

Chapter 78

“YES, I WANT TO LEARN YOUR BEST WITCH CRAFTS THAT ONLY YOU HAVE DISCOVERED AND ONLY YOU KNOW ABOUT.”

The woman was shocked. Alina saw her expression and shook her head.

“Don’t worry. I am not doing something for your pack or the Royal family. I will not hurt your Alpha. I have my own reasons.”

The woman did not know what to say. She was the soon to be Luna. She could not just deny her. The Alpha would be angry at her if she denied her.

So she was confused right now. She cleared her throat and said,

“It’s not easy to become like us. If you learn witch crafts then you will be one of us.”

Alina stared at her for some time. She wanted to learn all these things because she wanted to give very good lessons to her lovely best friend who made her life hell, who almost killed her.

“I don’t care.” Alina replied.

“But dear, we are born like this. We have powers from the start. We are not any made off witch.”

Alina closed her eyes and sighed.

“I think it’s impossible then. I wanted to learn but it was useless to come here. I am sorry to disturb you.” Alina said and stood up.

The woman shook her head. “No, wait.”

Alina paused and looked at her.

“Yes?”

“There is another way. If you share with me what you actually want, then I can help you.”

Alina did not trust her this much that she would tell everything to her. But she just said what this woman needed to know.

“I have a friend who is a witch. She played a mind trick with someone and put all the blame on me. The other who fell into her trap is thinking that I am the culprit. Can we do the same trick with my friend?”

The woman stared at Alina. She understood the friend she was talking about was no other than the royal witch Chloe’s daughter.

Chloe had the power to play with minds. She met her many years ago when Chloe was alive. She knew how powerful but cunning that woman was.

“I get it, dear.”

“What did you get? Will you help me?” Alina asked.

The woman smiled at her. “That witch craft you are talking about was not a simple magic.”

“What do you mean?”

“Yes, my dear. It’s called Black Magic.”

Alina's eyes widened. "B-Black Magic?"

The woman nodded at her. "Yes, black magic. She did black magic on you and the one she tricked."

Alice could not believe Crystal did some black magic to push her away from Aaron's life.

The woman stood up this time and said,

"But we don't have to do any black magic. We can just create an illusion that will affect all of us for some certain time.

But what black magic does is change people's mind. They only can see what the witch wanted them to see. They could not forget the illusion and believe it was true until that witch broke her spell."

"I am very confused with everything. Can you explain clearly?"

"It means that the witch spell bound the people who are saying that you are to blame. You have to break the spell so that they could memorize the truth.

Once you break her spell, everything the people saw that day will come in front of their eyes and minds again, they will see the real truth.”

Alina could not believe that they were actually this type of powerful. They could kill anyone and put the blame on someone else like that.

“You all are very powerful.” Alina said.

“Not more than werewolves. We have the power of magic, but just as I said to you, once you break our spells, we are nothing.”

Alina nodded at her. “Thank you for all of your information. Now tell me, will you help me?”

The woman could not deny her this time. “I have to have to help you, otherwise our Alpha will not let me live here peacefully.”

Alina frowned at her. “Is he that dangerous?”

“No, he is very aggressive. Who does not want to help him or be useful to him. He did not want to stay in his pack. He is actually angry at his father. He did not want to be the head Alpha.”

Alina knew about it. In fact, everyone knew about Alpha Rick. He was a true b***d Alpha who was running from his responsibilities. If his father did not force him to take his position then right now he would be with some girls at their university.

“Please come to my house from tomorrow night, I will start to teach you about some spells and crafts. You will be able to do something you want by that. But you have to keep patience. Because we are born witches but you are not, so it will take time to take at least a single percent of our powers.”

Alina understood what she meant. She nodded to her and said that she would come to her from tomorrow.

Beta Max came to take her to the pack house back. She went back to the pack house.

It was late at night. She was busy all day long. She had to go and talked to many people today. She thought it would be very tough to learn everything together but she promised herself that she would do hard work.

“How was your day?”

Alina turned around and saw Alpha Rick was standing behind her. She just came to feel some fresh air in the gallery and did not realize when Alpha Rick came there.

“It was good but very tiring.” Alina replied.

Alpha Rick nodded to her.

“Just relax and don’t lose confidence in yourself. I think you can become a good Luna.”

Alina looked at the man who was saying this to her. She thought so bad about him. She in fact talked badly with him when he came to her old pack.

“I am sorry for what I did and said in our first meeting.”? Alina said.

Alpha Rick shook his head.

“Forget about it.

FROM TOMORROW TRY TO WORK HARD AND BECOME A POWERFUL WOMAN.”
