

Chapter 199 Kiley Was Coming Back

Tyson frowned. He looked at Keira on the floor, showing extreme disgust on his face.

Then he said in a tone as cold as ice on a distant mountain, "The pungent smell of your perfume irritates my nose. And I'm not interested in women like you."

Like Brea, Keira was also from a rich and powerful family. She had always been respected and doted on by others.

And since she entered the entertainment industry, everyone had respected her and her family even more. Although she was not that popular, she had never been humiliated.

At this moment, Keira's face turned livid. She quickly stood up from the floor, looked at Tyson, and said through clenched teeth, "Mr. Reyes, you are so rude. Aside from being an actress of Hayden Entertainment, I am from the Guerrero family in Hosworth. I deserve your respect."

"Aren't you the one who is being rude?"

As he spoke, Tyson looked away as if she was too dirty in his eyes.

"If you don't want to be more embarrassed, you'd better leave Semshy Group immediately. Otherwise, the fact that you seduce me will be on the headlines of the entertainment magazines tomorrow."

Keira didn't expect that Tyson would treat her like this. Being humiliated, she gritted her teeth and looked at him but didn't dare to lose her temper.

Her family was rich. But Nolan was the CEO of Semshy Group and had countless assets. Only a few people in Hosworth would dare to provoke him.

Most importantly, if Nolan really made it public that she seduced him, it would ruin her reputation. It was very likely that there would be no place for her in the entertainment industry anymore.

"Mr. Reyes, please forgive me. I acted too rashly just now. Don't lower yourself to my level."

Keira understood the seriousness of the matter, and she knew what she had to do. So she stood up and apologized to Tyson. Then she ran out of the office, covering her face.

As soon as she left, Tyson immediately went to the bathroom and washed his hands with disinfectant thrice. Then he went to the cloakroom and changed into a new suit before returning to his office to continue his work.

But the strong scent of Keira's perfume lingered in his office. He couldn't help frowning in disgust.

He took out the air freshener and sprayed the entire room.

When he finished, he found it was already late. He remembered Celia and immediately checked his phone. There were several messages from her.

She told him that she had received a big task today and had a cooperation with a big star. She would also visit Flavia tonight. And she asked if he was done with his work.

Tyson immediately replied, "I'm done with my work. I'll pick you up. Wait for me there."

As soon as he sent the message to Celia, a new message came in.

It was from Wayne.

"Buddy, I have good news for you. I've just received a message from the hospital. Flavia's operation is done and successful. You must tell Cece about it now."

Tyson breathed a sigh of relief. A relaxed expression appeared on his face.

He would give Celia a big surprise.

"Go to the hospital and see Flavia first. Cece and I will be there soon," he replied.

Tyson thought that Wayne was good at lying. So this time, Wayne could help him lie to Celia and make her believe they got a big discount on the surgery costs.

Wayne seemed to be very happy too. He replied directly, "Okay, I'll go to the hospital now."

When Celia saw Tyson's message that he would come to pick her up, she unconsciously blushed. And a sweet smile crept across her face.

She quickly finished packing her things and said goodbye to her nearby colleagues.

When she was about to leave, her colleague named Amalia Pierce suddenly grabbed her hand and said, "Cece, it seems that Kiley has almost recovered. She told me she will return to work next Monday."

Celia was stunned for a moment. Then she smiled awkwardly. "Didn't she say before that she was seriously injured? Her recovery seems a little fast."

"I don't know. We'll see next Monday," Amalia replied. "I just want to remind you to be careful after she comes back."
