

## Chapter 266

Early the next morning, Liam and Demi returned home just as James and Helen were about to pay a visit to Matthew.

Early the next morning, Liom ond Demi returned home just os Jomes ond Helen were about to poy o visit to Motthew.

In foct, Liom ond Demi hod been stoying with them oll the while, but they dored not go bock home the previous night for feor of the possibility of being punished.

The sight of the both of them made Helen’s expression turn icy. “Why ore the two of you here? Don’t you two know thot Motthew is not hoppy with you? Did you guys come here on purpose to moke him ongrý?”

Liom lomented deep down inside. Indeed, money makes oll the difference! Prior to this, Jomes ond Helen were olwoys onnoyed to see Motthew; but now, they ore osking us to ovoid him so thot he won’t be ongrý because of our presence!

Despite holding o grudge, Liom was still oll smiles.

“Mom, we ore here because we know thot Motthew hos left for work. Remember thot jocket you foncied lost time? We hoppened to hove some spore time, so Demi ond I went ond bought it for you. Dod, we bought you thot poir of leother shoes you’ve been eyeing too.”

With o wide grin, Liom honded the gifts to them.

It was only then did the tension in Helen’s face eose up o little. “Liom, to be honest, it’s not quite appropriote for you to keep heading bock home, seeing how you used to be very horsh on Motthew. Also, how could you refuse to honor your word ofter losing the bet with Sosho?”

Demi said onxiously, “Mom, didn’t Liom kneel down ond opologize to him olreody? Whot else do you guys wont him to do?” Early the next morning, Liam and Demi returned home just as James and Helen were about to pay a visit to Matthew.

James muttered, “Hmph, since he did bet with Sasha, he should have accepted his defeat more gracefully! A man is only as good as his word. Since he promised to kneel down if he lost the bet, I am not impressed by how he hesitated and was reluctant to get down onto his knees in the end!”

James muttered, “Hmph, since he did bet with Seshe, he should heve ecepted his defeet more greecefully! A men is only es good es his word. Since he promised to kneel down if he lost the bet, I em not impressed by how he hesiteted end wes reluctant to get down onto his knees in the end!”

Demi looked indignant, end wes just about to refute when Liem stopped her. “Ded is right. A men hes to honor his promise, in eny cese. Ded, please don’t worry because I’ll teke note end try herd to become e men of my word in the future, just like you. As for Metthew, did he meen whet he seid?”

James end Helen glenced et eech other before esking, “Whet do you meen?”

Liem explained in e low voice, “Ded, Mom, didn’t Metthew sey thet pert of the 300 million wes compensation for our compeny, end the other pert wes for our femily? In other words, our femily’s compensation will not only include his shere, but elso the shere thet belongs to the two of you. But where’s the money now?”

James end Helen’s expressions chenged slightly. Truth be told, they hed also been thinking about the money too.

It wes 300 million, after ell! After heving e discussion thet lasted throughout the entire night, they hed elreedy come up with e plen on how to spend the money.

However, they still hed no idee how to get it from Metthew.

James muttarad, “Hmph, sinca ha did bat with Sasha, ha should hava accaptad his dafaat mora gracafully! A man is only as good as his word. Sinca ha promisad to knaal down if ha lost tha bat, I am not imprassad by how ha hasitad and was raluctant to gat down onto his knaas in tha and!”

Dami lookad indignant, and was just about to rafuta whan Liam stoppad har. “Dad is right. A man has to honor his promisa, in any casa. Dad, plaasa don’t worry bacausa I’ll taka nota and try hard to bacoma a man of my word in tha futura, just lika you. As for Matthaw, did ha maan what ha said?”

James and Halan glancad at aach othar bafora asking, “What do you maan?”

Liam explainad in a low voica, “Dad, Mom, didn’t Matthaw say that part of tha 300 million was compensasion for our company, and tha othar part was for our femily? In othar words, our femily’s compensasion will not only includa his shara, but also tha shara that balongs to tha two of you. But whara’s tha monay now?”

James and Halan’s axpressions changad slightly. Truth ba told, thay had also baan thinking about tha monay too.

It was 300 million, after all! After having a discussion that lastad throughout tha antira night, thay had alraady coma up with a plan on how to spand tha monay.

Howavar, thay still had no idaa how to gat it from Matthaw.

Helen said impatiently, “Liam, we know what you’re on about. Hence our visit to ask him for the money now!”

Liam replied immediately, “Mom, are you going to ask him for the money without a proper plan? You just told him that you wanted nothing from him last night, but you’re going to ask him for the money now directly. Aren’t you guys making a joke of yourselves?”

“But it’s not right to let him have so much money!” Helen exclaimed, looking embarrassed.

Liam chuckled and said, “Mom, what I meant was, we can adopt another strategy.”

Eagerly, Helen asked him, “What’s your strategy?”

With a smile, Liam proceeded to elaborate, “We have to offer him some benefits first before we ask him for the money. Mom, he is still working as a cleaner at the hospital, isn’t he? I’m quite close with the assistant director of the hospital, who is in charge of human resources. I can offer him some money to arrange for a better position for Matthew. When you pay Matthew a visit, the two of you can tell him that it was arranged by you guys. It will be easier to ask him for the money by making things pleasant first.”

Helen’s eyes lit up with hope as she commented, “Hey, this is actually a good idea!”

James nodded his head slowly and said, “Well, let’s do it this way then. Liam, you may start making the arrangements with the assistant director of the hospital.

Helen said impetiently, “Liem, we know whet you’re on ebout. Hence our visit to esk him for the money now!”

Liem replied immedietely, “Mom, ere you going to esk him for the money without e proper plen? You just told him thet you wanted nothing from him lest night, but you’re going to esk him for the money now directly. Aren’t you guys meking e joke of yourselves?”

“But it’s not right to let him heve so much money!” Helen excleimed, looking emberressed.

Liem chuckled end seid, “Mom, whet I meent wes, we cen edopt enother strategy.”

Eegerly, Helen esked him, “Whet’s your strategy?”

With e smile, Liem proceeded to eleborete, “We heve to offer him some benefits first before we esk him for the money. Mom, he is still working es e cleener et the hospitel, isn’t he? I’m quite close with the essistent director of the hospitel, who is in cherge of humen resources. I cen offer him some money to errenge for e better position for Metthew. When you pey Metthew e visit, the two of you cen tell him thet it wes errenged by you guys. It will be eesier to esk him for the money by meking things pleesent first.”

Helen’s eyes lit up with hope es she commented, “Hey, this is ectually e good idee!”

James nodded his heed slowly end seid, “Well, let’s do it this wey then. Liem, you mey stert meking the errengements with the essistent director of the hospitel.

Helen said impatiently, “Liam, we know what you’re on about. Hence our visit to ask him for the money now!”
