

## Chapter 108

Anaiah's POV

'What do you mean Alpha Blanco is not the type to have a mate?' I ask, concerned and she smirks.

'He's got a collection of women, he wanted her to be one of them but she refused,' She informs me.

'A harem,'

'Yes, he claims to be a collector of a beautiful women, and indeed, his ladies are lovely and he definitely would love it if you were one, he loves you I'm sure,'

'And the woman is okay with sharing him?'

'Yes, it's their decision to me there,'

We discuss it a while longer until I receive a mind link from my mate.

'Are you home?'

'No, where are you?'

'I'm on the way to the castle, fuck I miss you so much,' He breathes. I get to my feet and go to the common area where Ajax is.

'Let's go now,' He frowns and looks back at baby Rose. They spent the whole day playing and Rose didn't even fuss one bit.

'Okay, Bye Rose, I'll see you soon,'

As though she understands that he's about to go, her face contorts to a crying one, and starts to sob loudly.

'It's okay, he'll be back,' Arya rocks her, and Ajax is hurt to see his little friend cry.

I hold his hand and teleport us back to the castle, I anxiously wait at the bottom of the stairs for my mate and when the door opens, I squeal.

My gorgeous hank of mate smiles and opens his arm and I leap into them.

'Baby!' He hugs me tenderly. I kiss him hungrily and he reciprocates,

'Okay guys,' I hear Jack's voice. I raise my hand to stop his sentence and pull away from my mate's face.

'Let me have this moment, I haven't seen mine for four days,' With those words said, I connect my lips to his again, kissing him frantically. He doesn't break our kiss even as he takes me upstairs to our room. He is undressing me and I'm eager to have his massive cock inside me.

'I missed you so much,' He says breathlessly as he pushes my hair out of my face. I grab the hem of his shirt and pull him down to me, kissing him. I missed him so much and I'm quivering at the thought of being with him.

'I missed you too, Daddy,' He was a goner his eyes are pitch black and he tears his shirt in one movement.

'Fuck, baby girl,' He groaned in pleasure, our emotions were all over the place, he was kissing my neck all while massaging my clit with his thumb and I cried in pleasure. I was getting closer to the edge he stopped and went back to sucking my breasts, twirling his tongue and I gripped his back tighter.

'I NEED it, please,' I begged and he was pleased.

'What do you need?' He gently bite down my mark and pleasure was building up inside me.

'You, you, you,' I chanted. He was teasing me with his cock and I gripped it, making him groan again. He pinned my hands over my head and a gasp escaped my mouth when I felt his fullness in me. I clutched his back tightly as he pumped in me, faster and wilder. I was lost in the pleasure and everything slowed down for us, Leon was a passionate mine and everything he did to me was ten times better than before.

'Did you miss my cock?' He asked and I nodded.

'How much?'

'So much,' He swiftly turned me so I was on my knees and my ass was in the air, he hit my ass-cheek and I yelped, he thrust in me and our slapping of the skin caused an electric jolt to go through our bodies. His cock swelled inside me and I felt our pleasure buildup so badly, I squirmed all over the sheets while he emptied inside me. However, even with that release Leon didn't stop, only switching our positions, both my legs were on his shoulder and he pushed me closer to him, he pounded into me savagely, like he was on a mission.

'Ah, Hmh, please,' I begged. He plunges in and out of me. My body jerked in pleasure as I cum and after a few thrusts, he does too, collapsing on the side of the bed. We are covered in sweat and are breathing heavily.

He gently carries me to the bathroom and puts me down. Opening the shower, I jump as the cold water hits my body

'Come back in here,' He chuckles. I shake my head negatively,

'Water too cold,' I pout, he puts on the warm water and I go back, Leon cleans my body in the most sensual ways possible and I moan, his moves are deliberate and soft, he gets on his knees and lifts one of my to his shoulder, he sucks my pussy and I roughly grip his hair.

'Ah, fuck!' I scream but he continues to eat me. I cum in his mouth and licks me, he gets to his feet and turns me abruptly, my hand is pressed against the glass wall and he invades me, I bite my lips as he thrust hard in me, and he bites my shoulder. His hand grips my waist tighter and he lifts me without relenting in his wild moves.

When we cum again in the bathroom, I get the sponge and add shower gel to wash his body. I do that slowly while he watches me.

'I want to wash your hair,' I say, trying to touch it and even though I'm on my tiptoes, I can't reach it. He's so tall.

'You're so small,' He hoists me up and I wash his hair, while doing that, Leon slips his cock inside me again, and I bend down to kiss his neck,

'Do you ever tire,'

'Of you, never,' He answers. We stayed in the shower for a while longer and when we come out, we get ready for dinner with the guests. I help him in his clothes, dark pants, and a dress shirt, sleeves rolled to his elbows and his hair is sexy in his usual disheveled look. I wear a cream white dress and heels, we descendant down slowly as we talk,

'While at the summit, the Lycan elders came too,' He is hesitant to tell me what he wants to for some reason,

'And,' I anticipate his response but he pauses, assessing me.

'They want an heir from me, from us, Ana,'
