

Chapter 149

A group of guards immediately rushed over and dragged Zachary out without any hesitation. At first, Zachary’s subordinates wanted to fight back but they stopped struggling after they were beaten up. As for Penny, she was stunned. Did the heir of the Jackson family, one of the Ten Greatest Families of Eastcliff, just get kicked out like that? She was planning to use Zachary’s power to humiliate Matthew and regain some dignity. However, at that moment, Zachary was humiliated by Matthew. Furthermore, she could tell that Matthew could get her out of Shanghai Nights anytime he wanted to! Since when did this loser become an esteemed guest of Shanghai Nights?

Mr. Moses suddenly said, “Mr. Larson, I’m sorry for the nonsense that our guest has caused. I’ve already asked the waiters to arrange a table for you in the supreme VIP room on the top floor. Would you be interested to change tables?”

Everyone gasped in surprise. The supreme VIP room was even more high class than the restaurant on the ninth floor of Times Hotel, where only a few hundred people were qualified to dine in. However, there were only a few that could enter the supreme VIP room at Shanghai Nights. Even young masters of the Ten Greatest Families of Eastcliff were not qualified to enter, but now, Mr. Moses was inviting Matthew to the supreme VIP room.

This meant that in their eyes, Matthew was much more powerful than the heirs of the Ten Greatest Families of Eastcliff.

A gleam appeared in Penny’s eyes. After all, she had heard about the supreme VIP room before. If she could dine in the supreme VIP room, she would have something to brag about for a lifetime.

She hurriedly got up and earnestly said, “Matthew, since Mr. Moses was kind enough to make arrangements, we shouldn’t reject him. Let’s go to the top floor. I heard that it’s really quiet there. It just so happens that I have some secrets to share with Sasha.”

Hearing this, Peter nodded vigorously and he even pulled out his phone. Once I enter the supreme VIP room, I have to take a lot of pictures! It’ll definitely be easier to lie and cheat if I have these photos!

However, Matthew lightly waved his hand and said, “Mr. Moses, there’s no need to be so kind. I wasn’t even invited to this meal today and I’m only here to accompany my wife. Peter is an elite gentleman that was scouted from overseas and he is a gold member here, so I don’t think he will accept my invite. Besides, Tiger got yelled at when he offered to pay our bill. If I forcefully change arrangements, won’t I be rude?”

Mr. Moses was a smart man so he could grasp the situation after hearing Matthew’s words. He looked at Peter meaningfully for a while before he smiled and nodded. “In that case, please enjoy the rest of your meal here, Mr. Larson.”

With that, Mr. Moses and the waiter left. Meanwhile, Penny and Peter who had already stood up were completely dumbfounded.

I’ve already prepared to go upstairs but why did Matthew suddenly refuse to change tables? It’s the supreme VIP room of Shanghai Nights we’re talking about! Most people in Eastcliff are not qualified to enter. I may never have a chance like this again, and I just lost it.

Even though Penny was irritated, she didn’t dare to yell at Matthew. With her voice lowered, she said, “Matthew, y-you’re being rude. Mr. Moses arranged the supreme VIP room out of respect for you and it’s impolite for you to reject him. Don’t you know that you shouldn’t reject other people’s act of kindness?”

Matthew gave her a sideways glance and said, “But didn’t you reject Tiger’s offer just now?”

“You…” Penny was at a loss for words.

“Forget it, let’s eat!” Sasha said to ease the tension.

Penny was furious but she stayed silent. Not long after they started eating, Mr. Moses returned.

“Sorry for interrupting your meal. Mr. Peter, may I ask from where did you get your Gold Card?”

Hearing this, Peter’s face turned pale. However, Penny instantly glared at him and sneered, “The Gold Card belongs to my fiancé. How else would he have it? What are you trying to say?”

“Well, when we were checking our members list a moment ago, we realized that the Gold Card does not belong to Mr. Peter.”
