Chapter 1391

Saying that, James grabbed Helen and prepared to leave.

Saying that, James grabbed Helen and prepared to leave.

However, Helen suddenly said, "Wait a minute! Since Old Master Reeves thinks that we aren't worthy enough to celebrate his birthday, shouldn't we take our birthday gift back?"

Hearing that, James immediately nodded along. "That's right. Please give the birthday gift back to us!"

After all, they had spent 300 thousand on that marble carving.

Hearing that, Meddie immediately went inside and came out with the marble carving in her arms. "How are you not embarrassed to bring a useless marble carving here? Do you want to go in and have a look? There's no one here who brought a gift worth less than one million for Dad's birthday! Hurry up and take your birthday gift away. It's a shame to the Reeves Family to leave it there!"

The crowd erupted into laughter again.

Helen's face flushed, and she walked over to take the marble carving. However, just as she was about to grab it, Meddie suddenly let go, and the marble carving fell directly to the ground and smashed into pieces.

The crowd fell silent.

Meddie scoffed coldly. "How are you this clumsy? Can't you hold your things properly?"

Helen became agitated. "You... You did that on purpose!"

Meddie pursed her lips. "What are you talking about? I don't understand!"

Helen was furious and was about to explode in anger, but she was held back by James. He could see that the Reeves Family was deliberately provoking them. Even if they continued to cause a scene here, they wouldn't get anything out of it.

However, Helen suddenly said, "Wait a minute! Since Old Master Raavas thinks that we aren't worthy enough to celebrate his birthday, shouldn't we take our birthday gift back?"

Hearing that, James immediately nodded along. "That's right. Please give the birthday gift back to us!"

"Forget it, we're leaving!" He gritted his teeth and prepared to leave with Helen.

Just then, Maddie spoke up again. "Hey, are you just going to leave like this? Your things broke, and it's ruining our decorations. Don't you think you should take care of it?"

Helen erupted in fury. "What... What are you trying to say?!"

Maddie said loudly, "Didn't I make myself clear enough? Clean up the floor before you leave!"

James and Helen were utterly furious. The Reeves Family is just too much!

Finally, Cayden couldn't hold it in anymore and roared, "Maddie Reeves, don't be ridiculous!"

Maddie yelled, "Cayden Robinson, what did you say? Say it again if you dare!"

Cayden vigorously smashed a wine bottle from the table onto the floor and boomed, "I said, I want a divorce!"

In an instant, Maddie was dumbstruck. She pointed at Cayden and asked, "A-Are you insane?"

Cayden was fuming. "Yes, I am! Maddie Reeves, I've had enough of you and your family! Didn't you say I was useless? Well, I'm going to change that today! Let's divorce! I won't obey you anymore!"

Saying that, he turned around and walked toward James. "James, let's go! F*ck, even if I have to starve to death, I won't go back to the Reeves Family anymore!"

"Forget it, we're leeeving!" He gritted his teeth and prepered to leeeve with Helen.

Helen erupted in fury. "What... What are you trying to say?!"

Moddie said loudly, "Didn't I make myself clear enough? Clean up the floor before you leave!"

Jones and Helen were utterly furious. The Reeves Family is just too much!

Finally, Cayden couldn't hold it in anymore and roared, "Moddie Reeves, don't be ridiculous!"

Moddie yelled, "Cayden Robinson, what did you say? Say it again if you dare!"

Cayden vigorously smashed a wine bottle from the table onto the floor and boomed, "I said, I want a divorce!"

In an instant, Moddie was dumbstruck. She pointed at Cayden and asked, "A-Are you insane?"

"Forget it, we're leaving!" He gritted his teeth and prepared to leave with Helen.

James laughed heartily and patted Cayden's shoulder. "Let's go, my friend. I'll treat you to lunch. Let's celebrate!"

James laughed heartily and patted Cayden's shoulder. "Let's go, my friend. I'll treat you to lunch. Let's celebrate!"

With that, the three left happily, leaving the crowd exchanging dumbfounded looks. No one had expected things to end this way.

Maddie was flabbergasted. Over the years, she had become accustomed to bullying Cayden, but she never dreamed that he would go against her one day, which made her unable to react all of a sudden.

Just then, Raymond suddenly laughed. "Today is our lucky day! The biggest loser in our family has finally left. Maddie, listen carefully. Even if he tries to apologize in the future, don't go soft on him!"

Hearing that, Maddie sneered coldly. "Don't worry, Dad! Even if he groveled on the ground, I would never let him come back!"

Everyone expressed their approval as well. All of them thought that it was the Reeves Family's fortune to be rid of Cayden.

Maddie was also looking satisfied. Over the years, she and Cayden had lost feelings for each other long ago. Thus, she couldn't care less about whether he stayed or not. If it weren't for her pride, she would have driven him away long ago. Now that he had left by himself, he had fulfilled her wish instead!

Chapter 1392

James, Helen, and Cayden stood in the lobby of Cameron Hotel.

James, Helen, and Cayden stood in the lobby of Cameron Hotel.

With an embarrassed expression, James mumbled, "Cayden, this incident today was our fault for not coming at the right time. Because of us, you had a huge argument with Moddie..."

Cayden immediately waved his hand. "James, don't say that! I've had enough of the Reeves Family for many years, so divorcing her is also a relief to me. All right, let's stop thinking about these things and find a place to have a drink. It's a celebration for me to be free of my suffering!"

Seeing Cayden was being so open-minded, James let out a sigh of relief and smiled. "Sure. Today, we won't leave until we're drunk. Where shall we get a drink?"

Cayden scratched his head, unable to think of a good place for a moment. Just then, the security captain from earlier approached them with his men.

"What are you still doing here? Get out of here now! Do you think Cameron Hotel is a place where people like you can come and go?" the security captain chided.

Just now, he was scolded by Raymond, and when he got back, he was reprimanded by his boss again. To him, all of this was because of these three people. Therefore, he also vented all his anger on them.

Hearing this, James and Helen were immediately annoyed.

"What are you talking about? You'd better watch your words. Why isn't this a place where we can come and go?" Helen demanded angrily, fuming from being looked down upon.

The security captain glanced at her disdainfully. "I advise you not to ask such questions. Do you like embarrassing yourself?"

Helen yelled, "Who is embarrassing themselves? What kind of hotel doesn't allow guests inside? Does this make sense?"

The security captain replied coldly, "Since you want to argue, fine, let's make it clear. First of all, Cameron Hotel isn't a place that just anyone can enter casually. If you want to enjoy the services here, you need to have at least a membership card. Do you have one?"

His words rendered them speechless. How would they have something like that?

The security captain sneered. "Besides, today is Old Master Reeves' 80th birthday, so the Reeves Family has basically booked the entire hotel. They explained that they don't want to see you three pieces of trash in order not to affect Old Master Reeves' mood on his birthday. The Reeves Family is a diamond member of Cameron Hotel, so it's natural that we have to follow their orders. Tell me, should I kick the three of you out or not?"

Helen trembled with anger. "Y-You... are so snobbish!"

Helen trembled with anger. "Y-You... are so snobbish!"

The security captain mocked, "How could trash like you dare to say those things? Ha, this is just ridiculous! You're all grown adults; don't you feel ashamed to be kicked out like this? Do you have the right to stay here? I'm warning you, get out of here while I'm still being reasonable. Otherwise, don't blame me for not holding back!"

After he said that, the other security guards surrounded them aggressively. From the looks of things, if they didn't leave, they would be thrown out.

James and Helen were both exasperated, and Cayden hurriedly stepped up as a mediator. "James, why waste your time arguing with them? Let's go and find a place to drink..."

Saying that, he forcefully dragged the two out while the security guards mocked them endlessly.

James and Helen were shaking with fury. "These b*stards are just too much!"

With an awkward expression, Cayden sighed. "Forget it, the Reeves Family are too powerful. We can't win against them!"

Helen trembled with anger. "Y-You... are so snobbish!"

Chapter 1393

James sighed. Since they weren't as powerful, he could only bear with it. "Forget it, let's go eat somewhere else!" he grumbled.

James sighed. Since they weren't as powerful, he could only bear with it. "Forget it, let's go eat somewhere else!" he grumbled.

Cayden nodded and was just about to leave when Helen suddenly stopped them. "Why are we leaving? Why do we have to get out just because they asked us to? No matter how strong the Reeves Family is, they can't bully us like this, right? Even if we can't fight the Reeves Family, it doesn't mean we should be driven away by a few security guards. If we leave like this, won't it make us a laughingstock?"

Cayden and James gaped at each other, and James mumbled, "But, we don't even have a membership card. What else can we do?"

Helen immediately retorted, "So what? Just because we don't doesn't mean nobody else has it. Let's go and look for Matthew and the others upstairs! Since they're eating here, it must mean that they have a membership card. I'll see what they can do to us if we insist on staying today!"

James' eyes lit up all of a sudden. "Oh, that's a good idea. Matthew's friend invited them for a meal, so they must have a membership card. If we have a membership card and eat here, who can do anything to us? Let's go upstairs to eat, Cayden!"

Cayden hesitated. "James, I-let's just forget about it. If this matter blows up and the Reeves Family gets angry... it won't end well for us. By then, we'll involve Seshe and her friends as well..."

James sighed. Since they weren't as powerful, he could only bear with it. "Forget it, let's go eat somewhere else!" he grumbled.

At his words, James and Helen paused for a moment, but Helen still gritted her teeth and said, "We aren't picking a fight with the Reeves Family. I'm just angry at those security guards for not letting us eat here! We're just going up to have a meal, and it's not like we're going to the Reeves Family's birthday banquet. Is that still not allowed?"

James nodded profusely. "Yes, that's right! They can't stop us from eating, right?"

Cayden lowered his head. In fact, he couldn't reconcile himself to it as well. How could he let himself be chased out like this?

In the end, the three of them walked back to Cameron Hotel. By the time they came in, the security guards had already dispersed, mainly to the birthday banquet to take care of things. Helen called Sasha to find out their location, and the three of them went directly to the top floor.

At the same time, in the inner hall on the fifth floor, the birthday banquet was in progress. Raymond sat in the main seat, and next to him were the heads from the nine major families who had come to celebrate his birthday in person. This spectacle greatly fed the Reeves Family's ego, and Raymond in

particular was overjoyed as he personally went to toast the heads of the nine families. They were also polite to him and gave him their birthday wishes, which made him very proud.

Soon, the cogs in his brain began to move. Now that the Fisher Family no longer existed among the Ten Greatest Families, the Ten Greatest Families had been reduced to nine, and one more family had to be re-selected to enter their ranks. Was there any hope for the Reeves Family to join the Ten Greatest Families? If they managed to pull it off, it would be a huge achievement for them! Hence, he began plotting ways to bring this up to the heads of the nine families.

Philip was sitting not far from him, and Raymond wanted to bring up the matter several times. However, upon seeing Philip's indifferent expression, he didn't dare to speak up. After all, the gap between the Reeves Family and the Ten Greatest Families was still very huge.

After the birthday banquet had gone on for a while, a man hurriedly walked in from the door all of a sudden. He looked nervous as he ran to Philip's side and whispered, "Master White, we just got news that Matthew and the crown prince are eating upstairs."

After the birthday banquet had gone on for a while, a man hurriedly walked in from the door all of a sudden. He looked nervous as he ran to Philip's side and whispered, "Master White, we just got news that Matthew and the crown prince are eating upstairs."

Soon, the cogs in his brain began to move. Now that the Fisher Family no longer existed among the Ten Greatest Families, the Ten Greatest Families had been reduced to nine, and one more family had to be re-selected to enter their ranks. Was there any hope for the Reeves Family to join the Ten Greatest Families? If they managed to pull it off, it would be a huge achievement for them! Hence, he began plotting ways to bring this up to the heads of the nine families.

Chapter 1394

When Philip heard this, his expression suddenly darkened. Why did he have to bump into these two people again when he was just here to eat? To be honest, Philip still refused to bow down to Matthew.

However, he was not as powerful, so he had no choice. Moreover, they had already acknowledged Matthew as the Lord of Eastshire, so they had to express enough respect for him. Now that Matthew and the crown prince were having a meal upstairs, and they knew about it, he had to go up and pay them a visit. Otherwise, if Matthew or the crown prince found out about this in the future and came to look for him, he would not be able to explain himself.

After a moment of silence, Philip stood up and grumbled, "I'll go up and have a look." Saying that, he got up and left.

Raymond was puzzled at the sight. His birthday banquet had just begun, so why was Philip leaving already? "Master White, what's the matter?" he asked hurriedly.

Philip replied offhandedly, "I'm going to visit a friend."

With that said, he waved to the members of the White Family sitting next to him, motioning them to leave with him. In an instant, everyone in the White Family immediately got up and followed him out, and two tables were immediately emptied.

The crowd suddenly fell silent.

The White Family was probably the most powerful family at this birthday banquet, but they immediately left just as the banquet began. What's going on? Could it be that they're dissatisfied with the Reeves Family? Everyone in the Reeves Family became extremely embarrassed, and the attitude of the White Family made them deeply ashamed.

However, that was just the beginning. After Philip left, he immediately notified the other eight families of the news and asked their men to go in and notify their respective family heads. Obviously, Philip couldn't talk about it directly in front of everyone. After that, the people he instructed went inside to

carry out his orders. When the other eight family heads saw Philip leaving earlier, they were all quite surprised and couldn't figure out what was going on, but now that they learned that Matthew and the crown prince were upstairs, they clearly couldn't sit around, so each of them got up and left with the members of their family.

Just like that, everyone from the nine great families left, leaving more than half of the hall empty. Meanwhile, the Reeves Family were livid, and each of them bore mortified expressions. It was the Reeves Family's pride that the nine great families came to celebrate Raymond's birthday today. However, when the banquet had just begun, all of the nine great families had immediately left, leaving the members of the Reeves Family embarrassed and about to have a meltdown. What the hell was going on?

Raymond looked even worse. The nine families' sudden departure gave him a feeling that the Reeves Family was about to be doomed. He felt a little unhappy, and when everyone in the Wayne Family was about to leave, he finally couldn't hold himself back and walked over to stop Master Wayne, who he was quite close with.

Dejected, Raymond asked, "Master Wayne, w-what in the world is going on? My birthday banquet has just started. Why are you all leaving? Did the Reeves Family offend you in any way? Master Wayne, we're old friends. If I've done something wrong, you can at least tell me so that I can offer my apology!"

Master Wayne waved his hand. "Old Master Reeves, you're overthinking this. Actually, this matter has nothing to do with you. It's mostly because there's a big shot upstairs that we have to pay a visit to."

Raymond's eyes widened. "Master Wayne, w-what are you talking about? What kind of big shot upstairs can make the heads of the nine families pay them a visit? Master Wayne, who could be more important than the nine of you in Eastshire?"

Master Wayne sighed. "Old Master Reeves, this big shot's origin isn't simple! Let me give you a piece of advice. If you want the Reeves Family to join the ranks of the Ten Greatest Families, you better head up and pay them a visit. As long as this big shot gives you the green light, the Reeves Family will definitely be able to become a member of the Ten Greatest Families!"

Chapter 1395

Raymond's eyes almost popped out of their sockets when he heard that. What was going on? What kind of big shot could make the Reeves Family a part of the Ten Greatest Families with one sentence?

Raymond knew very well that even the strongest family among the Ten Greatest Families, the White Family, did not have this capability. However, how was the big shot upstairs able to do this?

Not wasting any more time with him, Master Wayne promptly led his family upstairs.

As Raymond sat on a chair with a blank expression on his face, the members of the Reeves Family gathered around and asked him what had happened. With a sigh, he explained everything. Hearing this, everyone was extremely shocked as well. They couldn't figure out who would have this much power.

Suddenly, Meddie exclaimed, "Oh my god, could the person upstairs be the King of the South, Master Levi?"

The moment she said that, the crowd gasped.

"Oh my goodness, that's actually possible. Apart from Master Levi, who else in the Six Southern States can have so much influence that the heads of the Ten Greatest Families have to personally pay them a visit? Who else can make them so respectful? It must be Master Levi!"

As everyone shared their speculations, Raymond's eyes suddenly lit up. If it really was Master Levi, then he was truly a man with great power. Someone like him would surely be able to help the Reeves Family prosper with just one word.

Everyone in the Reeves Family nodded, their faces full of excitement. Master Levi, the King of the South, was a legendary figure, and meeting someone like him would grant them immense bragging rights.

Maddie immediately rushed over and supported Raymond with a smile. "Dad, I'll help you up!"

Raymond nodded and chuckled. "All right!"

Seeing that, the others were disgruntled. Right now, whoever helped Raymond was allowed to follow him inside to visit Master Levi, the King of the South. Hence, they all wanted to help Raymond, but Maddie was one step ahead.

Then, all of them rushed to the top floor behind Raymond. When they walked out of the elevator, they found that there were many people from the nine great families standing in the hallway, and there were also a few family heads standing among them.

Roymond hurriedly walked to Master Wayne and whispered, "Master Wayne, what's going on?"

Master Wayne explained, "There isn't much space inside, so we have to split up into groups to enter. The others went in first, and we're waiting outside."

Roymond couldn't help but feel shocked. The King of the South was truly something else to make the heads of the Ten Greatest Families stand outside and wait! Suddenly, he became excited. To be able to meet such a powerful figure, he was willing to wait for as long as he needed.

"In that case, let's wait outside too!" Roymond said with a smile. Then, although he was already eighty years old, he stood respectfully in the hallway and waited. Everyone in the Reeves Family was full of excitement, and they felt happy enough just by standing there.

However, just as everyone was waiting anxiously, the door of the inner room suddenly opened, and James and Cayden walked out.

James muttered as he walked, "I just can't get used to the wine just now. I brought the wine we drank when we were young from Eastcliff. It's in my car. Let's go down and get a few bottles!"

Chapter 1396

The two of them walked over while talking, not noticing members of the Reeves Family standing at the entrance of the elevator at all. Everyone in the Reeves Family was also stunned as they looked at Cayden blankly with blank faces, not knowing what was going on. The heads of the Ten Greatest Families still had to stand outside and wait to enter the private room, but Cayden and James just walked right out of it! What is going on?

Upon seeing James and Cayden passing her by, Meddie immediately shouted, "Cayden, what are you doing?"

Only then did Cayden notice the Reeves Family, and his face darkened. "Why... Why are you here?"

Meddie's expression sank as she demanded, "That's my line. What are you doing here? Weren't you acting high and mighty earlier and saying you were going to leave? Why are you still hanging around here?"

Although Cayden was going to divorce Meddie, he was still a little scared when he came face to face with the Reeves Family.

On the other hand, James became angry and yelled, "Hey, don't go too far! We aren't in your banquet hall now and we're just having a meal upstairs. Is that not allowed?"

Just as Meddie was about to speak, Raymond, who was next to her, held her back. He gave her a look, and turned his gaze to the private room again, which made her realize that Cayden and James had come out of that room. No matter what their relationship with the people inside was, they weren't somebody she could casually pick a bone with anymore!

In reality, he was indirectly asking what James and Cayden's relationship was with the person inside the private room.

James immediately replied, "My daughter and son-in-law booked that private room. Are we not allowed to go in and eat with them?"

A glint flashed past Raymond's eyes. The private room was booked by James Cunningham's daughter and son-in-law? Could it be that his daughter and son-in-law were the ones who invited Master Levi, the King of the South, to a meal? But what sort of background do they have to manage a meal with such a powerful figure? Raymond was completely dumbfounded. Old Master Reeves, no matter how powerful the Reeves Family is, you still have to be reasonable. I'm not interrupting your birthday banquet nor involving you in my business, but I'm just here for a simple meal. That isn't a crime, is it?"

James waved his hand. "I don't know who you're talking about. In any case, my daughter and son-in-law booked that private room, so there shouldn't be a problem if I went inside for a meal, right? Old Master Reeves, no matter how powerful the Reeves Family is, you still have to be reasonable. I'm not interrupting your birthday banquet nor involving you in my business, but I'm just here for a simple meal. That isn't a crime, is it?"

Raymond laughed awkwardly. "You're misunderstanding. T-That's not what I meant. Actually..."

James immediately waved his hand. "You don't have to say anything. Old Master Reeves, we aren't close with each other, and we have not much to chat with each other anyway. As long as I don't bother you, you can't control me either! That's all I have to say. Let's go, Cayden!"

After speaking, James dragged Cayden away, leaving the Reeves Family stunned with no idea of what was going on.

A miffed Maddie said angrily, "What the hell is going on? The Cunninghams were full of beggars who often came to borrow money from Cayden a few years ago. What is happening now? How did they get involved with Master Levi?"

Chapter 1397

The rest of the Reeves Family were unhappy as well. They had just severely humiliated James and Helen, but in the blink of an eye, James and Helen had suddenly become involved with Master Levi. Master Levi was the King of the South, and with so many big families in the Six Southern States, it was not easy to get a chance to meet him. Even the Ten Greatest Families of Eastshire, as well as the Reeves Family, had to stand in line outside. Therefore, who could accept it when James and Cayden, the people they had looked down upon, were able to enter and exit the private room at will?

Just as the crowd fell silent, Noel suddenly leaned over and said, "Mom, I know what's going on!"

Moddie immediately asked, "What is it?"

With a sneer, Noel replied, "My guess is that this has to do with James' daughter!"

Everyone was confused by his words. Raymond then asked curiously, "What's with his daughter?"

Noel said with a contemptuous expression, "James' daughter is perfect. She's extremely beautiful, much more than those celebrities! So, she must've seduced Master Levi, which is why they can have this

opportunity! Think about it, what kind of people are the Cunningham Family, and how would they be able to meet Master Levi otherwise?"

Everyone in the Reeves Family exchanged glances as they processed Noel's words. Is it really because of that?

The rest of the Raavas Family were unhappy as well. They had just savagely humiliated James and Helen, but in the blink of an eye, James and Helen had suddenly become involved with Master Levi. So, she must've succeeded Master Lavi, which is why they can have this opportunity! Think about it, what kind of people are the Cunningham Family, and how would they be able to match Master Lavi otherwise?"

Everyone in the Reeves Family exchanged glances as they processed Noel's words. Is it really because of that?

Noel continued, "Besides, the Cunningham Family seems to have made a fortune recently. Didn't James' daughter become a chairman recently? Ha, their family used to be so poor that they were almost starving to death, so how did they suddenly strike it rich?"

Maddie clicked her tongue disdainfully. "So it's because their daughter seduced a man? Ha, what's the difference between this and selling your own daughter away? People nowadays would really do anything for money!"

A man from the Reeves Family beside them also smiled and said, "Most importantly, his son-in-law is also inside. Hahaha! Think about it, how does his son-in-law feel while watching his wife sit in the arms of another man? This family is so amusing!"

The crowd immediately erupted into laughter, while Noel sneered, seemingly finding respite by bringing Sasha down.

Maddie said mockingly, "Back then, James even wanted to arrange a marriage for Noel! Oh, thinking about it now, it was lucky that we didn't. Otherwise, wouldn't the Reeves Family's reputation be destroyed by letting such a promiscuous woman into our family?"

Everyone in the Reeves Family nodded profusely, agreeing with Maddie's choice.

Raymond smiled coldly as well. "I've seen a lot of people like this who wouldn't hesitate to sell their family and their soul for money. Still, any kind of success achieved by this method is short-lived, and they're completely incomparable with a big family that has a long history. You don't have to care about that either!"

Everyone in the Reeves Family nodded at his words, each of them bearing disdainful expressions. In their opinion, it was simply disgraceful that the Cunningham Family would rely on this method to approach Master Levi.

Then, they continued waiting around while watching the people from the other nine families enter in batches. After waiting for a long time, it was finally the Reeves Family's turn. Raymond immediately tidied up his clothes, and with the help of Maddie, he took his two sons into the private room and entered respectfully.

As soon as he walked inside, he immediately bent over and bowed courteously. "I, Raymond Reeves, humbly greet Master Levi!"

After he spoke, the room fell silent, and no one answered.

Raymond's expression turned slightly embarrassed. Master Levi should've answered him by now, but what was going on? He quietly looked up, only to see that there were a few young people sitting in the room.

Chapter 1398

Four people were sitting at the table, which were Matthew, Sasha, the crown prince, and Helen, and all of them looked at Raymond blankly.

Four people were sitting at the table, which were Matthew, Seshe, the crown prince, and Helen, and all of them looked at Raymond blankly.

Raymond was confused as well. What was going on? Didn't they say that Master Levi, the King of the South, was here? However, how could any of these young people be Master Levi?

Looking at the people in the room in bemusement, he asked in a trembling voice, "Is... Is Master Levi not here?"

The crown prince glared at him. "Who the hell told you that? Master Levi is still at home. If you want to visit him, just go directly to his house. What did you show up here for?"

Raymond's face was blank as he tried to figure out what was going on. If Master Levi isn't here, who were the nine great families paying a visit to? These young people in the room? It doesn't make sense! They aren't qualified to make the nine family heads bow down, right?

Just when he was puzzled, James and Cayden came up with two bottles of wine in their arms. When Noel saw them coming, he couldn't help but think of Sasha, and he suddenly became annoyed. Gritting his teeth, he rushed up to stop the two of them.

"Mr. Cunningham, are the Cunningham Family members so shameless? You even sold your daughter off for that measly amount of money. Doesn't that weigh on your conscience?" he sneered.

James' expression turned cold. "What do you mean? When did I sell my daughter off?"

Just when he was puzzled, James and Cayden came up with two bottles of wine in their arms. When Noel saw them coming, he couldn't help but think of Sasha, and he suddenly became annoyed. Grinding his teeth, he rushed up to stop the two of them.

Noel scoffed coldly. "Mr. Cunningham, are you still afraid that others would find out about your own actions? I know everything that your family did. You said that your daughter is married, but you asked her to seduce a married man. It wouldn't be good for you if word about this gets out, right?"

James was furious. "Noel, what the hell are you talking about? When did my daughter do something like that?"

Noel cackled out loud. "Oh, you're angry now? Fine, I won't say anything anymore, is that okay? Though Mr. Cunningham, you're so lucky. You have such a beautiful daughter, and she's even willing to do anything. Tsk ts, it seems the Cunningham Family will be prospering soon!"

James was completely enraged. He rushed up abruptly and strangled Noel's neck, roaring, "What the f*ck are you talking about?! Get your facts right!"

Noel immediately started fuming as well. "You old coot, how dare you lay your hands on me? Damn it! Do you really think that if your daughter becomes someone else's mistress, you can start throwing your weight around? I'll have you know, the Reeves Family is not afraid of you. Get him!"

All of a sudden, chaos erupted as several members of the Reeves Family charged forward and pressed James to the ground. In the eyes of these people, James and the others were a group of opportunistic and despicable villains. How could the benefits they obtained by selling their daughter compare with a big family like theirs? Hence, they did not hold back on James either. When Cayden hurried over to stop them, he was also knocked to the ground.

Just when the situation outside was embroiled in chaos, the door of the room suddenly opened, and Sasha poked her head out. "Excuse me, but can you keep your voice down? We..."

However, before she could finish her sentence, her face immediately turned pale as she saw her father being pressed to the ground by several men.

"What... What on earth are you doing?!" Sasha cried before running over to help James up.

Noel stopped her and ridiculed, "Miss Cunningham, why are you overreacting? Your dad was getting too arrogant and tried to hit someone, so we were just defending ourselves. What's wrong? Do you think Master Levi would stand up for this kind of thing?"

Everyone in the Reeves Family laughed. To them, Sasha was just Master Levi's plaything. How could someone like him go against a big family like the Reeves Family for a mere plaything? Even Master Levi would be embarrassed of this person!

Chapter 1399

Sasha demanded angrily, "What are you talking about? Hurry up and let go of my dad!"

Seshe demanded angrily, "What are you talking about? Hurry up and let go of my dad!"

She pushed Noel away in an attempt to help James up, but the people of the Reeves Family immediately rushed forward to surround her and even cursed at her. Her face flushed with anger. She didn't know what had happened, but it was still true that her father was being pressed to the ground.

She was so angry that she took a step back abruptly and shouted into the room, "Matthew, hurry up and call the police! Someone is bullying my dad!"

At this time, the people in the room had also heard the commotion outside, and they were wondering what was going on.

Matthew's expression immediately changed when he heard Seshe's voice.

Helen ran out instantly, and as soon as she saw the situation on the scene, she screamed, "Aah! What is this... What the hell is going on? What are you people doing? H-How could you hit him?"

Noel was still boasting triumphantly, "Who hit him? He started bullying us first, so we fought back!"

Helen said anxiously, "Y-You bunch of young people are beating up two elderly men, and you say they're bullying you? That's just unreasonable!"

Noel said coldly, "The Reeves Family is the most reasonable when we do things! If your husband hadn't laid his hands on us first, do you think we would retaliate? Do you think that we're uneducated and unqualified like you?"

Sasha demanded angrily, "What are you talking about? Hurry up and let go of my dad!"

Helen trembled with anger, unable to say a word.

Just then, a cold voice sounded from behind her. "When I count to three, let go of him immediately!"

The crowd turned to the source of the voice, only to find Matthew standing by the entrance, his expression dark.

Noel glared at him. "Aren't you quite bold, brat? Do you think I'd let go just because you told me to? Why should I? Who do you think you are?"

Matthew's face was cold as he enunciated word by word, "He is my father-in-law!"

Noel was taken aback for a moment before his face darkened. He had been coveting Sasha's beauty since the beginning, and now that he learned that Matthew was Sasha's husband, his anger was suddenly ignited.

"So you're her husband! Ha, you can really put up with a lot! How does it feel to sit in the same room with Master Levi for lunch?" Noel asked scornfully.

The Reeves Family muttered to each other as all of them looked at Matthew with eyes full of contempt.

Noel was taken aback for a moment before his face darkened. He had been coveting Soso's beauty since the beginning, and now that he learned that Matthew was Soso's husband, his anger was suddenly ignited.

"So you're her husband! Ho, you can really put up with a lot! How does it feel to sit in the same room with Master Levi for lunch?" Noel asked scornfully.

The Reeves Family muttered to each other as all of them looked at Matthew with eyes full of contempt.

Helen trembled with anger, unable to say a word.

Matthew frowned. He had no idea what Noel was talking about. "What are you talking about? Who's eating with Master Levi?" he asked in a low voice.

Matthew frowned. He had no idea what Noel was talking about. "What are you talking about? Who's eating with Master Levi?" he asked in a low voice.

Noel sneered. "Stop f*cking pretending! We already know the dirty things your wife did. Don't you feel ashamed of being cheated on?"

Matthew's expression turned cold, while Sasha asked furiously, "W-What are you saying? Why are you making things up?"

Noel said with an icy smile, "What's wrong? Are you afraid of others talking about something you've done? Sasha, since the first time I saw you, I already knew you weren't someone decent, but I didn't expect that your entire family would have the same values as you! Tch, is this what they call birds of a feather flock together?"

Everyone in the Reeves Family broke into laughter.

At this moment, Matthew suddenly walked in front of Noel, staring at him coldly.

Noel looked at Matthew with disdain. "What now? Unsatisfied, are we?"

Matthew didn't speak, but immediately gave Noel two slaps instead, causing both sides of his face to swell up. When the members of the Reeves Family saw this, they were angered, and rushed toward Matthew with a roar.

Chapter 1400

Everyone in the Reeves Family rushed toward Matthew, wanting to overwhelm him with their numbers. Just then, the members of the Nine Greatest Families ran toward them.

Everyone in the Reeves Family rushed toward Matthew, wanting to overwhelm him with their numbers. Just then, the members of the Nine Greatest Families ran toward them.

"Who dares to be disrespectful to Mr. Lerson? If anyone dares to touch Mr. Lerson, I'll make them pay with their life! Stop right there. Whoever moves again, just throw them downstairs!" The nine family heads had stood up as well, and they roared at them.

Although there were many people in the Reeves Family, there was still a huge difference when compared to the Nine Greatest Families. As soon as the people of the Nine Greatest Families rushed

forward, they immediately knocked all the people of the Reeves Family to the ground and pressed their heads onto the ground without even giving them a chance to resist.

The Reeves Family was all in a daze. They had no idea what was going on, or why the nine great families were suddenly helping Matthew. In their opinion, as long as Master Levi didn't come forward this time, it would be fine. Besides, as the King of the South, Master Levi would not go against such a big family for a mistress, which was why they dared to treat James like this. However, they didn't expect that things would come to this point. Master Levi didn't show up, but the Nine Greatest Families did. Why was that?

Struggling to raise his head, Noel looked at Philip next to him. "Master White, w-what are you doing? My old man has already gone to visit Master Levi. This is just a small fight between us. Why did the nine great families intervene?"

Philip shot him a glare. "What are you talking about? Since when did Old Master Reeves go to visit Master Levi? Isn't he still in the room?"

Noel jolted. "Isn't Master Levi inside?"

Philip retorted, "Who told you that Master Levi is here?"

At his words, Noel was dumbstruck. "If Master Levi isn't here, then... who were you visiting earlier?"

Philip looked at Matthew. "We're here to visit Mr. Larson and the crown prince!"

Noel was stunned. He looked at Matthew in confusion, his mind turning blank. What is this all about? The heads of the Nine Greatest Families all ran upstairs and lined up to meet this young man? Did I hear it wrongly, or am I hallucinating?

Philip shot Raymond a disdainful look. "Hmph, you didn't offend us! However, your people from the Reeves Family disrespected Mr. Larson and his family, and they deserve to die! Mr. Larson, what do you think we should do with these people?"

Philip shot Raymond a disdainful look. "Hmph, you didn't offend us! However, your people from the Reeves Family disrespected Mr. Larson and his family, and they deserve to die! Mr. Larson, what do you think we should do with these people?"

As Raymond looked at Matthew with a blank expression, he grew even more puzzled. He had been in a daze in the room earlier. He really couldn't understand why there were two young people sitting inside, and even wondered if he had gone to the wrong room. Now that he saw the nine family heads being so

respectful to Matthew, he suddenly realized that he had not gone to the wrong room. The heads of the nine families had really come to visit these two young people!

But why? The heads of the nine great families are the nine most powerful people in Eastshire, and no one can make them bow down! Why are they being so respectful to two young people? Turning his attention to Matthew, Raymond asked in a trembling voice, "Please pardon my ignorance, but may I know who is Mr. Larson?"

Philip said coldly, "Mr. Matthew Larson is the heir of Mr. Billy Newman from Eastcliff! Besides, the entire Eastshire, including the Ten Greatest Families, all look to Mr. Larson as the Lord of Eastshire!"
