

Chapter 79

Three months had passed.

Alina was now a perfect woman for being a Luna. She had learned each and every manner that Luna should need to know.

Alina was sitting in front of her dressing table. Her maid was combing her hair.

“Young miss, what should you wear today?”

“Choose just anything. I don't mind as all of the clothes are royals.” Alina replied.

Her eyes were cold and dark. She was not a childish girl anymore. In these three months she prepared herself as a Luna who was very dominant and at the same time powerful.

It was true that she was an Omega. But she went to learn some skills from their Royal witch Rivana every night.

She taught her every short term detail that she needed to know to break any spell.

She told her that she would help her to break Crystal's spell. For that every night Alina went to her house and practiced some spells which were related to fire.

Alina went downstairs and greeted her soon to be in laws.

At first, they refused to accept her as their daughter in law but then day by day when they saw how Alina worked hard, they also put up with her.

"Good Morning." Alina said to them.

They replied back.

"Let's have breakfast." Former Luna Julie said.

She liked Alina from when she saw her. But she had a vision. She knew Alina was not good for her son and her pack. She had only one son in her life, who was a Lycan. And her son was not a Lycan.

But still, for her son, she shut her mouth and was trying to accept her.

Alina and the former royal couple sat together at the dining table.

“Where is Rick?” Alpha Clark asked.

Alina paused eating and replied. “He went outside the pack. He will come back tonight.”

Alpha Clark nodded at her.

Alina knew about Alpha Rick because in these three months Alpha Rick helped her a lot. They were now friends. He told her if she needed any help, he would help him.

Alina made it clear to him that she could not give him the right of husband because she already gave heart to someone else. Though he broke his heart, she could not love anyone again.

Alpha Rick looked angry that time when she told him that. But after that day he said that they could be good friends.

Alina left the dining room and went back to her room.

She was shocked by the fact that King Aaron did not send anyone to find her once. He did not want to know where she ran away.

For that Alina could live here without any fear. Actually at first, she was living in fear of him. But time had changed her a lot. She is not afraid of anyone now.

That man broke his heart and did not believe in her.

‘I will prove myself but when you will get to know about the truth, it will be too late, King Aaron.’ Alina thought.

Now her life’s only goal was revenge on her so called best friend Crystal.

Alina wanted to know about her parents but she could not contact with anyone so she did not know.

When she was in the dungeon, Crystal told her that they were totally fine and King Aaron would not give them her punishment. So Alina was somehow less worried for them.

Late night, Alina was about to sleep but she heard a knock on her door so she sat up.

“Who has come to my room late at night?”

She shook her head and got down from her bed.

She opened the door.

“Alpha!”

Alpha Rick nodded at her and entered her room.

Alina closed the door and told him to sit on the couch. She understood that he might have something to discuss with her.

“When did you come back?”

Alpha Rick sat on the couch and signaled her to sit beside him.

Alina felt nervous. Because this man helped her a lot. They were friends now but were not so close to each other.

Alina shrugged her shoulders and sat beside him.

“I came here to know about your truth.”

Alina felt a tug in her heart. She knew that would come. She could not stay her whole life without telling him the reason to come here.

Alina looked down and kept quiet.

“I want to know everything, Alina. I gave you three months to think and take your time with me about yourself. But-“

He stopped and sighed.

“But?”? Alina asked without looking at him.

“Tomorrow Beta Lucas and Gamma Henry will come to my pack for a meeting. I want to know everything before they come here.”

When Alina heard about Lucas and Henry she stood up immediately.

“Why? Why would they come here?”

“Because of a pack meeting. We have to arrange a meeting every four months. All the Alpha and their officials come to the meeting and propose their deals. My pack is connected with Lycan Territory so this time the meeting will be held in my pack.

Alina was almost shaking. She forgot her training for three months, she felt a fear in her heart.

But she wanted to know about Beta Lucas. She wanted to know what happened there after she ran away from there.

“Tell me the truth Alina.”

Alina sighed and sat down again. She closed her eyes and tears rolled down her cheeks.

For the first time, Rick saw her crying and he did not like it at all.

He gave her some time to calm down and tell him the truth he didn't know. He could not say that she hid everything from him because he knew she ran away from there and she almost became the Queen. She always told him that she could just say anything and he agreed with her and continued with his proposal. But today she had to tell him before he got to know everything from an outsider.

Alina took a deep breath and said,

I RAN AWAY BECAUSE KING AARON GAVE ME THE PUNISHMENT OF DEATH FOR KILLING HIS FATHER, THE LATE KING ATLAS.”
