

Chapter 86

At the Cunningham residence.

The members of the Cunningham family seemed to be in a bad mood. After the company was acquired, the whole family was kicked out of Cunningham Pharmaceuticals. Now that they were only small shareholders of the company, they no longer had the power to do anything they wanted. All of a sudden, Charlie ran into the room excitedly.

“Grandpa, good news!” Charlie yelled in excitement.

“What kind of good news can there be at a time like this?” Jason looked sullen. “Don’t disturb your grandfather from having his rest!”

However, Charlie continued yelling. “Dad, I really have good news! Something bad happened to Cunningham Pharmaceuticals!”

“What?” Everybody immediately sat upright and Eric was delighted. “What happened? Is it something serious?”

Charlie hurriedly replied, “It’ll be enough to send Sasha to prison!”

“Tell me what happened!” Eric was itching to know.

After clearing his throat, Charlie said, “I arranged someone to work in Cunningham Pharmaceuticals and he just sent me a text. He said that James took away Sasha’s official seal and used her name to transfer 300 million out of the company! The money was transferred to a man called Mr. Jones to invest in real estate. However, Mr. Jones is a con man!”

Eric was overjoyed. “I can’t believe it! Hahaha! Even if she is the president of the company, she still has to take responsibility for embezzling the company’s funds. Moreover, it was her family who did it. It’s a big deal! She has to go to jail for at least ten years for this! Come on, let’s go to Cunningham Pharmaceuticals. We are still shareholders of the company so we have the right to ask about the company’s funds!”

With that, the Cunningham family got into their cars aggressively and went straight to Cunningham Pharmaceuticals. Meanwhile, Matthew received news from Stanley. Stanley managed to find where Mr. Jones was living and sent him the location. However, when he arrived, the house was already empty. Just then, he received a call from Sasha.

“Matthew, we’re in trouble. My grandfather brought the other shareholders of the company to argue…”

Matthew felt his heart skip a beat. The thing he was most worried about had happened.

“Wait for me, I’ll head back immediately!”

With that, he rushed back to Cunningham Pharmaceuticals.

This time, the security guards didn’t stop Matthew because they were too busy handling the commotion upstairs. As soon as he arrived at the office, he could hear James quarreling with someone in the distance.

“What’s wrong with my actions? I’m Sasha’s father. Sasha is the president of the company so her company belongs to me too. Why can’t I handle the company’s finances? I only transferred 300 million and it’s just an ordinary investment. When the project succeeds, all of you will also have a piece of the 3 billion earnings. You people have no ability to make money. Now that I’m helping you make money, aren’t you supposed to thank me?”

Matthew ran up to them and saw that almost every member of the Cunningham family was there, but they were not the only ones. There were even some minor shareholders gathered together and they were making a scene. Sasha was surrounded by the crowd and her eyes were bloodshot. As the president of the company, it was no doubt that she was the most pressured.

A man suddenly yelled, “James Cunningham, stop talking nonsense! No matter what your relationship is with Sasha Cunningham, you have no right to handle the company’s finances. It is illegal for you to use the company’s funds! Just wait for the police to arrest you!”

James started to panic and he hurriedly replied, “I didn’t take the company’s money!”

“Really?” Eric sneered. “Are you implying that it was Sasha who ordered you to do so? President Cunningham, do you admit this?”

Hearing this, Helen anxiously whispered, “Sasha, help your father. He did it for your own good!”

Sasha’s face instantly turned pale. If I admit it, I would have to take responsibility for the 300 million. As the president, I would need to go to jail if I am found guilty of embezzling 300 million!
