

## Chapter 76

“YOU CAN’T MAKE HER YOUR LUNA. SHE CAN ONLY BE A QUEEN, HER LIFE IS RUNNING IN A RED CIRCLE.”

Rick narrowed his eyes. “I have never understood your visions, mom. Stop talking about your prediction.”

“Do you think I am joking with you? This is not prediction but reality.”

“You also told me that I will be an Alpha king.”

“Yes, now you are.”

“No mom. It’s because you both forced me to be one. I did not want to be. You all want me to become the head Alpha. Otherwise, I would live my life cheerfully now.”

Alpha Clark was angry at his son.

“Why are you saying this? You are a shameless man. You are not that spoiled brat anymore. You are now the Head Alpha of this pack. How can you regret it? This is the most respectful thing in our world. We are not humans. We are werewolves. We have to live in a pack, in a unity. But it looks like you thought about us like a clown. We are trying to set up here so that you don’t have any problems in the future but what you are doing? Taking a girl who is not the right choice for you?”

“What do you want dad?”

“Didn’t you hear what your mom said? She can only be a Queen.”

“Yes, she will be the Luna. Do you both forget Luna means the Queen of a pack?”

Julie shook her head. “I touched her head. I touched her. I can feel her. She will become a Dominant Queen. You are not a good match for her, my son. Let her go somewhere else, but not here.”

Rick stared at his parents. ‘Why are they behaving like this?’

“Are you both hiding something from me?” He looked at them with suspicious eyes.

“No, we are not hiding anything from you. We are just stating facts.”

“Okay fine. Don’t lecture me. But she will be my Luna and it’s final.”

Before they could speak more Rick turned his head to Beta Max who was listening to them.

Beta Max felt nervous about the fight.

“It’s time for an announcement.”

Beta Max nodded at him.

“What? What arrangements?” Clark asked.

“Once I announce, you will get to know.”

“Rick, don’t do anything stupid.”

“I know what to do and what not to do. Just because I don’t want to take responsibility that does not mean I don’t know anything. I know everything, nothing can go unnoticed by me.”

He left the pack house and went outside. Beta Max followed him.

Clark looked at Julie.

“Did you really see that?” Clark asked her.

Julie nodded to him. “Yes, I saw her running here and there. She came from any danger, I am telling you.”

“It’s okay. We should believe in our son just one time.”

“You’re right. Maybe this time it is just my wrong prediction.”

“Hope so.”

Meanwhile,

Alina was in her room lying down on the bed.

She did not know why he slept for almost two weeks. She was unconscious and this pack saved her.

What Rick proposed to her was a very big matter but still, she did not want to hesitate. She wanted to take the risk.

How did she save me only she knew. She wanted to know about Lucas. What did he say? Did King Aaron know about her? She wanted to know if Lucas told him something or not. If he is angry with him or not.

Alina sat up and stood up. She went to the window. She was feeling refreshed when she felt fresh air come and touch her place.

Alina thought about herself. It was like a drama and game play for her.

“Past? Why did I have to live my life with this? I have no feelings for anyone. I am alone right now totally alone. I have to live my life with a restart button.

I don’t know when I can prove myself to them. I was thinking that the Lycan king was the Almighty. But I had never thought that he could punish an innocent person.”

The more Alina was thinking about the two weeks ago incident the more her blood was boiling. She was afraid of her past. She wanted to go on a shell and when she became powerful when she could prove herself that time she would take her revenge.

She wanted to take revenge on each and every one from this pack who wanted her to die.

Alina came to the bed and lay down. She had already changed her clothes after taking a shower.

She thought this pack's members would not be happy if they became the Luna.

Then, again, they would know who would be his Alpha and she thought that if they knew about it, of course, they had to accept her as their Luna.

“I can't think about it too much. I am living here without any burden. It is better than nothing and dying. I don't want to see your face again, Aaron. You and your family destroyed me totally. A girl who did not know where her parents were, or how was the pack. But thought about her killing your father? Am I that unlucky that my own mate did not want me to live? He declared to everyone that I am dead right? Now I will be like the most deadly person he had ever seen. He did not only break my heart but also broke my trust by not believing in me.”

Alina sighed and closed her eyes.

“I will take revenge on you the most, Crystal. The biggest master planner who did all of this. You ruin my life. What do you think? I can not save my life and you will clap when I will die? No, you are so wrong, I will

never let you feel that feeling. All Of my life, you only cheated on me. You had a false friendship. You behaved as if you were the only well wisher of my life and you did something like that too. Because of your wish, I almost died.

It's my luck that I could save my life otherwise you and your lover the Lycan King wanted me to die.

“TRAITOR. YOU BOTH ARE TRAITORS.”
