was quiet for some moments. Then shook her head.

“No, she didn’t call me.”

Daisy closed her eyes and thought about Alina. ‘Where are you Alina? I am worrying about you. Please come back home soon, my child.’ She thought.

She thought about her son. If he got to know that Alina was missing, what would he do? He would be very angry and do something that he should not do.

“Try to call her. Give me your phone, I will call her.’ Daisy said.

Crystal dialed Alina's number and did not give her phone to Daisy. She said, "I am calling her, Aunt Daisy."

She put the phone near her ear.

Alina's phone rang four times then someone cut the call.

"She is not receiving the call." Crystal told Daisy.

Hearing that Daisy felt distressed.

Atlas looked at Daisy and said, "She is not a kid. She will come back by herself. You don't have to worry for her."

Daisy was about to answer her back but stopped when she saw all the officials enter the pack house.

Daisy stood up. Atlas and Crystal also stood.

"Where is Aaron?" Atlas asked them.

“

He is coming.” Gamma George replied.

After two minutes, Aaron entered the pack house.

Everyone was happy that he was back but shocked when they saw Alina was in his arms.

Aaron took her as a bridal style and entered the pack house.

Crystal was stunned when she saw Alina in Aaron’s arms.

Atlas got angry. He did not like that girl and he told his son too. His son told him he did not think like that but now he came back with this girl like this?

“Aaron! What is this???” Atlas almost yelled at his son.

Aaron frowned at him. “Don’t shout. I don’t want her to wake up.”

Atlas was mad at him.

“Why do you care for her? Who is she to you?” Atlas asked.

But what Aaron replied made everyone shocked except his friends.

“SHE IS MY QUEEN.”
