

Chapter 52

“Matthew Larson, didn’t you say that you’re even with Mr. Newman?” Sasha frowned and asked, “What else are you hiding from me?”

“I didn’t know that this card has such power. I thought it was just a regular membership card!” As Matthew spoke, he handed the card to Sasha. “It’s yours now.”

Sasha fumbled with the VIP card for a while. In the end, she handed it back to Matthew and said, “Keep it well and don’t let my parents see it. Otherwise, it will definitely be gone!”

At that moment, Matthew felt loved with a sense of warmth because Sasha was showing concern toward him.

At this moment, Mr. Moses personally brought the menu over. “Mr. Larson, Miss Cunningham, I’ve just invited the chef over. If there’s anything else you need, please let me know.”

Sasha took over the menu, glanced at it and her eyes immediately widened in shock. “It’s so expensive!”

The cheapest dish on the menu cost a thousand. In fact, Sasha had dined here at Shanghai Nights a couple times before, and she knew that it wasn’t cheap, but it wasn’t that costly either.

Mr. Moses hurriedly smiled and explained, “Miss Cunningham, this is a menu that only members above the Diamond Card level can see. It’s a different set of cuisine from what is offered to the ordinary members. Every dish on this menu is all our chef’s best dishes. He has participated in the God of Cookery competition and won a top ten ranking. The dishes that he cooks personally are of course valuable!”

Sasha was dumbfounded. If they ordered according to the prices on the menu, their bill would probably cost tens of thousands.

“Mr. Moses, why… don’t you just give us the ordinary menu… It’s just the two of us, so there’s no need to be so extravagant!” Sasha said embarrassingly.

Hearing this, Mr. Moses hurriedly smiled and explained, “Miss Cunningham, you probably don’t know that a member with a VIP card doesn’t need to pay for anything in the Shanghai Nights restaurant.”

Sasha’s eyes widened. We get to eat at a fine-dining restaurant like Shanghai Nights for free? If eight people came and ordered dishes that cost over hundreds of thousands, won’t Shanghai Nights lose money?

With a smile, Mr. Moses added, “Members with VIP cards should be treated as VIPs. If the boss finds out that I gave you the ordinary member menu, I won’t know how to explain it to him.”

Sasha glanced at Matthew and saw him nodding his head while smiling. It was only then did she start ordering. Naturally, she didn’t select dishes that were too expensive. Even if it was free of charge, she wasn’t the kind of person who liked to take advantage. After that, Mr. Moses took the menu and left.

Matthew looked at Sasha and suddenly asked, “Sasha, what’s the matter with Liam?”

Sasha was startled. “What’s wrong with Liam?”

Matthew told her everything that happened that day.

After hearing his explanation, Sasha’s eyes widened in shock. “What?!”

“He said he is my secretary? How is that possible? I’ve never hired him before and I don’t need a secretary or even a driver!”

Matthew smiled. I knew that Liam was definitely lying. I have to admit that this man is really cunning. He lied about speaking on Sasha’s behalf and tried to pull us apart. What a despicable man!

When the meal was served, Matthew looked at Sasha and lowered his voice as he asked, “Sasha, you look like you’re in a bad mood. What happened?”

There was a solemn expression on Sasha’s face. “I’m fine. You don’t have to worry!”

However, Matthew could tell that something was definitely bothering her, judging from her expression. Still, this was Sasha’s character. No matter what happened, she would rather keep the burden to herself than telling other people. Matthew didn’t ask any more questions, while he thought to himself, Sasha, no matter what happens, I’ll help you solve it! I definitely won’t let you feel aggrieved!
