

Chapter 85

“MEET MY SOON TO BE LUNA, ALINA BROWN.”

King Aaron was stunned. ‘Soon to be Luna??’

He furrowed his eyebrows and looked into Alina’s eyes.

Anyone could say that he was getting angry. His veins popped on his forehead and his hands. He looked fierce.

“Aaron, let’s talk in the meeting room.” Beta Lucas said. He tried to ease the tension. He knew this would happen if Aaron got to know about Alina.

He was not attacking her, that was the biggest relief.

King Aaron did not look at Beta Lucas but looked at Alpha Rick.

“Do you know what you are saying? Are you saying that a criminal of the Lycan Territory is your soon to be Luna?”

Hearing that Alina felt like the sky had fallen over her head. He did not want to let her live peacefully. She got it.

“She is not a criminal.” Alpha Rick spat back.

“Oh really?”

“You dared to support a criminal in your pack who committed an unforgivable crime and ran away from my Kingdom.”

“No, she is not from your pack or your Kingdom anymore. She is mine now. I will make her my Luna and I hope you will support me, my King.”

Aaron wanted to shift and kill the both man and woman who were standing in front of him.

Beta Lucas held Aaron’s arm and said, “We need something to talk about. Let’s talk first. We can discuss each other’s life after some rest.”

Delta Darren agreed with Beta Lucas. “Yes, he is right. Let’s talk about these types of things later.”

Aaron glared at them. He wanted to beat them. How dare they lied to him. Why didn’t they tell him that Alina was hiding here, in this pack?

Selena grabbed Aaron’s other arm softly. “Let’s go and have some rest first, okay? I am very tired.”

Alina almost rolled her eyes when she heard the soft tone. She told in her mind,

‘Don’t believe in this man. He is good for nothing. He only knows how to kill others. There is some one else who loved him a lot that she killed his father and put the blame on me. Who knows next time she killed his mother and put the blame on you. You should stay away from this man.’ Alina talked to herself as if Selena was listening to her.

Aaron nodded at Selena. Aliana’s eyes widened but she controlled her expression. ‘Did he just agree to this woman? Does he like her?’

Beta Max told the couple and the guards to come with him. He showed them their room and then took the royal couple to a master bedroom.

A frown could be seen on Aaron's face. He was angry from the start he stepped here but now he got angrier.

"One bed room?" He asked and looked at Beta Max.

Beta Max nodded at him. "Yeah. You two are soon to be a married couple so Luna Alina made all the arrangements for you two."

Aaron's eyes went dark. 'Luna Alina?'

Beta Max said that thing intentionally. He knew all the things that happened with Alina. Alpha Rick told him everything. Betas were Alphas' best friends, so of course, they shared every secret.

King Aaron tightened his jaw when he heard that Alina set all the arrangements for him and Selena.

'This shameless woman! She will die in my hands.'

He nodded at him and shut the door in Beta Max's face.

Beta Max smirked while looking at the door. 'You did so wrong with Alina. You should not have done that.'

In the room, Aaron walked back and forth. He growled and lash everything from the coffee table and flower vases.

Selena felt sacred. “M-My King, what is happening to you?”

“You. You just get out of this room.”

“B-But where will I go?”

“I DON’T KNOW.”

Aaron went to her and said, “Did you really think I will stay with you in one room? Never. Just go away from here and find another room. Don’t come in front of me until I call you.”

Selena nodded at him immediately and left the room.

She was a very cheerful lady. She did not want to mess anything with King Aaron.

She was living her life peacefully until one day, a woman came to her house and manipulated her parents. After that day, her parents decided to marry her off to the Lycan king.

She did not even know Aaron at that time. But when she saw him, she was amazed by his good looks. He did not behave badly with her because of his mother.

His mother was the woman who came to her house to talk with her parents. He wanted her son to get married.

She wanted everything so hurriedly because she had a fear that the new royal witch would become the Queen of his son.

So she wanted Selena to become the Queen and not her.

Sometime ago when Selena came to this pack house, she felt the most alluring scent she had ever smelled. It was her mate's scent.

She was so eager to meet her mate a few months ago. But after all the settings with King Aaron, she could not think about another man.

She had to marry him only. Her parents wanted that and deep down in her heart, she also wanted to be selfish just for once.

She was walking alone in the hall way when the sound of footsteps came to her ears.

Selena halted walking and slowly turned around. She knew who came after her and her heartbeat started to beat fast.

“So you are going to be the Queen of King Aaron?” Alpha Rick asked her.

He was angry that he had to wait so long time and had to choose another woman who was not his mate.

Selena nodded at him. “Yes, I will marry him.”

“What about your mate?” He asked.

“What about him?”

“You don’t want to stay with him?”

“He is okay with someone else. And even if he was single,

WHO WOULD LEAVE KING AARON FOR ANY OTHER MAN?”
