

The Lycan Princess and the Temptation of Sin by Moonlight Muse

Chapter 167

Chapter 167

Epilogue Part 2

ROYCE.

"What's with the look, Love? It's tempting me." I ask her through the link as she gazes up at me with such love. I wonder how I got so lucky.

"Just thinking about how I fucking love you so damn much." She replies, placing her hand over the arm that is wrapped around her waist.

"Then we're on the same page," I say as I pick up a burger and hold it to her mouth.

She takes a bite, her sultry eyes remain locked with mine before she licks her lips. Damn, that's so fucking hot...

"Enjoying the food porn, Magic Fingers?"

Azura asks her voice full of amusement.

Skyla snickers as holds the burger out to me, and I take a bite rather than having to answer that question.

Damn... why does she look so smoking hot...

"Food porn... I like it too..." Katalaya murmurs to herself. 2

I don't think we are on about the same kind of food porn... 2

I look at my girl's sexy body as she takes another bite.

Smoking...

She turns to grab a drink and my gaze falls on her ass, her sexy peach swallows up her black thong and her tattoo 'Property of Royce Arden' makes me smirk in satisfaction.

It's sexy and drives me nuts every time I see it.

Dante clears his throat and I look up smoothly. 21

"The chicken's done," I say, flipping them all onto a platter.

"Great, I was getting worried they might burn." He says, smirking as he takes the platter from Life's pretty good.

I think I've become closer to both of them. Leo is still trying to delay being declared

Alejandro's heir but I don't think Alejandro will hold out for much longer.

I'm not sure if Leo realises or not, but Alejandro is already stepping back and allowing Leo to call the shots on a lot of things and even the council has seamlessly begun looking to him for advice.

"Oh, I have the cocktails," Katalaya says, holding up the colourful array of drinks she's made.

"Yesss! My baby!" Skyla purrs as Malevolent struts outside and I stop and stare when I catch sight of her.

"The fuck is that?" Leo says, staring at the cat.

My point exactly... but why am not surprised... 1

"What! She looks damn cute!" Skyla exclaims as she bends over and picks up Malevolent, who has been subjected to being squeezed into what is a two-piece green swimsuit. 11

"Awww so cute!" Katalaya exclaims, going over to her and stroking her.

"Damn, now I want to squish my little dumpling into a cutesy two-piece," Azura says.

"Can you imagine Phoenix in one, aww..."

"My child is not going to wear two-piece bikinis ... Secondly, how can you compare her to a fucking cat?" Leo asks smoking his cigarette. " That thing looks ugly-as-fuck." 9

"She's my baby!" Skyla scolds as the three women admire Malevolent.

Dante chuckles. "That's not the first time

Skyla's subjected a cat to some strange stuff."

He says. 2

"You mean to make her look even cuter!" Skyla purrs cuddling her cat before she comes to sit. down at the table.

She's gorgeous...

"The food smells good," Azura says.

"Thanks to me and Kat," Dante remarks as I pull Skyla onto my lap, tugging her head down as I kiss her passionately before we all tuck in...

It's a while later, and the music is playing loudly, the girls are dancing together, and we've already had a swim in the pool. As the night progresses, I'm finding it harder to keep my eyes off her and myself in control.

She's now swaying her hips to the music, her back is to me, and her fingers skim her hips and waist before she runs them in her hair, dancing sensually.

I down my ninth glass and stand up, adjusting the band of my swim shorts as I make my way over to her, gripping her hips from behind, she smiles up at me and begins dancing against me.

After the song ends and another one begins, she turns in my arms and pulls me down as she begins kissing me as she tugs me back towards

the water.

We reach the edge of the pool, and she grips onto me for support as she leans back.

"I fucking love you Magic Fingers." She whispers before she pulls our weight backwards and we both topple into the water, splashing it everywhere.

She bursts out laughing as I brush my hair back,

pulling her back into my arms and kissing her harder.

"And I love you... I always will, My Goddess." I murmur before I begin to assault her neck with hungry, passionate kisses.

She locks her legs around my waist, a soft moan of pleasure leaving her lips as she tangles her hand in my hair and yanks my head up kissing me harder.

We are so lost in each other that when a ball hits the back of my head, I'm not expecting it.

"Oi, no sex in the pool!" Azura says. "Or at least not until we leave!"

Why does that sound... tempting? 1

Skyla growls as she grabs the ball and lithely unlatches herself from around me.

"You are so dead!" She smirks devilishly as she throws it back at Azura, who dodges, sticking her tongue out at Sky.

"Ouch! Do better, darling!" She taunts her.

"Tag team?" Katalaya whispers softly, at mischievous glint in her eyes.

Azura's eyes fly open, not sensing her behind her, but it's too late as she pushes Azura into the water, letting out a startled scream.

"Kat!"

Katalaya blushes. "It was too tempting not to" she mumbles, and I smirk as Skyla blows her sister a kiss.

"Love you!"

Hmm, do I warn Katalaya that Dante is approaching her?

"Behind you!" Sky shouts.

Katalaya turns, but it's too late as Dante lifts her up and tosses her into the water, making her shriek.

Leo snickers as he puts his cigarette out.

"Right. Men against the women?" He suggests.

"I like the idea, your majesty," Dante says, grinning and earning himself a scathing glare from his cousin.

"Oh please, like Ladder Boy, Dummy God, and my sexy Magic Fingers can do shit to us. I mean, one is too slow, one is too dumb, and the last is too distracted by me." She says, winking at me. 5

"Slow?" Leo cocks a brow.

"Oh, I wouldn't be so sure about that..." Azura says, dragging Skyla away from me as Leo and Dante get in.

Leo has a challenging glint in his eyes, and Azura gulps.

"You know you got to let me win, right? I mean, the bedroom is the only place you don't like to lose, right?" Skyla tries to barter with me through the mind link.

I cock a brow. "Hmm... I'm not sure I can let my

team down..." I say as I splash the women with a big wave of water.

"Shit, unfair! You can't use your powers!"

Azura shouts.

"Who said we play by the rules?" Leo questions his eyes flickering before Katalaya sinks into the water.

"Kat, no giving up! Come on, unleash that determination!" Azura says, pulling her up. 1

"Game on fuckers." Sky says, crossing her arms.

Her eyes blaze plum before she rushes towards us incredibly fast and I have no choice but to make the water slow her down.

Oh boy, this one is going to cost me later...

She growls at me, but I can't help but chuckle. and wink at her teasingly.

"Damn, is Lil Lucifer losing? Is the kitty cat not. happy in the water?" I tease only for someone to pull my leg from beneath me.

Katalaya! 1

Crap, I can never sense her! 31

The girls burst out laughing as I break the surface, only to see Leo doing the same.

She got two of us...

"See, we have a wild card," Azura says as her eyes glow and she summons her power. "Let's play."

"Hehe, oopsie," Katalaya says giving us the peace sign and an innocent smile. 1

Don't fall for that innocent, cute expression... 2

Skyla giggles as we stagger to our room, soaking wet and tired. That was one epic water fight, our powers making it all the more fun, however, we let the girls win.

I think the only reason Leo gave in was because, he wanted Azura and the same for me. Giving in to Skyla meant I get to play now...

In the end, we won. 11

She's smirking as she places the plate of donuts. she brought with her on the table and bites into one as I lock the door.

"Damn, that was fun!" She says, laying back on the bed. "Mmm, these are damn good..."

She sits up suddenly, and I walk over to her.

"You ok, Love?"

Her eyes glint before her gaze dips to my pants. "I was just thinking... I think my donuts would taste better with some icing..." She whispers as she places her donut down and licks her lips.

I know what she means...

My cock twitches, our eyes locking as she gets onto the floor and slips my boxers down with one firm yank.

I'm already semi-hard and just the way she looks on her knees in front of me, makes me harden even more.

"Oh, look how hard you are for me." She moans hornily as she grabs my cock and sticks out her tongue, running it along my shaft.

Pleasure explodes through me, and I tangle my hand into her hair, tugging her head closer ast she licks every inch of my cock.

'Fuck, you taste so good.' She whimpers through the link as she licks the tip of my cock before wrapping her lips around it and begins sucking me off.

Euphoric pleasure erupts inside of me, and I tilt my head back, lost in the pleasure she's dealing to me.

It's not long before I feel myself on the edge, a groan of pleasure leaves me as I feel that intense pressure building.

"Fuck Love, I'm about to come."

'Not yet, My Ice God,' she purrs.

I try to hold off, but suddenly she sucks hard, fondling my balls and I slam into her mouth.

She gags for a second, throating my dick for another few moments.

She sucks hard before she pulls away and grabs. the small plate of donuts and holds it out, her eyes coated with lust. 5

"I'm starving, I want your cum," she whispers seductively, holding it before her. Her breasts. are pressed together and through the thin fabric of her bikini, I can see her stiff nipples as I stroke my cock.

My eyes are locked with hers as I hit my release,

letting out a curse and I see stars for a moment as I send strings of white cum over her neck, breasts, and the plate of donuts. 7

"Oh yes... that's it, baby, give me more," she moans, reaching under the plate and caressing my balls as I keep stroking my cock, trying to catch my breath, as I milk it for all its worth.

I step closer, tapping my cock on her tongue that is out and she moans in pleasure, swallowing the last few drops.

"Fuck..." I groan.

That was fucking kinky and hot...

"Mmm..." She moans as she places her plate down and picks up the first donut. 4

It's pretty much all covered in cum and her eyes glaze over as she licks her lips as she slowly gets up and lies down on the bed. I lean over her, kissing her neck.

"Fuck, you are damn beautiful," I murmur.

She sighs in pleasure.

"I think it's time for you to have some dessert too, Magic Fingers.... Let's dine together."

She spreads her legs, pushing my head down. with her free hand, and I smirk, tearing off her tiny thong before I press her legs even wider apart, admiring her pussy.

She's beautiful from every fucking angle...

I glance up at her as she bites into the donut, her cheeks flushed, her lips sore and her breasts. rising and falling as she lets out a blissful moan, dropping her head back on the bed as she relishes in the taste of that cum covered donut.

My own eyes flash before I go down on her, like she said; let's dine together...
