The Lycan Princess and the Temptation of Sin by Moonlight Muse Chapter 76

Dirty Doll

SKYLA.

He only lets me appreciate that view for a moment before he has me up on my knees against him. I gasp in pleasure as his lips crash against mine, his hands travelling over my body, faster and rougher.

I whimper as his hands squeeze my ass before he turns me in his arms.

His hands squeeze my breasts from behind, making me moan loudly. I rest my head against him as he twists my nipples, kissing and sucking on my neck hard.

Pleasure is consuming me, and I tilt my head, giving him better access to my neck as he continues his assault.

"That's it." I whisper, his hands running down my stomach, and this time, his hand slips into my panties.

I part my legs, hoping and silently begging to be touched, and this time he doesn't disappoint.

I cry out, swearing as his fingers part my lips and he finds my clit, sending a sensational jolt of pleasure through me.

"Tell me Love... do you like to be teased slow and steady...." He murmurs, his finger tantalisingly rubbing circles along my clit, making me moan loudly. "Or... fucked hard." 1

Suddenly, two fingers slam into my soaking pussy, and I cry out as he begins fucking me hard and fast with them.

"Fuck!" I curse, gripping his wrist, his other hand squeezing my breast, and I place my hand on top of his. He sucks harder on my neck. The pain and pleasure are dizzying and I'm so fucking close to my release.

This pleasure is driving me fucking nuts.

"That's it Baby... that's it!"

I'm so fucking close, but just as I feel the pressure beginning to reach its climax, he pulls his soaking fingers out rubbing my clit painstakingly slow.

I whimper as his tongue runs up my neck, flicking and sucking my ear.

"Royce..." I murmur, not sure what I want to say.

He speeds up his assault on my clit.

"Now you didn't answer that question, Love." He breathes huskily into my ear.

"I..."

How do I choose when both make me crazy?

I press myself back against him, reaching behind me and running my hand along his cock.

"Fuck that's it." I breathe, feeling the pressure rising, only for him to slow down and run his fingers along my pussy instead.

"Fuck!" I growl.

"Want me to make you cum, My Beautiful Goddess?" he teases seductively.

I turn my head, my heart thumping from how close to my release I was.

"Yes." I say, sounding damn horny and I don't care. My eyes flash before I turn my head, looking into those gorgeous grey eyes.

He licks his lush lips slowly and I realise I know exactly how I want him to make me come...

In a flash, I turn, push him down onto his back, and straddle his face, tangling my hand into his hair.

"I do, and I want you to make me come with that tongue of yours." I command, staring down at him.

There's amusement and hunger in those eyes as he yanks at my thong from behind, pulling it harder between my cheeks before, with one rough pull, he tears them off me, leaving a sharp sting in its wake and tosses them aside.

"With absolute pleasure." He answers roughly, and then he plunges his tongue into my pussy.

I cry out in pleasure as he begins fucking eating me out like a beast starved and fuck, does he eat pussy good.

I'm screaming in pleasure, and I gasp when I feel his fingers enter me, his tongue moving to my clit.

Suddenly there's something cold inside of me, I tense but the pleasure is too much to care what it is.

I grip the headboard behind him as I grind myself against his face, as his fingers fuck me and that's when I realise there's a casing of smooth ice wrapped around them stretching me out and hitting my G-spot hard as his tongue mercilessly flicks and twirls around my clit.

Assaulting me with delicious pleasure.

Every thrust of his ice encased fingers, hits my core, the heat of my pussy melting the ice and he allows it, the water mixes with my juices which are trickling out of me, and down my inner thighs and I don't fucking care, wanting to cover him with them. 1

From through my pleasure and lust-filled state, I can see he's enjoying this as fucking much as I am.

This is fucking heaven.

"Fuck Baby... that's it, oh yeah... FUCK!" I scream as my orgasm hits me hard, making white hot pleasure slam through me and I come undone above him. My entire body shudders as he pulls his fingers out, the ice vanishing from around them.

But he doesn't lift me down. Instead, his tongue slips into my tender folds as he licks up all my juices.

I whimper as I remain there getting my breath back as a second wave hits me making me moan salaciously.

Oh fuck yes.

He lifts me down, his lips meeting mine in a hungry kiss, and I can taste myself on his lips.

"You're fucking heaven Love." He murmurs, his lips against mine.

I moan against him, feeling his hard cock against my pussy. Grinding down on him.

I smile softly, still breathing hard from my sizzling orgasm.

"Now my turn." I whisper.

"As long as I get to play too." He says.

I cock a brow and just when I'm about to move down, wanting to take that cock in my mouth and show him how good I am at sucking dick.

He flips me like I'm a doll until my ass is in his face, but I don't protest because I'm facing his very big cock.

"Fair enough." I say, wriggling my ass cheekily. "Enjoy my peach."

"I intend to." He says, delivering a sharp slap to my behind, making me yelp. Not expecting it.

"Yes, please." I purr.

I bite my lip as I look down at the sight before me.

I bend down, running my tongue along his tattoo, enjoying the way he tenses beneath "Oh fuck." I hear him mutter, and I slowly run my tongue along his tip before kissing it softly.

Fuck, I've never enjoyed sucking cock as much as I fucking do right now...

I run my tongue over every inch, enjoying his groans of pleasure that he's unable to hold back.

Even Mr Always in Control can come undone.

His tongue delves into my pussy, running up my slit and to my ass.

"Tell me Love... is there anything you are not ok with?" He murmurs huskily, his words ending with a sigh of pleasure as I fondle his balls and wrap my mouth around the tip of his cock.

I moan against him, feeling his tongue flick

my pucker hole. A different kind of pleasure rushes through me. I've taken cock in my ass a couple times but I've sure tried many toys, but something tells me he's going to do it a thousand fucking times better.

I release his cock with a pop sound, moaning softly as he runs his tongue all the way up and down my ass crack.

"Anything goes Baby, I'm your little sex doll, who is as dirty as they fucking get, treat me as sexily or filthily as you want." I moan hornily.

His racing heart, the spank to my ass and the growl of approval tells me he approves of my answer.

"That's my girl." He growls huskily and I smirk, taking his cock back in my mouth but he's distracting me.

So fucking badly!

His finger is now rubbing my clit, his thumb in my pussy as he licks and rims my ass.

Pleasure erupts within me and I can feel another orgasm building. I whimper when his tongue is replaced by a finger, and I swear as it squeezes into my ass.

"Fuck Royce!" I moan as he begins fucking my ass with his finger. He removes his thumb from my pussy and instead shoves two fingers into me, fucking me harder and faster than before.

The combined pleasure from both the front and back makes me scream incoherently, and I can't focus on the cock before me.

"Ahh! Fuck... mh... AH!" I grip his thighs harder, my lips pressed against his cock as he continues to assault my ass and pussy in ways that are fucking driving me nuts and this time, I fucking squirt all over.

I scream out as another orgasm tears through me, and I see fucking stars.
